6b. Please list any individual degree applicable credit program which has experienced an increase (or decrease) of 50% or more in the last year.

Only one program experienced a 50% increase/decrease from 2020-21 to 2021-22: Aviation Maintenance Technology (AMT) which experienced a 146.1% increase from 2020-21 to 2021-22 (180 enrollments in 2020-21, 443 enrollments in 2021-22). This observed gain is primarily attributable to program declines that were observed in 2020-21 when the program was not able to meet many Federal Aviation Administration (FAA) reporting requirements that mandated in-person course meetings. With the district easing COVID-19-related in-person meeting restrictions, the program was able to resume in-person section scheduling which had a positive and dramatic impact on program enrollment.
