Refer to Nursing (R.N.) occupational program major sheet regarding Chaffey College Associated Degree in Nursing. Students are recommended to complete this program before transferring into R.N. articulation program described below.

Professional nursing offers a diverse spectrum of career choices in the health field. The baccalaureate programs provide career opportunities in specialized nursing areas such as nurse practitioner, public health nurse, nurse anesthetist, school nurse, industrial or occupational nurse, health education, nursing education, hospital in-service education, research nurse, military service nurse. All these fields of nursing require education beyond R.N.

GENERAL INFORMATION
- In California, a bachelor of science in nursing may be earned in two ways:
  - Students may enter a generic program at a four-year college as freshman and earn a BSN and be eligible to take the state examination for R.N. licensure. Students may also transfer without the ADN and apply to the BSN.
  - Students may earn an ADN (Associate Degree in Nursing) and be eligible to take the state examination for R.N. licensure at a community college and then transfer into an R.N. articulated program for the bachelor of science in nursing.
- Some California four-year colleges have only an R.N. articulated program; others have both a generic program and an R.N. articulated program.
- In order to make the most efficient use of time, colleges usually recommend that a student follow one of the following patterns:
  - Earn an ADN and eligibility to take the R.N. licensure examination at a community college and then transfer to an R.N. articulated program, or
  - Enroll as a freshman in a generic program at a four-year college and earn both the BSN and eligibility to take the R.N. licensure examination.

CAL STATE UNIVERSITY, SAN BERNARDINO (QTR)  
B.S.N. CORE REQUIREMENTS – generic and articulated

COURSE | CSUSB | CHAFFEY

Select one of the following:
- Critical Thinking through Argumentation  COMM 108  COMSTD 72
- Critical Thinking through Argument Analysis  PHIL 105  PHIL 76
- Critical Thinking through Symbol Logic  PHIL 200  PHIL 75
  Acceptable course:  ENGL 1B

In addition, select one of the following:
- College Algebra  MATH 110  MATH 25
- Pre-Calculus Mathematics  MATH 120  MATH 61
- Methods of Calculus  MATH 192  MATH 60
- Basic Concepts of Calculus  MATH 211  MATH 65A

R.N. ARTICULATED PROGRAM: RN TO BSN

Admission Requirements:
- California Registered Nurse License
- Prerequisite GPA of 3.0 or higher
- A.D.N. GPA of 3.0 or higher
- Submit RN screening form and all transcripts
- Application to CSUSB admissions with second set of transcripts

Students who are close to these standards may be admissible upon remediation.

CAL STATE UNIVERSITY, FULLERTON (SEM)  
B.S. DEGREE IN NURSING

REQUIREMENT | CHAFFEY

Anatomy w/ lab  BIOL 20
Physiology w/ lab  BIOL 22
Microbiology w/ lab  BIOL 23, 23L
Chemistry w/lab  CHEM 10 [or 12 or 21, 21L1, 21L2]
Psychology  PSYCH 1
Sociology or Anthropology  SOC 10 or ANTHRO 3

R.N. ARTICULATED PROGRAM ONLY - NLN accredited

- Meet requirements for admission to the university as a transfer student.
- Completion of an associate degree in nursing or its equivalent.
- Current licensure as a registered nurse in California.
- Completion of one college level course in each of the following: anatomy (with lab), physiology (with lab), chemistry (with lab), microbiology, psychology, and sociology or anthropology. A minimum grade of C must have been attained in each course.
- Completion of one year's satisfactory work experience as a registered nurse is recommended.

ENTRY-LEVEL BSN PROGRAM: Due to Budget Cuts, upper division transfers are no longer being considered for university admission as pre-nursing majors until further notice.
CAL STATE UNIVERSITY, DOMINGUEZ HILLS
B.S. DEGREE IN NURSING

R.N. ARTICULATED PROGRAM: RN TO BSN
ONLINE B.S. DEGREE IN NURSING (RN TO BSN) COMPLETION PROGRAM

- Admissions Requirements:
  - 60 or more transferable college units (70 semester units maximum accepted from community colleges and 96 units from four-year institutions)
  - Current R.N. licensure in the United States or an RN interim permit
  - College GPA of at least 2.0
  - Completion of basic General Education (G.E.) courses (12 units)
- It is recommended that students obtain G.E. certification from a community college prior to admission.

  English Composition (3 units)  CSUGE Area A2
  Critical Thinking/Logic (3 units)  CSUGE Area A3
  Oral Communication (3 units)  CSUGE Area A1
  GE Math/Quantitative Reasoning (3 units)  CSUGE Area B4

UNIVERSITY OF CALIFORNIA, LOS ANGELES
BACHELOR OF SCIENCE, NURSING

Nursing – RN-BS/Postlicensure/B.S.

The RN-BS/Postlicensure program at UCLA is intended to prepare registered nurses (RNs) for advanced-practice study at the graduate level. The curriculum has been designed to build upon the associate's degree in nursing and assist RNS in gaining new knowledge needed for professional nursing in a changing society. Emphasis is placed upon the preparation of nurses to meet the need for community-based care in a culturally diverse society. For more information regarding this major and UCLA’s transfer selection process, visit www.nursing.ucla.edu and www.admissions.ucla.edu.

- Admission Requirements
  - Associate's Degree in Nursing from a state-approved program or a Diploma in Nursing from an accredited program.
  - Current licensure as a registered nurse and a minimum of one year of full-time experience as a registered nurse within the past five years.
  - C or better grades on four required Excelsior College Examinations:
    - Fundamentals of Nursing,
    - Adult Nursing,
    - Maternal and Child Nursing-AD, and
    - Psychiatric/Mental Health Nursing.
  - 30 units will be assigned for completion of Excelsior College Examinations. For information regarding Excelsior College, call (888) 647-2388 or visit www.excelsior.edu.
  - A Statement of Purpose that includes an assessment of potential for advanced practice study and a clear statement of goals upon completion of the program.
  - A minimum, cumulative grade point average of 3.0 in all UC-transferable courses.
  - Completion of specified major prerequisites with C or better grades.

NOTE: Completion of IGETC is not recommended by the School of Nursing for the RN-BS/Postlicensure program.

- The following courses may be completed prior to transfer, but are not required for admission.
  - Cells, Tissues, and Organs: LIFESCI 2, BIOL 50
  - General Chemistry: CHEM 20A, 20B, CHEM 21 & 22 w/labs
  - Introduction to Organic Chemistry: CHEM 30A, CHEM 75A

Transfer students will be considered for a very limited number of openings beginning Fall 2010. Students with a non-nursing baccalaureate degree should apply for the Masters Entry clinical Nurse (MECN/MSN) program. For more information regarding this major and UCLA’s transfer selection process, visit: www.nursing.ucla.edu and www.admissions.ucla.edu

Admission Requirements include:
- A minimum, cumulative grade point average of 3.5 in all UC-transferable courses.
- IGETC Certification
