

Good evening,

As part of the District's continued commitment to keep you informed about developments related to COVID-19, we share the following information: A Chaffey College employee who was present at the Chino Valley Adult School yesterday, September 22 has tested positive for COVID-19. Another employee who has not been present onsite since January 2020 has also tested positive. Both employees will not return to campus until medical clearances have been secured. All employees and students who had close contact with these employees have been notified.

Please remember to continue with the following practices to keep the campus community safe:

- Practice social distancing
- Wear a face covering
- Frequently wash your hands
- Stay home if you show any signs of sickness.

Please refer to our [Safe Campus Reopening](#) report for more information. If you believe you are sick or have been exposed to someone with COVID-19, please contact your primary health care provider as soon as possible. If you are a San Bernardino County resident, visit the [COVID-19 testing site](#) page to schedule an appointment if you'd like to get tested. If you test positive, please contact me at susan.hardie@chaffey.edu immediately.

Lastly, please remember the vaccine mandate requires that employees and students submit proof full COVID-19 vaccination by October 15, 2021. Below are links to important information on the vaccine mandate:
