Chaffey College improves lives within the diverse communities it serves through equal access to quality occupational, transfer, general education, and foundation programs in a learning-centered environment where student success is highly valued, supported, and assessed.

ON BEHALF OF THE GOVERNING BOARD AND ALL OF THE CHAFFEY COLLEGE FACULTY AND STAFF, WE WELCOME YOU AS A STUDENT TO THIS COLLEGE, ONE OF THE FIRST TO BE ESTABLISHED IN CALIFORNIA. CHAFFEY COLLEGE WAS FOUNDED IN 1883 AS THE VISION OF GEORGE AND WILLIAM CHAFFEY, WHO ALSO FOUNDED THE CITY OF ONTARIO.

CHAFFEY COLLEGE OFFERS STUDENTS A HIGH-QUALITY EDUCATION TAUGHT BY OUR STELLAR FACULTY. I BELIEVE YOU HAVE TAKEN AN IMPORTANT STEP BY ENROLLING AT CHAFFEY. OUR COLLEGE PLAYS A MAJOR ROLE IN THE LOCAL ECONOMY AND IS A SOUND INVESTMENT FOR THE STUDENTS AND THE COMMUNITY.

STUDENTS AT CHAFFEY ARE PROVIDED WITH A WELL-ROUNDED EDUCATION. WHETHER YOU ARE UPGRADING YOUR WORK SKILLS, SEEKING TO TRANSFER TO A FOUR-YEAR COLLEGE OR UNIVERSITY, AND/OR PLAN TO EARN AN ASSOCIATE DEGREE AND/OR OCCUPATIONAL CERTIFICATE, YOU WILL FIND DEDICATED AND QUALIFIED FACULTY AND STAFF TO ASSIST YOU.

THE CHAFFEY COLLEGE MANTRA IS “STUDENT SUCCESS.” THE CLASSROOMS AND CO-CURRICULAR ENVIRONMENTS AT CHAFFEY PROVIDE THE STUDENT BODY WITH A CHALLENGING AND HIGHLY INTELLECTUAL ENVIRONMENT TO GROW AND DEVELOP. UTILIZE YOUR TIME AND TALENT WELL, AND WE WILL DO OUR PART TO MAKE YOUR EDUCATIONAL JOURNEY A SUCCESS.

BEST REGARDS,

Henry D. Shannon, Ph.D.
Superintendent/President

Chaffey College Senior Management

Sherrie Guerrero
Vice President, Instruction and Student Services

Stephen W. Menzel Jr.
Interim Vice President, Business Operations

Ciriaco “Cid” Pinedo
Interim Vice President, Administrative Services and External Affairs
COMMUNICATION
Students will demonstrate effective communication and comprehension skills. Examples will include, but are not limited to the following:

- Comprehend, analyze, and respond appropriately to oral, written and visual information.
- Effectively communicate/express information through speaking, writing, visual and other appropriate modes of communication/expression.

CRITICAL THINKING AND INFORMATION COMPETENCY
Students will demonstrate critical thinking skills in problem solving across the disciplines and in daily life. Examples will include, but are not limited to the following:

- Identify vital questions, problems, or issues and evaluate the plausibility of a solution.
- Analyze, compose and assess the validity of an argument.
- Compute and analyze multiple representations of quantitative information, including graphical, formulaic, numerical, verbal and visual.
- Compare, contrast and analyze scientific concepts and scientific observation.
- Select, analyze and evaluate the accuracy, credibility, relevance and reasonableness of information and its sources.

COMMUNITY/GLOBAL AWARENESS AND RESPONSIBILITY
Students will demonstrate knowledge of significant social, cultural, environmental and aesthetic perspectives. Examples will include, but are not limited to the following:

- Identify the social and ethical responsibilities of the individual in society.
- Demonstrate commitment to active citizenship by recognizing and evaluating important social, ecological, economical and political issues.
- Demonstrate an understanding and appreciation for individual, social and cultural diversity.

PERSONAL, ACADEMIC AND CAREER DEVELOPMENT
Students will assess their own knowledge, skills and abilities; set personal, educational and career goals; work independently and in group settings; demonstrate computer literacy and cultivate self-reliance, financial literacy, and physical, mental and social health. Examples will include by are not limited to the following:

- Demonstrate professional and ethical responsibilities of the individual.
- Identify personal, academic, psychological, and social needs, determine resources and access appropriate services.
- Develop, implement, and evaluate progress towards achieving personal goals, academic goals, career goals and career resilience.
- Demonstrate the ability to use technology to assess, evaluate, and present information.

CORE VALUES

STUDENT SUCCESS
Chaffey College fosters a climate of inquiry, promotes evidence-based decision making, and provides access to essential learning support.

EDUCATIONAL EXCELLENCE
Chaffey College supports a spirit of innovation and excellence in teaching and learning as reflected in the core competencies.

CLIMATE OF INCLUSION AND RESPECT
Chaffey College honors representative voices and collaboration in a respectful and professional learning environment.

DYNAMIC STUDENT SERVICES
Chaffey College integrates comprehensive support services into a seamless, accessible, and sensitive network.

RESPONSIVENESS TO THE COMMUNITY
Chaffey College develops community partnerships, unique learning opportunities, and outreach programs to meet the needs of the community.

ENVIRONMENTAL RESPONSIBILITY
Chaffey College commits to the preservation, conservation, and responsible use of its resources.

The District

The college district serves the population of the inland empire of western San Bernardino County, where the communities of Chino, Chino Hills, Fontana, Guasti, Montclair, Mt. Baldy, Ontario, Rancho Cucamonga (Alta Loma, Cucamonga, and Etiwanda), and Upland are located. Four districts serving high school students are contained within these communities. They are the Chaffey Joint Union High School District, the Chino Unified School District, the Fontana Unified School District, and the Upland Unified School District.

Stone of the college was laid at Fourth Street and Euclid Avenue in Ontario. Due to meager financial resources, the college became an extension of the University of Southern California and then closed for a brief period in the early 1900's. In 1906 the Chaffey endowment was legally separated from the University of Southern California and the reorganized Chaffey Union High School District became the beneficiary of the College Trust.

In 1916 the Chaffey Junior College of Agriculture was added as a postgraduate department to the high school. A separate junior college district was created in 1922 and in 1957 bonds were approved in support of a complete separation of the high school and college facilities. Property was acquired in Alta Loma and a long-anticipated new college opened its doors in the spring of 1960. Passage of Measure L ($230 million) in 2002 is enabling the college to construct and renovate a number of buildings on the Rancho Cucamonga, Chino, and Fontana Campuses.

Accreditation

Chaffey College is a two-year public community college and is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges (10 Commercial Blvd., Suite 204, Novato, CA 94949, (415) 506-0234), an institutional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the U.S. Department of Education. Chaffey is a member of the American Association of Community Colleges, the Community College League of California, Service Members Opportunity Colleges (SOC), the Consortium of Southern California Colleges and Universities, and is approved by the Office of Private Post-Secondary Education for Veterans Benefits.

History

Chaffey College represents the vision of George and William Chaffey, who founded the City of Ontario in the last quarter of the nineteenth century. Recognizing the need for an institution of higher learning, the Chaffey brothers donated land and established an endowment for a private college known as the Chaffey College of Agriculture. On March 17, 1883, the cornerstone of the college was laid at Fourth Street and Euclid Avenue in Ontario. Due to meager financial resources, the college became an extension of the University of Southern California and then closed for a brief period in the early 1900's. In 1906 the Chaffey endowment was legally separated from the University of Southern California and the reorganized Chaffey Union High School District became the beneficiary of the College Trust.

In 1916 the Chaffey Junior College of Agriculture was added as a postgraduate department to the high school. A separate junior college district was created in 1922 and in 1957 bonds were approved in support of a complete separation of the high school and college facilities. Property was acquired in Alta Loma and a long-anticipated new college opened its doors in the spring of 1960. Passage of Measure L ($230 million) in 2002 is enabling the college to construct and renovate a number of buildings on the Rancho Cucamonga, Chino, and Fontana Campuses.

Student Equity

The District, and each individual who represents the District, commit to actively pursuing equity for Chaffey College students without regard to national origin, religion, age, sex (gender), race, color, medical condition, ancestry, sexual orientation, marital status, physical or mental disability, or because he or she is perceived to have one of the foregoing characteristics through the implementation of the goals and objectives of the Student Equity Plan. Being sensitive to the personal, professional, and aesthetic needs of its diverse populations and cultures, the college will incorporate into its educational process the richness of world cultures, languages, ethnicities, and artistic pluralism that is strongly represented within our community.

We commit to respecting, celebrating, and integrating student’s diverse cultures into all phases of campus life. We will provide leadership in creating a climate to ensure that all students, faculty, staff, and administrators share in the implementation of Chaffey College’s equity goals.

Administration and Governing Board

The superintendent/president is the chief administrative officer and is assisted by vice presidents, deans, directors, and members of the faculty in bringing educational excellence to the community. The Governing Board has five members elected by district voters and a student member elected by the student body.

Schools and Services

The college has six schools which provide an extensive range of the highest quality transfer and occupational courses: Business and Applied Technology; Health Sciences, Language Arts; Mathematics and Science; Social and Behavioral Sciences; and Visual and Performing Arts. Student Services provides additional instruction in physical education, athletics, cooperative education, disability programs, and guidance. The college also provides many excellent student support services including student success centers, transfer counseling, career planning assistance, job placement, financial aid, health care, child care, and help with public transportation.

Curriculum

The College offers lower division courses for students who plan to transfer to a four-year college or university, occupational courses for students who wish to acquire or improve employment skills, and general education courses to provide all students with an awareness of the cultural diversity of our nation and the world.

Transfer programs are designed to meet the lower division requirements of four-year colleges and universities and to develop the skills essential to success in upper division courses. General education courses are articulated with comparable university courses to assist students in meeting transfer requirements. These courses introduce students to a variety of
academic disciplines and acquaint them with the assumptions and theoretical bases fundamental to each discipline.

Occupational programs are continually updated to reflect current industry requirements. Interaction with community leaders, advisory committees, and with business, industry and public service organizations ensures that students are kept apprised of developments in employment trends.

Finally, noncredit courses are provided for students wishing to learn English as a Second Language or to improve basic academic skills in math, English, and reading. Noncredit instruction is provided primarily through the six college Success Centers which also serve as the college’s primary resource for supplemental learning and assistance.

Degrees

Students who successfully complete the requirements for graduation are awarded Associate in Arts and Associate in Science degrees. Students who complete the requirements of selected programs receive Certificates of Achievement.

College Year

Chaffey College is organized on the semester system. The academic year includes two 17 1/2-week semesters, Fall and Spring, which run from August through May, plus a summer session. Courses offered in the various terms are similar in scope and maintain equivalent standards. The academic calendar for the 2011-2012 college year appears in the back of this catalog.

In addition to the regularly scheduled 17 1/2-week classes, intensive short-term classes are offered. Some open-entry, open-exit classes allow for flexible scheduling, as do the growing number of online sections.

Day and evening classes are available for full-time and part-time students. Daytime classes are scheduled from 6:30 a.m. to 4:30 p.m. Monday through Friday. Evening classes usually begin at 5:30 p.m. Monday through Friday. Field trips are scheduled outside the normal class meeting time and may include weekends.

Faculty

The faculty is comprised of dynamic and committed professionals who have completed the rigorous educational requirements set forth by the State of California. Each faculty member has demonstrated subject matter competency, the ability to teach that subject matter, and a commitment to remain current in his/her field.

Special efforts have been made to recruit a faculty that is sensitive to and prepared to work with a diverse student population. Faculty members come from all over the world. They make numerous contributions to the communities in which they reside and to the teaching profession. They are leaders of business, industry, and the arts; prize-winning scientists and writers, technical experts, scholars, and instructors. They have worked in every field from accounting to zoology at every level of education and share their rich experience with their students.

Facilities

Chaffey College rests at the base of the San Gabriel Mountains rambling over 200 acres of man-made and natural vegetation. It is a college that provides excellent post secondary educational opportunities to a service area in excess of 798,355 residents.

An array of facilities support the academic mission of the college including science, engineering, modern language, and reading laboratories that meet the standards of occupational education. The Wignall Museum of Contemporary Art and the Chaffey College Theatre offer opportunities for both fine and performing arts. The museum and theatre are unique resources for both the college and the community. The college also has facilities for broadcasting, drafting, photography, and graphic arts as well as a gymnasium, swimming pool, fields for competitive and recreational sports, a student center and lounge, cafeteria, bookstore, a network of student success centers, an online assessment center, and a Child Development Center where children of student-parents receive care. The college is also well served by a library/learning resources center.

Other facilities include off-campus centers that support the academic and services functions of the college. One such facility is the Learning Development Center, which provides vocational training and support programs and services for students with physical, developmental, or learning disabilities.

The District offers a strong program of community-based education that is delivered primarily through the Chaffey College Campuses in Chino and Fontana. Using the Chino and Fontana Campuses as a community base, students have access to a myriad of classes that are an extension of the college.

Passage of Measure L ($230 million) in 2002 is enabling the college to construct and renovate a number of buildings on the Rancho Cucamonga, Chino, and Fontana Campuses. Completed projects on the Rancho Cucamonga Campus include the Marie Kane Center for Student Services/Administration, Don Berz Excellence Building, Science Complex, Central Plant, the Physical/Life/Health Science renovation, the Math Success Center renovation, the Center for the Arts, the Sports Center, and the gym renovation project. Furthermore, the Michael Alexander Campus Center is estimated for completion in August 2011 and will include offices related to various student services and student activities, staff and student dining rooms and a coffee bar. On the Fontana Campus, the new Fontana Academic Building will open for the Fall 2011 semester. This building will house classrooms, laboratories, a library and bookstore and a dance studio. The Chino Campus Main Instructional Building opened for the Spring 2008 semester, and the Health Science and Community Center buildings opened in Spring 2009. The Chino Community Center houses the Hotel and Food Services Management program, as well as the Fashion Design and Merchandising program. Chino is also the home of the Robert Pile Information Technology Center which houses the Computer Information Systems and Industrial Electrical Technology programs.

There are also a number of landscaping projects that have been completed and several currently in progress to beautify all of the campuses. We are especially pleased with the completion of the Agricultural Demonstration Garden which consists of a two acre vineyard and one acre citrus grove located at the southeast corner of Haven and Wilson Avenue. Other projects include the expansion and renovation of our parking lots.
The Chaffey College Chino Campus includes five buildings: three of which are at the College Park location and two buildings are at the downtown Chino location. The campus provides a full array of student services including admissions, assessment testing, cashiering, financial aid, academic counseling, limited transfer services, student health services, and a full service bookstore. Students also have access to a multidisciplinary success center to assist them in a variety of subjects. Students are offered instruction in a multitude of general education and occupational courses. Students can complete the following courses uniquely at the Chino Campus: Vocational Nursing, Industrial Electrical Technology, CISCO, Hotel and Food Service Management, Fashion Design/Fashion Merchandising and Interior Design. For additional information, call (909) 652-8000.

The Chino Educational Center opened its doors in Spring 2000 to better serve the residents of the southwestern portion of the district. Currently, the Center currently houses classes for Chaffey College’s Economic and Workforce Development Program which offers short-term, intensive vocational training reflective of current business and industry needs.

The Robert Pile Information Technology Center was developed in partnership with the City of Chino Redevelopment Agency and industry partners Verizon, Enterasys, Cisco, and Gateway to provide Southern California the state-of-the-art training and education vital for its economic growth. The center is designed to meet the needs of the information technology industry by providing a well-trained and educated workforce. Classes offered include Cisco academies (CCNA, CCNP) and industrial electrical technology. The center also hosts the Chaffey College Economic and Workforce Development Office which provides a myriad of services to local businesses and industries to enhance performance in the workplace. Such services include needs assessment, performance consultation, business solutions, and development of customized training to address identified needs. For additional information call (909) 652-8000.

The Chaffey College Fontana Campus is located in central Fontana and provides access to higher education for residents in the eastern portion of the college district. The campus includes three buildings and offers instruction in a multitude of general education and a limited number of vocational courses. The Ralph M. Lewis Center provides access to admissions, cashiering and financial aid. Students can also receive academic counseling and limited transfer services, as well as visit the EOPS and DPS offices in the Lewis Building. The new Fontana Academic Center, which will open for the fall, 2011 semester, has classrooms, science labs, a library resource center, a student lounge and a full service bookstore. The Fontana Center building also has classrooms, as well as the multidisciplinary success center where students can receive tutoring and instructional assistance. For additional information about the Fontana campus, call (909) 652-7400.

The Chaffey Foundation, a non-profit [501(c)(3)] independent corporation, was organized and established in 1987 by friends and alumni to support the activities and programs of the College. It has become one of the most successful community college foundations in Southern California. The mission of the Chaffey College Foundation is that no individual be denied an education at Chaffey College due to a lack of financial resources. The Foundation coordinates various fundraising activities and receives all donations made to the College and the Foundation. Donations allow the Foundation to award scholarships and continue to fund dreams – one student at a time. Foundation leaders are also instrumental in forging partnerships between the college and the communities it serves. The Foundation has encouraged college and community participation in a variety of intellectual, cultural, recreational, and social activities. Anyone interested in learning how to support the Foundation’s mission and Chaffey College’s students, or any students interested in scholarship opportunities, please call (909) 652-6545.

Chaffey College alumni and former students continue to play a vital role in the campus community. The Chaffey College Alumni Association exists to showcase the successes of alumni and to celebrate Chaffey’s rich history, traditions, and accomplishments in order to ensure Chaffey’s reputation continues to grow. The Association promotes the interests and goals of alumni and former students and offers opportunities for meaningful involvement with the college through Association membership, regular communication, and special events. Alumni and former students are encouraged to get involved with the Alumni Association and show their Panther Pride; please contact the Alumni Office at (909) 652-6541 or via email at alumni@chaffey.edu.
**ADMISSION TO THE COLLEGE**

All high school graduates, anyone who has a Certificate of Proficiency or a G.E.D., and anyone 18 years of age or older who can benefit from a course of study are eligible for admission.

High school students and residents of other states and foreign countries may apply under special regulations. See sections on High School Dual Enrollment or International Students for more information.

**APPLICATION**

Applications may be submitted online by visiting Chaffey’s website at www.chaffey.edu and clicking on the Application link. Online application is not available for International Students. International students must contact the International Student Office in WH-181 on the Rancho Cucamonga campus or check the program’s website at www.chaffey.edu/international prior to beginning the application process.

**WHO MUST APPLY**

Applicants who will attend Chaffey College for the first time (new students), or former students who have not attended for one or more terms (returning students) must complete an application for admission.

Official college transcripts from schools previously attended must be submitted for:

1. Students who plan to graduate or complete a certificate at Chaffey College, and/or transfer to a four-year college
2. Veterans receiving educational benefits
3. Students who plan to apply for the radiologic technology, registered nursing and vocational nursing programs
4. Students needing to show completion of course prerequisites
5. Students who have earned an associates degree or higher for exemption from assessment, orientation, and counseling

Official high school transcripts must be submitted for:

1. Students who plan to apply for the radiologic technology, registered nursing, and vocational nursing programs (GED or high school proficiency in lieu of transcript).
2. All high school students

**Regisraion**

If a desired class is closed, the student may register in an alternate class or place himself on a wait list. Wait lists open as soon as a class becomes full. When space becomes available, students are encouraged to secure their Photo ID card to receive a priority registration period. Special accommodations are arranged for assessment, orientation, and counseling, as needed.

**MATRICULATION PROCESS**

*Assessment, Orientation, Counseling*

All new students are required to participate in assessment and orientation prior to registering for classes. These services include reading, writing, and mathematics testing, and a presentation on college programs and services. Students are encouraged to meet with a counselor within their first six months at Chaffey College. With the assistance of a counselor, students develop an educational plan that includes required classes to achieve their educational and career goals. Students may be exempt from portions of these services or may choose not to participate. Contact the Counseling Department for appointments and details.

**Photo I.D. Card**

Chaffey College Photo ID cards are required for use of labs, library, and other services. Students are encouraged to secure their Photo ID card prior to the beginning of the term and must show proof of current enrollment to receive a Photo ID card. Photos must be an unobstructed, front view of the full face that is a representation of the true appearance of the card holder. No facial or hand gestures or foreign objects are to be included in the photo. Hats, sunglasses, and any other clothing that might obstruct the view of the face may not be worn. All headwear must be removed, unless worn for valid religious, cultural or medical reasons. No picture retakes are allowed unless the picture is unusable due to closed eyes or other unforeseen problems. Please contact the Admissions & Records office for further information.

**Schedules of Classes**

Each term’s schedule of classes is available on the Chaffey College website at www.chaffey.edu prior to the registration period. Class offerings are organized by campus and/or by instructional type. The schedule contains detailed instructions concerning enrollment, registration, fees, and related deadlines, along with helpful information about programs and services of the college.

**REGISTRATION**

First-time Chaffey students will receive a registration date by email after submitted tan online application via CCCApply. Continuing students will receive information about how to access their registration date by email and/or by regular mail. Students may register online on or after their assigned registration date. Students who do not have access to a computer may use the student computers in the Admissions and Records Office at the Rancho Cucamonga, Chino or Fontana campuses. High school students participating in the High School Partnership Program are required to register in person.

**Registration Date Assignment**

Continuing students are assigned a registration date according to the total number of units completed up to 90 units. This includes units from other academic institutions. The higher the number of units (up to 90 units), the earlier the assigned registration date. However, after the continuing student exceeds 90 units, they drop in priority and are assigned the last day of registration for the continuing student category.

New, returning and high school students receive registration dates after continuing students. Registration dates for students in these categories are based on the date the admission application was submitted.

**Priority Registration**

Students with physical or health disabilities who are unable to attend regular registration or who need to have classes scheduled around disability related concerns must contact Disability Programs and Services, (909) 652-6379, receive authorization to register during the priority registration period. Special accommodations are arranged for assessment, orientation, and counseling, as needed.

Priority registration is also available for students that meet specific requirements and who obtain appropriate authorization. Priority registration takes place prior to the start of regular registration.

**Alternate Choice of Classes**

It is recommended that students prepare an alternate list of classes to fit their schedule in the event their first choice is not available. Classes are filled on a first-come basis. A list of open classes is available throughout the registration period. The open class list is available on Chaffey’s website at www.chaffey.edu.
UNITS
Students may register for a maximum of 18 units during fall/spring terms and 7 units during summer term using online registration; exceptions must be approved by a counselor. During late registration, students can add an unlimited number of units.

LATE REGISTRATION
During late registration for the fall/spring terms, students may register for any class with the instructor’s permission. Instructor’s permission is granted by issuing an Add Code. High school students, students with special petitions, financial restrictions, co-requisite waivers and students who are auditing must register in person. The late registration period for the summer term is addressed in the schedule of classes. Students are not permitted to add classes after the late registration deadline. Open entry/open exit and short term classes may be added up to the 14th week of the fall/spring term.

MULTIPLE ENROLLMENT
Students may not enroll in more than one section of any course that is not repeatable in the same term. Students will not be permitted to register for classes that are scheduled to meet at the same time or at overlapping times; however students may wait list for a class that overlaps another.

ATTENDANCE AT THE FIRST CLASS MEETING
Students who do not attend the first meeting of each class in which they are registered may be dropped from the class. However, it is each student’s responsibility to officially drop any class they do not attend or stop attending. This includes all instructional formats, including online and hybrid classes.

LIMITATIONS ON ENROLLMENT
Chaffey College offers some courses which place limitations on enrollment. These limitations may include successful completion of courses, preparation scores for math and English, performance criteria or health and safety conditions. Students who do not meet the conditions imposed by these limitations may be unable to register for or may be dropped from class.

PRECOLLEGIATE BASIC SKILLS LIMITATIONS
Chaffey College limits the number of units students can earn for pre collegiate basic skills courses to 30 semester units. Precollege/basic skills courses are defined as those two or more levels below college level English and one or more levels below elementary algebra. English as a Second Language and students with disabilities are exempted from this limitation. The college may approve a waiver of the limitation on foundational course work with respect to any student who shows significant, measurable progress toward the development of skills appropriate to his or her enrollment in college-level courses. Waivers are only given for specified periods of time and for specified numbers of units. Contact the Mathematics, English, English as a Second Language, or Reading Departments or the Disability Programs and Services Office for more information.

PREREQUISITE/COREQUISITE COURSES AND ENFORCEMENT
When a course has a prerequisite, it means that a student must possess a certain body of knowledge to be successful in the course. The preexisting knowledge may be a skill, an ability, a placement preparation score, or successful completion of a course. Completion of a prerequisite course requires a grade of C or better or a grade of CR (credit) or P (pass). A grade of C- is not acceptable for completion of a prerequisite/corequisite course.

When a course has a corequisite, it means that a student is required to take a course at the same time as another course. Knowing the information presented in the corequisite is considered necessary for a student to be successful in the course.

The college’s registration process allows for prerequisite checking by computer. Students attempting to enroll in the computer-checked courses will be blocked from registration if they do not meet the specified prerequisites. Students are responsible for meeting prerequisites as stated in the class schedule and college catalog. See a counselor for assistance in determining eligibility for a specific class.

Assessment results from other colleges may not be used to meet prerequisites, so new students must arrange to take Chaffey’s assessment testing prior to registration. Students who have completed prerequisite courses at another college or in high school must bring a copy of their transcripts from that institution to the Counseling Department on the Rancho campus or have a transcript on file in the Admissions Office, and complete a Prerequisite Validation Form (available in the Counseling Department and on the Chaffey College website) prior to registration. The validation forms are also accepted at the Chino and Fontana campuses, but are faxed or mailed to the Rancho campus to be processed. Some requests may require up to 7 business days to process but are usually processed within 48 hours. Students should receive notification of the decision by email or mail within a week of processing. If approved, the student will be allowed to register during their registration period.

Students who are enrolled in the prerequisite course at Chaffey at the time of their registration will be permitted to enroll in the subsequent course. Students who do not pass the prerequisite course will be dropped by the Admissions Office prior to the start of classes. Any student planning to clear a math prerequisite for a math course by using their high school transcript must complete a Prerequisite/Corequisite Challenge form. See the section on Prerequisite/Corequisite Challenge for more information.

Prerequisite/Corequisite Challenge:
Prerequisites for courses will be enforced according to college policy. Students have the right to challenge prerequisites on the following grounds:
1. A prerequisite for a course necessary for graduation, transfer, or a certificate is not offered and the unavailability of that prerequisite poses a hardship.
2. The prerequisite has not been validated.
3. The student has the knowledge or ability to succeed in the course despite not meeting the prerequisite.
4. The prerequisite is discriminatory or being applied in a discriminatory manner.

The student must provide appropriate documentation when filing a challenge. Documentation may include, but is not limited to, high school or college transcripts, additional test results, work experience, or writing sample. Prior enrollment in the course does not exempt a student from the current prerequisite of that course.

Students who wish to challenge a prerequisite must submit a Prerequisite/Corequisite Challenge form. The form must be filed in the Counseling Department up to one week prior to the beginning of each term.

Prerequisite/Corequisite Challenge Process:
1. Complete the Prerequisite/Corequisite Challenge form and attach documentation to establish your right to challenge this prerequisite/corequisite request. Examples of documentation include official or unofficial high school and/or college transcripts, international transcripts, certificates, test scores, etc.
   a) If you are attempting to use high school coursework to meet a course prerequisite, attach a copy of your high school transcript to verify the coursework completed.
   b) To challenge a math course, you must submit a copy of your Chaffey College assessment test results, along with high school or college transcripts attached to your challenge form.
2. Meet with a counselor in the Counseling Department to assess whether you will benefit from the challenge process.

3. Register on or after your registration date. (Refer to the schedule of classes for the last day to add.)

4. The department coordinator will approve or deny the challenge within three (3) business days.

5. For approved challenge decisions, your form will be mailed back to you and you will be allowed to remain in the class.

6. For denied challenge decisions, you will be notified by telephone or email and your form will be returned to you by mail. The Matriculation Specialist will remove the prerequisite/corequisite course from your record, the Admissions Office will drop you from the class, and the Cashier's Office will process your refund.

7. If you wish to appeal the denied decision, you may do so by contacting the Dean in the school/department for the course you have challenged.

More information is available through the Counseling Department and the Chaffey College website. Questions regarding the challenge process should be directed to the Counseling Department at (909) 652-6200.

**LIMITATION ON ENROLLMENT**

A limitation on enrollment, such as a TB test, CPR certification and others, is a non-course requirement for entry into a course or educational program, without which a student will not be permitted to remain in the selected course or program. These requirements are frequently (but not always) driven by health and safety regulations and/or mandates by outside accrediting/licensing agencies.

**ADVISORY**

An advisory is defined in Title 5, section 55200 as: “A condition of enrollment that a student is advised, but not required, to meet before or in conjunction with enrollment in a course or educational program.” Since an advisory is not required, students will not be blocked from enrolling in a class if they do not meet the conditions of the advisory.

**COUNSELING AND MATRICULATION**

Students are encouraged to meet with a counselor within their first six months at Chaffey College to develop a Student Educational Plan (SEP). Counselors will recommend appropriate coursework based on assessment results, review of previous college work and other information provided by the student. Appointments for an individual meeting with a counselor can be made by calling the Counseling Department at (909) 652-6200 or by visiting our website at www.chaffey.edu/counseling. For information on additional services provided by the Counseling Department, please refer to the Student Support Services section.

Matriculation services at Chaffey College are intended to assist students in establishing appropriate educational goals and to provide support services to help them achieve these goals. Students will be provided an evaluation of foundation skills, orientation, counseling, an educational plan, and follow-up services.

New students are required to complete assessment and orientation before their registration date. Students must see a counselor for an educational plan within their first six months at Chaffey. High School Dual Enrollment students must complete assessment, orientation, and counseling before they may register for classes.

**ASSESSMENT OF FOUNDATION SKILLS**

Assessment testing is required for placement into English, ESL, mathematics, and reading courses. Placement levels are based on a combination of test scores and other educational background information. Accommodations are available for individuals with disabilities. Chaffey uses multiple measures to place students into English, ESL, mathematics, and reading courses.

Testing facilities are available at all Chaffey campuses; specific dates and times can be obtained from the schedule of classes or by calling the Counseling Department at (909) 652-6200 or by visiting our website at www.chaffey.edu/counseling/assessment.

**RE-TESTING PROCEDURES**

Students may take the assessment test no more than twice during their enrollment at Chaffey College. Students must wait three months after their initial assessment before re-testing.

**ORIENTATION**

Orientation is available online and may be completed in the testing center at the conclusion of the assessment test. Orientation introduces students to college services and educational programs and provides information on college policies, enrollment procedures, and important deadlines. Group sessions are arranged for specific groups such as international students and ESL students. Contact the Counseling Department at (909) 652-6200 for more information or check the college website at www.chaffey.edu/counseling. Students interested in a more detailed orientation and/or instruction in college success skills may enroll in a Guidance course.

**STUDENT RIGHTS AND RESPONSIBILITIES**

Students are entitled to certain rights under matriculation procedures. These rights include: retaking the assessment test; being informed of any District investigations of complaints challenging matriculation regulations; being provided alternative services according to language or disability needs; and filing a complaint of unlawful discrimination if they feel the assessment, orientation, counseling or any other matriculation procedure is being applied in a discriminatory manner.

Matriculation requirements also include certain student responsibilities. Upon admission to the college, students must express a broad educational goal and provide transcripts from previous college work. They are encouraged to complete assessment and orientation prior to registering for classes and must develop a Student Educational Plan (SEP) with a counselor within their first six months at Chaffey College. Students are responsible for attending class, completing their assignments and coursework, and maintaining progress toward their educational goal.

**EXEMPTIONS AND REFUSAL**

Students may be exempt from matriculation services if they:

- Have earned an associate degree or higher (diploma or transcripts required), or
- Have completed certain coursework at another college (transcripts required), or
- Will enroll in one course only, with no intention of earning a degree at Chaffey, or
- Will enroll in performance/activity courses only.

Students have the right to refuse matriculation services and choose not to participate in assessment, orientation, and/or counseling. A student wishing to be exempt from these services based on one of the above criteria or wishing to decline participation must contact the Counseling Department to complete the necessary documentation. Students concurrently enrolled in high school and participating in the High School Concurrent Enrollment are not eligible for exemptions and cannot refuse matriculation services. Students who have previously chosen to refuse matriculation services may reconsider and participate at any time.
FEES
As a publicly supported community college, Chaffey provides low-cost education; students pay nominal fees at registration. In order for students not to be denied access to a college education, the college offers Financial Aid to assist with financial obligations. Fees are assessed each term. Fees can be paid via MyChaffeyVIEW online system, in person, or by mail. Fees may also be paid via the FACTS Deferred Payment Plan. For more information on the FACTS plan, please visit the website at www.chaffey.edu/cashier/facts.shtml. All fees are due at the time of registration. These include Enrollment fees, Health fees, College Services fee (optional), Materials fees, and if applicable, Non-Resident fees. Fees may be paid via cash, check, money order, VISA, MasterCard, or Discover. Stopping payment on a check, account, entry error or insufficient funds does not constitute a withdrawal from classes and will result in a $25.00 charge.

Fees are subject to change. Consult the schedule of classes for the most current information.

ENROLLMENT FEE (Tuition)
$36.00 per unit for California residents.

NON-RESIDENT ENROLLMENT FEE
Non-resident tuition will be charged to students who have not established residency in the State of California for a period of one year prior to the day before classes begin. Non-Resident Enrollment Fee (U.S. Citizen and Non-U.S. Citizen) $249 per unit ($183 per unit, plus $30 capital outlay charge, plus $36.00 per unit enrollment fee)

HEALTH SERVICES FEE
$17.00 Fall and Spring; $14.00 Summer (Non BOG Waiver students). This fee funds the Student Health Services Program. Certain laboratory tests and medications may require an additional fee. Usual clinic hours are 7:30 a.m. to 4:30 p.m., Monday through Friday. Evening appointments may be available. Services of physicians, nurse practitioners, and counselors are available by appointment by calling (909) 652-6331. Pursuant to section 76355 of the Education Code, students who can provide documentation of active membership in a religious organization that relies exclusively on prayer for healing may request to have the Health Fee waived. Applications for waiver are available in the Student Health Services office. BOGW (Board of Governor’s Fee Waiver) eligible students will be responsible for all or a portion of the Student Health fees.

Please refer to the payment chart at www.chaffey.edu/cashier/fees.shtml.

COLLEGE SERVICES FEE (Optional)
$8.00 Fall and Spring; $5.00 Summer. This fee funds Associated Students of Chaffey College (ASCC) programs and activities throughout the academic term, including (but not limited to):

• Annual scholarships (applications are available in the Office of Student Activities at the beginning of Spring semester)
• Lectures, special cultural events, and a variety of service projects for students and the community.
• Discount tickets to major attractions
• Opportunity drawings and giveaways
• $75,000 emergency book grants
• Campus improvements
• $40,000 in department grants

PARKING (required on the Rancho Cucamonga, Chino, and Fontana Campuses)
• Auto Parking:
  - $40.00 Fall and Spring
  - $20.00 Summer
  - $20.00 Fee Waiver Students
• Motorcycle Parking: $15.00
• Daily Permits: $2.00

SUPPLEMENTAL
(this is not a complete list of fees; complete list is available from the Budgeting Services Office)
• Library materials replacement: $25.00
• Library materials rebinding: $15.00
• Replacement of diploma or certificate: $10.00
• Returned check fee and/or stop payment fee: $25.00

MATERIALS FEES
Most courses require a material/instructional usage fee. Charges vary and are subject to change. Students should consult the current Schedule of Classes for fee amounts, which are noted under the appropriate class description. Material fees are due at the time of registration and are not subject to waiver.

REFUND POLICY
Automatic Refund Process
Refunds will be processed automatically for the following:
• Credit amounts of $20 or more
• Classes canceled by the college
• BOG Waiver reimbursements (No refund request required).

Automatic refunds will be processed after the last day to add full term classes and will be received within 45 business days. Students will receive a refund check by mail for payments made by cash, check or money order. To ensure prompt delivery, the student must verify that his/her address is correct on MyChaffeyVIEW. If payment was made with a credit card, the refund will appear as a credit on the student’s statement.

Eligibility Requirement for Refunds
A student is eligible for a refund if he/she drops the class by the published refund deadline. The refund deadline date can be found on the registration receipt available on MyChaffeyVIEW. A student must officially drop or withdraw from a class before ten percent (10%) of the class length has passed. The following fees are subject to refund: enrollment, health, materials, college service, and non-resident tuition.
(California Code of Regulations, Title 5, Section 58508).

Students must review the Registration Receipt for specific refund dates. The Registration Receipt is available on MyChaffeyVIEW.

Refund for Parking Permits
The parking permit must be returned to the Cashier’s Office on or before the appropriate refund deadline date for the current semester.

Refund for Canceled Classes
If the college cancels a class, students will receive a refund automatically. (No refund request required.)

Financial Aid BOG Waiver Account
Re-Bill/Reimbursement
Students who paid for classes prior to receiving a BOG Waiver will receive a refund 45 business days from the day the BOG Waiver is processed. The BOG Waiver must be processed and posted to the student’s account by the last day of the current semester. For information related to waiver of enrollment fees, contact the Chaffey College Financial Aid Office at 909/652-6199.

Refund Policy for Amounts Less than $20
Refunds for credit amounts less than $20 are not automatic and a request for said refund must be initiated by the student:
• A refund request for a credit amount less than $20 must be received by the Cashier’s Office by the last day of the current semester.
• To make a refund request, the student must send an email to cashier.staff@chaffey.edu.
• For security reasons, the following information is required: Student’s full name Chaffey ID Number

Refund credit amount (see your registration receipt on MyChaffeyVIEW)
When all the required information is received, the Cashier’s Office will begin the refund process for the student. Refunds will be received within 45 business days from date of the email request.
FINANCIAL RESPONSIBILITY
Student grades, transcripts, enrollment and degree verifications, diplomas, and registration privileges will be withheld pending settlement of any outstanding obligation to the college. Past due fees must be paid by cash, money order, cashier’s check, Visa, or Mastercard. Failure to pay any outstanding balances will result in the student’s name being submitted to the Franchise Tax Board for collection.

FINANCIAL AID

The Financial Aid Office administers a number of programs funded by the federal, state and private sources designed to help students with limited resources meet their educational expenses. Programs include grants (Pell Grants, FSEOG, Cal Grants B & C), fee waivers (BOGW), federal work study, Chaffey Grants and scholarships. Refer to Funding Sources for more detailed information of each type of aid available. All Chaffey College students may be eligible for some form of assistance based on their financial need and may apply for aid by filing a Free Application for Federal Student Aid (FAFSA).

HOW & WHEN TO APPLY

Students must apply or reapply every year for financial aid by completing the Free Application for Federal Student Aid (FAFSA) which is available online at www.fafsa.gov. Students can apply for federal and state aid as early as January 1 for the new academic year. The ideal time to apply is between January 1 and March 2 to assure your application is processed in timely manner in preparation for fall and spring terms. The priority deadline to apply is March 2nd, however, you can still apply after this date. Filing after the priority deadline may make students ineligible for certain types of aid. Once results are received by the Financial Aid Office, you will be contacted via email to submit a copy of your FAFSA results electronically. Once results are received by the Financial Aid Office, you will be contacted via email to submit a copy of your (and your parents if you are a dependent student) signed federal tax returns if selected for verification. You will receive an email notification through MyChaffeyView at www.chaffey.edu/chaffeyview indicating if awards are available or if additional documentation is needed. Use the “My Documents” section to view if further information is needed. Be sure to update your admissions records with a valid email address.

Basic Financial Aid Eligibility
- must be enrolled in a degree, certificate, or transfer program
- be a U.S. citizen or an eligible non-citizen, such as a permanent resident
- have a valid SSN
- have a high school diploma, GED or pass the Ability to Benefit (ATB) test or satisfactorily completed 6 credit hours of coursework applicable towards a degree or certificate program (transfer units are acceptable but must be verified by Chaffey Counseling Dept.)
- demonstrate financial need
- maintain Satisfactory Academic Progress (SAP)
- register with the U.S. Selective Service (if you are male 18 – 25 years)

FUNDING SOURCES

BOG Fee Waiver
The Board of Governors Fee Waiver (BOGW) program is available for qualified California residents. The BOGW waives the mandatory enrollment cost per unit and a portion of the parking fee. Fee waivers do not apply to class material fees or the College Services fee. Students are responsible for making sure all fees have been paid.

The BOG Fee Waiver is financial aid that does not have to be repaid. Students may be eligible for a fee waiver, even when not eligible for other types of financial aid. BOGW applicants do not have to be enrolled in a minimum number of courses. Whether students enroll in 1 unit or 21 units, the enrollment fees may be waived. Applicants need only apply once to have fees waived for the entire academic year. To apply, fill out the FAFSA online. The Financial Aid Office will receive the results of the FAFSA and award the waiver automatically to eligible students. Awards may be viewed via MyChaffeyView at www.chaffey.edu/chaffeyview. Students who are currently receiving benefits from TANF/CalWorks, SSI/SSP, General Relief, or a certified veteran dependent by California Department of Veterans Affairs are eligible for a BOGW. A current proof of benefits (dated with the past 30 days) must be provided to the Financial Aid Office to obtain a BOGW application. We strongly suggest you complete the FAFSA so that we can determine if you are eligible for other types of aid.

Federal Pell Grants
Federal Pell Grants are need-based and awarded to every undergraduate student who qualifies. In most cases, these grants DO NOT need to be paid back (see repayment or R2T4 section). These grants may be used for tuition, fees, books, transportation, and living expenses. The amount of the Pell Grant disbursed is based on your Expected Family Contribution and enrollment status. You may even receive a Pell Grant if you attend school less than half-time provided you are otherwise eligible. Pell Grant awards can range from $555 to $5550 a year. You will automatically be considered for the Pell Grant when you apply and file your FAFSA.

Federal Supplemental Educational Opportunity Grant (FSEOG)
Federal Supplemental Educational Opportunity Grant is a need-based federal grant available to undergraduate students with the highest need. Priority is given to Pell Grant recipients with a zero Expected Family Contribution (EFC) who meet the priority filing deadline (March 2nd). Funding for this program is limited with a maximum amount of $1000 for the academic year.

Federal Work Study (FWS)
Federal Work Study is a need-based federally funded part-time employment program which allows eligible students to earn money to help pay for educational expenses. Students may work up to 20 hours per week and earn a monthly paycheck. Federal Work Study awards are determined by financial need and are available to students enrolled in six (6) units or more per semester. FWS job listings are posted in the Student Employment Office for eligible FWS students and are filled on a first-come, first-served basis.

Cal Grants
Cal Grants are state funds awarded in addition to the Federal Pell Grant. Cal Grant recipients are selected by the California Student Aid Commission (CSAC). To apply for the Cal Grant program, you must meet the requirements for the federal Pell Grants, submit the FAFSA and a Cal Grant GPA Verification form to CSAC by March 2nd (priority deadline). If you do not meet the March 2nd priority filing deadline, you may have a second chance to compete for a Cal Grant by
filing the FAFSA and GPA Verification form by September 2nd. There are three (3) types of Cal Grants: Cal Grant A, B and C.

Cal Grant A assists with tuition fees and can be used at four-year institutions. If you receive a Cal Grant A award but choose to attend a California Community College first, you may reserve your award for up to three years until you transfer to a four-year college. It is known as “CC Reserve,” but you must contact CSAC to place it on reserve. When you transfer, be sure to let the Financial Aid Office where you are transferring to and CSAC know that you have a “CC Reserve” grant. 

Cal Grant B assists low-income students attending community colleges with living expenses and books. The award is $1551 for the year and may be used for books, living expenses and transportation.

Cal Grant C assists students with tuition and training costs for technical, occupational, vocational or career training programs. The award includes up to $576 for books, tools and equipment. Funding is available for up to two years, depending upon the length of the program. To qualify, you must enroll in an occupational, technical or vocational program that is at least four months long at a California Community College. To find out more information visit www.csac.ca.gov.

Chaffey Grant
The California Chaffey Grant Program awards up to $5000 annually to eligible foster youth and former foster youth between the ages of 16 and 22 years to use for college courses or vocational school training. The Financial Aid Office disburses Chaffey Grant in accordance with the regulatory statutes of this program. For more information visit www.chaffey.csac.ca.gov.

Scholarships
Scholarships are usually, but not always, based on a combination of need and merit. Some scholarships are based on your major, community service, educational goals or other criteria. Scholarships do not need to be paid back. Available scholarships are listed year-round on the Financial Aid website (www.chaffey.edu/foundation/scholarships). Students may also contact Student Activities and the Chaffey College Foundation office for other available scholarship opportunities.

Satisfactory Academic Progress
Students who receive financial aid at Chaffey College must maintain the Standards for Satisfactory Academic Progress. The Chaffey College Standards for Satisfactory Academic Progress measure a student’s qualitative and quantitative progress toward the certificate or degree program for which they are receiving financial aid. Students may lose eligibility for some aid programs for failure to satisfy the minimum qualitative and quantitative requirements as outlined in the Standards for Satisfactory Academic Progress.

It is imperative that students understand their responsibility to maintain the Standards for Satisfactory Academic Progress. Students are encouraged to meet with an academic counselor to develop a Student Educational Plan and adhere to the plan in order to ensure compliance with this requirement.

RETURN TO TITLE IV (R2T4)
In the event that a financial aid recipient at Chaffey College enrolls in coursework and then completely withdraws from all coursework, federal regulations require that Financial Aid Office performs a calculation to determine how much financial aid the student has earned based on his/her last day of attendance. This calculation is called a “Return to Title IV” calculation. (Title IV refers to Federal Financial Aid programs). The Financial Aid office performs the calculation within 30 days of the date that it became aware of a student’s withdrawal status.

In the event that a student has not earned all of the aid that was disbursed, the student may be required to return some of the financial aid received. The student will be notified in writing of the requirement to return financial aid funds. Students who fail to repay the funds within the established timeframe will be reported to the Department of Education and will be ineligible for financial aid at any institution until the amount owed is repaid in full.

Withdrawn Students
Financial aid recipients who may need to withdraw from classes are encouraged to discuss the consequences of their withdrawal with a financial aid advisor.

Students who fail to attend classes are not eligible for federal financial aid and must repay all financial aid funds received for the term in which they failed to attend.

POST WITHDRAWAL DISBURSEMENTS
In some cases, when a Return to Title IV calculation is performed, the Financial Aid Office may determine that a student earned more financial aid than was disbursed prior to the student’s last day of attendance. In this case, a student may qualify for a “Post Withdrawal Disbursement”. The Financial Aid Office will disburse funds within 45 days of the determination that the student is eligible to receive a Post Withdrawal Disbursement. This process is in compliance with regulatory requirements that govern the federal financial aid programs.

Home schooled students must have a signature of a school affiliate on their High School Certification Form. Home schooled students who are not able to obtain a school affiliate signature must achieve the following scores in each area of the Chaffey College assessment test: Reading 55, English 60, Arithmetic 34. If the preceding scores are not achieved, the student may not retake the test until the following semester.

The student’s registration date student ID number, and a link to the High School Registration Packet will be included in their registration letter which is sent by e-mail. Students may not register until they have completed all the steps in the registration packet including returning all required documents and completing assessment, orientation, and counseling.

The High School Certification Form must be completed by the high school principal or designee. Only this person may complete the area of the form listing the recommended courses, which cannot be remedial in nature (courses numbered 500-599). Enrollment in P.E. Activity courses and P.E. Team courses are restricted to adult students who are no longer enrolled in high school. However, high school students may continue to enroll in P.E. Lecture courses such as PELEC 15 – “Diet and Fitness” with the permission of the high school counselor or designee. All high school students participating in the High School Partnership Program must attend the first day of class. Both the principal or designee and the student must sign the Certification Form.
The Parental Advisory Form must be completed and signed by the parent or legal guardian. The Emergency Contact/Internet Usage and Waiver of Liability Forms must be completed and signed by the parent or legal guardian and the student. All of the above required documents must be returned to the Admissions Office, along with official high school transcripts. Students should fulfill all the High School Partnership requirements at least two weeks prior to the student’s assigned registration date to avoid registration delays.

High school students must register in person in the Admissions and Records Office at any Chaffey College campus on or after their assigned registration date. Up to eight units may be taken per term, selected from the recommended courses on the High School Certification Form. Enrollment, health, and college service fees are waived for high school students who reside in and/or attend a high school within the Chaffey College District. Other costs (e.g., materials fees, books, parking) must be paid by the student.

High school students who reside in California but outside of the Chaffey College District must pay all fees including resident enrollment, health, and college service fees. High school students classified as non-residents of California (for tuition purposes) and/or the United States must also pay out-of-state tuition fees.

All high school students participating in concurrent enrollment must attend the first day of class. For more information on high school concurrent enrollment, visit our Web site at www.chaffey.edu and select the High School Partnership link. For information on assessment, orientation and counseling, contact the Counseling Department at (909) 652-6220.

HIGH SCHOOL APPEALS PROCESS
The appeals process applies to high school students who do not meet the high school admissions criteria, but have strong potential for academic success in a college setting. For more information on the appeals process, visit our Web site at www.chaffey.edu and select the High School Partnership link. For information on assessment, orientation and counseling, contact the Counseling Department at (909) 652-6220.

HIGH SCHOOL TECH PREP PROGRAM
High school students participating in Tech Prep courses may be eligible to earn Chaffey College placement or credit. For additional information, contact the high school counselor or the Chaffey College Articulation/Tech Prep Office at (909) 652-6510.

STUDENT CLASSIFICATIONS AND PROGRAMS

AIR FORCE RESERVE OFFICER TRAINING CORPS
Air Force Reserve Officer Training Corps (AFROTC) is offered through an agreement with the University of Southern California (USC). The program is open to most students pursuing an undergraduate or graduate degree with at least 2.5 years of school remaining. Competitive one- to four-year scholarships valued at up to 100% of tuition and fees are available to qualified applicants. Additionally, students may be eligible to receive money to cover the cost of books as well as a monthly tax-free stipend of up to $500 per month. Classes are offered on the USC and Harvey Mudd College campuses and include one hour of academics for freshman and sophomores and three hours of academics for juniors and seniors. All students will also participate in two hours of leadership laboratory and undergo practical leadership training and development as Air Force officer candidates. Students who successfully complete the program will commission as an officer into the United States Air Force upon graduation. Students who qualify for and are selected to enter competitive programs including Air Force pilot, navigator, air battle manager, medical, and nursing career fields will be given specialized training following entry into the Air Force. For more information contact the USC Department of Aerospace Studies at (213) 740-2670 or visit www.usc.edu/afrotc.

AMAN/AWOMAN
“Connect to Succeed” is the philosophy of the AMAN/AWOMAN Project. This project is a culturally responsive approach to reaching students and providing an environment to survive and thrive. Participants receive a variety of tools and resources that will assist them in navigating the Chaffey College campus and completing their goals. Through mentoring and counseling, students from a wide variety of backgrounds are connected to strategies and activities that promote achievement and self-esteem. Although the program is specifically designed to assist African-American students, all students are welcome to join. For more information, contact Donna Colondres at (909) 652-6510.

CALIFORNIA INSTITUTION FOR WOMEN (CIW)
The college has partnered with the California Institution for Women in Chino (a state correctional facility) to provide education to a select cohort. The students follow an educational plan which leads to an Associate of Arts degree in Liberal Arts and prepares them for transfer to four-year institutions. All courses are taught through distance education by Chaffey faculty (e.g., taped lectures on campus and written correspondence) because of state restrictions on face-to-face instruction in a facility closed to the public. By working through the Extended Opportunities for Students (EOPS) program, the college ensures that the CIW students receive the same services traditional students enjoy. The prison has a Success Center, tutors and a small computer lab available to increase academic success.

COOPERATIVE EDUCATION (WORK EXPERIENCE)
Cooperative Education/Work Experience provides students with the opportunity to use their part-time, full-time, or internship position to earn elective credit. On-campus work-study positions also qualify. Students obtain practical on-the-job experience and knowledge related to their career or educational goals. Students gain an understanding of the relationship between classroom theory and the world of work and improve their career development skills and their employment opportunities while enrolled in Cooperative Education. Under the supervision of college faculty and the job supervisor, students prepare a job-related learning agreement which serves as a guide to their Cooperative Education experience.

The Cooperative Education Office is located in the on the Rancho Cucamonga Campus co-located with the Student Employment Office within the Global Career Center. Students may contact the Cooperative Education Office at (909) 652-6190 to schedule an appointment or to obtain office hours.

EARLY ALERT
In order to assist students when they need support, Chaffey College uses an Early Alert System that allows an instructor to notify students if their success in a course appears to be in jeopardy. This system is designed to provide students with individualized attention while there is still time to successfully complete their course. The Early Alert Office may send a letter or email, followed up with a telephone call, to discuss classroom performance and on-campus resources.

HONORS PROGRAM
The Honors Program offers enriching experiences to improve the quality of education, provide challenges, and motivate academically talented students who strive for advanced academic achievement toward established long-range educational goals. Students are offered courses with particular rigor and subject enrichment, along with opportunities for involvement in service activities. Additionally, these students may be given guaranteed transfer priority to those...
colleges with articulated agreements with Chaffey. Transcripts of graduating honors students document that students have earned honors credits - records are highly regarded by any accredited college or university. Chaffey College has articulated Honors Program agreements with certain UCs, CSUs and private colleges and universities. A complete list is available in the Honors Office in SSA-145.

Affiliation
Chaffey is a member of the National Collegiate Honors Council, the Western Regional Honors Council, and the Honors Transfer Council.

Criteria for Enrollment
• High school GPA of 3.2 or college GPA of 3.2 after the minimum of 12 units of transferable courses.

Plus one of the following:
• Two letters of reference from high school or college faculty members which address a student’s academic abilities and motivation.
• Combined SAT score of 1000 or above, or ACT score of 26.
• Successful completion of two Chaffey honors courses with grades of A or B, or completion of three advanced placement classes in high school.
• Evidence of special competence or creativity.
• Nomination by a Chaffey faculty member.

Criteria for Fulfillment of Honors Program
• GPA of 3.2 in transferable courses.
• GPA of 3.2 in honors courses.
• Completion of 18 semester units in Chaffey Honors Program (up to 6 units may be accepted from another institution).
• Completion of Associate Degree, or fulfillment of admissions requirements to a 4-year institution.
• Submission of “Intent to Complete Honors Transfer Program” form.
• Community service and enrichment activities.

Student Honor Society
Phi Theta Kappa is the national student honor society. Honor students with a 3.50 cumulative GPA may become members of Phi Theta Kappa and may graduate with honors.

INTERNATIONAL STUDENTS
Chaffey College welcomes students from all over the world. Approximately 200 students from 37 countries are enrolled at Chaffey College and provide cultural enrichment to the college community. An international student is defined as a student who has entered the United States temporarily and solely for the purpose of study, and has a permanent residence in another country that he/she has no intention of abandoning. These individuals must contact the International Student Office in Campus Center East, Room 40C, on the Rancho Cucamonga Campus or check the program’s website at www.chaffey.edu/international before starting the registration process. Individuals on a B1/B2 Visitor’s Visa may not enroll in classes at Chaffey College, however, prospective students holding any type of Visa may obtain information from the International Student Office.

A variety of services are provided to international students, including guidance and assistance to maintain F-1 (student visa) status, information and assistance regarding change of status processes, academic guidance, career development, housing/homestay referrals, social and cultural activities and many other services geared to meet the specific needs of international students attending Chaffey College.

A mandatory medical insurance program requires all international students purchase a medical plan. Medical insurance is included as a mandatory fee, requiring payment prior to registering for classes. Failure to obtain insurance will result in delays or holds for registration and the release of official records.

The International Student Office is located in Campus Center East, Room 40C, on the Rancho Cucamonga Campus. Applications and information regarding admissions and services are available at the office and on Chaffey’s website: www.chaffey.edu/international.

Usual Office Hours Are:
Monday - Friday
8:00 a.m. to 4:30 p.m.

For appointments and information regarding the program, students may call the International Student Office at (909) 652-6195 or e-mail the office at intlstudents@chaffey.edu.

Transcript Evaluation for International Transcripts:
Chaffey College accepts the following Transcript Evaluation Services of international transcripts:
• Academic and Professional International Evaluations, Inc.
• Academic Credentials Evaluation Institute
• American Education Research Corporation (AERC)
• Educational Credential Evaluators, Inc.
• Educational Records Evaluation Service
• Institute for International Credentials Evaluation at CSU Fresno
• International Education Research Foundation, Inc. (IERF)
• World Education Services, Inc. (WES)

Note: Credits from an evaluation service are counted as earned credits only. Grade point averages from foreign institutions are not included on the Chaffey academic transcript. For specific information, contact the Admissions and Records Office.

ONLINE TO COLLEGE
Chaffey College’s Online to College program is a collaboration among the Montclair Community Collaborative, City of Montclair, Ontario-Montclair School District, Chaffey College Foundation, Montclair businesses, and participating schools.

The program is designed to prepare and educate the community that attending college is a viable option for their youth. Beginning in 5th grade, students from Lehigh, Kingsley, and Monte Vista elementary schools are introduced to college through classroom presentations and Chaffey College campus tours. As students enter Vernon or Serrano Middle schools, age-appropriate curriculum is introduced to students and their parents to enhance their knowledge about college. When students enter Montclair High School, the Chaffey College Online to College team is ready to assist them with the transition into college through workshops, assessment testing, educational planning, after-school college courses and weekend programs. Since the introduction of the program, and having the first cohort graduate from high school in 2005-2006, the college-going rate for Montclair students has increased 24%. Over 3,100 students participate annually in the Online to College program. For more information about the program, please call (909) 652-6113.

OPENING DOORS TO EXCELLENCE
Chaffey College offers a comprehensive program to assist students experiencing academic difficulty. Opening Doors assists students on second level probation. Smart Start assists students whose assessment results indicate that they could benefit from additional assistance in transitioning to the college experience. Project Second Chance provides support for individuals who did not graduate from high school and want to continue their education at Chaffey College.

These programs offer specialized counseling, orientation and information sessions, guidance courses and directed learning activities at the Success Centers to help students overcome the challenges of attaining good standing with the college. For more information, contact the Opening Doors to Excellence program at (909) 652-6201.
PUENTE PROJECT
An outgrowth of the Puente Project founded in 1981 at Chabot College in Hayward, the Puente Project is designed to provide individual assistance to students interested in transferring to four-year colleges and universities. Puente students are provided with intensive English instruction, focused personal counseling, introductory tours of UC and Cal State campuses, and helpful personal mentoring. Every element is an essential part of the Puente experience.

Prospective students must be eligible for English 450 at the time of application, and must write an essay describing their academic and career goals, and how participation in Puente would assist in their success. Applications and essays are evaluated by the Puente Program faculty, who select 30 students each year for participation in the program.

More information and application forms are available in the Counseling Department at the Rancho Cucamonga Campus. Puente Project contacts are Professor Monica Molina at (909) 652-6208. Students may also visit www.chaffey.edu/puente and apply online.

VETERANS
Veterans and dependents eligible for chapter benefits should apply for those benefits in the Admissions and Records Office.

The Veterans Administration (VA) specifies a minimum load for educational benefits (these apply to full term classes only; see Veterans Certifying Official for information regarding short-term classes):

**FALL AND SPRING**
- 12 units or more: Full-time Student
- 9-11 units: 3/4 time Student
- 6-8 units: 1/2 time Student
- Less than 6 units: Less than half time

**SUMMER:** see Veteran’s officer in Admissions and Records for unit requirements.

All veterans and eligible dependents who wish to receive VA educational benefits while attending Chaffey College are required to meet with a counselor for a Veteran’s Program Check. Official transcripts of all previous college work must be evaluated prior to this meeting.

Veteran students may request priority registration; however, students wishing to collect benefits must first meet with the Veteran Certifying Office in Admissions and Records to begin the process. Students not wishing to collect benefits may request priority. For additional details, please go to www.chaffey.edu and click on Veteran Services.

If the grade point average of a student who is receiving VA educational benefits is below the graduation requirement of 2.0, the student will not be certified for VA educational benefits until his or her academic status is restored to good standing. Students with GPA’s less than 2.0 may be certified for one semester under probationary status. The student may be certified for up to two terms on probation, provided the student has shown marked improvement upon completion of the probationary term as defined in the Conditions for Improvement. If after the second probationary term the student’s cumulative grade point average does not meet the graduation requirement of 2.0, the student will not be certified until the Conditions of Re-entry for Students Receiving VA Educational Benefits have been met.

Conditions for Improvement: If the student’s probationary term grade point average is 2.0 or above, the student may be certified for an additional probationary term, even if the cumulative grade point average does not yet meet the graduation requirement of 2.0.

Conditions of Re-entry for Students Receiving VA Educational Benefits: The student will be granted re-entry for the purposes of VA educational benefits after the student has restored his or her grade point average to the graduation requirement of 2.0.

**Program Changes**
Veterans and eligible dependents are considered the same as all other students in regard to attendance and academic requirements by Chaffey College.

**Military Credit**
A veteran may request credit for military science and tactics. If approved, the student may be granted 2 semester units of elective credit towards graduation for every 180 days of active service (including basic training), to a maximum of 8 semester units (E.C. 78230). A copy of the DD214 or other official documents must be submitted to the Admissions and Records Office to verify length of service and honorable discharge. The DD214 is also used to clear Area E on the CSU-GE pattern (per CSU Executive Order 1035). Elective credit toward graduation from Chaffey College for service schools completed while serving in the Armed Forces, Armed Forces Reserve, or National Guard may also be requested. A separate request for evaluation must be submitted for each school completed and exact information must be provided to complete a proper evaluation and verify completion of service school training. A maximum of 15 semester units for basic training plus service schools completed may be granted to a veteran toward graduation from Chaffey College.
ACADEMIC INFORMATION

DEFINITIONS

CATALOG RIGHTS/MATRICULATION
Requirements shown in this catalog apply to any student entering (matriculating) Chaffey College during the Fall 2011, Spring 2012, or Summer 2012 terms. Catalog rights apply only to the courses comprising the General Education requirements. Other requirements such as minimum grade point average for admission to a program, course prerequisites and corequisites, textbooks, course content, software, etc., may change over time at the discretion of the college.

UNIT OF CREDIT
The California State Education Code defines a college unit of credit as approximately one hour of class plus two hours of study per week, or three hours of laboratory per week, carried through the term.

UNIT LOAD
The number of units a student enrolls in each semester. An average of 15 units each semester is necessary for a student to progress at a rate which may lead to graduation in four semesters (two years).

To be considered a full-time student, a student must carry a minimum of 12 units per semester.

ATTENDANCE AND PARTICIPATION

GENERAL
Ideally, students are expected to attend every meeting of every class for which they are enrolled.

Instructors may develop specific policies and procedures related to attendance and participation for their individual classes. These policies and procedures are distributed to students, in writing, at the beginning of the term, and it is expected that students will adhere to the standards set forth.

FIRST CLASS MEETING
Students are required to attend the first meeting of each class in which they are registered or they may be dropped from the class. Students taking online classes are required to log in on their required day and time to satisfy the first class meeting requirement.

NOTE: Please remember, it is a student’s responsibility to drop or withdraw from classes in which they are registered but cannot attend.

ABSENCE FROM CLASS
The student is responsible for completion of the required assignments. Should a student find it necessary to be absent from class, he or she should make arrangements with the instructor before the absence to complete all assignments for the class missed. It is an instructor’s option to provide makeup quizzes, examinations, lectures, or lab work missed due to absence.

DISTANCE EDUCATION
Chaffey College has an extensive course listing in several different distance education modalities and offers several certificates that can be obtained via distance education. Distance education courses are taught by distinguished Chaffey faculty and fulfill general education, elective and/or major requirements. They are academically equivalent to on-campus courses, with some classes transferable to four-year institutions. Chaffey offers two basic types of distance education classes: online and hybrids. In online classes, students attend classes via the Internet. While these classes have due dates and times for assignments, students can attend class anytime or anywhere a computer with Internet capabilities is accessible. Hybrid courses are a combination of face-to-face and online instruction. Students meet on campus on the designated days and times, as well as receive instruction online.

For more information about Distance Education and to determine if you, as a student, are ready for Distance Education class contact the Chaffey College Distance Education office at (909) 652-6975; via e-mail at OnlineEd@chaffey.edu; or visit the Chaffey College website at www.chaffey.edu/onlineed.

FINAL EXAMINATIONS
Final examination hours and dates are published in the schedule of classes. Final examinations for short-term classes are given during the last class meeting or during finals week as published in the schedule of classes. The established final examination schedule cannot be changed without approval from the Vice President of Instruction.

Students may petition to take a final examination at a non-scheduled time due to exceptional circumstances. Petition forms are available in each school office and must include the instructor’s approval and signature.

SCHOLASTIC ACHIEVEMENT

RECOGNITION
Scholastic achievement, leadership, and community service are recognized by Chaffey College through a variety of honors and awards. The majority of these are sponsored by college and community organizations; however, a number are made possible by community organizations.

HONOR LISTS
Two scholastic honor lists are prepared each fall and spring semester.

Exemplary Achievement List:
Students who complete a standard semester with a 3.50 GPA in 12 or more degree applicable units.

Dean’s Honor List:
Students who complete a standard semester with a 3.50 GPA in 12 or more degree applicable units.

Students in each category receive a Certificate of Merit for their achievement from the Office of Student Activities.

HONORS AT GRADUATION
Students who have earned an associates degree and have a 3.50 GPA or above in degree applicable units will graduate with honors. GPA for Honors at Graduation (listed in commencement ceremony booklet) is computed after the Fall semester grades are recorded on the transcript for spring commencement.
VALEDICTORIAN FOR SPRING COMMENCEMENT CEREMONIES

To be eligible for selection as valedictorian for Spring commencement ceremonies, students must have earned an associates degree and a cumulative 4.00 GPA in degree applicable units, and have completed a minimum of 12 degree applicable units at Chaffey College each consecutive term, except the first term in college may be fewer than 12 units.

CREDIT BY EXAMINATION

Chaffey College Internal Examination Testing

Registered students who have substantial prior experience in the content of college-level courses and who can present evidence may petition to receive credit for courses listed in the college catalog which are approved for credit by examination. Any course listed in the course description section of the Chaffey College catalog bearing the designation [Cx] after the course title may be challenged for credit by examination with the consent of the instructor in the appropriate administrative unit and after admissions eligibility criteria are met. A department (discipline area) may establish a limit on the number of courses that may be challenged for credit by examination. Contact the subject area Dean’s office for more information. Credit by examination is subject to the following regulations:

a) The Chaffey Community College District will grant credit to any student who satisfactorily passes an examination in accordance with the credit by examination policy and procedure. Such credit will be granted only to a student who is registered in the Chaffey Community College District; who has earned at least 12 units of credit from Chaffey College; who is in good standing (cumulative GPA 2.0); who has met all course prerequisites; who has not previously received a grade for the course; who is not currently enrolled in the course; and only for a course listed in the college catalog that specifies it may be challenged through the credit by examination policy.

b) Units earned through credit by examination shall not be counted toward the 12-unit residency requirement for graduation.

c) There is a $25 fee for credit by examination testing.

*The credit by examination [Cx] twelve unit course credit requirement is waived for high school students enrolled in articulated tech prep courses.

d) Applications for credit by examination are available in the Admissions Office at any of our three campus locations.

It is the policy of Chaffey College that only unit credit is granted upon successful completion of any of the four options offered above. A grade of P will be issued, which is equivalent to a C or better grade. No letter grade is assigned; no grade points are assigned; thus, it is not computed in the grade point average.

Credit for External Examinations

Chaffey College awards credit for specific examinations and scores of external programs. Approved programs are the College Board Advanced Placement (AP) Examinations, the College Level Examination Program (CLEP) and the International Baccalaureate (IB). Some general education categories for Chaffey College, CSU-GE Breadth and IGETC may be fulfilled by AP and IB examinations with approved scores. Chaffey College and the CSU also recognize certain CLEP examinations/scores toward completion of general education areas. The University of California does not award credit for CLEP examinations.

The institution to which a student transfers determines the total number of units awarded for successful completion of external examinations, and the applicability of the examination to course equivalency, major and other graduation requirements. Students planning to use AP, IB or CLEP credit toward transfer requirements are advised to consult with a Chaffey College counselor, the Transfer Center and the planned transfer institution for information on policies and procedures. Publications and on-line references for the CSU, UC and private institutions are available at the Chaffey College Transfer Center.

Chaffey College recognizes course equivalency for a limited number of AP tests as indicated under “Advanced Placement (AP) Examinations”. Transfer students are reminded that the decision to determine course equivalency is the responsibility of the transfer institution regardless of Chaffey College recognition. Students should consult a counselor before enrolling in any course for which AP, IB or CLEP credit has been granted. Total units awarded may differ from units recognized in a GE category.

Students who would like to use an external examination to meet a prerequisite or receive recognition of course equivalency may file a Prerequisite/Corequisite Validation form to be evaluated by the discipline faculty. Consult with a counselor to determine if equivalency has already been established.

