

Dear Chaffey College Students:

As part of the College's efforts to keep a safe and healthy campus community, we are offering a \$500 incentive for students who provide proof of getting a COVID-19 vaccine booster.

This new incentive effort further supports the College's fall 2021 COVID-19 vaccine mandate to help minimize the spread of COVID-19 on our campuses, protect our students from hospitalization, and keep the Chaffey community safe during the pandemic.

How Do I Get My \$500?

- Students **must be current Chaffey students who were enrolled in Chaffey spring 2022 courses on February 16, 2022**
- Students **must upload proof of their COVID-19 vaccine and booster by March 25, 2022** through the MyChaffey Portal
- Proof of their full COVID-19 vaccination and booster is: 1 Johnson & Johnson or both of the two-shot series of Pfizer or Moderna **AND** proof of their receipt of the COVID-19 booster shot (Pfizer or Moderna)
- If a student already submitted proof of their COVID-19 vaccination and/or booster, **they MUST resubmit (upload through MyChaffey) to be considered for the incentive**
- Students must have a BankMobile account to receive funding, which will be distributed in late May 2022

Thank you for considering getting your COVID-19 vaccine booster and participating in our incentive program.

Sincerely,

Alisha Rosas
Associate Superintendent of Student Services and Strategic Communications
