PREAMBLE

It has been and will continue to be the policy of the college and its governing board that discrimination shall not occur in the operation of any of our employment programs and that all employees and applicants shall be guaranteed the right of equal employment opportunity and shall be treated without regard to their race, sex (including gender, gender identity, gender expression, pregnancy, and breastfeeding), sexual orientation, national origin, ancestry, marital status, age, medical condition, genetic characteristics or information, military and veteran status, physical or mental disability or the perception that a person has one or more of the foregoing characteristics.

Signed on behalf of the governing board

/s/ Kathleen Brugger
President, Governing Board
Chaffey Community College District

This Confidential Professional Development/Evaluation Personnel Plan was approved by the Governing Board on October 26, 2023.

I. INTRODUCTION

The Chaffey Community College District Confidential Professional Development/Evaluation Personnel Plan (herein after referred to as the “Plan”) is designed to cover all contract employees of the Chaffey Community College District (herein after referred to as the “District”) who have been designated as “confidential” in accordance with the provisions of the California Education Code. The positions are identified in Appendix A of the Plan.

The need for a comprehensive and fully integrated plan for confidential employees of the District is based upon the following:

- Since confidential classifications are excluded from collective bargaining, personnel and compensation policies and procedures for confidential employees are established under the authority of the governing board and implemented under delegated authority by the superintendent/president. This structure provides the required emphasis for the special needs of the confidential group.
- The varying fiscal conditions in the state, coupled with changes in District enrollment patterns, present additional challenges. Flexibility in the use of limited resources is one appropriate response to these ever-changing fiscal conditions.
- An awareness of public policy, educational futures, and changing social conditions, all of which influence the environment surrounding higher education, are matters of major concern.
- As the building of a “confidential team” is emphasized through the development of individuals, the kinds of personnel and compensation policies that provide incentives that recognize achievement must be improved.
- Finally, as change will continue to erode the effectiveness of past practice, it is appropriate and necessary that existing practices be reevaluated. One central principle is to align authority, responsibility, and compensation.

The Plan is an integrated personnel system covering appointment, evaluation, advancement, compensation, benefits, employment status, education and development, layoff, leaves, personnel rights, and conditions of employment.

Administration and implementation of the Plan are the responsibilities of the Office of Human Resources under delegated authority from the superintendent/president.

II. CONFIDENTIAL FUNCTIONS

Confidential employees provide administrative support to the college's senior management group.

III. RESPONSIBILITIES OF INDIVIDUALS

Responsibilities are set forth in the respective classifications for each confidential position.

IV. CONFIDENTIAL PROFESSIONAL DEVELOPMENT/EVALUATION PERSONNEL PLAN OBJECTIVES

- To recruit and retain well-qualified persons.
- To facilitate and enhance effectiveness and productive efforts of confidential employees through evaluation of performance and the recognition of accomplishment.
- To provide a system in which the particular abilities, contributions, expertise, and effectiveness of the individual can be considered, along with the level of responsibility of the job performed, in determining appropriate compensation.
- To provide flexibility to accommodate the variations in job requirements and performance expectations which are a normal part of a changing environment in which the college must operate.
- To establish a salary structure that is indexed, both internally and externally, to comparable institutions.
- To provide a system of fiscal controls within which the superintendent/president approves appropriate salaries for confidential classifications.
- To establish a benefits program that complements the salary program, is appropriate for confidential employees, and is indexed to comparable institutions.
- To provide a confidential evaluation process that encourages higher levels of performance and recommends specific areas of professional development activities.

V. BASIC COMPONENTS OF THE PLAN

5.1 Classification Structure

Each confidential classification has been placed in one of four broad grade levels. The placement of each classification in a particular level, as reflected in Appendix A, is premised on an assessment of the general skills, knowledge, and qualification requirements needed to perform the assigned duties and responsibilities. Additional

criteria that have been considered include, but are not limited to, nature and complexity of program or organizational unit; scope of responsibility; and special job demands.

The following levels have been established to implement the Confidential Professional Development/Evaluation Personnel Plan:

1. Confidential Level I
2. Confidential Level II
3. Confidential Level III
4. Confidential Level IV

5.2 Salary Structure

The salary structure consists of a classification salary schedule with a salary range including steps established for each confidential position.

