The following is excerpted from Chaffey’s Participation in Shared Governance AP 2510 adopted by the Governing Board:

The Chaffey College Faculty Senate has a long and productive tradition of shared governance. This tradition corresponds to current law and rights and responsibilities conferred by the legislature. Shared governance will continue to have a positive impact on student learning and the successful operation of the college. The spirit of shared governance should permeate all functioning units of the institution. The purpose of each area is not only its explicit function but, implicitly, the best interests of the institution and the community we serve.
