5. **Consent Agenda:**

   5.1. As discussed and voted on in the last meeting, discipline faculty have launched the new course shell for MATH-542 and launched a deactivation for MATH-420 to appropriately reflect the process that is needed for degree applicability changes. Details on this discussion can be found on the March 31, 2021 Summary Notes after their approval.

   5.2. Per faculty discussion, NURAST-600L was added to the Nursing Assistant/Home Health Aide Noncredit Certificate of Completion. This course was accidentally omitted by the faculty member in the proposal approved by the Committee on February 24, 2021.

   5.3. THEATRE-31, a new course approved by the committee on February 10, 2021, was approved as a 4-unit course, but should have been 3 units. This was likely due to how the units/hours page in META was set up, and this page is being worked on. THEATRE-31 was also resubmitted to the Chancellor's Office and was chaptered.

5.4. CISNTWK-413, which is launched to be deactivated, has been removed from the Computer Information Systems AS and the Computer Information Systems Certificate of Achievement which were both approved on January 13, 2021.

5.5. The faculty for the drafting programs requested to add "CAD" to all of their drafting certificates and degrees. The following changes have been made:

1. CAD Drafting Technician: Architectural A.S. Degree (In-Review Status in META)
2. CAD Drafting Technician: Architectural Certificate of Achievement
3. CAD Drafting Technician: Mechanical A.S. Degree
4. CAD Drafting Technician: Mechanical Certificate of Achievement

5.6. ADT Clean Up: The Curriculum Chair and Catalog and Schedule Coordinator took administrative action to standardize and clean-up ADT and UCTP requirement verbiage.

5.7. The Articulation Officer will follow standard procedure and launch corrections to the CSUGE and IGETC patterns in META once final notice is given by GE reviewers in April.
