**Fall 2015 Hybrid Classes**

Beginning and ending dates are listed for all classes. 

Class offerings – particularly instructor assignment – are subject to change without notice.

### HYBRID CLASSES:

Hybrid classes are a combination of online and classroom instruction, with at least 50% of the instruction held in the classroom. All hybrid classes meet on-campus during the first week of the class, during which important information about the class – including access instructions for the online instruction – is provided. Students should check the schedule of classes for the designated date, times and location of the first week’s meeting and all subsequent on-campus meetings. Students in hybrid classes are expected to attend all class meetings as well as fully participate in the online portion of the instruction.

### REGISTERING FOR HYBRID CLASSES:

Students register for hybrid courses using the same registration process used for on-campus courses. See the Registration area for additional information.

### ENROLLED STUDENTS:

Students must have officially enrolled in the hybrid class via MyChaffeyVIEW or in person, and have a Chaffey Registration Receipt that indicates they both registered and paid for the course.

### HYBRID CLASS WAITLISTS:

The waitlist process for hybrid classes is the same as it is for face-to-face classes; see page 11. Students waitlisted, or hoping to add a hybrid class after the waitlists close, should attend the first class meeting. If there is room in the class, the instructor will provide an add code to be used to register into the class.

Students who add a hybrid class after instruction has begun will be able to access the online component of their class one to two business days after they have completed the registration process in MyChaffeyView.

FALL 2015 ONLINE CLASSES

Beginning and ending dates are listed for all classes.
Class offerings – particularly instructor assignment – are subject to change without notice.

ONLINE CLASSES
Online classes are attended exclusively on the internet; there are no campus meetings. However, some online classes do require specific dates or times for interactive internet class activities. Instructors provide details of these and other requirements in the course syllabus.

REGISTRATION FOR ONLINE CLASSES
Students register for online courses using the same registration process used for on-campus courses. See the Registration area for additional information.

ENROLLED STUDENTS
Students are officially enrolled in an online course when they have completed the online registration process on MyChaffeyVIEW or in person, and have a Chaffey Registration Receipt that indicates they have both registered and paid for the course.

ONLINE CLASS WAIT LISTS
The waitlist process for online classes is the same as it is for face-to-face classes; see page 11. Students wishing to add an online class after wait lists close should follow the Wait listed/Add Process below.

ONLINE CLASS WAIT LIST/ADD PROCESS
1. Add your name to the course wait list on MyChaffeyView. If the waitlist is closed, go to step 2.
2. Contact the instructor to let them know you would like to add the class, just as you would attend the first class meeting in a face-to-face class. To contact an Instructor:
   a. Go to the Current Course List on the Distance Education website.
   b. Find the class you have been wait listed on or that you would like to add.
   c. Select the course section number link.
   d. Complete the Instructor Contact form.
   e. Submit the form. This will send an email with your contact information to the instructor.
   f. If the instructor is able to add you to the class, they will send you an email with an add code.

ONLINE CLASS CONTACT INFORMATION:
• Contact links are available for two weeks. They are made available after noon one week before the course start date, and will remain available through the first week of the class. Example: If the start date of the class is 08/17/15, the contact link will be available after noon on 08/10/15 and will remain available through 08/21/15, or until the instructor has received enough requests to fill the class.
• Once the class has started, the instructor will determine how many spaces are available and will respond via email to those students they are able to add. The email will contain an authorization code that is used in conjunction with the section code to add the class through MyChaffeyView.
• Instructors receive numerous requests to add and respond only to those students whom they are able to accommodate. So if you have requested to add an online class, and have not received an authorization code by the end of the first week of the class, you should make an alternate class selection.
• Students who add an online class after instruction has begun will be able to access it on Moodle one to two business days after they have completed the registration process in MyChaffeyView.
