  - Curriculum Committee member

- **Sariwan Tjandra**
  - Chemistry Professor
  - Chemistry Club Faculty Advisor
  - Technology Committee member

- **Neil Watkins**
  - English Professor
  - Coordinator
  - Faculty Senate Vice President
40 Year Service Award

- **Bob Carlton (Service Award/Retiree 41 years of service)**
  - History Professor
  - He has been a devoted Association supporter even when criticizing certain positions. He has a true 'progressive's' view of the importance of workers' rights to organize and the need to support each other.
  - Another characteristic of Bob's that could always be counted on and appreciated was his voicing in departmental affairs to never sacrifice quality of instruction for expedience sake. That is, when pressure was exerted as it often is to respond to the need for offering more sections, for example, he would wisely caution that perhaps we didn't really have sufficient numbers of instructors we felt confidence in to just open sections to meet the demand.
  - Bob's most endearing trait is his biting sense of humor. He is one of the funniest and most sarcastic people Kathy Brindell as ever met. That sense of humor got us in the History Dept./ Social Sciences through many a dull, tedious meeting, although I'm sure such a description is surprising outside our School? And although Bob never shrank from voicing his opinion of meetings which he felt wasted his time, he was also one you could
count on to come to an amenable compromise if some issue was proving too divisive.

- Bob is also one of the best read people around. He reads voraciously and sends insightful comments along with such articles and book reviews to various and sundry individuals initiating wonderful intellectual discussions across the Internet.

- His interests are wide-ranging. He is a published author on the topic of *Cold War Presidents*. This is also the time period he focused on when creating the popular course, History 40 which he taught for many years. As well as scholarly research, Bob has written about the popular detective novelists Dashiell Hammet and Raymond Chandler which speaks to his range of interests.

- He does have the well-deserved reputation of being a snarly curmudgeon but if you spend some time in Claremont you might spot him with one or more grandchildren in tow helping with child care duties which serves to at least modify this image, if not dispel it.

- **Terri Helfand**
  - Computer Information Systems and Computer Science Professor
  - CIS Coordinator for many years
  - Distance Education Coordinator
Recipient of Chancellor’s Office Grants for Information Technology
Recipient of NSF ASCC Mentoring Grant for Telecommunications Technology
Recognized as ASCC/ Cisco Systems 2005 David R. Pierce Technology Faculty Semi-Finalist
Served as Business Education Division Chair
Served on numerous college committees
Served on numerous hiring committees
Created and revised numerous courses and certificate programs
Worked with Bob Pile as the faculty leader for the development of the IT Center
Certified Web Page Developer
Moodle Certified Course Creator
Trained countless faculty and staff members in using Moodle
Facilitated many workshops for Faculty Success Center
Terri and her husband, Barry, love live theatre, travel, and spending time with their beautiful, smart granddaughters, Hanna and Rebecca!

Faculty Retirees

Kipp Preble (33 years of service)
Communication Studies Professor
Received his BA in Communication Studies, English, & Theatre in 1979 from CSUN (Northridge)
and his Masters in Communication Studies in 1981 (CSUN)

- Vice President of Faculty Senate from 1983-84 and President of Faculty Senate 1984-1986
- First Director of Faculty & Staff Professional Development; initiated the first Professional Development Conference which was recognized as a national model for professional development programs from the state of California and the University of Texas
- Served as Faculty on Special Assignment and/or Coordinator for 8 different departments over a nearly 20-year period
- Served as Chair of the Task Force on Learning and Chair of the First and Second College Convocation Committee
- Served as Faculty Tri-Chair of Accreditation Steering Committee
- Served on CCFA Negotiating Team and the Faculty Tri-Chair of the GEM Committee
- Loving father of two amazing daughters, Chelsea and Mackenzie
- Loves to play golf, camping, and is an avid follower of the University of Oregon Ducks football and basketball
- Was once kicked out of a John Denver concert for yelling “Far Out, John!” one too many times
Darcel Woods (10 years of service 19 counting adjunct years)

- Correctional Science Professor
- Correctional Science Professor (first 9 yrs as an adjunct teaching evening classes after work at Don Lugo H.S. and then at the Chino Center when it opened in the early 2000s)
- Subject Area Coordinator for Administration of Justice, Correctional Science & Fire Technology
- B.A. Music Education, Cal State University Fullerton 1982; Masters of Public Administration University of La Verne 1986
- Began an ambitious career in the field of Criminal Justice right after completion of her B.A. This career spans some 26 years of working in various capacities at the county and state levels:
  - Deputy Sheriff with Los Angeles County
  - Deputy Probation Counselor with Orange County
  - High School Teacher within a Correctional Facility
  - Correctional Youth Counselor working a specialized unit for Sex Offenders
  - Sergeant, Statewide Transportation Unit
  - Field Parole Agent, LA County Gang Unit
  - Culminating in 2007 with a Gubernatorial appointment to the CA Parole Board as a Commissioner, this appointment was based on the depth and breadth of her expertise in her
field. She presided over Parole Suitability Hearings (even had a "Mason Family Member" case as well as other high profile cases)

- Before coming to Chaffey College to teach fulltime Darcel worked for Baldy View ROP as their principal grant writer and special projects coordinator. Part of her duties was to work with Chaffey College, all regional high school and ROP faculty to complete articulation agreements between all three entities.
- Was appointed by San Bernardino County Board of Supervisors to serve on the Workforce Investment Board's Youth Council (served for 10 years)
- Her last 10 years of working here at Chaffey, she enjoyed creating and developing her department's formal industry partnerships with correctional agencies throughout southern CA at the county, state and federal levels. As a result, this established student learning opportunities via multi-day job shadow experiences each semester alongside judges, attorneys, parole agents, probation officers and victim advocacy groups. Countless numbers of students have benefitted from the additional industry based internships and many of these experiences have lead to entry level jobs or promotions at work.
- Some things people don't know about Darcel:
- Competed in and won several All Natural Bodybuilding competitions while in her 40s
• Is an accomplished musician who can play all wind instruments; clarinet, trumpet, trombone and saxophone are her primary instruments

• Is proud to say she was raised in Pomona by a loving family and a super supportive village