The classification salary schedule shall be developed based upon a salary survey of the eight community college districts used for salary comparison purposes by Chaffey College for this employee group.

Salary adjustments, authorized under the Plan, provide for annual step adjustments to individual salary rates. The initial step increase shall occur upon completion of one (1) full year of service in a confidential position. Thereafter, step increases if approved, will occur annually in July, and all salary adjustments are subject to approval by the superintendent/president.

Effective July 1, 2023, the salary schedule shall be increased by 6%.

Effective July 1, 2024, the salary schedule shall be increased by two thirds (2/3) of the funded COLA received by the District plus 1%.

Effective July 1, 2025, if by summer 2025, the total 2024-2025 FTES generation is equal to or greater than 16,900 the schedule shall be increased by funded COLA received by the District plus 1%. If by summer 2025, the total 2024-2025 FTES generation is below 16,900, no increases shall be applied to the salary schedule and the Plan will reopen for salary adjustments.

The governing board may, at its sole discretion, approve salary adjustments other than the salary adjustments provided for in this section.

5.3 Salary Administration

Confidential employees are normally expected to have a variation of experience and proven capabilities. In order to provide the superintendent/president and the governing board adequate flexibility in the hiring and placement of confidential employees in the respective positions, initial salary placement shall be determined through conferred agreement with the superintendent/president who shall recommend placement on the salary schedule to the governing board for approval.

Longevity: Confidential employees shall be compensated in recognition of accrued continuous time without a break in service and continued satisfactory performance with the District at the following rate:

After eight (8) years and each additional four (4) years, \$105 per month will be granted as a longevity allowance.

Longevity increases are effective July 1, October 1, January 1, and April 1 of each year for confidential employees whose anniversary date falls within that quarter.

5.4 Classification Review

The college is a dynamic entity and, as such, procedures must be in place that provide an opportunity for adjustment to classifications in order to meet the legitimate needs of the college. The procedures set forth herein will provide for classifications to be reviewed when it can be demonstrated that there has been a significant change(s) in duties/responsibilities and accountability.

Short-term and permanent change(s) must be documented by the confidential employee and his/her immediate supervisor and forwarded to the chief human resources officer or designee. In the event the change(s) is both permanent and significant, the chief human resources officer or designee shall forward the request to the classification consultant, who shall determine the impact of the changes. In the event the classification consultant recommends a change to the classification, the change will be presented for review and approval by the superintendent/president. All such changes shall be effective on the first of the month following the superintendent/president's approval.

Requests for classification review, based upon changed conditions, are to be made on the Chaffey College Request for Reclassification form. The request may be initiated either by the confidential employee or the confidential employee's immediate supervisor.

When the job is changed (e.g., upgrade, title change), an incumbent will at no time be expected to apply for his/her incumbent job/position.

5.5 Personnel Files

There shall be one (1) official District personnel file for each confidential employee. The material in the official District personnel file shall be considered and used as the only official personnel record of the District in any proceeding affecting the status of the confidential employee's employment with the District. The personnel file shall include, but not be limited to, records of employment with the District and records of professional evaluation. The personnel file shall be kept in a secured environment in the Office of Human Resources. When a confidential employee's file is opened for any purpose other than routine office work, a file utilization form shall show the name of the person opening the file and the date.

A confidential employee shall have the right at any reasonable time without loss of pay to examine and/or obtain copies of any material from the confidential employee's personnel

file with the exception of material that includes ratings, reports, or records that were obtained prior to employment.

All personnel files shall be kept in confidence and shall be available for inspection only to the immediate supervisor and the chief human resources officer or designee, when it is deemed necessary for the proper administration of the District's affairs and the supervision and protection of the confidential employee. The District shall keep a log indicating the persons who have examined a personnel file as well as the date such examinations were made (other than the regular personnel office staff).

Any person who places written material of a derogatory nature into a confidential employee's file will first present a copy of such material to the confidential employee concerned. The confidential employee will have a right of rebuttal within twenty (20) working days of the receipt of such material and have it attached. Under no circumstances will any derogatory information be entered into a personnel file without the confidential employee's knowledge.

Derogatory material placed in a confidential employee's personnel file may be sealed and removed upon the request of the confidential employee when such material is more than two (2) years old.

