About the College

The College
Chaffey College, one of the first colleges to be established in California, is a two-year public community college situated in an area of natural and tranquil beauty in Southern California. The campus occupies 200 acres of rolling lawns and native foliage in the foothills of the majestic San Gabriel Mountains. Founded in 1883 as a private college, Chaffey has been a publicly funded college since 1916.

Curricula
Chaffey College offers two year associate in art or science degrees in academic or vocational fields, one-year certificates of achievement, and transfer programs that meet the lower-division requirements for a baccalaureate degree to be obtained at a four-year college or university. The college operates on the semester system, which consists of fall, spring, and summer terms.

Chaffey courses are offered at the main campus in Rancho Cucamonga and off-campus centers in Chino, Fontana, Ontario, and the new Chino Information Technology Center.

District
The college district serves a population of 750,000 in the west end of the vibrant Inland Empire of San Bernardino County, including the communities of Chino, Chino Hills, Fontana, Montclair, Ontario, Rancho Cucamonga, and Upland.
What is Logistics?

Logistics is all about the movement of goods. It’s the commercial activity of delivering goods to customers. Logistics includes transporting goods by ship, airplanes, trucks and trains, and warehousing the goods.

About Logistics

Logistics is one of the fastest growing industries in the world, and with this growth comes the opening of many jobs. Numerous companies locally, nationwide and worldwide are looking for people to fill these positions.

Numerous factors contribute to the Logistics Industry’s growth:

• The explosion of international trade
• The growing volume of cargo entering the country through Southern California’s ports
• Recent manufacturing trends for outsourcing to countries with low labor cost
• Effective supply chain management strategies, such as inventory reduction and just-in-time delivery

Why choose the field of Logistics?

Logistics is a fast-paced, high-growth industry. It provides:

• a diverse list of job opportunities
• good pay
• job security
• movement up the career ladder

The Logistics industry is moving forward. Take advantage of this opportunity to explore the field and begin your career now. Some day you will look back and be glad you did - enjoying a well-paid career with excellent benefits to carry you through your lifetime.

Career Opportunities

You or someone you know is probably looking for a good job. You don’t need to settle for minimum wage. The Logistics industry offers good paying jobs and there are many jobs to choose from as well as opportunities for promotion. Logistics offers a chance for you to feel valued and to grow with a company.

Logistics-related industries in California will grow 15% between 2004 to 2014. These businesses suffer from a shortage of entry-level workers and must offer attractive starting wages to attract the labor force they need. The speed of goods movement has become a competitive advantage for many businesses. By saving money on distribution and inventory reduction, companies reward employees at all levels with competitive compensation and benefit packages.

How do you get a job in the Logistics Industry?

You can get an entry-level job with little or no experience. However, if you want to move up the career ladder, you’ll need additional education. Chaffey College’s Logistics Management program provides superior education and training opportunities for the distribution, logistics and transportation industries. You can explore career and job opportunities by enrolling in the Chaffey College program. Employers in the Logistics industry are constantly seeking qualified employees.