Advanced Placement (AP) Examinations

The General Education AP Examination Table on pages 20-21 provides the title of the AP Examination, minimum required score of “3”, the area in which the AP examination is used in general education requirements for Chaffey College, the CSU-GE Breadth and IGETC, and the number of units awarded for each GE area.

At the time of printing, the listed AP examinations are equated with courses at Chaffey College. This equation is internal to Chaffey College only and does not extend to transfer institutions.

International Baccalaureate (IB)

The International Baccalaureate Organization awards either a diploma or a certificate for individual IB exams. Students who receive IB certificates with a score of 5, 6, or 7 on higher level exams may earn unit credit towards Chaffey College general education, CSU-GE Breadth and IGETC areas. Chaffey College and the CSU recognize some scores of 4 in general education categories.

The International Baccalaureate (IB) Table on page 22 provides the IB examination title, minimum score for Chaffey/CSU and IGETC, 3 semester units awarded for Chaffey, CSU and IGETC general education areas. There are no standard equated courses.

College Level Examination Program (CLEP)

Students who successfully complete CLEP examinations are awarded units by Chaffey College and the California State University. The University of California does not award credit for CLEP examinations. CLEP credit awarded can be applied to the Chaffey College general education and CSU-GE breadth areas. The College Level Examination Program (CLEP) Table on pages 23-25 indicates the CLEP examination, minimum CLEP score (varies between 50 and 63) and 3 semester units awarded for Chaffey General Education categories and CSU-GE breadth areas.
Students may earn credit for College Entrance Examination Board (CEEB) Advanced Placement (AP) Tests with scores of 3, 4, or 5. AP credit can be used to meet IGETC, CSU-GE and Chaffey College general education (GE) requirements. Course credit and units granted at Chaffey College may differ from course credit and units granted by a transfer institution.

### CHAFFEY COLLEGE GENERAL EDUCATION/CSU-GE/IGETC CREDIT FOR IB TESTS

Students may earn credit for International Baccalaureate (IB) tests. IB credit can be used to meet CSU-GE, IGETC and A.A. general education requirements (GE). Minimum test scores may be different for CSUGE and IGETC. Chaffey accepts the IB test score and awards unit credit in accordance with the CSU. Students must have the College Board send IB exam results to the Admissions Office for use on GE patterns. Course credit and units granted at Chaffey College may differ from course credit and units granted by another college or transfer institution.

*If a student passes more than one CLEP test in the same language other than English, then only one examination may be applied to the baccalaureate.

**CHAFFEY COLLEGE GE:** This chart represents CLEP test scores that can be applied to clear general education areas. There is no course-to-course articulation, no course equivalency granted based on CLEP or AP test scores. Chaffey course credit may be granted at the discretion of the Chaffey College discipline faculty.

**CSU-GE:** The CLEP examinations may be incorporated into the certification of CSU General Education-Breadth requirements by any certifying institution. All CSU campuses will accept the minimum units shown and apply them toward fulfillment of the designated General Education-Breadth area if the examination is included as part of a full or subject-area certification. Please note that individual CSU campuses may choose to grant more units than those specified toward completion of General Education-Breadth requirements.

DANTES/DSST

The military’s Defense Activity for Non-Traditional Education Support (DANTES) provides a Credit by Exam Program that includes Dantes Subject Standardized Test (DSST) examinations. Recognition of DSST examinations is determined by each California Community College and CSU campus. The University of California does not award credit for DSST examinations.

Chaffey College will review DSST examinations by student petition. The decision to award credit is based on the following factors: ACE recommendation as a baccalaureate level course and minimum score, and faculty review. When approved, 3 units of elective credit will be granted. Discipline faculty will determine if a DSST examination can be substituted in lieu of a specific course for the Associate Degree general education area, major, certificate or prerequisites. DSST examinations cannot be used for CSUGE and/or IGETC certification.

CREDIT FOR TRANSFER WORK

GRANTING OF CREDIT

Credit for college-level courses completed at other accredited education institutions will be evaluated for content quality upon receipt of an official transcript and completion of a Request for Unit Evaluation form in the Admissions and Records Office. Full unit credit normally will be granted. Further information regarding the following may be obtained from the Admissions and Records Office:

1. Any University of California
2. Any California State University
3. Other California community colleges
4. United States Armed Forces Institute (USAFI)
5. University of California Extension
6. Out-of-state colleges and universities
7. Nursing schools
8. Foreign colleges and universities (See page 16 - International Students)
9. Correspondence courses
10. Military experience
11. Private colleges

OFFICIAL EVALUATION OF CREDIT COMPLETED AT OTHER SCHOOLS

Students who have completed course work at other institutions and wish to obtain a degree or certificate from Chaffey College or transfer to a CSU or UC, may request an official evaluation through the Counseling Department. The official evaluation will be completed once all official transcripts are received. Note: Chaffey College will only accept units from colleges/universities from Regional Institutional Accrediting Organizations. For specific information, please contact the Admissions and Records Office.

AUDITING

Pursuant to Education Code 76370, it is the policy of the district to provide students who are otherwise qualified to enroll in credit courses an opportunity to audit specific credit courses. An auditing fee of $15.00 per unit is charged. Auditing may be requested once the semester has begun. Students cannot elect to audit after the last day to drop with a “W”. Not all courses are auditable and there are specific requirements that must be met in order to audit a course. Additional information is available from the Admissions and Records Office.

PROGRAM CHANGES

ADDS

During late registration for the fall/spring terms, students may register for any class with the instructor’s permission. Instructor’s permission is granted by issuing an Add Code. High school students, students with special petitions, financial restrictions, co-requisite waivers and students who are auditing must register in person. The last day to add is addressed in the schedule of classes. Students are not permitted to add classes after the last day to add deadline. Open entry/open exit and short term classes may be added up to the 14th week of the fall/spring term.

DROPS OR WITHDRAWAL

Drops or withdrawals must be done online via My ChaffeyVIEW. A student may drop or withdraw, or be dropped by an instructor, only before 61% completion of a class. Students may not drop or be dropped by an instructor after 61% completion of a class, and the instructor must issue a grade beyond this point.

A student who drops a class or is dropped by an instructor on or prior to 22% of the course or the fourth week (whichever is less), will receive no entry on the student’s permanent record for that class. However, the student is still responsible for payment of fees.

A student who drops a class or is dropped by an instructor after 22% of the course, and on or before 61% of the course, will receive a W grade for that class.

Students may be dropped for lack of attendance or for “good cause” as defined in the Education Code, Article 3, Section 76033.

STUDENTS SHOULD NOT RELY ON INSTRUCTORS TO DROP OR WITHDRAW THEM. Failure to officially drop or withdraw by the drop deadline may result in the assignment of an F (Failing) or FW (Unofficial Withdrawal) grade. Drops or withdrawals cannot be processed by mail.

GRADES AND GRADE POINT AVERAGES

The cumulative grade point average (GPA) is computed by dividing the total number of units a student has attempted into the total number of grade points the student has earned:

\[
\text{Grade Point Average (GPA)} = \frac{\text{Total grade points earned}}{\text{Total units attempted}}
\]

<table>
<thead>
<tr>

<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td>F (0 points)</td>
<td>0 x 0 = 0.0</td>
<td></td>
</tr>
</tbody>
</table>

Example: 40 grade points earned 15 units attempted = 2.66 GPA

Grades earned in non-degree credit courses (numbered 500-599) are not included in the students’ degree applicable grade point average.
# MEANING OF GRADE SYMBOLS

Grades are based upon the quality of a student's work in credit classes within the framework of the college's philosophy, academic standards, and state regulations.

Grades, grade points awarded, and symbols used by Chaffey College are as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+, A</td>
<td>4.00</td>
<td>Excellent</td>
</tr>
<tr>
<td>A-</td>
<td>3.70</td>
<td>Excellent</td>
</tr>
<tr>
<td>B+</td>
<td>3.30</td>
<td>Good</td>
</tr>
<tr>
<td>B</td>
<td>3.00</td>
<td>Good</td>
</tr>
<tr>
<td>B-</td>
<td>2.70</td>
<td>Good</td>
</tr>
<tr>
<td>C+</td>
<td>2.30</td>
<td>Satisfactory</td>
</tr>
<tr>
<td>C</td>
<td>2.00</td>
<td>Satisfactory</td>
</tr>
<tr>
<td>D+</td>
<td>1.30</td>
<td>Less than satisfactory</td>
</tr>
<tr>
<td>D</td>
<td>1.00</td>
<td>Less than satisfactory</td>
</tr>
<tr>
<td>D-</td>
<td>0.70</td>
<td>Less than satisfactory</td>
</tr>
<tr>
<td>F</td>
<td>0</td>
<td>Failing</td>
</tr>
<tr>
<td>FW</td>
<td>0</td>
<td>Student has both ceased participating in the course some time after the last day to officially withdraw from the course without having achieved a final passing grade, and the student has not received district authorization to withdraw from the course under extenuating circumstances.</td>
</tr>
<tr>
<td>CR</td>
<td>N/A</td>
<td>Credit. At least satisfactory. CR grades are not used in calculating GPA. (Only assigned for courses with CR/NC designation and credit by exam.)</td>
</tr>
<tr>
<td>*P</td>
<td>N/A</td>
<td>Passing; At least satisfactory. P grades are not used in calculating GPA. (Only assigned for course with P/NP designation and credit by exam)</td>
</tr>
<tr>
<td>NC</td>
<td>N/A</td>
<td>No credit. Student did not fulfill academic requirements of course. NC grades are not used in calculating GPA. (Only assigned for courses with CR/NC designation.)</td>
</tr>
<tr>
<td>*NP</td>
<td>N/A</td>
<td>No Pass; Less than satisfactory or failing. (Only assigned for course with P/NP designation)</td>
</tr>
<tr>
<td>W</td>
<td>N/A</td>
<td>Withdrawal. Assigned for students who officially withdraw from a class after 22% and before 61% of the course has elapsed. “W” grades are not used in calculating GPA, but are used as factors in probation and dismissal procedures.</td>
</tr>
<tr>
<td>I</td>
<td>N/A</td>
<td>Incomplete academic work due to unforeseeable emergency and justifiable reason at the end of the term. Students do not re-enroll in the class but make arrangements with the instructor to complete coursework and receive a final grade. Coursework must be completed within one year or the I grade will default to an alternate grade indicated by the instructor (usually substandard). I grades are not used in calculating GPA or units attempted.</td>
</tr>
<tr>
<td>IP</td>
<td>N/A</td>
<td>In progress. Grade awaits completion of course work which extends beyond the end of the term. Students must re-enroll in the class the following semester. The IP may be assigned only one time for each class. Coursework must be completed the following semester or the IP grade will default to an alternate grade indicated by the instructor (usually substandard). IP grades are not use in calculating GPA.</td>
</tr>
<tr>
<td>RD</td>
<td>N/A</td>
<td>Report delayed. Grade can only be assigned by the registrar when there is a delay in reporting a student's grade. It is a temporary symbol, replaced by a permanent symbol as soon as possible and therefore is not used in calculating GPA.</td>
</tr>
<tr>
<td>MW</td>
<td>N/A</td>
<td>Military withdrawal. Students who receive military orders compelling withdrawal from classes may be permitted to withdraw at any time during a term with no adverse impact on academic records or enrollment status. Upon verification of such orders, the MW symbol shall be assigned, and upon request, enrollment fees will be refunded.</td>
</tr>
</tbody>
</table>

*Chaffey College began using the P/NP (Pass/No Pass) grading symbol in Fall 2008.
Grading

Final Grades

Grades given for any course are determined by the instructor, and in the absence of mistake, fraud, bad faith, error, or incompetency, are final. The student has two years, via a petition process or by dealing directly with the instructor, following the semester in which the grade was recorded to request a change of grade. After the two-year limit, the grade is no longer subject to change.

If a grade has been incorrectly entered on a student’s permanent record during computer services procedures, the error will be corrected.

Withdrawn/Unofficially/Withdrawn Passing (W/U/WP) grades were authorized by the catalog from the 1939-40 school year through the 1969-70 school year. These grades will be changed to W (Withdrawn) on the student’s permanent record prior to the release of the transcript. No grade point average computation penalty is associated with the W grade.

Pass/No Pass Grading

Courses offered on a Pass/No Pass only basis and courses where Pass/No Pass grading is an option are clearly identified in the college catalog and schedule of classes. In courses with a letter grade or Pass/No Pass option, it is the student’s responsibility to request the Pass/No Pass option through an application process. Students who elect this option must pick up the appropriate application forms from the Admission and Records Office. A student may reverse his/her enrollment from Pass/No Pass status to receive an evaluative grade provided the reversal is completed prior to the deadline to add classes for the section number in question. Note: short term classes add deadlines vary; see the schedule of classes for deadline information. Some courses may enroll in a maximum of eight optional Pass/No Pass units per semester; however, courses offered only on a Pass/No Pass basis are exempt from the eight unit maximum. A maximum of 16 units of credit for optional Pass/No Pass courses may apply toward graduation requirements; this does not apply to courses offered only on a Pass/No Pass basis.

Important Notice to Transfer Students

Transfer institutions may consider No Pass grades to be equivalent to “F” grades. Additionally, they may not accept course work for which a Pass grade has been issued. Students planning to transfer to a four-year institution should review the Pass/No Pass acceptance policy of the transfer institution before applying for the Pass/No Pass option.

Course Repetition

Course Repetition in a Non-Repeatable Course

1. Students who received a satisfactory grade (“A”, “B”, “C”, “CR”, or “P”) may not normally repeat the course. Exceptions exist for recency, extraordinary circumstances, and legally-mandated training requirements as a condition of continued paid or volunteer employment (see exceptions below for details). Such exceptions require a petition, available from the Admissions and Records Office.

2. Students who have received an incomplete grade (“I”) may not repeat the course. Required coursework must be completed within one year, or the “I” grade will default to an alternate grade indicated by the instructor (usually substandard).

3. Students who have received an In-Progress grade (“IP”) must repeat the course by enrolling in it in the next subsequent term (excluding summer). Coursework must be completed in that semester or the “IP” grade will default to an alternate grade indicated by the instructor (usually substandard). “IP” grades are most commonly issued for open-entry/open-exit courses, courses which are skills based and where a student making satisfactory progress has not yet mastered the required skills to complete the course requirements, or team-sports that have seasons that overlap semesters.

4. Students who have received an unsatisfactory grade (“D”, “F”, “FW”, “NC”, or “NP”) or have withdrawn from the course (“W”) may repeat the course once. If unsuccessful in the second attempt, the student must file a petition to be considered for a third or subsequent attempt at the course. Petitions are obtained from the Admissions and Records Office. The academic dean over the subject area being petitioned evaluates and approves/disapproves each petition on a case-by-case basis.

5. Students who have withdrawn for verified military service (“MW”) may repeat course(s) from which they have withdrawn. The “MW” grade does not affect GPA, nor does it count toward the permitted number of repetitions.

Course Repetition in a Repeatable Course

Repeatable courses are those in which course content differs each time offered, the course is an activity or performance where the student gains skills or enhanced proficiencies by supervised repetition, or where active participatory experience in individual study or group assignments is the basic means by which course learning objectives are obtained.

1. Repeatable courses are identified in the description for each course so designated. Courses may be repeated only for the number of times specified. In addition, certain activity courses have collective limitations on the number of repeats based on the entire group/cluster of courses (for example, when an activity subject has both beginning and advanced course levels.)

2. All attempts at a repeatable course count in the limitation on repeats, including any that result in an unsatisfactory grade (“D”, “F”, “FW”, “NC”, and “NP”) or a withdrawal annotation (“W”) on the student’s permanent record.

3. When an repeatable course is taken and a substandard grade (“D”, “F”, “FW”, “NC”, and “NP”) earned, a student may elect to have the satisfactory grade earned in the first subsequent repeat of the course used to alleviate the substandard grade. Forms for this election are available in the Admissions and Records Office.

Effect of Course Repetition for Substandard Grade on Permanent Record

To ensure a true and complete academic history, the course identification, title, units attempted and earned, and substandard grade(s) are not removed but are flagged with an “R” coding on the student’s permanent record. The “R” coded grade and grade points are then disregarded in the computation of the student’s grade point average.

Exceptions to Repetition Restrictions

Recency: A student may petition to repeat a course that is not designated as repeatable and in which he or she has received a satisfactory grade (“A”, “B”, “C”, “CR”, or “P”) when that student’s level of competency in the course material has diminished over a period of time. The most recent grade is considered an unofficial repeat, therefore, units and grade points earned in the latest repetition of the course will not be used in calculations of units earned or grade point average.

Extraordinary circumstance: A student may repeat a course in which the previous grade is, at least in part, the result of extenuating circumstances (verified cases of accidents, illnesses, or other circumstances beyond the control of the student).

Training requirement: A student may repeat a course in which he or she earned a satisfactory grade when such repetition is necessary for the student to meet a legally mandated training requirement as a condition of continued paid or volunteer employment. Each repeat under this designation is considered an official repeat; therefore, units and grade points earned will be
used in calculations of units earned and grade point averages.

VETERANS
The college’s course repetition policy may be different from that of the Veterans Administration. Students receiving Veterans’ educational benefits should check with the Veterans Certifying Official in the Admissions and Records Office before repeating any course.

ACADEMIC PROBATION
A student who has attempted at least 12 semester units as shown by the official academic record shall be placed on academic probation if the student has earned a cumulative grade point average below 2.00 in all units.

PROGRESS PROBATION
A student who has enrolled in a total of at least 12 semester units as shown by the official academic record shall be placed on progress probation when the percentage of W, I, NC, and/or NP grades reaches or exceeds fifty percent (50%) of all units in which the student has enrolled.

Students placed on either academic or progress probation may be subject to a block from registration.

REMOVAL FROM PROBATION
A student on academic probation for a grade point deficiency shall be removed from probation when the student’s accumulated grade point average is 2.00 or higher.

A student on progress probation because of an excess of units for which W, I, NC, and/or NP grades are recorded will be removed from probation when the percentage of units in this category drops below 50%.

APPEAL
A student who wishes to appeal probationary status may do so through the Coordinator of the Opening Doors to Excellence program at (909) 652-6201.

Students placed on academic or progress probation will be notified by mail.

ACADEMIC DISMISSAL
A student who is on academic probation shall be subject to academic dismissal if the student earns a cumulative grade point average of less than 2.00 in all units attempted in each of three consecutive semesters, excluding summer session.

A student who has been placed on progress probation shall be subject to probation dismissal upon receipt of recorded grades of W, I, NC, or NP in 50% or more of all enrolled units during three consecutive semesters, excluding summer session.

Note to Veterans:
Rules regarding academic probation and dismissal apply to VA students.

RESTATEMENT
A student who has been dismissed may apply for readmission after one semester following the date of dismissal. A student may appeal a dismissal or apply for readmission by filing a Petition for Readmission. The petition, along with instructions on how to complete the process, are mailed to students upon notification of their dismissed standing. Petitions are also available at the Opening Doors to Excellence program office in the Counseling Department on the Rancho Cucamonga Campus.

A student readmitted after academic dismissal will remain on academic probation until the student’s grade point average reaches 2.00, or the percentage of units for which grades of W, I, or NC, or NP drops below 50%.

SPECIAL PROBATION
A student readmitted on Special Probation after academic dismissal will remain on academic probation until the student’s grade point average reaches 2.00 or the percentage of units for which grades of W, I, or NC, or NP drops below 50%.

REGULATIONS FOR DISMISSED STUDENTS
A student applying for admission to Chaffey College who is under academic dismissal from another community college, college, or university is subject to the same reinstatement policies and procedures as a student who is under academic dismissal from Chaffey College. If it is determined that the student is subject to dismissal under Chaffey College standards, the student will not be eligible for admission for a period of one semester.

ACADEMIC RENEWAL WITHOUT COURSE REPETITION
The purpose of Academic Renewal (Title 5 - 55046) is to disregard students’ previously recorded substandard academic performance, which such work does not reflect current demonstrated ability. As a consequence, Academic Renewal allows students the benefits of their current level of ability and performance and does not permanently penalize them for poor performance in the past.

CRITERIA
Approval of the request for Academic Renewal is subject to the following criteria:

A) A time period of at least two (2) years must have elapsed since the end of the term of substandard work to be disregarded. Only those requested courses with substandard grades of D, F, FW, NP, and NC will be disregarded.

B) A maximum of twenty-four (24) semester units may be alleviated, within a maximum of two (2) semesters or three (3) quarters and a summer session, which need not be consecutive.
C) Since completion of the work to be disregarded, the student’s cumulative grade point average for all units completed at the time of adjustment must be one of the following:

- 16 semester units with a minimum of 3.0 GPA
- 20 semester units with a minimum of 2.5 GPA
- 24 semester units with a minimum of 2.0 GPA

D) Academic Renewal will only be granted ONCE from Chaffey College and Academic Renewal actions are irreversible.

PROCEDURES
The following procedures are to be followed to Petition for Academic Renewal:

1) The student completes an Academic Renewal Petition. Forms are available in the Counseling Department.
   a. The student makes an appointment to meet with a counselor.
   b. The counselor will review the petition for compliance with policy and procedures.
   c. If petitioning for an Associate degree or vocational certificate, the student must adhere to graduation/certification application deadlines as stated in the class schedule.

2) The student will submit the completed Academic Renewal Petition to the Admissions and Records Office for processing.
   a. The Admissions and Records Office will notify the student of the approval or denial of the request. Notification will be sent to the email address provided by the student on the Academic Renewal Petition.
   b. If approved, the permanent academic record shall be annotated in such a manner that all work remains legible, ensuring the true and complete academic history.

FURTHER INFORMATION REGARDING ACADEMIC RENEWAL
A) Academic renewal granted by Chaffey College does not guarantee that other institutions will approve such action. This determination will be made by the respective transfer institution.

B) Student’s permanent records from other institutions will not be altered.
The philosophy and criteria for the Associate Degree and general education should address the considerations contained in Title 5, Section 55061 and Accreditation Standard II.A.3. These include, but are not limited to:

- The programs of the District are consistent with the institutional mission, purposes, demographics and economics of its community.

- The philosophy and criteria regarding the Associate Degree references the policy of the Board of Governors that the Associate Degree symbolizes a successful student’s journey through patterns of learning experiences designed to develop certain competences and insights, including:
  - integrate critical thinking skills with effective written and oral exposition and argument;
  - employ practical applications for problem solving using mathematical principles;
  - investigate various modes of scientific research and methodology;
  - develop an awareness of the role of arts in contemporary society;
  - develop a sensitivity to diversity and a respect for differences among individuals;
  - gain perspective of various view points relative to historical developments;
  - develop ethical and moral frameworks to interpret contemporary society;
  - develop self-understanding.

- The philosophy and criteria regarding general education references the policy of the Board of Governors that general education should lead to better self-understanding, including:
  - introducing students to the variety of means through which people comprehend the modern world;
  - introducing the content and methodology of the major areas of knowledge and provides an opportunity for students to develop intellectual skills, information technology facility, affective and creative capabilities, social attitudes, and an appreciation for cultural diversity.

— The Chaffey College Faculty Senate
GRADUATION REQUIREMENTS

The minimum requirements for graduation with the degree of Associate in Arts or Associate in Science are specified by the Board of Governors of the California Community Colleges and the Chaffey College Governing Board. The Associate Degree will be granted upon completion of 60 semester units of work and the fulfillment of the specific requirements listed below.

“All degree requirements including General Education must be completed with an overall grade point average of 2.0 (C) or better. In addition, all courses that count toward the Associate Degree major or area of emphasis must be satisfactorily completed with grades of A, B, C, or P.” (Title 5, 55063)

UNIT AND SUBJECT REQUIREMENTS FOR THE ASSOCIATE DEGREE

I. GENERAL EDUCATION (minimum 18 units from the following:)
Students who are qualified to be certified for the CSU General Education pattern of classes or the IGETC pattern of classes also fulfill the Associate Degree General Education for Chaffey College.

A. LANGUAGE AND RATIONALITY (minimum of 2 courses)

ENGLISH COMPOSITION
English 1A

COMMUNICATION AND ANALYTICAL THINKING (one course)
Communication Studies 2, 4, 6, 8, 72
Computer Information Systems 1
Computer Science 1
English 1B
Mathematics 4, 25, 61, 65A, 65B, 75, 81, 85, 425, 430
Philosophy 75, 76
Social Science 10
Statistics 10

B. NATURAL SCIENCES (one laboratory science course)
Anthropology 1 & 1L
Astronomy 35, 36
Biology 1, 2, 3, 4, 5, 20, 22, 23 & 23L, 61, 424 & 424L
Chemistry 7, 9, 10, 21 & 21L1 & 21L2
Earth Science 1 & 1L, 5 & 5L
Geography 4 & 5
Geology 1, 2
Physical Science 10
Physics 5 & 6, 20A, 30A, 44, 45

C. HUMANITIES (minimum 4 units)
At least two courses required, one from each of the following categories

C1 ARTS (one course)
Art 1, 3, 5, 6, 7, 8, 9, 10, 11, 12, 14, 16, 18, 20, 44, 62A, 63, 64, 82
Broadcasting 3
Cinema 25, 26
Communication Studies 14
Dance 1
Fashion Design 20, 45, 421
Fine Arts 50
Interior Design 11, 12, 13
Music 1, 2A, 2B, 3A, 4, 12, 21, 22, 26, 32, 33, 60, 62A, 62B, 67, 68
Photography 1, 7, 9, 10, 13
Theatre Arts 1, 4, 5, 10, 12, 64

C2 HUMANITIES (one course)
American Sign Language 1, 2, 3, 4, 18
Arabic 1, 2, 3
Biology 16
Chinese 1, 2
Economics 8
English 1C, 7A, 7B, 7D, 7E, 32, 33, 68, 70A, 70B, 71, 74, 75A, 75B, 76, 77, 79, 80A, 80B, 81
French 1, 2, 3, 4
History 1, 2, 5, 6, 7, 9, 10, 12
Humanities 5, 6, 20
Philosophy 70, 72, 77, 78, 80, 81, 82
Spanish 1, 1SS, 2, 2SS, 3, 4, 8, 13, 14, 16

D. SOCIAL AND BEHAVIORAL SCIENCES (minimum 4 units)
At least two courses required, one from each of the following categories

D1 AMERICAN INSTITUTIONS (one course)
Consumer Studies 11
Economics 1, 2, 4
Geography 10
History 12, 16, 17, 18, 25, 50, 51, 70, 71
Political Science 1, 2, 3, 7, 10, 11, 21, 25, 32

D2. BEHAVIORAL SCIENCES (one course)
Anthropology 2, 3
Child Development and Education 2, 4
Communication Studies 12, 74, 76, 78
Correctional Science 8
Geography 1, 3, 11
Gerontology 11, 18, 23
History 4
Political Science 4
Psychology 1, 21, 25, 41, 65
Social Science 24, 25, 26
Sociology 10, 15, 18

II. MAJOR REQUIREMENTS (minimum 18 units)

• Complete an associate degree program as described under “Programs of Study” area in the Chaffey College catalog.

III. ELECTIVES (any additional units necessary to meet minimum degree unit requirement)

MINIMUM TOTAL UNITS REQUIRED FOR DEGREE — 60 UNITS
BASIC SKILLS COMPETENCY REQUIREMENTS FOR GRADUATION

I. WRITING
Successful completion of the composition course English 1A.

II. READING
Reading proficient or placement into Reading 1 as determined by the Chaffey assessment process, or successful completion of Reading 550 or a more advanced level reading course.

III. MATHEMATICS
Placement into Mathematics 25 or higher as determined by the Chaffey assessment process, or successful completion of one of the intermediate algebra or higher level math or statistics courses listed below:
- Mathematics 425, 430, 4, 25, 31, 60, 61, 65A, 65B, 75, 81, 85
- Social Science 10
- Statistics 10

OTHER REQUIREMENTS FOR GRADUATION

I. SCHOLARSHIP REQUIREMENTS FOR GRADUATION
A minimum grade point average (GPA) of 2.00 (C average) in degree applicable units attempted.

II. RESIDENCE REQUIREMENTS FOR GRADUATION
A minimum of 12 units must be earned at Chaffey College.

III. APPLICATION FOR GRADUATION
Students must file a formal application for graduation in the College Counseling Center. Students may graduate at the end of any semester or Summer session. Refer to the schedule of classes for application deadline dates.

IV. CONTINUOUS ATTENDANCE
The preceding graduation requirements apply to students during the 2011-2012 school year. Students who enrolled at Chaffey prior to Fall 2011 and who have maintained continuous attendance (attendance in at least one semester or two quarters, excluding Summer sessions, each calendar year - January 1 through December 31 - as indicated on a permanent record) at any accredited college, have the option of meeting the current requirements or those in effect at the time continuous attendance began. In the event that required courses have been discontinued, students may petition for substitution by making an appointment with a counselor in the Counseling Center.
FOUR-YEAR UNIVERSITIES AND COLLEGES

Chaffey College offers courses that parallel the first two years (lower division) at four-year colleges and universities. Because requirements vary among these institutions, students are encouraged to choose the college or university to which they plan to transfer as early in their educational career as possible. Students should concentrate on meeting admission requirements for their major and general education courses while attending Chaffey College.

Prospective transfer students are invited to visit the Transfer Center located in SSA 120 on the Rancho Campus or contact the Transfer Center representative at Chino or Fontana for more information about transfer options, details on the transfer process and assistance in filing applications. Information about specific colleges and universities can also be found on the institution’s website. Additional helpful online resources include:

www.csumentor.edu for California State Universities
www.universityofcalifornia.edu/admissions for UC campuses
www.assist.org for articulation/major requirements for CSU and UC
www.californiacolleges.org college/major search tool
www.aiccu.org for information on private/independent institutions
www.chaffey.edu/transfer for Transfer Center activities and resources

Cross Enrollment - California residents currently enrolled at a California community college may enroll in one under-graduate course per academic term at CSU or UC campus provided the student has met course prerequisites and space is available. Students are responsible for a nominal enrollment fee, books and parking. Cross enrollment does not constitute regular admission.

Eligible students must have completed one term at their home campus, have a 2.0 GPA, be enrolled in at least six units at their community college and have paid fees for the term. More information and application forms are available through the Transfer Center.

California State University

There are 23 CSU campuses in California. In addition to checking the university’s website, students can obtain more information about CSU campuses via the Transfer Center's services and resources.

CSU - San Marcos  www.csusm.edu
Sonoma State University  www.sonoma.edu
CSU - Stanislaus  www.csustan.edu
All the campuses of the California State University welcome applications from community college transfer students. Students who complete any college units after high school are considered transfer students. The number of units a student has completed at the time he/she enters the CSU determines the admission standards that will apply to the application. The majority of transfer students enter as upper-division transfers with 60 semester or 90 quarter units completed. Not all CSU campuses accept lower division transfers, so students who want to transfer with fewer units should check with their intended campus before applying.

Admission offices at all 23 campuses use a common set of factors to make admissions decisions. All campuses have higher standards for out-of-state and international students, some campuses have higher standards for certain majors and some highly impacted campuses have higher standards for all applicants.

**Upper Division Transfer Admission Requirements**

Minimum requirements for upper division transfer include: 2.00 GPA in all transferable coursework (2.40 for non-California residents) and 60 transferable units that must include 30 units of general education work and completion of general education courses in written communication, oral communication, critical thinking and mathematics.

For most students planning to transfer to the CSU, completing general education classes should be a priority along with major preparation courses. The CSU provides California Community College transfers with two systemwide options for fulfilling CSU lower division general education requirements: CSU General Education (GE) and the Intersegmental General Education Transfer Curriculum (IGETC). See pages 36-37 of this catalog. Within either pattern, the highest priority classes are the three courses in the English language-English composition, oral communication, and critical thinking and a college-level mathematics course. Completion of general education courses prior to transfer is usually the most efficient and cost-effective path for community college transfer students. However, students pursuing high-unit majors in science, engineering and math need to work closely with a counselor to plan their transfer courses to be sure they meet all the admission and major prep requirements and complete as much general education as possible.

**Lower Division Transfer Admission Requirements**

CSU campuses admitting lower-division students will make admissions decisions based on the courses completed in high school, high school grades and test scores and any college work completed after high school. More details on lower-division transfer requirements can be found at www.csumentor.edu.

**Courses Transferable to the California State University**

Chaffey College courses numbered from 1-99 are transferable for baccalaureate degree credit at the California State University and marked (CSU) in the “Course Descriptions” section of this catalog.
Each candidate for the bachelor's degree from a CSU institution shall complete a pattern of general education courses which total a minimum of 48 semester units. Chaffey may certify a maximum of 39 semester units toward meeting this requirement; the remaining 9 semester units must be completed at the CSU at the upper-division level. Full general education certification from Chaffey College requires a minimum of 39 units distributed as follows:

AREA A 9 units required (1)

AREAS B, C, & D A minimum of 9 units is required in each area

AREA E 3 units required
(1) Courses in Areas A1, A2, A3, and B4 must be completed with a grade of C or better.

THE FOLLOWING CHAFFEY COLLEGE COURSES MEET THIS PATTERN:

AREA A  ENGLISH LANGUAGE COMMUNICATION AND CRITICAL THINKING  (Minimum 9 units)
A1  Oral Communication  (one course)  Communication Studies 2, 4, 6, 8
A2  Written Communication  (required)  English 1A
A3  Critical Thinking  (one course)  Communication Studies 72  English 1B  Philosophy 75, 76

AREA B  SCIENTIFIC INQUIRY AND QUANTITATIVE REASONING  (Minimum 9 units) Choose at least one course from each area.
At least one of the physical science or life science courses must have a laboratory:
B1  Physical Science
Astronomy 25, 26, 35*, 36*
Chemistry 7*, 8, 9*, 10*, 12*, 21 & 21L1 & 21L2*, 22 & 22L1 & 22L2*, 70*, 75A*, 75B*
Earth Science 1, 1& 1L*, 5, 5 & 5L*, 8
Geography 4, 4 & 5*, 6º
Geology 1*, 2*, 6, 30*
Physics 5, 5 & 6*, 20A*, 20B*, 30A*, 30B*, 44**, 45*, 46*, 47*

B2  Life Science
Anthropology 1, 1& 1L*
Biology 1*, 2*, 3*, 4*, 5*, 10, 11, 12, 20*, 22*, 23, 23 & 23L*, 50*, 52*, 55*, 56*, 63*
Geography 6

B3  Laboratory Activity
This requirement is satisfied by completion of any course in B1 or B2 with a laboratory.
Those courses are identified with an asterisk (*).

B4  Mathematics
Mathematics 4, 25, 31, 60, 61, 65A, 65B, 75, 81, 85
Social Science 10
Statistics 10

AREA C  ARTS AND HUMANITIES  (Minimum 9 units-choose at least one course from each area.)
C1. Arts
Art 1, 3, 5, 6, 7, 8, 9, 10, 11, 12, 14, 16, 18, 20, 44, 64
Cinema 25, 26
Communication Studies 14
Dance 1
Fashion Design 20, 45
Fine Arts 50
Interior Design 11, 12
Music 1, 2A, 2B, 3A, 3B, 4, 21, 22x, 26
Photography 1, 10
Theatre Arts 1, 4, 5, 10, 12, 64

C2  Humanities
American Sign Language 1, 2, 3
Arabic 1, 2, 3
Chinese 1, 2
English 1C, 32, 33, 68, 70A, 70B, 71, 74, 75A, 75B, 76, 77, 79, 80A, 80B, 81
French 1, 2, 3, 4
History 1, 2, 4, 7, 12, 16, 20, 25, 40x
Humanities 5, 6, 20
Philosophy 70, 72, 73, 77, 78, 80, 81, 82
Spanish 1 or 1SS*, 2 or 2SS, 3, 4, 8, 13, 14

AREA D  SOCIAL SCIENCES  (Minimum 9 units - choose courses from two different disciplines)
Administration of Justice 1+
American Sign Language 18
Anthropology 2, 3
Child Development and Education 2, 4, 6
Communication Studies 12, 74, 76, 78
Consumer Studies 11
Economics 1, 2, 4, 8
Geography 1, 3, 10, 11x
Gerontology 11, 18, 22, 23
History 1, 2, 4, 5, 6, 7, 9, 10, 12, 16, 17, 18, 20, 40x, 50, 51, 70, 71
Political Science 1, 2, 4, 7, 10, 11, 25
Psychology 1, 20, 21, 25, 65
Social Science 24, 25, 26
Sociology 10, 14, 15, 16*, 18, 70

AREA E  LIFELONG LEARNING AND SELF-DEVELOPMENT  (Minimum 3 units)
Biology 14
Child Development and Education 2º
Consumer Studies 40
Gerontology 22
Guidance 3
Nutrition and Food 5, 15, 22
Physical Education Lecture 15
Psychology 5, 25
Social Science 17
Sociology 16

= Course must be completed Spring 2003 or later.
+ = Course must be completed Fall 2003 or later.
º = Course must be completed Fall 2005 or later.
X = Course must be completed Fall 2006 or later.
* = Course must be completed Spring 2007 or later.
/ = Course must be completed Fall 2010 or later.

COURSES COUNT IN ONE AREA ONLY.
1 = May be met by DD-214

CSU REQUIREMENT
The State Requirement in U.S. HISTORY, CONSTITUTION AND AMERICAN IDEALS may be met by completion of History 17 or 18, and Political Science 1 or 11
Completion of the Interssegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from Chaffey College to a campus in either the California State University (CSU) or University of California (UC) system without the need, after transfer, to take additional lower-division general education courses to satisfy campus general education. Depending on a student’s major and field of interest, the student may find it advantageous to take courses fulfilling either the CSU’s general education requirements or those of the UC campus or college to which the student plans to transfer.

Courses used for certification must be completed with grades “C” or better (C- grades are not acceptable), and be a minimum of 3 semester/4-5 quarter units. A course can not be certified which the student plans to transfer.

Student's major and field of interest, the student may find it advantageous to take courses fulfilling either the CSU's general education requirements or those of the UC campus or college to which the student plans.

Partial IGETC certification is allowed with a maximum of two courses missing, which have to be completed after transfer. Students need Areas 1 and 2 of the transfer curriculum completed to meet minimum transfer admission requirements. Partial certification acknowledging a deficiency in Area 1 and/or Area 2 may also indicate a student does not meet the minimum transfer requirements.

**AREA 1  ENGLISH COMMUNICATION**

**Group A:**
- English Composition

**Group B:**
- Critical Thinking-English Composition

**Group C:**
- Oral Communication
- Communication Studies 2, 6, 8

**AREA 2  MATHEMATICAL CONCEPTS AND QUANTITATIVE REASONING**

**Group A:**
- Mathematics 25#*, 60, 61*, 65A, 65B, 75, 81, 85
- Social Science 10#*
- Statistics 10

**AREA 3  ARTS AND HUMANITIES**

- Arts:
  - Art 1, 3, 5, 6, 7, 9, 11
  - Cinema 25, 26
  - Dance 1
  - Fine Arts 50
  - Music 2A, 2B, 3A, 3B, 4, 21*, 22*, 26*
  - Theatre Arts 1, 4, 5

**HUMANITIES:**
- American Sign Language 3, 4
- Arabic 3

**LANGUAGE OTHER THAN ENGLISH**

- American Sign Language 3 or 4, or Arabic 3 or 4, or Chinese 2, or French 3 or 4, or Spanish 3, 4 or 8 may be used to validate this requirement.

Other methods for verifying language competency exist. See the college catalog or contact counseling.

**GRADUATION AND TRANSFER**

**GRADUATION REQUIREMENT IN U.S. HISTORY, CONSTITUTION, AND AMERICAN IDEALS**

(CSU requirement only. Not part of IGETC; may be completed prior to transfer.)

CSU requires 2 courses, one from Group 1 and one from Group 2.

**Group 1 Political Science 1 or 11**

**Group 2 History 17 or 18**

Courses used to meet this requirement may not be used to satisfy requirements for IGETC. Please consult with a counselor for additional information.

**COURSES MAY COUNT IN ONLY ONE AREA**
The University of California includes nine undergraduate campuses throughout the state and a tenth campus in San Francisco that offers graduate and professional programs in the health sciences. Students interested in learning more about the undergraduate campuses are encouraged to visit Chaffey’s Transfer Center at the Rancho campus or contact the Transfer Center representative at Chino or Fontana. The Transfer Center offers a variety of services to help potential transfer students identify options, choose a transfer destination and complete required applications. Helpful information is also available online at www.universityofcalifornia.edu/admissions and on each campus’ website.

Upper Division Transfer Requirements
Most transfer students enter UC at the junior level. This means they have completed 60 semester units, general education and most, if not all, of their lower-division major prerequisites. To be considered for admission as a junior, students must fulfill the following:

1. Complete 60 semester or 90 quarter units of transferable college credit with a GPA of at least 2.4 (2.8 for nonresidents of California).

2. Complete the following course pattern requirements, earning a grade of C or better in each course:
   - Two transferable college courses in English composition (English 1A and English 1B)
   - One transferable college course in mathematical concepts and quantitative reasoning (typically Math 25)
   - Four transferable college courses chosen from at least two of the following subject areas: arts and humanities, social and behavioral sciences, physical and biological sciences. Each course must be at least 3 semester units.

Applications from prospective transfer students undergo a comprehensive review process involving specific criteria:
   - Completion of a specified pattern or number of courses that meet breadth or general education requirements.
   - Completion of a specified pattern or number of courses that provide continuity with upper division courses in the student’s major
   - GPA in all transferable courses
   - Participation in academically selective honors courses or programs
   - Special talents, achievements and awards in a particular field such as visual and performing arts or athletics; special skills such as demonstrated written and oral proficiency in other languages; special interests such as intensive study of other cultures; experiences that demonstrate unusual promise for leadership; or other significant experiences or achievements that demonstrate promise for contributing to the intellectual vitality of a campus.
Transfer Admission Guarantee - Seven UC campuses (Berkeley and Los Angeles do not participate) offer guaranteed admission to California community college students who meet specific requirements. By participating in a Transfer Admission Guarantee (TAG) program, students will receive an early review of their academic records, early admission notification and specific guidance about major preparation and general education coursework. To pursue a TAG, students should meet with a Chaffey counselor to review/update a plan to address remaining UC requirements and then complete an online TAG application. When the TAG is approved, fulfill all remaining coursework and GPA requirements in the TAG agreement and then apply for admission to UC during the appropriate filing period.

Interested students can find more information about eligibility criteria for each participating campus online under the “Transfer” heading at www.universityofcalifornia.edu/admissions or by contacting the Transfer Center. TAG details will also be posted on the Transfer Center’s website at www.chaffey.edu/transfer.

Lower Division Transfer Requirements
While all UC campuses welcome a large pool of junior-level transfers, most admit only a limited number of lower-division transfers. However, it can happen. Here’s how:

- Students who were eligible for admission to UC when they graduated from high school - meaning they satisfied the subject, examination and scholarship requirements or were identified by UC during their senior year as Eligible in the Local Context (ELC) and completed the subject and examination requirements in the senior year - are eligible for transfer if they have a 2.0 GPA in their transferable college coursework (2.8 GPA for nonresidents).

- Students who met the scholarship requirement in high school, but did not satisfy the 15-course subject requirement, must take transferable college courses in the missing subjects, earn a C or better in each required course and have an overall 2.0 GPA in all transferable coursework to be eligible to transfer (a 2.8 GPA is required for nonresidents).

Courses Transferable to the University of California
Chaffey College courses numbered from 1-99 are transfer-level courses; those accepted for baccalaureate degree credit at the University of California are marked (UC) in the “Course Descriptions” section of this catalog.

Private/Independent Colleges and Universities
Out-of-State Colleges and Universities
Admission requirements to private and out-of-state colleges and universities vary with each institution. Specific information regarding eligibility requirements and applications procedures is generally published in the institution’s catalog and on their website. Students may also visit the Transfer Center for assistance.

Chaffey College Transfer Center
Students are encouraged to utilize the resources and services available through the Transfer Center. Transfer fairs, specific contact information, individual appointments with university representatives and trips to visit local campuses will help students select a transfer campus. Students are also urged to work closely with their counselors to develop and maintain an educational plan to support their transfer goals.

The Transfer Center is located on the Rancho campus in room SSA-120; limited services are also available at Chino and Fontana. (909) 652-6233 or www.chaffey.edu/transfer.
Educational programs are "an organized sequence of courses leading to a defined objective, a degree, a certificate, a diploma, a license, or transfer to another institution of higher education (Title 5, section 55000)." Programs of study at Chaffey College are designed to provide students with certificates/licensure and/or degrees, training for a variety of career and technical fields, and/or preparation for transfer to four-year colleges.

CERTIFICATES
Certificate programs focus on a specific vocational topic/subject area, and are designed to provide students with knowledge and skills immediately applicable to employment. Certificate programs typically do not require or include general education type courses, and most can be completed in less than two years – sometimes within a single term. Certificates are awarded to students who have successfully completed the required sequence of courses in an occupational field. A minimum grade of "C" or "P" is required for every course required for the certificate. All certificates have been approved by the Chaffey Curriculum Committee, and are listed – along with their constituent courses – elsewhere in this catalog. Chaffey offers two types of certificates:

Certificates of Achievement are state-approved certificate programs consisting of 18 or more units of degree-applicable coursework. These certificates appear by name on student's transcripts.

Certificates of Career Preparation are locally-approved certificate programs consisting of fewer than 18 units of degree-applicable coursework. These certificates do not appear on student's transcripts.

ASSOCIATE DEGREES
Chaffey offers both Associate in Arts (AA) and Associate in Science (AS) degrees. Associate in Arts degrees are two-year degrees in Liberal Studies disciplines that provide a broad exploration of a specific area of emphasis. Associate in Science degrees typically are two-year occupational degrees that prepare students for career and technical fields. Most AA degree and many AS degrees provide a solid foundation for further academic study for students wishing to transfer.

ASSOCIATE DEGREES FOR TRANSFER
The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer," a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is a designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information.

The following is required for all AA-T or AS-T degrees:

1. Minimum of 60 CSU-transferable semester units.

2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. Students should keep in mind that while a minimum of 2.0 is required for admission, some majors may require a higher GPA. Consult with a counselor for more information.

3. Completion of a minimum of 18 semester units in an "AA-T" or "AS-T" major as detailed in the Programs of Study section of the catalog. All courses in the major must be completed with a grade of C or better or a "P" if the course is taken on a "pass-no pass" basis (title 5 § 55063).

4. Certified completion of the California State University General Education-Breadth pattern (CSU GE, on page 36) or the Intersegmental General Education Transfer Curriculum pattern (IGETC, on page 37).

A list of Chaffey’s currently active certificate and degree programs may be found on pages 41-42. Detailed information about each program’s requirements may be found on pages 43-88.
DEGREE AND CERTIFICATE PROGRAMS (CONTINUED)

These are the Associate Degree majors/areas of emphasis and Certificates currently available at Chaffey. The courses to fulfill the requirements for each listed program are detailed in the following pages. All courses used to fulfill Associate Degree majors and state- or locally-approved Certificates must be completed with a minimum grade of C. All programs are subject to change; students should consult with a counselor for further information.

1 Associate Degree Transfer Program
ACCOUNTING

The Accounting program is designed to: (1) prepare non-transfer accounting students for entry level positions by making the accounting certificate and/or the two-year degree in accounting available to them; (2) prepare transfer accounting students with appropriate background for upper division courses; and (3) provide non-accounting majors with sufficient expertise to enable them to make intelligent use of accounting information.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

ACCOUNTING AND FINANCIAL PLANNING

Financial Planning

The Financial Planning certificate provides students with basic accounting skills combined with training in financial planning. Students completing this certificate can assist individuals and companies within the areas of budgeting, taxes, and financial planning. This certificate also serves as an excellent foundation for students wishing to take the National Association of Securities Dealers series 6 and 7 examinations.

Programs of Study
Payroll and Income Tax Preparer

This program is intended for individuals desiring to enter the tax preparation and/or payroll field with a minimum of course requirements. Upon successful completion of this Chaffey certificate, candidates will possess the knowledge and analytical tools necessary to use accounting data effectively. Additionally, by completing the tax class they will be recognized by the State of California as a Registered Tax Preparer.

Total units for the certificate: 22.5-24

Anthropology

Anthropology is the study of people, ranging from the origin and biological evolution of our species to tracing the prehistory and history of cultures to defining group behavior in non-western and western cultures. Thus, anthropology is considered to be the most holistic of the social sciences. The goal of anthropology is to answer the question, "What is humankind?" from a biological, prehistoric, and behavioral perspective. The integrative approach to the discipline links anthropology with the life and social sciences, and has strong ties with disciplines ranging from biology and psychology to political science, history, and the arts, providing a humanistic perspective. Anthropology is particularly suited to persons with a wide range of interests as well as offering specific insights to others in more specialized disciplines. The study of anthropology offers preparation for careers in teaching, law enforcement, medicine and health care, and museums, to name just a few. Increasingly, business and industry leaders are employing anthropologists in key positions because their holistic perspective and broad cultural understanding prepare them to address modern-day challenges.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

ART

The Art program provides preparation for university and college transfer and/or careers in fine arts, visual communications, and graphic communications/digital media, with an emphasis on individual creativity and development.

To transfer, students should consult with the intended transfer institution to obtain a list of appropriate courses to complete at Chaffey College. For the Associate in Arts degree, students follow the program listed for one of the following areas of emphasis.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

Major requirements for the Associate in Arts Degree:

<table>
<thead>
<tr>
<th>Units</th>
<th>Core requirements:</th>
</tr>
</thead>
<tbody>
<tr>
<td>ART 10</td>
<td>Fundamentals of Design in Two Dimensions</td>
</tr>
<tr>
<td>ART 12</td>
<td>Fundamentals of Design in Three Dimensions</td>
</tr>
<tr>
<td>ART 14</td>
<td>Introduction to Drawing</td>
</tr>
<tr>
<td>ART 480</td>
<td>Portfolio and Presentation (Take ART 480 near the end of program.)</td>
</tr>
</tbody>
</table>

Plus completion of one of the following emphases:

Art Emphasis

<table>
<thead>
<tr>
<th>Units</th>
<th>Core requirements, plus:</th>
</tr>
</thead>
<tbody>
<tr>
<td>ART 16</td>
<td>Introduction to Painting</td>
</tr>
<tr>
<td>ART 18</td>
<td>Introduction to Ceramics</td>
</tr>
<tr>
<td>PHOTO 10</td>
<td>Beginning Photography (or PHOTO 7, Introduction to Digital Photography)</td>
</tr>
</tbody>
</table>

Plus one course from the following:

ART 1 Contemporary Art: 1945-Present
ART 3 Art History of Western World: Ancient to Medieval
ART 5 Art History of Western World: Renaissance to Modern
ART 6 Women Artists in History
ART 8 Contemporary Media, Art and Visual Language
ART 11 Asian Art History
ART 407 History of Design

Total units for the major 30-31

Recommended Courses: ART 3 & 5 (above), ART 44

Ceramics Studio Emphasis

<table>
<thead>
<tr>
<th>Units</th>
<th>Core requirements, plus:</th>
</tr>
</thead>
<tbody>
<tr>
<td>ART 1</td>
<td>Contemporary Art: 1945-Present</td>

- ART 407 \( \text{History of Design} \) 3
- ART 478 \( \text{Illustration on the Computer} \) 3

#### Total units for the certificate

40-42
### ART HISTORY

The Art History program prepares students for transfer to four-year colleges and universities and for careers in education, museums, research, and related fields. Students learn the major theories and artistic movements in Art and Architecture from the ancient to the modern world, and evaluate the influences that social, political, and religious institutions have in the creation of art. The program addresses the dynamic fields of both Western and Non-Western Art and Architecture, as well as the critical roles that Photography, Contemporary Art, and Graphic Design have in shaping our society. Students should consult with the intended transfer institution to determine the appropriate courses to complete at Chaffey.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

### AUTOMOTIVE TECHNOLOGY

The Automotive Technology curriculum is designed to provide students with the skills and knowledge necessary to succeed as technicians in the automotive service industry. The Automotive Technology program at Chaffey College provides instruction pursuant to the standards defined by the National Automotive Technician Education Foundation (NATEF).

#### General Automotive Service Technician

The General Automotive Technician curriculum is designed to provide students with the skills and knowledge necessary to obtain entry-level employment as automotive service and repair technicians. Students who successfully complete the requirements for the General Automotive Technician Associate of Science Degree will be able to perform basic automotive maintenance and service operations and be immediately productive on the job.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

**Major requirements for the Associate in Science Degree:**

<table>

## High Performance Engines Building and Blueprinting

The High Performance Engines Building and Blueprinting Certificate signifies that the student has developed skills in advanced engine machining and modification for improved performance. Students build on the skills developed in engine rebuilding courses to learn how to build and blueprint engines that exceed the manufacturer’s original horsepower and torque ratings.

**AVIATION MAINTENANCE TECHNOLOGY**

This program provides the training needed to become an Aviation Maintenance Technician. Students who successfully complete the program will have the experience required by the Federal Aviation Administration for certification as an Airframe or Powerplant Mechanic. Airframe and Powerplant technicians are in demand by airlines and aviation maintenance providers. The Aviation Maintenance Technology program at Chaffey College is fully approved by the Federal Aviation Administration (FAA) to provide the 1900 hours of experience required to become an Airframe or Powerplant technician. Students may earn an Associate degree and/or separate college certificates in Airframe or Powerplant.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

**Major requirements for the Associate in Science Degree**: 40

**Powerplant**

### Broadcasting and Cinema

The Broadcasting and Cinema degree program is a challenging and technology-driven learning environment designed for students who want to enhance, refine, and polish their storytelling creations. Courses of study follow the traditional modes of the production process while providing students with a dynamic and innovative learning environment. Students may arrange their own program of courses in broadcasting and cinema production, including cinema studies, producing, broadcast audio, television and radio announcing, radio production, scriptwriting, post-production editing, TV production, cinema, and HDTV production.

The Broadcasting and Cinema certificate program is for students to learn and apply the processes involved in the creative, collaborative business of producing radio, motion picture, and television productions. Focus is on how to craft ideas into storytelling materials, put them together, and manage the process through completion. This certificate prepares students for various career opportunities in screenwriting, directing, producing, announcing, audio recording, cinematography, camera operation, and other vocations in the motion picture, radio, television, and broadcast industries.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

BUSINESS: PARALEGAL STUDIES

The Paralegal Studies certificate program is intended to prepare students for employment as paralegals in various legal sectors. The American Bar Association (ABA) By-Laws, Section 21.12 uses the terms ‘paralegal’ and ‘legal assistant’ interchangeably referring to persons who, although not members of the legal profession, are qualified through education, training, or work experience, and are employed or retained by a lawyer, law office, governmental agency, or other entity in a capacity or function which involves the performance under the direction and supervision of an attorney, of specifically delegated substantive legal work.

The Paralegal Studies certificate program emphasizes practical application and the development of up-to-date paralegal related job skills in addition to teaching legal theory. The program is designed to enhance the ability of students to reason, understand and apply correct principles of law by teaching analytical and critical thinking skills. Graduates of the program will possess skills to enter the paralegal profession. It also allows those already in the paralegal line of work to improve their understanding of the paralegal profession.

California State statute requires all paralegals to be certified by an accredited educational institution. Chaffey College’s Paralegal Studies certificate program meets and exceeds such mandates because Chaffey College is approved by the California Department of Education and the Western Association for Schools and Colleges, and the certificate is awarded to students who have successfully completed 27 semester units in law-related courses. Chaffey College’s Paralegal Studies certificate program also meets the American Bar Association’s guidelines for paralegal educational requirements.

BUSINESS AND OFFICE TECHNOLOGIES

The Business and Office Technologies program (1) prepares students for employment as office support personnel, administrative assistants, and office managers; (2) develops computer competencies for the workplace, educational advancement, and personal use; and (3) provides a foundation for developing workplace and lifelong learning, skills, and knowledge. The program offers Associate in Science Degrees, Program Certificates, and Proficiency Certificates.

Data Entry

The Data Entry Certificate prepares students for positions using microcomputers. Students develop skills and knowledge in alphanumeric keyboarding and computer competencies.

Requirements for the Data Entry Certificate (Non-transcripted):

Plus a minimum keyboarding speed of 40 wpm for five minutes verified by the Business and Office Technologies Department Proficiency Certificate.

General Office Assistant

The General Office Assistant Certificate offers professional preparation for entry-level business and office positions. Emphasis on developing the essential skills for today’s workplace: computer keyboarding and word processing, records management, language skills, and interpersonal skills. General Office Assistants may be employed as general clerks, receptionists, word processors, and in other entry-level positions.

Chaffey College
Microsoft Office Specialist

The Microsoft Office Specialist certificate program is designed to provide students with core-level competency in the Microsoft Office Suite, the most commonly found business software applications program in the current electronic workplace. Students with this certificate possess competencies in the basic functions and features of word processing, spreadsheet applications, database management, presentations, and desktop publishing programs within the Microsoft Office Suite.

Requirements for the Microsoft Office Specialist Certificate: 15 units

- BUSOT 40B Computer Keyboarding: Speed and Accuracy Development 3 units
- BUSOT 60A Microsoft Office Word – Specialist 3 units
- BUSOT 61 Microsoft Office PowerPoint 1.5 units
- BUSOT 64A Microsoft Office Access – Specialist 1.5 units
- BUSOT 444 Concepts and Techniques of Data Entry 2 units

Total units for the certificate: 15

Plus a minimum keyboarding speed of 35 wpm for five minutes verified by the Business and Office Technologies Department Proficiency Certificate.

Microsoft Office Expert

The Microsoft Office Expert certificate program is designed to provide students with expert-level competency in the Microsoft Office Suite, the most commonly found business software applications program in the current electronic workplace. Students with this certificate possess expert competencies in the advanced functions and features of word processing, spreadsheet applications, database management, presentations, and desktop publishing programs within the Microsoft Office Suite.

Requirements for the Microsoft Office Expert Certificate: 25.5 units

- BUSOT 40B Computer Keyboarding: Speed and Accuracy Development 3 units
- BUSOT 61 Microsoft Office PowerPoint 1.5 units
- BUSOT 63 Microsoft Office Excel – Comprehensive 3 units
- BUSOT 64A Microsoft Office Access – Specialist 1.5 units
- BUSOT 400 Job Search and Interviewing Techniques 1.5 units
- BUSOT 410A Microsoft Office Publisher – Specialist 1.5 units

Total units for the certificate: 25.5

Recommended:

- BUSOT 496ABCD Internships in Business and Office Technologies 1-4 units

Plus a minimum keyboarding speed of 40 wpm for five minutes verified by the Business and Office Technologies Department Proficiency Certificate.

Microsoft Word Specialist

The Microsoft Word Specialist Certificate offers in-depth competency in utilizing current business software. This program will prepare students for positions requiring expertise in the use of Microsoft Word.

Requirements for the Microsoft Word Specialist Certificate: 12 units

Recommended:

- BUSOT 496ABCD Internships in Business and Office Technologies 1-4 units

Office Management

The Office Management Program prepares students for business office careers, including those in middle/administrative management. Students develop abilities that create opportunities for promotions, job transitions, and positions of greater responsibility in the workplace. Emphasis on supervision, leadership, and interpersonal skills.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

Major requirements for the Associate in Science Degree: 33-35.5 units

- BUSOT 40B Computer Keyboarding: Speed and Accuracy Development 3 units
- BUSOT 50 Filing and Records Management 3 units
- BUSOT 60B Microsoft Office Word - Expert 3 units
- BUSOT 63 Microsoft Office Excel – Comprehensive 3 units
- BUSOT 88 Written Communication for Business 3 units
- BUSOT 400 Job Search and Interviewing Techniques 1.5 units
- BUSOT 452 Office Financial Recordkeeping 3 units
- BUSOT 455 Fundamentals of English for Business 3 units
- BUSOT 460 Proofreading: Text-Editing Skills 3 units
- BUSOT 470 Office Systems and Procedures 3 units
- BUSOT 471 Administrative Office Management 3 units

Plus a minimum keyboarding speed of 50 wpm for five minutes verified by the Business and Office Technologies Department Proficiency Certificate.

Plus three units from the following:

- BUS 28A Business Law I 3 units
- BUSOT 61 Microsoft Office PowerPoint 1.5 units
- BUSOT 62 Microsoft Office Outlook 1.5 units
- BUSOT 64A* Microsoft Office Access – Specialist 1.5 units
- BUSOT 64B Microsoft Office Access – Expert 1.5 units
- BUSOT 465 Speedwriting and Notetaking 3 units
- BUSOT 496ABCD Internships in Business and Office Technologies 1 unit

Total units for the major: 33-35.5

*BUSOT 64A may not be counted twice

Requirements for the Office Management Certificate: 33-35.5 units

Same as the major requirements for the A.S. Degree.

Total units for the certificate: 33-35.5
Professional Administrative Assistant

The Professional Administrative Assistant program is an Associate in Science degree which prepares students for careers in the executive, executive-bilingual, and medical fields. Professional administrative assistants perform a full range of secretarial and administrative duties. Students must specialize within a field of interest: executive, executive-bilingual, or medical. Administrative Assistants command higher salaries and have opportunities for rapid promotions to positions of greater responsibility and management. Emphasis on developing professional skills for today’s workplace: computer competencies, records management, language skills, and interpersonal skills.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

Major requirements for the Associate in Science Degree:

CALIFORNIA STATE UNIVERSITY - GENERAL EDUCATION (CSU-GE)

The CSU-GE Certificate of Achievement is designed for students who plan to transfer to one of the campuses of the California State University. Completion of courses for this certificate will assist students to transfer without the need to take additional lower-division general education courses to satisfy university general education requirements.

Each candidate for the bachelor’s degree from a CSU institution shall complete a pattern of general education courses which total a minimum of 48 semester units. Chaffey may certify a maximum of 39 semester units toward meeting this requirement; the remaining 9 semester units must be completed at the CSU at the upper-division level. Full general education certification from Chaffey College requires a minimum of 39 units distributed as follows:

Requirements for the CSUGE Certificate:

[T001/30503/4901.10]

- AREA A: 9 units required (1)
- AREAS B, C, & D: A minimum of 9 units is required in each area
- AREA E: 3 units required

(1) Courses in Areas A1, A2, A3, and B4 must be completed with a grade of C or better.

THE FOLLOWING CHAFFEY COLLEGE COURSES MEET THIS PATTERN:

**AREA A ENGLISH LANGUAGE COMMUNICATION AND CRITICAL THINKING (Minimum 9 units)**

- A1 Oral Communication (one course) Communication Studies 2, 4, 6, 8
- A2 Written Communication (required) English 1A
- A3 Critical Thinking (one course) Communication Studies 72 English 1B Philosophy 75, 76

**AREA B SCIENTIFIC INQUIRY AND QUANTITATIVE REASONING (Minimum 9 units) Choose at least one course from each area. At least one of the physical science or life science courses must have a laboratory.**

**B1 Physical Science**

- Astronomy 25, 26, 35*, 36*
- Chemistry 7*, 8*, 9*, 10*, 12*, 21 & 21L1 & 21L2*, 22 & 22L1 & 22L2*, 70*, 75A*, 75B*
- Earth Science 1, 1& 1L*, 5, 5 & 5L*, 8
- Geography 4, 4 & 5*, 50*
- Geology 1*, 2*, 6, 30*
- Physical Science 10*

1  = May be met by DD-214

COURSES COUNT IN ONE AREA ONLY.

CHEMISTRY

Chemistry is the science of matter, its characterization, composition, and its transformations. It is a vital, growing enterprise as opposed to a mere accumulation of knowledge. An understanding of chemistry is basic to the physical and biological sciences and fundamental in a variety of occupations. Specialized fields of chemistry are inorganic, organic, physical, nuclear, biochemistry, and chemical engineering. Chaffey College offers the first two years of the baccalaureate degree chemistry curriculum.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

Major requirements for the Associate in Science Degree:

Note: Students should consult the transfer institution regarding the transferability of the Organic Chemistry sequence (CHEM 75A, 75B) as lower division.
CHILD DEVELOPMENT AND EDUCATION

The Child Development and Education program provides students with competencies needed for employment as teacher assistants in public child development classrooms, and as teachers or directors in government-funded or private child care centers. Courses are designed to acquaint students with basic issues in child development, curriculum design, parenting, and the impact of family, community, and schools on the growing child. Courses are useful for parents or any adults interested in children’s issues.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

COMMUNICATION STUDIES

ASSOCIATE IN ARTS FOR TRANSFER

The Communication Studies Associate in Arts for Transfer degree is an interdisciplinary area of inquiry with a foundation in tradition rhetoric and contemporary social-scientific theories of human communication. A series of core courses is designed to provide students with the background needed to explore any of several fields in depth. Currently, these areas are public communication, leadership and group communication, interpersonal/organizational communication. The curriculum is intended for students who wish to develop a fundamental understanding and knowledge of the functions of communication in their daily life and in the fabric of society.

The program is suited to the needs of students who will complete their education at Chaffey College with an A.A. degree, as well as those students who will complete their Chaffey A.A. degree and transfer to a four-year institution to complete their bachelor’s degree. Successful completion of the transfer degree in Communication Studies guarantees the student acceptance to a California State University (but does not guarantee acceptance to a particular campus or major) to pursue a baccalaureate degree, in preparation to pursue a career in the field of business, industry, government, social service, and/or education in such areas as teaching, public speaking, consulting, law, announcing and public relations.

To obtain the Communication Studies Associate in Arts for Transfer degree, students must:

- Complete all the major requirements listed below with grades of C or better
- Complete a minimum of 60 CSU-transferable units with a grade point average (GPA) of 2.0 or better.
- Complete either the California State University General Education Breadth pattern (CSU-GE) or the Intersegmental General Education Transfer Curriculum (IGETC).

Major requirements for the Associate in Arts Transfer (AA-T) Degree: [A096/30702/1506.00]

Program Learning Outcomes:
Upon the successful completion of this program, students should be able to:

1. Conceive, develop and deliver a focused, cogent, and clear oral presentation.
2. Select and employ appropriate and effective communication skills.
3. Demonstrate the ability to think critically through problem solving and decision making.
COMPUTER INFORMATION SYSTEMS

The Computer Information Systems program is designed to (1) prepare students for the employment market at the entry level in computer operations, computer programming, and computer systems design/analysis, (2) provide a foundation for those students who plan to complete a four-year program in computer information systems, and (3) provide computer literacy for non-computer information systems students.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

Cisco CCNP Examination Preparation, Levels V-VIII

Cisco professionals design, build, and maintain computer networks that use Cisco software and hardware to form the networking and Internet foundations for business and government agencies worldwide. The Cisco Certified Network Professional (CCNP) Examination Preparation Certificates Levels V-VIII confirm that the student possesses the industry-recognized knowledge and skills required for each of the CCNP components. Upon successful completion of all four levels (taken in any sequence), the student is qualified to take the Cisco CCNP examination which is administered by an outside agency.

Web Page Developer

Level One: The Web Page Developer Level One Certificate prepares students for positions developing Internet and Intranet Web pages.

Requirements for the Web Page Developer Level One Certificate: (Non-transcripted) [L108/99999/0709.00]

- CIS 1 Introduction to Computer Information Systems 3
- CIS 68 Using the Internet 1.5
- CISWEB 70 Creating Web Pages with HTML 1.5
- CISWEB 410 WebMaster Tools 1.5
- CISWEB 412 Web Development: FrontPage/Expression 3

Total units for the certificate 10.5

Level Two: The Web Page Developer Level Two Certificate prepares students for advanced positions developing Internet and Intranet Web pages, and for those applications requiring programming skills, such as electronic commerce.

Requirements for the Web Page Developer Level Two Certificate: (Non-transcripted) [L109/99999/0709.00]

Level One certificate, plus:

- CISWEB 414 JavaScript Programming 3
- CISWEB 423 Web Development: Dreamweaver 3

Total units for the certificate 16.5

Consumer Services Representative

The Consumer Services Representative major provides occupational training for those who seek immediate employment as a Consumer Affairs Representative in business, government, education, or non-profit agencies. Positions include but are not limited to: customer service call centers, loan counselors, account representative, manager-customer service, complaint administrator, and workforce analyst.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

Major requirements for the Associate in Science Degree: [L251/04796/1301.10]

- BUSOT 88 Written Communication for Business 3
- BUSOT 470 Office Systems and Procedures 3
- CONSUM 40 Life Management 3
- CONSUM 50 Consumer Issues 3

Plus two courses from the following:

- BUS 28A Business Law I 3
- BUSMGT 44 Introduction to Human Relations 3
- CONSUM 11 Housing and Environment 3
- SPAN 1 Elementary Spanish 4

Total units for the major 18-19

Requirements for the Consumer Services Representative Certificate: [L251/20724/1301.10]

Same as the major requirements for the A.S. Degree

Total units for the certificate 18-19

Correctional Science

This major offers the following: (1) pre-employment education for positions in the correctional sciences field; (2) upgrading for in-service personnel; (3) a certificate program; (4) an Associate in Science Degree; and (5) a transfer program for those who wish to obtain a four-year degree in the major, or allied fields, such as criminology, corrections, social services, behavioral science, or criminal justice.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

Major requirements for the Associate in Science Degree: [S105/04811/2105.10]

- CRSCI 1 Introduction to Correctional Science 3
- CRSCI 2 Control and Supervision of Inmates 3
- CRSCI 3 Correctional Law 3
- CRSCI 5 Crime and Delinquency 3
- CRSCI 6 Correctional Interviewing and Counseling 3
- CRSCI 8 Ethnic Group Relations 3

Plus three courses from the following:

- AJ 1 Introduction to the Criminal Justice System 3
- AJ 2 Concepts of Criminal Law 3
- AJ 3 Principles and Procedures of the Justice System 3
- AJ 4 Community-Based Problem Solving and the Justice System 3
- AJ 5 Legal Aspects of Evidence 3
- CRSCI 4 Public Relations and Corrections 3
- CRSCI 7 Probation and Parole 3
- CRSCI 10 Violence in America 3
- CRSCI 409 The Female Victim/Offender 3
- CRSCI 410 Street Gangs and Subcultures 3
- CRSCI 411 Juvenile Corrections 3
- CRSCI 450 Correctional Report Writing 3

Total units for the major 27

Requirements for the Correctional Science Certificate: [L105/20738/2105.10]

Same as the major requirements for the A.S. Degree.