5.6 Permanency

Confidential employees will serve in assignments at the pleasure of the governing board as prescribed by the California Education Code. They are subject to probationary service. Employees who are in confidential classifications are evaluated and retained on the basis of such factors as performance, contribution, and value to the college. Those employees who are classified regular and are placed in or promoted to confidential positions shall retain any earned status rights and retreat rights.

Confidential employees shall serve a six (6) month probationary period.

5.7 Overtime

All overtime hours shall be compensated at a rate of pay equal to time and one-half the regular rate of pay for the confidential employee if the work is authorized by the immediate supervisor. Overtime is defined to include any time greater than or equal to five (5) minutes worked in excess of the regular workday and in excess of forty (40) hours in any calendar week, whether such hours are worked prior to the commencement of a regular assigned starting time or subsequent to the assigned quitting time.

Any confidential employee required to return to work on the same day after completion of his/her regular assignment or called in to work on a day when the confidential employee is not scheduled to work shall be compensated for at least four (4) hours of work at the overtime rate, irrespective of the actual time required to be worked.

5.8 Compensatory Time

A confidential employee may, with supervisory approval, take compensatory time off in lieu of cash compensation for overtime work. Such understandings shall be put in writing prior to the overtime assignment. Compensatory time off shall be granted at the appropriate rate of overtime pay. Compensatory time shall be taken at a time mutually acceptable to the confidential employee and the District in accordance with applicable provisions of the California Education Code and the Fair Labor Standards Act.

5.9 Temporary Work Above Classification

Confidential employees, when required to perform duties above their stated classification for any period of time that exceeds five (5) days within a fifteen (15) calendar day period, shall be compensated at the range for duties performed per the California Education Code, Section 88010.

When the needs of the District dictate that a confidential employee be temporarily assigned a portion of the work in a different classification, the level of compensation shall be determined ahead of time by the senior administrator of human resources or designee with input from the supervisor and confidential employee.

5.10 Transfers

DEFINITION. For the purpose of this Section, a “transfer” shall mean the relocation of a confidential employee from one department, school, or site to another within the same classification.

The District shall notify confidential employees of vacant confidential positions, as they become known. Confidential employees desiring to transfer to such vacant positions may request a transfer, provided such request is filed within five (5) working days of notice of the vacancy by the administration. The transfer request shall be submitted in writing to the senior administrator of human resources or designee.

Prior to creation of a vacancy, a confidential employee may also request a transfer by filing an appropriate written request with the senior administrator of human resources or designee. All requests for transfer submitted in this manner shall be kept on file for at least one (1) year from the date of submittal.

In either case, if the request has been submitted within the five (5) working days after posting, the confidential employee shall be considered for the vacancy before any new employee is considered.

Transfers shall be considered on the basis of minimum qualifications of the position. Each person that applies and meets the minimum qualifications of the position shall be interviewed by the appropriate supervisor. The District reserves the right to approve or disapprove any transfer request.

5.11 Reassignment

The superintendent/president may reassign confidential employees to any classification/duties that the superintendent/president deems to be necessary to the District's operation and programs. Reassignments shall not be punitive or disciplinary in nature.

5.12 Reconsiderations

Requests for reconsideration of personnel decisions, reassignments, or allegations of discrimination shall be submitted to the appropriate administrator, who shall be responsible for submitting the request to the superintendent/ president whose decision shall be final.

5.13 Promotions

Confidential employees covered by this Plan may be promoted to a classification with a higher salary either within the same level or in a different level. Such promotions must be to classifications that have been officially established and classified.

5.14 Evaluation Plan

Employees in the confidential group shall be evaluated biennially (every two (2) years) during their anniversary month. Probationary confidential employees hired after July 1, 2023, will be evaluated after three (3) months and prior to the completion of six (6) months of service, and thereafter every two (2) years on the confidential employee's anniversary date. However, the first permanent evaluation shall be conducted two (2) years from the original hire date. The first permanent evaluation is due before the end of that month.

Evaluations shall form the basis for recommendations for development or other activities related to career development. The District retains the right to conduct special evaluations at any time.

The evaluation process shall include a self-evaluation by the confidential employee and a performance evaluation by the supervisor.

The confidential employee will evaluate his/her performance in the following areas: responsibilities identified in the position description, professional development activities, special projects, and other unanticipated responsibilities (see Appendix E).

