FIRST AID

1. **In case of a serious injury or illness** occurs on campus, immediately call Campus Police at extension 6911 or 911. Give your name; describe the nature of the medical problem and the campus location of the injured person.

2. Quickly perform these four steps:
   a. Ask person “Are you okay?” and “What is wrong?”
   b. Check breathing and perform rescue breathing if you are CPR certified.
   c. Control serious bleeding by applying direct pressure to the wound.
   d. Keep person still and comfortable. Have person lie down if necessary.

3. In case of a minor injury or illness, call Student Health Services at extension 6331.

**ASSISTING A HEARING IMPAIRED PERSON IN AN EMERGENCY:**

1. FLASH LIGHTS ON and OFF, wave or tap the shoulder of the deaf or hearing impaired person to alert him/her of an emergency.

2. Face a deaf person directly and speak clearly and naturally, even if an interpreter is present. He/she may be trying to read your lips. He/she will also know to whom you are speaking.

3. Have a pad and pencil available so that both of you understand the same message; this is especially necessary if you cannot understand his/her speech. Write clearly and let the deaf person read as you write.

4. If a Sign Language interpreter is needed to facilitate communication between off-campus hospital personnel and an injured deaf person, arrangements can be made by calling COMMEND – Communication Medical Emergency Network for the Deaf at 1-714-621-3300 (Voice/TDD).

**ASSISTING A BLIND PERSON IN AN EMERGENCY:**

Assign a “buddy” to assist in evacuation according to the regular procedures.

**ASSISTING A PERSON WITH LIMITED MOBILITY IN AN EMERGENCY:**

Students using a wheelchair and others who cannot manage stairs should be directed to the nearest elevator lobby and wait for Campus Police personnel.

**UTILITY FAILURE FIRST AID**

The time to become familiar with emergency procedures is before an emergency. Read this booklet carefully now so you'll be familiar with the information it contains.

In the event of an emergency, faculty and supervisors have the responsibility to give instructions to students and staff, close and lock doors, and be prepared to assist the College Police or other emergency personnel, if safe to do so.
