Faculty Collaboratory – Share-n-Tell

What is your favorite class activity or assignment? Do you have an activity, strategy, assignment, or approach that works well with students? Do you want to learn about strategies and activities that other faculty members use to engage students and help them learn? Join our FED (Faculty Engaging in Discussion) Collaboratory as we share effective teaching strategies and ideas. Bring an idea to share and something to record the great ideas you discover.

Cindy Walker
Facilitator

Come get FED with yummy food and engaging discussion...

WHAT?
Faculty discussing specific topics
