

Meta Searching Databases via AGent

What is meta searching? Meta searching allows you to get results from several databases with a single search. It is now possible to search many of our databases accessible via AGent in this way.

Research:

- Find Books, Videos: [Catalog](#)
- Find Articles, eBooks, eRes (Electronic Resources): [AGent](#)
- [Database Descriptions](#)
- [Internet Resources by Subject](#)
- [Other Libraries](#)

1. From the library homepage at www.chaffey.edu/library, click on the link labeled **AGent**.

Library Services:

2. In the login box, type in your seven-digit Chaffey ID number in the first box, and your birth date in the second box using the format: two numbers for the month, two of the day, and the last two numbers of the year, no spaces or dashes in between the numbers. Then click on the **My Account Login** button.

My Account Login

My Student/Staff ID:

My Birthdate (mmddyy) with no slashes, spaces, or dashes:

- [Magazines & Journals](#)
- [Newspapers](#)

[Databases A-Z](#)

[Search multiple databases](#)

3. In the gray area at the top of the page, click on the **Search multiple databases** link.

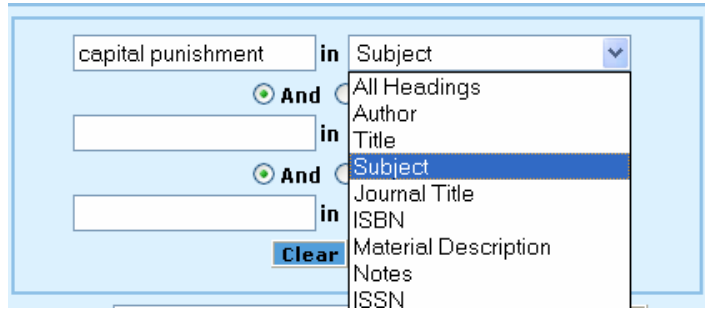

4. Place checkmarks in the boxes next to the databases you wish to search. Up to fifteen can be selected at a time.

Tip: If you want more information on a database, you can click on the  icon and a window will come up with a description of the database.

Databases

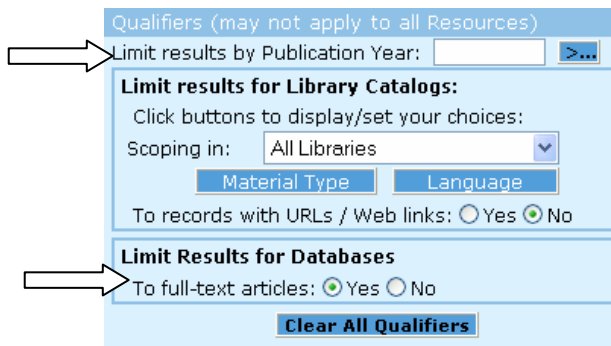

-  Academic Search Premier
-  Books in Print
-  Business & Company Resource Center
-  CountryWatch Wire
-  CQ Researcher
-  Custom Newspapers
-  EBSCO Alt-Healthwatch

5. Once one or more databases have been selected, type in search terms in the box at the top of the page.

To the right of the Search boxes where the default is labeled **All Headings**, you

can click on the arrow to choose something more specific from the pull-down menu, such as **Subject**, **Title** or **Author**.

6. In the right area of the search pane are search limits such as **Publication Year** and **To full-text articles**.

7. Click on the **Search** button to search.

6. The first ten results for each database will be displayed on the results page. In order to view a document, click on its title.
