Chaffey College
Study Abroad Application
Faculty Proposal

Please read the entire application and note that this application will be considered for summer 2010 offerings. The Study Abroad Advisory Committee will be recommending two trips to be included in the College’s offerings. **Completed applications are due by 4:00 p.m., Monday, May 4th** in SSA-211 or to [laura.hope@chaffey.edu](mailto:laura.hope@chaffey.edu)

1. Name: _________________________ Dept. __________________________

2. Please identify the vendor you propose to use for the trip. For our purposes a “vendor” is a professional travel organization specializing in educational travel at the college level (i.e. AIFS, Passports, Amerispan, CAPA).*

3. What is the minimum number of students required for the trip and cost per student?

4. Describe the transfer course you intend to connect with this travel, emphasizing the ways that the location enhance the instruction of the curriculum (you may attach pages):

________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
5. Explain why you believe Chaffey students and/or community members would be interested in this trip?

Dean’s Signature: ____________________ Date: _____________

Your Signature: ______________________ Date: _____________

Personal relationships with vendors and/or travel agents are strictly prohibited. All costs associated with scouting trips must be assumed by the faculty member or the vendor. Professional Development funds cannot be applied as it is considered “curriculum” development.
