Oct. 8@10AM with Victoria E. Beckman, Lead, Digital Crimes Unit Americas and Principle Corporate Counsel at Microsoft. Zoom Link: https://chaffey-edu.zoom.us/meeting/register/tJUkd0uurT8uHN13_kVemvw_Zw8aV34IFnTW

Cybersecurity Fair.

Oct. 28@10:00AM With the Cybersecurity Club at Cal Poly Pomona. Registration: <https://www.cpp.edu/cyberfair/>

About the speakers:

Jose Trujillo is a Senior Managing Consultant in the Cyber Risk practice of Kroll, a division of Duff & Phelps. Jose assists organizations in complying with cybersecurity and data privacy regulations, including but not limited to the GDPR, NYDFS, CCPA, PCI DSS, Dodd-Frank Act, COPPA changes in the GLBA, FCRA, HIPAA and TCPA. Prior to joining Kroll, Jose served with the Compliance team at Central Health Plan of California (CHPC), where he established their information security program and their incident response plan. During his time at CHPC, he successfully developed and implemented strategic information security initiatives that help the organization better safeguard data and manage risk. Jose created and conducted company-wide annual training modules on cybersecurity as well as incident response exercises. He also conducted audits and reviews of business operations and worked with in-house counsel, executive management and the Compliance Committee to implement compliance procedures. Jose is a Chaffey and UCLA alum, earned a J.D. with a concentration in Cyber Security at Loyola Law School, and has a Global Information Assurance Certification (GIAC) Information Security Fundamentals (GISF).

David Nimri is the lead Cybersecurity instructor at Chaffey College. He also teaches CIS, Computer Science, and Cloud Computing on campus. David has a Bachelor's in Computer Science and a Master's in Business Administration Cybersecurity concentration from CSUSB. He worked in the corporate world in industrial robotics, 3D rendering farms for film production and Cybersecurity for various institutions. He worked at Sungard HigherEd and CSUSB as a Server Admin, Systems Analyst, Supervisor, Director and in CSUSB's Information Security Office. David's focus is on Enterprise System Vulnerability Assessments, Web Application Security, Digital Forensics, Data Flow Analytics, and vulnerability remediation.

David is a veteran and the Club Adviser of the Cybersecurity Club. David is a Certified Information Security Professional (CISSP) and holds the following industry certifications: Global Information Assurance Certification (GIAC) Information Security Professional (GISP), GIAC Certified Enterprise Defender (GCED), GIAC Battlefield Forensics Acquisitions (GBFA), CompTia Security+ and Amazon AWS.

Victoria E. Beckman is leading the fight against cybercrime. Victoria is the Director of the Digital Crimes Unit (DCU) for the Americas at Microsoft. DCU is responsible for implementing strategies to disrupt cybercrime by dismantling criminal infrastructure through civil actions; partnering with organizations and governments to strengthen cybersecurity and support victim remediation; designing education campaigns; and advancing related policies and legislation in the region.

A native of Colombia, Victoria spent years as a public defender in Arizona first assigned to capital habeas appeals and later trying major felony cases. Prior to practicing law, Victoria was an industrial engineer in the technology and automotive sectors and a competitive figure skater. Victoria is a Certified Privacy Manager (CIPM) and Certified Information Privacy Professional (CIPP/US) by the International Association of Privacy Professionals (IAPP).
