DISABILITY PROGRAMS AND SERVICE

ATTENTION DPS STUDENTS PLANNING TO TAPE LECTURES

You are required to ask the instructor's permission before taping anything in the classroom (lecture or lab).

If DPS has determined that such taping is needed because of the nature of your disability, the instructor will have been sent a notice of this need.

If the instructor refuses to allow you to tape, please do not argue with him/her. Please notify DPS immediately of this refusal and we will try to resolve the issue.