Total units for the certificate 27

Culinary Arts

(See also Hotel and Food Service Management)

The Culinary Arts Certificate is an entry-level program that prepares students for employment opportunities in the food service industry. The program emphasizes basic preparation, production, and sanitation standards involved in food production.

Requirements for the Culinary Arts Certificate: [L255/07398/1306.30]

- HOTFS 10 Introduction to Hospitality Management 3
- HOTFS 16 Principles of Food Preparation 2
- HOTFS 16L Principles of Food Preparation Laboratory 1
- HOTFS 18 Sanitation, Safety and Equipment Management 2
- HOTFS 29 Purchasing, Cost Controls, and Menu Planning 2
- HOTFS 424 Dining Systems and Restaurant Operations 3
- HOTFS 432 Hospitality and Healthcare Law 3
- HOTFS 434 Catering and Banquet Organization 3
- HOTFS 436A Culinary Arts I 2
- HOTFS 436B Culinary Arts II 2
- HOTFS 436C Culinary Arts III 2
- HOTFS 496B Work Experience 2
- NF 11 Food Service Management Supervision 3
- NF 15 Nutrition I: The Science of Nutrition (or NF 5, Nutrition for Life, or NF 25, Culture and Nutrition) 3

Total units for the certificate 33
DANCE

The Dance program focuses on technique and performance and prepares students for university transfer and careers in dance and related fields.

Various technique and production classes are offered to provide students with a broad background of training.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

Major requirements for the Associate in Arts Degree:  Units
[A115/04781/1008.00]
DANCE 1  Survey of Dance  3
DANCE 4A  Ballet IA  1.5
DANCE 4B  Ballet IB  1.5
DANCE 6A  Ballet IIA  1.5
DANCE 6B  Ballet IIB  1.5
DANCE 10AB  Jazz Dance I  1-1
DANCE 20AB  Modern Dance  1-1
DANCE 30A  Tap Dance I  1
DANCE 50AB  Jazz Dance II  1-1
THEATRE 10  Beginning Acting  3

Plus one course from the following:
DANCE 400  Hip Hop Dance  1
MUSIC 40  Beginning Guitar  1
MUSIC 51A  Beginning Class Piano  1

Plus one course from the following:
DANCE 42  Dance Workshop  3
THEATRE 50  Main Stage Production Workshop I  3

continued next page

Plus two courses from the following:
DANCE 2  Stage Movement  3
(also available as THEATRE 2)
DANCE 30B  Tap Dance I  1
THEATRE 12  Intermediate Acting  3

Total units for the major  27-29

Notes:
1. High school graduation, pass the GED test, or pass the High School Proficiency examination, or have Associates degree or higher. International transcripts must have AERC, IERF or approved agency evaluation.
2. All courses required for the certificate must be completed with a minimum grade of C.
3. Before entering the preclinical portion of the Dental Assisting Program, students must pass a health examination as evidence of good mental and physical health, and must have a current cardiopulmonary resuscitation (CPR) card.
4. The college does not provide transportation to clinical facilities.
5. Courses taken to meet Dental Hygiene transfer program prerequisites or other accredited Dental Assisting program courses may satisfy certain Dental Assisting course work. Consult with your counselor or the Dental Assisting Program Coordinator.
6. Part-time Dental Assisting program may be taken while meeting Dental Hygiene transfer program prerequisites.
7. Some courses may be taken during the student’s senior year in high school. Consult with your counselor or the Dental Assisting Program Coordinator.
8. The Dental Assisting Program must be completed within a three year period.
9. Applicants with a record of any felony are subject to review by the Dental Board of California before becoming licensed by the state of California.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

Major requirements for the Associate in Science Degree:  Units
[S120/04791/1240.10]
DENTAL 400  Dental Assisting Core Sciences  6
DENTAL 410  Dental Assisting Preclinical Sciences  6
DENTAL 420  Radiography for Dental Assistants  6
DENTAL 430  Clinical Practice  6

Total units for the major  24

Requirements for the Dental Assisting Certificate:  Units
[T120/02723/1240.10]
Same as the major requirements for the A.S. Degree

Total units for the certificate  24

Recommended course:
DA 496ABCD  Occupational Work Experience: Dental Assisting  1-4

DENTAL ASSISTING

The Dental Assisting Program is accredited by the Commission on Dental Accreditation and Dental Board of the State of California. The program features full-time, part-time, and fast-track schedules. The full-time schedule is completed in one year. The part-time schedule must be completed within three years of continuous enrollment. The fast-track schedule is completed in a shorter time depending on student and clinical availability.

Students receive a comprehensive education including dental sciences, hands-on practice laboratory, dental radiation safety certification, coronal polishing and sealant certificates, clinical experience in a community dental practice, state-of-the-art technology, dental business management preparation, and familiarity with dental specialty practices.

Students completing the program are eligible to take the Dental Assisting National Board Examination Certified Dental Assistant (CDA) as well as the Registered Dental Assistant Examination (ROA).

Graduates are eligible for employment in private dental practices, clinics, and hospitals as assistants, technicians, and dental practice management positions.

DIETETIC SERVICE SUPERVISOR

(See also Hotel and Food Service Management)

This program, approved by the California State Department of Health, prepares students for entry level management in a food service department in health care, community care, or school food service organizations, including entry levels of supervision. The program fulfills the federal and state training regulations for positions in general acute-care hospitals, acute psychiatric hospitals, skilled nursing facilities, and intermediate/residential-care facilities.

Requirements for the Dietetic Service Supervisor Certificate:  Units
[L256/07389/1306.20]
HOTFS 14  Quantity Food Production Management  3
HOTFS 16  Principles of Food Preparation  2
HOTFS 16L  Principles of Food Preparation Laboratory  1
HOTFS 18  Sanitation, Safety and Equipment Management  2
NF 11  Food Service Management Supervision  3
NF 15  Nutrition I: The Science of Nutrition  3
NF 19  Nutrition II: Modified Diets  3
NF 470  Dietetic Service Supervisor (take twice)  1-1
NF 470L  Dietetic Service Supervisor: Supervised Clinical Laboratory (take twice)  1-1

Total units for the certificate  21
**DRAFTING**

The drafting program degrees and certificates provide the basic knowledge and skills in drafting, mathematics, art, and related scientific and engineering areas to prepare students for employment in the manufacturing and architectural industries. Each program focuses on the skills necessary to be successful and gain employment in related fields. Computer aided drafting (CAD) will be used to complete the required work in most of the classes.

Courses designed to fulfill major requirements for an Associate in Science Degree from Chaffey College are not the same as those required for completing the major at a transfer institution offering a baccalaureate degree. Students who intend to transfer to a four-year college or university in any major should consult the catalog of the appropriate transfer institution and a Chaffey College counselor to develop a preferred plan of study.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

**Drafting Technician: Architectural**

The architectural drafting technician curriculum prepares students for employment as entry level architectural drafting aids, building designer of residences, detailer, designer, and CAD operators. Graduates of the program may find work in offices of architects, structural engineers, mechanical engineers, and other related industries.

**Drafting Technician: Mechanical**

The mechanical drafting technician program provides the fundamental knowledge and skills in drafting. The curriculum is designed for students seeking employment in the following fields: aerospace, civil, electronics, mechanical, structural steel, technical illustration, tool design, piping, sheet metal layout, and other related industries.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

EARTH SCIENCE
(See also Geology)

Earth Science is the application of many sciences to the understanding of the Earth. While it is often used as a synonym for geology, traditionally Earth Science encompasses a wider range of scientific inquiry including oceanography, meteorology, planetology, and soil sciences. Today’s Earth Science has expanded to include environmental studies as applied to the physical world.

The curriculum is designed to provide the fundamental knowledge and skills to prepare students for transfer to a university as a junior. This is a two-year program leading to an Associate in Science Degree. Students following this program will be well suited to pursue an advance degree in Earth Science, Environmental Science, or any related science. This program is equally intended to assist those who wish to teach Earth Science in elementary or secondary schools, those interested in understanding environmental issues, or those who desire an understanding of the Earth.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

ECONOMICS

This discipline enables students to understand the world in a much better way, particularly clarifying the process of decision making. Whenever people, business, or their representatives make a choice between alternative activities — for example, a business decision to hire more workers or, instead, buy a new machine — there will be an impact. Each alternative has associated costs and benefits. Economics teaches us how to analyze the costs and benefits so that we can make more intelligent choices. Economics also addresses the impact of decisions upon equity (fairness), particularly as measured by the distribution of wealth and income.

Studying economics is an excellent preparation for a career in law, industry, banking, accounting, private consulting, teaching, and government service. Because we encounter economic problems in all areas of our lives and throughout society, economics provides useful intellectual training for individuals who simply wish to become better educated prior to making a lifelong career decision.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

Major requirements for the Associate in Art Degree:

EDUCATION PARAPROFESSIONAL

The Education Paraprofessional program prepares students for employment as instructional aides/paraprofessionals in grades K – 12. The degree certifies that an individual is “highly qualified” in this field, as required by current federal legislation, and provides a venue for currently employed aides to achieve “highly qualified” status in response to the legislative deadline of 2006. It also prepares students to continue their studies in preparation for transfer to four-year colleges and universities by incorporating articulated and/or recommended courses. Students who wish to teach Earth Science in elementary or secondary schools, those interested in understanding environmental issues, or those who desire an understanding of the Earth.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

Electricity

(See Industrial Electrical Technology)

Engineering

This curriculum provides students with sufficient understanding of engineering concepts and skills for attainment of upper-division status in engineering in a four-year college or university. For the non-transfer student, this curriculum should be of value in attaining employment at the level of technician.

The California Engineering Liaison Committee urges transfer students to remain in the community college until completion of lower-division requirements in mathematics, chemistry, physics, and engineering, insofar as those courses are offered.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

English

The English major gives students an appreciation of literature and increased skills in written communication. Through the study of language and literature, students are better able to communicate, to persuade, and to understand human nature. More specifically, superior ability to understand and to use English is necessary for success in most careers, particularly those in education, writing, business, journalism, and law.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

---

**Fire Technology: Professional Firefighter**

The Fire Technology degree and certificate programs are designed to (1) prepare interested students for careers in public or private fire service, (2) provide existing fire service personnel with continuing in-service training in skills applicable to their present position, (3) provide existing fire service personnel with upgraded skills needed to avail themselves of promotional opportunities, and (4) for college transfer students pursuing a higher education degree in Fire Protection Administration and Technology.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

<td>3</td>
</tr>
</tbody>
</table>

**Total units for the certificate**: 14

**Note**: Course work must be completed within a five-year period.

**GEOGRAPHY**

Geographers integrate time, space, and demographics into maps which have both academic and applied values. Geography is an interdisciplinary area of study that interfaces with earth sciences, life sciences, business, and teaching. The field of geography requires that students be broadly based in two major areas: cultural geography and physical geography. These areas form the core of the curriculum. Students may then pursue other areas of concentration.

Geography specialists may focus on meteorology, economic geography, urban geography, political geography, historical geography, geomorphology, environmental geography, or biogeography. Geographical knowledge has specific application to urban planning, environmental studies, business, defense, satellite mapping, demographics, history, and economics. Geography is also a core area of study for elementary or high school teachers. Students interested in a teaching career can focus on the General Studies requirements for the target school along with cultural geography and physical geography with a lab.

**To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.**

**Major requirements for the Associate in Science Degree:**

<table>
<thead>
<tr>
<th>Course Code</th>

</tbody>
</table>

**Total units for the major**: 19

**Note**: Computer literacy is basic to geography. Students would be well advised to acquire knowledge of word processing, database, graphing, and graphics programs.

**GEOLOGY**

(See also Earth Science)

Unique among the sciences, geology embraces a broad spectrum of scientific inquiry. Geologists systematically amass observation data and measurements to compile and organize the body of knowledge about Earth.

Specialized geological studies apply information and techniques from other sciences and engineering to solve problems of the physical environment. Examples of geological specialties include the following: paleontology, the study of prehistoric biology; mineralogy, the application of chemistry and physics to the mineral kingdom; petrology, the application of chemistry and physics to understanding the origin and history of rocks; engineering geology, the application of geological and engineering information to construction of roads, dams, tunnels, landslide stabilization, etc.; and hydrology, the study of surface and underground water supplies.

**To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.**

GERONTOLOGY

Gerontology prepares students for new careers resulting from the increasing population of older people. This is an interdisciplinary field incorporating research on aging in psychology, physiology, and sociology as well as public policy and social ethics.

Gerontology courses provide short-term training for immediate employment and may also lead to a Community Caregiver certificate, a certificate in Gerontology, or an Associate in Science degree in Gerontology. Nurses, social workers, and administrators of care facilities may earn Continuing Education units.

Gerontology is increasingly important in professions such as medicine, law, architecture, mental health, and social work. Transfer students will find Gerontology courses at more than 15 California universities. Other employment opportunities are found in residential communities, recreation, marketing, nutrition, counseling and referral, paralegal services, and businesses and agencies serving older adults, including persons with dementia.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

Total units for the certificate: 6-16.5

Note: A mandatory orientation and verification of fingerprinting are required prior to enrollment. Conviction of a crime other than a minor traffic offense may preclude enrollment in these courses. Contact Gerontology at 909/652-6675/6672 for dates and locales of orientations, and for additional information on other courses pertinent to community caregiving.

HISTORY

Students find that history deepens awareness of the world, past and present, and cultivates appreciation for beneficial community participation. A foundation in this subject is excellent for many fields of endeavor, including law, public administration, foreign service, journalism, business, and teaching.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

**Total units for the major:** 24

Note: Courses included in major cannot be used to fulfill General Education requirements.

**Industrial Electrical Technology**

The Industrial Electrical Technology programs provide a broad working base from which to handle the many facets of industrial electricity as it relates to light and heavy industry, construction, and utility companies that provide electrical power. The programs meet the needs of those entering the trade for the first time, and allow those already in the trade to improve their understanding of the craft.

**Electromechanical Technology**

The Electromechanical Technology program curriculum covers electricity, hydraulics, pressure and force, pneumatics, cylinder controls, basic PLC, troubleshooting, sensors, automation including modern sophisticated concepts, and practical applications.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

**Industrial Electrical Technology**

The Industrial Electrical Technology program curriculum covers electricity, magnetics, solid-state devices, electrical machinery, micro processing, programmable logic controllers (PLC), DC and AC variable speed drives, and automation, including modern sophisticated concepts and practical applications.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

### Instrumentation Technology

The Instrumentation Technology program curriculum covers electricity, level process, flow process, temperature process, proportional integral and derivative loops, basic programming of microprocessor-based controllers, troubleshooting, automation including modern sophisticated concepts, and practical applications.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

INTERIOR DESIGN

The Interior Design curriculum is planned both as professional preparation for those entering the interior design field and as a transfer program for students planning to transfer to a four-year college. Students receive a strong background in color, design principles, furniture construction and design, architectural materials, furniture layout, space planning, business principles, computer aided design, and the historical development of furniture, architecture, art, and decorative arts.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

INTERSEGMENTAL GENERAL EDUCATION

TRANSFER CURRICULUM (IGETC): UC or CSU

The IGETC Certificate of Achievement is designed for students intending to transfer to either the California State University or the University of California. Completion of courses for this certificate allows students to transfer without the need, after transfer, to take additional lower-division general education courses to satisfy university general education requirements. Depending on the major/field of interest, students may find it advantageous to take courses fulfilling either the CSU’s general education requirements or those of the UC campus or college to which they plan to transfer.

- IGETC-CSU certification requires successful completion of a course in Area 1, Group C – Oral Communication.
- Verified competency in a Language Other than English (LOTE) is required only for IGETC-UC certification. Upon successful completion of the required courses/competencies, the certificate will be awarded for IGETC-CSU and/or IGETC-UC.

All courses must be completed with grades of “C” or better (C- grades are not acceptable), be a minimum of 3 semester units, and be on the IGETC list during the year in which the student takes the course.
AREA 5

PHYSICAL AND BIOLOGICAL SCIENCES

(Required CSU/UC - 2 courses minimum, with at least one Physical Science course and one Biological Science course, one of which must include a laboratory. Lab courses are underlined.)

PHYSICAL SCIENCES:
Astronomy 25*, 26, 35
Chemistry 8*, 9*, 10*, 12*, 21 & 21L1 & 21L2*, 22 & 22L1 & 22L2*, 70, 75A, 75B
Earth Science 1, 1L, 5*, 5 & 5L*, 8*
Geography 4, 4 & 5, 6*
Geology 1, 2, 30*
Physical Science 10
Physics 5*, 5 & 6*, 20A*, 20B*, 30A*, 30B*, 44*, 45*, 46*, 47*

BIOLICAL SCIENCES:
Anthropology 1, 1L & 1L
Biology 1*, 2, 4*, 5, 10*, 11, 12, 20, 22, 23, 23 & 23L, 50, 52*, 55, 56, 63

LANGUAGE OTHER THAN ENGLISH (Required UC only)

Students transferring to the UC are required to demonstrate competency (proficiency) in a language other than English equal to two years of high school study. Competency may be demonstrated through one of the following mechanisms:

1. Satisfactory completion of two years of high school coursework (U.S. high school or high school where the language of instruction is English) in a language other than English, with a grade of “C” or better in each course. The two years must be in the same language.
2. Satisfactory completion of a course (or courses) at a college or university with a grade of “C” (2.0) or better in each course.
3. Satisfactory completion, with “C” (2.0) grades or better, of two years of formal schooling at the sixth grade level or higher in an institution where the language of instruction is not English. Appropriate documentation must be presented to substantiate the required coursework was completed.
4. Satisfactory score on the SATII: Subject Test in languages other than English.
5. Satisfactory score, 3 or higher, on the College Board Advanced Placement examinations in languages other than English.
6. Satisfactory score, 5 or higher, on the International Baccalaureate Higher Level Examinations in language other than English.
7. Satisfactory completion of an achievement test administered by a community college, university, or other college in a language other than English. If such test is unavailable, a faculty member associated with a U.S. regionally accredited institution of higher education can verify a student's competency.
8. Language other than English "O" Level exam with a grade of "A", "B", or "C".
9. Language other than English International "A" Level exam with a score of 5, 6, or 7.
10. A Defense Language Institute language other than English course which is indicated as passed with a "C" or higher on the official transcript.

Satisfactory completion of Chaffey courses that meet this requirement are:

ASL 2 Elementary American Sign Language
ARABIC 2 Elementary Modern Standard Arabic
CHIN 2 Elementary Mandarin Chinese
FR 2 Elementary French
SPAN 2 Elementary Spanish

(or SPAN 2SS, Elementary Spanish for Spanish Speakers)

Total units for the certificate 34-39

* = Transfer credit may be limited by either UC or CSU, or both.
# = Course must be completed Fall 2003 or later.
* = Course must be completed Spring 2006 or later.
^ = Course must be completed Fall 2005 or later.
* = Course must be completed Fall 2010 or later.

COURSES MAY COUNT IN ONLY ONE AREA

REQUIREMENT IN U.S. HISTORY, CONSTITUTION, AND AMERICAN IDEALS

(CSU graduation requirement only. Not part of IGETC; may be completed prior to transfer. Requires 2 courses, one from Group 1 and one from Group 2.
Group 1 Political Science 1 or 11 • Group 2 History 17 or 18

JOURNALISM

The Journalism certificate is designed to provide students an opportunity to sample the cross-curricular course offerings at the college in preparation for a career in the mass media. The program is well suited for 2-year students planning to enter the fields of writing, photography, and design for publication directly, as well as for those planning to transfer to a 4-year degree program in journalism or mass communications.

MANAGEMENT

(See Business Management)

MARKETING/MERCHANDISING

(See Business and Fashion Merchandising)
**Mathematics**

**Associate in Science for Transfer**

The Mathematics Associate of Science for Transfer degree provides students with sufficient understanding of mathematical concepts, skills, and applications to attain upper division status in mathematics at a four-year college or university, majoring in Mathematics, Physics, Engineering, or Computer Science.

The program is suited to the needs of students who will complete their education at Chaffey College with an A.A. degree, as well as those students who will complete their Chaffey A.A. degree and transfer to a four year institution to complete their bachelor's degree. Successful completion of the transfer degree in Mathematics guarantees the student acceptance to a California State University (but does not guarantee acceptance to a particular campus or major) to pursue a baccalaureate degree, in preparation to pursue a career in the field of mathematics, engineering, statistics, actuarial science, business and management, law enforcement, government, and education.

To obtain the Mathematics Associate of Science for Transfer degree, students must:

- Complete the following major requirements with grades of C or better
- Complete a minimum of 60 CSU-transferable units with a grade point average (GPA) of 2.0 or better.
- Complete either the California State University General Education Breadth pattern (CSU GE) or the Intersegmental General Education Transfer Curriculum (IGETC-CSU) pattern general education requirements.

**Major requirements for the Associate in Science Degree:**

</tbody>
</table>

**Units for the major**

- 20-22
- Total units: 60-65

**Program Learning Outcomes:**

- Acquire skills that are prerequisite for subsequent studies in mathematics.
- Develop the ability to reason mathematically.
- Apply mathematical models.
- Develop greater confidence in their mathematical abilities.
- Gain an appreciation for the usefulness of mathematics.

---

**Modern Languages**

*(Also see Sign Language)*

The Modern Language Associate in Arts program offers students a strong foundation in language skills and provides students with the opportunity to transfer to a variety of liberal arts, language arts, and linguistics bachelor degree programs. In addition, majoring in a modern language provides adults with the language skills necessary for various professions in healthcare, law enforcement, public safety, education, government, translation/interpretation, business, international relations, and hotel and food services. Language study also affords new perspectives on the world and on one's mother tongue.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

**French**

**Major requirements for the Associate in Arts Degree:**

<table>

<td></td>
</tr>
<tr>
<td>SPAN 15</td>
<td>Elementary Spanish Conversation</td>
<td>2</td>
</tr>
</tbody>
</table>

**Plus a minimum of eight units from the following:**

A second modern language (American Sign, Arabic, Chinese, or French)

| Art 9 | Communication Studies 74 |
| English 77 | History 70 or 71 |
| Political Science 25 |
| Social Science 25 or 26 |
| Spanish 8, 13*, 14*, 16, 460 |
Track B (Spanish Speakers Track)

SPAN 1SS Elementary Spanish for Spanish Speakers 4
SPAN 2SS Elementary Spanish for Spanish Speakers 4
SPAN 4 Intermediate Spanish 4
SPAN 8 Survey of Hispanic Literature: 1700 – Present 3
(SPAN 13, Survey of Mexican Literature, or SPAN 14, Latin American Literature in Translation)
SPAN 16 Spanish Composition 3

Plus a minimum of seven units from the following:

A second modern language (American Sign, Arabic, Chinese, or French)
Art 9
Communication Studies 74
English 77
History 70 or 71
Political Science 25
Social Science 25 or 26
Spanish 8*, 13*, 14*, 16*, 460

Total units for the major 25

* Courses can only count once, either as core or as elective units.

Note: Students who enter either Spanish track with advanced standing will need to take additional units from the elective courses list to meet the major’s 25 unit requirement.

MULTIMEDIA

(See Art)

MUSIC

The Music curriculum provides participation in musical performance activities as well as courses of interest to the general college student who seeks music for personal satisfaction or who wishes to expand knowledge and appreciation of the arts. A full program of courses is available to the prospective major who wishes to make music the subject of concentration leading to a degree and transfer to a university.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

Major requirements for the Associate in Arts Degree:

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>MUSIC 2A</td>
<td>Music History and Literature</td>
</tr>
<tr>

</tr>
<tr>
<td>MUSIC 70B</td>
<td>Harmony and Intermediate Musicianship</td>
</tr>
</tbody>
</table>

* Students may be exempt from the MUSIC 51 series upon passing a proficiency exam

Total units for the major 25

Notes:

1. All students wishing to major in music are advised to begin the major in the first semester of enrollment. It is otherwise impossible to complete the program in two years. Enrollment in MUSIC 3A, 51A and a performance class should commence the first semester.

2. All music majors are expected to be enrolled in a public performance course each semester (MUSIC 32, 33, 60, 62A, 62B, 62C, or 68). Part-time students must enroll in a performance class four semesters (not necessarily consecutive) for a minimum of six units.

Commercial Music

The commercial music major is designed to give students a two-year background in professional and commercial music concepts and practices with an emphasis on theory and vocational performance potential. Successful completion of the program as shown, along with the General Education requirements, may also enable students to transfer as music majors to a California State University.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

* Students may be exempt from the MUSIC 51 series upon passing a proficiency exam

Total units for the major 25

Notes:

1. All students wishing to major in music are advised to begin the major in the first semester of enrollment. It is otherwise impossible to complete the program in two years. Enrollment in MUSIC 3A, 51A and a performance class should commence the first semester.

2. All music majors are expected to be enrolled in a public performance course each semester (MUSIC 32, 33, 60, 62A, 62B, 62C, or 68). Part-time students must enroll in a performance class four semesters (not necessarily consecutive) for a minimum of six units.

Commercial Music

The commercial music major is designed to give students a two-year background in professional and commercial music concepts and practices with an emphasis on theory and vocational performance potential. Successful completion of the program as shown, along with the General Education requirements, may also enable students to transfer as music majors to a California State University.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

2. All music majors are expected to be enrolled in a public performance course each semester (MUSIC 32, 33, 60, 62A, 62B, 62C, or 68). Part-time students must enroll in a performance class four semesters (not necessarily consecutive) for a minimum of six units.
NURSING

Chaffey College offers a career ladder path in Nursing where students can start with the Nursing Assistant program, follow the ladder to earn their Vocational Nursing Certificate, and then may choose to proceed to the Associates Degree in Nursing program. Students may also choose not to follow the career ladder, but meet the program requirements for the Vocational Nursing or Associate Degree Nursing programs. While students are not required to follow the ladder format, they must meet the entrance requirements for each program before applying to that program.

NURSING ASSISTANT

The Nursing Assistant (NA) program prepares students for entry-level employment in health care facilities. Nursing Assistants are important members of the health care team, providing direct care to patients in long-term care settings. All Nursing Assistants function under the supervision of a Licensed Nurse. Programs are approved by the California Department of Health Services. Upon completion of the Nursing Assistant program, the student is eligible to take the state examination for Certified Nurse Assistant (CNA) for a fee. The CNA may then complete courses for certification in Home Health Aide (HHA) and/or Acute Care Technician (ACT).

The application process for the NA program is as follows:
1. Attend a mandatory information meeting to obtain the application packet.
2. Submit application to Chaffey College and to the Nursing Assistant Program.
3. Submit background check verification to the Department of Health Services and the Health Sciences Office.

Enrollment in the NA program is subject to completion of the following requirements:
1. Admission to Chaffey College.
2. Criminal background screening (details provided at mandatory information meeting).
3. Evidence of satisfactory physical and emotional health as determined by health examination.
4. Current cardiopulmonary resuscitation (CPR) certification as an American Heart Association Healthcare Provider. The CPR card must be updated annually. Details about times and locations of CPR classes are provided at mandatory information meetings.
5. Submission of health form, laboratory results, and appropriate CPR card at the mandatory orientation meeting. Details provided at the information meeting.
6. The student must be at least 16 years of age.

Total units for the Chaffey College certificate: 7

HOME HEALTH AIDE

To enter the Home Health Aide (HHA) program, the student must have an active California State Certified Nursing Assistant (CNA) certificate or equivalent. The Home Health Aide program is a state certified add-on certificate to the CNA certificate that prepares students for entry level positions with home health agencies. The Home Health Aide program prepares the student for care independently in the patient’s home or in assisted living, independent living, and hospice environments.

The application process for the HHA program is as follows:
1. Attend a mandatory information meeting to obtain the application packet.
2. Submit application to Chaffey College and to the Nursing Assistant Program.
3. Submit application to the Department of Health Services and verification to the Health Sciences Office.

Enrollment in the HHA program is subject to completion of the following requirements:
1. Admission to Chaffey College.
2. Evidence of satisfactory physical and emotional health as determined by health examination.
3. Current cardiopulmonary resuscitation (CPR) certification as an American Heart Association Healthcare Provider. The CPR card must be updated annually. Details about times and locations of classes provided at mandatory information meetings.
4. Submission of health form and appropriate CPR card before the first day of class.
5. Submit a copy of the state CNA certification prior to enrolling in NURAST 420/420L (Home Health Aide courses).

Requirements for the Chaffey College NA/HHA Certificate:

| (Non-transcripted) | 
|---------------------|-------|
| NURAST 400*         | Nursing Assistant | 3.5   |
| NURAST 400L*        | Nursing Assistant Laboratory | 2     |
| NURAST 405*         | Nursing Assistant Skills Laboratory | 0.5   |
| NURAST 420          | Home Health Aide | 1.5   |
| NURAST 420L         | Home Health Aide Laboratory | 1     |
| NURAST 450*         | Professional Development for the Nursing Assistant | 1     |

Total units for the Chaffey College certificate: 2.5-9.5

*Students must take these four NURAST classes and pass the California State Certified Nursing Assistant certification test or provide proof of a current California State Certified Nursing Assistant Certificate.

ACUTE CARE TECHNICIAN

To enter the Acute Care Technician (ACT) program a student must have an active California State Certified Nursing Assistant (CNA) certificate or equivalent. The Acute Care Technician program prepares the nursing assistant to function in acute care settings including hospitals and sub-acute facilities. The Acute Care Technician will gain skills for the Vocational Nursing Program at Chaffey College.

The application process for the ACT program is as follows:
1. Attend a mandatory information meeting to obtain the application packet.
2. Submit application to Chaffey College and to the Acute Care Technician Program.
3. Submit active California CNA certificate or equivalent documentation to the Health Sciences Office.

Enrollment in the ACT program is subject to completion of the following requirements:
1. Admission to Chaffey College.
2. Evidence of satisfactory physical and emotional health as determined by health examination.
3. Current cardiopulmonary resuscitation (CPR) certification as an American Heart Association Healthcare Provider. The CPR card must be updated annually. Details about times and locations of classes provided at mandatory information meetings.
4. Submission of health form and appropriate CPR card at the mandatory orientation meeting to be announced at the information meeting.
5. Submit a copy of the state CNA certification or equivalent documentation prior to enrolling in NURAST 420/420L (Acute Care Technician courses).
6. Be a high school graduate, or have passed the GED, or have passed the High School Proficiency Examination, or have an associates degree or higher.
7. Provide official transcripts from other colleges attended. Official transcripts (high school and college) require AERC, IERF, or other approved agency evaluation.
8. Complete a criminal background screening (details provided at mandatory meeting).

**Total units for the Chaffey College certificate:** 7-14

*Students must take these four NURAST classes or equivalent, or provide proof of a current California State Nursing Assistant Certificate.

### Notes:

1. All courses required for any of the above certificates must be completed with a minimum grade of "C".
2. The college does not provide transportation to clinical facilities.

## NURSING: VOCATIONAL

The Vocational Nurse is a caregiver in acute and extended care facilities. LVN's are also employed in home health care, emergency clinics, and as reviewers of health care utilization.

The Vocational Nursing (VN) program is accredited by the State of California Board of Vocational Nursing and Psychiatric Technicians (BVNPT). Upon completion of the program, students are eligible to apply to take the Board of Vocational Nursing and Psychiatric Technicians' licensing examination to practice in the State of California as a Licensed Vocational Nurse.

The VN program is three semesters in length and begins each fall and spring semester. The program consists of lecture and laboratory instruction in actual nursing situations.

Applicants with a record of any felony are subject to review by the Board of Vocational Nurse and Psychiatric Technician Examiners (BVNPTE) before a license can be granted. Contact the BVNPTE prior to submitting an application to the VN program to clarify eligibility for licensure upon completing the program.

### Enrollment in the VN program is subject to completion of the following requirements:

1. Admission to Chaffey College.
2. Be a high school graduate, or have passed the GED, or have passed the High School Proficiency Examination, or have an associates degree or higher.
3. Provide official transcripts from other colleges attended. International transcripts (high school and college) require AERc, IERF, or other approved agency evaluation.
4. Students must evidence physical and emotional health by satisfactory background screening and a drug screening test.
5. Completion of Nursing: Vocational 401 with a minimum grade of C.
6. Completion of Mathematics 401 or equivalent with a minimum grade of C.
7. Completion of Biology 424 (or Biology 20 and 22) or equivalent with a minimum grade of C. Biology course(s) may not be over five years old. Subject competency may be demonstrated by an examination.
8. Students must evidence physical and emotional health by satisfactory background and criminal history check and drug screening test.
10. Current status as a California Certified Nursing Assistant, or completion of Nursing Assistant 400, 400L, 405, and 450 with minimum grades of C or P.

NURSING: ASSOCIATE DEGREE

This program, leading to an Associate in Science Degree with a major in Nursing, is approved by the California Board of Registered Nursing and accredited by the National League for Nursing Accrediting Commission ((3343 Peachtree Road N.E., Suite 500, Atlanta Georgia 30326; phone: 404/975-5000; fax: 404/975-5020, or website: www.nlnac.org). The graduate is eligible to take the National Council for Licensure Examination (NCLEX) and, upon successful completion, become licensed as a Registered Nurse in the state of California. There are fees for obtaining licensure by examination or endorsement, interim permit, and biennial renewal. California law allows for the denial of registered nursing licensure on the basis of any prior convictions substantially related to nursing practice. See the California Board of Registered Nursing website at http://www.rn.ca.gov/lic/pdf/exam_app_2004.pdf for further information.

The curriculum is based upon the humanistic philosophy of Abraham Maslow, as well as major concepts of Erik Erikson's Developmental Theory, the Nursing Process and Therapeutic Communication. Nursing assists the individual and family in preventing or coping with threats to the individual’s basic needs throughout the life cycle. Faculty believe learning is facilitated when students are actively involved in the learning process and assume responsibility for their own learning.

Information about the program prerequisites – those requirements that must be completed prior to applying to the ADN program – can be obtained from our website, the Counseling Department, the ADN office, or from attending an ADN information session offered the first Thursday of every month. To access the ADN website, go to www.chaffey.edu, click on Instruction, Instructional Programs, Nursing: ADN. The listed criteria is subject to change.

Once a student is ready to apply, he or she must pick up the ADN Application Instructions for Beginning or Advanced Placement Students in the Counseling Department, ADN office, or on the website. Six to eight weeks should be allowed for obtaining the information needed in these instructions, prior to the application period. Application forms for admission to the ADN program are available online at www.chaffey.edu and must be submitted from October 1-31 or April 1-30. Should there be more qualified applicants than spaces available students must reapply the next semester. Only coursework completed prior to application to the ADN program will be considered in the selection process.

Applicants to the ADN program must meet the following requirements:
1. Be a high school graduate, or have passed the GED, or have passed the high school proficiency exam, or have an Associates Degree or higher.
2. Provide official transcripts from other colleges attended. International transcripts (high school and college) require AERC, IERF, or other approved agency evaluation.
3. Complete related nursing or biological science (physiology and microbiology) courses, which the student is applying toward the ADN course requirements, within the last five years.
4. Anatomy, Physiology, Composition, Microbiology, and Microbiology Lab must be completed at the time of application.
5. Mathematics 401 must be completed or in progress at the time of application.
6. Prerequisite GPA must be 2.8 or higher. Cumulative GPA must be 3.0 or higher.

Notes:
1. Prior to enrollment in the ADN program, students must evidence physical and emotional health by a satisfactory health examination, and by passing both a criminal background check and a drug screening test. A pre-enrollment assessment of English, reading, math, and science must also be passed. Details about these requirements will be provided once students are accepted into the program.
2. In order to continue in the ADN program, students must earn a minimum grade of C in all nursing and other required courses.
3. The college does not provide transportation to clinical facilities.
4. Students with prior nursing education should refer to the Advanced Placement Program.
5. The nursing program must be completed within five (5) years of admission.
6. Current cardiopulmonary resuscitation card (CPR) is required prior to entering any clinical nursing class. This must be the “Health Care Provider” from the American Heart Association.
7. Medication calculation proficiency must be demonstrated by written examination prior to registration in each semester.

### Program of Study

#### ADN Advanced Placement
Prospective students who have prior nursing education or experience in health care may request advanced placement, which will be honored depending on available space in the nursing program. Students in this category include Licensed Vocational Nurses or those transferring from another nursing program. In order to continue in the ADN program, advanced placement students must earn a minimum grade of C in all nursing and other required courses.

#### VN to RN: Degree Option
Acceptance into this program is based on the following criteria:
1. Graduation from a Vocational Nursing Program with an active vocational nursing license.
2. Completion of NURADN 3 and NURADN 3L with a minimum grade of C.
3. Fulfillment of application requirements under Nursing: ADN in this section of the catalog. See “Applicants to the ADN program must meet the following requirements.”

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

Total units for the major: 22.5

See also required General Education and additional courses listed for Nursing: ADN.

#### VN to RN: Non-Degree Option
Students completing this program are eligible to apply to take the NCLEX for licensure as a Registered Nurse. The student who elects to take this program is not recognized as a graduate of an accredited ADN program, is not recognized as a Chaffey College ADN graduate, and may not qualify for licensure by endorsement in another state.

Acceptance into this program is based on the following criteria:
1. Graduation from a Vocational Nursing Program with an active vocational nursing license.
2. Completion of NURADN 3 and NURADN 3L with a minimum grade of C.
3. Fulfillment of application requirements 1 and 2 under Nursing: ADN in this section of the catalog.
4. Physiology and Microbiology must be completed at the time of application.

#### Transfer Student: Degree Program
Acceptance into this program is based on the following criteria:
1. Completion of NURADN 3 and NURADN 3L with a minimum grade of C.
2. Fulfillment of application requirements under Nursing: ADN in this section of the catalog.
3. Evaluation of previous course work in nursing will be determined by the ADN Program Director.

#### Registered Nurse Ladder Program
The holder of a current California Registered Nurse License may receive the Associate in Science Degree in Nursing by:
1. Submitting official copies of transcripts from the diploma school and all other colleges attended to the Office of Admissions and Records, Chaffey College, 5885 Haven Avenue, Rancho Cucamonga, CA 91737–3002.
2. Making an appointment with a college counselor to review transcripts and to plan a program of study. Appointments may be made by calling (909) 652–6200.
3. Satisfying the following Chaffey College general education and graduation requirements for the Associate in Science Degree in Nursing, and in which a minimum grade of C in each is required:

Total units: 29

Note: Some CSU campuses with B.S. in Nursing programs require college courses in chemistry, and in college algebra or statistics. See counselor for additional graduation requirements.

#### NUTRITION AND FOOD
The Nutrition and Food major is designed for students training in the field of health and wellness based on nutrition and fitness as a lifestyle. The certificate qualifies students for entry-level positions in health spas, retirement and convalescent homes, counseling centers, and youth day cares/camps.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

PROGRAMS OF STUDY

PHARMACY TECHNICIAN

This occupational program prepares students for work as Pharmacy Technicians. The program provides both the technical and practical training that enables the technician, upon licensure, to function as a competent entry-level assistant to the pharmacist. Pharmacy Technicians may be employed in hospitals, community pharmacies, home-health care settings, and government agencies. Program curriculum consists of lecture and laboratory instruction in both simulated and supervised clinical environments.

Upon successful completion of the Pharmacy Technician program, students are qualified to apply to the California State Board of Pharmacy for registration; registration is a legal requirement for work in California as a pharmacy technician. California law also allows for the denial of certification on the basis of any prior criminal convictions substantially related to pharmaceutical practice.

Enrollment in the PT program is subject to completion of the following requirements:

1. Admission to Chaffey College.
2. High school graduation, pass the GED test, or pass the High School Proficiency examination, or have associates degree or higher. International transcripts must have AERC, IERF or approved agency evaluation.
3. Eligibility for ENGL 450 or ESL 450 and eligibility for Math 520.

Notes:
A. The college does not provide transportation to clinical facilities.
B. Students must demonstrate satisfactory physical and emotional health, as determined by health examination and proof of immunizations.
C. Students must possess current cardiopulmonary resuscitation (CPR) certification as an American Heart Association Healthcare Provider. The CPR card must be updated annually. Details about times and locations of CPR classes is provided at information meetings.
D. To continue in the Pharmacy Technician program, students must earn satisfactory grades (minimum of “C” in graded courses; “CR” in pass/fail courses) in all Pharmacy Technician and other required courses.
E. Students with prior pharmacy technician education should contact the Pharmacy Technician Program at 909/652-6675.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

PHILOSOPHY

Philosophy is thinking critically and rationally about human problems of knowledge, existence, conduct, art, and religion. Students explore the great ideas of Western and Eastern heritage and encounter fundamentals of almost all other disciplines. The philosophy curriculum contributes toward a broad, general education in the liberal arts, the goal of which means a liberating of one’s mind, to free oneself from conventional opinions of one’s time and place.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

Total units for the major 24

PHILOSOPHY: RELIGIOUS STUDIES

Religious Studies encompass the personal, cultural, and ultimate dimensions in life. Students are introduced to theistic and non-theistic religions and philosophies, East and West, and their distinctive world views’ through cognitive and social emphases. Religion courses aim to enable students to discover basic structures or essential characteristics of human religious experience through critical observation and thought.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

PHYSICAL SCIENCE

Physical Science is the study of the natural sciences encompassing non-living systems although aspects of living systems are also studied. Scientific issues are presented and discussed in the physical science courses enabling a deeper understanding of societal issues that require thoughtful decisions and interaction. Physical Science courses enrich the general education program and fundamentally support further education to prepare for scientific, technological, and engineering careers. The selection of courses will assist in the selection of an upper-division science major. For non-transfer students, this area of emphasis will assist in the preparation for employment at the level of technician.

Requirements for the Associates in Science Degree:

A. General Education 23-39
Choose either Chaffey College’s General Education, California State University General Education (CSU-GE), or Intersegmental General Education Transfer Curriculum (IGETC) for the general education pattern related to your goal. Students who intend to transfer should complete the CSU-GE or IGETC pattern. Consult with a counselor to determine which general education pattern is the best choice for the college/university you plan to attend.

B. Area of Emphasis 18
Eighteen units selected from at least three of the listed subject areas. No more than eight units from any single subject area may be counted toward the major. A minimum of two courses with an associated laboratory in addition to the laboratory required for the general education requirements in the Natural Science category. A minimum of Trigonometry (MATH 31) is required.

C. Electives 3-19
Elective units may be necessary to reach the total of 60 overall units required for the Associate Degree. If you are planning to transfer, elective units must be transferable to CSU and/or UC.

Total units for the degree 60

Note: Courses included in the area of emphasis cannot be used to fulfill General Education requirements.

PHYSICS

The Physics curriculum provides students a basis for understanding the physical concepts and skills required for attainment of upper division status in a four year college or university. It also provides many of the prerequisite courses for engineering majors.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

POLITICAL SCIENCE

Political Science, the study of politics and government, examines ways and means by which societies identify and solve problems. The exercise of power in decision-making processes and its effect on societal resources is explored and weighed. Political values and beliefs are determined and evaluated for further depth of understanding. Political Science courses enrich the general education program and fundamentally support preparation for careers in teaching, the law, government service, city management, journalism, business, and international affairs.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

**CATALOG 2011-2012**

**A maximum of two of the Developmental Psychology Series may be taken to fulfill this requirement.**

**A maximum of six units of special topics (PSYCH 92A-H) may be taken to fulfill this requirement with prior approval of the school dean or designee. At least two different special topics must be completed.**

**At least two different special topics must be completed.**

**At least two different special topics must be completed.**

**A maximum of two of the Developmental Psychology Series may be taken to fulfill this requirement.**

**Notes:**

1. Students are admitted to the Radiologic Technology program on a point system. Therefore, it is imperative that applicants meet with a counselor regarding the point system prior to beginning the prerequisite and general education courses.

2. Required courses listed under number three above and general education courses are assigned points. Only courses completed prior to the application period will be included for full point calculation.

3. A minimum cumulative GPA of 2.0 is required to apply to the Radiologic Technology program. In addition, all general education and required prerequisite courses must be completed with a minimum grade of C or higher, or be in progress at the time of application.

4. Applicants will be notified by the end of May if they are accepted into the program.

5. Prior to admission to the RT program, evidence of satisfactory physical and emotional health is required as determined by a health examination. A background clearance and drug screening are also required.

6. In order to continue in the RT program, students must earn a minimum grade of C (78%) in all Radiologic Technology courses.

7. Applicants with a record of any felony are subject to review by the ARRT before an examination or license will be granted. Contact the ARRT at www.arrt.org, and submit a pre-application to determine eligibility for ARRT licensing. Applicants must obtain and submit a satisfactory background check certificate from www.mybackgroundcheck.com using a shared password. Refer to the RT website at www.chaffey.edu/radtec for details.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

**Major requirements for the Associate in Arts Degree:**

- **PSYCH 1** Introduction to Psychology: 3 units
- **PSYCH 5** Personal and Social Awareness: 3 units
- **PSYCH 80** Research Methods in Psychology: 4 units
- **SCSCI 10** Statistics for Social Science: 4 units

**Plus nine units from the following or from approved special topics:**

- **PSYCH 20** ** Developmental Psychology: Childhood and Adolescence: 3 units
- **PSYCH 21** ** Developmental Psychology: Adulthood and Aging: 3 units
- **PSYCH 25** ** Developmental Psychology: Lifespan Development: 3 units
- **PSYCH 41** Biological Psychology: 3 units
- **PSYCH 45** Psychoactive Drugs: The Chemistry of Consciousness: 3 units
- **PSYCH 55** Abnormal Psychology: 3 units
- **PSYCH 65** Social Psychology: 3 units
- **PSYCH 430** Health Psychology: 3 units
- **SCSCI 17** Human Sexuality: 3 units

Total units for the major: 23

**Required General Education courses:**

1. ENG 1A Composition: 3 units
2. ENG 1B Advanced Composition and Critical Thinking: 3 units (or PHIL 76, Critical Thinking)

**Radiologic Technology**

The Radiologic Technology program leads to an Associate in Science degree and certification. Training includes operation of digital and conventional x-ray equipment, exposing and processing images, utilizing radiation protection practices, positioning patients, and patient care. Concurrent clinical training is conducted in hospitals affiliated with Chaffey College. The Radiologic Technology program is accredited by the State of California and the Joint Review Committee on Education in Radiologic Technology, (JRCERT; www.jrcert.org). Upon successful completion, graduates earn Diagnostic Radiologic Technology and Radiologic Technologist Fluoroscopy Permit certificates and are eligible to become licensed as Radiologic Technologists. There are fees for obtaining licensure by examination and certification. The national certification examination and the State of California Certified Radiologic Technologist and Fluoroscopy Permit examinations are administered by the American Registry of Radiologic Technologists (ARRT; www.arrt.org). There are application fees for certification with the State of California (CRT). The program articulates with the California State University Northridge and the Loma Linda University Radiologic Technology programs for the bachelor’s degree.

The special application form for admission to the RT program is available online at www.chaffey.edu/radtec and must be submitted during the month of February for classes beginning the following August. Information about the requirements that must be completed prior to applying to the Radiologic Technology program is available at the RT website or from the Counseling Department. Go to www.chaffey.edu/radtec and click on the application form checklist and Information Packet for the Prospective Radiologic Technology Student. Application criteria is subject to change.

**Applicants to the Radiologic Technology program must meet the following criteria:**

1. Eligibility for admission to Chaffey College.
2. Verification of U.S. high school graduation or equivalency. International transcripts must have AERC, IERF or approved agency evaluation.
3. Completion of the following courses with a minimum grade of C (2.0), or courses in progress at the time of application:
   - MATH 425 or higher level math, or STAT 10, or SCSCI 10, or as required for graduation.
   - CHEM 9; 10; or 21, 21L1, and 21L2; or PHYS 5 or higher, or one year of high school chemistry or physics.
   - BIOL 20 (or BIOL 424 and 424L)
   - BIOL 30

**Notes:**

1. Students are admitted to the Radiologic Technology program on a point system. Therefore, it is imperative that applicants meet with a counselor regarding the point system prior to beginning the prerequisite and general education courses.

2. Required courses listed under number three above and general education courses are assigned points. Only courses completed prior to the application period will be included for full point calculation.

3. A minimum cumulative GPA of 2.0 is required to apply to the Radiologic Technology program. In addition, all general education and required prerequisite courses must be completed with a minimum grade of C or higher, or be in progress at the time of application.

4. Applicants will be notified by the end of May if they are accepted into the program.

5. Prior to admission to the RT program, evidence of satisfactory physical and emotional health is required as determined by a health examination. A background clearance and drug screening are also required.

6. In order to continue in the RT program, students must earn a minimum grade of C (78%) in all Radiologic Technology courses.

7. Applicants with a record of any felony are subject to review by the ARRT before an examination or license will be granted. *Effective Fall 2010, all applicants to the RT program are required to have successfully completed or be enrolled in Intermediate Algebra (MATH-425). Successful completion of English Composition (ENGL-1A) and MATH-425 are required to earn an Associate Degree in Radiologic Technology. All general education coursework for the associate degree must be in progress or have been completed at the time of the RT application submission.

**REAL ESTATE**

The real estate professional in California is concerned with the transfer of title to real property and those activities supporting this vital function. Ranging in scope from the sale of single family residence to the management of a multi-unit residential complex, the real estate industry requires extensive education and practical experience of its licensees. The California Real Estate Commission has established stringent regulations, and the National Association of Realtors has an equally stringent Code of Ethics to insure a high level of individual professionalism.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

Total units for the certificate 9

Note: As of July 1, 2003, all applicants for a real estate salesperson license for the state of California are required to complete a course in Real Estate Practices in addition to the other required courses. Real Estate Practices must be taken either prior to the license examination or for conditional licenses, within eighteen months after issuance of the license.

**SIGN LANGUAGE STUDIES**

(Also see Modern Languages: French and Spanish)

Sign Language Studies prepares students for careers relating to the Deaf community and/or American Sign Language (ASL). Students will gain skills in communicating through ASL and translating English to ASL/ASL to English. Sign Language Studies may lead students to careers in Deaf Education, Interpreting, Sign Language Instruction, linguistic research, and many other areas. Additionally, students will have greater employment opportunities with their ability to communicate with deaf and hard-of-hearing population, especially in the legal, education, public safety, and health care fields.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

Total units for the major 21

* Students with advanced placement into ASL 3 may substitute a course from the elective list for ASL 2.
Sociology

Sociology is the study of social interactions. Sociology students will come to understand the individual as a social actor and the social forces which affect individuality. How age, gender, ethnicity, social class, and other social factors affect a person’s opportunities, attitudes, and behaviors, and how people create their societies are also explored. Small groups, crowd behavior, organizations, institutions, protest groups, communities, and societies are studied in terms of stable patterns of social behavior, as well as conflict and change.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

The Theatre Arts program provides students with both the theory and practical experience necessary for either employment in beginning levels of professional theatre or transfer to a theatre arts major in a four-year institution. Various productions are offered to provide students with a broad range of practical training.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 32-33.

AREAS OF EMPHASIS

1. ARTS AND HUMANITIES:
[A301/18041/4903.10]
These courses emphasize the study of cultural, literary, humanistic activities and artistic expression of human beings. Students will evaluate and interpret the ways in which people through the ages in different cultures have responded to themselves and the world around them in artistic and cultural creation. Students will also learn to value aesthetic understanding and incorporate these concepts when constructing value judgments. At least one course must be completed in Arts and one in Humanities. This requirement will be met through the completion of CSUGE or IGETC; students pursuing transfer majors in these areas will be required to take additional courses in Arts and/or Humanities.

American Sign Language
Arabic
Art
Chinese
Cinema
Dance
English
Fashion Design
Fine Arts
French
History
Humanities
Interior Design
Music
Philosophy
Photography
Spanish
Theatre

2. SOCIAL & BEHAVIORAL SCIENCES:
[A302/18042/4903.30]
These courses emphasize the perspectives, concepts, theories and methodologies typically found in the vast variety of disciplines that comprise study in the Social and Behavioral Sciences. Students will study about themselves and others as members of a larger society. Topics and discussion to stimulate critical thinking about ways people have acted in response to their societies will allow students to evaluate how societies and social subgroups operate.

Administration of Justice
Anthropology
American Sign Language
Child Development and Education
Communication Studies
Consumer Studies
Economics
Education
Geography
Gerontology
History
Political Science
Psychology
Social Science
Sociology

3. MATHEMATICS & SCIENCE:
[A303/18043/4902.00]
These courses emphasize the natural sciences which examine the physical universe, its life forms and its natural phenomena. Courses in Math emphasize the development of mathematical and quantitative reasoning skills beyond the level of intermediate algebra. Students will be able to demonstrate an understanding of the methodologies of science as investigative tools. Students will also examine the influence that the acquisition of scientific knowledge has on the development of the world’s civilizations. At least one course must be completed in Math and one in Science. This requirement will be met through the completion of CSUGE or IGETC; students pursuing transfer majors in these areas will be required to take additional courses in Math and/or Science.

Computer Science
Earth Science
Engineering
Geography
Geology
Nutrition & Food
Physical Science
Physics
Social Science
Statistics

4. BUSINESS & TECHNOLOGY
[A304/18044/4999.00]
These courses emphasize the integration of theory and practice within the fields of business and technology. Students will develop the ability to effectively manage and lead organizations. Students will demonstrate an understanding of the place of business and technology within the global economy. Students will critically apply ethical standards to business practices and decisions. Technology represents the sum of a society’s practical knowledge and is integrated throughout all aspects of business in our modern world. In this area of emphasis, technology courses are those that apply technical knowledge or tools in a discipline, such as Hotel and Food Service Management, Fashion, and Accounting; business courses would be those pertinent to all areas such as Business, Economics, Statistics, and Management. Students choosing this area of emphasis are required to take at least one course in business and one in technology.

Accounting
Administration of Justice
Automotive Technology
Broadcasting
Business
Business: Management
Business and Office Technologies
Computer Information Systems
CIS: Programming
Computer Science
Correctional Science
Drafting
Economics

Hotel and Food Service Management
Interior Design
Mathematics
Nutrition and Food
Real Estate
Social Science
Statistics
How to Read the Course Entries

Courses listed in this catalog apply to the Fall 2011, Spring 2012, and Summer 2012 terms. Courses are ordered numerically within alphabetically arranged subject areas.

- The bolded first line(s) indicate the official course number, a descriptive title, the number of units, and credit-by-exam authority (if applicable). Alpha-suffixes to course numbers indicate either (a) modularized courses where “A” precedes “B”, or (b) courses with variable units.
- The following line identifies the applicability of the course to college credit. All courses listed in this catalog are degree-applicable, non-degree-applicable, or non-credit. A subset of degree-applicable courses are also transferable to the CSU and/or the UC systems and are designated as such.
- The next line identifies the type of instructional delivery and the required range of hours for each delivery method per term.
- The next line identifies the grading schema for the course, which may be letter grade only, pass/no-pass grade only, letter grade with option for pass/no pass grading, or not graded.
- Next are italicized lines indicating limitations on enrollment, prerequisites, corequisites, and advisories (as applicable).
- The course description paragraph follows, with the TOP code assigned to the course appended at the end.

Course Numbering

1-99
Lower-division transfer and baccalaureate degree level courses. These courses are comparable to those offered in the first two years of a four-year college or university. Courses transferable to the California State University are marked (CSU); courses transferable to the University of California are marked (UC). Some transferable courses have credit limitations at either CSU or UC (or both); students should consult a counselor for details on these limitations.

400-499
Associate degree level courses may be applied to the Associate in Arts and Associate in Science degrees, as well as to vocational certificates.

500-599
Non degree applicable remedial and college preparatory courses are not part of the associate degrees nor vocational certificates, although they may be prerequisites to required courses. College credit is assigned and courses may be included in the student educational plan. These courses may be letter grade or pass/no-pass. If graded, the grades are not included in students’ degree applicable grade point average computation.

600-699
Non-credit courses provide remedial, developmental, occupational, and general education opportunities. They do not earn unit credit, are not considered part of collegiate-level study, and are either not graded or have a pass/no-pass grading schema.

Other Information

Credit by Examination [Cx]
Courses designated [Cx] may be challenged for credit by examination.

Independent Study
Independent study courses provide individual students challenging and in-depth study on approved topics within any subject area. Independent study proposals must have the approval of the instructor and appropriate administrator. It is expected that the study will not duplicate existing curriculum; rather, it will be of an advanced nature and extend approved courses or series of courses. Interested students should contact discipline faculty for more information.

Requisites and Advisories
Some courses place limitations on enrollment. These limitations may require successful completion of other courses, concurrent enrollment in other courses, specified assessment scores for English, math, and/or reading skills, performance criteria, or health and safety conditions. Students not meeting the conditions imposed by these requirements may be unable to register for or may be dropped from any class requiring same. See the “Limitations on Enrollment” section elsewhere in this catalog for more information.

Advisories are recommendations for courses or competencies that students are encouraged - but not required - to meet before or in conjunction with the course to which they are attached.

Special Topics
Special topics courses offer in-depth study of topics not currently covered in the existing curriculum. Courses may be lecture, lab, or studio. Topics and unit value are determined by the department at the time of offering. Consult each term’s Schedule of Classes for specifics.

Taxonomy of Program Numbers (TOP)
The TOP number, as assigned by the 6th edition of the Taxonomy of Programs, is listed at the end of each course description. This number is included for Systems Office reference and program planning/budgeting purposes, and is not intended for student use.
ACCOUNTING (ACCTG)

1A Financial Accounting (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems 1 or Business and Office Technologies 63.  
Development and communication of financial information that is useful for decision-making. Course material covered includes the accounting environment; basic financial statements; accounting cycle; and operating, investing, and financing activities.  
0502.00

1B Managerial Accounting (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Accounting 1A.  
Advisory: Completion of Computer Information Systems 1 or experience using spreadsheets.  
Managerial accounting meets the information needs of internal users by developing and communicating information that is useful for management decision-making. Course material covered includes foundations of management accounting, planning, control, performance evaluation, financial statement analysis, and other dimensions of decision making.  
0502.00

70 Cost Accounting (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Accounting 1B.  
Fundamentals of cost accounting including theoretical concepts, terminology, planning, controlling, and costing for products, services, and customers. Using cost accounting theoretical concepts, students perform comparative analyses related to product costing for manufacturing, merchandising, and service companies. Students also evaluate both quantitative and qualitative data to assist management with strategic decision-making, planning, and control.  
0502.00

430 Accounting for Governmental and Not-for-Profit Organizations (4)  
(Degree-applicable)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Accounting 1A.  
Introduction to the fundamentals of governmental and not-for-profit accounting. Emphasis on accounting for the various fund types and restrictions relevant to government and not-for-profit agencies, with both theoretical and practical aspects explored.  
0502.00

435 Payroll Accounting (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Accounting 1A, 480, or 481.  
Comprehensive overview of federal and state payroll laws and their effect on payroll records and required government reports. Course may be taken every three years as needed to maintain currency with payroll laws. May be taken four times.  
0502.00

450 Federal Tax Principles I (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Federal income tax principles and tax preparation for individuals and small business entities.  
0502.10

460 Commercial Accounting Software (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Accounting 1A and completion of or concurrent enrollment in Computer Information Systems 1.  
Basic concepts and techniques for using commercial accounting software designed for microcomputers in businesses grossing less than $500,000 annually. How to enter and process data, create reports and interpret the information.  
0502.00

480 Applied Accounting I (3) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Introduction to the bookkeeping of a small business, with emphasis on service-oriented sole proprietorships. Skills and tasks covered include journalizing business transactions, maintaining a general ledger system, and preparing and analyzing financial statements. Course is suitable preparation for individuals performing accounting for small businesses. May be taken twice.  
0502.00

481 Applied Accounting II (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Accounting 480.  
Continuation of bookkeeping for a small service business, with an introduction to bookkeeping for a merchandising enterprise and accounting for partnerships and corporations. Course culminates in a comprehensive review of full-charge bookkeeping practices, and is suitable preparation for the Certified Bookkeeper exam, and for persons involved with or interested in small business accounting.  
0502.00

492A-H Special Topics: Accounting (.5-6)  
(Degree-applicable)  
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Selected laboratory topics for students who desire in-depth exploration in specialized areas of accounting. May be taken four times regardless of the unit combination, however no single topic may be repeated. May require corequisites and/or prerequisites based on the content of the course.  
0502.00

492A-H Special Topics Laboratory: Accounting (.5-6)  
(Degree-applicable)  
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Selected laboratory topics for students who desire in-depth exploration in specialized areas of accounting. May be taken four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated. May require corequisites and/or prerequisites based on the content of the course.  
0502.00

496A, B, C, D Internships in Accounting (1, 2, 3, or 4)  
(Degree-applicable)  
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience for each unit of credit.  
Grading: Letter grade only.  
Limitation on Enrollment: Consent of the Accounting Program Coordinator is required.  
Corequisite: Concurrent enrollment in any Chaffey College course.  
Advisory: Completion of Accounting 459 or 460.  
Supervised internship in cooperation with private or public sector employers. Designed to apply knowledge and learn new skills, directly related to the student’s program of study, outside of the normal classroom environment. Placement is arranged through the instructor. Participation requirements may vary with the job setting. May be taken four times, for a maximum of six units credit.  
0502.00

ACCOUNTING AND FINANCIAL SERVICES (ACCTGFS)

440 Introduction to Financial Planning (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Introduction to the concepts of the personal financial planning process, including budgeting, cash flow, debt considerations, the economic environment, wealth accumulation, and retirement concerns. Examination of regulation and licensing of investment advisors within the financial planning profession.  
0504.00

442 Fundamentals of Finance and Investing (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Corequisite: Concurrent enrollment in any Chaffey College course.  
Advisory: Completion of Accounting 459 or 460.  
Continuation of bookkeeping for a small service business, with an introduction to bookkeeping for a merchandising enterprise and accounting for partnerships and corporations. Course culminates in a comprehensive review of full-charge bookkeeping practices, and is suitable preparation for the Certified Bookkeeper exam, and for persons involved with or interested in small business accounting.  
0502.00

492A-H Special Topics: Accounting (.5-6)  
(Degree-applicable)  
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Selected laboratory topics for students who desire in-depth exploration in specialized areas of accounting. May be taken four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated. May require corequisites and/or prerequisites based on the content of the course.  
0502.00

496A, B, C, D Internships in Accounting (1, 2, 3, or 4)  
(Degree-applicable)  
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience for each unit of credit.  
Grading: Letter grade only.  
Limitation on Enrollment: Consent of the Accounting Program Coordinator is required.  
Corequisite: Concurrent enrollment in any Chaffey College course.  
Advisory: Completion of Accounting 459 or 460.  
Supervised internship in cooperation with private or public sector employers. Designed to apply knowledge and learn new skills, directly related to the student’s program of study, outside of the normal classroom environment. Placement is arranged through the instructor. Participation requirements may vary with the job setting. May be taken four times, for a maximum of six units credit.  
0502.00
450 Tax Preparation for Small Business (1.5)  
(Degree-applicable)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Tax consequences of business decisions from the small business owners’ perspective. Topics include applicable U.S. and California tax laws, deductions, depreciation, medical and insurance plans, withholding, payroll and income tax liabilities, and retirement plan options. May be taken four times. 0502.10

451 Volunteer Income Tax Assistance Program I (1)  
(Degree-applicable)  
Hours: 16-18 lecture.  
Grading: Letter grade with option for pass/no-pass grade.  
Prerequisite: Completion of Accounting and Financial Services 453.  
Combining both theory and practical application, this course allows the student to research and analyze current federal and state tax issues and to assist lower income and elderly citizens in the preparation of their tax returns under the supervision of a CPA or certified tax preparer. May be taken four times. 0502.10

452 Volunteer Income Tax Assistance Program II (0.5)  
(Degree-applicable)  
Hours: 24-27 laboratory.  
Grading: Letter grade with option for pass/no-pass grade.  
Prerequisite: Accounting and Financial Services 451, or a passing grade on the VITA Intermediate IRS exam.  
A continuation of ACCTGFS 451 (VITA I), this course allows the student to research and analyze current tax issues, to interview real taxpayers, and to prepare and electronically file real tax returns under the supervision of a CPA or certified tax preparer. Note: VITA I & II must be taken consecutively in the same academic year. May be taken four times. 0502.10

453 U.S. and California Income Tax Preparation (4)  
(Degree-applicable)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
U.S. and California income tax principles and tax return preparation as it relates to individuals, sole proprietors, and other business entities. This course is certified by the California Tax Education Council as fulfilling the 60-hour qualifying education requirement imposed by the State of California for becoming a Registered Tax Preparer. 0502.10

454 Introduction to the Taxation of Corporations and Partnerships (4)  
(Degree-applicable)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Accounting and Financial Services 453, basic computer skills, and some experience with spreadsheets.  
Introduction to the tax issues pertinent to corporations, partnerships, estates, and trusts. Emphasis on the tax code and relevant regulations, as well as the transactions common to these types of entities. Helps prepare students for the Enrolled Agents exam. 0502.10

465 Financial Accounting for the Non-Accounting Major (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Creation, use, and interpretation of accounting data by the non-accounting business major, from an entrepreneurial perspective. Topics include business structure and financial statement analyses; forecasted financial statements; cash management and budgeting, including capital and operating budgets; management of receivables and payables; and an overview of financing options, banking relations, and credit management. 0502.00

472 International Trade Finance (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business 61 or equivalent business experience.  
Survey of the fundamentals of international financial management. Topics include the international financial environment, exchange rates, arbitrage, sources of finance for international trade (including commercial banks, government agencies, and non-bank lenders), risk analysis, budgeting, international cash management, and currency investment. Students analyze a variety of international financial management issues and problems through case studies and other techniques. 0508.00

ADMINISTRATION OF JUSTICE (AJ)

While many of the Administration of Justice courses may be challenged for Credit-by-Examination, a limitation to the number of challenges may apply. Contact the office of the Dean of Social and Behavioral Sciences for more information.

