

WIGNALL MUSEUM *of* CONTEMPORARY ART

ABOUT US

The Wignall Museum of Contemporary Art serves as a learning lab that features temporary exhibitions of contemporary art and other dynamic programming and public engagements throughout the academic year. The museum inspires hope and success in our students by fostering critical thinking in a space that encourages investigation and innovation.

Exhibitions and programming are organized with our students in mind in order to enhance their academic experience by complementing the college's curricula and broadening their understanding of contemporary art. The Museum advances the mission of Chaffey College by contributing to the intellectual and cultural life of the college and providing a dynamic, supportive, and engaging environment where our diverse student populations learn and benefit.

MISSION STATEMENT

The Wignall Museum of Contemporary Art is a teaching museum and interdisciplinary art space that cultivates direct engagement with works of art through exhibitions, education, and other community programming.

ASK ART

USING THE
MUSEUM
TO MAKE
CURRICULAR
CONNECTIONS

Ask Art: Using the Museum to Make Curricular Connections is a faculty-led program that encourages engagement between Chaffey College Faculty and the Wignall Museum of Contemporary Art. The program consists of faculty advocates, called *Ask Art: Advocates* that work with museum staff to encourage colleagues across the college's curricula to use the museum as a tool in the classroom. An educational guide called *Ask Art: Museum Tool Kit* will be developed for most exhibitions that will assist *Ask Art: Advocates* in encouraging engagement in their own classrooms and as a tool to offer colleagues. The *Ask Art: Museum Tool Kit* will assist faculty in developing general questions for viewing, prompts for approaching visual art across disciplines, and more. Additional workshops and educational opportunities are offered to further aid in the promotion of the *Ask Art* program.