The manager will evaluate the performance of the confidential employee taking into consideration the confidential employee's self-evaluation. The evaluation (Appendix F) will be comprised of the following components:

- (a) Performance of responsibilities as defined in the position description.
- (b) Areas for professional growth.
- (c) Work behaviors
 - i. Commitment to the District's mission

- ii. Ability to engage in positive, cooperative relationships
- iii. Decision-making ability
- iv. Written and verbal skills
- v. Supervisory skills, if appropriate
- vi. Time and resources management

(d) Other activities and responsibilities

- i. Participation in community organizations and in committees of the college
- ii. Unanticipated activities
- iii. Special assignments and projects
- iv. Budget management including contributions to cost effectiveness

5.14.1 Performance Conference

The confidential employee and the manager will agree upon a mutually convenient time to review the confidential employee's evaluation, no later than the completion date set forth by the District.

The manager and the confidential employee will review the results. Originals will be forwarded to the chief human resources officer or designee, who will arrange to place them in the confidential employee's personnel file.

5.15 Professional Development/Growth Initiative

Professional development is primarily the responsibility of each confidential employee. In an era of rapid and continuous change, this must be a high priority for professional confidential employees.

Professional self-development, improvement, and maintenance of currency in the field, whether or not at District expense, are normal requirements for retention and advancement in confidential classifications. Self-development may take many forms: graduate courses, degrees, certification programs, workshops, professional associations, meetings, working with mentors, etc. Confidential employees must conscientiously develop a plan for professional improvement and update it biennially.

The District provides on-going professional development programs for all confidential employees. The District also supports attendance at professional conferences that benefit the District.

The college provides periodic workshops to assist confidential employees in coping with critical issues and staying current. The importance of each confidential employee taking seriously his/her own development and evaluation of currency of skills is of paramount importance. The professional development plan is part of each confidential employee's biennial evaluation, and each confidential employee should carefully review the progress of his/her professional development goals.

The Professional Growth Initiative provides for a fifty-dollar (\$50) monthly allowance (\$600 per year) for confidential employees who meet the requirements identified below:

- For each allowance, the confidential employee must complete the equivalent of fifteen (15) pre-approved semester units of college-level coursework with a grade of "C" or better.
- For participation in pre-approved professional training or activities in which units are not granted, a confidential employee shall be granted the equivalent of one (1) unit of coursework for each eighteen (18) hours of approved training activities upon successful completion.
- Activities for which credit may be granted include, but are not limited to, college coursework, workshops, conferences, and seminars. A course may not be repeated for credit. These activities must be performed on personal time and at personal expense.
- To receive credit for participation in a professional growth activity, the confidential employee must receive prior written approval from his/her immediate supervisor and the appropriate associate superintendent/vice president.

Credit for the professional growth allowance shall be granted only upon written verification to the Office of Human Resources. The professional growth allowance shall be awarded the month following submission of the verification of coursework/training and shall continue until the confidential employee separates from the District.

Confidential employees may earn up to a maximum of four allowances (\$200 per contractual month/\$2,400 per year) during their employment with the District.

5.16 Leaves

5.16.1 Vacation Leave

Confidential employees covered by the Plan earn 14.667 hours per month or twenty-two (22) vacation days per year. Confidential employees who work less than 12 months per year and/or forty (40) hours per week shall earn vacation on a pro-rated basis.

Vacation shall be taken as authorized by the appropriate manager and shall be scheduled by mutual agreement whenever possible.

Vacation time shall be earned and accumulated on a monthly basis. Credit for vacation leave must be accrued prior to taking such leave. The maximum number of vacation days that can be accrued is forty (40). In no instance shall a confidential employee be permitted to accrue more than forty (40) days.

5.16.2 Sick Leave

Each full-time confidential employee covered by this Plan shall accrue eight (8) hours of sick leave with pay for each month of service. Sick leave may be accumulated without limitation. The full amount of sick leave shall be credited to each employee at the beginning of each fiscal year. Credit for sick leave need not be accrued prior to taking such leave and such leave may be taken at any time

during the year up to the amount which would be accrued by June 30 of that fiscal year.

Probationary confidential employees shall accrue eight (8) hours of sick leave with pay for each month of service. After completion of the probationary period, the confidential employee will be credited with the balance of the sick leave the confidential employee would have earned for the fiscal year. Confidential employees who work less than 12 months per year and/or forty (40) hours per week shall accrue sick leave on a pro-rated basis.

5.16.3 Personal Necessity Leave

Confidential employees may use up to seven (7) days of accumulated sick leave per fiscal year as personal necessity. Personal necessity is defined as an activity that is serious in nature, cannot be reasonably disregarded, can only be performed during the normal workday, and cannot be performed before or after regular working hours. Death in the family, illness or accident involving the confidential employee or property or member of the immediate family, certain types of medical and dental services, or other compelling personal reasons are included as personal necessity leave. The use of this leave, due to a death in the immediate family, would be in addition to bereavement leave. Each confidential employee shall be entitled to use annually up to two (2) of the seven (7) days of sick leave, for the purpose of conducting personal business.

Each confidential employee may use up to six (6) days of accumulated sick leave per year to attend to an illness of a child, parent, spouse, registered domestic partner, parent-in-law, grandparent, grandchild, and sibling. In the event the confidential employee has used personal necessity during the year for purposes other than attending to the illness of an immediate family member, this entitlement shall still apply.

5.16.4 Bereavement Leave

This program provides a confidential employee with up to three (3) days absence or five (5) days of absence for travel in excess of 250 miles one way from the District due to the death of an immediate family member.

The term "immediate family" includes the following persons:

- spouse/significant other/registered domestic partner
- parent (including biological, foster, step-parent, or legal guardian) of the confidential employee or of the spouse/significant other/registered domestic partner
- child (including biological, foster, adopted, step, legal ward, in-law or a child of a person standing in loco parentis) of the confidential employee or of the spouse/significant other/registered domestic partner
- grandparent of the confidential employee or of the spouse/significant other/registered domestic partner

- grandchild of the confidential employee or of the spouse/significant other/registered domestic partner
- siblings (including biological, adopted, in-law, or step) of the confidential employee or of the spouse/significant other/registered domestic partner.
- aunt or uncle of the confidential employee or of the spouse/significant other/registered domestic partner
- niece or nephew of the confidential employee or of the spouse/significant other/registered domestic partner
- cousin of the confidential employee or of the spouse/significant other/registered domestic partner
- any relative living in the immediate household of the confidential employee

Requests for bereavement leave extensions or for persons other than immediate family may be granted at the discretion of the superintendent/president or designee.

5.16.5 Jury Duty Leave

To ensure that a source of income is provided while a confidential employee is required to perform jury duty, the District will pay the difference, if any, between the amount received for jury duty and the confidential employee's regular rate of pay, provided, however, that reasonable prior notice is submitted to the chief human resources officer or designee. In the event that a confidential employee is required to serve for a portion of the day, the confidential employee must report to work for the remainder of the day.

5.16.6 Parental Leave

A confidential employee shall be entitled to leave consistent with Education Code Section 88196.1 to care for one's child after the birth of the child of the employee or the placement of a child with the employee in connection with adoption or foster care. Such leave requires prior notification to the first-level manager and must be used during the 12 months after the birth or placement of a child with the parent through adoption or foster care.

5.16.7 Industrial Disability Leave

In addition to any other benefits that a confidential employee may be entitled to under the Workers' Compensation laws of this state, the following is provided:

1. Should a confidential employee of the District suffer an injury or illness arising out of and in the course and scope of his/her employment, a leave of up to seventy-five (75) working days in any fiscal year for the same accident or illness may be granted.

2. Payment for wages lost on any day shall not, when added to an award granted the confidential employee under the Workers' Compensation laws of this state, exceed the normal wage for the day.
3. The leave is to be used in lieu of normal sick leave benefits. When entitlement to the leave has been exhausted, entitlement to other leaves (sick, vacation, or other paid leave) may then be used. If, however, the confidential employee is still receiving temporary disability payments under the Workers' Compensation laws of this state at the time of the exhaustion of benefits under this program, the confidential employee shall be entitled to use that amount of his/her accumulated and available normal sick leave and vacation leave which, when added to the Workers' Compensation award, provides for a day's pay at the regular rate of pay.

Once all available leave has been exhausted, a five (5) month differential pay period begins.

5.16.8 Non-Industrial Disability Leave

This program provides confidential employees with the opportunity to use available sick leave and vacation leave prior to any pay reduction. Once all available leave has been exhausted, a five (5) month differential pay period begins. If medical or personal complications require the confidential employee's leave to extend beyond the exhaustion of the five (5) months of differential pay, the confidential employee will be terminated. In that event, the terminated confidential employee has a right to any opening for which she/he is adjudged qualified for a period of thirty-nine months.