1 Introduction to the Criminal Justice System (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
History and philosophy of the American justice system, including roles, duties, and the various justice subsystems. Structure and function of police, courts and corrections. Concepts of crime causation, punishment and rehabilitation, and interrelationships with society. Major offense classifications and evidentiary requirements. Constitutional and procedural considerations affecting arrest, search, and seizure. California Penal Code. Analysis of ethics, education, and training for criminal justice professionals. 2105.00

2 Concepts of Criminal Law (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Administration of Justice 1.  
Historical development, philosophy of law and constitutional provisions, definitions, classification of crime and the application to the system of administration of justice. Legal research, study of case law, methodology, and concepts of law as a social force. 2105.00

3 Principles and Procedures of the Justice System (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Administration of Justice 1.  
Roles and responsibilities of law enforcement, the judiciary, and corrections, viewed as both independent and collectively operating segments within the criminal justice system. Review of past and current criminal justice procedures as they relate to individual constitutional and procedural rights. Step-by-step examination of the criminal prosecution process from arrest through final disposition, and the associated court actions taken by the defense and prosecution. 2105.00

4 Community-Based Problem Solving and the Justice System (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Roles of justice system agencies and practitioners, focusing on the interrelationships between the various agencies and their interaction with the public. Analysis of the differences between community-oriented and problem-solving policing, with emphasis on the resultant public perception and effectiveness of law enforcement actions. Examination of the factors that contribute to positive relationships between members of the justice system and the public. 2105.00

5 Legal Aspects of Evidence (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Administration of Justice 1.  
Origin, development, philosophy, and the constitutional basis of evidence; constitutional and procedural considerations affecting arrest, search, and seizure; kinds and degrees of evidence and the rules governing admissibility; judicial decisions interpreting individual rights; and case studies. 2105.00

406 Juvenile Procedures (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Organization, functions, and jurisdiction of juvenile agencies, including investigation, arrest, interrogation, processing, detention, case disposition, statutes, procedures, evaluation of factors that contribute to delinquency, as well as those that aid in its prevention/repression. 2105.00
407 Substantive Law (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Study of the substantive laws commonly encountered by municipal and state police officers, investigators, prosecutors, defense attorneys, and criminal justice employees. Crime identification and classification, including elements of specific and general intent crimes. Scope of course includes misdemeanor and felony violations of the law, status offenses, and strict liability offenses. May be taken twice.  
2105.00

408 Patrol Operations (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Administration of Justice 1. Responsibilities, techniques, and methods of police patrol. Topics include purpose and types of patrol, communications, observations, tactics, recording, courtroom testimony, and community relations.  
2105.00

409 Criminal Investigation (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Fundamentals of investigation. Topics include collection and preservation of physical evidence, scientific aids, basic investigation and interrogation techniques, modus operandi, sources of information, fingerprints, polygraphs, follow-up, and case preparation.  
2105.00

410 Narcotics and Vice Investigation (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Vice control (gambling, prostitution, sex crimes, alcohol, etc.) and the identification of narcotic and dangerous drug use. Detection, suppression, arrests, prosecution, and offenses as stipulated in the California Penal Code, Health and Safety Code, Welfare and Institutions Code, Business and Professional Code, and Vehicle Code. Topics include: surveillance, court testimony, probable cause, search warrants, and court decisions related to the narcotic and vice offenders. Special consideration is given to physical evidence and the Uniform Control Substance Act.  
2105.00

412 Writing for Criminal Justice Professionals (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 455, or eligibility for English 450 or completion of English 550, or eligibility for English as a Second Language 450 or completion of English as a Second Language 558. Different types of written reports prepared by criminal justice professionals. Students prepare misdemeanor, felony, pre-sentencing, parole/probation and administrative reports, organizing and presenting the information obtained from investigations, interviews and interrogations. Topics include content; criminal elements; correct style and structure; clarity and conciseness; grammar, punctuation, and spelling; neatness; completeness; and accuracy. The importance of quality reports is stressed.  
2105.00

413 Police Supervision, Leadership, and Management (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Administration of Justice 408. Role, function, and duties of the law enforcement supervisors and managers. Topics include defining the mission of law enforcement agencies; organizational structure; patrol operations, scheduling and deployment; department policies and procedures; personnel training; performance evaluations, selection, promotion of personnel; oral and written communications, including response to complaints and community concerns.  
2105.00

414 Criminology (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Historical development of criminology and the application of contemporary thought to the problem of crime in America. Topics include theories of criminal behavior; causes; the nature, extent, control, and prevention of crimes; individual and group criminal activity; criminal behavior systems; recidivism; crime categories; crime prevention theory; aspects of victimology and police behavioral response.  
2105.00

415 Principles and Practices of Interviewing and Investigation (1.5)  
(Degree-applicable)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Administration of Justice 1 and 409. Techniques of effective interviewing and interrogation. An examination of laws that relate to admissibility of solicited statements in court.  
2105.00

416 Crime Scene Sketching and Notetaking (1.5)  
(Degree-applicable)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Prerequisite: Administration of Justice 5. Study of search patterns, crime sketching, and notetaking. Topics include: identification of the crime scene; investigative patterns and techniques; tool use; mathematical measurements; evidence handling procedures; notetaking strategies; elements of the crime scene sketch, including the definition and use of symbols and legends; and the preparation and presentation of crime scene sketches in court. May be taken twice.  
2105.00

AERONAUTICS  
(SEE AVIATION MAINTENANCE TECHNOLOGY)

AMERICAN SIGN LANGUAGE (ASL)  

1 Elementary American Sign Language (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Study of American Sign Language (ASL) including an introduction to current and historical aspects of deaf culture. Skills focus on the basic principles of phrasing, vocabulary, sentence patterns, manual counting and spelling, semantics, and the development of expressive and receptive abilities. Fourteen hours of supplemental learning in a Success Center that supports this course is required. This course corresponds to the first year of high school ASL.  
0850.00

2 Elementary American Sign Language (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: American Sign Language 1 or one year of high school American Sign Language. Continued systematic study of the structure, vocabulary, and conversational strategies of American Sign Language (ASL). Skills focus on the basic principles of phrasing, vocabulary, sentence patterns, manual counting and spelling, semantics, and the development of expressive and receptive abilities. Continued study of the American Deaf Culture history, community and language. Fourteen hours of supplemental learning in a Success Center that supports this course is required.  
0850.00

3 Intermediate American Sign Language (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: American Sign Language 2 or two years of high school American Sign Language. Continued study and review of the structure, vocabulary, and conversational strategies of American Sign Language (ASL). Review of ASL grammar, with special emphasis on idiomatic constructions. Continued study of the American Deaf culture history, community and language; thereby promoting an understanding of the wide variety of cultural issues concerning the Deaf community. Fourteen hours of supplemental learning in a Success Center that supports this course is required.  
0850.00

4 Intermediate American Sign Language (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: American Sign Language 3. Continued study and review of the structure, vocabulary, grammar, and conversational strategies of American Sign Language (ASL). Further development and refinement of ASL fluency in both productive and receptive skills, including mastery of ASL sentence structures. Appreciation and application of Deaf cultural norms, values, and behaviors. Fourteen hours of supplemental learning in a Success Center that supports this course is required.  
0850.00
ANTHROPOLOGY (ANTHRO)
(SEE ALSO SOCIAL SCIENCES)

1 Introduction to Physical Anthropology (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Prerequisite: American Sign Language 1.
Overview of Deaf history and the origins of American Sign Language. Introduction to the basic issues of Deaf culture and communication. Students will gain an overview of historical and contemporary issues and people in the Deaf community. This course introduces students to the wide variety of issues involved in Deaf Studies, including linguistics, education, sociology, psychology, and interpreting.

1L Laboratory for Physical Anthropology (1)
(CSU; UC)
Hours: 48-54 laboratory.
Grading: Letter grade only.
Corequisite: Anthropology 1 (may be taken previously).
Optional laboratory experience coordinated with Anthropology 1. Comparative study of both human and non-human primates, human variation, evolution, genetics, forensic anthropology, and the primate fossil record.

2 Introduction to Archaeology (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Corequisites: Archaeology 1 (may be taken previously).
Survey of archaeology, including the use of basic methods of investigation, prehistoric and historic records, and related materials to help reconstruct past behaviors. Major cultural developments are explored, including the development of stone tools, fire use, shelters, agriculture, and the formation of cities and states.

3 Introduction to Social and Cultural Anthropology (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
The nature of culture and the range of cultural phenomena, including material culture, social organization, religion, language, and other topics. The course emphasizes the ways of living that different societies have developed to adapt to their environment. The comparative method is stressed. May be offered as an Honors course.

92A-H Special Topics: Anthropology (.5-6)
(CSU; UC credit limitations)
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Special-interest course of varying length for students who wish further exploration in specific areas of anthropology. Topics will be determined by the individual instructor. This course may be taken four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated. May require corequisites and/or prerequisites based on the content of the course.

98A, B, C Independent Study: Anthropology (1, 2, 3)
(CSU credit limitations)
Grading: Letter grade only.
Limitation on Enrollment: Instructor signature is required for registration.
Special project course designed for the capable, well-motivated student. Student explores and develops a project or paper on an area of personal interest within the discipline area. The nature and extent of the project must be decided upon by both the student and the instructor before the student signs up for the course, since the scope of the project determines the number of units allowed. May be taken three times regardless of the unit combination. However, no single-subject paper or project may be repeated.

18 Introduction to Deaf Studies (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: American Sign Language 1.
Overview of Deaf history and the origins of American Sign Language. Introduction to the basic issues of Deaf culture and communication. Students will gain an overview of historical and contemporary issues and people in the Deaf community. This course introduces students to the wide variety of issues involved in Deaf Studies, including linguistics, education, sociology, psychology, and interpreting.

ARABIC (ARABIC)

1 Elementary Modern Standard Arabic (4)
(CSU; UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Arabic 1 or one year of high school Arabic.
Continued presentation of the four basic language skills in functional modern Arabic – aural, oral, reading, and writing. Students learn the basics of Arabic script and pronunciation while building a foundational vocabulary. Arabic cultural norms, values, and customs are explored and serve as a basis for additional skill-building practice. Fourteen hours of supplemental learning in a Success Center that supports this course is required. Corresponds to the second year of high school Arabic.

2 Elementary Modern Standard Arabic (4)
(CSU; UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Arabic 1 or one year of high school Arabic.
Continued presentation of the four basic language skills in functional modern Arabic – aural, oral, reading, and writing. Students learn the basics of Arabic script and pronunciation while building a foundational vocabulary. Arabic cultural norms, values, and customs are explored and serve as a basis for additional skill-building practice. Fourteen hours of supplemental learning in a Success Center that supports this course is required. Corresponds to the second year of high school Arabic.

3 Intermediate Modern Standard Arabic (4)
(CSU; UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Arabic 2 or two years of high school Arabic.
Review of basic Arabic grammar. Introduction to more complex sentence structures and verb tenses. Students use Modern Standard Arabic at an intermediate level in speaking, listening, reading, and writing. Includes intermediate uses of Modern Standard Arabic alphabet, conversation strategies, and cultural interactions. Arabic cultural norms, values, and customs are explored and serve as a basis for additional skill-building practice. Fourteen hours of supplemental learning in a Success Center that supports this course is required.

ARCHITECTURE
(SEE DRAFTING)

ART (ART)

1 Contemporary Art: 1945 - Present (3) [Cx]
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: American Sign Language 1.
Critical historical study of the diverse artistic movements from the end of WWII to the present, tracing the discourse of late modernism to postmodernism. Visual language, art terminology, philosophical issues and evolving art theories are used to examine works from a wide assortment of contexts. Course is an essential introduction to contemporary art for studio art, graphic design, photography, and art history majors. May be offered as an Honors course.

3 Art History of Western World: Ancient to Medieval (3) [Cx]
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: American Sign Language 1.
Survey of the architecture, sculpture, and painting of past cultures from the ancient beginnings of art of the Western World through the Medieval Period. Analysis of how symbolism and artistic style reflect the daily life, philosophy, religion, values, and concerns of each culture and historical period.

</table>
### COURSE DESCRIPTIONS

**35 Intermediate Ceramics (3)**  
*(CSU; UC)*  
**Hours:** 24-27 lecture; 72-81 laboratory.  
**Grading:** Letter grade only.  
**Prerequisite:** Art 18.  
**Advisory:** Completion of Art 16, 44, or 63.  
**Hours:** 24-27 lecture; 72-81 laboratory.  
**Grading:** Letter grade only.  
**Prerequisite:** Art 35.  
**Advanced use of the potter’s wheel and off-wheel construction methods. Attention is given towards the development of a personal aesthetic and conceptual focus. Designed to prepare students to continue working with clay and glazes.**  
**1002.30**

**40 Advanced Ceramics (3)**  
*(CSU; UC)*  
**Hours:** 24-27 lecture; 72-81 laboratory.  
**Grading:** Letter grade only.  
**Prerequisite:** Art 35.  
**Advanced use of the potter’s wheel and off-wheel construction methods. Attention is given towards the development of a personal aesthetic and conceptual focus. Designed to prepare students to continue working with clay and glazes.**  
**1002.30**

**44 Mixed-Media Studio and Theory (3)**  
*(CSU; UC)*  
**Hours:** 32-36 lecture; 48-54 laboratory.  
**Grading:** Letter grade only.  
**Advisory:** Completion of Art 12.  
**Designed to explore experimental uses of materials and concepts through techniques such as collage, assemblage, installation and site-specific works, as well as contemporary art and craft. Development of both 2D and 3D mixed-media projects may include fiber, metal, wood, plastic, and found objects. Emphasis on technical processes, conceptual strategies, and personal expression. May be taken twice.**  
**0614.10**

**62A Illustration I (3) [Cx]**  
*(CSU)*  
**Hours:** 32-36 lecture; 48-54 laboratory.  
**Grading:** Letter grade only.  
**Prerequisite:** Art 62A.  
**Illustration techniques and concepts with extensive emphasis on creating visual solutions to applied problems, stylistic and conceptual innovation, and portfolio development. May be taken twice.**  
**1013.00**

**62B Illustration II (3)**  
*(CSU)*  
**Hours:** 32-36 lecture; 48-54 laboratory.  
**Grading:** Letter grade only.  
**Prerequisite:** Art 62A.  
**Illustration techniques and concepts with extensive emphasis on creating visual solutions to applied problems, stylistic and conceptual innovation, and portfolio development. May be taken twice.**  
**1013.00**

**63 Introduction to Graphic Design (4) [Cx]**  
*(CSU; UC)*  
**Hours:** 48-54 lecture; 48-54 laboratory.  
**Grading:** Letter grade only.  
**Introduction to the essential principles of digital imaging and design. Overview including historical aspects of the fields of art and design in relation to the rise of digital media and principles of portfolio development. Project-based experience, with current hardware and software used for design and printing of contemporary visual communications. May be taken twice.**  
**0614.60**

**64 History of Costume (3) [Cx]**  
*(Available also as Theatre 64)*  
*(CSU)*  
**Hours:** 48-54 lecture.  
**Grading:** Letter grade only.  
**Origin and evolution of costume from primitive society to the twenty-first century. Evaluation of aesthetic, technical, sociological, and psychological factors of costume and their relation to modern dress. Student may not receive credit for both Art 64 and Theatre 64.**  
**1001.00**

**66C Computer Graphics Laboratory (1, 2)**  
*(CSU)*  
**Hours:** 48-54 laboratory hours per unit of credit.  
**Grading:** Letter grade only.  
**Corequisite:** Any course requiring the use of the digital media lab.  
**Use of the computer graphics lab for class related and/or independent projects. May be taken four times, regardless of the unit combination.**  
**0614.60**

**70 Museum and Gallery Field Study (1)**  
*(Also available as Photography 70)*  
*(CSU)*  
**Hours:** 16-18 lecture.  
**Grading:** Letter grade only.  
**Advisory:** Completion of any art or photography course.  
**Issues in contemporary art, photography, art history, and photo history are investigated through direct observation of museum and gallery exhibitions. Readings, research, and class discussion provide the foundation for student understanding and analysis of art (including drawing, painting, photography, mixed media, sculpture, installation, and new media) in a museum setting. Field trips are a required part of this course. May be taken four times.**  
**1001.00**

**73 Typography and Layout (4)**  
*(CSU)*  
**Hours:** 48-54 lecture; 48-54 laboratory.  
**Grading:** Letter grade only.  
**Prerequisite:** Art 63.  
**Corequisite:** Art 68B, 68C, 468B, 468C, or access to a Macintosh computer (G4 or higher, equipped with course appropriate software).  
**Introduction to the practice, theory, history, and analysis of layout and typography, and the study of formal elements of typographic composition. Projects are directed toward both print media (poster, package, and magazine design) and computer screen-based projects (web design, motion graphics for TV, business presentations, interactive kiosks, type and layout for CD-ROM). May be taken four times.**  
**1030.00**

**82 Introduction to Multimedia (4) [Cx]**  
*(CSU)*  
**Hours:** 48-54 lecture; 48-54 laboratory.  
**Grading:** Letter grade only.  
**Advisory:** Completion of Art 10 and basic keyboarding skills are recommended.  
**Introduction to digital media production for interactive media: the Web, CD-ROM, DVD-ROM, and interactive kiosks. Emphasis on developing visual language using contemporary tools and techniques for multimedia authoring with graphic and interactive software. Includes introduction to historical aspects and analysis of interactive applications. May be taken three times.**  
**0614.10**

**83 Internet and Web Design (4)**  
*(CSU)*  
**Hours:** 48-54 lecture; 48-54 laboratory.  
**Grading:** Letter grade only.  
**Prerequisite:** Art 63.  
**Advisory:** Completion of Art 82.  
**Principles of website production and design using HTML and streaming video software tools, such as Dreamweaver and Flash. Topics include: visual content design, movie basics, streaming audio and video, text/title, animation, toolbar functions, libraries, buttons, tweening, masks, sound publishing, editing, interface design, and integration of Web software tools. May be taken three times.**  
**0614.30**

**89 Student Invitational Exhibition (4)**  
*(CSU)*  
**Hours:** 48-54 lecture; 48-54 laboratory.  
**Grading:** Letter grade only.  
**Limitation on Enrollment: Student must pass faculty review of creative project proposal and portfolio in November for the following Spring term course and exhibition. Interested students should contact an art or photography faculty member no later than September 1. Portfolios and applications are due in early November.**  
**Honors course for highly motivated studio art, digital media, and photography students who meet portfolio requirements. This course will involve in-depth independent research involving critical evaluation of concepts and ideas in the context of contemporary artistic expression, as well as rigorous exploration of media and techniques. In conjunction with the Wignall Museum of Contemporary Art Director/Curator and discipline faculty, selected students cooperatively undertake all phases of mounting a professional quality exhibition of their artworks.**  
**1001.00**

**90A, B, C Art Honors Seminar (1)**  
*(CSU; UC credit limitations)*  
**Hours:** 16-18 lecture.  
**Grading:** Letter grade only.  
**Honors component for Art. Topics of interest are chosen by the instructor and students, and are presented in a seminar format. Prerequisites and/or corequisites are required. May be taken four times with change in topic emphasis.**  
**1001.00**
92A-H Special Topics: Art (.5-6)  
(CSU; UC credit limitations)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special-interest course of varying length for students who wish further exploration in specific areas of art. Topics will be determined by the individual instructor and may cover the range of arts research in all forms of creative endeavor. This course, in combination with Art 92L, may be taken four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated. May require corequisites and/or prerequisites based on the content of the course.  
1001.00

92A-H Special Topics Laboratory: Studio Art (.5-6)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Special-interest course of varying length for students who wish further exploration in specific areas of studio art. Topics will be determined by the instructor and may cover the range of arts research in all forms of creative endeavor. In combination with Art 92 may be taken four times regardless of the unit combination. However, no single-subject special-interest class may be repeated. May require corequisites and/or prerequisites based on the content of the course.  
1001.00

407 History of Design (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Study of visual communication integrating typography and image. History of graphic design from the invention of writing to the present electronic age. Relationships between art movements, social settings, and graphic communications styles. Emphasis on Western design, with exploration of non-European cultures.  
1030.00

410 Ceramic Glazes (3)  
(Degree-applicable)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Art 18.  
Introduction to materials, equipment, and processes used in the creation and firing of ceramic glazes.  
1002.30

412 Firing Techniques (3)  
(Degree-applicable)  
Hours: 24-27 lecture; 72-81 laboratory.  
Grading: Letter grade only.  
Prerequisite: Art 18.  
Investigation of concepts and technologies related to firing of raku, low fire, salt, and high fire. Personal growth through individual experimentation is encouraged. May be taken four times.  
1002.30

421 Intermediate Ceramic Sculpture (4)  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Art 20.  
Intermediate investigations of three-dimensional (3D) design, sculptural processes, concepts, and materials with the emphasis on clay.  
1002.20

468B,C Art Digital Laboratory (1, 2)  
(Degree-applicable)  
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Corequisite: Any course requiring the use of the digital media lab.  
Use of the computer graphics lab for class related and/or independent projects. May be taken four times, regardless of the unit combination.  
0614.60

474 Identity System Design (4)  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Prerequisite: Art 63.  
Corequisite: Art 68B, 68C, 468B, 468C, or access to a Macintosh computer (G4 or higher, equipped with course appropriate software).  
A visual identity program provides an integrated typographic and graphic system for identifying an organization in all print and motion graphic media. Explores the formal and conceptual attributes that distinguish effective visual identity systems. Study of the steps involved in the development of a business’s visual identity, from the initial meetings with the client, through research methodology, visual concept generation, final presentations, and identity applications. May be taken three times.  
1030.00

476 Sound for Multimedia Digital Productions (3)  
(Degree-applicable)  
Hours: 24-27 lecture; 72-81 laboratory.  
Grading: Letter grade only.  
Examination of a range of technical issues including signal level, sample rate, and computer sound peripherals, as well as a range of aesthetic issues including sound design, effects, and mixing. Experimentation with different sound generation techniques, introduction to MIDI, digital sound editing, mixing, effects, and equalization. Utilization of a range of computer audio programs. Projects directed toward integrating sound into video and Web, sound, editing, and creation software. May be taken three times.  
0614.10

478 Illustration on the Computer (3)  
(Degree-applicable)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Art 63 or Art 82.  
Introduction to commercial illustration using the computer. Applying understanding of the design features of software into the problem solving process of commercial assignments, ranging from editorial and promotional expression to informational and children’s book illustration. May be taken twice.  
1030.00

480 Portfolio and Presentation (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Completion of majority of other course requirements in general art major, or graphic communications, or visual communications certificates is required.  
Preparation and presentation of portfolio in a professional manner. Emphasis on appropriate selection of work, concept improvement, and methods of presentation. Awarding of certificate is dependent upon successful completion of this course. May be taken twice.  
1013.00

482 Editing Digital Media (4)  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Art 63 or 82.  
Principles of editing for film, video and multimedia. Use of theory, history, process, and techniques to digitally create and edit a film or video production. May be taken three times.  
0614.00

484 2-D Motion Graphic Animation (4)  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Art 63 or 82.  
Introduction to the art and design of 2-D animation, motion graphics, visual effects, and compositing. Projects include: digital image manipulation, animation principles, editing basics, green screen compositing, animated effects, digital input and output, compression, and an historical and theoretical overview. May be taken three times.  
0614.60

487 3-D Animation I (4)  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Art 63 or 82.  
Introduction to basic three-dimensional (3-D) digital modeling and animation using professional software to achieve the modeling, texturing, lighting, rendering, and animation of a character in 3-D. Production of a fully-rendered digital model that performs basic movements. An examination of current practices in the context of the history of animation is included. May be taken three times.  
0614.40

### Course Descriptions

- **420 Basic Automotive Collision Refinishing (5) [Cx]**
  - (Degree-applicable)
  - Hours: 40-45 lecture; 120-135 laboratory.
  - Grading: Letter grade only.
  - Fundamentals of automotive collision refinishing. Topics include surface preparation; painting equipment; undercoating primer-surfacers, solvents and reducers; and painting techniques. May be taken four times. 0949.00

- **430 Advanced Automotive Collision Refinishing (5)**
  - (Degree-applicable)
  - Hours: 40-45 lecture; 120-135 laboratory.
  - Grading: Letter grade only.
  - Prerequisite: Automotive Collision Repair Technology 420.
  - Continuing study of automotive collision refining. Emphasis on paints - types of materials, thinners, reducers and their application - and the development of painting skills. May be taken four times. 0949.00

- **492A-H Special Topics: Automotive Collision Repair Technology (.5-6)**
  - (Degree-applicable)
  - Hours: 16-18 lecture hours per unit of credit.
  - Grading: Letter grade only.
  - Selected lecture topics in automotive collision repair. May be repeated. May require corequisites and/or prerequisites, based upon the content of the course. 0949.00

- **492LA-H Special Topics Laboratory: Automotive Collision Repair Technology (.5-6)**
  - (Degree-applicable)
  - Hours: 48-54 laboratory hours per unit of credit.
  - Grading: Letter grade only.
  - Selected laboratory topics in automotive collision repair. May be taken four times, regardless of the unit combination, however no single-subject, special-interest class may be repeated. May require corequisites and/or prerequisites, based upon the content of the course. 0949.00
407 Introduction to Hybrid Vehicles (2.5)  
(Degree-applicable)  
Hours: 24-27 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Automotive Technology 10 and 15.  
Provides the knowledge and skills needed by automotive machinists. Reconditioning of automotive gasoline and diesel engines, including inspection, measuring, and machining of valve train components and construction of cylinder head assemblies. May be taken four times. 0948.00

417 Brakes (4) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Automotive Technology 10 and 15.  
Diagnosis, service, and repair of wheel and brake systems, and related hydraulic, mechanical, and electrical systems. Anti-lock brake operation is introduced. Course supports the Student Learning Outcomes of the Automotive Technology program by preparing students to take the Automotive Service Excellence (ASE) A6 Technician Certification exam. May be taken twice. 0948.00

418 Suspension and Steering Systems (4) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Automotive Technology 10 and 15.  
Operation, diagnosis, and repair of steering and suspension systems, including wheel and tire service, and two- and four-wheel alignments. Course supports the Student Learning Outcomes of the Automotive Technology program by preparing students to take the Automotive Service Excellence (ASE) A7 Technician Certification exam. May be taken twice. 0948.00

419 Manual Drive Trains (4) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Diagnosis, maintenance, repair, and overhaul of manual transmissions, transaxes, and drive trains, to include four-wheel and all-wheel drive systems. Course supports the Student Learning Outcomes of the Automotive Technology program by preparing students to take the Automotive Service Excellence (ASE) A4 Technician Certification exam. May be taken twice. 0948.00

422 Fuel, Ignition, and Emission Control Systems (5) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Prerequisite: Automotive Technology 10 and 15.  
Operation and interrelationships of the fuel, ignition, emission control, and exhaust systems. Emphasis on diagnosis of engine performance and related emissions. This course – together with Automotive Technology 423 - supports the Student Learning Outcomes of the Automotive Technology program by preparing students to take the Automotive Service Excellence (ASE) A3 Technician Certification exam, or the BAR California A8 Equivalent exam. May be taken twice. 0948.00

423 Engine Management Systems and Drivability (4) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Automotive Technology 422.  
Computer control of the ignition, fuel, and emissions systems. Emphasis on diagnosis and correction of conditions affecting engine performance. This course – together with Automotive Technology 422 - supports the Student Learning Outcomes of the Automotive Technology program by preparing students to take the Automotive Service Excellence (ASE) A8 Technician Certification exam, or the BAR California A8 Equivalent exam. May be taken twice. 0948.00

425 Automatic Transmissions and Transaxes (5) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Prerequisite: Automotive Technology 10 and 15.  
Diagnosis, service, and overhaul of automatic transmissions and transaxes. Special emphasis on the use of diagnostic equipment and methods for accurately determining transmission and transaxle conditions. Course supports the Student Learning Outcomes of the Automotive Technology program by preparing students to take the Automotive Service Excellence (ASE) A2 Technician Certification exam. May be taken twice. 0948.00

426A Basic Automotive Air Conditioning Systems (2) [Cx]  
(Degree-applicable)  
Hours: 24-27 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Preparation of refrigerant recovery, recycling, and handling certification by the United States Environmental Protection Agency (EPA), and supports the Student Learning Outcomes of the Automotive Technology program by preparing students to take the Automotive Service Excellence (ASE) A7 Technician Certification exam. May be taken twice. 0948.00

427 Engine Operation and Service (5) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Automotive engine operation, service, and repair. Machine work and the use of specialized equipment to diagnose and test engine conditions is emphasized. Course supports the Student Learning Outcomes of the Automotive Technology program by preparing students to take the Automotive Service Excellence (ASE) A1 Technician Certification exam. May be taken twice. 0948.00

429 Automotive Electrical Systems (4) [Cx]  
(replaces Automotive Technology 28, 28A, and 28B)  
(Degree-applicable)  
Hours: 40-45 lecture; 72-81 laboratory.  
Grading: Letter grade only.  
Operation and service of automotive electrical systems. Emphasis on reading wiring diagrams and using test equipment to diagnose and troubleshoot electrical/electronic systems. Prepares students to take the Automotive Service Excellence (ASE) A6 Technician Certification exam or the BAR California A6 Equivalent exam. May be taken twice. 0948.00

430 Engine Rebuilding - Upper Engine (5)  
(Degree-applicable)  
Hours: 48-54 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Provides the knowledge and skills needed by automotive machinists. Reconditioning of automotive gasoline and diesel engines, including inspection, measuring, and machining of valve train components and construction of cylinder head assemblies. May be taken four times. 0948.00

431 Engine Rebuilding - Lower Engine (5)  
(Degree-applicable)  
Hours: 48-54 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Provides the knowledge and skills needed by automotive machinists. Reconditioning of automotive gasoline and diesel engines, including inspection, measuring, and machining of lower engine components and the reassembly of cylinder blocks. May be taken four times. 0948.00

435 High Performance Engine Building and Blueprinting (5)  
(Degree-applicable)  
Hours: 48-54 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Automotive Technology 430 and 431.  
Students develop advanced skills in automotive machining operations, use of precision measuring tools, and high performance engine modification and assembly techniques. Upon completion of this course, students will be able to “blueprint” an engine to industry standards. May be taken four times. 0948.00

435A High Performance Engine Blueprinting – Cylinder Heads (2.5)  
(Degree-applicable)  
Hours: 24-27 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Automotive Technology 430 or sufficient automotive machining shop and high performance experience.  
Students develop advanced skills in automotive machining operations, use of precision measuring tools, and high performance cylinder head modification and assembly techniques. Upon completion of this course, students will be able to “blueprint” cylinder heads to industry standards. May be taken four times. 0948.00
435B High Performance Engine Rebuilding – Cylinder Blocks (2.5)  
(Degree-applicable)  
Hours: 24-27 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Automotive Technology 423.  
Advisory: Completion of Automotive Technology 431 or sufficient automotive machine shop and high performance experience.  
Students develop advanced skills in automotive machining operations, use of precision measuring tools, high performance engine balancing, blueprinting, and cylinder block modification and assembly techniques. May be taken four times. 0948.00

443 Clean Air Emission Control (4)  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Automotive Technology 423.  
Advisory: Training and/or experience equivalent to ASE certification in Electrical and Electronic Systems (A6), Engine Performance (A8), and Advanced Engine Performance and Emissions Systems (L1).  
Engine management and emissions control systems operation, testing, and regulations. This course, together with ASE A6, A8, and L1 certifications, satisfies the educational requirements for the Advanced Emission Specialist license awarded by the California Department of Consumer Affairs, Bureau of Automotive Repair. May be taken four times. 0948.00

443A Basic Clean Air Emission Control (2)  
(Degree-applicable)  
Hours: 24-27 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Prerequisite: Automotive Technology 423.  
Advisory: Training and/or experience equivalent to ASE certification in Electrical and Electronic Systems (A6), Engine Performance (A8), and Advanced Engine Performance and Emissions Systems (L1).  
Basic engine management and emissions control systems operation, testing, and regulations. This course - together with Automotive Technology 443B and ASE A6, A8, and L1 certifications - satisfies the educational requirements for the Advanced Emission Specialist license awarded by the California Department of Consumer Affairs, Bureau of Automotive Repair. May be taken four times. 0948.00

443B Advanced Clean Air Emission Control (2)  
(Degree-applicable)  
Hours: 24-27 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Prerequisite: Automotive Technology 443A.  
Advisory: Training and/or experience equivalent to ASE certification in Electrical and Electronic Systems (A6), Engine Performance (A8), and Advanced Engine Performance and Emissions Systems (L1).  
Advanced engine management and emissions control systems operation, testing, and regulations. This course - together with Automotive Technology 443C and ASE A6, A8, and L1 certifications - satisfies the educational requirements for the Advanced Emission Specialist license awarded by the California Department of Consumer Affairs, Bureau of Automotive Repair. May be taken four times. 0948.00

450 General Automotive Technician A (12)  
(Degree-applicable)  
Hours: 144-162 lecture; 144-162 laboratory.  
Grading: Letter grade only.  
Designed for students who want the occupational training required for employment as an automotive service technician. Content is similar to other courses offered individually – such as Brakes; and Steering and Suspension – with more emphasis placed on development of marketable skills. May be taken twice. 0948.00

455 General Automotive Technician B (12)  
(Degree-applicable)  
Hours: 144-162 lecture; 144-162 laboratory.  
Grading: Letter grade only.  
Designed for students who want the occupational training required for employment as an automotive service technician. Content is similar to other courses offered individually – such as Automotive Electrical Systems A; Fuel; Ignition and Emission Control Systems; and Basic Automotive Air Conditioning Systems – with more emphasis placed on developing marketable skills. May be taken twice. 0948.00

492A-H Special Topics: Automotive Technology (.5-6)  
(Degree-applicable)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special interest lecture course in specific automotive technology areas. Topics vary and are determined by the instructor. See the schedule of classes for current term emphasis. May require prerequisites and/or corequisites based upon the content of the course. May be taken four times regardless of the unit combination, however, no single-subject, special-interest class may be repeated. 0948.00

492LA-H Special Topics Laboratory: Automotive Technology (.5-6)  
(Degree-applicable)  
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Special interest laboratory course in specific automotive technology areas. Topics vary and are determined by the instructor. See the schedule of classes for current term emphasis. May require prerequisites and/or corequisites based upon the content of the course. May be taken four times regardless of the unit combination, however, no single-subject, special-interest class may be repeated. 0948.00

496A,B,C,D Internships in Automotive Careers (1, 2, 3, or 4)  
(Degree-applicable)  
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience for each unit of credit.  
Grading: Letter grade only.  
Limitation on Enrollment: Consent of the Automotive Technology program coordinator is required.  
Corequisite: Concurrent enrollment in any Chaffey College Automotive Technology course.  
Advisory: Completion of Automotive Technology 10.  
Supervised internship in cooperation with automotive service and repair employers. Designed to apply knowledge and learn new skills, directly related to the student's program of study, outside of the normal classroom environment. Placement is arranged through the instructor. Participation requirements may vary with the job setting. Additional prerequisites and/or corequisites may be required. May be taken four times, for a maximum of six units credit. 0948.00

AVIATION MAINTENANCE TECHNOLOGY  
(AMT)  
12 Aviation Science, Materials, Processes, Inspections & Regulations (12)  
(replaces Aviation Maintenance Technology 10, 11, 13A, and 13B)  
(CSU)  
Hours: 144-162 lecture; 144-162 laboratory.  
Grading: Letter grade only.  
Aerospace materials, hardware, manufacturing practices and safety, blueprint reading, inspection techniques, aircraft servicing, cleaning and corrosion control and FAA regulations as required for an FAA Airframe and/or Powerplant Technician's License. Includes aircraft mathematics, physics, aerodynamics and flight controls, weight and balance calculations and basic AC and DC electricity required for an FAA Airframe and/or Powerplant Technician's License. This course includes General Aeronautics laboratory hours to fulfill FAA practical aeronautical applications in aerodynamics, physics, weight and balance, FAA and manufacturers publications, aircraft materials and processes, blueprint reading, aircraft servicing, electricity and mathematics. May be taken twice. 0950.00

14A,B,C,D General Aeronautics Laboratory (1-1-1-1)  
(CSU)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Corequisite: Aviation Maintenance Technology 10 or 11 or 12 (may be taken previously).  
General aeronautics laboratory course to fulfill FAA practical aeronautical applications in aerodynamics, physics, weight and balance, FAA and manufacturer’s publications, aircraft materials and processes, blueprint reading, aircraft servicing, electricity and mathematics. May be taken three times. 0950.00

20 Powerplant Theory and Maintenance (4.5)  
(CS)  
Hours: 72-81 lecture.  
Grading: Letter grade only.  
Prerequisite: Aviation Maintenance Technology 10 and 11, or 12.  
Theory, fundamentals, construction, maintenance, and operation of reciprocating and turbojet aircraft engines. Related training for the FAA powerplant maintenance technician’s license. 0950.20
21 Powerplant Systems and Components I (4.5) [Cx]
(CSU)
Hours: 72-81 lecture.
Grading: Letter grade only.
Prerequisite: Aviation Maintenance Technology 10 and 11, or 12.
Reciprocating and turbine aircraft engine instrument, electrical, lubrication, and ignition systems and components. Related training for the FAA powerplant maintenance technician's license. 0950.20

22 Powerplant Systems and Components II (4.5) [Cx]
(CSU)
Hours: 72-81 lecture.
Grading: Letter grade only.
Prerequisite: Aviation Maintenance Technology 10 and 11, or 12.
Reciprocating and turbine aircraft engine fuel metering, propeller, and auxiliary systems and components. Related training for the FAA powerplant maintenance technician's license. 0950.20

23A, B, C Powerplant Aeronautics Laboratory (1.5-1.5-1.5) [Cx]
(CSU)
Hours: 72-81 laboratory.
Grading: Letter grade only.
Prerequisite: Aviation Maintenance Technology 20, 21, or 22.
Corequisite: Aviation Maintenance Technology 30, 31, or 32 (may be taken previously).
Theory, fundamentals, construction, maintenance, inspection, overhaul, and operation of reciprocating and turbojet aircraft engines. Powerplant systems and components inspection and overhaul. Related training for the FAA powerplant maintenance technician's license. May be taken three times. 0950.20

24A, B, C, D, E, F Powerplant Aeronautics Laboratory (1-1-1-1-1-1) [Cx]
(CSU)
Hours: 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Aviation Maintenance Technology 10 and 11, or 12.
Corequisite: Aviation Maintenance Technology 20, 21, or 22 (may be taken previously).
Theoretical and practical training in the operation of reciprocating and turbojet aircraft engines. Powerplant systems and components inspection and overhaul. Related training for the FAA powerplant maintenance technician's license. May be taken three times. 0950.20

30 Airframe Structures (4.5) [Cx]
(CSU)
Hours: 72-81 lecture.
Grading: Letter grade only.
Prerequisite: Aviation Maintenance Technology 10 and 11, or 12.
Corequisite: Aviation Maintenance Technology 33ABC or 34ABCDEF.
Aircraft metallic and nonmetallic structural fabrication, inspection, and repair methods. Related training for FAA airframe maintenance technician's license. 0950.10

31 Airframe Primary Systems (4.5) [Cx]
(CSU)
Hours: 72-81 lecture.
Grading: Letter grade only.
Prerequisite: Aviation Maintenance Technology 10 and 11, or 12.
Corequisite: Aviation Maintenance Technology 33ABC or 34ABCDEF.
Aircraft landing gear, hydraulic, pneumatic, fuel, and electrical system inspection and repair methods. Related training for FAA airframe maintenance technician's license. 0950.10

32 Airframe Auxiliary Systems (4.5) [Cx]
(CSU)
Hours: 72-81 lecture.
Grading: Letter grade only.
Prerequisite: Aviation Maintenance Technology 10 and 11, or 12.
Corequisite: Aviation Maintenance Technology 33ABC or 34ABCDEF.
Aircraft cabin atmosphere, instrument, communication, navigation, avionics, position, warning, ice and rain control, and fire protection systems. Related training for FAA airframe maintenance technician's license. 0950.10

33A, B, C Airframe Laboratory (1.5-1.5-1.5) [Cx]
(CSU)
Hours: 72-81 laboratory.
Grading: Letter grade only.
Prerequisite: Aviation Maintenance Technology 10 and 11, or 12.
Corequisite: Aviation Maintenance Technology 30, 31, or 32 (may be taken previously).
Airframe laboratory course to fulfill FAA requirements for practical airframe experience. Subjects are metallic and nonmetallic structural fabrication, inspection, and repair; welding, rigging, and assembly; and airworthiness inspection. May be taken three times. 0950.10

34A, B, C, D, E, F Airframe Laboratory (1-1-1-1-1-1) [Cx]
(CSU)
Hours: 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Aviation Maintenance Technology 10 and 11, or 12.
Corequisite: Aviation Maintenance Technology 30, 31, or 32 (may be taken previously).
Airframe laboratory course to fulfill FAA requirements for practical airframe experience. Subjects are aircraft electrical, hydraulic, pneumatic, instruments, landing gear, fuel, cabin atmosphere, ice and rain, fire protection, navigation, communication, and position and warning systems. May be taken three times. 0950.10

Biology (BIOL)

1 General Biology (4) (CSU; UC credit limitations)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Introduction to the major themes and principles in biology through lecture, laboratory, and field experiences. Students investigate topics ranging from molecules to the ecosystem. Meets general education requirements. 0401.00

2 Environmental Biology (4) (CSU; UC)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
An overview of ecosystem structure and function, with critical evaluation of human-caused ecological problems. Topics include overpopulation, resource depletion, pollution, climate change, habitat fragmentation, and loss of biodiversity. Course includes a weekend field trip. 0301.00

3 California Natural History (4) (CSU; UC)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
An ecological introduction to California's natural communities. Lecture topics include energetics, materials cycling, succession, and characteristics of natural communities. Laboratory stresses interrelationships among flora and fauna, geology, and climate, with emphasis on field recognition. Course includes an overnight field trip. 0408.00

4 Field Botany (4) (CSU; UC credit limitations)
Hours: 32-36 lecture; 96-108 laboratory.
Grading: Letter grade only.
The biology of California plant communities emphasizing taxonomic field identification, ecology, and evolution. 0402.00

5 Concepts and Applications of Cell and Molecular Biology (4) (CSU; UC)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Explores the processes of life at the molecular and cellular level. Structure and function relationships, molecular aspects of inheritance, the expression of genetic information, and evolutionary relationships at the molecular level are examined in the context of the unifying principles of biology. Biotechnology and issues associated with its applications are considered. Course includes laboratory and field experiences. 0401.00
10 Concepts in Biology (3)  
(CSU; UC credit limitations)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Introduction to the major themes and principles of biology including energy flow and metabolism, structure/function relationships, inheritance patterns, ecology, evolution, and diversity of biological organisms. Students investigate these themes through topics at various levels of organization ranging from molecules to ecosystems. 0401.00

11 Evolution, Sex, and Behavior (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
The dynamics, organization, and evolutionary origins of animal social structures, including human societies. Emphasis on the selective pressures that shape animal behavior and the relationships of behavioral traits to the reproductive success of the organism. Includes discussion of various forms of competition, nepotism, and altruistic behavior in a wide variety of animal species, including humans. 0401.00

12 Introduction to Human Genetics (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
General introduction to the fundamentals of human heredity. Topics include patterns of inheritance, DNA structure and function, the role of mutation in genetic diseases and cancer, the interaction between genes and the environment, and recent advances in biotechnology and its impact on society. 0401.00

14 Health Science (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Human health and wellness. Topics include mental health; nutrition; abuse of drugs, alcohol and tobacco; sexually transmitted diseases and other communicable and non-communicable diseases; physical fitness; and many other aspects of positive health. May satisfy the health education unit requirement for a teaching credential in the state of California. 0837.00

16 Bioethics (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
A survey of ethical issues in biology. Students investigate dilemmas in biology and apply ethical reasoning to specific issues. Topics may include, but are not limited to, genetic manipulation in agriculture and medicine, human and animal experimentation, stem cell research, environmental conservation, and global warming. 0401.00

20 Human Anatomy (4)  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Eligibility for Reading 1 as determined by the Chaffey assessment process, or completion of Reading 550.  
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.  
A systematic study of the microscopic and macroscopic structures of the human body. Emphasis on cell structures, integumentary, skeletal, muscular, respiratory, cardiovascular, nervous, digestive, urinary, endocrine, and reproductive systems. Includes considerations of pathologies and disorders of these systems. 0410.00

22 Human Physiology (4)  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Biology 20 and Chemistry 9 or 10 or 1 year of high school chemistry.  
The dynamic nature of life processes in the human body, including the physiology of the cell and the functions and interrelations of the organ systems. Lab emphasizes experimentation and scientific reasoning. 0410.00

23 General Microbiology (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Biology 22, or Biology 50 and Chemistry 9 or 10 or high school chemistry.  
Introduction to microbiology, with strong emphasis on microorganisms pathogenic to humans. Topics include microbial morphology, genetics, taxonomy, metabolism, the infectious disease process, mechanisms of controlling microbes, and immunology. 0403.00

23L General Microbiology Laboratory (2)  
(CSU; UC)  
Hours: 96-108 laboratory.  
Grading: Letter grade only.  
Corequisite: Biology 23 (may be taken previously).  
Introduction to microbiology laboratory techniques. Methods of culturing, staining, biochemically analyzing, and classifying microorganisms. 0403.00

30 Beginning Medical Terminology (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Applied medical etymology including the origin, correct spelling, pronunciation, meaning, and current usage of common medical terms, disorders, and medical treatments in the context of body systems. Application of relevant vocabulary to clinical records and reports, emphasizing roots, prefixes, infixes, suffixes, medical abbreviations, symbols, and terms common in patients’ records and laboratory reports. 0401.00

50 Core Biology (4)  
(CSU; UC)  
Hours: 48-54 lecture, 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Chemistry 10.  
Comprehensive introduction to the essential principles of biology with emphasis on cellular structure and function. Laboratory includes instrumentation, experimental design, and data analysis common in the biological sciences. Recommended for majors in biology and related fields. 0401.00

52 General Botany (5)  
(CSU; UC credit limitations)  
Hours: 48-54 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Prerequisite: Biology 50.  
Introduction to the developmental and comparative morphology, function, heredity, physiology, and evolution of vascular plants and bryophytes. Course may include overnight field trips. 0402.00

55 Vertebrate Zoology (5)  
(CSU; UC)  
Hours: 48-54 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Prerequisite: Biology 50.  
Biology of vertebrate animals emphasizing evolutionary history, reproduction, growth and development, and a functional survey of organ systems. Laboratory includes sections on histology, embryology, and a comparative study of vertebrate systems. 0407.00

56 Invertebrate Zoology (4)  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Biology 50.  
Biology of invertebrate animals emphasizing anatomy, systematics, ecology, and evolutionary relationships. Laboratory is primarily a survey of the major invertebrate phyla. 0407.00
61 Introduction to Cell and Molecular Biology (5)  
(replaces BIOL-50)  
(CSU; UC pending)  
Hours: 64-72 lecture, 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Chemistry 9 or 10 or 1 year of high school chemistry, and eligibility for Mathematics 25 or higher level math as determined by the Chaffey assessment process or completion of Mathematics 425.  
Advisory: Completion of ENGL-1A.

An intensive course designed to prepare students for upper division courses in cell and molecular biology. Topics include biochemical, structural, metabolic, and genetic aspects of cells. Laboratory will include experimental design, a variety of techniques (e.g. microscopy, spectrophotometry, electrophoresis), and data analysis.  
0401.00

62 Biology of Organisms (5)  
(replaces BIOL-52, 55, and 56)  
(CSU; UC pending)  
Hours: 48-54 lecture, 96-108 laboratory.  
Grading: Letter grade only.  
Prerequisite: Biology 50 or 61.  
An introduction to the origin and evolution of life on earth, emphasizing systematics, anatomy, physiology, development and ecology. Lab includes an evolutionary survey of prokaryotes, protists, fungi, plants, and animals.  
0401.00

63 Evolutionary Ecology (4)  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Biology 50 or 61.  
Introduction to the principles, theories and methods of evolutionary ecology, including evolutionary theory, speciation, physiological ecology, population dynamics, demographics and life history strategies, niche theory, community interactions and community structure, succession, biogeography, ecosystem ecology, biodiversity, and conservation biology. Course includes one or more overnight field trips.  
0401.00

90 Seminar: Biology (2)  
(CSU; UC credit limitations)  
Hours: 32-36 lecture.  
Grading: Letter grade only.  
Prerequisite: Biology 50 or 61.  
An intensive course designed to prepare students for upper division courses in cell and molecular biology. Topics include biochemical, structural, metabolic, and genetic aspects of cells. Laboratory will include experimental design, a variety of techniques (e.g. microscopy, spectrophotometry, electrophoresis), and data analysis.  
0401.00

92A-H Special Topics: Biology (.5-6)  
(CSU; UC credit limitations)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Pursues certain specializations in the biological sciences. See class schedule for the current topic. May be taken three times regardless of the unit combination, however, no single-subject, special-interest topic may be repeated. May require prerequisites and/or corequisites, based on the content of the course.  
0401.00

92LA-H Special Topics Laboratory: Biology (.5-6)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Topics of special interest or specific areas of specialization in biology, with emphasis on laboratory skills, procedures, and techniques not covered in the regular curriculum. See class schedule for the current topic. May be taken three times regardless of the unit combination, however, no single-subject, special-interest topic may be repeated. May require prerequisites and/or corequisites, based on the content of the course.  
0401.00

98A, B, C Independent Study: Biology (1, 2 or 3)  
(CSU and UC credit limitations)  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration.  
Advisory: Students should have successfully completed a transfer-level biology course.

Course is designed for the capable biology student who wishes to explore and develop an independent project in the biological sciences. Individual inquiry, special techniques, and selected readings are expected. Student and instructor must reach agreement concerning the topic and scope of the project prior to student’s registration. Course may be repeated, however project must differ with each enrollment. May be taken four times.  
0401.00

424 Anatomy and Physiology (3) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Biology 30 and 500, or one year of high school biology.  
Human anatomy and physiology with emphasis on the structures and functions of the organ systems. Course is primarily intended for students entering vocational programs.  
0410.00

424L Anatomy and Physiology Laboratory (1)  
(Degree-applicable)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Corequisite: Biology 424 (may be taken previously).  
Advisory: Completion of Biology 30 and 500, or one year of high school biology.  
Anatomy and physiology of organ systems from cell through system levels. Important concepts may be illustrated by means of computer simulations, laboratory equipment, and other diagnostic tools. Course is primarily intended for students entering vocational programs.  
0410.00

500 Basic Biological Concepts (1)  
(Non-degree-applicable)  
Hours: 16-18 lecture.  
Grading: Pass/No Pass grade only.  
Focus on basic biological concepts. Course is intended to prepare students for success in general education science courses or pre-health professional courses. Emphasis on study skills and test taking strategies.  
0401.00

BOTANY  
(SEE BIOLOGY)

BROADCASTING (BRDCST)

3 Survey of Broadcasting and Electronic Media (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Survey of the history, development, and importance of radio and television broadcasting, including international events. Introduces the aesthetic, cultural, political, social, and technical aspects of telecommunications. Emphasis on theory, research, operations, legal and regulatory issues of commercial/noncommercial broadcasting, popular media, public access, Internet, and related emerging technologies.  
0604.00

55 Broadcast Audio and Announcing (3)  
(CSU)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Principles of digital audio production, digital recording, microphone use and placement, sound effects, and music/audio mixing. Practical experience with microphones, multi-track digital/audio recording and mixing, and control-board cueing. Digitizing and mixing compact disc, DVD, audio/video, and analog sources with music, the spoken word, voice-over narration, and sound effects. Integration of audio into dance, film, music, radio, television, and theatre productions. Study of F.C.C. rules and regulations pertinent to the broadcast industry.  
0604.00
60 Television Production (3) (Cx)  
(CSU)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Knowledge of Macintosh computer keyboarding is recommended.  
Principles of single-camera high definition videography, television screenwriting, audio and video flash card recording, and computer editing. Operation and placement of video cameras, microphones and lighting equipment. Overview of crew positions and production protocols for Electronic Field Production (EFP), Electronic News Gathering (ENG), commercial, public service announcement, and dramatic stories. Development of the fundamental and comprehensive skills required to create standard and alternative programming for television broadcast. 0604.20

98A, B, C Independent Study: Broadcasting (1, 2, or 3)  
(CSU credit limitations)  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration.  
Designed for the capable and well-motivated student who wishes to pursue a special area of broadcasting, or a more advanced project in broadcasting than is offered in the regular program. Students who participate in this program must have completed introductory courses or have shown a skill greater than that necessary for completion of established curriculum offerings. The nature and extent of the project must be determined by the student and the instructor before the student registers, since the extent of the project determines the number of units allowed. May be taken twice regardless of the unit combination. 0604.00

62 Multi-Camera Television Production (3)  
(CSU)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Possession of basic computer skills.  
Multi-camera studio and event production, including television programming concepts, directing, scriptwriting, and studio and master control operations. Additional topics include studio lighting equipment placement, lighting board operation, video signal engineering, multi-camera line switching techniques for live broadcasts, and critical and applied aspects of studio configured camera operations. Students coordinate cameras and on-screen performers, and collaborate with production crew members and master control-room personnel to produce, direct, and edit multi-camera studio productions. May be taken four times. 0604.20

474 High Definition Television Production (3)  
(Degree-applicable)  
(CSU)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Possession of basic computer skills is recommended.  
Visual theory, techniques, and methodology of high-definition cinematography applied to the creation and refinement of dynamic television stories. Integration of Advanced Television Systems Committee (ATSC) broadcast technologies with widescreen cinematography. Emphasis on aesthetic enhancements in the filming and editing of widescreen television programming. Students collaboratively produce and/or edit a high-definition video project. May be taken four times. 0604.20

65 Radio Production (2)  
(CSU)  
Hours: 16-18 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Possession of basic computer skills.  
Production of various broadcast and automated media programming. Application of advanced techniques in the operation of streaming audio, digital multi-track recording, editing, and mixing. Study of current FCC rules and regulations. Students examine and explore advanced concepts, focusing on aesthetics, announcing, creativity, psychoacoustics, and sound design. May be taken four times. 0604.10

70 Postproduction for Broadcasting and Cinema (3)  
(CSU)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Students assemble and create a broadcasting and/or cinematic story. Broadcasting and cinema editing assignments may also include some of the following: commercial/psa, music video, documentary and dramatic student projects. Other post production topics include editing workflows, audio sweetening, title sequences, keying, color grading, picture lock and mastering processes. Students from the photograpy, graphic arts, digital media, music, and theatre disciplines are encouraged to enroll and contribute to individual productions. May be taken four times. 0604.20

10 Introduction to Business (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
The American business system within its economic and social environments. A conceptual approach relating business and its legal forms to society as a whole. Examination of the scope, function, and organization of modern business, including environmental considerations, management challenges, ethics issues, and the use of technology to manage information. Emphasis on business operations in today’s global competitive business environment. 0501.00

28A Business Law I (3)  
(CSU; UC credit limitations)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Business 28A.  
Introduction to principles of American law, federal and state court systems, the Uniform Commercial Code, agency, and due process. Comprehensive study of contract and tort law, creditors’ rights, agency and employment, partnerships, corporations, personal and real property, and governmental regulation of business. Students analyze laws and rules, then apply appropriate concepts to factual scenarios in written and oral arguments. 0505.00

28B Business Law II (3)  
(CSU; UC credit limitations)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Business 28A.  
Special applications of law in business. Comprehensive study of commercial paper, creditors’ rights, secured transactions, agency and employment, partnerships, corporations, personal and real property, and governmental regulation of business. Students analyze laws and rules, then apply appropriate concepts to factual scenarios in written and oral arguments. 0505.00

49 Business Decisions Using Basic Quantitative Tools (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Business and management decision-making using basic quantitative tools. Managerial decisions in the areas of marketing, finance, accounting, real estate, insurance, transportation, and logistics. Examples include markups, markdowns, discounts, simple interest, depreciation, financial ratios, compound interest, investment decisions, inventory decisions, and payroll. Instruction in the use of the electronic business calculator is an integral part of the coursework. Students must supply their own business calculator. 0501.00
60 Business Ethics (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Exploration of various theories and commonly occurring business ethics issues.  
Systems approaches for making business decisions that are responsible, practical,  
and defendable. Benefits of implementing value-based business strategies to  
achieve competitive advantage and profits. Course focus is on systemic implementa-  
tion of ethical and socially responsible tools, and the integration of ethics into  
workplace operations. 0506.00

61 Introduction to Global Business (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Overview of global business concepts and decision-making, with an emphasis on  
cultural differences. Analyze the social, cultural, legal, environmental, political, tech-  
nological, and competitive trends within international business and examine the  
operation and performance of multinational corporations. 0508.00

410 International Business Law (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business 28A and 61.  
Legal aspects and ramifications of international trade. Multinational enterprises,  
sovereignty, technology transfer, arbitration, negotiation and diplomacy. 0508.00

430 Business Plan Preparation (1.5)  
(Degree-applicable)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Accounting and Financial Services 465 and Business 45.  
Introduction to legal principles relevant to the marketing of goods and services.  
Examination of the impact of the United States Constitution, antitrust, unfair compe-  
tition, business torts, trademark, copyright, patents, consumer protection, and fran-  
chising laws on products, pricing, promotion, and distribution. 0506.40

435 The Law of Marketing and Business Competition (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business 28A.  
Overview of legal principles relevant to the marketing of goods and services.  
Examination of the impact of the United States Constitution, antitrust, unfair competi-  
tion, business torts, trademark, copyright, patents, consumer protection, and fran-  
chising laws on products, pricing, promotion, and distribution. 0506.40

492A-H Special Topics: Business (.5-6)  
(Degree-applicable)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Specializations in business. See class schedule for current topics. May be taken four  
times regardless of the unit combination. However, no single-subject, special interest  
class can be repeated. May require corequisites and/or prerequisites based on  
the content of the course. 0509.00

496A,B,C,D Internships in Business (1, 2, 3, or 4)  
(Degree-applicable)  
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience for  
each unit of credit.  
Grading: Letter grade only.  
Limitation on Enrollment: Consent of Business program coordinator is required for  
registration.  
Corequisite: Concurrent enrollment in any Chaffey College course.  
Supervised internship in cooperation with private, public, and/or non-profit sector  
employers. Designed to apply knowledge and learn new skills, directly related to the  
student’s program of study, outside of the normal classroom environment. Place-  
ment is arranged through the instructor. Participation requirements may vary with  
the job setting. May be taken four times, for a maximum of six units credit. 0501.00

11 Retail Merchandising and Management (3)  
(also available as Fashion Merchandising 11)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Role of retailing in serving the needs of the community. Analysis of consumer  
needs, store location, financial requirements, and legal process of starting a retail  
operation. Planning for store layout, merchandise mix, vendor negotiation, pricing,  
displaying, advertising, selling, and controlling of merchandise. 0506.30

13 Supply Chain Management (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Tools and techniques for design and improvement of any supply chain through the  
optimal use of information, materials, and technology to improve efficiency and  
reduce costs. Integration of outside suppliers and customers into an organization’s  
supply chain. Overview of career opportunities within the field. 0510.00

14 Transportation Management (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Traffic management principles and techniques that facilitate distribution of the  
world’s commerce. Analysis of the major forms of transportation – motor, rail, air,  
water, pipeline, inter-modal, and international – and their integration into a distribu-  
tion system. Carrier management and selection, including rate structures, schedul-  
ing, outsourcing, private fleet operations, and transportation customers.  
Governmental regulations on tariffs and transportation of hazardous materials.  
0510.00

40 Introduction to Management (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
A survey of management concepts, basic functions, and skills as they apply at all  
levels within the contemporary work environment. Application of management the-  
ory to managerial practices to improve organizational effectiveness and efficiency,  
and enhance national and international competitiveness. 0506.00

42 Human Resource Management (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business: Management 40.  
Formulation and implementation of human resource policy concerned with the  
major aspects of how an organization deals with its people - how it acquires them,  
utilizes them, rewards them, and separates them. Explores how the personnel func-  
tions integrate with the overall strategy of the firm in determining the success of the  
firm. 0506.30

44 Introduction to Human Relations (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Assists the individual in the business organization in understanding group and indi-  
vidual dynamics, perception, conflict, motivation, leadership, influence, authority  
relationships, and causation of behavior. 0506.30

45 Small Business Ownership and Management (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Business concepts and skills tailored to creating and maintaining a sustainable com-  
petitive advantage in a small business. Fundamentals of owning and operating a  
small business including finance, employment law, and marketing strategies.  
0506.40
430 Warehouse Management and Material Handling (3) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Essential skills for warehouse managers, with emphasis on the planning, protection, productivity, and quality control functions in warehouse and distribution operations. Topics include: warehouse design and layout, effective communications, industry terminology, technology, distribution systems, inventory management and protection, accountability, auditing, and safety rules and regulations. 0510.00

436 Introduction to Logistics Management (3) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Fundamental concepts of logistics with an emphasis on outbound goods movement. Techniques of organizing, analyzing, and controlling logistics systems. Topics include supply chain, packaging, customer service, transportation, warehouse and distribution center site selection, and procurement functions. 0510.00

440 Principles of Leadership (2) [Cx]  
(Degree-applicable)  
Hours: 32-36 lecture.  
Grading: Letter grade only.  
Leadership principles in business. Topics include differentiation between management and leadership; traits and characteristics of natural, charismatic, and situational leaders; styles and tactics used by effective leaders to enhance individual and team performance; problem-solving, coaching, and conflict-resolution skills; and leadership's effects on organizational communication. Students use industry tools to assess their own leadership style and capabilities. 0509.10

460 Quality Management Principles (3) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
For individuals who want to understand and improve existing processes. Implementation of continuous improvement and the understanding of various quality philosophies and tools. Basic principles, objectives, and policies of a Quality Management program. 0509.00

55 Advertising (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Historical, economic, social, and psychological appeal of advertising. Practical and psychological aspects of product packaging, trademarks, and color. Production techniques for the basic advertising media. Advertising management techniques, campaign scheduling, budgeting, and evaluation. Career opportunities and trends. 0509.10

402 Introduction to Import/Export (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business 61 or equivalent business experience.  
Fundamentals of importing and exporting goods including essential terms, strategies, organizations, regulations, terms of access, documentation, shipment, and financing involved with the international movement of merchandise. 0508.00

405 International Marketing (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business 61 or equivalent business experience.  
Theory and practices of international marketing to include market entry strategies, analysis of foreign markets, culture and marketing, product design, pricing, distribution, promotion and sales. 0508.00

BUSINESS: PARALEGAL STUDIES (BUSPL)  
(ALSO SEE BUSINESS, BUSINESS: MANAGEMENT, AND BUSINESS: MARKETING)

400 Introduction to Paralegal Studies (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Introduction to the roles and duties of a paralegal within the American legal system, and the relationships between paralegals, attorneys, and clients. Topics include: paralegal career options, ethical codes, law office investigations, litigation assistantship, legal research and writing, computer use, and general law office administration. 1402.00

401 Legal Research and Writing (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business: Paralegal Studies 400, and Business and Office Technologies 88 or English 1A.  
Fundamentals of legal research, writing, and analysis for the paralegal. Topics include: reading and analysis of statutes; research using primary authorities, secondary sources, and computer-assisted research tools; law office writings, including transmittal and client opinion letters, pleadings, law office memorandums, case briefs, and memoranda of law; and legal citation rules. 1402.00

402 Civil Litigation (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business: Paralegal Studies 400.  
Fundamental aspects of substantive civil law and civil procedure, with emphasis on the roles of the paralegal in civil litigation. Topics include: evidence gathering and investigation, jurisdiction, venue identification of local courts, initiation of civil proceedings, drafting the complaint, filing a lawsuit, defending and testing a lawsuit, discovery procedures, settlement, trial preparation and trial assistance, post-trial practice, and alternative dispute resolutions. 1402.00

BUSINESS: MARKETING (BUSMKT)  
(ALSO SEE BUSINESS, BUSINESS: MANAGEMENT, AND BUSINESS: PARALEGAL STUDIES)

13 Professional Selling (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Concepts and techniques used to sell ideas, products and services, especially the psychological and social aspects of persuasion. Effective tactics in prospecting, preapproach planning, securing appointments, preparing and making sales presentations, closing strategies, follow-up and maintaining customer relations, and managing a sales territory. Emphasis on problem-solving. 0509.40

40 Marketing Principles (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business 10.  
Principles and methods of marketing as practiced by successfully managed business firms. Course is management-oriented, covering demand analysis, forecasting, product development, price determination, distribution channels, material handling, advertising, personal selling, and global and Internet marketing. 0509.00
403 Evidence (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business: Paralegal Studies 400.  
Study of the California Evidence Code, the Federal Rules of Evidence, and a paralegal's role in the analysis and application of the rules of civil and criminal evidence. Topics include: evidence gathering and investigation, admissibility of relevant evidence, methods of proving character, modern competency rules, impeachment, testimony by lay and expert opinions, hearsay and hearsay exceptions, constitutional constraints on the admissibility of evidence, the impact of California's 1982 Proposition 8 (Victim's Bill of Rights), and privileges.  1402.00

404 Law Office Operations (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 60B and Business: Paralegal Studies 400.  
Introductory course for students pursuing careers as legal office professionals or individuals currently working in a law office wishing to improve their skills. State and federal court systems, legal terminology, preparation of court documents, and the concepts of civil procedures in various areas of the law operative in California are explored. Topics include: structure of the courts, practices and procedures of the law, terminology and vocabulary, preparation of court documents, an introduction to legal research, legal calendaring, and client contact. Hands-on projects include using Microsoft Word or Corel WordPerfect to prepare simulated legal writings and complete legal forms.  1402.00

BUSINESS AND OFFICE TECHNOLOGIES (BUSOT)  

29 Fundamentals of Computer Keyboarding (1.5)  
(CSU)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Beginning course in keyboarding on the computer with mastery of the alphabetic keyboard and correct touch-typing techniques. Students use the computer and software to complete work and learn disk management. Highly recommended for all college students.  0514.00

30 Fundamentals of Microsoft Word (1.5)  
(CSU)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Advisory: Ability to touch type.  
Basic, hands-on introduction to Microsoft Word. Preparation and formatting of basic business documents, including letters, reports, and memoranda, and basic desktop publishing. Develop skills and literacy in the Windows environment: creating, editing, formatting, saving, printing, and disk management.  0514.00

40A Beginning Computer Keyboarding (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Beginning course in computer keyboarding with mastery of the alphabetic and numeric keyboard and correct touch-typing techniques. Introduction to the personal computer, word processing, disk management, and formatting of basic business correspondence. May be taken twice.  0514.00

40B Computer Keyboarding: Speed and Accuracy Development (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 40A.  
Develop computer literacy. Analyze, evaluate, and improve keyboarding speed and accuracy using correct touch-typing techniques and Windows applications. Intense review of letters, numbers, symbols, 10-key, and the production of basic reports, business letters, and memoranda. Proficiency certificate issued after successful completion of course.  0514.00

50 Filing and Records Management (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Instruction and simulated work applications using basic filing principles, procedures, and systems defined by ARMA International. Emphasis is placed on information storage of multiple record types and retrieval systems. Also discussed are management aspects of records retention, disposition, and the operation of a records management program.  0514.40

60A Microsoft Office Word - Specialist (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 60A.  
This module prepares students to use the current word processing application of business software. Students develop job skills while building a foundation for other software applications. Students will be able to create, edit, format and customize, save, print, and retrieve documents. Course helps prepare students for certification testing. Computer lab assignments are a required part of this course.  0514.00

60B Microsoft Office Word - Expert (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 40A and 60A.  
A hands-on approach to advanced features of Microsoft Word: macros, bookmarks, forms, table of contents, indexes, hyperlinks, tables and charts, sorts, tracking in shared documents, customized document formatting using advanced features, autotext and quick parts, templates, citations and bibliographies, and document protection. Computer lab assignments are a required part of this course.  0514.00

61 Microsoft Office PowerPoint (1.5)  
(CSU)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 40A and 60A.  
A hands-on introduction to concepts, terminology, and features of a presentation software program to create electronic presentations for support personnel and business managers. Topics include formatting and animating slide texts, charts, tables, and graphics as utilized in business presentations and integration with other software programs.  0514.00

62 Microsoft Office Outlook (1.5) [Cx]  
(CSU)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 40A or a minimum keyboarding speed of 20 words per minute.  
Hands-on introduction to the Outlook functions within the Microsoft Office Suite. Topics include email, electronic calendars, multiple-user conference scheduling, integration of MS Office files including Internet, interface with other programs, and task workflow management. Computer lab assignments are a required part of this course.  0514.00

63 Microsoft Office Excel - Comprehensive (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 40A and 60A.  
This module integrates the spreadsheet application (MS Excel) into the MS Office suite, and is a full-featured spreadsheet application software offering core and advanced concepts. Emphasis is on creating formulas, using relative and absolute references, editing and formatting, working with templates and chart wizards, using IF functions, sorting and filtering records, creating pivot tables, and integrating with MS Office Suite programs (MS Word). Topics covered help prepare students for Microsoft Office Application Certification Testing. Computer lab assignments are a required part of this course.  0514.00

64A Microsoft Office Access - Specialist (1.5)  
(CSU)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 60A.  
Hands-on introduction to the concepts and terminology used to create, use, and manage information contained in databases. Students design tables, queries, forms, and reports using the features of the current database software. Computer assignments are a required part of this course.  0514.00
### 648 Microsoft Office Access - Expert (1.5)
*Degree-applicable*
**Hours:** 24-27 lecture.
**Grading:** Letter grade only.
**Advisory:** Completion of Business and Office Technologies 64A.
Mastery of core features and introduction of advanced features of the current Microsoft Office Access database software application for working with databases, tables, reports, forms, and queries. Integration of Access data objects with the other Microsoft Office software.

##### 88 Written Communication for Business (3)
*Degree-applicable*
**Hours:** 48-54 lecture.
**Grading:** Letter grade only.
**Prerequisite:** Business and Office Technologies 455.
Study and application of basic principles for producing clear, correct, and logically organized written business communication. Punctuation, capitalization, use of numbers, formats, and pronoun cases will be reviewed. Stress on developing writing fluency and professional tone in handling routine business communications including letters, memoranda, business reports (both written and oral), and business e-mail as well as developing a personal resume.

##### 444 Concepts and Techniques of Data Entry (2)
*Degree-applicable*
**Hours:** 32-36 lecture.
**Grading:** Letter grade only.
**Advisory:** Completion of Business and Office Technologies 40A or a minimum keyboarding speed of 35 words per minute with 98% accuracy.
Concepts, techniques and procedures for inputting alpha and alphanumeric data on the microcomputer. Analysis of types of errors and development of percentage of accuracy and number of keystrokes.

