

AP 4010 Academic Calendar

Under the terms of the Chaffey Community College/Chaffey College Faculty Association Agreement, the District will develop an Academic Calendar by a committee composed of representatives from the Association (2), Faculty Senate (2), and the District ([4] – one of whom will chair the committee), as well as members of other constituencies as deemed appropriate by the District. The committee's function is to recommend the Academic Calendar to the District and the Association prior to recommendation to the Superintendent/President who, after review by the President's Cabinet, shall recommend the Academic Calendar to the Governing Board.

Any date within the calendar indicated by the state to be a mandatory holiday shall be observed as such. The California Community Colleges Chancellor's Office information bulletin, *Statutory Mandated Holiday Dates* (Education Code Section 79020), is used to determine mandatory holidays and their designated dates.

The Governing Board may declare other days to be holidays and close the college and offices when good reason exists.
