The Leadership Connection (TLC) was conceptualized by the Ontario Chamber of Commerce through creation of GOLD (Greater Ontario Leadership Development Program) in 1985. This leadership program was later incorporated as The Leadership Connection (TLC), and in 1994 developed a partnership with the Chaffey College Business and Professional Development Institute, enabling us to offer continuing education credits for program participants. TLC is a nonprofit corporation dedicated to supporting the philosophy and practices of “leadership through service.” We are now recognized as the “premier leadership development program” in the Inland Empire. We have had more than 300 business and community professionals successfully complete our program. TLC has proven to be a stepping stone for many Inland Empire leaders and community volunteers.
Welcome to the Leadership Connection!

This is a dynamic program that prepares individuals for effective leadership roles in our diverse communities. The Leadership Connection is designed for individuals who:

- Seek to broaden their understanding of the complex issues in our region;
- Desire access to recognized experts who will dialogue with you;
- Need to develop their network base with professionals and other community leaders;
- Want to learn about opportunities for community involvement; and
- Desire continuing education credits through Chaffey College.

We believe that leadership and service go hand in hand, and that the most effective leaders are those who have a comprehensive understanding of the interplay of social, economic, and political forces impacting the Inland Empire West. The Leadership Connection will provide you with all of this and more!

We look forward to meeting with you, and invite you to take advantage of this great opportunity.