5.16.9 Confidential Study Leave

Confidential employees who have five (5) years of continuous full-time service with the District may submit a proposal in the form of a request for up to three (3) months of study leave. These leaves shall be approved at the sole discretion of the superintendent/president. No more than one confidential employee may be on leave at a time.

The college provides periodic workshops to assist confidential employees in coping with critical issues and staying current. The importance of each confidential employee taking seriously his/her own development and evaluation of currency of skills is of paramount importance. The professional development plan is part of each confidential employee's biennial evaluation, and each confidential employee should carefully review the progress of his/her professional development goals.

5.16.10 Military Leave

A military leave of absence will be granted to confidential employees pursuant to the California Education Code. Such leave shall be supported by a copy of the official orders requiring the confidential employee to report to active duty.

Under declaration of war or a declared presidential emergency, a confidential employee who is granted military leave will earn service increments the same as if providing service to the District. The confidential employee shall be paid regular salary at the time the leave is granted for a period of time of up to thirty (30) service days maximum in any fiscal year.

5.16.11 Catastrophic Leave Donation Program

Any confidential employee who suffers from a catastrophic illness or injury or who must be absent to care for a member of the confidential employee's immediate family who suffers from a catastrophic illness may participate in a catastrophic leave donation program, provided:

- The confidential employee requests in writing to participate.
- The confidential employee provides written verification of the catastrophic illness or injury or of the catastrophic illness or injury of the immediate family member and of the need for the confidential employee to provide care for the immediate family member.
- The confidential employee exhausts all accrued paid leave credits.
- The District determines that the confidential employee is unable to work due to the confidential employee's or the immediate family member's catastrophic illness or injury, and in the case of the immediate family member, the confidential employee's need to care for the family member.

Confidential employees desiring to donate sick/vacation leave credits shall authorize their irrevocable donation in writing for a minimum of eight (8) hours, and in one hour increments thereafter.

A catastrophic illness or injury is one which is expected to incapacitate the confidential employee or the immediate family member for at least three (3) months or which is diagnosed as a terminal illness or injury.

Upon return to work, the confidential employee may continue to use donated leave credits for the purpose of related, follow-up medical care consistent with the provisions outlined in this article. The maximum amount of time for which donated leave credits may be used, shall not exceed twelve (12) consecutive months (California Education Code Section 87045).

The Confidential Catastrophic Leave Donation Plan is available to eligible confidential employees who meet the above requirements. Donated leave that is not utilized by employees shall be made available for the next confidential employee who requests catastrophic leave in accordance with this section. In addition to catastrophic leave donation requests, confidential employees may at any given time voluntarily donate leave to the confidential catastrophic leave plan in writing for a minimum of eight (8) hours per donation, and in one hour increments thereafter. The unused balance of the confidential catastrophic leave plan will roll over year to year.

5.16.12 General Leave

At the discretion of the Governing Board, a confidential employee may be granted a leave of absence of up to one (1) year without pay for unspecified reasons. Such leave shall not constitute a break in service; however, District paid benefits shall not be paid during the leave.

5.17 Holidays

Each confidential employee covered by this Plan shall be entitled to the following holidays on the days specified, provided they are in paid status on the working day immediately preceding or succeeding the holiday:

January 1 (New Year's Day)

March 31 (Cesar Chavez Day)

June 19 (Juneteenth)

July 4 (Independence Day)

When a holiday falls on a Saturday, for those confidential employees whose normal workweek is Monday through Friday, the preceding Friday shall be observed as the holiday. When a holiday falls on a Sunday, the following Monday shall be observed as the holiday.

5.18 Benefits Plan

The District provides its confidential employees covered under this Plan with a variety of benefit programs – non-contributory (financially supported by the District), contributory (financially supported by the District and confidential employee), and voluntary (at the confidential employee's option).

Confidential employees covered under this Plan are not eligible for medical, dental, or vision insurance coverage as provided for by this Plan if a spouse or registered domestic partner is enrolled in any District-sponsored medical, dental, or vision insurance plan.

5.18.1 Non-Contributory Programs

The following are non-contributory programs:
