

Logitech Scribe White Board Camera User's Guide

CHAFFEY COLLEGE

Logitech Scribe User's Guide

Scope:

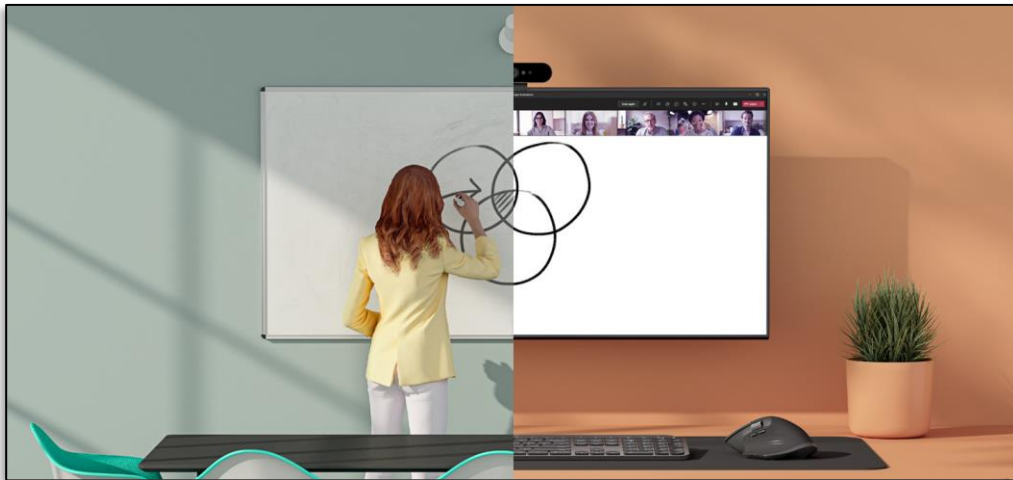

This document applies to the use of the Logitech Scribe White Board Camera for the purpose of presentation enhancement through Zoom within Chaffey College classrooms.

Overview:

The following document describes the features, and operation of the Logitech Scribe White Board Camera to enhance and share whiteboard content into remote classes and meetings.

Features:

- **Content Enhancement** - Scribe automatically enhances the color and contrast of dry erase markers, making text and sketches easier to read.
- **Sticky Note Detection** - Scribe can recognize and enhance sticky notes.
- **Presenter Removal** – Scribe can provide a transparency effect, allowing students to see “through” the instructor for an unobstructed view of the whiteboard.

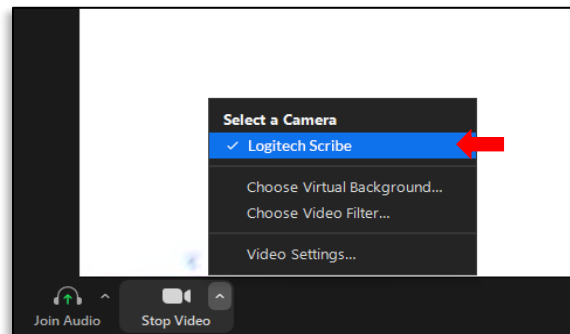

Logitech Scribe - Quick Start

1. Begin your Zoom meeting
2. On the Zoom menu bar click the **Up Arrow** of the **“Stop Video”** button

3. Ensure the **“Logitech Scribe”** camera is selected

4. Begin your presentation
