

AP 4226 Multiple and Overlapping Enrollments

A student may not enroll in two or more sections of the same credit course during the same term unless the length of the course provides that the student is not enrolled in more than one section at any given time.

A student may not enroll in two or more courses where the meeting times for the courses overlap, unless:

- The student provides a valid justification of the need for an overlapping schedule on the Request to Register a Student in Two Courses Which Slightly Overlap Form.
- The Chief Instructional Officer approves the overlap.
- The student makes up the overlapping hours at some other time during the same week under the supervision of the instructor of the course.
