STUDENT TESTIMONY

"When I first started college I had no idea where to begin or what direction to go until I was introduced to the EOPS NextUp program. The Next Up program showed me endless support and helped me create a path for my future here at Chaffey College. Not only did the NextUp program help shape me as the best college student the program taught me life skills for everyday life. I am proud to say with the help of counselors and guidance of NextUp. I am now transferring to a four year University."

- Ariel NextUp Leader, Class of 2021