##### 452 Office Financial Recordkeeping (3)
*Degree-applicable*
**Hours:** 48-54 lecture.
**Grading:** Letter grade only.
**Advisory:** Completion of or concurrent enrollment in Business and Office Technologies 60A and 455.
Office recordkeeping procedures used to broaden the skills of the office professional handling business financial records and other supporting documents relevant to the operation of a small business. Includes mastery of the business financial features of the 10-key display calculator with speed and proficiency.

##### 89 Technical Report Writing for Business (3)
*Degree-applicable*
**Hours:** 24-27 lecture.
**Grading:** Letter grade only.
**Prerequisite:** Business and Office Technologies 30.
Study of the principles and techniques of technical description, narration, and argumentation. Includes research, organization, preparation, and presentation of specialized and technical information in report or proposal form.

##### 460 Proofreading: Text-Editing Skills (3)
*Degree-applicable*
**Hours:** 48-54 lecture.
**Grading:** Letter grade only.
**Advisory:** Completion of or concurrent enrollment in Business and Office Technologies 60A and 455.
Development of the essential skills needed to perform proofreading and text-editing functions for the automated office. Emphasis on formatting and accuracy of input using word processing software and office reference manuals.

##### 465 Speedwriting and Notetaking (3)
*Degree-applicable*
**Hours:** 48-54 lecture.
**Grading:** Letter grade only.
**Advisory:** Completion of Business and Office Technologies 40A or 40B, and completion of or concurrent enrollment in Business and Office Technologies 60A and 460.
Development of a marketable skill in machine transcription using word processing and voice recognition software. Emphasis on increasing transcription skills in punctuation, spelling, vocabulary, and production of mailable business correspondence and reports from dictated, realistic materials from various professions.

##### 470 Office Systems and Procedures (3)
*Degree-applicable*
**Hours:** 48-54 lecture.
**Grading:** Letter grade only.
**Advisory:** Completion of Business and Office Technologies 60A and 88.
Coordination and refinement of the duties and responsibilities of the office professional, including the organization of those duties, the personal qualifications of the office professional, and business office ethics and etiquette in a diverse and global business environment. Emphasis on work procedures, technology in the office, stress- and time-management techniques, team work, customer service, event planning, and business travel arrangements.
471 Administrative Office Management (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Introduction to the study and application of basic principles for managing a business office. Strategies to maintain a sound, flexible, and dynamic office organization whose objectives correspond to those of the business. Principles of management that pertain to objectives of the organization, scope and assignment of responsibilities, unity of functions, use of specialization, delegation of authority and responsibility, unity of command, span of control, centralization or decentralization of managerial authority, staffing, and work ethics.  
0514.00

475 Medical Office Procedures (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Biology 30, Business and Office Technologies 404 or 405, and Business and Office 470. 
A study of the medical front office assistant's career, meeting the patient, scheduling appointments, medical records, billing and collection, financial records, medical law, and ethics.  
0514.20

492A-H Special Topics: Business and Office Technologies (.5-6)  
(Degree-applicable)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special topic course in specific office technology areas. Topics identified by the instructor. May be taken four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated. May require corequisites and/or prerequisites based on the content of the course.  
0514.00

492LA-H Special Topics Laboratory: Business and Office Technologies (.5-6)  
(Degree-applicable)  
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Special projects designed to allow capable, well-motivated students in the major to develop a project in, or make a report on, a facet of office technology. May require corequisites and/or prerequisites based on the content of the course.  
0514.00

496A,B,C,D Internships in Business and Office Technologies (1, 2, 3, or 4)  
(Degree-applicable)  
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience for each unit of credit.  
Grading: Letter grade only.  
Prerequisite: Mathematics 410 or one year of high school algebra.  
Limitation on Enrollment: Consent of the Business and Office Technologies Program Coordinator is required.  
Corequisite: Concurrent enrollment in any Business and Office Technologies course.  
Advisory: Completion of Business and Office Technologies 470.  
Supervised internship in cooperation with private or public sector employers. Designed to apply knowledge and learn new skills, directly related to the student's program of study, outside of the normal classroom environment. Placement is arranged through the instructor. Participation requirements may vary with the job setting. May be taken four times, for a maximum of twelve units credit.  
0514.00

CHEMISTRY (CHEM)

In the General Chemistry courses (Chemistry 21/21L1/21L2 and Chemistry 22/22L1/22L2) having both lecture and laboratory components that must be taken concurrently, a minimum grade of C is required in all the corequisite-linked courses in order to meet course and program requirements. If satisfactory grades (A, B, or C) are earned in all of the components, the appropriate grade will be issued for each course. If an unsatisfactory grade (D or F) is earned in any of the linked courses, the lowest substandard grade will be issued for all three courses. If an incomplete (I) is earned in any of the linked courses, the incomplete will be issued for all three courses.

7 Chemistry in Context (4)  
(CSU; UC credit limitations)  
Hours: 48-54 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Advisory: Completion of Math 410 or one year of high school algebra.  
Introduction to the identification of sources and the occurrence of toxic chemicals in our environment, with an emphasis on understanding the nature of these chemicals in light of chemical principles and the interplay between chemical technology and society. Laboratory work exemplifies the principles and methods presented in lecture. NOTE: Students who have course credit in Chemistry 7 may not take Chemistry 8.  
1905.00

8 World of Chemistry (3)  
(CSU; UC credit limitations)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Math 410 or one year of high school algebra.  
An introduction to the identification of sources and occurrence of toxic chemicals in our environment, with an emphasis on understanding the nature of these chemicals in light of chemical principles and the interplay between chemical technology and society. NOTE: Students who have course credit in Chemistry 7 may not take Chemistry 8.  
1905.00

9 Health Science Chemistry (5)  
(CSU; UC credit limitations)  
Hours: 64-72 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Eligibility for Mathematics 425 as determined by the Chaffey assessment process, or completion of Mathematics 410 or 401.  
Introduction to the principles of chemistry, including inorganic chemistry, organic chemistry, and biochemistry. Topics covered include atomic structure, bonding and nomenclature, stoichiometry, gas laws, solutions, acids and bases, pH and equilibriums, organic and biochemical structure and reactions, and nuclear chemistry.  
1905.00

10 Introductory Chemistry (4)  
(CSU; UC credit limitations)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Mathematics 410 or one year of high school algebra.  
Introduction to the principles of chemistry and a study of some of the common elements. Topics covered include atomic structure, periodic table, gas laws, solutions, stoichiometry and chemical equilibrium.  
1905.00

12 Elementary Organic and Biochemistry (4)  
(CSU; UC credit limitations)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Chemistry 9 or 10  
Survey course in organic and biochemistry emphasizing chemistry of cellular and organismal significance. Intended for, but not restricted to, transfer students, such as B.S. in nursing, who require a course in organic/biochemistry with laboratory. Not intended for science majors.  
1905.00

21 General Chemistry (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Chemistry 9 or 10 or high school chemistry, and Mathematics 425 or two years of high school algebra.  
Corequisite: Chemistry 21L1 and 21L2.  
Introduction to the science of chemistry. Topics include: stoichiometry, nomenclature, atomic structure, gas laws, periodic properties, bonding in ionic compounds, bonding in covalent compounds (including valence shell electronic pair repulsion, valence bond and molecular orbital theories), thermochemistry, solutions and reactions in solution, solids, liquids, and solution properties.  
1905.00

211L General Chemistry Laboratory I (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Corequisite: Chemistry 21 and 21L2.  
Hands-on activities to reinforce lecture concepts, develop chemical laboratory techniques, and use the scientific method of inquiry.  
1905.00

211L2 General Chemistry Laboratory I (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Corequisite: Chemistry 21 and 21L1.  
Hands-on activities to reinforce lecture concepts, develop chemical laboratory techniques, and use the scientific method of inquiry.  
1905.00
22 General Chemistry (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Chemistry 21, 21L1, and 21L2.
Corequisite: Chemistry 22L1 and 22L2.
Continued study of the science of chemistry. Topics include: kinetics, equilibria, acids and bases, ionic equilibria of weak acids and bases and complexes, electrochemistry, chemistry of main group metallic and non-metallic elements, chemistry and metallurgy of transition metals, nuclear chemistry, and an introduction to organic chemistry.
1905.00

22L1 General Chemistry Laboratory II (1)
(CSU; UC credit limitations)
Hours: 48-54 laboratory.
Grading: Letter grade only.
Corequisite: Chemistry 22 and 22L2.
Hands-on activities to reinforce lecture concepts, develop chemical laboratory techniques, and use the scientific method of inquiry.
1905.00

22L2 General Chemistry Laboratory II (1)
(CSU; UC credit limitations)
Hours: 48-54 laboratory.
Grading: Letter grade only.
Corequisite: Chemistry 22 and 22L1.
Hands-on activities to reinforce lecture concepts, develop chemical laboratory techniques, and use the scientific method of inquiry.
1905.00

70 Quantitative Analysis (4)
(CSU; UC)
Hours: 32-36 lecture; 96-108 laboratory.
Grading: Letter grade only.
Prerequisite: Chemistry 22, 22L1, and 22L2.
Introduction to the methods of gravimetric, volumetric and spectrophotometric analysis and to separation techniques. Designed to meet the normal four-unit course requirement for chemistry majors, pre-med students, and pre-dentistry students. Parallels the quantitative analysis usually offered in the sophomore year in most four-year colleges and universities.
1905.00

75A Organic Chemistry (5)
(CSU; UC)
Hours: 64-72 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Chemistry 22, 22L1, and 22L2.
Study of the chemistry of aliphatic and aromatic hydrocarbons including the theory of their structure, properties and reactions mechanisms. Laboratory work emphasizes the techniques of organic synthesis, purification and characterization.
1905.00

75B Organic Chemistry (5)
(CSU; UC)
Hours: 64-72 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Chemistry 75A.
Continued study of the chemistry of aliphatic and aromatic hydrocarbons including the theory of their structure, properties and reactions mechanisms. Laboratory work emphasizes the techniques of organic synthesis, purification and characterization.
1905.00

90A,B Chemistry Honors Seminar (1)
(CSU; UC credit limitations)
Hours: 16-18 lecture.
Grading: Letter grade only.
Honors component for Chemistry. Topics of interest are chosen by the instructor and students, and are presented in a seminar format. Prerequisites and/or corequisites are required. May be taken four times with change in topic emphasis.
1905.00

92A-H Special Topics: Chemistry (.5-6)
(CSU; UC credit limitations)
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Topics of special interest or specific areas of specialization in chemistry not covered in the regular curriculum. May be taken three times regardless of the unit combination. No single-subject, special-interest class may be repeated.
1905.00

92LA-H Special Topics Laboratory: Chemistry (.5-6)
(CSU; UC credit limitations)
Hours: 48-54 laboratory hours per unit of credit.
Grading: Letter grade only.
Topics of special interest or specific areas of specialization in chemistry with emphasis on laboratory skills, procedures, and techniques not covered in the regular curriculum.
1905.00

CHILD DEVELOPMENT AND EDUCATION (CDE)

Students enrolled in two corequisite-linked courses consisting of one lecture and one work experience course (i.e. CDE-24 and CDE-24W) must achieve a minimum grade of "C" in both courses to meet course and program requirements.

1 Intro to Principles & Practices in Early Childhood Education (3) [Cx]
(CSU)
Hours: 48-54 lecture
Grading: Letter grade only.
Advisory: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.
History and philosophy of the care of infants and young children, with emphasis on early childhood programs. Survey of practices, opportunities, concerns, legal requirements, qualifications, and responsibilities of teachers. Knowledge of specific developmental needs of young children.
1305.00

2 Child Growth and Development (3) [Cx]
(CSU; UC credit limitations)
Hours: 48-54 lecture
Grading: Letter grade only.
Advisory: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.
Examination of the developmental years from birth through adolescence. Social, emotional, intellectual, and physical growth are studied from relevant theoretical positions.
1305.00

3 Child Study and Observation (3)
(CSU)
Hours: 48-54 lecture
Grading: Letter grade only.
Advisory: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.
Study of society and its impact upon the behavior of young children. Topics include: family structure, understanding children as a product of their cultural heritage, and development of community resources relating to health, education, welfare, recreational, religious, and counselling organizations.
1305.00

4 Child, Family, and Community (3)
(CSU; UC)
Hours: 48-54 lecture
Grading: Letter grade only.
Advisory: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.
Study of society and its impact upon the behavior of young children. Topics include: family structure, understanding children as a product of their cultural heritage, and development of community resources relating to health, education, welfare, recreational, religious, and counselling organizations.
1305.00

5 Health and Safety of the Young Child (3)
(CSU)
Hours: 48-54 lecture
Grading: Letter grade only.
Advisory: Cardiopulmonary Resuscitation (CPR) and first aid training is recommended. Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.
Basic information on the building of children’s good health habits, stressing the importance of good nutrition in the preschool years. Safety information and training for early childhood teachers including first aid and recognition of symptoms of childhood communicable diseases.
1305.40
6 The Child in a Multicultural Society (3) [Cx] (CSU)
Hours: 48-54 lecture
Grading: Letter grade only.
Advisory: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.
Cultural differences and similarities - their impact on children and education. Application of techniques for creating and designing anti-bias classrooms for young children.
1305.00

7 Curriculum Development: The Creative Arts (3) (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.
Introduction to the creative arts for young children. Storytelling, language, visual arts, drama, music, and dance are examined as an integral part of the child's world. Theories and techniques to develop children's creative abilities are explored. Emphasis on creative processes through appreciation of diversity in art and culture. Perspectives on values and problem solving that engage children's participation at all levels.
1305.00

8 Curriculum Development: Math and Sciences (3) (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.
Introduction to how children learn and develop concepts of math and science. Examination of young children's problem-solving abilities in regard to math and the sciences. Examination of theories that reinforce activities designed to practice skills in math and science domains. Introduction of learning strategies and styles are also explored.
1305.00

23 Introduction to Children with Special Needs (3) (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Child Development and Education 2.
Advisory: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.
Presentation of different types of physical and behavioral difficulties that interfere with normal cognitive, social, and emotional growth. Recognition of these difficulties, where to seek appropriate professional help, and how to work with children with special needs in the home and in the school.
1305.00

24 Curriculum Theory I: Principles and Practices (2) (CSU)
Hours: 32-36 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Proof of a negative tuberculosis test within the past 12 months is required.
Prerequisite: Child Development and Education 1, 2, 3, and 4.
Corequisite: Child Development and Education 24W.
Principles of early childhood growth and development as they apply to appropriate curriculum design. Curriculum planning and implementation of cognitive, physical, social, emotional, cultural, creative, and language arts lesson plans in developmentally appropriate environments.
1305.20

24W Supervised Occupational Work Experience Practicum I (1) (CSU)
Hours: 60 hours supervised practicum in various community child development programs.
Grading: Letter grade only.
Limitation on Enrollment: Proof of a negative tuberculosis test within the past 12 months is required.
Corequisite: Child Development and Education 24.
Supervised occupational work experience practicum demonstrating principles of early childhood growth and development to teaching. Curriculum planning and implementation of cognitive, physical, social, emotional, cultural, creative, and language arts lesson plans in developmentally appropriate environments.
1305.80

25 Curriculum Theory II: Advanced Principles and Practices (2) (CSU)
Hours: 32-36 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Proof of a negative tuberculosis test within the past 12 months is required.
Prerequisite: Child Development and Education 24 and 24W.
Corequisite: Child Development and Education 25W.
Advanced principles and practices of curriculum theory of early childhood growth and development and their application through student teaching. Emphasis on health and safety, language capability, cognitive development, and physical needs in the learning environment, as well as development of effective communication skills for teachers. Advanced curriculum planning and implementation of cognitive, physical, social, emotional, cultural, and creative and language arts lesson plans in developmentally appropriate environments, with focus on the creation of an unbiased curriculum and learning environment.
1305.80

25W Supervised Occupational Work Experience Practicum II (1) (CSU)
Hours: 60 hours supervised practicum in various community child development programs.
Grading: Letter grade only.
Limitation on Enrollment: Proof of a negative tuberculosis test within the past 12 months is required.
Corequisite: Child Development and Education 25.
Advanced, supervised application of the principles of early childhood growth and development to student teaching. Emphasis on health and safety, language capability, cognitive development, and physical needs in the learning environment, as well as development of effective communication skills for teachers. Advanced curriculum planning and implementation of cognitive, physical, social, emotional, cultural, and creative and language arts lesson plans in developmentally appropriate environments, with focus on the creation of an unbiased curriculum and learning environment.
1305.80

26 Community Internship Seminar: Child Development and Education (2) (CSU)
Hours: 32-36 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.
Corequisite: Child Development and Education 25 and 25W.
Discussion and evaluation of professional issues as applied to a variety of child development professions.
1305.80

50 Administration of Child Development Programs (3) (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Child Development and Education 25.
Advisory: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.
Principles, techniques, and methods necessary for the efficient administration of programs in early childhood education. Private nursery schools, church-sponsored schools, publicly funded day-care programs, Head Start, and related programs. Particular emphasis on program development, budgeting, staff relationships, leadership/supervision, and governmental regulations, licensing, and certification. Required for Child Development Site Supervisor and/or Program Director Permit.
1305.80

92A-H Special Topics: Child Development and Education (.5-6) (CSU)
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Special interest lecture course for students wishing further exploration in specific areas of child development and education. Topics are determined by the instructor and cover the range of Child Development and Education curriculum. Consult the schedule of classes for current term emphasis. May be taken four times regardless of the unit combination, however no single-topic, special interest class may be repeated. May require corequisites and/or prerequisites based on the content of the course.
1305.00
415 Dynamics of Play (3)  
(Degree-applicable) Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits. 
Analysis of the ways that play affects the social, emotional, and physical development of young children. Methods of analyzing play activities, designing play environments, and facilitating enhanced play experiences are examined.  
1305.00

416 Brain Research and the Implications for Classroom Teaching (3)  
(Degree-applicable) Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Child Development and Education 2. Proof of a negative tuberculosis test within the past 12 months may be required for some site visits. 
Introduction to a child’s brain physiology and functioning. Current brain research and its relevance to educational practices and the guidance of young children. Current brain research findings in the areas of learning and memory, effects of stress and drugs, emotional and intellectual functioning, and gender differences in brain function and behavior for the developing child. Implications of brain research on communicating and interacting with young children in ways that elicit positive behaviors.  
1305.00

430A Infant and Toddler: Group Caregiving I (3)  
(Degree-applicable) Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Child Development and Education 2. Proof of a negative tuberculosis test within the past 12 months may be required for some site visits. 
Infant and toddler (birth through three years of age) development, as reflected in theory and research findings, including socialization, emotional development and temperament. Appropriate health, safety, and nutritional practices for environments; routines; and culturally sensitive care for infants and toddlers are also covered.  
1305.90

430B Infant and Toddler: Group Caregiving II (3)  
(Degree-applicable) Hours: 48-54 lecture  
Grading: Letter grade only.  
Prerequisite: Child Development and Education 430A. 
Further study of infant and toddler (birth through three years of age) development, as reflected in theory and research findings, including cognitive, language, and brain development. Course also includes creating partnerships with coworkers and the child’s family to provide inclusive developmentally appropriate practices.  
1305.90

451 Administration of Child Development Programs: Policy and Procedure (3)  
(Degree-applicable) Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits. 
Advanced study of issues facing directors of Child Development and Education programs. Examination and analysis of new and proposed state regulations. Introduction to policies specific to state funded programs, Title 5 regulations, and evaluation of programs utilizing state mandates. Development of advocacy skills, proposals, and grant writing for funding. Emphasis on personnel administration, selection, supervision, and evaluation. This course is required for the Child Development Center Supervision permit.  
1305.00

452 Administration of Child Development Programs: Personnel Supervision (3)  
(Degree-applicable) Hours: 48-54 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits. 
Methods and principles of supervision of student teachers, assistant teachers, parents, and volunteers in early childhood classrooms. Role of classroom teachers who function as mentors.  
1305.80

CHINESE (CHIN)

1 Elementary Mandarin Chinese (4)  
(CSU; UC) Hours: 64-72 lecture.  
Grading: Letter grade only.  
Continuing study of Mandarin Chinese taught within the context of Chinese culture. 
Focus on the further development of conversation, reading, and writing skills. Review of basic structures and expanded knowledge of verbs, grammar, and vocabulary. Emphasis on the communicative approach to language acquisition with emphasis on the appreciation of the culture. Ten hours of supplemental learning in a Success Center that supports this course is required. This course corresponds to the first year of high school Chinese.  
1107.00

2 Elementary Mandarin Chinese (4)  
(CSU; UC) Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Chinese 1 or one year of high school Chinese. 
Continuing study of Mandarin Chinese taught within the context of Chinese culture. 
Emphasis on the four major skills of listening, speaking, reading, and writing. Review of basic structures and expanded knowledge of verbs, grammar, and vocabulary. Emphasis on the communicative approach to language acquisition with emphasis on the appreciation of the culture. Ten hours of supplemental learning in a Success Center that supports this course is required.  
1107.00

CINEMA (CINEMA)

20 Scriptwriting (3)  
(CSU) Hours: 48-54 lecture.  
Grading: Letter grade only.  
Comprehensive overview of scriptwriting for diverse media formats. Students employ writing theory and critical analysis of classical literature to formulate story ideas, develop storytelling techniques, enhance narrative structure, and write polished scripts. Scriptwriting software is used to outline, storyboard, and write dynamic stories for film, radio, television, and the performing arts. May be taken four times.  
0601.00

25 Survey of World Cinema (3)  
(CSU; UC) Hours: 48-54 lecture.  
Grading: Letter grade only.  
Historical introduction to motion pictures as an art form, through the study and analysis of significant filmmakers throughout the world of film. Development of film as an evolving art and its impact on commercial television and related visual media. Focus on the specific impact of world filmmakers, technical innovations, influences of visual media techniques of commercial filmmaking, and the methods of film criticism.  
0612.10

26 Survey of American Cinema (3)  
(CSU; UC) Hours: 48-54 lecture.  
Grading: Letter grade only.  
The art of American theatrical films from the study and analysis of silent classics through contemporary commercial films. Viewing films, discussion, and critical lectures. Successive offerings will focus on the studio, directors, stars, western, musical, gangster, science fiction, epic, experimental films, family melodrama, hard-boiled detective, small film, and film noir. Development of film as an evolving art and its impact on commercial television and related visual media. Further emphasis on commercial filmmaking and methods of film criticism.  
0612.10
30 Cinema Production (3)  
(CSU)  
Hours: 32-36 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Methodology, theory, and aesthetics of cinematography for motion-pictures and television. Classic filmmaking techniques are combined with digital and/or film cameras and other technologies to achieve a 'cinematic look' to assigned projects. Focus on the traditional production phases of the filmmaking process, including the hiring of personnel, selection and use of tools and techniques, and the directional decisions involved to complete various types of cinematic productions. Students produce and edit projects.  
0612.20

80 Producing for Broadcast and Cinema (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: A minimum of 3 units in broadcasting or cinema coursework, or consent of the instructor.  
An in-depth exploration and discussion on producing content for the broadcast and cinema industries. Topics include various programming in the broadcasting and entertainment fields. Prepares students to plan and achieve career and educational goals in broadcasting and cinema industries.  
0604.20

92A-H Special Topics: Cinema (.5-6)  
(CSU; UC credit limitations)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special interest lecture course for students who wish further exploration in the field of cinema. Topics will vary and will be determined by the instructor. See the schedule of classes for current term emphases. May be taken four times regardless of the unit combination, however, no single-subject, special interest class may be repeated. May require prerequisites and/or corequisites based upon the content of the course.  
0612.00

92A-H Special Topics Laboratory: Cinema (.5-6)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Special interest laboratory course for students who wish further exploration in the field of cinema. Topics will vary and will be determined by the instructor. See the schedule of classes for current term emphases. May be taken four times regardless of the unit combination, however, no single-subject, special interest class may be repeated. May require prerequisites and/or corequisites based upon the content of the course.  
0612.00

96A,B,C,D Internships in Cinema or Broadcasting (1, 2, 3, or 4)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Completion of one Cinema or Broadcasting course listed in the Cinema or Broadcasting programs of study.  
Advisory: Considerable cinema/broadcasting background and consent of instructor may substitute for prerequisite course, however completion of cinema or broadcasting coursework in the relevant area of internship is recommended. Supervised field experience in motion pictures, television, radio, cable station, or other business related to the field of broadcasting and/or cinema. Course is designed to apply knowledge and learn new skills outside of the normal classroom environment. Placement is arranged through the instructor. Participation requirements may vary with the setting. May be taken four times, for a maximum of twelve units credit.  
0612.00

98A,B,C Independent Study: Cinema (1, 2, or 3)  
(CSU and UC credit limitations)  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration.  
Designed for the capable and well-motivated student who wishes to pursue study of a specific cinema topic, or a more advanced project in cinema than is offered in the regular program. Students who participate in this program must have completed introductory courses or have shown a skill greater than that necessary for completion of the class offerings. The nature and extent of the project must be determined by the student and instructor before the student registers for the class, since the extent of the project determines the number of units allowed. May be taken twice, regardless of the unit combination.  
0612.00

COMMUNICATION STUDIES (COMSTD)

2 Fundamentals of Effective Speaking (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450. Emphasis on preparing and delivering various types of speeches before an audience. Communication theory and speech criticism are included for student application. A variety of situations are provided to prepare the student to speak with greater skill and confidence. May be offered as an Honors course.  
1506.00

4 Fundamentals of Interpersonal Communication (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of English 1A.  
In-depth exploration of the variables of the interpersonal communication processes as they occur in day-to-day, face-to-face human interaction. Current theories of interpersonal communication are analyzed and applied.  
1506.00

6 Fundamentals of Small Group Communication (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450. Develop competence and confidence as a group member and leader through a combination of theoretical and practical application of small group principles in everyday life; Study and practice in various group activities. May be offered as an Honors course.  
1506.00

8 Fundamentals of Speech Communication (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450. Survey of the fundamentals of human communication as they operate in a variety of contexts: interpersonal, small group, and public speaking. Course includes theories of rhetoric and communication for the development of skills and understanding of verbal and nonverbal communications.  
1506.00

12 Mass Communication and Society (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450. A critical examination of the form, content, and influence of the processes of mass communication. Historical overview and examination of mass-mediated reality using theories of rhetoric and symbolic interaction. Special attention given to the impact of both media technology and message content on how we live and what we believe as individuals and as a society. May be offered as an Honors course.  
0610.00

14 Oral Interpretation of Literature (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450. Theoretical and practical experience in the oral interpretation of prose, poetry, and dramatic literature. In-depth study of the oral and analytical skills required to perform literature and of the critical skills required to evaluate oral interpretation performance. Recommended for students of speech communication studies, theatre, English, and the teaching professions.  
1506.00

72 Logic and Argumentation (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
The study of argumentation within an oral debate setting. Treatment of the theories and practices of argument, both formal and informal. Emphasis on language as a tool of argument. Fallacies of reasoning, practical problem-solving situations, and systems of logic. Oral exercises including debates, extensive writing requirements including advocacy papers, and analysis of refutations of arguments.  
1506.00
74 Intercultural Communication (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.
Identification and analysis of processes and problems of communication between people of different cultures. Effects of differences in attitudes, social organization, role expectations, language and nonverbal behavior and their interrelationships. Principles of communication theory as applied to an intercultural setting. May be offered as an Honors course. 1506.00

76 Gender and Communication (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Communication Studies 8, and eligibility for English 1A as determined by the Chaffey assessment process or completion of English 450 or English as a Second Language 450.
Examination of communication patterns existing between males and females. Designed to integrate theory and practice, and to heighten students’ awareness of the importance of gender as a communication variable. Emphasis on perception, verbal and nonverbal communication in interpersonal, small group and public settings. Communication problems relating to gender are addressed along with listening, assertiveness, negotiation and other conflict management strategies. 1506.00

78 Family Communication (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.
Introduction to communication in the family setting. Analysis of how communication-related behavior affects the development, maintenance, enhancement, and deterioration of family relationships. Through group and class discussion, students develop insights about speech variables and communication processes which affect familial interaction. 1506.00

90A Communications Honors Seminar (1)
(CSU; UC credit limitations)
Hours: 16-18 lecture.
Grading: Letter grade only.
Honors component for Communication Studies. Topics of interest are chosen by the instructor and students, and are presented in a seminar format. Prerequisites and/or corequisites are required. May be taken four times with change in topic emphasis. 1506.00

92A-H Special Topics: Communication Studies (.5-6)
(CSU; UC credit limitations)
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Special-interest course of varying length for students who wish further exploration in specific areas of computer information systems. Topics vary and are determined by the instructor. See the schedule of classes for current term emphases. May be taken four times regardless of the unit combination, however, no single-subject, special interest class may be repeated. May require prerequisites and/or corequisites based upon the content of the course. 0709.00

98A, B, C, D Independent Study: Computer Information Systems (1, 2, 3, or 4)
(CSU credit limitations)
Grading: Letter grade only.
Limited on Enrollment: Instructor signature and prior Computer Information Systems coursework is required for registration. Special project course designed for the capable, well-motivated student with previous coursework in the discipline. Student explores and develops a project or paper on an area of personal interest in Computer Information Systems. Nature and extent of the project must be determined by both the student and the instructor before the student registers, since the scope of the project determines the number of units awarded. May be taken four times regardless of the unit combination. 0702.00

402 Computer Security Basics (1.5)
(Degree-applicable)
Hours: 24-27 lecture.
Grading: Letter grade only.
Introduction to security issues affecting individual computers and Internet access. Protection strategies from viruses, Trojan-Horse programs, e-mail attacks, and other forms of intrusion. Selection, installation, and use of anti-virus software. May be taken three times. 0701.00

431 Project Management for Information Technology (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Computer Information Systems 1.
Fundamentals of project management applied to the field of information technology using current project management software. Topics include creating task lists; setting up resources; developing, formatting, and printing the project plan; organizing and formatting project details; tracking progress; measuring performance; and reporting project status. 0702.10
435 Fundamentals of Microsoft Visio (1.5)  
(Degree-applicable)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems 1.  
Fundamentals of the popular diagramming software used for business and information technology. Plan, create, and customize flowcharts, project schedules, organization charts, office layouts, network and other IT diagrams, and templates. May be taken four times.  
0702.10

470 Electronic Commerce (1.5)  
(Degree-applicable)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems 68.  
Introduction to the theory and practice of conducting business over the Internet. Topics include electronic versus traditional commerce, electronic data interchange technologies, hardware, software, security, payment systems, electronic data interchange, and new technologies as they emerge.  
0709.10

492A-H Special Topics: Computer Information Systems (1, 2, 3, or 4)  
(Degree-applicable)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special topics in computer information systems to take advantage of the students’ knowledge of skills in specific computer information system fields. Topics will be selected each semester by the instructor. May be taken four times, however, no single-subject, special-interest class may be repeated. May require corequisites and/or prerequisites based on the content of the course.  
0702.00

496A,B,C,D Internships in Computer Information Systems (1, 2, 3, or 4)  
(Degree-applicable)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems 68.  
Supervised internship in cooperation with private or public sector employers. Participation requirements may vary with the job setting. May be taken up to four times, for a maximum of twelve units credit.  
0702.10

496A, B, C, D Internships in Computer Information Systems (1, 2, 3, or 4)  
(Degree-applicable)  
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience for each unit of credit.  
Grading: Letter grade only.  
Limitation on Enrollment: Consent of the Computer Information Systems Program Coordinator is required.  
Corequisite: Concurrent enrollment in any Computer Information Systems course. Supervised internship in cooperation with private or public sector employers. Designed to apply knowledge and learn new skills directly related to the student’s program of study outside of the normal classroom environment. Placement is arranged through the instructor. Participation requirements may vary with the job setting. May be taken up to four times, for a maximum of twelve units credit.  
0702.00

**COMPUTER INFORMATION SYSTEMS: CISCO INTERNETWORKING (CISCO)**

1 Cisco Internetworking I (4)  
(CSU)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems 1 or equivalent experience.  
First in a four-course sequence that qualifies students to take the Cisco Certified Entry Networking Technician (CCENT) and the more advanced Cisco Certified Network Associate (CCNA) examinations. Topics include: PC hardware/software review, Local Area and Wide Area Networks (LAN’s and WAN’s), network devices, the Open System Interconnect (OSI) model, media, cable installation, network design, routing, switching, addressing, security, documentation, and basic wireless. May be taken three times.  
0708.00

2 Cisco Internetworking II (4)  
(CSU)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems: Cisco Internetworking 1 or equivalent experience.  
Second in a four-course sequence that qualifies students to take the Cisco CCENT and CCNA examinations. Topics include: implementing basic LAN and WAN connectivity using routers and switches, TCP/IP addressing, network protocols, and troubleshooting. Students gain hands-on skills through configuring Cisco devices and managing the software. Comprehensive review of all topics covered in Cisco I and II in preparation for the CCENT certification exam. May be taken three times.  
0708.00

3 Cisco Internetworking III (4)  
(CSU)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems: Cisco Internetworking 2 or equivalent experience.  
Third in a four-course sequence that qualifies students to take the Cisco CCNA examination. Topics include: switching basics and intermediate routing; command line interface and configuration of routers and switches for wired and wireless networks; Virtual LANs (VLANs), Virtual Trunking Protocol (VTP), and Spanning Tree Protocol (STP); advanced IP addressing techniques; Variable Length Subnet Masking (VLSM); intermediate routing protocols such as RIPv2, EIGRP, and OSPF; and network security issues, troubleshooting, and management. May be taken three times.  
0708.00

4 Cisco Internetworking IV (4)  
(CSU)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems: Cisco Internetworking 3 or equivalent experience.  
Final course in a four-course sequence that qualifies students to take the Cisco CCNA examination. Topics include: network design and security policies; more advanced LAN/WAN technologies; terminology and IP addressing techniques; IPv6, NAT, PAT and DHCP; Frame relay, Cable, DSL, PPP, VPN, VoIP, and Wireless. Comprehensive review of all topics covered in Cisco I, II, III, and IV courses in preparation for the CCNA certification exam. May be taken three times.  
0708.00

415 Cisco Internetworking V (4)  
(Degree-applicable)  
Hours: 64-72 lecture  
Grading: Letter grade with option for pass/no-pass grade.  
Advisory: Completion of Computer Information Systems: Cisco Internetworking 4 or current CCNA certification or equivalent experience.  
CCNP ROUTE, Implementing Cisco IP Routing. Topics include overview of converged and scalable routed internetworks. Advanced routing principles and protocols, EIGRP, OSPF in multiple areas, IS-IS, and BGP for enterprise ISP connectivity. Route optimization and routing features, manipulating routing updates; redistribution, filtering, and multicasting. Advanced IP address management: IPv4 and IPv6. Qualifies students to take the Cisco Level 5 examination, including the new CCNP Route Exam (642-902). May be taken three times.  
0708.00

416 Cisco Internetworking VI (4)  
(Degree-applicable)  
Hours: 64-72 lecture  
Grading: Letter grade with option for pass/no-pass grade.  
Advisory: Completion of Computer Information Systems: Cisco Internetworking 4 or current CCNA certification or equivalent experience.  
Implementing Secure Converged Wide-Area Networks (ISCW), Topics include secure teleworker access and configuration; data over cable; DSL; Frame-Mode MPLS; site-site IPSec VPN; GRE tunneling; Cisco EZVPN; authentication, authorization, accounting (AAA), device hardening; IOS firewall and threat defense features; intrusion detection systems (IDA); and intrusion prevention systems (IPS). Qualifies students to take the Cisco Level 6 examination. May be taken three times.  
0708.00

417 Cisco Internetworking VII (4)  
(Degree-applicable)  
Hours: 64-72 lecture  
Grading: Letter grade with option for pass/no-pass grade.  
Advisory: Completion of Computer Information Systems: Cisco Internetworking 4 or current CCNA certification or equivalent experience.  
CCNP SWITCH, Implementing Cisco Switched Networks. Topics include use of routing and switching technologies together, virtual LANs (VLANs), inter VLAN routing, virtual transport protocol (VTP), spanning tree protocol (STP), and redundancy technologies such as HSRP and VRRP. Access control and security issues, port security, root guard, mac flooding, rogue devices, and spoofing. Implement support for wireless and voice over IP (VoIP). Qualifies students to take the Cisco Level 7 examination, including the new CCNP Switch Exam (642-813). May be taken three times.  
0708.00
418 Cisco Internetworking VIII (4)  
(Degree-applicable)  
Hours: 64-72 lecture  
Grading: Letter grade with option for pass/no-pass grade.  
Advisory: Completion of Computer Information Systems: Cisco Internetworking 4 or current CCNA certification or equivalent experience.  
Optimizing Converged Networks (ONT). Topics include optimizing quality of service (QoS), converged networks supporting voice over IP (VoIP), wireless and security applications, voice network implementation, Network Based Applicable Recognition (NBAR), traffic classification, marking, congestion management, link efficiency mechanisms, policing, shaping, and AutoQos. Implement, configure, and manage a Wireless (WLAN) network, security, encryption, authentication, QoS, and management. Qualifies students to take the Cisco Level 8 examination. May be taken three times.  
0708.00

419 Cisco Internetworking IX (4)  
(Degree-applicable)  
Hours: 64-72 lecture  
Grading: Letter grade with option for pass/no-pass grade.  
Advisory: Completion of Computer Information Systems: Cisco Internetworking 415 and 417, or equivalent experience.  
Monitoring and maintain complex, enterprise routed and switched IP networks. Skills include planning and execution of regular network maintenance, as well as support and troubleshooting using technology-based processes and best practices, following systematic and industry recognized approaches. Labs emphasize hands-on learning and practice to reinforce troubleshooting techniques. Prepares student for the externally administered Cisco CCNP 642-832 exam. May be taken three times.  
0708.10

492A-H Special Topics: CIS Cisco Internetworking (.5-6)  
(Degree-applicable)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special interest lecture course for students who wish further exploration in specific areas of Cisco Internetworking. Topics vary and are determined by the instructor. See the schedule of classes for current term emphases. May be taken four times regardless of the unit combination, however, no single-subject, special interest class may be repeated. May require prerequisites and/or corequisites based upon the content of the course.  
0708.00

**COMPUTER INFORMATION SYSTEMS: GAME DEVELOPMENT (CISGAME)**

401 Fundamentals of Game Development (1.5)  
(Degree-applicable)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems 1.  
Introduction to game development. Topics include: history, hardware, graphics, sound, game genres, design elements, game generation software, game programming, and available careers in game development. May be taken four times.  
0707.10

402 Fundamentals of Game Development II (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems: Game Development 401.  
Game development using creation software and development tools. Topics include: game design methods; content development, including graphics and sound; game logic; programming concepts such as objects, properties, methods, and events; basic concepts of movement and collision; beta testing; and identifying and fixing bugs. May be taken four times.  
0707.10

403 Fundamentals of Game Programming (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems: Game Development 401.  
Introduction to game programming using a popular computer game programming language. Fundamentals of planning, syntax, logic, testing, debugging, and documentation in the development of computer games. May be taken four times.  
0707.10

**COMPUTER INFORMATION SYSTEMS: HARDWARE AND SUPPORT (CISHDSP)**

401 Microcomputer Hardware (3) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Computer Information Systems 1.  
Provides current and relevant computer technical skills required for entry level PC technician positions and/or preparation for computer industry certification. Topics include basic analysis of microcomputers and related equipment including computer hardware installations, configuring (upgrading) computers, troubleshooting techniques and the interaction between computer hardware and software.  
0708.20

405 A+ Certification Preparation (1.5)  
(Degree-applicable)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems: Hardware and Support 401.  
A practical course designed to prepare students for the A+ Certification exams. Subject matter includes computer hardware installation, configuration, diagnosing issues, operating system basics, safety, customer relations, security and basic networking. The A+ Certification exams are administered by independent testing organizations.  
0708.20

410 Desktop Support Certification Preparation (3)  
(Degree-applicable)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Prerequisite: Computer Information Systems: Hardware and Support 401.  
Resolving end-user problems through configuring and troubleshooting the current Microsoft Operating System, hardware devices and drivers, network protocols, and application programs. Helps prepare students for the Microsoft Certified Desktop Support Technician (MCSDT) certification exam, which is administered by an outside agency. May be taken four times.  
0708.20

420 Computer Maintenance for the Home and Small Business User (1.5)  
(Degree-applicable)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
A hands-on course in upgrading, troubleshooting, and maintaining home and small business computers. Topics include: computer basics and terminology; determining when and how to upgrade the motherboard; adding drives, expansion cards, memory, peripherals, and other system components; use of utility and anti-virus software; and safety procedures. May be taken three times.  
0708.20

492A-H Special Topics: CIS Hardware and Support (.5-6)  
(Degree-applicable)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special interest lecture course for students who wish further exploration in specific areas of computer hardware and support. Topics vary and are determined by the instructor. See the schedule of classes for current term emphases. May be taken four times regardless of the unit combination, however, no single-subject, special interest class may be repeated. May require prerequisites and/or corequisites based upon the content of the course.

### Course Descriptions

**410 WebMaster Tools (1.5) [Cx]**

- **Hours:** 24-27 lecture.
- **Grading:** Letter grade only.
- **Advisory:** Completion of Computer Information Systems: Internet and Web Development 70.
- **Tools used by the Webmaster to develop and administer an Intranet/Internet Web-site.**
- **Topics:** include advanced HTML/XHTML programming, JavaScript, Dynamic HTML, XML, Web Publishing, and the use of Cascading Style Sheets (CSS) for formatting. May be taken three times.

**412 Web Development: Microsoft FrontPage/Expression (3.0) [Cx]**

- **Hours:** 24-27 lecture.
- **Grading:** Letter grade only.
- **Use of the Web development, editing, and management software to create standards-based Web sites.**
- **Topics:** include text, links, graphics, Cascading Style Sheets (CSS), site navigation, tables, forms, behaviors, site reports, Dynamic Web Templates, and others. May be taken four times.

**414 Creating Dynamic Web Content using Javascript/AJAX (3)**

- **Hours:** 24-27 lecture.
- **Grading:** Letter grade only.
- **Prerequisite:** Computer Information Systems: Internet and Web Development 70.
- **Principles of JavaScript programming.** Includes: integrating JavaScript and HTML; creating pop-up windows; adding scrolling messages; validating forms; enhancing the use of images and form objects; working with cookies, arrays, and frames; and developing online dynamic content and client-side Web applications using Asynchronous Java and XML (AJAX).

**420A Web Development: Flash (3)**

- **Hours:** 24-27 lecture.
- **Grading:** Letter grade only.
- **Advisory:** Completion of Computer Information Systems: Internet and Web Development 70.
- **Web development using Macromedia Flash.** Includes: Flash movie basics, the toolbox, symbols, libraries, buttons, tweening, masking, sound, publishing, and integration with HTML and other Web development tools. Actionscript programming, interactivity, form development, and use with other languages. May be taken four times.

**423 Web Development: Dreamweaver (3)**

- **Hours:** 24-27 lecture.
- **Grading:** Letter grade only.
- **Advisory:** Completion of Computer Information Systems: Internet and Web Development 70.
- **Topics:** include the Dreamweaver interface, the object panel and other tools, HTML integration and editing, images, text, linking, lists, tables, tracing images, layers, frames, rollovers, Cascading Style Sheets (CSS), Dynamic HTML, forms, publishing, Fireworks, and Flash files.

**430A Web Development: CGI/Perl Programming I (1.5)**

- **Hours:** 24-27 lecture.
- **Grading:** Letter grade only.
- **Advisory:** Completion of Computer Information Systems: Internet and Web Development 70.
- **Introduction to the use of Perl in creating Common Gateway Interface (CGI) programs, dynamic pages, and information processing through a Web server.**
- **Topics:** include: Perl syntax, Web servers, CGI Program Interface, parsing and decoding CGI input as user data, scalars, arrays, hashes, and testing and debugging.

**432A Web Development: Active Server Pages I (1.5)**

- **Hours:** 24-27 lecture.
- **Grading:** Letter grade only.
- **Advisory:** Completion of Computer Information Systems: Internet and Web Development 70.
- **Introduction to the development of Active Server Pages (ASP).**
- **Topics:** include: VBscript, basic program structures, data types and variables, error handling and debugging, server objects and components, and data-driven applications.

**436 Web Development: PHP/MySQL (3)**

- **Hours:** 24-27 lecture.
- **Grading:** Letter grade only.
- **Advisory:** Completion of Computer Information Systems: Internet and Web Development 70.
- **Building Web-based applications using PHP in conjunction with MySQL to create database-driven Web sites.**
- **Topics:** include an introduction to PHP and syntax, configuring a Web server for use with PHP, programming in PHP using basic scripting, data types, looping, conditional constructs, functions, operators, lists and arrays, databases and data files, e-mail, forms, and cookies. May be taken three times.

**438 Web Development: Ruby on Rails (1.5)**

- **Hours:** 24-27 lecture.
- **Grading:** Letter grade only.
- **Advisory:** Completion of Computer Information Systems: Internet and Web Development 70.
- **Development and implementation of Web sites using MySQL database technology and Ruby on Rails, an open source web application framework for the Ruby programming language.** Includes Ruby basics and installation, Ruby syntax and application development, the Model-View Controller (MVC), creating dynamic Web pages with Rails, simple model validation, data validation, storage, retrieval, and application prototyping.

**492A-H Special Topics: CIS Internet and Web Development (.5-6)**

- **Hours:** 16-18 lecture hours per unit of credit.
- **Grading:** Letter grade only.
- **Advisory:** Completion of Computer Information Systems: Internet and Web Development 70.
- **Special interest class may be repeated.** May require prerequisites and/or corequisites based upon the content of the course.
**Computer Information Systems: Networking (CISNTWK)**

11 Microsoft Network Server (3) (CSU)

- Hours: 48-54 lecture.
- Grading: Letter grade only.
- Prerequisite: Computer Information Systems 50.
- In-depth study of Microsoft server software and the administration of a network. Topics include: installation and configuration, active directory, file system management, and security. Helps prepare students for the Microsoft Certified Professional (MCP) and Microsoft Certified Systems Engineer (MCSE) exams. 0708.10

92A-H Special Topics: CIS Networking (.5-6) (CSU)

- Hours: 16-18 lecture hours per unit of credit.
- Grading: Letter grade only.
- Special interest lecture course for students who wish further exploration in specific areas of computer networking. Topics vary and are determined by the instructor. See the schedule of classes for current term emphases. May be taken four times regardless of the unit combination, however, no single-subject, special interest class may be repeated. May require prerequisites and/or corequisites based upon the content of the course. 0707.10

413 TCP/IP (1.5) (Degree-applicable)

- Hours: 24-27 lecture.
- Grading: Letter grade only.
- Prerequisite: Computer Information Systems 50.
- Study of Transmission Control Protocol/Internet Protocol (TCP/IP) and its implementation on various operating systems. Helps prepare students for the Microsoft Certified Professional (MCP), Microsoft Certified Systems Engineer (MCSE), and CompTIA exams. 0707.10

440 Introduction to Network Security Administration (3) (Degree-applicable)

- Hours: 48-54 lecture.
- Grading: Letter grade only.
- Prerequisite: Computer Information Systems 50.
- Fundamentals of network security for the networking professional. Topics include: authentication, attack types, threats and countermeasures, intrusion detection systems, firewalls, physical security concepts, security policies, disaster recovery, and computer forensics. Helps prepare students for the CompTIA Security+ certification examination. May be taken three times. 0707.10

492A-H Special Topics: CIS Networking (.5-6) (Degree-applicable)

- Hours: 16-18 lecture hours per unit of credit.
- Grading: Letter grade only.
- Special interest lecture course for students who wish further exploration in specific areas of computer networking. Topics vary and are determined by the instructor. See the schedule of classes for current term emphases. May be taken four times regardless of the unit combination, however, no single-subject, special interest class may be repeated. May require prerequisites and/or corequisites based upon the content of the course. 0707.10

**Computer Science (CS)**

1 Fundamentals of Computer Science (3) [Cx] (CSU; UC)

- Hours: 48-54 lecture.
- Grading: Letter grade only.
- Prerequisite: Mathematics 61.
- Survey of the computer science field. Familiarizes science, computer science, and engineering students with elementary computer science concepts and methods. Topics include: hardware, software, computer architecture, memory and registers, input/output data operations, storage, information control, problem solving, and Object Oriented Programming (OOP). 0706.00

21 Fundamentals of C++ Programming (3) [C] (CSU; UC)

- Hours: 48-54 lecture.
- Grading: Letter grade only.
- Prerequisite: Computer Science 1 or Computer Information Systems: Programming 1.
- Introduction to the concepts, terminology, syntax, and uses of the C++ programming language. May be taken three times. 0707.10

492A-H Special Topics: Computer Science (.5-6) (Degree-applicable)

- Hours: 16-18 lecture hours per unit of credit.
- Grading: Letter grade only.
- Specializations in computer science. See class schedule for current topic. May be taken four times regardless of the unit combination. However, no single-subject, special interest class may be repeated. May require corequisites and/or prerequisites based upon the content of the course. 0708.00
CONSUMER STUDIES (CONSUM)
(SEE ALSO NUTRITION AND FOOD)

11 Housing and Environment (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Planning, evaluation, and purchasing housing to meet family and individual needs in relation to design and current social, economic, and environmental factors.
4932.00

40 Life Management (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Understanding and using resources which influence life management skills. Family structure, goal setting, career planning, value conflicts, and resources for functioning effectively in society.
1301.00

50 Consumer Issues (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Management of income and expenditures for the individual and family throughout the life cycle, to include advertising, consumer rights and responsibilities, purchasing skills, fraud, consumer redress, budgeting, and savings for financial security.
1301.00

92A-H Special Topics: Consumer Studies (.5-6)
(CSU)
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Special emphasis courses in foods, nutrition, consumer education, or life management. See class schedule for the current topic. May be taken four times regardless of the unit combination. No single-subject, special-interest class may be repeated.
1301.00

98A,B,C Independent Study: Consumer Studies (1, 2, 3)
(CSU credit limitations)
Grading: Letter grade only.
Limitation on Enrollment: Instructor signature is required for registration.
Special project course designed for the capable, well-motivated student. Each student explores and develops a project or a paper on an area of personal interest. Nature and extent of the project must be decided by student and instructor before the student may sign up for the course. Type and extent of the project determines the number of units allowed. May be taken three times, regardless of the unit combination.
1301.00

487A-D Cooperative Education: General Work Experience (1, 2, 3, or 4)
(Degree-applicable)
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience for each unit of credit.
Grading: Letter grade only.
Limitation on Enrollment: Student must be employed or participating in an internship.
Supervised employment which is intended to assist students in acquiring desirable work habits, attitudes and career awareness. The work experience need not be related to the students' educational goals. Career and professional development seminars include study of knowledge, judgments, skills and attitudes essential for success in the world of work. May be repeated any number of times and in any unit combination not exceeding six units per semester and sixteen units total for all types of work experience.
4932.00

CORRECTIONAL SCIENCE (CRSCI)

While most Correctional Science courses may be challenging for Credit-by-Examination, a limitation to the number of challenges may apply. Contact the office of the Dean of Social and Behavioral Sciences for more information.

1 Introduction to Correctional Science (3) [Cx]
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Philosophical and practical overview of the history, evolution and current practices of the field of corrections, including extensive examination of the roles and responsibilities of the three prongs of the United States criminal justice system. Introduction to correctional systems, processes, clients, case law and client rights. Exploration of the diverse career opportunities available at the city, county, state, and federal levels.
2105.10

2 Control and Supervision of Inmates (3) [Cx]
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Correctional Science 1.
Inmate supervision in correctional institutions, including security procedures, contraband control, treatment programs, and prison dynamics. Prison staff responsibilities and the effect of their application on inmate culture and institution characteristics. Current and historical methods of controlling inmates.
2105.10

3 Correctional Law (3) [Cx]
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Correctional Science 1.
Legal aspects of corrections from conviction/commitment to release. Discussion of laws addressing processes of the correctional system and facilities, including county jails, juvenile halls, state prizes, probation, parole, executions, clemency, commutations, and terms of imprisonment. Policy, procedure, and regulations governing escapes, treatment, and prison records. Survey of correctional programs at the various levels of government from a legal perspective. Legal and due process rights of offenders. The balance of protecting the rights of offenders versus the need to protect society.
2105.10

4 Public Relations and Corrections (3) [Cx]
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Correctional Science 1.
An analysis of the causation theories attributed to crime, delinquency and deviance, and the implications for the offender, the victim and the justice system. An examination of the history and progression of our country's attempts to control its crime problem. Classification of crimes, criminals and statutory laws are explored.
2105.10

5 Crime and Delinquency (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Correctional Science 1.
An analysis of the causation theories attributed to crime, delinquency and deviance, and the implications for the offender, the victim and the justice system. An examination of the history and progression of our country's attempts to control its crime problem. Classification of crimes, criminals and statutory laws are explored.
2105.10
6 Correctional Interviewing and Counseling (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Powerful and appropriate interviewing and counseling techniques for use with correctional clients, who may include perpetrators, victims, family members, and witnesses. Strategies for dealing with sidetracking, aversion, and defensive responses. Effective use of encouragement, silence, redirection, non-verbal communication, and rapport in interviews. Intervention, counseling, and appropriate referrals in crisis situations. Ethics, boundary, and confidentiality issues encountered by counselors and caseworkers.  
2105.10

7 Probation and Parole (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Correctional Science 1.  
Overview of the history and philosophical foundations of probation and parole in the United States. Organization and operations of probation and parole agencies as particular segments of the criminal justice system. Probation as part of the judicial process, and parole as part of the correctional systems. Theoretical concerns exemplified in probation and parole supervision, as well as the practical aspects of probation and parole services. Review and evaluation of community-based corrections and the programs included in response to criminal behavior. Issues and problems relating to the pre-sentence investigation report, determinate versus indeterminate sentencing, the vast and diverse roles of the probation officer and parole agent, and case law decisions affecting probation and parole practice.  
2105.20

8 Ethnic Group Relations (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Survey of minority roles, problems, and relationships within the criminal justice system. Explanation of the impact and effect of stereotypes and prejudice within the system and how it affects its decision-makers. Examination of our society's stratification and perspectives based on race, ethnicity, class, and gender as they relate to crime and justice in America. Identification of cultural traditions that may affect the rehabilitation process of the correctional client.  
2105.10

10 Violence in America (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
An exploration of victimization theories, classification of violent crimes, and perpetrator identification. Crime and its impact on victims and society as a whole. Primary, secondary and tertiary victimization, intimate violence, workplace violence, school violence and terrorism are explored.  
2105.10

409 Women and the Criminal Justice System (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
A historical study of women involved in the criminal justice system as victims, offenders, and criminal justice professionals. Causative factors for women's increased propensity for crime are reviewed, as well as the female professionals' rise to prominence and effectiveness in a male-dominated career.  
2105.10

410 Street Gangs and Subcultures (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Introductory course exploring the history and development of gangs, current gang activity, and trends affecting the evolution of established gangs and the development of future gangs. Efforts by police, probation, and parole agencies in the prevention, intervention, and suppression of gangs. Motivational theories on why young people join gangs and the relationship between street and prison gangs.  
2105.10

411 Juvenile Corrections (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Impact of juvenile delinquency on offenders, family, community and society. Responsibilities of the various components of the juvenile justice system involved in arrest, investigation, reporting, court procedures, probation, detention, and residential treatment of juvenile offenders. Programs and policies of the Juvenile Justice Division of the California Department of Corrections and Rehabilitation.  
2105.10

450 Correctional Report Writing (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Essential elements of report writing, emphasis on correct sentence structure, grammar, technical writing style, and accuracy in reporting the facts relating to a crime, behavioral incident, institutional board report, annual review, discharge, pre-sentence investigation, violation of conditions, and case summary report. Actual reports are examined and analyzed to help demonstrate relevance and purpose of this correctional process.  
2105.10

501 Preparation for Correctional Peace Officer Examination Process (2)  
(Non-degree-applicable)  
Hours: 32-36 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Student must be 18 years of age or older.  
Course is designed to provide a competitive edge to students planning to enter the field of corrections as a probation officer, counselor, custody assistant, corrections officer, or parole agent. Topics include job search strategies, application processing, testing techniques, background checks, and effective interview tactics.  
2105.10

DANCE (DANCE)  

1 Survey of Dance (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Introduction to the rudiments of the dancer's craft with emphasis on ballet, modern, jazz, tap, folk, and square. Dance as an art form. History, techniques, combinations, and vocabulary.  
1008.00

2 Stage Movement (3)  
(Also available as Theatre 2)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Study of physical movement as it relates to the body on stage. Control and use of parts of the body, movement sequences, and conscious development of movement habits.  
1008.00

4A Ballet IA (1.5)  
(CSU; UC)  
Hours: 48-54 studio.  
Grading: Letter grade only.  
Skill acquisition and practice of fundamental classical ballet barré and center technique at the beginning level. Study of ballet theory, history, and vocabulary. May be taken twice.  
1008.00

4B Ballet IB (1.5)  
(CSU; UC)  
Hours: 48-54 studio.  
Grading: Letter grade only.  
Advisory: Completion of Dance 4A.  
Skill improvement in fundamental classical ballet barré and center technique at the advanced beginning level. Continued study of ballet theory, history, and vocabulary. May be taken twice.  
1008.00

6A Ballet IIA (1.5)  
(CSU; UC)  
Hours: 48-54 studio.  
Grading: Letter grade only.  
Advisory: Completion of Dance 4B.  
1008.00

6B Ballet IIB (1.5)  
(CSU; UC)  
Hours: 48-54 studio.  
Grading: Letter grade only.  
Advisory: Completion of Dance 6A.  
Skill improvement in increasingly complex classical ballet barré and center technique. Further development and practice of intermediate/advanced skill level combinations with modifications and complications. Continued study of theory, history, and vocabulary. May be taken twice.  
1008.00
10A Jazz Dance I (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Basic jazz dance, vocabulary, and dance technique. May be taken twice.  
1008.00

10B Jazz Dance I (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Advisory: Completion of Dance 10A.  
Basic jazz dance, vocabulary, and dance technique. May be taken twice.  
1008.00

20A Modern Dance (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Basic modern dance vocabulary and dance techniques. May be taken twice.  
1008.00

20B Modern Dance (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Advisory: Completion of Dance 20A.  
Basic modern dance vocabulary and dance techniques. May be taken twice.  
1008.00

30A Tap Dance I (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Basic tap dance technique and routines. May be taken twice.  
1008.00

30B Tap Dance I (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Advisory: Completion of Dance 30A.  
Basic tap dance technique and routines. May be taken twice.  
1008.00

42 Dance Workshop (3)  
(CSU; UC)  
Hours: 144-162 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Students must show nominal proficiency in dance by audition or obtain consent of the instructor. Practical theatre dance experience for students. Requires participation in either a dancing or production role. May be taken four times.  
1008.00

50A Jazz Dance II (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Advisory: Completion of Dance 10B.  
Intermediate jazz dance techniques and vocabulary. May be taken twice.  
1008.00

50B Jazz Dance II (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Advisory: Completion of Dance 50A.  
Intermediate jazz dance techniques and vocabulary. May be taken twice.  
1008.00

60A Tap Dance II (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Advisory: Completion of Dance 30B.  
Intermediate tap dance technique and routine. May be taken twice.  
1008.00

60B Tap Dance II (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Advisory: Completion of Dance 60A.  
Intermediate tap dance technique and routines. May be taken twice.  
1008.00

92A-H Special Topics: Dance (5-6)  
(CSU; UC credit limitations)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special interest lecture course for students who wish further exploration in specific areas of dance. Topics will vary and will be determined by the instructor. See the schedule of classes for current term emphases. May be taken four times regardless of the unit combination, however, no single-subject, special interest class may be repeated. May require prerequisites and/or corequisites based upon the content of the course.  
1008.00

925A-H Special Topics Studio: Dance (5-6)  
(CSU; UC credit limitations)  
Hours: 32-36 hours/term studio for each unit of credit.  
Grading: Letter grade only.  
Special interest studio course for students who wish further exploration in specific areas of dance. Topics will vary and will be determined by the instructor. See the schedule of classes for current term emphases. May be taken four times regardless of the unit combination, however, no single-subject, special interest class may be repeated. May require prerequisites and/or corequisites based upon the content of the course.  
1008.00

400 Hip Hop Dance (1)  
(Degree-applicable)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Basic techniques and styles of Hip Hop dance, including musicality, rhythms, spatial awareness, and the basic and complex movements required to develop performance and choreographic skills. Critical viewing and analysis of Hip Hop dance choreography are emphasized. May be taken twice.  
1008.00

420 Social Dance (1)  
(Degree-applicable)  
Hours: 32-36 scheduled-hours studio.  
Grading: Letter grade only.  
Basic technique and styles of American and Latin ballroom dance including salsa, tango, rumba, merengue, cha-cha, swing, waltz, and foxtrot with emphasis on partnering techniques, footwork, rhythms and musicality, and performance presentation. May be taken four times regardless of the unit combination, however, no single-subject, special interest class may be repeated. May require prerequisites and/or corequisites based upon the content of the course.  
1008.00

DENTAL ASSISTING (DENTAL)  
Student must furnish their own uniform and pay for a physical examination.

400 Dental Assisting Core Sciences (6) [Cx]  
(Degree-applicable)  
Hours: 64-72 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Core competencies and foundational skills. Topics include an overview of applicable biomedical terms and functions, dental anatomy, infection prevention and control, medical and dental emergencies, ethics and professionalism, patient interaction, dental charting, community health and diversity, and basic laboratory skills.  
1240.10

410 Dental Assisting Preclinical Sciences (6) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture; 144-162 laboratory.  
Grading: Letter grade only.  
Prerequisite: Dental Assisting 400.  
Study and application of dental processes, performed in a preclinical site. Students engage in an in-depth study of dental materials, instrumentation, procedures, protocols, and familiar with the various dental specialties.  
1240.10

420 Radiography for Dental Assistants (6) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture; 144-162 laboratory.  
Grading: Letter grade only.  
Prerequisite: Dental Assisting 400.  
In-depth study of dental radiography. Topics include evolution of standard and digital radiography; basic principles, characteristics and terminology; oral physics and biological effects; sterilization and infection control; film types and exposures; safety procedures in the use and maintenance of equipment; placement and processing techniques; film mounting; error identification and correction; and the use of radiographs in diagnoses and treatment planning. Evaluation and documenting of pathological intraoral findings during mouth inspections are also covered. Students master skills in pre-clinical and clinical assignments.  
1240.10
For all DPS courses: Students with specific disabilities and educational limitations should have a physician's recommendation/release for class activities. This provides the instructor with information necessary to tailor a program to the needs and capabilities of the individual student. Students meeting criteria identified in Title 5, Section 56029, may repeat courses more than the stated number of times.

For DPS-657: Student must be identified under Title V regulations as a student with a verifiable disability. Student should have the willingness to work in large and small groups, individualized and/or laboratory settings, and the desire to develop vocational work skills, reading, and money handling as related to a vocation and independent living. Student must not be injurious to self or others.

505 Assessment of Learning Abilities and Limitations (.5) (Non-degree-applicable)
Hours: 24-27 self-paced, open-entry/exit laboratory.
Grading: Pass/No Pass grade only.
An assessment of learning strengths and limitations designed for students having difficulties in courses, or desiring assessment for possible inclusion in the learning disabilities portion of Disability Programs and Services. Perceptual, cognitive, and achievement testing is provided as a part of the course. May be taken twice. 4930.32

522A, B Basic Skills for Job Readiness (1, 2) (Non-degree-applicable)
Hours: 48-54 hours/term self-paced laboratory for each unit of credit.
Grading: Pass/No Pass grade only.
Basic skills in reading, writing and mathematics concepts applied to job training and independent living. May be taken four times, regardless of the unit combination. 4930.30

530 Basic Computer Skills for Students with Disabilities (1) (Non-degree-applicable)
Hours: 48-54 self-paced laboratory.
Grading: Pass/No Pass grade only.
Individualized prescriptive course providing disabled students with the knowledge of computer software needed to build keyboarding skills, using a screen reading program. Students create effective documents utilizing adaptive software and hardware and develop transferable skills for use in mainstream courses and/or the work force. May be taken four times. 4930.30

575 Problem Solving for Job Readiness (1) (Non-degree-applicable)
Hours: 48-54 self-paced laboratory.
Grading: Pass/No Pass grade only.
Open-entry/open-exit, self-paced laboratory course for job training and independent living. Students apply basic skills of reading, writing, and mathematical concepts to interpret and respond to specific vocational and/or practical living situations. Hands-on learning experiences aid in the development of appropriate work behaviors, social skills, and entry-level job skills. May be taken four times. 4930.30

651 Job Placement Practicum for Students with Disabilities (0) (Non-credit)
Hours: Variable arranged
Grading: Not graded.
Self-paced, open-entry/open-exit course offering individualized instruction in job development, job search techniques, job holding skills, work and disability payments, and the utilization of community rehabilitation resources for students with developmental, learning, and/or physical disabilities. Work experience, supported employment, and/or job placement and follow-up services are provided as a practicum for applying learned skills in a real work environment. May be repeated. 4930.31

657 Vocational Skills for Students with Disabilities (0) (Non-credit)
Hours: Variable arranged
Grading: Not graded.
Self-paced, open-entry/open-exit course for adults with developmental disabilities, teaching the skills and attitudes that lead to increasing levels of production, independent participation in vocational areas, community-based activities, and independent living. Students learn acceptable behaviors and skills necessary to progress in vocational and independent living environments. Classes are held off-campus at facilities such as workshops, work activity, and occupational improvement programs. Students learn the basic academics (including reading and math), health and safety. Dependent upon the type of facility a student attends, and whether it is a day or evening program, additional curriculum may include: job search skills, job retention, basic sign language, training in interpersonal relationships and socialization, leisure and recreational activities, critical living skills, and work skills in janitorial and light clerical jobs. May be repeated. 4930.31

DRAFTING (DRAFT)

20 Computer-Aided Drafting and Design (4) (CSU) [Cx]
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Advisory: Completion of Computer Information Systems 4 or Windows experience.
Prerequisite: Drafting 20.
Use and care of equipment; freehand lettering, geometric construction, orthographic projection, dimensioning, isometric, oblique drawing, sectioning practices, single auxiliary views, and decimal dimension. Assignments may be completed on the CAD system. May be taken four times. 0953.00

21 Mechanical Design I (3) (CSU) [Cx]
Hours: 16-18 lecture; 96-108 laboratory.
Grading: Letter grade only.
Prerequisite: Drafting 20 or one year of high school drafting using AutoCAD.
Use and care of equipment; freehand lettering, geometric construction, orthographic projection, dimensioning, isometric, oblique drawing, sectioning practices, single auxiliary views, and decimal dimension. Assignments may be completed on the CAD system.

41 Computer-Aided Drafting and Design: Mechanical (4) (CSU) [Cx]
Hours: 32-36 lecture; 96-108 laboratory.
Grading: Letter grade only.
Prerequisite: Drafting 20.
Advanced drawing techniques using the computer, with focus on mechanical applications. Emphasis on the creation of symbol libraries, bills of material, customizing menus, and other advanced topics. Use of paper and model space, referencing other drawings into an existing drawing, sheet sets, and advanced plotting techniques. Introduction to 3-dimensional CAD applications, and to other CAD software programs and applications. May be taken four times. 0953.40

43 Three-Dimensional Computer Modeling and Solids Modeling (3) (CSU) [Cx]
Hours: 32-36 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Drafting 20.
Advanced concepts and development of three-dimensional visualization skills. Drawing techniques for solid modeling and solid assembly modeling, using a CAD solid modeling program. Technique for changing a three-dimensional solid model drawing into an industrial standard orthographic projection drawing. May be taken three times. 0953.00
50 Architectural Design I (3) (Cx)
(CSU)

Hours: 32-36 lecture; 48-54 laboratory
Grading: Letter grade only.
Prerequisite: Drafting 20 or one year of high school drafting.
Theory and methods of architectural drawings, incorporating the fundamentals of good residential design. Topics include: line conventions, projection representation, dimensions, layout and traffic pattern accommodation, and the impact of building codes and UBC and FHA regulations. Student drawings will reflect the integration of topics concepts and the various plans needed for a complete set of working drawings, including a plot plan, foundation plan, floor plan, sections, details, and stairs. 0953.10

51 Architectural Design II (3) (Cx)
(CSU)

Hours: 32-36 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Drafting 50.
Design issues associated with more complex buildings and settings, including the impact of zoning, local codes, and challenging sites. Topics include: multiple story structures, split levels, complicated roof and foundation design, exterior embellishments, Title 24 and AHEADA compliance issues, heat loss and gain, energy costs calculation, and environmental impact. Students' projects include presentation elevation perspectives and model construction for design study, presentation, and promotion. 0953.10

78 Advanced Design Applications (4) [Cx]
(CSU)

Hours: 32-36 lecture; 96-108 laboratory.
Grading: Letter grade only.
Prerequisite: Drafting 20 and 51.
The use of computer-aided drafting software for architectural plans, including site plans, floor plans, elevations, construction details and other drawings as needed. Techniques in creative symbol libraries will be explored. May be taken three times. 0953.10

92A-H Special Topics: Drafting (.5-6)
(CSU)

Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Prerequisite: Drafting 22, or Engineering Technology 10, or four years of high school drafting.
Selected topics for students who wish to gain in-depth knowledge in specific areas of drafting. Topics will be determined after consultation with an instructor. May be taken four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated. 0953.00

92L Special Topics Laboratory: Drafting (.5-6)
(CSU)

Hours: 48-54 laboratory hours per unit of credit.
Grading: Letter grade only.
Selected laboratory topics for students who wish to gain in-depth knowledge in specific areas of drafting. Topics will be determined after consultation with an instructor. May be taken four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated. 0953.00

452 Light Commercial Construction Design (3)
(Degree-applicable)

Hours: 32-36 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Drafting 51.
Design and detailing of small business and manufacturing buildings. Emphasis on building codes, materials, layout, and functional equipment. Particular attention will be paid to environmental design. 0953.10

Drama
(SEE THEATRE ARTS)

Earth Science (ESC)
(SEE ALSO GEOLOGY)

1 Earth Science (3)
(CSU; UC)

Hours: 48-54 lecture.
Grading: Letter grade only.
Geology, oceanography, meteorology, and planetology aspects of the physical environment; designed for general education and earth science majors. 1930.00

5 Oceanography (3)
(CSU; UC)

Hours: 48-54 lecture.
Grading: Letter grade only.
Use of the tools and methods of science to image, measure and observe phenomenon in geology, oceanography, astronomy and meteorology. 1930.00

8 Meteorology (3) [Cx]
(CSU; UC)

Hours: 48-54 lecture.
Grading: Letter grade only.
Study of the atmosphere. Emphasis on origin, composition, structure, and heat flow within the atmosphere. Resulting weather phenomena and climatic patterns will be analyzed. Eight-hour field trip required in addition to normal class meetings. 1919.00

90A Earth Science Honors Seminar (1)
(CSU; UC credit limitations)

Hours: 16-18 lecture.
Grading: Letter grade only.
Honors component for Earth Science. Topics of interest are chosen by the instructor and students, and are presented in a seminar format. Prerequisites and/or corequisites are required. May be taken four times with change in topic emphasis. 1930.00

92A-H Special Topics: Earth Science (.5-6)
(CSU; UC credit limitations)

Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Special-interest course of varying length for students who wish further exploration in specific areas of earth science. Topics will be determined by the individual instructor. This course may be taken four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated. May require corequisites and/or prerequisites based on the content of the course. 1930.00
ECONOMICS (ECON)

1 Introduction to Economics (3) (CsU; UC credit limitations)
  Hours: 48-54 lecture.
  Grading: Letter grade only.
  Prerequisite: Eligibility for Mathematics 25 as determined by the Chaffey assessment process, or completion of Mathematics 425.
  Study of the principles of microeconomics. Dependence of the market institutions that form the basis of our national economy. How households decide what and how to produce.
  Topics include: competition; monopoly and near-monopoly markets; price discrimination and regulation; microeconomic foundations of the economy; labor markets; pricing policies and practices; effects of taxes on individuals and businesses; income distribution and poverty, poverty reduction programs, environmental economics; economics of race, gender, and culture; trade policies; and benefits derived from international trade. May be offered as an Honors course.

2 Principles of Macroeconomics (3) (CsU; UC)
  Hours: 48-54 lecture.
  Grading: Letter grade only.
  Prerequisite: Eligibility for Mathematics 25 as determined by the Chaffey assessment process, or completion of Mathematics 425.
  Study of the principles of macroeconomics. Emphasis on the U.S. economic system and institutions. Origins of the U.S. economic system and institutions. Brief survey of economic systems, including capitalism and socialism. Theories and policies concerning economic growth and development, business cycles, unemployment, full employment, inflation, taxation, deficits, the national debt, and public choice. Discussion of money, banking, interest rates, and international finance. Survey of competing economic views, including Classical, New Classical, Keynesian, post-Keynesian, and monetarist.

4 Principles of Microeconomics (3) (CsU; UC)
  Hours: 48-54 lecture.
  Grading: Letter grade only.
  Prerequisite: Eligibility for Mathematics 25 as determined by the Chaffey assessment process, or completion of Mathematics 425.
  Study of the principles of microeconomics. Origins of the market institutions that form the basis of our national economy. How households decide what and how to produce.
  Topics include: competition; monopoly and near-monopoly markets; price discrimination and regulation; microeconomic foundations of the economy; labor markets; pricing policies and practices; effects of taxes on individuals and businesses; income distribution and poverty, poverty reduction programs, environmental economics; economics of race, gender, and culture; trade policies; and benefits derived from international trade. May be offered as an Honors course.

8 History of Economic Ideas (3) (CsU; UC)
  Hours: 48-54 lecture.
  Grading: Letter grade only.
  Advisory: Completion of English 1A.
  Historical development of the institutions and ideas related to our present economic system emphasizing the writings of the “great economists”, including Smith, Ricardo, Marx, Marshall, Hayek, Robinson, Keynes, and Schumpeter. Students will critically examine a variety of schools of thought with the objective of improving their ability to think clearly and logically.

90A Economics Honors Seminar (1) (CsU; UC credit limitations)
  Hours: 16-18 lecture.
  Grading: Letter grade only.
  Limitation on Enrollment: Students must be concurrently enrolled in one of the corequisite courses or have completed one of the corequisite courses with an A or B grade in the immediately preceding term, and must also meet Honor’s eligibility criteria delineated in the schedule of classes.
  Corequisite: Economics 1, 2, 4, or 8 (may have been taken previously)
  Honors component for Economics 1, 2, 4, and 8. Topics of interest vary, are chosen by the instructor and students, and are presented in a seminar format with change in topic emphasis each term. May be taken four times with change in topic emphasis.

EDUCATION (ED)

10 Introduction to Education and Teaching I (3) (CsU; UC)
  Hours: 48-54 lecture.
  Grading: Letter grade only.
  Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450.
  Advisory: Completion of English 450 or English as a Second Language 450.
  Study of the principles of education, designed to augment the program curriculum or serve as useful preparation for students within the discipline. Topics vary and are determined by the instructor. Prerequisites and/or corequisites may be required, based on the scope and content of individual offerings. See the schedule of classes for current term emphases. May be taken four times, for a maximum of 12 units, in any unit combination, however no single-topic, special interest class may be repeated.

400 Introduction to Education and Teaching II (3) (Degree-applicable)
  Hours: 48-54 lecture.
  Grading: Letter grade only.
  Advisory: Completion of English 450 or English as a Second Language 450.
  Study of the principles of education, designed to augment the program curriculum or serve as useful preparation for students within the discipline. Topics vary and are determined by the instructor. Prerequisites and/or corequisites may be required, based on the scope and content of individual offerings. See the schedule of classes for current term emphases. May be taken four times, for a maximum of 12 units, in any unit combination, however no single-topic, special interest class may be repeated.

492A-H Special Topics: Education (.5-6) (Degree-applicable)
  Hours: 16-18 lecture hours per unit of credit.
  Grading: Letter grade only.
  Selected special lecture topics in the field of education, designed to augment the program curriculum or serve as useful preparation for students within the discipline. Topics vary and are determined by the instructor. Prerequisites and/or corequisites may be required, based on the scope and content of individual offerings. See the schedule of classes for current term emphases. May be taken four times, for a maximum of 12 units, in any unit combination, however no single-topic, special interest class may be repeated.

ELECTRICITY
  (SEE INDUSTRIAL ELECTRICAL TECHNOLOGY)

EMERGENCY MEDICAL TECHNICIAN (EMT)

405 First Responder for Emergency Medical Services (3) (Degree-applicable)
  Hours: 40-45 lecture; 24-27 laboratory.
  Grading: Letter grade only.
  Limitation on Enrollment: Student must be 18 years or older at the start of the course.
  Advisory: Students should possess good dexterity and physical condition, have the ability to lift and carry up to 150 pounds, and be able to work in confined spaces and different positions (e.g. on the ground or floor).
  Emergency Responder and CPR training for the professional rescuer, fulfilling California Code of Regulations Title 22 requirements. Emergency care knowledge and skills required for Emergency Medical Technicians, Professional and Volunteer Firefighters, and Peace Officers. Course meets the American Heart Association CPR pre-requisite and recommended preparation for admission to the EMT program, and is approved by the Inland County Emergency Medical Agency (ICEMA).

1250.00
410 Emergency Medical Technician (6.5) [Cx]  
(Degree-applicable)  
Hours: 80-90 lecture; 72-81 laboratory  
Grading: Letter grade only.  
Limitations on Enrollment: Student must be 18 years or older at the start of the course and possess a current American Heart Association Health Care Provider CPR card.  
Prerequisite: Emergency Medical Technician 405.  
Advisory: Students should possess good dexterity and have good physical condition with the ability to lift 150 pounds, and work in confined areas and in different positions (i.e. on the ground or floor).  
Students develop basic rescue skills needed for assessment, immediate treatment, and transport of urgently ill or injured clients, by identifying and addressing traumatic injuries, medical emergencies, and environmental hazards using rescue techniques and equipment. Emphasis on accurate evaluation and treatment of life-threatening conditions and development of appropriate client care strategies. This course prepares the student for National Registry and the Inland Counties Emergency Medical Agency (ICEMA) requirements and certifying exam. Twelve hours of an ambulance ride-along and twelve hours of observation in a hospital emergency room are required components of the course.  
Grading: Letter grade only.  
Hours: 32-36 lecture; 48-54 laboratory.  
(CSU; UC) 1250.00

415 Emergency Medical Technician Refresher (1) [Cx]  
(Degree-applicable)  
Hours: 8-9 lecture; 24-27 laboratory  
Grading: Letter grade only.  
Prerequisite: Emergency Medical Technician 410.  
Review of basic EMT material and update of new material and techniques. Meets State of California and Inland County’s Emergency Medical Agency (ICEMA) requirements for EMT-B re-certification continuing education units. Student who successfully completed a state approved EMT course or Chaffey’s EMT 410 may enroll in this refresher course regardless of whether they are currently working in professions that requires biannual updates.  
Grading: Letter grade only.  
Hours: 8-9 lecture; 24-27 laboratory.  
(CSU; UC) 1250.00

ENGINEERING (ENGIN)

11 Introduction to Engineering (2)  
(CSU; UC)  
Hours: 32-36 lecture  
Grading: Letter grade only.  
Introduction to the engineering profession. Exploration of the educational requirements for engineers and engineering programs available at four-year schools. Students examine the various engineering fields, along with the design standards, creativity, and professional ethics unique to the profession. Guest speakers and industry exposure provide first-hand accounts of the profession’s scope and responsibilities.  
Grading: Letter grade only.  
Hours: 32-36 lecture.  
(CSU; UC) 0901.00

26 Engineering Graphics and CAD (3) [Cx]  
(CSU; UC)  
Hours: 32-36 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Prerequisite: Mathematics 430 or Drafting 21.  
Principles of orthographic projection, pictorial views, sections and auxiliary views, dimensioning, and the four fundamental views of description geometry. Emphasis on graphic communication used for manufacturing, construction, and product design for parts and assemblies. The use of CAD is incorporated to assist in the solving of industry-related problems.  
Grading: Letter grade only.  
Hours: 32-36 lecture; 48-54 laboratory.  
(CSU; UC) 0901.00

30 Engineering Application of Digital Computation (3)  
(CSU; UC)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Mathematics 65A.  
Structured programming concepts applied to engineering problem types, such as center of mass, ballistics, column buckling, design, and reduction of experimental data. Structured approach used, with applications to flow charts and computer programming. Mathematical techniques include iterative solution, bisection, Raphson-Newton, statistics, and matrix operations. Computer techniques include formatted input and output, selection, loops, functions, pointers, arrays, and characters.  
Grading: Letter grade only.  
Hours: 32-36 lecture; 48-54 laboratory.  
(CSU; UC) 0901.00

50 Engineering Statics (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Physics 45 and Mathematics 65A.  
Vector treatment of statics of Particles and Rigid Bodies. Free body diagrams application to problems of Equilibrium (two and three dimensions) with systems of forces in trusses, frames and machines. Principles of Friction, Distributed Forces, Centroid and Centers of Gravity, Moments of Inertia for area and mass, and Shear and Bending Moment.  
Grading: Letter grade only.  
Hours: 48-54 lecture.  
(CSU; UC) 0901.00

52 Engineering Dynamics (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Engineering 50 and Mathematics 65B.  
Kinematics and kinetics of particles, systems of particles, and rigid bodies from a Newtonian viewpoint. Force-acceleration, work-energy, and impulse-momentum principles. Planar kinematics and kinetics of rigid bodies. Introduction to mechanical vibration. Vector mathematics where appropriate.  
Grading: Letter grade only.  
Hours: 48-54 lecture.  
(CSU; UC) 0901.00

60 Materials of Engineering (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Chemistry 21, 21L1, and 21L2.  
Properties of materials as they relate to atomic and crystal structure. Topics include atomic structure and bonding; crystalline structures; phases and phase diagrams; metals, polymers, ceramics, and composites; mechanical deformation and fracture; electrical, magnetic, and optical properties; corrosion; and process methods.  
Grading: Letter grade only.  
Hours: 48-54 lecture.  
(CSU; UC) 0901.00

71 Circuit Analysis (4)  
(CSU; UC credit pending)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Physics 46 and Mathematics 65B.  
Modeling and analysis of electrical networks. Basic network theorems. Sinusoidal steady state and transient analysis of RLC network. Response as a function of frequency. Current, voltage, and power relationships. Laboratory investigation of Ohm’s Law; voltage and current division; mesh and nodal analysis; Thévenin and Norton equivalents; superposition; simple PL, RC, and RLC circuits; and phasors. Use of voltmeters, ammeters, ohmmeters and oscilloscopes.  
Grading: Letter grade only.  
Hours: 48-54 lecture; 48-54 laboratory.  
(CSU; UC credit pending) 0901.00

492A-H Special Topics: Engineering (S-6)  
(Degree-applicable)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Pursues certain specializations in engineering. See class schedule for the current topic. May be taken four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated.  
Grading: Letter grade only.  
Hours: 16-18 lecture hours per unit of credit.  
(Degree-applicable) 0901.00

ENGINEERING TECHNOLOGY (EGTECH)

10 Introduction to Engineering Design (4) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Mathematics 430.  
Survey of the design process as applied to engineering and related fields, with emphasis on 3-D computer modeling software used in industry. Additional topics include design sketching, visualization, geometric relationships, assembly modeling, and model documentation.  
Grading: Letter grade only.  
Hours: 48-54 lecture; 48-54 laboratory.  
(CSU; UC) 0924.00

12 Principles of Engineering (4) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Mathematics 425.  
Exploration of technology systems and engineering processes that demonstrate the benefits of math, science, and technology. Topics include the design process, communication and documentation, engineering systems, statistics, properties of materials, quality assurance, materials testing, and engineering for reliability.  
Grading: Letter grade only.  
Hours: 48-54 lecture; 48-54 laboratory.  
(CSU; UC) 0924.00
### 14 Electronics for Engineering Technologists I (3)

**Course Description:**
Introduction to the application of electronics in engineering technology. Course covers DC circuit theory, including system of units, resistive circuits, inductors, capacitors, impendence, and Ohm’s Law. Emphasis is on the application of Kirchhoff’s Laws and Thhevenin’s and Norton’s Theorems to DC circuits, mesh and nodal analysis, RL and RC transients, and Maximum Power Transfer.

**Prerequisite:** Engineering Technology 10, or one year of high school CAD/Engineering courses using feature-based modeling software such as AutoDesk Inventor or SolidWorks, or demonstrated performance with feature-based modeling software. 

**Hours:** 32-36 lecture; 48-54 laboratory.
**Grading:** Letter grade only.

### 15 Electronics for Engineering Technologists II (3)

**Course Description:**
An overview of automated manufacturing concepts using designs created with industry standard modeling software, material removal manufacturing processes, machine tool operations, industrial practices, tool motion, CNC programming, simulations, and prototyping. Physical examples of designs using computer-based numerically controlled (CNC) machine tools are produced.

**Prerequisite:** Engineering Technology 10, or one year of high school CAD/Engineering courses using feature-based modeling software such as AutoDesk Inventor or SolidWorks, or demonstrated performance with feature-based modeling software.

**Hours:** 32-36 lecture; 48-54 laboratory.
**Grading:** Letter grade only.

### 16 Computer Integrated Manufacturing – CNC Material Removal (3)

**Course Description:**
Survey of poetry written in English from the Middle Ages through the present day. Students master the fundamentals of editorial evaluation and selection, copyediting, and proofreading. Classroom study and practice of expository and argumentative writing techniques and the frequent writing of compositions with the ultimate goal of a research project. A minimum of 6,000 written words is expected over the course of the term. Three hours of supplemental learning in a Success Center that supports this course is required. Designed to prepare the student for satisfactory college writing. May be offered as an Honors course.

**Prerequisite:** Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.

**Hours:** 32-36 lecture; 48-54 laboratory.
**Grading:** Letter grade only.

### 1A Composition (3)

**Course Description:**
Careful study and practice of expository and argumentative writing techniques and the frequent writing of compositions with the ultimate goal of a research project. A minimum of 6,000 written words is expected over the course of the term. Three hours of supplemental learning in a Success Center that supports this course is required. Designed to prepare the student for satisfactory college writing. May be offered as an Honors course.

**Prerequisite:** Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.

**Hours:** 48-54 lecture.
**Grading:** Letter grade only.

### 1B Advanced Composition and Critical Thinking (3)

**Course Description:**
Using primarily non-fiction reading models, students emulate and incorporate various rhetorical strategies in the development of written analysis and researched argumentation. Focus on logical analysis and effective reasoning (e.g., inductive and deductive), establishing credibility, and emotional appeals to develop persuasive arguments. Course is writing intensive with a minimum production requirement of 6,000 words. May be offered as an Honors course.

**Prerequisite:** Eligibility for English 1A as determined by the Chaffey assessment process.

**Hours:** 48-54 lecture.
**Grading:** Letter grade only.

### 1C Introduction to Literature (3)

**Course Description:**
Foundation course in the study of literature introduces the central literary genres: novel, short story, poem, and play. Close reading of the literature guides inexperienced readers toward greater understanding and appreciation of imaginative literature, and provides more experienced readers with new perspectives through the analysis of the techniques and purposes of specific writers. Students are taught how to organize and compose the literary essay. May be offered as an Honors course.

**Prerequisite:** English 1A.

**Hours:** 48-54 lecture.
**Grading:** Letter grade only.

### 2A Introduction to Literature (3)

**Course Description:**
Introduces students to the techniques of analysis. Special attention is given to poetic voice, syntax, figures of speech, sonics, and form. NOTE: English 33 is not a creative writing course for creative nonfiction such as memoirs, personal essays, review, profiles, nature articles, and reportage. Students create essays, analyze and respond to student and professional writing, craft works intended for publication, and research potential markets for submission.

**Advisory:** Completion of English 1A.

**Hours:** 48-54 lecture.
**Grading:** Letter grade only.

### 3A Introduction to Poetry (3)

**Course Description:**
Careful study and practice of expository and argumentative writing techniques and the frequent writing of compositions with the ultimate goal of a research project. A minimum of 6,000 written words is expected over the course of the term. Three hours of supplemental learning in a Success Center that supports this course is required. Designed to prepare the student for satisfactory college writing. May be offered as an Honors course.

**Prerequisite:** Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.

**Hours:** 32-36 lecture; 48-54 laboratory.
**Grading:** Letter grade only.

### 3B Creative Writing: Fiction (3)

**Course Description:**
Seminar in fiction writing, focused on longer works. Students study the underlying principles of this form of literature; write longer and more developed short stories, novellas, or several chapters of a novel; analyze and critique each other’s work;edit/revise/rewrite to ready for publication; and research potential markets for submission.

**Prerequisite:** Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.

**Hours:** 48-54 lecture.
**Grading:** Letter grade only.

### 3C Creative Writing: Poetry (3)

**Course Description:**
Writing seminar focusing on analysis of methods, forms, and meanings of poetry with emphasis on the elements of figurative language, sound, rhythm, and tone. Students develop critical standards for judging the worth of a poem, give their critical estimates of professional and student work, and write their own poetry. Course in creative nonfiction writing. Review of the principles employed in writing creative nonfiction such as memoirs, personal essays, review, profiles, nature articles, and reportage. Students create essays, analyze and respond to student and professional writing, craft works intended for publication, and research potential markets for submission.

**Prerequisite:** Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.

**Hours:** 48-54 lecture.
**Grading:** Letter grade only.

### 3D Creative Writing: Nonfiction (3)

**Course Description:**
Course in creative nonfiction writing. Review of the principles employed in writing creative nonfiction such as memoirs, personal essays, review, profiles, nature articles, and reportage. Students create essays, analyze and respond to student and professional writing, craft works intended for publication, and research potential markets for submission.

**Prerequisite:** Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.

**Hours:** 48-54 lecture.
**Grading:** Letter grade only.

### 3E Creative Writing: Short Fiction (3)

**Course Description:**
Seminar in short fiction writing. Students study the underlying principles of this form of literature; write shorter and more developed short stories, novellas, or several chapters of a novel; analyze and critique each other’s work; edit/revise/rewrite to ready for publication; and research potential markets for submission.

**Prerequisite:** Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.

**Hours:** 48-54 lecture.
**Grading:** Letter grade only.

### 3F Creative Writing: Fiction (3)

**Course Description:**
Seminar in fiction writing, focused on longer works. Students study the underlying principles of this form of literature; write longer and more developed short stories, novellas, or several chapters of a novel; analyze and critique each other’s work; edit/revise/rewrite to ready for publication; and research potential markets for submission.

**Prerequisite:** Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.

**Hours:** 48-54 lecture.
**Grading:** Letter grade only.

### 3G Creative Writing: Poetry (3)

**Course Description:**
Writing seminar focusing on analysis of methods, forms, and meanings of poetry with emphasis on the elements of figurative language, sound, rhythm, and tone. Students develop critical standards for judging the worth of a poem, give their critical estimates of professional and student work, and write their own poetry. Course in creative nonfiction writing. Review of the principles employed in writing creative nonfiction such as memoirs, personal essays, review, profiles, nature articles, and reportage. Students create essays, analyze and respond to student and professional writing, craft works intended for publication, and research potential markets for submission.

**Prerequisite:** Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.

**Hours:** 48-54 lecture.
**Grading:** Letter grade only.

### 3H Creative Writing: Nonfiction (3)

**Course Description:**
Course in creative nonfiction writing. Review of the principles employed in writing creative nonfiction such as memoirs, personal essays, review, profiles, nature articles, and reportage. Students create essays, analyze and respond to student and professional writing, craft works intended for publication, and research potential markets for submission.

**Prerequisite:** Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.

**Hours:** 48-54 lecture.
**Grading:** Letter grade only.

### 3I Creative Writing: Fiction (3)

**Course Description:**
Seminar in fiction writing, focused on longer works. Students study the underlying principles of this form of literature; write longer and more developed short stories, novellas, or several chapters of a novel; analyze and critique each other’s work; edit/revise/rewrite to ready for publication; and research potential markets for submission.

**Prerequisite:** Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.

**Hours:** 48-54 lecture.
**Grading:** Letter grade only.

### 3J Creative Writing: Poetry (3)

**Course Description:**
Writing seminar focusing on analysis of methods, forms, and meanings of poetry with emphasis on the elements of figurative language, sound, rhythm, and tone. Students develop critical standards for judging the worth of a poem, give their critical estimates of professional and student work, and write their own poetry. Course in creative nonfiction writing. Review of the principles employed in writing creative nonfiction such as memoirs, personal essays, review, profiles, nature articles, and reportage. Students create essays, analyze and respond to student and professional writing, craft works intended for publication, and research potential markets for submission.

**Prerequisite:** Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.

**Hours:** 48-54 lecture.
**Grading:** Letter grade only.
68 Mythology (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of English 1A.  
Major myths, especially in relation to the culture in which they arose, with a special emphasis on Greek myths. Broad comparison of the myths of many cultures and their influence on subsequent literature.  
1503.00

70A World Literature (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
Chronological survey of significant authors and texts of world literature from earliest times through the mid-1800s. Extensive reading and discussion of works reflecting the diversity of thought in the world. Examination of the relationship between historical events and literary works, and the impact of works on their age and ensuing eras. Strong writing component with emphasis on textual analysis.  
1503.00

70B World Literature (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
Chronological survey of significant authors and texts of world literature from the mid-1800s through the twentieth century. Extensive reading and discussion of works reflecting diverse cultural viewpoints. Examination of the relationship between historical events and literary works, and the impact of works upon their age and ensuing eras. Strong writing component with emphasis on textual analysis.  
1503.00

71 Folklore (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
Introduction to Folklore and analysis of its various forms: myths, legends, fairy tales, fables, epics, and tall tales. Course consists of close reading of selected works and discussion of criteria for assessing the literary value of these stories and determining their significance as the primary source of themes, motifs, metaphors, and allusions that are encountered throughout literature.  
1503.00

74 Asian-American Literature (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
1503.00

75A American Literature (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
Chronological survey of significant authors and texts of American literature from the colonial period to the 1860s. Extensive reading and discussion of works reflecting the diversity of the United States. Examination of the relationship between historical events and literary works. Strong writing component with emphasis on textual analysis.  
1503.00

75B American Literature (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
Chronological survey of significant authors and texts of American literature from the 1860s to the present. Extensive reading and discussion of works reflecting the diversity of the United States. Examination of the relationship between historical events and literary works. Strong writing component with emphasis on textual analysis.  
1503.00

76 African-American Literature (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of English 1A.  
1503.00

77 Latino Literature (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of English 1A.  
Introductory analysis of Latino literature written in English. Investigation of literary modes including drama, poetry, essays, short stories, and the novel. Identification and analysis of recurring themes, gender portrayals, writing styles, and topics associated with Latino writers. Evaluation of the social, cultural, and political influence of Latino writers on the United States, as well as the impact of the dominant U.S. society in Latino writing during the twentieth and into the twenty-first centuries.  
1503.00

79 Native American Literatures (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of English 1A.  
Introductory analysis of the literary, social, and cultural aspects of novels, short stories, essays, and poetry reflecting Native American societies. Contributions of Native Americans to literature and how they use the various literary forms to express their worldviews and cultures. Relationship to Western culture, including cultural norms and the changing view of the Indians of yesterday and today.  
1503.00

80A Survey of British Literature (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
Chronological survey of major authors and texts of British literature from the Old English to the Neoclassic periods. Extensive reading and discussion of works. Examination of the relationship between historical events and literary works. Strong writing component with emphasis on textual analysis.  
1503.00

80B Survey of British Literature (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
Chronological survey of major authors and texts of British literature from the Romantic period to the present. Extensive reading and discussion of works. Examination of the relationship between historical events and literary works. Strong writing component with emphasis on textual analysis.  
1503.00

81 Shakespeare (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
Advisory: Completion of English 1A and 80A.  
Intensive reading, along with oral and written discussion, of a selected group of Shakespearean plays.  
1503.00

92A-H Special Topics: Literature (.5-6)  
(CSU; UC credit limitations)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special interest class of varying length for students who seek further development in specific areas of literature and criticism. Wide variety of topics offered, with particular emphasis left up to the instructor. See class schedule for emphasis. May by taken four times, however, no single-subject, special interest class may be repeated.  
1501.00
COURSE DESCRIPTIONS

98A, B, C Independent Study: Literature (1, 2, or 3)
(CSU and UC credit limitations)
Grading: Letter grade only.
Limitation on Enrollment: Instructor signature is required for registration.

450 Fundamentals of Composition (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for English 450 as determined by the Chaffey assessment process, or completion of English 550 or Business and Office Technologies 455.
Careful study and practice of expository writing techniques and the frequent writing of integrated paragraphs and essays, with the ultimate goal of writing an essay using sources. Prepares the student for English 1A. Three hours of supplemental learning in a Success Center that supports this course is required. NOTE: Students who have successfully completed English as a Second Language 450 may not take English 450.

500 Preparation for College Writing (3)
(Non-degree-applicable)
Hours: 48-54 lecture.
Grading: Pass/No Pass grade only.
Prerequisite: Eligibility for English 500 as determined by the Chaffey assessment process.
Introduces the entry-level writer to elements of the composing process (prewriting, drafting, revising, and editing). Focuses on composition development through writing, reading, and critical thinking. Includes strategies for improving study and college success. Four hours of supplemental learning in a Success Center that supports this course is required.

550 Introduction to College Writing (3)
(Non-degree-applicable)
Hours: 48-54 lecture.
Grading: Pass/No Pass grade only.
Prerequisite: Eligibility for English 550 as determined by the Chaffey assessment process, or completion of English 500.
Prepares the inexperienced writer for college level academic writing by focusing on critical thinking, reading, writing, and study skills necessary to succeed at the academic level. Four hours of supplemental learning in a Success Center that supports this course is required.

503 ESL Learning to Earn (3)
(Non-degree-applicable)
Hours: 48-54 lecture.
Grading: Pass/No Pass grade only.
Prerequisite: Placement recommendation at English as a Second Language 534, 536 or 538 or higher by the ESL assessment test, or satisfactory completion of English as a Second Language 641.
Prepares ESL students for employment, career ladders and academic success by improving language skills, practicing job-specific situations and expanding vocabulary. Topics include: career options, interviewing, cultural norms and work industry standards. Focus is on conversation practice, grammar, reading, writing, and problem solving. Ten hours of supplemental learning in a Success Center that supports this course is required.

506 Computer-Based Multiple Skills English (3)
(Non-degree-applicable)
Hours: 48-54 lecture.
Grading: Pass/No Pass grade only.
Prerequisite: Placement recommendation into English as a Second Language 534, 536, or 538 or higher level course by the ESL assessment test, or satisfactory completion English as a Second Language 641.
A multimedia-enriched computer course designed to improve reading, listening comprehension, speaking, and writing production. The course provides students with the basic computer literacy needed for success in English as a Second Language and English writing courses, or beginning Computer Information Systems courses. Designed for the non-native speaker of English.

508 Pronunciation of American English (3)
(Non-degree-applicable)
Hours: 48-54 lecture.
Grading: Pass/No Pass grade only.
Prerequisite: Placement recommendation into English as a Second Language 544, 546, or 548 or higher level course by the ESL assessment test, or satisfactory completion of English as a Second Language 534, 536, or 538.
Intensive instruction in the oral production of American English, targeted to intermediate and advanced ESL students. Focus on speaking and pronunciation skills to improve fluency and minimize accent impact imparted by the speaker’s native language. Topics include: sound systems of consonants and vowels, pitch and intonation patterns, rhythm and phrasing, and sound reductions. Eight hours of supplemental learning in a Success Center that supports this course is required.

534 Intermediate Oral Communication (3)
(Non-degree-applicable)
Hours: 48-54 lecture.
Grading: Pass/No Pass grade only.
Prerequisite: Placement recommendation by the ESL assessment test, or satisfactory completion of ESL-641.
A conversational approach to learning English. Conversation skills and language used in reading, listening, writing, and grammar form. Course builds fluency and comprehension. Eight hours of supplemental learning in a Success Center that supports this course is required.

536 Intermediate Reading Skills (3)
(Non-degree-applicable)
Hours: 48-54 lecture.
Grading: Pass/No Pass grade only.
Prerequisite: Placement recommendation by the ESL assessment test, or satisfactory completion of ESL-641.
An intermediate level reading course. Emphasis is on reading in class, vocabulary development, general comprehension, reading for details, fact versus opinion, and reading speed.

538 Intermediate Writing and Grammar (3)
(Non-degree-applicable)
Hours: 48-54 lecture.
Grading: Pass/No Pass grade only.
Prerequisite: Placement recommendation by the ESL assessment test, or satisfactory completion of ESL-641.
An intermediate level writing and grammar course. Focus is on improving written grammar and fluency. Skills emphasis: tenses, mechanics, sentence structures, transitions, and basic paragraph structure. Eight hours of supplemental learning in a Success Center that supports this course is required.

ENGLISH AS A SECOND LANGUAGE (ESL)

450 Fundamentals of Composition for ESL Students (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Placement recommendation by the ESL assessment test, or satisfactory completion of English as a Second Language 556 or 558.
Corequisite: English as a Second Language 452 with the same instructor.
Careful study and practice of expository writing techniques and the frequent writing of compositions, with the ultimate goal of writing the total essay. Prepares the student for English 1A and other degree-applicable coursework. NOTE: Students who have successfully completed English 450 may not take English as a Second Language 450.

452 Fundamentals of Composition Lab for ESL Students - Level 7 (.75)
(Degree-applicable)
Hours: 32-36 laboratory.
Grading: Pass/No Pass grade only.
Corequisite: English as a Second Language 450 with the same instructor.
Required laboratory providing additional scheduled hours of instructor assistance with English as a Second Language writing assignments. Focus is on practicing and reinforcing lecture material as well as self-editing and revision exercises.
544 High-Intermediate Oral Communication (3)  
*(Non-degree-applicable)*  
Hours: 48-54 lecture.  
Grading: Pass/No Pass grade only.  
Prerequisite: Placement recommendation by the ESL assessment test, or satisfactory completion of ESL-534.  
A communicative approach to learning English. Conversation strategies, pronunciation work, and directed listening activities help build strong fluency and comprehension. Eight hours of supplemental learning in a Success Center that supports this course is required.  
4930.86

546 High-Intermediate Reading Skills (3)  
*(Non-degree-applicable)*  
Hours: 48-54 lecture.  
Grading: Pass/No Pass grade only.  
Prerequisite: Placement recommendation by the ESL assessment test, or satisfactory completion of ESL-536.  
A high-intermediate reading course. Emphasis is on independent reading, vocabulary enrichment and development, morphology, comprehension, reading for details, and critical thinking.  
4930.85

548 High-Intermediate Writing and Grammar (3)  
*(Non-degree-applicable)*  
Hours: 48-54 lecture.  
Grading: Pass/No Pass grade only.  
Prerequisite: Placement recommendation by the ESL assessment test, or satisfactory completion of ESL-538.  
A high-intermediate writing and grammar course. Focus moves the writer away from personal to academic writing. Emphasis: syntax, mechanics, usage, sentence types, paragraphs, purpose, and audience. Eight hours of supplemental learning in a Success Center that supports this course is required.  
4930.84

554 Advanced Oral Communication (3)  
*(Non-degree-applicable)*  
Hours: 48-54 lecture.  
Grading: Pass/No Pass grade only.  
Prerequisite: Placement recommendation by the ESL assessment test, or satisfactory completion of ESL-544.  
A communicative approach to advanced spoken English. Conversational tactics, presentation strategies, and debating skills help build strong fluency and comprehension of academic topics. Prepares students for degree-applicable courses. Eight hours of supplemental learning in a Success Center that supports this course is required.  
4930.86

556 Advanced Reading (3)  
*(Non-degree-applicable)*  
Hours: 48-54 lecture.  
Grading: Pass/No Pass grade only.  
Prerequisite: Placement recommendation by the ESL assessment test, or satisfactory completion of ESL-546.  
An advanced reading course. Focus: improve reading efficiency by expanding vocabulary, comprehension, critical thinking, and study skills. Students practice and develop whole language and critical thinking skills. Prepares students for degree-applicable courses.  
4930.85

558 Advanced Writing and Grammar (3)  
*(Non-degree-applicable)*  
Hours: 48-54 lecture.  
Grading: Pass/No Pass grade only.  
Prerequisite: Placement recommendation by the ESL assessment test, or satisfactory completion of ESL-548.  
An advanced writing course. Focus: paragraph development and expository writing, including basic essays. Skills emphasis: audience, purpose, point of view, advanced syntax, tone, and rhetorical modes. Prepares students for degree-applicable courses. Eight hours of supplemental learning in a Success Center that supports this course is required.  
4930.84

592A-H Special Topics Lecture: English as a Second Language (.5-6)  
*(Non-degree-applicable)*  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Pass/No Pass grade only.  
Special-interest lecture course offering specializations in basic language acquisition skills. Topics are determined by the individual instructor and cover a range of subject areas relevant to the field of English as a Second Language. Refer to instructor syllabus and class schedule for current term emphasis and requirements. May be taken four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated. May have a recommended preparation, or require prerequisites and/or corequisites, based on the content of the course.  
4930.87

592LA-H Special Topics Laboratory: English as a Second Language (5-6)  
*(Non-degree-applicable)*  
Hours: 48-54 hours/term self-paced laboratory for each unit of credit.  
Grading: Pass/No Pass grade only.  
Special-interest laboratory course offering specializations in basic language acquisition skills. Topics are determined by the individual instructor and cover a range of subject areas relevant to the field of English as a Second Language. Refer to instructor syllabus and class schedule for current term emphasis and requirements. May be taken four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated. May have a recommended preparation, or require prerequisites and/or corequisites, based on the content of the course.  
4930.87

604 Literacy-Level English (0)  
*(Non-credit)*  
Hours: 48-54 lecture.  
Grading: Pass/No Pass grade only.  
Prerequisite: Placement recommendation by the Chaffey ESL assessment test.  
Beginning course in English as a Second Language that focuses on survival English skills and introduces the student to the structure of the American classroom. Emphasis is on basic vocabulary and deducting meaning from the written and spoken word. This course – in conjunction with ESL-641 - prepares students for English as a Second Language credit courses. Ten hours of supplemental learning in a Success Center that supports this course is required. May be taken twice.  
4930.87

641 Everyday English (0)  
*(Non-credit)*  
Hours: 48-54 lecture.  
Grading: Pass/No Pass grade only.  
Prerequisite: Placement recommendation by the Chaffey ESL assessment test, or completion of English as a Second Language 640.  
Multi-level course (high-beginning to intermediate) in English as a Second Language that focuses on the use of English language skills in everyday contexts. Emphasis on vocabulary development, listening comprehension, pronunciation, oral practice, and basic reading and writing. This course - in conjunction with ESL-640 - prepares students for English as a Second Language credit courses. Ten hours of supplemental learning in a Success Center that supports this course is required. May be taken twice.  
4930.87

650 English and Citizenship (0)  
*(Non-credit)*  
Hours: 48-54 lecture.  
Grading: Pass/No Pass grade only.  
Prerequisite: Placement recommendation at English as a Second Language credit courses. Ten hours of supplemental learning in a Success Center that supports this course is required. May be taken twice.  
4930.87

692A-H Special Topics Lecture: English as a Second Language .(5-6)  
*(Non-degree-applicable)*  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Special-interest lecture course offering specializations in basic language acquisition skills. Topics are determined by the individual instructor and cover a range of subject areas relevant to the field of English as a Second Language. Refer to instructor syllabus and class schedule for current term emphasis and requirements. May be taken four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated. May have a recommended preparation, or require prerequisites and/or corequisites, based on the content of the course.  
4930.87

692A-H Special Topics Laboratory: English as a Second Language (.5-6)  
*(Non-degree-applicable)*  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Special-interest laboratory course offering specializations in basic language acquisition skills. Topics are determined by the individual instructor and cover a range of subject areas relevant to the field of English as a Second Language. Refer to instructor syllabus and class schedule for current term emphasis and requirements. May be taken four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated. May have a recommended preparation, or require prerequisites and/or corequisites, based on the content of the course.  
4930.87

**FASHION DESIGN (FASHD)**

16 Principles of Costume Design and Production (3)  
*(Also available as Theatre Arts 16)*  
*(CSU)*  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Business and technical aspects of the theatrical costume design process. Topics include: research, design, sourcing of materials, budgets, and working relationships between the designer, director, and the entire production team.  
1303.00

20 History of Fashion (3)  
*(Cx)*  
*(CSU)*  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Origin and evolution of apparel styles through history, from Egyptian to contemporary periods. Sociological, economic, political, and physical factors affecting apparel choices through the centuries. Trends of recurring styles throughout the fashion cycle.  
1303.00
40 Beginning Clothing Construction (2) (Cx)
(CSU)
Hours: 16-18 lecture; 48-54 laboratory.
Grading: Letter grade only.
Principles and techniques for developing fundamental skills in clothing construction using woven fabrics. May be taken three times. 1303.10

42 Advanced Clothing Construction (2)
(CSU)
Hours: 16-18 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Fashion Design 40.
Techniques of couture sewing, tailoring, and the handling of specialty fabrics. May be taken three times. 1303.10

45 Basic Design and Creativity (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Identification and utilization of the elements and principles of design common to fashion design, while encompassing all arts including painting, sculpture, interiors, and architecture. Emphasis on creative expression through utilization of good design principles and elements. 1303.10

51 Pattern Drafting I (3) [Cx]
(CSU)
Hours: 32-36 lecture; 48-54 laboratory.
Grading: Letter grade only.
Corequisite: Fashion Design 40 (may be taken previously).
Theory and practice in developing flat patterns for apparel utilizing industry standards and full-scale blocks. Garments, photos and illustrations are analyzed for design and translated to paper patterns, then sewn in muslin to test for design replication, garment fit and pattern accuracy. 1303.10

61 Pattern Drafting I (3) [Cx]
(CSU)
Hours: 16-18 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Fashion Design 40.
Introduction to fashion sketching, leading to more advanced fashion figure drawing and descriptive rendering for fashion designers, illustrators, and merchandisers. Development of original designs and the uses of techniques of drawing for retail and fashion advertising. May be taken twice. 1303.00

65 Fashion Illustration (2) [Cx]
(CSU)
Hours: 16-18 lecture; 48-54 laboratory.
Grading: Letter grade only.
Beginning study of computer applications in patternmaking, including terminology and operation of the software programs. Topics include: master pattern creation, flat-pattern manipulation, pattern grading sizing, pattern file storage, and reports to apparel contractors and managers. Use of pattern technologies current to the industry to produce preproduction and production documents. May be taken twice. 1303.30

72 Fashion Draping (2)
(CSU)
Hours: 16-18 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Fashion Design 40.
Advisory: Completion of Fashion Design 61.
Three dimensional draping in muslin and translation of the drape to a hard pattern. 1303.10

415 Textile Surface Design (2)
(Degree-applicable)
Hours: 16-18 lecture; 48-54 laboratory.
Grading: Letter grade only.
Embellishment, enhancement, and alterations of existing textile surfaces for incorporation into the design and construction of ready-to-wear apparel and accessories. 1303.10

421 Cultures and World Fashion (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
World survey of ethnic clothing as it relates to the social, political, economic, and religious contexts of use in its country of origin. Contemporary applications of ethnic dress as a design source in today's fashion apparel. 1303.00

428 Computer-Aided Fashion and Costume Design (2)
(Degree-applicable)
Hours: 16-18 lecture; 48-54 laboratory.
Grading: Letter grade only.
Advisory: Basic computer skills are recommended.
Introductionary course using computer-assisted fashion design software to create flat sketches, colorize designs, assemble story boards, design textiles, and compute cost and specification sheets. Adobe Illustrator is the primary software vehicle for these processes, with ancillary CAD programs including SnapFashun. Scanning techniques and the effective use of program features to created and alter shapes, manipulate text, and create cost estimates are emphasized. May be taken twice. 1303.10

442 Industrial Sewing (2)
(Degree-applicable)
Hours: 16-18 lecture; 48-54 laboratory.
Grading: Letter grade only.
Corequisite: Fashion Design 40.
Industrial construction techniques and assembly of apparel utilizing industrial sewing machines. May be taken twice. 1303.30

445 Fitting and Alterations of Patterns and Apparel (2)
(Degree-applicable)
Hours: 16-18 lecture; 48-54 laboratory.
Grading: Letter grade only.
Corequisite: Fashion Design 40.
Fitting and Alterations of Patterns and Apparel. May be taken twice.

470 Apparel Production (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Corequisite: Fashion Merchandising 10 (may be taken previously).
The design, development, pricing, sourcing, sample making, manufacturing, and marketing of a line of clothing. 1303.30

471 Advanced Patternmaking (3)
(Degree-applicable)
Hours: 32-36 lecture; 48-54 laboratory.
Grading: Letter grade only.
Corequisite: Fashion Design 61.
Theory and practice in developing flat patterns for sportswear, suits, linings and knitwear. Research of design details in more complicated garments and interpretation of this detail into full-scale patterns. Patterns are cut and corrected first in muslin, then in designer fabric, with the final pattern ready for the production process. 1303.30

472 Computer-Aided Patternmaking (2)
(Degree-applicable)
Hours: 16-18 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Fashion Design 61.
Advisory: Basic computer skills are recommended.
Beginning study of computer applications in patternmaking, including terminology and operation of the software programs. Topics include master pattern creation, flat-pattern manipulation, pattern grading sizing, pattern file storage, and reports to apparel contractors and managers. Use of pattern technologies current to the industry to produce preproduction and production documents. May be taken twice. 1303.30
480 Design Collection (2)  
(Degree-applicable)  
Hours: 16-18 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Fashion Design 42 and 61.  
Preparation of a collection of garments for use in a runway show. Students must sketch, design, draft or drape pattern, select designer fabrics, and construct garments in collection.  1303.30

482 Industry Internship: Fashion Design (1)  
(Degree-applicable)  
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience.  
Grading: Letter grade only.  
Limitation on Enrollment: Consent of instructor is required prior to registration.  
Corequisite: Fashion Design 42 (may be taken previously).  
Industry internship in cooperation with area private and public sector employers providing new or expanded learning opportunities directly related to fashion design and production and readying the student for employment.  1303.00

492A-H Special Topics: Fashion Design (.5-6)  
(Degree-applicable)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Pursues specializations in Fashion Design. See class schedule for the current topics.  
May be taken four times regardless of the unit combination, however, no single-subject, special-interest class may be repeated.  1303.10

498A, B, C Independent Study: Fashion Design (1, 2, or 3)  
(Degree-applicable)  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration.  
Specialized study in fashion design, through research and documentation or applications in design and production. Independent work and study will be supervised by appointed instructor. May be taken three times, regardless of the unit value.  1303.00

**FASHION MERCHANDISING (FASHM)**

10 Introduction to the Fashion Industry (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Basic study of the fashion design and merchandising industry including leading designers and geographical centers, distribution, textile and apparel production, fashion cycles, retail outlets, merchandising techniques, and employment opportunities.  1303.20

11 Retail Merchandising and Management (3)  
(Available also as Business: Management 11)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Role of retailing in serving the needs of the community. Analysis of consumer needs, store location, financial requirements, and legal process of starting a retail operation. Planning for store layout, merchandise mix, vendor negotiation, pricing, displaying, advertising, selling, and controlling of merchandise.  1303.20

12 Visual Merchandising (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Store design and space planning to maximize fashion sales. Visual display of store windows and vignettes using proper techniques and art principles.  1303.20

15 Image and Fashion Selection (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Clothing choices for the professional workplace and California lifestyles. Analysis of body composition and proportions, individual coloring, and personality in the selection of a trendy, sophisticated, comfortable, and budget-appropriate wardrobe.  1303.20

60 Textiles (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Study of the textile fibers, yarns, weaves, and finishes which give the consumer and designer a background for intelligent selection, use, and care of modern fabrics. Special emphasis on man-made fibers, their manufacture, properties, and use.  1303.20

482 Industry Internship: Fashion Merchandising (1)  
(Degree-applicable)  
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience.  
Grading: Letter grade only.  
Limitation on Enrollment: Consent of instructor is required prior to registration.  
Prerequisite: Fashion Merchandising 11.  
Industry internship in cooperation with area private and public sector employers providing new or expanded learning opportunities directly related to fashion design merchandising and readying the student for employment.  1303.20

492A-H Special Topics: Fashion Merchandising (.5-6)  
(Degree-applicable)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Specializations in Fashion Merchandising. See class schedule for the current topic.  
May be taken four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated.  1303.20

**FINE ARTS (FINART)**

50 Introduction to Fine Arts (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Introduction to the development of drama, music, the visual arts, and film, including war and the arts, religion and the arts, television, dance, and/or principles of art criticism.  1001.00

90A Fine Arts Honors Seminar (1)  
(CSU; UC credit limitations)  
Hours: 16-18 lecture.  
Grading: Letter grade only.  
Honors component for Fine Arts. Topics of interest are chosen by the instructor and students, and are presented in a seminar format. Prerequisites and/or corequisites are required. May be taken four times with change in topic emphasis.  1001.00

**FIRE TECHNOLOGY (FIRETEC)**

1 Fire Protection and Organization (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Overview of fire protection and emergency services, including the philosophy, history, evolution, organizational structure, and functions of public and private fire protection services. Topics include: fire departments as a part of local government; applicable laws and regulations; scientific terminology; specific protection functions; loss analysis; basic fire chemistry and physics; an introduction to fire protection systems, strategies, and tactics; and career opportunities in fire protection and related fields.  2133.00
2 Fire Behavior and Combustion (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Theory and fundamentals of fire causation, spread, and control. In-depth study of fire chemistry and physics, characteristics of combustible and flammable substances, unique dangers of hazardous materials, types of extinguishing agents, and fire control techniques.  
2133.00

3 Fire Protection Systems (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Design features and operation of fire detection and alarm systems, heat and smoke control systems, special protection and sprinkler systems, water supply for fire protection, and portable fire extinguishers.  
2133.00

4 Building Construction for Fire Protection (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Components of building construction relating to fire safety. Effects of construction and structural design as key factors in building inspection, fire operations planning, and fire site operations. Evolution of building and fire codes, developed in response to historical fires, in residential, commercial, and industrial occupancies.  
2133.00

5 Fire Prevention (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
History and philosophy of fire prevention, organization and operation of a fire prevention bureau, use of fire codes, and the identification and correction of fire hazards. The relationship of fire prevention with built-in fire protection systems, fire investigation, and fire and life-safety education.  
2133.00

6 Fire Apparatus and Equipment (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Introduction to the mechanized equipment operated by fire service personnel and the regulations pertaining to its use. Topics include: driving laws and techniques, construction and operation of pumping engines, ladder trucks, aerial platforms, specialized equipment, and apparatus maintenance.  
2133.00

7 Strategies and Tactics (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Fire Technology 1.  
Principles of fire control, through utilization of manpower, equipment, extinguishing agents, and fire command and control procedures. Use of information on building construction types in fire control. Pre-fire planning and the organized approach to decision making on the fire ground.  
2133.00

8 Fire Ground Hydraulics (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Principles of hydraulics, hydraulic measurements, engine and hose appliance calculations, discharge and velocity flow calculations, and engine and nozzle pressure determination in field situations.  
2133.00

402 Basic Incident Command Systems – ICS-200 (1)  
(Degree-applicable)  
Hours: 10-16 lecture.  
Grading: Letter grade only.  
Provides a working knowledge of the Incident Command System (ICS) function, organization, features, facilities, resources, and responsibilities.  
2133.50

403 Intermediate Incident Command Systems – ICS-300 (1.5)  
(Degree-applicable)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Prerequisite: Fire Technology 402.  
Provides current and potential public safety managers/supervisors with the knowledge necessary to perform in a management/supervisory capacity at an incident or event being managed within the organizational guidelines, defined terminology, and common responsibilities and roles of the Incident Command System.  
2133.50

405 Hazardous Materials First Responder Operations (1)  
(Degree-applicable)  
Hours: 16-18 lecture.  
Grading: Letter grade only.  
Provides current and potential public safety workers, who are likely first responders, with improved capability to respond to events involving hazardous materials in a safe and competent manner, within the typical resource and capability limitations at the operational level. Meets OSHA requirements under Title 8 CCR 5192 and 29 CFT 1910.120.  
2133.50

410 Fire Command 1A (2)  
(Degree-applicable)  
Hours: 40 lecture.  
Grading: Letter grade only.  
Advisory: Course is advanced education for fire professionals preparing for promotion to company officer.  
Provides fire company officers with information and experience in command and control techniques used at the scene of an emergency. Emphasized topics include organizational structure, authority, command, pre-planning, decision-making, personnel issues, and training techniques.  
2133.50

411 Fire Command 1B (2)  
(Degree-applicable)  
Hours: 40 lecture.  
Grading: Letter grade only.  
Advisory: Course is advanced education for the fire professional preparing for promotion to company officer.  
Provides fire company officers with information and experience in hazardous materials incident management skills. Emphasizes utilization of command principles, identification, assessment, special techniques, and emergency planning.  
2133.50

412 Fire Command 1C (2)  
(Degree-applicable)  
Hours: 40 lecture.  
Grading: Letter grade only.  
Advisory: Course is advanced education for fire professionals preparing for promotion to company officer.  
Responsibilities of the fire company officer at a wildland/urban interface incident.  
2133.50

417 Fire Management I (2)  
(Degree-applicable)  
Hours: 40 lecture.  
Grading: Letter grade only.  
Advisory: Course assumes familiarity with firefighting procedures and protocols, as it is designed for certified fire personnel. Non-firefighters are permitted to take the course, however they are ineligible to apply for the State Fire Marshall CFTES certificate upon successful completion of the course.  
Develops/enhances the first line supervisor’s ability to supervise subordinates. Introduces key management concepts and practices utilized in the California Fire Service, and includes discussions about decision-making, time management, leadership styles, personal evaluations, and counseling guidelines.  
2133.00

420 Fire Prevention 1A – Fire Prevention Practices (2)  
(Degree-applicable)  
Hours: 40 lecture.  
Grading: Letter grade only.  
Advisory: Course assumes familiarity with firefighting procedures and protocols, as it is designed for certified fire personnel. Non-firefighters are permitted to take the course, however they are ineligible to apply for the State Fire Marshall CFTES certificate upon successful completion of the course.  
Provides fundamental information regarding the responsibility and authority for fire inspections, principles and procedures used to correct fire hazards, and occupancy classifications.  
2133.00
421 Fire Prevention 1B – Code Enforcement (2)  
(Degree-applicable)  
Hours: 40 lecture.  
Grading: Letter grade only.  
Advisory: Course is advanced education for fire professionals preparing for promotion to company officer.  
Focus on the codes, ordinances, and statutes pertaining to fire prevention practices in California.  2133.00

422 Fire Prevention 1C – Flammable Liquids and Gases (2)  
(Degree-applicable)  
Hours: 40 lecture.  
Grading: Letter grade only.  
Advisory: Course is advanced education for fire professionals preparing for promotion to company officer.  
Special hazards associated with flammable and combustible liquids and gases. Top-  
ics of discussion include: bulk storage and handling, transportation of flammable  
liquids and gases, and more.  2133.00

FOOD SERVICE  
(SEE HOTEL AND FOOD SERVICE, AND NUTRITION AND FOOD)

FRENCH (FR)

1 Elementary French (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
A systematic presentation of language patterns and of the underlying cultural ideas  
necessary for communicating in the four basic skills of listening, speaking, reading,  
and writing. Students are introduced to the life, culture, and language of the French-  
speaking populations. Ten hours of supplemental learning in a Success Center that  
supports this course is required. This course corresponds to the first year of high  
school French.  1102.00

2 Elementary French (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: French 1 or one year of high school French.  
Continued systematic presentation of language patterns and of the underlying cul- 
tural ideas that lead to facility in the four basic skills of listening, speaking, reading,  
and writing. Reading selections introduce various aspects of the life and culture of  
the French-speaking peoples. Ten hours of supplemental learning in a Success Cen- 
ter that supports this course is required.  1102.00

3 Intermediate French (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: French 2 or two years of high school French.  
Review of basic grammar and study of increasingly elaborate constructions as a  
preparation for advanced reading and writing. Practice in speaking and writing  
French on an increasingly advanced level. Includes reading, discussing, and writing  
about selections from French literature of increasing difficulty. Ten hours of supple- 
mental learning in a Success Center that supports this course is required.  1102.00

4 Intermediate French (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: French 3 or three years of high school French.  
Use of increasingly complex language constructions and syntax. Opportunity for  
students to speak and write French on an advanced level, including reading, discus- 
sion, and writing assignments from sophisticated French literature. Ten hours of  
supplemental learning in a Success Center that supports this course is required.  1102.00

15 French Conversation (2)  
(CSU)  
Hours: 32-36 lecture.  
Grading: Letter grade only.  
Prerequisite: French 1 or one year of high school French.  
Practice in listening to and speaking French, with emphasis on everyday speech pat- 
terns. Subjects for extemporaneous conversation stress practical situations and  
cultural background.  1102.00

92A-H Special Topics: French Literature, Language and Culture (.5-6)  
(CSU; UC credit limitations)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special interest class of varying length for students who seek further development  
in specific areas of literature and extended knowledge of the language and culture.  
Variety of topics offered with particular emphasis determined by the instructor. May  
be taken for a maximum of nine units; however, no single-subject, special-interest  
class may be repeated.  1102.00

GEOGRAPHIC INFORMATION SYSTEMS (GIS)

1 Introduction to Geographic Information Systems (4)  
(CSU; UC credit limitations)  
Hours: 48-54 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems 4.  
Interdisciplinary course to explore the fundamentals and introduce the Geographic  
Information System (GIS) used for management, analysis, and communication of  
spatial data. Includes a brief introduction to basic cartographic principles, including  
maps, scales, coordinate systems, and map projections. Various applications of GIS  
technology used in environmental science, business, and government. Specific top- 
ics include GIS terminology, working with spatial data, and spatial analysis. Labora-
tory work reinforces lecture topics with hands-on experience using the ArcView  
software. May be taken twice. NOTE: Students who have completed GIS-1A and  
GIS-1B twice may not take GIS-1.  2206.10

1A Introduction to Geographic Information Systems I (2)  
(CSU; UC credit limitations)  
Hours: 24-27 lecture; 24-27 laboratory  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems 4.  
Equivalent to the first half of GIS-1. Interdisciplinary course to explore the funda- 
mentals and introduce the Geographic Information System (GIS) used for manage-
ment, analysis, and communication of spatial data. Includes a brief introduction to  
basic cartographic principles, including maps, scales, coordinate systems, and map  
projections. Various applications of GIS technology used in environmental science, 
business, and government. Specific topics include GIS terminology, working with  
spatial data, and spatial analysis. Laboratory work reinforces lecture topics with  
hands-on experience using the ArcView software. May be taken twice. NOTE: Stu-
ents who have completed GIS-1A twice may not take GIS-1A.  2206.10

1B Introduction to Geographic Information Systems II (2)  
(CSU; UC credit limitations)  
Hours: 24-27 lecture; 24-27 laboratory  
Grading: Letter grade only.  
Prerequisite: Geographic Information Systems 1A.  
Equivalent to the second half of GIS-1. Interdisciplinary course to explore the funda-
mentals and introduce the Geographic Information System (GIS) used for manage-
ment, analysis, and communication of spatial data. Includes a brief introduction to  
basic cartographic principles, including maps, scales, coordinate systems, and map  
projections. Various applications of GIS technology used in environmental science,  
business, and government. Specific topics include GIS terminology, working with  
spatial data, and spatial analysis. Laboratory work reinforces lecture topics with  
hands-on experience using the ArcView software. May be taken twice. NOTE: Stu-
ents who have completed GIS-1B twice may not take GIS-1B.  2206.10
2 Intermediate Geographic Information Systems (3)  
(CSU)  
Hours: 32-36 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Prerequisite: Geographic Information Systems 1, or 1A and 1B.  
Intermediate level course providing further study in ArcView, and an introduction to using its discipline-specific applications in a GIS. Mapping and spatial analysis capabilities of ArcView and other GIS software. Introduction to GPS (Global Positioning Systems), including terminology, technology, data structures, use of metadata, and hands-on training using GPS remote sensing hardware and software. Use of GIS and geostatistical methods to establish criteria for multi-disciplinary applications analysis. May be taken three times.  
2206.10

401 Introduction to ArcView for Geographic Information Systems (1)  
(Degree-applicable)  
Hours: 16-18 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems 4.  
Introduction to Geographic Information Systems (GIS) using ArcView. Conceptual overview and basic functions. Use of ArcView GIS software and the Geographical User Interface to create, edit, query, and display geographical and tabular data. Course developed and taught by ESRI-certified Introduction to ArcView instructor. May be taken twice.  
2206.10

GEOGRAPHY (GEOG)

1 World Regional Geography (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Regional geography of the world, surveying the major cultural and physical regions. Use of maps and regional analysis to interpret world patterns of demography, economies, resources, religions, and languages in relationship to landforms and climate. Current world problems discussed in an international framework.  
2206.00

3 Geography of California (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
A regional survey of California’s natural and human resources, focusing on the influence of physical features, climate, water, and biogeography and their interactions with human population, migration, settlement, industries, economics, urban development, and social and cultural diversity. Examination of current issues and future challenges.  
2206.00

4 Physical Geography (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
The global physical world, its dynamics and spatial relationships. Physical environment presented as an integration of the atmosphere, hydrosphere, lithosphere, and the biosphere. Processes and spatial relationships that created the global mosaic. Broad-based course with an interdisciplinary outlook.  
2206.00

5 Physical Geography Laboratory (1)  
(CSU; UC)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Corequisite: Geography 4 (may be taken previously).  
Field observation and analysis of physical environments to accompany Geography 4. Laboratory is held in the field for on-site interpretation of climate, soils, landforms, plant, and animal distribution.  
2206.00

6 Environmental Geography (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Global perspectives on environmental geography. Geographical approach to the biosphere: environmental principles, economics and environment, human impact, extinction and biodiversity, food/population crises, the social environment, global tampering, and contemporary values in global environmental issues.  
2206.00

10 Cultural Geography of North America (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
2206.00

11 World Cultures (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
An examination of world cultures in relation to land and sea. Dynamics of different societies and their impact on the world; the complex relationship between development, growth, settlement patterns, economic development, and agricultural practices; and the impact of commercial exploitation, demographics, and political evolution.  
2206.00

98A, B, C Independent Study: Physical/Cultural Geography (1, 2, or 3)  
(CSU and UC credit limitations).  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration.  
For the student who is capable and has the desire to explore and develop a problem in physical geography. Before registering, the student must sign an agreement with the instructor concerning subject and intended limits of the project. Individual inquiry, special techniques, and selected reading.  
2206.00

GEOLOGY (GEOL)

(SEE ALSO EARTH SCIENCE)

1 Physical Geology (4)  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Study of the earth, composition, structure, distribution, and modification of earth materials and processes that shape the surface. Laboratory activities include experiments testing sediment porosity and permeability, seismic stick/slip theory, alluvial fan development, and other geologic principles.  
1914.00

2 Historical Geology (4)  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
History of the earth and the evolution of life forms including dinosaurs. Formation of the earth, plate tectonics, ancient environments recorded in sedimentary rocks, and evolution of life as reflected in the fossil record.  
1914.00

6 Geology of National Parks and Monuments (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Geology and history of selected national parks and monuments throughout the United States with emphasis on the geological processes which formed them.  
1914.00

10 Environmental Geology (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Application of geological principles to understanding environmental hazards and resources. Emphasis on human interaction with active processes. Eight-hour field trip required outside of normal class meetings.  
1914.00

30 Geology of California (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
An introduction to the geology, tectonic evolution and landscape development of California. Also a brief survey of California’s petroleum, mineral, geothermal and water resources.  
1914.00
70 California Field Trip (2)  
(CSU; UC credit limitations)  
Hours: 16-18 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Corequisite: Any geology course or Earth Science 1 (may be taken previously).  
Geologic investigation of an area within California. Camping trip of varying length (approximately one week). May be taken four times as trip sites change. 1914.00

75A, B Out-of-State Field Trip (2, 3)  
(CSU; UC credit limitations)  
Hours: 16-18 lecture; 48-54 or 96-108 hours field trip.  
Grading: Letter grade only.  
Corequisite: Any geology course or Earth Science 1 (may be taken previously).  
Geologic investigation of an area or related areas with all or a portion located outside of California. A camping trip either 1 week (for the 2-unit course) or two weeks (for the 3-unit course) follows the lecture portion of the course. Students apply concepts and vocabulary to the geology of the visited region, and document their field observations. Hiking safety, group responsibilities, and cultural sites of interest are included. May be four times with change in trip sites. 1914.00

90A Geology Honors Seminar (1)  
(CSU; UC credit limitations)  
Grading: Letter grade only.  
Honors component for Geology. Topics of interest are chosen by the instructor and students, and are presented in a seminar format. Prerequisites and/or corequisites are required. May be taken four times with change in topic emphasis. 1914.00

92A-H Special Topics: Geology (.5-6)  
(CSU; UC credit limitations)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Current topics, geological occurrences of geological interest or geological specialization. Field trip may be required. May be taken four times. 1914.00

98A, B, C Independent Study: Geology (1, 2, or 3)  
(CSU and UC credit limitations)  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration.  
Prerequisite: Geology 1.  
Individual study course for capable students who are interested in furthering their knowledge of geology. Student-instructor agreement as to the nature and extent of the project must be reached before the student may enroll in the course. May be taken four times. 1914.00

GERONTOLOGY (GERO)

11 Introduction to Gerontology (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Interdisciplinary overview of the diverse characteristics, strengths, and needs of the increasing number of older persons. Topics include: aging services and community resources, occupations and career preparation in gerontology, information on aging and old age, laws and regulations governing work with the elderly, and ethical and policy issues. 1309.00

18 Sociology of Aging (3)  
(Also available also as Sociology 18)  
(CSU; UC credit limitations)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Social, cultural, and policy issues for an aging society. Diversity in the experience of aging: cultural, economic, gender, and ethnic differences. Age and aging as social constructs. Life-long age status and role expectations. Society’s response to an increasingly aged population. May be offered as an Honors course. 1309.00

22 Dying and Death (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Study of death from a gerontological perspective, including historical views, societal practices, cross-cultural influences, biomedical issues including active and passive euthanasia, suicide, death rites, and the grieving process. Overview of the legal aspects of organ donation, autopsies, advanced directives, and living wills. 1309.00

23 Aging and Older Adulthood (3)  
(CSU; UC credit limitations)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Study of the aging process from a gerontological perspective with emphasis on major theories of aging, stereotypes about aging and older adults, changes in physical health, cognition, and social relationships during later life. 1309.00

404 Health and Wellness for Older Adults (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Understanding healthy aging as well as chronic conditions of later life. Health behaviors and lifestyle factors that contribute to good health in later life. Wellness practices that contribute to disease prevention. 1309.00

405 Resources and Services for Older Adults (2)  
(Degree-applicable)  
Hours: 16-18 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Provides students with skills needed to access community resources and services for older adults. An introduction to resources, services, eligibility requirements, and funding. An overview of strategies to locate resources through direct contact as well as Internet research. Students acquire a basic understanding of applications pertinent to gerontological service settings, and learn to locate resources on the Internet. 1309.00

406 Gerontology Career Practicum (1)  
(Degree-applicable)  
Hours: 60 hours/term unpaid on-site work experience.  
Grading: Letter grade only.  
Corequisite: Gerontology 11 (may be taken previously)  
Supervised work experience in public or private agencies, facilities, or organizations. Designed to apply gerontological knowledge, learn new skills, and provide career-related work experience in community situations. Placement is arranged through the instructor. May be taken four times. 1309.00

422 Dementia Care: Understanding Dementing Illnesses (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
The study of dementing illness from a gerontological perspective, including normal aging versus dementia, Alzheimer’s disease and other dementias, and the assessment and treatment of dementing illnesses. Overview of medical and social models of care, the influence of environmental design, ethical issues, cultural differences that affect the experience of dementing illness and care, and the availability of community resources for those with dementia. 1309.00

422A Dementia Care: Understanding Dementing Illnesses (1)  
(Degree-applicable)  
Hours: 16-18 lecture.  
Grading: Letter grade only.  
The study of dementing illnesses from a gerontological perspective, including normal aging versus dementia, Alzheimer’s disease and other dementias, assessment and treatment of dementing illnesses. Overview of medical and social models of care, the influence of environmental design, ethical issues, cultural differences that affect the experience of dementing illness and care, and availability of community resources for those with dementia. 1309.00

422B Dementia Care: Understanding Difficult Behaviors (1)  
(Degree-applicable)  
Hours: 16-18 lecture.  
Grading: Letter grade only.  
Caring for the needs of persons with dementia: understanding difficult behaviors. Topics include common behavior problems and strategies for working with them, communication skills to enhance caregiving, caregiver stress, the influence of environmental design on care providers and recipients, ethical issues, the importance of cultural differences, and community resources. 1309.00

422C Dementia Care: Planning Meaningful Activities (1)  
(Degree-applicable)  
Hours: 16-18 lecture.  
Grading: Letter grade only.  
Caring for the needs of persons with dementia: planning meaningful activities. Topics include communication skills, identifying what is meaningful, failure-free activities for persons with dementia, the importance of environmental design, ethical issues; cultural differences important in the design and delivery of activities, and community resources. 1309.00
462 Activity Coordinator Training (4)  
(Degree-applicable)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
State-certified training for individuals working as activity directors in a skilled nurs- 
ing facility. Practice in documentation and familiarization with Title 22 requirements, OBRA regulations, job description, basic medical terminology, and skills necessary for an activity director. Organizing, implementing and evaluating activities pro- 
grams. Geriatric drugs, psycho-social needs, and other aging issues. Producing activity calendars, maximizing patient interests and participation. Therapeutic and 
bedside activities. Styles of leadership, and an overview of the functions of the inter-
disciplinary team.  
1309.00

463 Social Work Designee Training (3) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Functions and responsibilities of the social work designee charged with meeting the 
medically-related social and emotional needs of residents in long-term care facili-
ties. Topics include assessment, care plans, patient advocacy, interventions, prob-
lem solving, behavioral modifications, family dynamics, elder care and abuse, 
bioethics, spiritual needs, and community resource development.  
1309.00

482 Internships in Gerontology (1)  
(Degree-applicable)  
Hours: 60 hours/term unpaid on-site work experience.  
Grading: Letter grade only.  
Limitation on Enrollment: In the Fall and Spring terms, students must be enrolled in 
a total of seven units or more, including this course. In the Summer term, students 
must be enrolled in at least one other course in addition to this one. Coursework at 
an accredited high school or college may be used to meet this requirement. Addi-
tional participation requirements may be required - including verification of finger-
printing - prior to working at some agencies. 
Corequisite: Concurrent enrollment in any Chaffey Gerontology course. 
Supervised work experience in public and private agencies, facilities, and organiza-
tions. Designed to apply gerontological knowledge, learn new skills, and provide 
career-related work experience in community situations. Placement is arranged 
through the instructor. May be taken four times.  
1309.00

492A-H Special Topics: Gerontology (.5-6)  
(Degree-applicable)  
Hours: 16-19 lecture hours per unit of credit.  
Grading: Letter grade only.  
Various specialized interests in the study of aging. See class schedule for the current 
topic. May be taken four times regardless of the unit combination. However, no sin-
gle-subject, special-interest topic may be repeated.  
1309.00

503 Orientation to College (2)  
(Non-degree-applicable)  
Hours: 32-36 lecture.  
Grading: Letter grade only.  
Designed to increase student proficiency and retention in college. Topics include: 
learning styles, study and time management techniques, motivation, library 
research methods, critical thinking, memory and reading strategies, and exploration of 
college services. Helps students develop the personal and interpersonal commun-
ication skills critical to becoming responsible learners. Introduces students to the 
various segments of higher education in California.  
4930.10

507 Opening Doors to Student Effectiveness (3)  
(Non-degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Designed for returning and continuing students to address the academic and per-
sonal challenges of student effectiveness. Various assessment tools are employed 
to identify and evaluate student preparation and attitude for a successful college 
experience. Positive growth and self-motivation strategies are explored, with a spe-
cial focus on developing an educational plan and life goals. Students address previ-
ously employed learning skills and methods to evaluate their effectiveness. New 
and improved methods of study, time management, and the utilization of college sup-
port programs are mastered and applied. Five hours of supplemental learning in a 
Success Center that supports this course is required.  
4930.14

508 Bridging to College Success (3)  
(Non-degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade with option for pass/no-pass grade.  
Advisory: Completion of the Chaffey assessment process. 
Designed to increase new student proficiency and retention in college through the 
development of study techniques, improved strategies for learning associated with 
learning styles theory, and in depth exploration of college programs and services. 
Targeting at-risk students, this course addresses effective personal habits, emotion-
al and social intelligence, self-esteem and confidence building, educational plan-
ing, and goal setting. Five hours of supplemental learning in a Success Center that 
supports this course is required.  
4930.14

592A-H Special Topics: Guidance (.5-6)  
(Non-degree-applicable)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Opportunity to explore guidance-related topics in greater depth. Emphasis selected 
by the instructor from variety of topics. See class schedule for emphasis. May be 
taken twice.  
4930.10

650 Supervised Tutoring (0)  
(Non-credit)  
Hours: Variable and arranged; based on student need as determined by assessment, 
diagnostic instruments, and/or instructor recommendation.  
Grading: Not graded.  
Limitation on Enrollment: Referral by course instructor or academic counselor is 
required. 
Open-entry/open-exit supervised tutoring course that facilitates study skills devel-
oped and provides students assistance in understanding college course assign-
ments. Individualized tutoring is conducted outside of class time in a learning 
assistance center, and is structured to help students achieve specific course objec-
tives or improve learning and study skills in specific subject matter. The content of 
this course varies according to the course for which tutoring is sought. May be 
repeated.  
4930.09

660 Interdisciplinary Study Skills (0)  
(Non-credit)  
Hours: Variable and arranged; based on student need and/or instructor recommen-
dation.  
Grading: Not graded.  
Limitation on Enrollment: Concurrent enrollment in (an)other Chaffey College 
course(s).  
Course is designed to introduce, enhance, and reinforce study strategies for stu-
dents in any course at Chaffey College. Emphasis on directed learning activities, 
study/learning groups, and workshops to improve learning. Conducted in a Success 
Center appropriate for the strategies being developed. The content of this course 
varies depending on the strategy emphasis. May be repeated.  
4930.14

GUIDANCE (GUID)  

2 Essentials of Student Success (2)  
(CSU)  
Hours: 32-36 lecture.  
Grading: Letter grade only.  
Designed to increase student proficiency and retention in college. Topics include: 
learning styles, study and time management techniques, motivation, library 
research methods, critical thinking, memory and reading strategies, and exploration of 
college services. Helps students develop the personal and interpersonal commun-
ication skills critical to becoming responsible learners. Introduces students to the 
various segments of higher education in California.  
4930.10

3 Career Exploration and Planning (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Designed for students seeking direction about a career and/or a major. Topics include: 
life problem-solving; evaluation of values, interests, skills, and personality; 
intensive career investigation; analysis and evaluation of employment trends; job 
research; and self-marketing skill development. Understanding physical, psycho-
logical, and social issues that impact career and life choices will also be addressed.  
4930.10
**Health Science (HS)**

400 Success in Nursing (1) [Cx]
*(Degree-applicable)*
Hours: 16-18 lecture.
Grading: Letter grade only.
Nursing in the twenty-first century in a multicultural community. Exploration of personal resources, interpersonal traits, and technology in development of nursing skills. 1230.00

401 Basic ECG and Dysrhythmia Interpretation (2) [Cx]
*(Degree-applicable)*
Hours: 32-36 lecture.
Grading: Letter grade only.
Study of basic electrocardiogram (ECG) waveforms in relation to atrial, junctional and ventricular dysrhythmias. Designed to assist health care workers with recognition and treatment of basic cardiac dysrhythmias. 1230.00

428 Basic Pharmacology (3) [Cx]
*(Degree-applicable)*
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Biology 424.
Basic concepts of pharmacology with emphasis on the role of the nurse in drug administration. Drugs affecting body systems; drugs used in neoplastic diseases, infectious diseases and in skin disorders; immunologic agents, diagnostic agents, toxicology, fluids and electrolytes, and vitamins. Principles and factors for managing medication regimen in a home setting. Course is recommended for students enrolled in a nursing program and as Continuing Education credit for RN's and LVN's. BRN #00426. 1230.00

450 Laboratory Tests and Diagnostic Procedures (1)
*(Degree-applicable)*
Hours: 16-18 lecture.
Grading: Letter grade only.
Advisory: Concurrent enrollment in another Health Science Course or current employment in a health profession.
Common laboratory testing reviewed with diagnostic procedures. Preparation of patient interventions during testing and interpretation of test results. May be taken twice. 1230.00

492LA-H Special Topics Laboratory: Health Science (.5-6)
*(Degree-applicable)*
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Selected special topics in a Health Science field for students who desire an extensive exploration of a specialized Health Science subject. May be taken for a total of 12 units regardless of the unit combination, however, no single-subject, special-interest course may be repeated. 1230.00

500 Health Science Skills Development I (1)
*(Non-degree-applicable)*
Hours: 48-54 self-paced laboratory.
Grading: Pass/No Pass grade only.
Application of appropriate health science skills in a simulated laboratory setting. Skills taught correspond to skills levels in current health science program. May be taken four times. 1230.00

510 Health Science Skills Development II (1)
*(Non-degree-applicable)*
Hours: 48-54 self-paced laboratory.
Grading: Pass/No Pass grade only.
Use of computers to improve test taking skills, critical thinking skills, and technical skills in conjunction with current health science courses. May be taken four times. 1230.00

**History (HIST)**

1 World History: Pre-Civilization to 1500 (3)
*(CSU; UC)*
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Reading proficient or eligibility for READ-1 as determined by the Chaffey assessment process, or completion of READ-550.
Comparative, integrative study of the world’s major civilizations, from pre-history to 1500, including those in Eurasia (Mesopotamia, Egypt, Hebrews, Greece and Rome, India and China), Africa, and the Americas. Emphasis on the similarities and differences between these civilizations, and on their influences on the unfolding of human history. May be offered as an Honors course. 2205.00

2 World History: 1500 to Present (3)
*(CSU; UC)*
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Reading proficient or eligibility for READ-1 as determined by the Chaffey assessment process, or completion of READ-550.
Cross-cultural study of all the major civilizations of the world since 1500. The unifying theme is understanding the causes of the rise of the West, the reaction of the non-Western world to it, and the ongoing dynamics of the “West versus the Rest” dialectic. May be offered as an Honors course. 2205.00

4 History of Slavery (3)
*(CSU; UC)*
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of English 1A.
Survey of slavery from ancient times to the present. The origins of slavery in human societies, development as an institution, and the impact on the course of world history. 2205.00

5 Early Western Civilizations (3)
*(CSU; UC)*
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Reading proficient or eligibility for READ-1 as determined by the Chaffey assessment process, or completion of READ-550.
Development of the cultural foundations of Western peoples from prehistoric times, through the rise and diffusion of civilization in the era of Middle Eastern dominance and the Middle Ages, and culminating with the Renaissance period in Western Europe. 2205.00

6 Modern Western Civilizations (3)
*(CSU; UC)*
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Reading proficient or eligibility for READ-1 as determined by the Chaffey assessment process, or completion of READ-550.
Development of the cultural foundations of Western peoples from the Commercial Revolution and the development of the nation-state in Europe through the French Revolution, and the Industrial Revolution. Changes created in Western society by mass politics, world wars and their aftermath, as seen in the modern world. 2205.00

7 History of the Middle East (3)
*(CSU; UC)*
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Reading proficient or eligibility for READ-1 as determined by the Chaffey assessment process, or completion of READ-550.
Survey of the history of the Middle East from earliest times to the present, focusing on the period from the birth of the Prophet Mohammad in 570 and the Treaty of Versailles in 1920. 2205.00

9 History of Asian Civilizations I (3)
*(CSU; UC)*
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Reading proficient or eligibility for READ-1 as determined by the Chaffey assessment process, or completion of READ-550.
Cultural development of Asian peoples from prehistoric times to the sixteenth century A.D., with emphasis on the religion and philosophy as well as early social and political institutions in China, India, Japan, and Korea. 2205.00
10 History of Asian Civilizations II (3)  
(CSU, UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Cultural development of Asian peoples and nations from the sixteenth century A.D. to the present, with emphasis on the tension created by the impact of the West on traditional Asian institutions in China, Japan, India, and Southeast Asia. Focuses particularly on the response of those cultures in terms of socioeconomic and political developments.  
2205.00

12 Asian American History (3)  
(CSU, UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Historical experience of the Asian-American community in the United States from the mid-nineteenth century to today. Overview of specific issues confronted by Asian groups, and their cultural roots, immigration experiences, and settlement patterns.  
2205.00

16 Westward Movement and the Indian Wars 1840-90 (3)  
(CSU, UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Survey of the westward movement of the American frontier and the Indian Wars of 1840-1890. Historical significance of the people and events that comprise this crucial period in the formation of the American identity are studied from the perspectives of Native Americans and other ethnic groups, as well as Anglo-Americans.  
2205.00

17 History of the United States (3)  
(CSU, UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Reading proficient or eligibility for READ-1 as determined by the Chaffey assessment process, or completion of READ-550.  
Survey of United States history from its colonial foundations through the Reconstruction Era (1865). Satisfies the California State University requirement in American History. May be offered as an Honors course.  
2205.00

18 History of the United States (3)  
(CSU, UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Reading proficient or eligibility for READ-1 as determined by the Chaffey assessment process, or completion of READ-550.  
Development of the United States from the Reconstruction Era (1865) through the present. Satisfies the California State University requirement in American History. May be offered as an Honors course.  
2205.00

20 Contemporary History of the United States from 1945-Present (3)  
(CSU, UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Careful analysis of recent events in U.S. history from 1945 to the present, including important historical movements and trends which demand closer scrutiny than History 18.  
2205.00

21 The Sixties in American History (3)  
(CSU, UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Issues and events of the 1960's - one of the most turbulent decades in American history - including Civil Rights and the Vietnam War. May be taught in lecture or seminar format.  
2205.00

25 Women in United States History (3)  
(CSU, UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Survey of women in U.S. history from the colonial era to the present. Course is taught in a seminar format.  
2205.00

40 Retrospective on the 20th Century: World War II (3)  
(CSU, UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
World War II from the perspective of various viewpoints relative to the war's impact on but not limited to the following: history, sociology, philosophy, literature, the arts, business/technology, psychology, science, political science, religion, economics, and sports. Faculty from different disciplines will present materials relative to their expertise.  
2205.00

50 African-American History I (3)  
(CSU, UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
African-American experience from the seventeenth-century African heritage to the American Civil War. Focuses on two great transitions: from Africa to New World slavery and from slavery to emancipation.  
2205.00

51 African-American History II (3)  
(CSU, UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
African-American experience from emancipation to the present. Focuses on legal and extra-legal racial and gender discrimination in rural and urban settings after emancipation; migrations to northern industries and western lands; and black contributions to United States politics and economy.  
2205.00

70 Chicano-Chicana Studies: The History of the United States (3)  
(CSU, UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Study of the historical relationship between Mexico and the United States from their common Native American roots to present-day. Examination of pivotal events and their outcomes, such as the Spanish and British colonial systems, processes of independence and nation-building, the Mexican-American War, the 1910 Mexican Revolution, the Oil Crisis of the 1970's, NAFTA, and present border conflicts.  
2203.00

71 Chicano-Chicana Studies: The Chicano Minority in the United States (3)  
(CSU, UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Historical development of a Mexican-American community and the emergence of a Chicano cultural identity. Issues and conflicts affecting the Chicano minority from the nineteenth century to the present.  
2203.00

90 Seminar in History (3)  
(CSU, UC credit limitations)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Designed to bring together one or more faculty members and a small group of students with a common interest, to pursue study of a selected topic in history through the seminar approach. May be taken twice.  
2205.00

90A History Honors Seminar (1)  
(CSU, UC credit limitations)  
Hours: 16-18 lecture.  
Grading: Letter grade only.  
Honors component for History. Topics of interest are chosen by the instructor and students, and are presented in a seminar format. Prerequisites and/or corequisites are required. May be taken four times with change in topic emphasis.  
2205.00

92A-H Special Topics: History (.5-6)  
(CSU, UC credit limitations)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special-interest course of varying length for students who wish further exploration in specific areas of history. Topics will be determined by the individual instructor. This course may be taken only four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated. May require corequisites and/or prerequisites based on the content of the course.  
2205.00

98A, B, C Independent Study: History (1, 2, or 3)  
(CSU and UC credit limitations)  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration. Special project course designed for the capable, well-motivated student. Student explores and develops a project or paper on an area of personal interest within the discipline area. The nature and extent of the project must be decided by both the student and instructor before the student may sign up for the course. Type and extent of the project determines the number of units allowed. May be taken three times, regardless of the unit combination. However, no single-subject project or paper may be repeated.  
2205.00
**Hotel and Food Service Management (HOTFS)**

10 Introduction to Hospitality Management (3) (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Introduction to the hospitality industry and interrelationships between the hotel, restaurant, travel, and leisure segments. Examination of management functions including franchising, organizational structures, guest services, employee recruitment and retention, use of computer technology, and marketing tactics. Historical development of the service industry, it’s economic and social influences, future trends, and career opportunities at the local, regional, and national levels are also explored.

14 Quantity Food Production Management (3) (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Concurrent or concurrent enrollment in Hotel and Food Service Management 16.
In-depth introduction to management concerns unique to quantity food production in institutional settings. Real-world exercises in record keeping, staffing, standardizing recipes, terminology and nomenclature use, storage requirements, quality control, emergency protocols, and Hazardous Analysis Critical Control Points (HACCP) procedures. Prepares students for entry-level positions in institutional food service.

16 Principles of Food Preparation (2) (CSU)
Hours: 32-36 lecture.
Grading: Letter grade only.
Corequisite: Hotel and Food Service Management 16L.
Advisory: Concurrent enrollment in Hotel and Food Service Management 18.
Principles and techniques in professional food preparation, including professional demeanor, science and lore of the kitchen, food service safety and sanitation policies and procedures, recipe specifications, food cost calculations, and kitchen equipment use and maintenance. Basic culinary concepts – including mise en place, dry and moist cookery, and appropriate use of produce, dairy and dry goods – are examined.

16L Principles of Food Preparation Laboratory (1) (CSU)
Hours: 48-54 laboratory.
Grading: Letter grade only.
Corequisite: Hotel and Food Service Management 16.
Hands-on application of professional food preparation techniques. Students plan, prepare, and produce food items following basic or converted recipes that employ moist and dry heat cooking methods. Collaboration, teamwork, and proper kitchen safety and sanitation procedures are emphasized.

18 Sanitation, Safety and Equipment Management (2) (CSU)
Hours: 32-36 lecture.
Grading: Letter grade only.
Safety, sanitation, and proper equipment management issues in the food service industry. In-depth coverage of industry-based sanitation and safety standards that prevent contamination and food-borne illness, forestall on-the-job accidents and injuries, and preclude equipment misuse and damage. Disaster planning fire prevention, and basic first aid procedures are highlighted. Special emphasis on the local, state, and federal agencies and programs - such as OSHA, HACCP, and ServSafe - having regulatory oversight in food service workplaces.

20 Purchasing, Cost Controls, and Menu Planning (2) (CSU)
Hours: 32-36 lecture.
Grading: Letter grade only.
Principles, policies, and procedures associated with the procurement and conveyance of food and beverages in the food service industry. Focus on systems for selecting product, appropriate receipt and storage, inventory controls, menu item specification development, commercial menu costing strategies, and descriptive menu design and marketing.

420 Hotel Operations (3) (Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Operation and organization for the front office within a variety of hospitality lodging situations. Career opportunities, systems of guest accommodations, front office routines and reports, machine operation, room rates, principles of people management, and application of data processing. Maintenance and engineering operations.

424 Dining Systems and Restaurant Operations (3) (Degree-applicable)
Hours: 24-27 lecture; 72-81 laboratory.
Grading: Letter grade only.
Limitation on Enrollment: Proof of a current negative tuberculosis test is required. Prerequisite: Hotel and Food Service Management 14 and 436A.
Dynamic, hands-on application of food service skills in a commercial dining facility. Using guided practice and peer mentoring, students assume the various service, culinary, and management stations involved in CC’s Cafe operation, practicing the real-world professional skills essential to workplace success. At each station, students analyze their professional and technical performances as they relate to guest satisfaction, personal goals, and team achievements. May be taken three times.

428 Human Resource Management (3) (Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of or concurrent enrollment in Hotel and Food Service Management 10.
Management theory applied to on-the-job realities in the hotel and food service industry, focusing on the knowledge and skills needed for effective personnel management. Topics include: recruitment, selection, and hiring; employee development and motivation; benefits and compensation issues; productivity and performance evaluations; labor relations and legal considerations; and conflict resolution. Emphasis on the crucial importance of effective communication and multicultural sensitivity to successful hospitality management practices.

430 Hospitality Marketing Management (2) (Degree-applicable)
Hours: 32-36 lecture.
Grading: Letter grade only.
Marketing strategies applied to hotel-motel industries, restaurant and institutional food service. Identification of the market, image development, advertising, sales promotions, public relations, and administering and control of a marketing plan.

432 Hospitality and Healthcare Law (3) (Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Legal aspects of the hospitality and healthcare industries, including an introduction to Title 22 and hospitality law. Topics include licensing; labor laws; safety, liability, and risk management; rights of employees, residents, and guests; and legal records and documentation.

434 Catering and Banquet Organization (3) (Degree-applicable)
Hours: 24-27 lecture; 72-81 laboratory.
Grading: Letter grade only.
Limitation on Enrollment: Proof of a current negative tuberculosis test is required. Prerequisite: Hotel and Food Service Management 14 and 436A.
Introduction to banquet operations, one of the fastest growing and lucrative areas of the food service industry. Topics include: marketing, packaging and pricing strategies; contracts and licensing; staffing, payroll and bookkeeping; party planning and wedding coordination; on- and off-premise venues; food preparation, beverage service, niche cuisines; equipment costs, set-up and breakdown procedures; and transportation needs. Participation in the planning, production, and analysis of a series of public events (plated dinner, buffet luncheon, cocktail party) is a required part of the course. May be taken three times.
436A Culinary Arts I (2)  
(Degree-applicable)  
Hours: 16-18 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Proof of a current negative tuberculosis test is required.  
Prerequisite: Hotel and Food Service Management 16 and 18.  
Advisory: Completion of Mathematics S10.  
Introduction to the culinary arts, including a historical and contemporary exploration of cultural cuisines. Practical application of culinary theory and technique that provides students with a realistic experience of professional cooking and kitchen culture. Focus on basic and intermediate knife skills; the production of stocks, soups and sauces; vegetable and starch identification, fabrication, and cookery; egg and breakfast comestibles; and the cold kitchen, including salad, cold sauce, and sandwich preparation. Kitchen safety and sanitation rules are revisited and practiced. May be taken three times.  
1306.30

436B Culinary Arts II (2)  
(Degree-applicable)  
Hours: 16-18 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Proof of a current negative tuberculosis test is required.  
Prerequisite: Hotel and Food Service Management 436A.  
Intermediate study of the culinary arts. Continuing exploration of its foundations, principles, and practical skills, with focus on meat, poultry, fish, and shellfish identification, fabrication, and cookery. Examination of the history and modern interpretations of the art of garde manger, including hors d'oeuvres, pates, terrines, and charcuterie. Production of European, Asian, and American regional cuisines, with special consideration to development, plating, and presentation. Kitchen safety and sanitation rules are reinforced and practiced. May be taken three times.  
1306.30

436C Culinary Arts III (2)  
(Degree-applicable)  
Hours: 16-18 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Proof of a current negative tuberculosis test is required.  
Prerequisite: Hotel and Food Service Management 16 (may be taken previously).  
Effective and attractive food presentation methods, including the creation and use of garnishes. Introduction to basic principles of bakeshop production and ingredient selection. Preparation of yeast doughs, quick breads, cookies and cakes, pies and fillings, savory and sweet baked goods, and pastries. May be taken three times.  
1306.30

492A-H Special Topics: Hotel and Food Service Management (0.5-6)  
(Degree-applicable)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special-interest lecture course of varying length for students who wish further exploration in specific areas of hotel and food service management. Topics and course content determined by the individual instructor; see class schedule for current term emphasis. May be taken four times regardless of the unit combination, however no single-subject, special-interest class may be repeated.  
1306.30

492A-H Special Topics: Humanities (.5-6)  
(Degree-applicable)  
Hours: 24-27 laboratory.  
Grading: Letter grade only.  
Honors component for the Humanities. Topics of interest are chosen by the instructor and students, and are presented in a seminar format. Prerequisites and/or corequisites are required. May be taken four times with change in topic emphasis.  
1504.00

90A_B Humanities Honors Seminar (2)  
(CSU; UC credit limitations)  
Hours: 32-36 lecture.  
Grading: Letter grade only.  
Honors component for the Humanities. Topics of interest are chosen by the instructor and students, and are presented in a seminar format. Prerequisites and/or corequisites are required. May be taken four times with change in topic emphasis.  
2205.00

5 Arts and Ideas: Antiquity to Renaissance (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
An interdisciplinary study of the movements in art, music, literature, and philosophy of Ancient Western Civilization, within a cultural and historical perspective.  
1504.00

INDUSTRIAL ELECTRICAL TECHNOLOGY: CORE (IET)

401A Introduction to Electricity (2.5) [Cx]  
(Degree-applicable)  
Hours: 24-27 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Mathematics 410 or a higher level mathematics course.  
Principles of basic electricity. Ohms Law, series and parallel circuits, conventional current theory, current flow, conductors and insulators, combination circuits, and power ratings.  
0934.40

401B Industrial Basic Controls (2.5)  
(Degree-applicable)  
Hours: 24-27 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 401A, or one year or more of professional work experience in a related field.  
Study of batteries and other sources of electricity, magnetism, magnetic induction, direct current generators, measuring instruments, resistive and capacitive circuits.  
0934.40

403A Electrical Motors and Controls I (2.5)  
(Degree-applicable)  
Hours: 24-27 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 401A, or one year or more of professional work experience in a related field.  
Principles of motor controls. Topics include: direct current motors, basic trigonometry, alternating current, inductance in alternating current circuits, resistive-inductive series circuits, capacitors, and resistive-inductive-capacitive parallel circuits.  
0934.40
403B Electrical Motors and Controls II (2.5)  
(Degree-applicable)  
Hours: 32-36 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 403A, or one year or more of professional work experience in a related field.  
Applications of motor controls. Topics include: resistive-inductive parallel circuits, resistive-inductive-capacitive parallel circuits, three-phase circuits, single- and three-phase transformers, single- and three-phase motors, and three-phase alternators.  
0934.40

405 National Electric Code (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 403A, or two years or more of professional work experience in a related field.  
Interpretation and application of the National Electric Code (NEC), with emphasis on wire size, conduit, motor load protection, classified areas, grounding, and the latest NEC updates. May be taken four times.  
0934.40

407 Electrical Blueprints (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 403A, or one year or more of professional work experience in a related field.  
Interpretation of basic ladder diagrams, one line diagrams, electrical symbols, schematics, hydraulic symbols, and diagrams including pictorials.  
0934.40

409 Static Devices (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 403B, or one year or more of professional work experience in a related field.  
Basic static devices, diodes, transistors, field effect transistors, silicon controlled rectifiers, and other solid state devices used in industry.  
0934.40

411 Programmable Logic Controllers (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 403B and 407, or two years or more of professional work experience that includes basic computer skills.  
Ladder diagrams, common computer terms, and operation of the programmer. Verifying and programming of timers and counters. May be taken twice.  
0934.40

413 Intermediate Programmable Logic Controllers (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 411, or two years or more of professional work experience that includes basic knowledge of PLC’s.  
PLC advanced ladder diagrams; operations of the programmer; verifying, editing, and programming of timers, counters, master control relays, and jump instructions, using a computer. May be taken four times.  
0934.40

415 Advanced Electricity Laboratory (2)  
(Degree-applicable)  
Hours: 16-18 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 405, 407, 409, and 411, or two years or more of professional work experience that includes knowledge of PLC’s and static devices.  
Application and integration of concepts and skills covered in the prerequisite lecture courses. Topics include: designing motor control systems, translating information from blueprint to ladder diagrams and employing it into the PLC program, and applying assignments into a hardwire system. May be taken four times.  
0934.40

417 Electrical Troubleshooting (3)  
(Degree-applicable)  
Hours: 40-45 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 403A, 409, and 411, or two years or more of professional work experience that includes knowledge of static devices.  
Applying the knowledge learned on DC/AC motor controls, blueprint reading, and developing troubleshooting skills. May be taken four times.  
0934.40

419 DC Variable Speed Drive (1.5)  
(Degree-applicable)  
Hours: 16-18 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 403A, or two or more years of professional work experience in a related field.  
Function and controls of a DC variable speed drive and its application on the field, including adjustments, settings, tuning, and configuration. May be taken twice.  
0934.40

421 AC Variable Frequency Speed Drive (1.5)  
(Degree-applicable)  
Hours: 16-18 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 419, or two years or more of professional work experience in a related field.  
Function and controls of an AC variable frequency drive and its application on the field, including parameter, setting, tuning, and configuration. May be taken twice.  
0934.40

422 OSHA Construction Safety Training (2)  
(Degree-applicable)  
Hours: 32-36 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 458, or one year or more of professional work experience in a related field.  
Tools and construction techniques used in cabling, along with study of applicable industry standards. Mastery of troubleshooting and repair skills used by entry-level technicians in the network cabling industry. A certificate is issued by C-Tech Associates (recognized for industry standards) upon successful completion of this course.  
0956.70

456 Fundamentals of Cable Networking: The Physical Layer (3) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Tools and construction techniques used in cabling, along with study of applicable industry standards. Mastery of troubleshooting and repair skills used by entry-level technicians in the network cabling industry. A certificate is issued by C-Tech Associates (recognized for industry standards) upon successful completion of this course.  
0934.40

459 Fundamentals of Fiber Optic Cabling: The Physical Layer (3) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Tools and construction techniques used in fiber optic cabling, along with study of fiber optic theory and the characteristics of various fiber optic components. Mastery of the troubleshooting and repair skills used by entry-level technicians in the network cabling industry, focusing on fiber optics. A certificate is issued by C-Tech Associates upon successful completion of this course.  
0934.40

460 Introduction to Photovoltaic Installation (4)  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Industrial Electrical Technology 401A.  
Introduction to solar energy, equipment installation and controls. Topics include electricity fundamentals, system components, electrical and mechanical design considerations, performance standards, troubleshooting basics, system checks and inspections, and industry safety requirements. May be taken twice.  
0946.10
### IET: Electromechanical Technology (IETELMT)

#### 430 Hydraulic Fundamentals (2) [Cx] (Degree-applicable)
- Hours: 24-27 lecture; 24-27 laboratory.
- Grading: Letter grade only.
- Introduction to hydraulic fundamentals, demonstration of hydraulic power, basic circuits, functional circuits, and troubleshooting. 0935.00

#### 432 Electrical Control of Hydraulic Systems (2) (Degree-applicable)
- Hours: 24-27 lecture; 24-27 laboratory.
- Grading: Letter grade only.
- Advisory: Completion of Industrial Electrical Technology: Electromechanical Technology 430, or one year of professional work experience in a related field.
- Principles of electrical control of hydraulic systems, electrical concepts of ladder diagrams, functional systems of electrical/hydraulic sequencing of cylinders, industrial applications, and troubleshooting electrically-controlled hydraulic systems. 0935.00

#### 434 Hydraulic Applications with Programmable Logic Controllers (2) (Degree-applicable)
- Hours: 24-27 lecture; 24-27 laboratory.
- Grading: Letter grade only.
- Advisory: Completion of Industrial Electrical Technology 411, or one year or more of professional work experience that includes knowledge of PLC’s.
- Principles of electrical control of hydraulic systems, electrical concepts of ladder diagrams, functional systems of electrical/hydraulic applications, demonstrating servo controls, proportional controls, and programmable logic controllers. May be taken twice. 0935.00

#### 436 Pneumatics Fundamentals (2) [Cx] (Degree-applicable)
- Hours: 24-27 lecture; 24-27 laboratory.
- Grading: Letter grade only.
- Introduction to pneumatics and familiarization with basic concepts of pressure, volume, force, directional speed control, pilot valves, and pneumatic motor circuits and performance. 0935.00

### IET: Instrumentation Technology (IETIT)

#### 441 Flow Process Fundamentals (2) [Cx] (Degree-applicable)
- Hours: 24-27 lecture; 24-27 laboratory.
- Grading: Letter grade only.
- Advisory: Completion of Industrial Electrical Technology: Instrumentation Technology 441, or one year or more of professional work experience in a related field.
- Introduction to flow process fundamentals. Understanding how current flow responds to changes and the terminology (dead time, rise time, and settling time) used to describe the response. Operation and calibration of the instruments used to control the process. 0943.00

#### 442 Flow Measurement and Control (2) (Degree-applicable)
- Hours: 24-27 lecture; 24-27 laboratory.
- Grading: Letter grade only.
- Advisory: Completion of Industrial Electrical Technology: Instrumentation Technology 441, or one year or more of professional work experience in a related field.
- Operation and calibration of flow measurement channel and control processes. Operation and calibration of a variable speed drive. Monitoring and evaluating the reactions of a process disturbance on a chart recorder. 0943.00

#### 443 Level Measurement Fundamentals (2) (Degree-applicable)
- Hours: 24-27 lecture; 24-27 laboratory.
- Grading: Letter grade only.
- Advisory: Completion of Industrial Electrical Technology: Instrumentation Technology 441, or one year or more of professional work experience in a related field.
- Introduction to level measurement fundamentals. Understanding the many applications of level transmitters, characteristics, and time response. Operation and calibration of the instruments used to control the process. 0943.00

#### 444 Level Measurement and Control (2) (Degree-applicable)
- Hours: 24-27 lecture; 24-27 laboratory.
- Grading: Letter grade only.
- Advisory: Completion of Industrial Electrical Technology: Instrumentation Technology 441, or one year or more of professional work experience in a related field.
- Operation and troubleshooting of level measurement channel and control processes. Differences between two- and three-element control processes. Operation and calibration of the instruments used to control the process under unstable conditions. 0943.00

#### 445 Temperature Process Fundamentals (2) (Degree-applicable)
- Hours: 24-27 lecture; 24-27 laboratory.
- Grading: Letter grade only.
- Advisory: Completion of Industrial Electrical Technology: Instrumentation Technology 441, or one year or more of professional work experience in a related field.
- Instruction in and performance of the tasks done by instrument technicians in industry, including calibration, troubleshooting, and operation of microprocessor-based controllers. 0943.00

### COURSE DESCRIPTIONS

**492A-H Special Topics: Industrial Electrical Technology (.5-.6) (Degree-applicable)**
- Hours: 16-18 lecture hours per unit of credit.
- Grading: Letter grade only.
- A special topics lecture for students who desire in-depth exploration in specialized areas of industrial electrical technology. Topics vary, and are determined by the instructor. See schedule of classes for current emphasis. May require prerequisites and/or corequisites, based on the content of the course. May be taken four times regardless of the unit combination. 0934.40

**492LA-H Special Topics Laboratory: Industrial Electrical Technology (.5-.6) (Degree-applicable)**
- Hours: 48-54 laboratory hours per unit of credit.
- Grading: Letter grade only.
- A special topics laboratory for students who desire in-depth exploration in specialized areas of industrial electrical technology. Topics vary, and are determined by the instructor. See schedule of classes for current emphasis. May require prerequisites and/or corequisites, based on the content of the course. May be taken four times regardless of the unit combination. 0934.40

**496A, B, C, D, Internship in Industrial Electricity (1, 2, 3, 4) (Degree-applicable)**
- Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience for each unit of credit.
- Grading: Letter grade only.
- Limitation on Enrollment: Instructor signature is required prior to enrollment.
- Prerequisite: Industrial Electrical Technology 401A.
- Corequisite: Enrollment in any industrial electricity course.
- Advisory: Completion of Industrial Electrical Technology: Electromechanical Technology 436, or one year or more of professional work experience in a related field.
- Provides students expanded, hands-on learning opportunities to apply knowledge and learn new skills directly related to their industrial electricity systems program of study, outside of the classroom environment. Placement is arranged by/approved by the instructor. Participation requirements may vary with the job setting. May be taken up to four times for a maximum of 12 units credit. 0934.40

**496A, B, C, D, Internship in Industrial Electricity (1, 2, 3, 4) (Degree-applicable)**
- Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience for each unit of credit.
- Grading: Letter grade only.
- Limitation on Enrollment: Instructor signature is required prior to enrollment.
- Prerequisite: Industrial Electrical Technology 401A.
- Corequisite: Enrollment in any industrial electricity course.
- Advisory: Completion of Industrial Electrical Technology: Electromechanical Technology 436, or one year or more of professional work experience in a related field.
- Provides students expanded, hands-on learning opportunities to apply knowledge and learn new skills directly related to their industrial electricity systems program of study, outside of the classroom environment. Placement is arranged by/approved by the instructor. Participation requirements may vary with the job setting. May be taken up to four times for a maximum of 12 units credit. 0934.40

**496A, B, C, D, Internship in Industrial Electricity (1, 2, 3, 4) (Degree-applicable)**
- Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience for each unit of credit.
- Grading: Letter grade only.
- Limitation on Enrollment: Instructor signature is required prior to enrollment.
- Prerequisite: Industrial Electrical Technology 401A.
- Corequisite: Enrollment in any industrial electricity course.
- Advisory: Completion of Industrial Electrical Technology: Electromechanical Technology 436, or one year or more of professional work experience in a related field.
- Provides students expanded, hands-on learning opportunities to apply knowledge and learn new skills directly related to their industrial electricity systems program of study, outside of the classroom environment. Placement is arranged by/approved by the instructor. Participation requirements may vary with the job setting. May be taken up to four times for a maximum of 12 units credit. 0934.40

**438 Electrical Control of Pneumatics Systems (2) (Degree-applicable)**
- Hours: 24-27 lecture; 24-27 laboratory.
- Grading: Letter grade only.
- Advisory: Completion of Industrial Electrical Technology: Electromechanical Technology 436, or one year or more of professional work experience in a related field.
- Electrical control of pneumatics, concepts, functional systems, industrial-type electropneumatic circuits, and troubleshooting of electrical control and electropneumatic circuits. 0935.00

**440 Sensors for Hydraulics and Pneumatics Training Systems (1.5) (Degree-applicable)**
- Hours: 16-18 lecture; 24-27 laboratory.
- Grading: Letter grade only.
- Advisory: Completion of Industrial Electrical Technology: Electromechanical Technology 436, or two years or more of professional work experience in a related field.
- Electrical control sensors for hydraulic systems, photoelectric and proximity switches representative of what can be found in the fluid power industry. 0935.00

**IET: Instrumentation Technology (IETIT)**

#### 441 Flow Process Fundamentals (2) [Cx] (Degree-applicable)
- Hours: 24-27 lecture; 24-27 laboratory.
- Grading: Letter grade only.
- Advisory: Completion of Industrial Electrical Technology: Instrumentation Technology 441, or one year or more of professional work experience in a related field.
- Introduction to flow process fundamentals. Understanding how current flow responds to changes and the terminology (dead time, rise time, and settling time) used to describe the response. Operation and calibration of the instruments used to control the process. 0943.00

#### 442 Flow Measurement and Control (2) (Degree-applicable)
- Hours: 24-27 lecture; 24-27 laboratory.
- Grading: Letter grade only.
- Advisory: Completion of Industrial Electrical Technology: Instrumentation Technology 441, or one year or more of professional work experience in a related field.
- Introduction to level measurement fundamentals. Understanding the many applications of level transmitters, characteristics, and time response. Operation and calibration of the instruments used to control the process. 0943.00

#### 443 Level Measurement Fundamentals (2) (Degree-applicable)
- Hours: 24-27 lecture; 24-27 laboratory.
- Grading: Letter grade only.
- Advisory: Completion of Industrial Electrical Technology: Instrumentation Technology 441, or one year or more of professional work experience in a related field.
- Introduction to level measurement fundamentals. Understanding the many applications of level transmitters, characteristics, and time response. Operation and calibration of the instruments used to control the process. 0943.00

#### 444 Level Measurement and Control (2) (Degree-applicable)
- Hours: 24-27 lecture; 24-27 laboratory.
- Grading: Letter grade only.
- Advisory: Completion of Industrial Electrical Technology: Instrumentation Technology 441, or one year or more of professional work experience in a related field.
- Introduction to level measurement fundamentals. Understanding the many applications of level transmitters, characteristics, and time response. Operation and calibration of the instruments used to control the process. 0943.00

#### 445 Temperature Process Fundamentals (2) (Degree-applicable)
- Hours: 24-27 lecture; 24-27 laboratory.
- Grading: Letter grade only.
- Advisory: Completion of Industrial Electrical Technology: Instrumentation Technology 441, or one year or more of professional work experience in a related field.
- Instruction in and performance of the tasks done by instrument technicians in industry, including calibration, troubleshooting, and operation of microprocessor-based controllers. 0943.00
446 Temperature Process Controller (2)  
(Degree-applicable) 
Hours: 24-27 lecture, 24-27 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology: Instrumentation Technology 445, or one year or more of professional work experience in a related field. 
Instruction in and performance of the tasks done by instrument technicians in industry, including calibration, troubleshooting, and repair of instruments ranging from pneumatic booster relays to microprocessor-based automatic controllers.  
0843.00

**INTERIOR DESIGN (ID)**

10 Introduction to Interior Design (3) [Cx]  
(CSU) 
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Overview of the residential interior design field. Examination of floor plans, furniture arrangement, design elements and principles, furniture styles, lighting, flooring, and wall and window treatments.  
1302.00

11 History of Western Architecture and Interiors I (3)  
(CSU) 
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Furniture, interior and architectural styles of ancient Egypt, Greece, and Rome; and the European Middle Ages, Renaissance, and French periods to 1820.  
1302.00

12 History of Western Architecture and Interiors II (3)  
(CSU) 
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Furniture, interior and architectural styles of the English, Anglo-American, and late 19th and 20th century Western periods.  
1302.00

13 Non-European Architecture and Design (3)  
(CSU) 
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Architecture and design of China, Japan, Africa, the Middle East, pre-Columbian Mesoamerica, and the American Indian, including: African sculpture, Navajo rugs and blankets; Southwest American Indian architecture and pottery; Chinese and Japanese traditional architecture, furniture, and ceramics; “Oriental” rugs; and Balinese architecture and art.  
1302.00

16 Quick Sketching for Interior Designers (2.5)  
(CSU) 
Hours: 32-36 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Freehand sketching techniques for illustrating interiors in 3D. Includes perspective, shading, textures, and use of a variety of techniques and materials. Emphasis on quick presentation of ideas for designer or client.  
1302.00

17 Introduction to Lighting (3)  
(CSU) 
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Basic principles of lighting and their application. Visual perception, properties of light and color, sources and luminaires, lighting design elements and techniques, and elementary calculations. Energy efficient lighting practices and applicable codes and regulations. Written and graphic design documents.  
1302.00

18 Perspective Drawing (3) [Cx]  
(CSU) 
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Theory and skills necessary for drawing furnished interiors for both residential and commercial design projects. Theory of one-, two-, and three-point perspective. Isometric and axonometric drawing. Principles of light and shadow.  
1302.00

21 Space Planning (3)  
(CSU) 
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Furniture layouts and space planning for residential and commercial interiors.  
1302.00

22 Interior Design Materials (3)  
(CSU) 
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Materials and treatments used in interior design for commercial and residential installations, including new “green” resources.  
1302.00

25 Interior Design Management (2)  
(CSU) 
Hours: 32-36 lecture.  
Grading: Letter grade only.  
Practical course in the special problems encountered in the interior design profession, including measuring and estimating materials, purchasing, client relationships, ethics, methods of compensation, contracts and business documents.  
1302.00

30 Advanced Design Studio (3.5)  
(CSU) 
Hours: 48-54 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Prerequisite: Interior Design 16, 21, and 22.  
Advanced course integrating knowledge, problem solving, and visual and oral communication concerning furniture layouts, space planning, elevations, reflected ceilings, lighting, electrical plans and renderings, selection of interior components and materials, and estimates and scheduling for a residential and a commercial project.  
1302.00

92A-H Special Topics: Interior Design (1.5-6)  
(CSU) 
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special-interest course of varying length for students who wish further exploration in specific areas of interior design. Topics will be determined by instructor and may cover a range of topics relevant to the interior design field. May be taken only four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated.  
1302.00

92LA-H Special Topics Laboratory: Interior Design (1.5-6)  
(CSU) 
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Supervised industry internship in cooperation with private sector design, architectural, and product distribution firms. Provides students expanded, hands-on learning opportunities to apply knowledge and learn new skills, directly related to their program of study, outside of the classroom environment. Placement is arranged by/approved by the instructor. Participation requirements may vary with the job setting.  
1302.00

427 Computer Aided Design for Set and Interior Design (3)  
(Also available as Theatre Arts 427)  
(Degree-applicable) 
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Basic familiarity with Macintosh or Windows computers.  
Computer aided design using professional software, such as AutoCAD, Rivit, Architectural Desktop, and ArchiCAD. Floor plans, furniture layouts, elevations, lighting plans, 3-D perspectives, and renderings. Use of various printers and plotters. May be taken 3 times.  
1302.00

482 Industry Internship: Interior Design (1)  
(Degree-applicable) 
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience.  
Grading: Letter grade only.  
Limitation on Enrollment: Consent of instructor is required prior to registration.  
Prerequisite: Interior Design 30.  
Supervised industry internship in cooperation with private sector design, architectural, and product distribution firms. Provides students expanded, hands-on learning opportunities to apply knowledge and learn new skills, directly related to their program of study, outside of the classroom environment. Placement is arranged by/approved by the instructor. Participation requirements may vary with the job setting.  
1302.00
JOURNALISM (JOUR)

10 Newswriting (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.  
Advisory: Ability to type.  
Principles of writing news stories with emphasis on selecting and organizing information in a clear, accurate, coherent, and concise manner. Fundamentals of correct grammar and spelling are stressed, as well as news copy preparation and format. Five hours of supplemental learning in the newspaper production laboratory is required.  
0602.00

11 Advanced Newswriting and Editing (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
Advisory: Completion of Journalism 10.  
Principles and practice in writing specialized types of magazine and newspaper articles, including features, editorials, and in-depth news and sports events stories. Mastery of fundamental reporting techniques and advanced editing skills are emphasized. Ten hours of supplemental instruction in the newspaper production laboratory is required.  
0602.00

61A,B,C Newspaper Production (1, 2, or 3)  
(CSU)  
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Advisory: Typing and/or computer skills, and the ability to take black-and-white photos.  
Experience in planning, editing, and producing a weekly or bi-weekly newspaper. Students cover campus and community events; write news and feature stories, editorials, reviews, and headlines; edit copy using the departments’ computer for typesetting; typeset copy; take, print, and edit photos; paste up page flats or printing; and distribute finished paper on campus. May be taken four times regardless of the unit combination.  
0602.00

92A-H Special Topics: Journalism (.5-6)  
(CSU)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Prerequisite: Eligibility for Mathematics 25 as determined by the Chaffey assessment process, or completion of Mathematics 430 or 1 year of high school geometry.  
Advisory: Completion of Mathematics 425.  
Topics include: introduction to limits, differentiation and integration in one and several dimensions, optimization, and transcendental functions. May be taken four times regardless of the unit combination. May be prohibited.  
1701.00

92A-H Independent Study: Journalism (1, 2, 3)  
(CSU credit limitations)  
Grading: Letter grade only.  
Prerequisite: Eligibility for Mathematics 25 as determined by the Chaffey assessment process, or completion of Mathematics 425.  
Study of mathematical concepts, targeted primarily to students preparing to teach elementary school mathematics. For such students, this course fulfills the same transfer requirement as MATH-25. Topics include: real number systems and subsystems, patterns and sequences, basic set theory, logic, and mathematical induction. Emphasis is on comprehension of concepts and application of logical reasoning and critical analysis in problem-solving.  
1701.00

MANAGEMENT (MGMT)

(SEE BUSINESS AND BUSINESS: MANAGEMENT)
65A Calculus I (4) [Cx]
(CSU; UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Mathematics 61.
Advisory: Prior experience with a graphing calculator is needed.
Functions, limits, and continuity; differentiation of algebraic, trigonometric, logarithmic, and exponential functions with applications; integration of algebraic, trigonometric, logarithmic, and exponential functions; and the definite integral and some applications, including rectilinear motion and average value. A graphing calculator is required; see instructor for specifics, since CAS-based calculators may be prohibited.
1701.00

65B Calculus II (4) [Cx]
(CSU; UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Mathematics 65A.
Advisory: Prior experience with a graphing calculator is needed.
Applications of the definite integral including area, volume, arc length, surfaces of revolution, work, and centroids of planar regions; differentiation and integration involving hyperbolic, inverse trigonometric and inverse hyperbolic functions; techniques of integration; indeterminate forms and improper integrals; infinite series; conic sections; polar coordinates and parametric equations. A graphing calculator is required; see instructor for specifics, since CAS-based calculators may be prohibited.
1701.00

75 Calculus III (5) [Cx]
(CSU; UC)
Hours: 80-90 lecture.
Grading: Letter grade only.
Prerequisite: Mathematics 65B.
Advisory: Prior experience with a graphing calculator is needed.
Topics include: vectors; lines planes and surfaces in space; cylindrical and spherical coordinates; vector-valued functions; functions of several variables; differential calculus, including partial derivatives, chain rule, directional derivatives, gradients, implicit differential and extreme values; multiple integration; line integrals; surface integrals; Jacobians; vector theory; and theorems of Gauss, Green, and Stokes. A graphing calculator is required; see instructor for specifics, since CAS-based calculators may be prohibited.
1701.00

81 Linear Algebra (4) [Cx]
(CSU; UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Mathematics 75.
Advisory: Prior experience with a graphing calculator is needed.
Systems of linear equations, vectors, matrices and determinants, 2- and 3-dimen- sional vectors, vector spaces, linear transformations, eigenvalues and eigenvectors, and canonical forms.
1701.00

85 Differential Equations (4) [Cx]
(CSU; UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Mathematics 75.
Advisory: Prior experience with a graphing calculator is needed.
Methods of solving ordinary differential equations with applications primarily in the physical sciences. A graphing calculator is required; see instructor for specifics, since CAS-based calculators may be prohibited.
1701.00

90A Mathematics Honors Seminar (1)
(CSU; UC credit limitations)
Hours: 16-18 lecture.
Grading: Letter grade only.
Honors component for Mathematics. Topics of interest are chosen by the instructor and students, and are presented in a seminar format. Prerequisites and/or corequisites are required. May be taken four times with change in topic emphasis.
1701.00

92A-H Special Topics: Mathematics (.5-6)
(CSU; UC credit limitations)
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Special-interest course of varying length for students who wish further exploration in specific areas of mathematics. Topics will be determined by the individual instructor. This course may be taken only four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated. May require corequisites and/or prerequisites based on the content of the course.
1701.00

401 Mathematics for Health Science (1)
(Degree-applicable)
Hours: 16-18 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for Mathematics 410 as determined by the Chaffey assessment process, or completion of Mathematics 520.
Course is targeted to students applying for the Nursing A.D.N. program. Topics include: metric, apothecary, and household systems of measurement; system conversions; adult and child dosages; and calculations involving oral, intravenous, and intramuscular medication administrations.
1701.00

410 Elementary Algebra (4)
(Degree-applicable)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for Mathematics 410 as determined by the Chaffey assessment process, or completion of Mathematics 520.
Fundamental algebraic operations of addition, subtraction, multiplication, and division. Special products and factoring, rational expressions and their operations, solution and application of linear and fractional equations, graphing of linear and quadratic equations in two variables, introduction to radicals and quadratic equations, function notation, and introduction to linear systems of equations.
1701.00

425 Intermediate Algebra (4)
(Degree-applicable)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for Mathematics 425 as determined by the Chaffey assessment process, or completion of Mathematics 410.
More advanced study of the following topics introduced in elementary algebra: factoring, algebraic fractions, equations and inequalities with rational expressions, exponents and radicals, quadratic equations, and equations with radicals. New topics include: absolute value equations and inequalities, quadratic inequalities, applications, graphing of elementary nonlinear functions and conic sections, determining the equation of a line, solving nonlinear one-variable inequalities, complex numbers, composition and inverse of functions, solving linear systems by matrices and determinants, logarithmic and exponential expressions and equations, binomial theorem, summation notation, probability, and sequences and series.
1701.00

430 Geometry (4)
(Degree-applicable)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Mathematics 425.
Deductive reasoning, polygons, triangles, quadrilaterals, circles, parallels, constructions, similarity, volumes and surface areas, elements of analytic geometry, and introduction to trigonometry.
1701.00

504 Basic Operations of Arithmetic (4)
(Non-degree-applicable)
Hours: 48-54 lecture and 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Eligibility for Mathematics 504 as determined by Chaffey assessment process.
Course is targeted to students needing competency in basic arithmetic operations. Topics include place value; rounding off; adding, subtracting, multiplying, and dividing whole numbers; perimeters, areas, and volumes; and introductory concepts of fractions.
1701.00

510 Arithmetic (4)
(Non-degree-applicable)
Hours: 56-63 lecture and 24-27 laboratory.
Grading: Letter grade only.
Prerequisite: Eligibility for Mathematics 510 as determined by the Chaffey assessment process, or completion of Mathematics 504.
Complete study of arithmetic, including operations and applications involving whole numbers, fractions, decimals, ratios, proportions, measurement, percents, and signed numbers. Four hours of supplemental learning in a Success Center that supports this course is required.
1701.00
520 Pre-Algebra (4)  
(Non-degree-applicable)  
Hours: 56-63 lecture and 24-27 laboratory.  
Grading: Letter grade only.  
Prerequisite: Eligibility for Mathematics 520 as determined by the Chaffey assessment process, or completion of Mathematics 510.  
For students preparing for elementary algebra, who are competent in the basic operations of arithmetic, but need review of fractions, decimals, percents, and a preview of the elementary concepts of algebra. Topics include rational number arithmetic, order of operations, Pythagorean theorem, variable expressions, solving linear equations, application problems, graphing linear equations, polynomial operations, and factoring using the Greatest Common Factor.  
1701.00

592LA H Special Topics: Basic Mathematics (.5-6)  
(Non-degree-applicable)  
Hours: 48-54 hours/term self-paced laboratory for each unit of credit.  
Grading: Pass/No Pass grade only.  
Special-interest laboratory course offering specializations in basic mathematics. Topics are determined by the individual instructor and cover a range of basic mathematics subjects/skills. Refer to the instructor syllabus and class schedule for current term emphasis and requirements. May be taken four times regardless of the unit combination, however, no single-subject, special-interest class may be repeated. May have a recommended preparation, or require prerequisites and/or corequisites based on the content of the course.  
1701.00

610 Preparation for the Study of Algebra (0)  
(Non-credit)  
Hours: 25-29 lecture.  
Grading: Pass/No Pass grade only.  
Mathematics review for students whose assessment results indicate placement into Arithmetic or PreAlgebra, and who wish to re-acquire the skills needed to re-assess into a higher level mathematics course. Course focuses on mastery of basic mathematics competencies, including addition/subtraction/multiplication/division, rounding, order of operations, fractions, decimals, ratios, percent, graphing and solving linear equations, exponents and polynomials, roots and radicals.  
1702.00

625 Preparation for the Study of College Algebra (0)  
(Non-credit)  
Hours: 25-29 lecture.  
Grading: Pass/No Pass grade only.  
Mathematics review for students whose assessment results indicate placement into Elementary Algebra and Intermediate Algebra, and who wish to re-acquire the skills needed to re-assess into a higher level mathematics course. Course focuses on mastery of algebra competencies, including: linear equations, inequalities and systems; absolute value equations and inequalities; factoring; rational expressions; radical expressions; quadratic equations and inequalities; graphing of functions; composition and inverse of functions; complex numbers; and logarithmic and exponential expressions and equations.  
1701.00

MULTIMEDIA  
(SEE ART)

MUSIC (MUSIC)  
1 Fundamentals of Music (3) [Cx]  
(CSU; UC credit limitations)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Concurrent enrollment in Music 51A.  
Introduction to developing at an elementary level the basics of sight singing, ear training, reading music, and simple chord structures. Designed for the general college student, the elementary education major, and as an introduction to musicianship. Recommended for the student starting in music with no scholastic music background. Concurrent enrollment in Beginning Piano helpful. Music 1 is not open to students who have credit for Music 3A and 3B.  
1004.00

2A Music History and Literature (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Chronological survey of music in Western culture, encompassing the Medieval through Baroque periods. Origins of Western music up through the era of Johann Sebastian Bach and George Frideric Handel.  
1004.00

2B Music History and Literature (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Chronological survey of music in Western culture, from 1750 to the present. Explores the music of the great composers of the Classical, Romantic, and 20th century eras.  
1004.00

3A Musicianship (4) [Cx]  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Corequisite for music majors and minors: Concurrent enrollment in Music 51A or 51B or satisfactory completion of a piano proficiency examination.  
Basic course for the music major and minor and an elective for the general college student who has the necessary prerequisites. Includes review of fundamentals of notation, structure of diatonic scales, intervals, chords, and study of basic forms.  
Ear training and development of skill in sight singing are emphasized.  
1004.00

3B Musicianship (4) [Cx]  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Corequisite for music majors and minors: Concurrent enrollment in Music 51A or 51B or satisfactory completion of a piano proficiency examination.  
Advisory: Completion of Music 3A and an elementary knowledge of notation.  
Basic course for the music major and minor and an elective for the general college student who has the necessary prerequisites. Includes review of fundamentals of notation, structure of diatonic scales, intervals, chords, and study of basic forms.  
Ear training and development of skill in sight singing are emphasized.  
1004.00

4 Music Appreciation (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Survey of music literature for the non-music major. Designed to enhance listening skills through insights into the structure and style of recorded musical examples. Relates music to the visual arts and philosophies of its time period.  
1004.00

11 Record Production (1.5)  
(CSU)  
Hours: 48-54 studio.  
Grading: Letter grade only.  
Theory and application of contemporary recording concepts and techniques utilizing modern technology in the recording studio. May be taken twice.  
1005.00

12 Electronic Music (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Some keyboard skill and/or experience with electronic components.  
Electronic sound production. Topics include: sound types, sound manipulation, sequencing, Musical Instrument Digital Interface (MIDI), and editing. May be taken twice.  
1004.00

14 Introduction to the Music Business (2) [Cx]  
(CSU)  
Hours: 32-36 lecture.  
Grading: Letter grade only.  
Survey of the music industry, with emphasis on individual career options, roles, and responsibilities. Contracts, relationships, and interaction of song writing, publishing, copyright law, recording, broadcasting, managing, booking, licensing, and merchandising.  
1005.00

21 History of Jazz (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Survey of the development of jazz from its origins in the Afro-American society, through the developmental periods of the various metropolitan areas, to the present-day eclectic style. Includes correlation with sociological influence.  
1004.00
22 History and Survey of Rock Music (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Survey of rock music styles covering their origins, development, and cultural impact. Designed to make students aware of the role of rock music in shaping our society.  
1004.00

26 World Music (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Music and music cultures around the world, focusing on their role(s) in those cultures. Extensive listening and musical vocabulary development to facilitate the discussion and interpretation of the music. Some performance expected.  
1004.00

30 Elementary Class Voice (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Understanding the vocal process and attaining the confidence needed to produce an adequate vocal sound. Study of art songs suited to the beginner and adapted to individual needs, and activities designed to improve ability to sing music at sight. May be taken twice.  
1004.00

32 Concert Choir (2)  
(CSU; UC)  
Hours: 64-72 studio.  
Grading: Letter grade only.  
Limitation on Enrollment: Audition is required at first class meeting to determine ability to match pitches, sing in tune, perform simple rhythms, and carry an assigned part independently.  
Advisory: Previous choral experience is desirable.  
Study and performance of a wide variety of standard and contemporary literature for mixed choirs, both a cappella and accompanied. Primary focus is classical. Emphasis on the development of the ability to carry independently the assigned part and on problems of phrasing, interpretation, diction, breathing, blend, and vocal control. Attendance at public performances is required. May be taken four times.  
1004.00

33 Concert Ensemble Singers (1.5)  
(CSU; UC)  
Hours: 48-54 studio.  
Grading: Letter grade only.  
Limitation on Enrollment: Audition is required first week of class to determine basic music reading ability, tonal memory, independence in carrying an assigned part, ability to sing a chromatic scale accurately for one octave, and ability to blend with other voices.  
Advisory: Concurrent enrollment in Music 32 and previous choral experience.  
Chamber ensemble for the advanced choral musician who is dedicated to high-level performances of the finest vocal chamber literature. Attendance at all public performances is required. May be taken four times.  
1004.00

40 Beginning Guitar (1) [Cx]  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Basic fundamentals which prepare the student for most styles of guitar playing. Emphasis on chording, right-hand technique, and melodic playing, as well as basic music reading. Student must provide own guitar for use in class. May be taken twice.  
1004.00

41 Intermediate Guitar (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Advisory: Completion of Music 40 or the ability to sight-read in the first position. Further exploration of guitar literature and the capabilities of the solo guitar. Student must provide own guitar for use in class. May be taken twice.  
1004.00

51A,B Beginning Class Piano (1-1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Development of the ability to read simple piano scores in the classical literature. Development of a keyboard sense from the standpoint of touch and sound. Major and minor scales, the use of primary chords and their inversions in harmonizing melodies. Some key transposition.  
1004.00

52 Intermediate Piano (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Advisory: Completion of Music 51B.  
Piano literature of second and third levels focusing on differences in historical styles. Extensive sight reading, performance of all major and minor scales, chords, and arpeggios. Some analysis and melodic harmonization. May be taken twice.  
1004.00

53 Studio Piano (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Advisory: Completion of Music 51B.  
Basic contemporary harmony and chording techniques. Performance of popular music in a variety of styles. Reading from lead sheets and construction of song arrangements. Approach to improvisation. May be taken twice.  
1004.00

60 Jazz Band (1.5)  
(CSU; UC)  
Hours: 48-54 studio.  
Grading: Letter grade only.  
Limitation on Enrollment: Intermediate to advanced proficiency on one’s musical instrument, together with the ability to read music is required. Audition on the first day of class on the following instruments: trumpet, trombone, saxophone, bass and bass guitar, keyboards, drums, guitar, and auxiliary percussion.  
Instrumental studio/performance group, emphasizing reading, improvisation and stylistic concepts as they apply to the intermediate/advanced player. In most instances, student is expected to supply his/her own instrument. Attendance at public performances is required. May be taken four times.  
1004.00

62A Beginning Community Concert Band (1.5)  
(CSU; UC)  
Hours: 48-54 studio.  
Grading: Letter grade only.  
Limitation on Enrollment: Audition on the first day of class on any one of the standard band instruments. Basic beginning proficiency required.  
Instrumental music group specializing in training and experience in a wide sampling of band repertoire, through rehearsals and performance. Attendance at on-campus end of semester concert in the theater is required. May be taken four times.  
1004.00

62B Intermediate Community Concert Band (1.5)  
(CSU; UC)  
Hours: 48-54 studio.  
Grading: Letter grade only.  
Prerequisite: Music 62A or acceptance via audition on the first day of class.  
The course is designed for student musicians with a minimum of one year of experience. Open to band students of flute, clarinet, trumpet, trombone, baritone, tuba, saxophone, oboe, bassoon, and percussion. Attendance at on-campus end of semester concert in the theater is required. May be taken four times.  
1004.00

62C Advanced Community Concert Band (1.5)  
(CSU; UC)  
Hours: 48-54 studio.  
Grading: Letter grade only.  
Prerequisite: Music 62B or acceptance via audition/performance for chair placement during the first week of class.  
The course is designed for the advanced band student with a high level of instrumental ability. Open to students of flute, clarinet, trumpet, trombone, baritone, tuba, oboe, bassoon, and percussion. Attendance at on-campus end of semester concert in the theater is required. May be taken four times.  
1004.00

67 Latin Jazz Band (1.5)  
(CSU; UC)  
Hours: 48-54 studio.  
Grading: Letter grade only.  
Limitation on Enrollment: Nominal proficiency on one’s musical instrument and the ability to read some music is required. Audition at the first class meeting.  
Latin, Afro-Cuban, and Latin-Jazz ensemble music with an emphasis on performance. Open to instrumentalists, percussionists, and vocalists. Public performance may be required. May be taken four times.  
1004.00
68 Mariachi Band (1.5) *(CSU; UC)*
Hours: 48-54 studio.
Grading: Letter grade only.
Limitation on Enrollment: Nominal proficiency on one’s musical instrument (including voice). Some music reading for instrumentalists (not including voice) desirable. Audition at the first class meeting.
Instrumental/vocal ensemble emphasizing Mariachi music and its various genres. Indigenous instruments are employed in the ensemble such as the guitarron, vihuela, guitar and jaracho harp as well as the violin, flute, and trumpet. Mandatory attendance at up to two public performances is required. Students must provide own transportation to all public performance venues. May be taken four times. 1004.00

70A Harmony and Intermediate Musicianship (3) *(CSU; UC)*
Hours: 48-54 lecture.
Grading: Letter grade only.
Corequisite: Music 52 or satisfactory completion of keyboard skill proficiency examination. Advisory: Completion of Music 3B and 51B.
Principles of voice leading in diatonic and chromatic harmony, in classical music of the eighteenth and nineteenth centuries. Begins with part-writing of diatonic seventh chords, and progresses to chromatic harmony for voicing secondary function chords. Emphasis on changing keys using diatonic common chords, sequence, common tone, monophonic, and direct modulation. Includes study of binary and ternary forms, and 12-bar blues. 1004.00

70B Harmony and Intermediate Musicianship (3) *(CSU; UC)*
Hours: 48-54 lecture.
Grading: Letter grade only.
Corequisite: Music 52.
Advisory: Completion of Music 70A.
Further study of the principles of voice leading in diatonic and chromatic harmony, in classical music of the eighteenth and nineteenth centuries. Begins with part-writing of diatonic seventh chords, and progresses to chromatic harmony for voicing secondary function chords. Emphasis on changing keys using diatonic common chords, sequence, common tone, monophonic, and direct modulation. Includes study of binary and ternary forms, and 12-bar blues. 1004.00

92A-H Special Topics: Music (1.5-6) *(CSU; UC credit limitations)*
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Special-interest class of varying length, for students who wish to further develop specific areas of music performance and background. Topics determined by the instructor and cover a wide range of interests from listening to performance. May be taken four times regardless of the unit combination, however, no single-subject, special-interest class may be repeated. 1004.00

98A, B, C Independent Study: Music (1, 2, 3) *(CSU and UC credit limitations)*
Grading: Letter grade only.
Limitation on Enrollment: Instructor signature is required for registration.
Special project course designed for the capable, well-motivated student. Each student explores and develops a project or a paper on an area of personal interest in music. Nature and extent of the project must be decided by student and instructor before the student may sign up for the course. Type and extent of the project determines the number of units allowed. May be taken only three times, regardless of the unit combination. 1004.00

501 Music Reading and Music Making (2) *(Non-degree-applicable)*
Hours: 32-36 lecture.
Grading: Pass/No Pass grade only.
Introduction to reading music, music dictation, and sight-singing. Practical experience in performing melodies and rhythms. For beginning instrumental and vocal students, and anyone who wants to learn more about music. Recommended as preparation for music theory. May be taken four times. 1004.00
400L Nursing Assistant Laboratory (2) [Cx]  
(Degree-applicable)  
Hours: 90-108 laboratory.  
Grading: Pass/No Pass grade only.  
Corequisite: Nursing Assistant 400 and 405.  
Clinical application of the basic nursing care required to provide for the hygiene, comfort, and safety needs of clients in long-term health care settings. Focus on roles and responsibilities, knowledge of and adherence to federal and state regulations, demonstration of nursing skills, and practice in effective communications.  
1230.30

405 Nursing Assistant Skills Laboratory (.5) [Cx]  
(Degree-applicable)  
Hours: 24-27 laboratory.  
Grading: Letter grade only.  
Corequisite: Nursing Assistant 400 and 400L.  
Demonstration and student practice of the twenty-eight core skills requiring mastery, in preparation for the state competency evaluation for the California Department of Public Health Services (CDPH) Certified Nurse Assistant (CNA) exam.  
1230.30

420 Home Health Aide (1.5) [Cx]  
(Degree-applicable)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission into the Nursing Assistant program.  
Corequisite: Nursing Assistant 420L.  
Role of the home health aide in providing personal client care in assisted living and home care settings. Topics include: interpretation of medical and social needs of patients, preparation of nutritionally-appropriate meals, assistance with the administration of medication, provision of personal care and cleaning tasks in patient’s homes, and client care status reporting procedures. Course is based on model curriculum developed by the Department of Health Services.  
1230.80

420L Home Health Aide Laboratory (1) [Cx]  
(Degree-applicable)  
Hours: 48-54 laboratory.  
Grading: Pass/No Pass grade only.  
Corequisite: Nursing Assistant 420.  
Clinical application of the care functions required to meet the physical, medical, and social needs of home-care and assisted living clients. Demonstration and practice in providing personal care, preparing food, administering medications, performing basic cleaning of clients’ living environments, and assessing and reporting client status.  
1230.80

450 Professional Development for the Nursing Assistant (1)  
(Degree-applicable)  
Hours: 16-18 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission into the Nursing Assistant program.  
Advisory: Basic computer skills are recommended.  
Development of the interpersonal and professional skills needed by entry-level healthcare providers joining the workforce. Topics include: overview of the healthcare workforce and career ladder, the role of the CNA in the nursing process, critical thinking skills, employment opportunities, résumé preparation, and job interview techniques.  
1230.30

492A-H Special Topics: Nursing Assistant (.5-6)  
(Degree-applicable)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission into the Nursing Assistant program.  
Selected special topics in the Nursing Assistant field, designed to augment the program curriculum or provide additional assistance to enrolled students. May be taken up to four times, for a maximum of 12 units, in any unit combination. No single-subject special interest class may be repeated.  
1230.30

492LA-H Special Topics Laboratory: Nursing Assistant (.5-6)  
(Degree-applicable)  
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission into the Nursing Assistant program.  
Selected laboratory experience in the Nursing Assistant field, designed to augment the program curriculum or provide enrolled students with additional practice in clinical nursing skills. May be taken up to four times, for a maximum of 12 units, in any unit combination. No single-subject special interest class may be repeated.  
1230.30

NURSING: ASSOCIATE DEGREE (NURADN)

Students must apply for admission into the Nursing (A.D.N.) program. See the Programs of Study for information on entrance requirements.

