A MESSAGE FROM
FACULTY SENATE PRESIDENT
ARDON ALGER

Welcome to Chaffey College.

No nobler or more daunting task exists than to be engaged in the nurturing of the intellect and spirit of those who come to us as learners. As a member of the faculty, adjunct or contract, you are primary in carrying out core mission of the college – student success and student learning. You are part of an instructional team that is highly dedicated, accomplished, and outstanding; you are part of the tradition of academic excellence, shared governance, integrity, and service that characterizes Chaffey College.

The online Faculty Handbook is a work in progress designed to help you understand operational processes, to familiarize you with college services, to facilitate your success in assisting students in their development, and to keep you informed of college policies and procedures that impact everyone as a faculty member.

Never hesitate to help us improve upon this book! We welcome your assistance! Don’t hesitate to call your Faculty Senate Office, Ext. 6965 or email ardon.alger@chaffey.edu or d.walker@chaffey.edu.

We want to thank those individuals all across campus who provided information for this handbook and especially thank Donna Walker, Senate Administrative Assistant, for researching and assembling the Faculty Handbook.

The Faculty Handbook has been produced through your Faculty Senate.

Ardon Alger
Faculty Senate President
2000-2018
