PART C: PARENTAL ADVISORY, EMERGENCY CONTACT INFORMATION, AND PARENTAL CONSENT

- A college is an adult environment with minimal student supervision. Discussion topics and course materials are generally designed for adult students and may not be appropriate for younger students.
- Many courses require computer lab work or research projects that could involve the Internet. Chaffey Community College District’s computer network provides access to the Internet in classrooms, labs, and the library. The College does not block access to specific Internet sites. As a result, it is possible for your son/daughter to reach an Internet site that you may feel contains inappropriate material.
- Classes may occasionally be dismissed early or cancelled due to an instructor’s illness or absence. In that event, transportation should be arranged as soon as possible and an appropriate waiting area identified.
- Courses taken in this program will be recorded on the student’s permanent record at Chaffey College as college credit.
- Chaffey College has my permission to provide unofficial grade information to my student’s high school at the conclusion of the term to facilitate academic planning. Note: Home-schooled students and those attending high schools outside Chaffey’s district must request written grade information individually.
- Registration is based on a priority system for continuing college students. Enrollment into desired courses is not guaranteed for new and returning students. (High School Students are considered new students each semester for which they are applying.)
- High school students are allowed to enroll in a maximum of 8.0 units per term.
- Release of student information is not permitted to anyone, including parents or legal guardians (Ed Code 76243). Release of Information forms are available in the Admissions and Records Office and on our website at www.chaffey.edu.
- Your signature on this document certifies your awareness of the learning environment issues as stated above; that you have reviewed and assessed your student’s ability to succeed in the classes listed above; and that he/she has your approval to enroll in Chaffey College courses.
- If there is an emergency requiring immediate medical attention, and a parent or legal guardian cannot be contacted, Chaffey College Student Health Services is authorized to take whatever steps are needed to protect the health of the student. In the event of accident or sudden illness, please contact:
