Step 1

- Click the **AirPort icon** in the top right corner of your screen
- Click **Turn AirPort On** to enable your wireless network connection

Step 2

- Click the **AirPort icon** again and **Select Student** to connect to the Student Wireless network
Step 3

- Open Safari or any other internet browser
- Your default home page will be redirected to the authentication page
- Enter your username and password, then click Continue

Note:

Your username is the first initial of your first and last name (lower case) and your Chaffey College 7-digit student/employee ID number (e.g., if your name is Xavier Yan and your student/employee ID number is 0123456, your username is xy0123456)

Your password is your birth date in mmddyy format (e.g., if you were born on January 7, 1989, your password is 010789)

Step 3

You have been successfully logged on the network.
