Hours (page will open in a new window above this one)

EOPS is a state-funded program intended to provide support services to financially and educationally disadvantaged students.

Program participants are eligible for:
• priority registration
• academic and limited personal counseling
• peer advising
• assistance with purchasing books
• bilingual assistance for students with limited English
• assistance with transportation

Additional services and benefits are available for EOPS students who are single parents with young children dependent on public assistance through the Cooperative Agencies Resources for Education (CARE) Program.

Further information and eligibility requirements for both EOPS and CARE may be obtained from the EOPS Office.