Students enrolled in two corequisite-linked courses (i.e. Nursing A.D.N. 3 and 3L) will have the lower of the two grades earned assigned to both courses when either course grade is less than satisfactory. A minimum grade of “C” in the lecture course and “CR” in the lab course is required to advance in the Nursing A.D.N. program.

3 Transition in Nursing (1.5) [Cx]  
(CSU)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Must be a graduate of a Vocational Nursing School with an active LVN license.  
Corequisite: Nursing A.D.N. 3L.  
Core curriculum of the Associate Degree in Nursing Program, including theories of Maslow and Erickson. Development of critical thinking skills. Utilization of the nursing process, therapeutic communications and skills in client care.  
1230.10

3L Transition in Nursing Laboratory (.5) [Cx]  
(CSU)  
Hours: 24-27 laboratory.  
Grading: Pass/No Pass grade only.  
Limitation on Enrollment: Must be a graduate of a Vocational Nursing School with an active LVN license, or have successfully completed one year of an accredited ADN program of study.  
Corequisite: Nursing A.D.N. 3.  
Application of basic nursing skills in the nursing-skills lab.  
1230.10

6 Clinical Nursing Skills (1.5) [Cx]  
(CSU)  
Hours: 72-81 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission to the Nursing A.D.N. Program.  
Development of the essential components of client care, enabling the practice of safe and effective nursing.  
1230.10

12 Nursing Process I (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission into the Nursing A.D.N. Program  
Corequisite: Nursing A.D.N. 12L.  
Utilization of the nursing process in providing basic care for adult and geriatric clients and their families. Development of beginning client-centered communication, interpersonal relationships, and critical thinking skills.  
1230.10

12L Nursing Process I Laboratory (3.5) [Cx]  
(CSU)  
Hours: 168-189 laboratory.  
Grading: Pass/No Pass grade only.  
Corequisite: Nursing A.D.N. 12.  
Clinical application of the nursing process in providing basic care for adult and geriatric clients and their families. Application of beginning client-centered communication, interpersonal relationships, and critical thinking skills. Clinical application at long-term care and medical-surgical facilities.  
1230.10

13 Mental Health and Psychiatric Nursing (2) [Cx]  
(CSU)  
Hours: 32-36 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission into the Nursing A.D.N. Program.  
Corequisite: Nursing A.D.N. 13L.  
Mental health and psychiatric illness across the life span. Application of client-centered communication and critical thinking skills.  
1230.10

13L Mental Health and Psychiatric Nursing Laboratory (1) [Cx]  
(CSU)  
Hours: 48-54 laboratory.  
Grading: Pass/No Pass grade only.  
Corequisite: Nursing A.D.N. 13.  
Clinical application of psychiatric nursing. Performance of client-centered communication and critical thinking skills at psychiatric and community health facilities.  
1230.10
25 Nursing Process II (3) [Cx] (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Nursing A.D.N. 12.
Corequisite: Nursing A.D.N. 25L.
Nursing care of adults in the hospital environment. Use of the nursing process and critical thinking skills in medical/surgical units. 1230.10

25L Nursing Process II Laboratory (3) [Cx] (CSU)
Hours: 144-162 laboratory.
Grading: Pass/No Pass grade only.
Prerequisite: Nursing A.D.N. 12 and 12L.
Corequisite: Nursing A.D.N. 25.
Nursing care of adults in the hospital environment. Use of the nursing process and critical thinking skills in medical/surgical units. 1230.10

26 Maternal-Newborn Nursing (2) [Cx] (CSU)
Hours: 32-36 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Admission into the Nursing A.D.N. Program.
Corequisite: Nursing A.D.N. 26L.
Nursing care of the child-bearing family. Use of the nursing process and critical thinking skills in perinatology and ambulatory settings, and in selected community agencies. 1230.10

26L Maternal-Newborn Nursing Laboratory (1.5) [Cx] (CSU)
Hours: 72-81 laboratory.
Grading: Pass/No Pass grade only.
Clinical application of maternal-newborn concepts in ambulatory, hospital, and home care settings. 1230.10

34 Nursing Process III (4) [Cx] (CSU)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Nursing A.D.N. 25 and 25L, or Nursing A.D.N. 3 and 3L.
Corequisite: Nursing A.D.N. 34L.
Utilization of the nursing process and management of care for the gerontological, acute, and chronically ill individuals/family. 1230.10

34L Nursing Process III Laboratory (3) [Cx] (CSU)
Hours: 144-162.
Grading: Pass/No Pass grade only.
Corequisite: Nursing A.D.N. 34.
Management of care for the gerontological, acute, and chronically ill individuals and their families. 1230.10

38 Family-Child Nursing (2) [Cx] (CSU)
Hours: 32-36 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Admission into the Nursing A.D.N Program.
Corequisite: Nursing A.D.N. 38L.
Nursing care of infants, children, and adolescents. Use of the nursing process and critical thinking skills in pediatric units and selected community agencies. 1230.10

38L Family-Child Nursing (1.5) [Cx] (CSU)
Hours: 72-81 laboratory.
Grading: Pass/No Pass grade only.
Corequisite: Nursing A.D.N. 38.
Clinical application in the nursing care of infants, children, and adolescents in ambulatory, hospital, and community settings. 1230.10

44 Nursing Process IV (4.5) [Cx] (CSU)
Hours: 72-81 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Admission into the Nursing A.D.N Program.
Corequisite: Nursing A.D.N. 44L.
Nursing management of critically ill clients, family, and groups of clients in high acuity medical surgical and community health settings. 1230.10

44L Nursing Process IV Laboratory (5) [Cx] (CSU)
Hours: 240-270 laboratory.
Grading: Pass/No Pass grade only.
Corequisite: Nursing A.D.N. 44.
Clinical application in the nursing management of critically ill clients, family, and groups of clients in high acuity medical surgical and community health settings. 1230.10

50 Professional Issues in Nursing (1) [Cx] (CSU)
Hours: 16-18 lecture.
Grading: Letter grade only.
Limitation of Enrollment: Admission into the Nursing A.D.N. Program.
Historical contributions, ethics, current health care delivery systems, quality assurance, expanded role of the nurse, political action, continuing education, and health care reform. 1230.10

92A-H Special Topics: Nursing (.5-6) (CSU)
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Limitation of Enrollment: Admission into the Nursing A.D.N. Program.
Individualized courses designed to assist the student in nursing and related fields of study. May be taken four times regardless of unit combination. However, no single-subject, special-interest class may be repeated. 1230.10

92LA-H Special Topics Laboratory: Nursing (.5-6) (CSU)
Hours: 48-54 laboratory hours per unit of credit.
Grading: Letter grade only.
Limitation of Enrollment: Admission into the Nursing A.D.N. Program.
Individualized courses designed to assist the student to demonstrate proficiency in clinical nursing skills. May be taken four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated. 1230.10

96A, B, C, D Cooperative Education: Nursing A.D.N. (1, 2, 3, or 4) (CSU credit limitations)
Hours: 75 hours/term paid on-site work experience for each unit of credit.
Grading: Letter grade only.
Limitation on Enrollment: Completion of at least one semester of the Nursing A.D.N. program in good standing. Both student and work experience must meet the California Board of Registered Nursing work experience education regulations. Students must also meet the following state concurrent enrollment requirement: In the Fall and Spring terms, students taking this work experience course must be enrolled in a total of seven units or more, including this course. In the Summer term, students must be enrolled in at least one other course in addition to this one. Course work at any accredited high school or college may be used to meet this requirement. Work experience in cooperation with clinical agencies. Provides expanded learning opportunities directly related to the student's clinical experience. May be taken 5 times for a maximum of 16 units. 1230.10

403 Pathophysiology for Nursing (3) [Cx] (Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Admission into a nursing (A.D.N. or V.N.) program or equivalent.
Advisory: Completion of Biology 22.
Mechanisms of disease processes, the resultant structural and functional changes, and the effects of these dysfunctional changes on the body as they relate to nursing practice. The use of the Nursing Process in prevention, evaluation and treatment of disease outcomes within the scope of nursing practice. 1230.10

412 Thinking Strategies for Nursing Practice (2) [Cx] (Degree-applicable)
Hours: 32-36 lecture.
Grading: Letter grade only.
Advisory: Concurrent enrollment in Nursing A.D.N. 12L.
Increase effectiveness in clinical decision-making. Application of thinking strategies in the health care setting. 1230.10
422 Priority Setting and Decision-Making Strategies (2) [Cx]
(Degree-applicable)
Hours: 32-36 lecture.
Grading: Letter grade only.
Advisory: Concurrent enrollment in Nursing A.D.N. 25L.
Developed for intermediate nursing students to enhance prioritizing and clinical decision making skills.
423 Clinical Problem Solving (2) [Cx]
(Degree-applicable)
Hours: 32-36 lecture.
Grading: Letter grade only.
Advisory: Concurrent enrollment in Nursing A.D.N. 34L.
Development of thinking strategies used in clinical practice, focusing on assessing and analyzing complex nursing situations in various settings.
423 Advanced Clinical Problem Solving (2) [Cx]
(Degree-applicable)
Hours: 32-36 lecture.
Grading: Letter grade only.
Advisory: Concurrent enrollment in Nursing A.D.N. 44L.
Develop the creative critical thinking strategies essential in clinical practice. Learn to recognize patterns, set priorities, generate hypotheses, make predictions, and evaluate outcomes. Assess and analyze increasingly complex nursing situations, some involving legal and ethical dilemmas, in various settings.
470 Nursing Seminar (1)
(Degree-applicable)
Hours: 16-18 lecture.
Grading: Letter grade only.
Professional issues related to nursing student’s work experience. May be taken four times.

NURSING: VOCATIONAL (NURVN)

Students must apply for admission into the Vocational Nursing program. See the Programs of Study for information on entrance requirements.

Students enrolled in two corequisite-linked courses (i.e. Nursing: Vocational 403 and 403L) will have the lower of the two grades earned assigned to both courses when either course grade is less than a satisfactory. A minimum grade of “C” in the lecture course and “CR” in the lab course is required to advance in the Vocational Nursing program.

401 Foundations of Vocational Nursing Practice (2)
(Degree-applicable)
Hours: 32-36 lecture.
Grading: Letter grade only.
Advisory: Placement at the Reading Proficient level as determined by the Chaffey assessment process or completion of Reading 1, and eligibility for MATH-410 as determined by the Chaffey assessment process or completion of Mathematics 520.
Examination of the health care delivery system and the role of the vocational nurse as a member of the health care team. Discussion of the history of nursing and the ethical and legal responsibilities of the vocational nurse. Introduction to the nursing process as a critical thinking tool. Examination of the impact of cultural diversity on vocational nursing practice. Introduction to the policies and expectations of the vocational nursing program and an exploration of strategies for successful program completion.

403 Fundamentals of Nursing (3) [Cx]
(Degree-applicable)
Hours: 57 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Acceptance into the Vocational Nursing program.
Corequisite: Nursing: Vocational 403L.
Fundamental principles and techniques necessary for the beginning vocational nursing student to provide basic nursing care to patients. Leadership focus on the VN role, responsibilities, and skills in extended-care clinical and home settings. Students select and use appropriate components of the nursing process and Maslow’s Hierarchy of Needs to promote health, hygiene, nutrition, rest/sleep, safety, relief of pain, and meet the mobility, bowel/bladder, respiratory, sexual, spiritual, psychosocial, and self-esteem needs of adult and geriatric patients. Study of loss/grief concepts, health and disease, stress adaptation, and therapeutic communication styles is included. Includes twelve hours of related pharmacology content.

403L Fundamentals of Nursing Laboratory (2)
(Degree-applicable)
Hours: 108 laboratory.
Grading: Pass/No Pass grade only.
Corequisite: Nursing: Vocational 403.
Discussion, demonstration, and application of nursing theory, principles, and effective communication techniques. Using the nursing process and developmental theories as a framework, students provide care for adult and geriatric patients in home, acute, and extended-care clinical settings. Focus on medication administration and patient status reporting.

405 Beginning Medical-Surgical Nursing (4) [Cx]
(Degree-applicable)
Hours: 72 lecture.
Grading: Letter grade only.
Prerequisite: Nursing: Vocational 403 and 403L.
Corequisite: Nursing: Vocational 405L.
Nursing care of adult patients in the hospital/clinical setting. Utilization of the nursing process as a framework for providing care to patients with musculoskeletal, genitourinary, integumentary, and gastrointestinal disorders. Includes twelve hours of related pharmacology content.

405L Beginning Medical-Surgical Nursing Laboratory (3)
(Degree-applicable)
Hours: 158 laboratory.
Grading: Pass/No Pass grade only.
Prerequisite: Nursing: Vocational 403 and 403L.
Corequisite: Nursing: Vocational 405L.
Discussion, demonstration, and application of the nursing process and developmental theory to the care of adult patients with diseases and disorders of the musculoskeletal, integumentary, genitourinary, and gastrointestinal systems in the clinical setting.

407 Nursing Skills/Clinical Simulation Laboratory (1)
(Degree-applicable)
Hours: 54 laboratory.
Grading: Pass/No Pass grade only.
Limitation on Enrollment: Acceptance into the Vocational Nursing program.
Application of theoretical concepts to nursing skills performance in a skills laboratory setting. Participation in simulated clinical experiences using high-fidelity patient care simulators. May be taken three times.

409 Intermediate Medical Surgical Nursing (4) [Cx]
(Degree-applicable)
Hours: 72 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the first semester VN curriculum or equivalent.
Prerequisite: Nursing: Vocational 405 and 405L.
Corequisite: Nursing: Vocational 409L.
Discussion, demonstration, and application of the nursing process and developmental theory to the care of adult patients with diseases and disorders of the cardiac, respiratory, and endocrine systems. Includes 12 hours of related pharmacology content.

409L Intermediate Medical Surgical Nursing Laboratory (3)
(Degree-applicable)
Hours: 158 laboratory.
Grading: Pass/No Pass grade only.
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the first semester VN curriculum or equivalent.
Prerequisite: Nursing: Vocational-405 and 405L.
Corequisite: Nursing: Vocational 409L.
Nursing care of adult patients in the hospital/clinical setting. Utilization of the nursing process as a framework for providing care to patients with cardiac, respiratory, and endocrine disorders.
411 Advanced Medical-Surgical Nursing (7) [Cx]  
(Degree-applicable)  
Hours: 126 lecture. 
Grading: Letter grade only. 
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the second semester VN curriculum or equivalent. 
Prerequisite: Nursing: Vocational 409 and 409L. 
Corequisite: Nursing: Vocational 411L. 
Discussion, demonstration, and application of the nursing process and developmental theory to the care of adult patients with diseases and disorders of the reproductive, hematologic and immune systems. Emergency nursing and care of the patient with cancer is also emphasized. Includes 12 hours of related pharmacology content. 1230.20

411L Advanced Medical-Surgical Nursing Laboratory (3)  
(Degree-applicable)  
Hours: 162 laboratory. 
Grading: Pass/No Pass grade only. 
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the second semester VN curriculum or equivalent. 
Prerequisite: Nursing: Vocational 409 and 409L. 
Corequisite: Nursing: Vocational 411L. 
Nursing care of adult patients in the hospital/clinical setting. Utilization of the nursing process as a framework for providing care to patients with reproductive, hematologic and immunologic disorders. Care of the patient with cancer, and of patients with emergency and traumatic disorders is also emphasized. 1230.20

413 Leadership for the Vocational Nurse (3) [Cx]  
(Degree-applicable)  
Hours: 54 lecture. 
Grading: Letter grade only. 
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the second semester VN curriculum or equivalent. 
Prerequisite: Nursing: Vocational 409 and 409L. 
Corequisite: Nursing: Vocational 413L. 
Leadership skills, capabilities, and knowledge essential to the vocational nurse including roles and responsibilities, application of the nursing process to problem solving methods, and supervision and evaluation of the effectiveness and quality of care. Managerial traits, styles, roles, and models are explored. 1230.20

413L Leadership for the Vocational Nurse Laboratory (2)  
(Degree-applicable)  
Hours: 108 laboratory. 
Grading: Pass/No Pass grade only. 
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the second semester VN curriculum or equivalent. 
Corequisite: Nursing: Vocational 413L. 
Clinical application of leadership skills, capabilities, and knowledge essential to the vocational nurse including roles and responsibilities, application of the nursing process to problem solving methods, and supervision and evaluation of the effectiveness and quality of care. 1230.20

415A Growth/Development: Psychology Adult-Geriatric (1) [Cx]  
(Degree-applicable)  
Hours: 18 lecture. 
Grading: Letter grade only. 
Limitation on Enrollment: Acceptance into the Vocational Nursing program. 
Stages of growth and development, behavior, and characteristics of the adult and elderly. Influences of and differences between the theories of Freud, Erikson, Piaget, Kohlberg, and Maslow. Theories and perspectives of mental health nursing. 1230.20

415B Growth and Development of the Child (1) [Cx]  
(Degree-applicable)  
Hours: 18 lecture. 
Grading: Letter grade only. 
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the first semester of the VN curriculum or equivalent. 
Prerequisite: Nursing: Vocational 415A. 
Stages of growth and development, behavior, and characteristics of the child. Influences of and differences between the theories of Freud, Erikson, Piaget, Kohlberg, and Maslow. Theories and perspectives of mental health nursing as it relates to the care of children and adolescents. 1230.20

417A Critical Thinking and the Nursing Process I (1) [Cx]  
(Degree-applicable)  
Hours: 18 lecture. 
Grading: Letter grade only. 
Advisory: Acceptance into the Vocational Nursing program. 
Increase effectiveness of everyday health care decision-making. Application of critical thinking skills in the health care setting. Introduction to care planning and utilization of the nursing process in clinical decision-making. 1230.20

417B Critical Thinking and the Nursing Process II (1) [Cx]  
(Degree-applicable)  
Hours: 18 lecture. 
Grading: Letter grade only. 
Limitation on Enrollment: Acceptance into the Vocational Nursing program. 
Application of advanced critical thinking skills in the health care setting. Advanced concepts in the development of a plan of care and in clinical decision-making. 1230.20

421 Maternal and Child Health Nursing (4) [Cx]  
(Degree-applicable)  
Hours: 72 lecture. 
Grading: Letter grade only. 
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the first semester of the VN curriculum or equivalent. 
Corequisite: Nursing: Vocational 421L. 
Nursing care of mothers, newborns, and children in both health and illness, using Maslow’s theory of human needs to guide the plan of care. 1230.20

421L Maternal and Child Health Nursing Lab (2)  
(Degree-applicable)  
Hours: 108 laboratory. 
Grading: Pass/No Pass grade only. 
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the first semester of the VN curriculum or equivalent. 
Corequisite: Nursing: Vocational 421L. 
Nursing care of mothers, newborns, and children in the clinical setting, in both health and illness, using Maslow’s theory of human needs to guide the plan of care. 1230.20

492LA-H Special Topics Laboratory: Vocational Nursing (1.5-6)  
(Degree-applicable)  
Hours: 48-54 hours/term self-paced laboratory for each unit of credit. 
Grading: Pass/No Pass grade only. 
Individualized self-paced course designed to assist the student to participate in specialized programs or projects. 1230.20

500 NCLEX Review for VN Licensure Examination (2)  
(Non-degree-applicable)  
Hours: 32-36 lecture. 
Grading: Pass/No Pass grade only. 
Limitation on Enrollment: Proof of completion of an accredited vocational nursing program within the past 5 years, or completion of licensure application packets and 54 hours of pharmacology, or eligibility for licensure through work experience or education is required. 
Overview of common diseases with treatment modalities using the nursing process. Review of over 300 questions with rationale for answers. Test taking techniques and preparation for the computerized NCLEX examination. Taking this course does not guarantee passing of the NCLEX examination. May be taken three times. 1230.20
Nutrition and Food (NF)
(Also see Consumer Studies)

Students enrolled in two corequisite-linked courses that consist of one lecture and one lab course (i.e., Nutrition and Food 470 and 470L), will receive the lower of the two grades earned in these courses, for both courses, when either course grade is less than satisfactory. A minimum grade of "C" in both the lecture and laboratory courses is required for successful completion.

5 Nutrition for Life (3) (CSU: UC)
Hours: 48-54 lecture.
Grading: Letter grade only. Essentials of nutrition as they relate to diet, health and disease, risk-reduction, stress, and nutritional deficiencies. Topics include: developments and discoveries in the field of nutrition, nutrients essential for human health, disease consequence and prevention, eating disorders, obesity, dieting, nutritional fads and fallacies, vitamins and supplements, and changing nutritional needs across the lifespan. Use of sound consumer nutritional information in the development of an individual health plan. 1301.00

11 Food Service Management Supervision (3) (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only. Advisory: Completion of Nutrition and Food 470. Aspects of food service management supervision. Role of the supervisor/manager in developing personnel programs and establishing workable labor-management relationships. Additional topics include: job descriptions, hiring practices, training procedures, advancement programs, and delegation of responsibility. 1307.10

15 Nutrition I: The Science of Nutrition (3) (CSU: UC)
Hours: 48-54 lecture.
Grading: Letter grade only. Introduction to the science of nutrition and its implications for human health. Topics include: essential macro- and micro-nutrients, basic dietary guidelines, evaluation of published nutritional information, and changing nutritional needs throughout the lifecycle. 1306.00

19 Nutrition II: Modified Diets (3) (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only. Prerequisite: Nutrition and Food 5 or 15. Advisory: Concurrent enrollment in Nutrition and Food 470. The study of therapeutic diets and the principles of nutrition as related to special physical conditions. Screening and assessment techniques used by health care professionals. 1306.00

22 Nutrition and the Active Person (3) (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only. Introduction to sports nutrition as related to the nutritional needs of all individuals interested in physical fitness, from the serious athlete to the more leisurely active person. Topics include the study of basic nutrition, disease prevention, methods for increasing cardiovascular endurance, weight control, increasing strength and flexibility, and stress management through the components of diet and fitness. 1306.00

25 Culture and Nutrition (3) (CSU: UC)
Hours: 48-54 lecture.
Grading: Letter grade only. Exploration of cultural, religious, and lifestyle characteristics that impact nutrition choices. Topics include: human nutritional needs, food myths, cultural taboos, religious beliefs, social and environmental influences on unique cuisines and eating customs, controversies surrounding use of biotechnology in food production, politics and food availability, and the history and health effects of under-nutrition in world populations. 1306.00

27 Healthy Cooking (2) (CSU)
Hours: 32-36 lecture.
Grading: Letter grade only. Techniques of planning and preparing nutritious foods, incorporating lower levels of fat, cholesterol, and sodium into meals. Emphasis is on healthy food selection as a lifestyle. 1301.00

421 Nutrition III: Nutrition Care (2) (Degree-applicable)
Hours: 32-36 lecture.
Grading: Letter grade only. Prerequisite: Nutrition and Food 15 and 19. Introduction to the work of the Dietetic Technician and the attendant responsibilities as a member of the nutrition care component of the health care team. Topics include: techniques of communication, evaluation of nutrition histories, progress reports, and counseling. 1306.00

423 Nutrition IV: Advanced Nutrition Care (2) (Degree-applicable)
Hours: 32-36 lecture.
Grading: Letter grade only. Advisory: Completion of Nutrition and Food 15, 19, and 421. Nutrition care in the health care setting. Communication techniques of counseling, nutrition education, and assessment of patient/client nutritional status. 1306.00

470 Dietetic Service Supervisor (1) (Degree-applicable)
Hours: 16-18 lecture.
Grading: Letter grade only. Limitation on Enrollment: Proof of a negative tuberculosis test within the past 12 months is required. Corequisite: Nutrition and Food 470L, and a minimum of four additional units of Nutrition and Food curriculum. Supervisory and management roles in the professional health care setting. Topics include: nutrition screening, nutritional status assessment of patientsclients with varying medical conditions, menu planning, purchasing, food production management, modified diets, health care management, supervision, and training. Sociocultural factors and individual differences of clients/patients/resident population are considered. May be taken three times. 1306.20

470L Dietetic Service Supervisor: Supervised Clinical Laboratory (1) (Degree-applicable)
Hours: 48-54 laboratory.
Grading: Letter grade only. Limitation on Enrollment: Proof of a negative tuberculosis test within the past 12 months is required. Corequisite: Nutrition and Food 470 and a minimum of four additional units of Nutrition and Food curriculum. Practical experience in practice and live clinical situations. Application of dietetic principles and practices, communication skills, record keeping, patient/client screening and assessment, adherence to Federal and State regulations, and essential management functions. May be taken four times. 1306.20

480 Dietetic Technician Seminar (2) (Degree-applicable)
Hours: 32-36 lecture.
Grading: Letter grade only. Limitation on Enrollment: Proof of a negative tuberculosis test within the past 12 months is required. Corequisite: Nutrition and Food 470 (may be taken previously), and Nutrition and Food 480L plus a minimum of four additional units in Nutrition and Food curriculum (must be taken concurrently). Roles and responsibilities of the dietetic technician in the professional health care setting. Topics include: nutritional screening and assessment, charting and vocabulary, safety and sanitation standards, menu planning, purchasing, food production management, modified diets, health care management, supervision, and training. Sociocultural factors and individual differences of clients/patients/resident population are considered. Course meets the Commission and Accreditation of Dietetic Education (CADE) requirements, and (with the corequisite course) helps prepare students to take the externally administered national registration exam of the American Dietetic Association. May be taken three times. 1306.60
PHARMACY TECHNICIAN (PHARMT)

Students enrolled in two corequisite-linked courses consisting of one lecture and one lab course (i.e. Pharmacy Technician 420 and 420L) will receive the lower of the two grades earned in these courses, for both courses, when either course grade is less than satisfactory. Minimum grades of “C” in both the lecture the lab components are required to advance in the Pharmacy Technician program.

400 Introduction to Pharmacy Technology (2) (Degree-applicable)
Hours: 32-36 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Student must attend a mandatory program orientation.
Duties and responsibilities of a pharmacy technician. Topics include: basic medical and pharmaceutical terminology, professional ethics, legal requirements, employer expectations, effective communication skills; orientation to pharmacology, and the requirements for state licensure.
1221.00

401 Pharmacology of the Body Systems I (3) (Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Student must attend a mandatory program orientation.
Fundamentals of pharmacology, and the use and side effects of prescription medications, nonprescription medications, and alternative therapies (e.g. herbal products, dietary supplements, homeopathy, and lifestyle modification) commonly used to treat diseases affecting human integumentary, endocrine, gastrointestinal, and nervous systems. Pharmacology of antibiotics, antivirals, and antifungals. Introduces the related medical terms and standard abbreviations used in pharmacy practice.
1221.00

402 Pharmacology of the Body Systems II (3) (Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Student must attend a mandatory program orientation.
Fundamentals of pharmacology and the use and side effects of prescription medications, nonprescription medications, and alternative therapies (e.g. herbal products, dietary supplements, homeopathy, and lifestyle modification) commonly used to treat diseases affecting human musculoskeletal, respiratory, genitourinary, cardiovascular, and the special senses. Introduces the related medical terms and standard abbreviations used in pharmacy practice.
1221.00

405 Sterile Products (2) (Degree-applicable)
Hours: 32-36 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Student must attend a mandatory program orientation.
Basic concepts of aseptic techniques as they apply to the pharmacy technician. Focus on the use of laminar flow hoods and the proper handling and disposal of needles, syringes, and other supplies used in the preparation/compounding of sterile pharmacy products. Properties of antiseptics and antimicrobials used in maintenance of pharmacy equipment. Quality assurance processes and applicable governing laws, regulations, and standards, including <USP797>.
1221.00

415 Pharmaceutical Calculations (2) (Degree-applicable)
Hours: 32-36 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Admission to the Pharmacy Technician program.
Prerequisite: Eligibility for Math 410 as determined by the Chaffey assessment process, or completion of Math 520.
Basic and advanced calculations used in pharmacies. Practical application of metric, apothecary, avoirdupois, and household systems of measurements, including percent solution, allegations, reduction and enlargement of formulas, and ratio strength. Conversions between systems of pharmacy measurements; calculation of oral dosages for adult and pediatric patients, and calculations unique to intravenous medications. Preparation of outpatient and inpatient prescription orders using appropriate pharmacy calculations.
1221.00

420 Community Pharmacy Operations (3) (Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Admission to the Pharmacy Technician program.
Corequisite: Pharmacy Technician 420L.
Duties and responsibilities of the pharmacy technician working in an ambulatory setting. Emphasized topics include: inventory receipt and control; prescription and medication orders screening; computerized prescription processing; medical insurance payment procedures; patient information confidentiality and relevant regulatory, legal, and ethical issues; extemporaneous compounding principles; over-the-counter drug indications and contraindications, and effective customer relations.
1221.00

420L Community Pharmacy Operations Laboratory (0.5) (Degree-applicable)
Hours: 24-27 laboratory.
Grading: Letter grade only.
Corequisite: Pharmacy Technician 420.
Application and practice of the knowledge, concepts, and skills acquired in the corequisite course that are needed to operate effectively in an ambulatory setting.
1221.00

430 Institutional Pharmacy Operations (3) (Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Admission to the Pharmacy Technician program.
Corequisite: Pharmacy Technician 430L.
Duties and responsibilities of the pharmacy technician working in an institutional setting. Emphasized topics include: aseptic technique; use and maintenance of laminar flow hoods; IV admixture and Total Parenteral Nutrition preparation; materials management; inpatient oral medication distribution systems; institutional organization and function; and relevant legal and ethical issues. Students develop the knowledge and skills required to work with pharmacists, other clinical staff, and patients.
1221.00

430L Institutional Pharmacy Operations Laboratory (0.5) (Degree-applicable)
Hours: 24-27 laboratory.
Grading: Letter grade only.
Corequisite: Pharmacy Technician 430.
Application and practice of the knowledge, concepts, and skills acquired in the corequisite course that are needed to operate effectively in an institutional setting.
1221.00
482 Clinical Externship (4)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Concurrent enrollment requirement. In the Fall and Spring terms, students taking this course must be enrolled in at least one other course in addition to this one. Work experience in cooperation with local institutional (hospital, long-term care facility, etc.) and community (retail, chain drugstores, etc.) pharmacies. Students apply knowledge and skills through unpaid employment, solidifying knowledge and expanding capabilities acquired in classroom and clinical experiences. Placement is by the instructor.
1221.00

492A-H Special Topics: Pharmacy Technician (.5-6)
(Degree-applicable)
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Limitation on Enrollment: Admission to the Pharmacy Technician program.
Selected special topics in the Pharmacy Technician field, designed to augment the program curriculum or provide additional assistance to enrolled students. May be taken up to four times, for a maximum of 12 units, in any unit combination. No single-subject special interest class may be repeated.
1221.00

PHILOSOPHY (PHIL)

70 Introduction to Philosophy (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.
Introductory study of questions and ideas pondered by philosophy’s great thinkers. Topics include problems of knowledge (epistemology), the nature of reality (metaphysics), issues of values, aesthetics, religion (axiology), and social/political influences.
1509.00

72 Seminar in Ethics (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.
Seminar for the study of ethics with emphasis on personal, social, and political values. May be offered as an Honors course.
1509.00

73 Seminar in Contemporary American Philosophy (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Philosophy 70, and eligibility for English 1A as determined by the Chaffey assessment process or completion of English 450 or English as a Second Language 450.
The role of philosophies in the creation of and solution to the problems we face in contemporary American society. Emphasis on leading American thinkers in the areas of aesthetics, political and social theory, scientific thought, religious philosophy, and ethics.
1509.00

75 Introduction to Symbolic Logic (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of English 1A and Philosophy 76.
An introduction to symbolic methods of reasoning, covering sentential logic and predicate logic. Students translate ordinary language sentences and arguments into symbolic form and evaluate symbolized arguments using Truth Tables, Truth Trees and Natural Deduction.
1509.00

76 Critical Thinking (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Eligibility for English 1A.
Exploration of the underlying structure of argument and the role of sound reasoning in the investigation of claims. Analysis of inductive and deductive argument reasoning, distinction of fact from opinion and belief from knowledge, identification of formal and informal fallacies, and application of learned skills to realistic life problems.
1509.00

77 History of Philosophy: Ancient to Medieval (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.
A survey of the major figures and ideas of Western philosophy from Pre-Socrates to Descartes, including Plato, Aristotle, Augustine, Maimonides, Averroes, Aquinas, and others. May be offered as an Honors course.
1509.00

78 History of Philosophy: Modern (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.
A survey of the major philosophers and ideas from Descartes to the 19th century, including Kant, Locke, Hume, Nietzsche, Kierkegaard, and others. May be offered as an Honors course.
1509.00

80 Introduction to Religion (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.
Exploration into the philosophies of religion and their intellectual, cultural, and personal expressions.
1510.00

81 Introduction to Eastern Philosophy (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.
Survey of the philosophies and practices of Hinduism, Buddhism, Confucianism, and Taoism, and their influences in contemporary society.
1510.00

82 Introduction to Monotheistic Religions: Judaism/Christianity/Islam (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.
The origins and manifestations for the Jewish, Christian, and Muslim belief systems.
1510.00

92A-H Special Topics: Philosophy (.5-6)
(CSU; UC credit limitations)
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Special-interest course of varying length for students who wish further exploration in specific areas of philosophy. Topics will be determined by the individual instructor. This course may be taken only four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated. May require corequisites and/or prerequisites based on the content of the course.
1509.00
PHOTOGRAPHY (PHOTO)

1 History of Photography (3) [Cx]  
(CSU: UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
History and appreciation of photography as a medium of artistic and social communication. May be offered as an Honors course.  
1011.00

7 Introduction to Digital Photography (4) [Cx]  
(CSU: UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Introduction to the principles of digital photography. Emphasis on issues in photography in the context of art, mass media, and media history, using digital cameras, software such as Photoshop and digital printing. Students must furnish an adjustable digital camera.  
1012.00

9 Digital Imaging (4) [Cx]  
(CSU: UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Introduction to digital photography. Emphasis on issues in photography and the creative potential of imaging software used by visual artists. Students establish familiarity with output devices, hardware, and software such as Adobe Photoshop. The creation of digital art is examined within the framework of current issues in art and culture. May be taken three times.  
1012.00

10 Beginning Photography (4) [Cx]  
(CSU: UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Introduction to the principles of traditional photography, emphasizing the role of cameras and photographic images in art, mass media, and media history. Introduction to the basic principles of black-and-white photography including darkroom experience. Students must furnish an adjustable non-digital camera.  
1012.00

11 Intermediate Photography (4) [Cx]  
(CSU)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Photography 10.  
Continuation of the principles learned in Photography 10 with more advanced problems. Student must furnish an adjustable camera. May be taken three times.  
1012.00

12 Studio Lighting (4) [Cx]  
(CSU)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Photography 7 or 10.  
Introduction to the use of studio equipment and lighting techniques. Topics include portrait, still life, advertising, and art photography. Students must furnish an adjustable camera. May be taken three times.  
1012.00

13 Fine Art Photography (4)  
(CSU: UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Photography 10 or 7.  
Students explore photography as an art form. The focus will be on contemporary issues in art photography. Emphasis on students making photographic artwork. May be taken three times.  
1012.00

20 Photography for Publications (4) [Cx]  
(CSU)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Photography 7 or 10.  
Theory and practice of photographing people and locations for commercial and promotional purposes. Selection and use of equipment, set-ups, lighting, directing, presentation, and simple business practices are explored. Students produce a portfolio of projects, and must supply an adjustable camera for use in the course.  
1012.00

50 Introduction to Color Photography (4)  
(CSU)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Photography 7.  
Advisory: Completion of Photography 9  
Basic background in the aesthetics, history, theory, techniques, and materials of color photography. Students must furnish an adjustable digital camera. May be taken three times.  
1012.00

70 Museum and Gallery Field Study  (1)  
(Also available as Art 70 and Humanities 70)  
(CSU)  
Hours: 16-18 lecture.  
Grading: Letter grade only.  
Advisory: Completion of any art or photography course.  
Issues in contemporary art, photography, art history, and photo history are investigated through direct observation of museum and gallery exhibitions. Readings, research, and class discussion provide the foundation for student understanding and analysis of art (including drawing, painting, photography, mixed media, sculpture, installation, and new media) in a museum setting. Field trips are a required part of this course. May be taken four times.  
1011.00

77 Photography Laboratory (1)  
(CSU)  
Hours: 24-27 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Corequisite: PHOTO-10 (may be taken previously)  
Open laboratory for the current photography student who wishes to increase skills through the use of the photo-lab facility. May be taken four times.  
1012.00

80 Specialized Study in Photography (1)  
(CSU)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Corequisite: PHOTO-10 (may be taken previously)  
Students pursue specialized study of selected photographic topics/themes and refinement of conceptual photographic images. Term project subject and scope are determined by instructor and student in relationship to each student’s area of study. Focus is on building a portfolio in preparation for transfer. May be taken four times with change in topic/theme (with approval of instructor, expansion upon an existing project is permitted).  
1011.00

90A.B Photography Honors Seminar (1)  
(CSU: UC credit limitations)  
Hours: 16-18 lecture.  
Grading: Letter grade only.  
Honors component for Photography. Topics of interest are chosen by the instructor and students, and are presented in a seminar format. Prerequisites and/or corequisites are required. May be taken four times with change in topic emphasis.  
1011.00

98A,B,C Independent Study: Philosophy (1, 2, or 3)  
(CSU and UC credit limitations)  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration.  
Special project course designed for the capable, well-motivated student. Each student explores and develops a project or a paper on an area of personal interest. Nature and extent of the project must be decided by student and instructor before the student may sign up for the course. Type and extent of the project determines the number of units allowed. May be attempted only three times, regardless of the unit combination.  
1509.00

99A,B,C Independent Study: Art (1, 2, or 3)  
(CSU and UC credit limitations)  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration.  
Special project course designed for the capable, well-motivated student. Each student explores and develops a project or a paper on an area of personal interest. Nature and extent of the project must be decided by student and instructor before the student may sign up for the course. Type and extent of the project determines the number of units allowed. May be attempted only three times, regardless of the unit combination.  
1509.00

21 Public Relations and Communications Photography (2) [Cx]  
(CSU)  
Hours: 24-27 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Prerequisite: Photography 7 or 10.  
Theory and practice of photographing people and locations for commercial and promotional purposes. Selection and use of equipment, set-ups, lighting, directing, presentation, and simple business practices are explored. Students produce a portfolio of projects, and must supply an adjustable camera for use in the course.  
1012.00
92A-H Special Topics: Photography (.5-6)
(CSU)
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Special-interest lecture course for students who wish an introduction to a particular aspect of photography for personal use or leisure activity. May be skill-oriented or informational. Topics vary and are determined by the instructor; see the class schedule for current term emphases. May be taken four times regardless of the unit combination, however, no single-subject, special-interest class may be repeated. May require corequisites and/or prerequisites based on the content of the course. 1012.00

92LA-H Special Topics Laboratory: Photography (.5-6)
(CSU)
Hours: 48-54 laboratory hours per unit of credit.
Grading: Letter grade only.
Special-interest laboratory course for students who wish an introduction to a particular aspect of photography for personal use or leisure activity. May be skill-oriented or informational. Topics vary and are determined by the instructor; see the class schedule for current term emphases. May be taken four times regardless of the unit combination, however, no single-subject, special-interest class may be repeated. May require corequisites and/or prerequisites based on the content of the course. 1012.00

422 Wedding Photography (2) [Cx]
(Degree-applicable)
Hours: 24-27 lecture; 24-27 laboratory.
Grading: Letter grade only.
Prerequisite: Photography 7 or 10.
Theory and practice in the basic techniques of wedding photography. Combining artistic vision with the use of light, composition and subject posing to produce creative images. Appropriate selection and use of cameras, lenses, filters, lighting, and special effects are explored, as well as business presentations and sales strategies. May be taken three times. 1012.00

477 Photography Laboratory II (1)
(Degree-applicable)
Hours: 48-54 laboratory.
Grading: Letter grade only.
Corequisite: Photo 10, 11, 12, 13, 20, 21, 50, or 422.
Open laboratory for the current photography student who wishes to increase skills through the use of the photo-lab facility. May be taken four times. 1012.00

**Physical Education: Activity (PEACT)**

Courses 1-99: (CSU; UC credit limitations)

All Activity courses are letter grade only.

Cluster repeatability: Students are limited to four (4) enrollments in any combination of courses within a designated cluster regardless of individual course unit values.

- PEACT-1, PEACT-2, (Tennis)
- PEACT-16, PEACT-17 (Volleyball)
- PEACT-22, PEACT-23 (Soccer)
- PEACT-26, PEACT-27 (Body Conditioning)
- PEACT-32, PEACT-33 (Karate)

1 Beginning Tennis (1)
Hours: 48-54 laboratory.
Emphasis on court etiquette, history, and fundamental skills for tennis including singles and doubles play, so that students may participate in a lifetime activity. Fundamental instruction includes serving, forehand, backhand, volley shots, and game strategy. May be taken four times. 0835.10

2 Advanced Tennis (1)
Hours: 48-54 laboratory.
Rules, court etiquette, history, and advanced skills of tennis. 0835.10

3 Badminton (1)
Hours: 48-54 laboratory.
Rules, etiquette, history, and fundamental skills for badminton. 0835.10

5 Beginning Golf (1)
Hours: 48-54 laboratory.
Basic skills and course etiquette of golf. 0835.10

9 Swimming (1)
Hours: 48-54 laboratory.
Basic skills and safety precautions for swimming. Several different strokes are taught according to skill levels. 0835.10

12 Bowling (1)
Hours: 48-54 laboratory.
Basic skills, rules, and etiquette of bowling. 0835.10

14 Archery (1)
Hours: 48-54 laboratory.
Basic skills, rules, and etiquette of archery. 0835.10

16 Volleyball (1)
Hours: 48-54 laboratory.
Course emphasizes rules, strategy, and basic volleyball skill development such as setting, digging, serving, spiking and team strategies. 0835.10

17 Advanced Volleyball (1)
Hours: 48-54 laboratory.
Advisory: Previous volleyball experience.
Advanced volleyball skills with emphasis on strategy, skills, and complex offensive and defensive schemes. 0835.10

20 Basketball (1)
Hours: 48-54 laboratory.
Rules, court etiquette, basic offensive and defensive positions, and basic passing and dribbling techniques of basketball. 0835.10

22 Soccer (1)
Hours: 48-54 laboratory.
Introduction to the game of soccer, with emphasis on information and practice in the skills of kicking, trapping, shooting, passing, rules, and basic tactics. Class is suitable for both beginners and students who have played soccer. 0835.10

23 Intermediate Soccer (1)
Hours: 48-54 laboratory.
Advisory: Completion of Physical Education: Activity 22 or 22A.
Designed for players with basic soccer playing skills and understanding of the game, who wish to improve their playing abilities. 0835.10

24 Low Impact Aerobics (1)
Hours: 48-54 laboratory.
High energy aerobic exercises to improve overall cardiovascular fitness including muscle strength and endurance, flexibility, and body composition. The use of step benches, medicine balls, hand weights, and flex bands along with discussions of health related topics. 0835.10

25 Spinning for Fitness (1)
Hours: 48-54 laboratory.
Use of indoor cycling bikes for improving overall physical fitness and health. Students develop a safe and efficient spinning program designed to meet their fitness goals. Suitable for both genders and all fitness levels. 0835.10

26 Body Conditioning: Cardio/Weight Training (1)
Hours: 48-54 laboratory.
Evaluation of total body fitness and study of body mechanics in everyday activities. Establishing fitness goals and developing appropriate exercise fitness routines to build strength, endurance, and flexibility. 0835.10

27 Advanced Body Conditioning: Cardio/Weight Training (1)
Hours: 48-54 laboratory.
Advanced cardio and weight training. Builds upon the fundamentals of biomechanics and exercise covered in Physical Education: Activity 26, including explosive training defined as plyometrics and Olympic training, and advanced multi-joint strength training using flexibility and cardio strength training. 0835.10

28 Yoga (1)
Hours: 48-54 laboratory.
Breath, postures, and relaxation techniques to improve health and fitness levels of the mind and body. Emphasis on gaining flexibility, muscle strength, endurance, and coordination through the physical postures. Relaxation techniques incorporated for stress reduction and mental calm. 0835.10
31 Introduction to Self-Defense and Personal Safety (1)
Hours: 48-54 laboratory.
Beginning and foundation course in personal safety. Basic martial arts techniques for self-defense. Material covers safety and defense in a technical and practical framework. Focus on normal life and violence in society. 0835.10

32 Karate and Athletic Conditioning I (1)
Hours: 48-54 laboratory.
Advisory: Previous martial arts experience, athletic training in a sport skill, or athletic conditioning.
Skill development, coordination, strength and mobility in basic karate technique with application of athletic conditioning and training methodology. 0835.10

35 Cardio Fitness for Life (1)
Hours: 48-54 laboratory.
Walking or running for physical health, muscular strength, fitness, weight control, and general well-being. Students develop a personalized fitness program with the assistance of the instructor, allowing them to work at their own pace. Focus includes both cardiovascular efficiency and muscular strength. Suitable for all ages and fitness levels. May be taken 4 times. 0835.10

50 Baseball Fundamentals (1)
Hours: 48-54 laboratory.
Advisory: Previous baseball experience.
Designed for players with basic baseball playing skills and understanding of the game, who wish to improve their skill levels. Topics include: proper swing motion technique, performance enhancement drills, game strategies, and safety issues. 0835.10

92LA-H Special Topics Lab: Physical Education (.5-6)
Hours: 48-54 laboratory hours per unit of credit.
Special-interest course of varying length for students who wish further exploration in specific areas of physical education. Topics will be determined by the individual instructor. May be taken four times regardless of the unit combination, however, no single-subject, special-interest class may be repeated. May require corequisites and/or prerequisites based on the content of the course. 0835.10

**PHYSICAL EDUCATION: LECTURE (PELEC)**

2 Introduction to Athletic Training (3) (CSU; UC)
Hours: 40-45 lecture: 24-27 laboratory.
Grading: Letter grade only.
Advisory: Possession of current first-aid and cardiopulmonary resuscitation cards.
Principles and knowledge necessary to provide fundamental health care for athletics for those not directly involved with sports medicine. Supplements first-aid background while stressing a preventive approach. 0835.00

11 Football Video Analysis (2) (CSU; UC)
Hours: 32-36 lecture.
Grading: Letter grade only.
Comprehensive video review of football techniques by football coaches. Video tape from four-year colleges, community colleges, and high schools will be reviewed and analyzed. For physical education majors who want to coach football. May be taken twice. 0835.60

12 Principles and Practices of Officiating Team Sports (3) (Cx) (CSU; UC credit limitations)
Hours: 48-54 lecture.
Grading: Letter grade only.
Study of the principles of officiating in team sports, including interpretation of rules and analysis of good mechanics of officiating. Brief history and research of the sport to seek aids to better officiating. 0835.00

13 Professional Activities: Coaching Team Sports (3) (Cx) (CSU; UC credit limitations)
Hours: 48-54 lecture.
Grading: Letter grade only.
Information and experience for prospective players, coaches, and teachers. Introduction to the physical, mental, and emotional aspects of playing and coaching competitive sports. 0835.60

14 Lifeguard Training (3) [Cx] (CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Ability to swim 500 yards continuously using each of the following strokes for at least 100 yards: crawl, breaststroke, sidestroke, tread water for two minutes using legs only, and submerge to a depth of seven feet and return a ten pound object to the surface.
Designed primarily for special-interest groups responsible for preventing water accidents and making water rescues. Information and practice to develop functional water rescues and accident prevention required by lifeguard crews. Upon successful completion of this course, students receive the following certificates:
• American Red Cross Lifeguard Training
• American Red Cross Standard First Aid
• American Red Cross CPR for the Professional Rescuer 0835.70

15 Diet and Fitness (3) (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
A lifestyle approach to fitness, including the study of nutrition, disease prevention, increased cardiovascular endurance, increased strength, flexibility, stress management, and considerations of aging on the body. 0835.00

16 First Aid (3) (CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Students should be able to work in confined spaces and in different positions (e.g. on the ground or the floor).
Prepares the participant to make appropriate decisions in an emergency situation to help sustain life, reduce pain, and minimize the consequence of sudden injury or illness until more advanced medical help can arrive. Covers course triage, professional CPR for adult, child and infant; use of automated external defibrillators, OSHA guidelines for the isolation of blood-borne pathogens in the workplace; open/closed wounds; broken bones; drowning; childbirth; and spinal injuries. Those who successfully complete this course, will be awarded an American Red Cross certificate qualifying the holder to be entered into the National American Red Cross database and be called upon in the case of disasters. Holders of the certificate are also qualified to work at first aid stations at public events such as sporting events, concerts and parades. 0835.00

17 First Aid and Emergency Response to Community Disasters (3) (CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Ability to swim 500 yards continuously using each of the following strokes for at least 100 yards: crawl, breaststroke, sidestroke, tread water for two minutes using legs only, and submerge to a depth of seven feet and return a ten pound object to the surface.
Prepares the participant to make appropriate decisions in an emergency situation to help sustain life, reduce pain, and minimize the consequence of sudden injury or illness until more advanced medical help can arrive. Covers course triage, professional CPR for adult, child and infant; use of automated external defibrillators, OSHA guidelines for the isolation of blood-borne pathogens in the workplace; open/closed wounds; broken bones; drowning; childbirth; and spinal injuries. Those who successfully complete this course, will be awarded an American Red Cross certificate qualifying the holder to be entered into the National American Red Cross database and be called upon in the case of disasters. Holders of the certificate are also qualified to work at first aid stations at public events such as sporting events, concerts and parades. 0835.00

18 Introduction to Kinesiology (3) (CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Survey of the discipline of Kinesiology, including physical activity, pedagogy, motor behavior, sport and exercise psychology, biomechanics, and the physiology of physical activity. Introduces students to various physical activity professions typically pursued by Kinesiology students and assists them in making early career decisions. 0835.00

24 Biomechanics (3) (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Biology 20.
An introductory study of anatomical and mechanical analysis of motion as it pertains to exercise and sport. Students will study muscles, joints, bones, nerves and muscle analysis of movement patterns. 0835.20
PHYSICAL EDUCATION: TEAM (PETEAM)

For all Physical Education Team courses:
- Letter grade only.
- CSU: UC credit limitations (except PETEAM-16 and 36 which are CSU only).
- Open-entry/open-exit activity (except PETEAM-83 and 84).
- May be taken 4 times (except PETEAM 83 and 84 which may be taken twice), and Intercollegiate Physical Education Team courses PETEAM-41 through 59 (which may be taken four times, however athletes may only compete in two seasons).

Cluster repeatability: Students are limited to four (4) enrollments in any combination of courses within a designated cluster regardless of individual course unit values.

- PETEAM-16, PETEAM-36 (Dance/Spirit Team)

1A Football Team Activity, Offense (1) Hours: 48-54 laboratory.
Advisory: Competitive football background is recommended.
Information and practice in the development of football basic offensive skills and techniques. Primarily intended for students who wish to compete in the sport of football, but is open to all.
0835.10

1B Football Team Activity, Defense (1) Hours: 48-54 laboratory.
Advisory: Competitive football background is recommended.
Information and practice in the development of football basic defensive skills and techniques. Primarily intended for students who wish to compete in the sport of football, but is open to all.
0835.10

2 Volleyball Team Activity, Women (1) Hours: 48-54 laboratory.
Advisory: Competitive volleyball background is recommended.
Designed for women interested in learning competitive volleyball and joining the women's intercollegiate team.
0835.10

3 Basketball Team Activity, Women (1) Hours: 48-54 laboratory.
Focus on history, conditioning, rules, and fundamental skills needed for competitive women's basketball.
0835.10

4 Softball Team Activity, Women (1) Hours: 48-54 laboratory.
Limitation on Enrollment: Competitive softball experience is required.
Overall development of basic skills and knowledge needed for competitive women's softball play.
0835.10

5 Water Polo Team Activity, Men (1) Hours: 48-54 laboratory.
Limitation on Enrollment: Water polo experience or possession of an advanced swimming certificate is required.
Rules, etiquette, history, and advanced skills of water polo, designed for the prospective men's water polo team participant.
0835.10

6 Basketball Team Activity, Men (1) Hours: 48-54 laboratory.
Advisory: Competitive basketball background is recommended.
Designed for men interested in playing competitive men's basketball.
0835.10

7 Baseball Team Activity, Men (1) Hours: 48-54 laboratory.
Limitation on Enrollment: Competitive baseball experience is required.
Designed for men interested in learning to play competitive baseball at the college level.
0835.10

9 Water Polo Team Activity, Women (1) Hours: 48-54 laboratory.
Limitation on Enrollment: Water polo experience or possession of an advanced swimming certificate is required.
Rules, etiquette, history, and advanced skills of water polo. Course is designed for prospective women's water polo team participants.
0835.10

11 Swimming Team Activity, Men and Women (1) Hours: 48-54 laboratory.
Limitation on Enrollment: Above average swimming ability is required.
Rules and fundamental skills involved in competitive swimming strokes. Designed for students interested in competitive swimming.
0835.10

12 Track and Field Team Activity, Men (1) Hours: 48-54 laboratory.
Advisory: Competitive track and/or field background is recommended.
Specific experience in track and field. Emphasis on fundamental theory and basic skills. Designed for men interested in competitive track and field events at the college level.
0835.10

13 Track and Field Team Activity, Women (1) Hours: 48-54 laboratory.
Advisory: Competitive track and/or field background is recommended.
Specific experience in track and field. Emphasis on fundamental theory and basic skills. Designed for women interested in competitive track and field events at the college level.
0835.10

14 Soccer Team Activity, Men (1) Hours: 48-54 laboratory.
Advisory: Competitive soccer background is recommended.
Information and practice to develop basic soccer skills, techniques, and strategies. Designed for men interested in playing competitive soccer at the college level.
0835.10

15 Soccer Team Activity, Women (1) Hours: 48-54 laboratory.
Advisory: Competitive soccer background is recommended.
Information and practice to develop basic soccer skills, techniques, and strategies. Designed for women interested in playing competitive soccer at the college level.
0835.10

16 Dance/Spirit Team (1) (replaces Dance 410) Hours: 48-54 laboratory.
Limitation on Enrollment: Admission is by audition.
Advisory: Previous dance training is recommended.
Development of performance skills, focusing on Hip Hop and Jazz style techniques. Course is for students who will represent the college at football and basketball games, national dance competitions, and community events. Emphasis on competition-level performance skills, as well as dance team protocol and etiquette. May be taken four times.
0835.10

27 Baseball Team Class, Men (2) Hours: 96-108 laboratory
Limitation on Enrollment: Competitive baseball background is required.
Designed for men interested in playing competitive baseball at the college level. Primarily for men who wish to compete in the intercollegiate sport of baseball, but is open to all.
0835.10
Limitation on Enrollment: Retention based on successful tryout.
Advisory: Previous dance training is recommended.
Development of performance skills, focusing on Hip Hop and Jazz style techniques, for dance team members representing the college at sporting events, national competitions, and community events. Emphasis on competition-level performance skills, as well as dance team protocol and etiquette. May be taken four times.

**Hours for Physical Education (Intercollegiate) Team 41 through 59:** 175 laboratory hours arranged per sports season.

41 Intercollegiate Football (2)
Advisory: Competitive football background.
Basic and advanced skills for competing in football contests. Information and daily practice to develop a high level of proficiency in football skills and techniques.

42 Intercollegiate Volleyball Team, Women (2)
Opportunity for women to compete at the intercollegiate level in volleyball.

43 Intercollegiate Basketball Team, Women (2)
Opportunity for women to compete at the intercollegiate level in basketball.

44 Intercollegiate Softball Team, Women (2)
Opportunity for women to compete at the intercollegiate level in softball.

45 Intercollegiate Water Polo Team, Men (2)
Limitation on Enrollment: Water polo experience or above average swimming ability is required. Competitive intercollegiate water polo team involving skills and knowledge of all aspects of competitive play.

46 Intercollegiate Basketball Team, Men (2)
Opportunity for men to compete at the intercollegiate level in basketball.

47 Intercollegiate Baseball Team, Men (2)
Opportunity for men to compete at the intercollegiate level in baseball.

51 Intercollegiate Swimming Team, Men and Women (2)
Advisory: Above average swimming ability.
Opportunity for men and women to compete at the intercollegiate level in swimming.

52 Intercollegiate Track and Field Team, Men (2)
Opportunity for men to compete at the intercollegiate level in track and field events.

53 Intercollegiate Track and Field Team, Women (2)
Opportunity for women to compete at the intercollegiate level in track and field events.

54 Intercollegiate Soccer Team, Men (2)
Opportunity for men to compete at the intercollegiate level in soccer.

55 Intercollegiate Soccer Team, Women (2)
Opportunity for women to compete at the intercollegiate level in soccer.

56 Intercollegiate Basketball Team, Women (1)
(replaces Physical Education: Team 43)
Limitation on Enrollment: Retention based on successful tryout.
Opportunity for women to compete at the intercollegiate level in basketball. Information and daily practice to develop a high level of proficiency in basketball skills and techniques.

57 Intercollegiate Basketball Team, Men (1)
(replaces Physical Education: Team 46)
Limitation on Enrollment: Retention based on successful tryout.
Opportunity for men to compete at the intercollegiate level in basketball. Information and daily practice to develop a high level of proficiency in basketball skills and techniques.

59 Intercollegiate Water Polo Team, Women (2)
Limitation on Enrollment: Water polo experience or above average swimming ability is required. Competitive intercollegiate women's water polo team, involving skills and knowledge of all aspects of competitive play.

**Hours for Physical Education Team 80, 81, and 82:** 48-54 self-paced laboratory

80 Weights and Conditioning for Athletes (In-Season) (1)
Advisory: Concurrent or previous enrollment in any Physical Education: Team course.
Safety and proper use of weight training equipment. Performing sport-specific drills and exercises necessary for proper conditioning for competitive athletes. Designed for in-season athletes competing at the intercollegiate level.

81 Weights and Conditioning for Athletes (Off-Season) (1)
Advisory: Concurrent or previous enrollment in any Physical Education: Team course.
Safety and proper use of weight training equipment. Performing sport-specific drills and exercises necessary for proper conditioning for competitive athletes. Designed for off-season athletes competing at the intercollegiate level.

82 Weights and Conditioning for Athletes (Out-of-Season) (1)
Advisory: Concurrent or previous enrollment in any Physical Education: Team course.
Safety and proper use of weight training equipment. Performing sport-specific drills and exercises necessary for proper conditioning for competitive athletes. Designed for out-of-season athletes competing at the intercollegiate level.

83 Strength and Conditioning for Athletes (In-Season) (2)
Advisory: Concurrent or previous enrollment in any Physical Education: Team course.
Advanced sport-specific drills and exercises designed for in-season athletes. Exercise routines increase strength, speed, flexibility, and conditioning to enhance athletic performance. Pre-and rehabilitative prescriptions are individually tailored and provided by the instructor. May be taken twice.

84 Strength and Conditioning for Athletes (Off-Season) (2)
Advisory: Concurrent or previous enrollment in any Physical Education: Team course.
Advanced sport-specific drills and exercises designed for off-season athletes. Increased volume, intensity, frequency, and duration of specific activities improve strength, speed, flexibility, and overall conditioning, to enhance athletic performance. Exercises are prescribed by the instructor and are tailored to the physical demands of each sport and individuals’ capabilities. May be taken twice.

**PHYSICAL SCIENCE (PHSCI)**

10 Survey of Chemistry and Physics (4)
(CSU; UC)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Eligibility for Mathematics 425 as determined by the Chaffey assessment process, or completion of Mathematics 410. Introduction to the principles of physics and chemistry. Topics include: motion, forms of energy, electricity, magnetism, waves, electromagnetic radiation, atomic structure, bonding, phases of matter, pH and nuclear chemistry, acids and bases, and solutions. Course is recommended for liberal studies majors and future teachers.

1901.00

**PHYSICS (PHYS)**

5 The Ideas of Physics (3)
(CSU; UC credit limitations)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for Mathematics 425 as determined by the Chaffey assessment process, or completion of Mathematics 410. Basic concepts of mass, force, and Newton’s Laws of Motion will be covered, as well as work, energy, atoms, temperature, heat, waves, light, electricity, magnetism, and radioactivity. Introduction to physics for students not majoring in a science or in engineering.

1902.00
6 The Ideas of Physics Laboratory (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Prerequisite: Physics 5 (may be taken previously)  
Introduction to physics laboratory, for students not majoring in a science or in engineering. Experiments with some of the lecture concepts may include: measurement, free fall, vector addition and components, springs, centripetal force, kinetic energy, gravitational potential energy, conservation of momentum, and Archimedes' principle.  
Grading: Letter grade only.

20A College Physics I (4) [Cx]  
(CSU; UC credit limitations)  
Hours: 48-54 lecture; 48-54 laboratory.  
Prerequisite: Mathematics 31, and Physics 5 or 44 or one year of high school physics.  
Course is designed for students majoring in a life or medical science, or engineering technology, whose university major does not require calculus-based physics. Position, velocity, and acceleration of objects are described using vectors. The concepts of mass, force, Newton's Laws of Motion, momentum, impulse, work, energy, and power are used to describe straight-line motion, projectile motion, circular motion, collisions, explosions, and vibration. Rotational motion includes torque, moment of inertia, angular momentum, and static equilibrium.  
Grading: Letter grade only.

20B College Physics II (4) [Cx]  
(CSU; UC credit limitations)  
Hours: 48-54 lecture; 48-54 laboratory.  
Prerequisite: Physics 20A.  
Course is designed for students majoring in a life or medical science, or engineering technology, whose university major does not require calculus-based physics. Topics include: simple harmonic motion, static fluids and fluid flow, zeroth, first and second laws of thermodynamics, sound waves, electric force and field, electric potential energy, magnetic force and field, electric potential, capacitance, resistance, electromotive force, magnetic force and field, Faraday's Law, inductors, LC circuits, and LOR circuits – impedance and power factor.  
Grading: Letter grade only.

30A Physics for the Medical and Life Sciences I (4) [Cx]  
(CSU; UC credit limitations)  
Hours: 48-54 lecture; 48-54 laboratory.  
Prerequisite: Physics 5 or 44 or one year of high-school physics.  
Corequisite: Mathematics 65A.  
Course is designed for students majoring in a life or medical science, or engineering technology, whose university major requires calculus-based physics. Position, velocity, and acceleration of objects are described using vectors. The concepts of mass, force, Newton's Laws of Motion, momentum, impulse, work, energy, and power are used to describe straight-line motion, projectile motion, circular motion, collisions, and explosions. Rotational motion includes torque, moment of inertia, angular momentum, and static equilibrium. Differential calculus is used to describe velocity and acceleration, and in presenting the laws of conservation of momentum and conservation of angular momentum.  
Grading: Letter grade only.

30B Physics for the Medical and Life Sciences II (4) [Cx]  
(CSU; UC credit limitations)  
Hours: 48-54 lecture; 48-54 laboratory.  
Prerequisite: Physics 30A.  
Course is designed for students majoring in a life or medical science, or engineering technology, whose university major requires calculus-based physics. Simple harmonic motion in spring-mass systems and pendula, fluid properties as explained by Archimedes' principle and Bernoulli's equation. Thermodynamics, including temperature, heat and heat transfer, ideal gas law, and the differential form of the first and second laws of thermodynamics. Electricity and magnetism, including electric force and field, electric potential energy, potential, capacitance, resistance, electromotive force, magnetic force and field, and Faraday's Law. Inductors, with induced electromotive force presented as a derivative of flux. Power, intensity and loudness of sound waves. Interference, diffraction, and geometrical optics of light waves.  
Grading: Letter grade only.

44 Introduction to Motion (4)  
(CSU; UC credit limitations)  
Hours: 48-54 lecture; 48-54 laboratory.  
Prerequisite: Mathematics 61.  
Introduction to mechanics for students majoring in a physical science or engineering. Position, velocity, and acceleration of objects are described using vectors. Concepts of mass, force, Newton's Laws of Motion, momentum, and impulse are used to describe straight line motion, projectile motion, circular motion, collisions, and explosions. In the laboratory, microcomputers with motion detectors and force probes are used to study the concepts of velocity and acceleration, and Newton's Laws of Motion. Graphical representation of motion - velocity-time graphs, acceleration-time graphs, and force-time graphs – is emphasized.  
Grading: Letter grade only.

45 Physics for Scientists and Engineers I (5)  
(CSU; UC credit limitations)  
Hours: 64-72 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Physics 44 and Mathematics 65A.  
For students majoring in a physical science or engineering. Position, velocity, and acceleration of objects described using vectors. Concepts of mass, force, Newton's Laws of Motion momentum, and impulse used to describe straight-line motion, projectile motion, circular motion, collisions, explosions, and vibration. Work, kinetic energy, potential energies, thermal energy, and power. Conservation of energy. Forces and pressures in static and moving fluids. Rotational motion includes torque, moment of inertia, angular momentum, angular kinetic energy, and static equilibrium.  
Grading: Letter grade only.

46 Physics for Scientists and Engineers II (5)  
(CSU; UC credit limitations)  
Hours: 64-72 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Physics 45 and Mathematics 65B.  
For students majoring in a physical science or engineering. Electromagnetic concepts: electric force – Coulomb's Law, electric field, Gauss' Law, electric potential energy, electric potential, capacitance, resistance, electromotive force, power, meters, RC circuits, magnetic field, magnetic force - cyclotrons, Amperes' Law, Faraday's Law, inductors, LC circuits, and LOR circuits – impedance and power factor.  
Grading: Letter grade only.

47 Physics for Scientists and Engineers III (5)  
(CSU; UC credit limitations)  
Hours: 64-72 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Physics 46.  
For students majoring in a physical science or engineering. Topics include: first and second laws of thermodynamics, heat engines, sound wave intensity, Doppler effect, light waves – interference and diffraction, optics – refraction, lenses, images, special relativity, energy levels in the hydrogen atom, and spectrum of the hydrogen atom.  
Grading: Letter grade only.

92LA-H Special Topics Laboratory: Physics (.5-6)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Special-interest course of varying length for students who wish further exploration in specific areas of physics. Topics will be determined by the instructor. May be taken four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated. May require corequisites and/or prerequisites based on the content of the course.  
Grading: Letter grade only.

POLITICAL SCIENCE (P5)

1 American Politics (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of English 1A.  
Study of the American political process and institutions. Topics include: social and political institutions, major American linkage institutions, the politics of public policy, the struggle of under-represented groups for equality, and other current problems. Analysis of the organization and function of California’s state and local governments. May be offered as an Honors course.  
Grading: Letter grade only.

2 Introduction to Political Science (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of English 1A.  
Use of methods and concepts to analyze political institutions, behavior, cultures, and ideologies. Various political systems (American and non-American) and the factors that lead to stability, change, and revolution. May be offered as an Honors course.
3 California Politics and Culture (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of English 1A.
State, county, and municipal government with an emphasis on California’s unique heritage, culture, people, and politics. Issues such as economic and class conflict, immigration and ethnic-cultural influences, and problems in urban government in the 21st century are examined.

4 Political Theory (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of English 1A.
Introduction to the philosophical underpinnings of historical and contemporary political systems. Analysis of theoretical concepts including the nature of justice, power, freedom, and democracy. Views of theorists such as Plato, Machiavelli, and Marx are examined.

7 International Relations (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of English 1A.
Survey of historical and contemporary international relations. Examination of key IR theories and research methodologies, international security, the global economy, international law and organizations (e.g. UN, WTO), and non-traditional issues of human security – global poverty, pandemics, environment and resource management, and NGOs. Emphases on the foreign policies of major states, areas of conflict and tension, and various aspects of globalization.

10 Comparative Politics (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of English 1A.
Introduction to the study of comparative politics by analyzing the political systems of select industrialized democracies, current/former communist states, and developing states. Focus on each state’s unique ideological, social, economic, and historical factors and an examination of how these factors impact their governments and politics. In addition to surveying democratic and non-democratic systems of government, emphasis on the process of democratization.

11 Gender and American Politics (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Study of American politics at the national, state and local levels with an emphasis on the role of gender. Examination of women’s participation in American politics from the perspective of each of the American linkage institutions (executive, legislative and judicial), federalism, public policy, as well as the organization and function of California’s state and local governments. NOTE: Students who have completed PS-1 will not receive credit for PS-11.

21 Urban Politics (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Eligibility for English 450 as determined by the Chaffey assessment process, or completion of English 550.
Analysis of the politics of urban and suburban areas in the United States, other industrialized countries, and the Third World. Important issues such as unemployment, poverty, racism, and the impact of economic change will be examined.

25 Latino Politics (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of English 1A.
Examination of Latino politics. Topics include: political influence, civil rights, discrimination, immigration, affirmative action, assimilation, acculturation, citizenship, political efficacy, voting affiliations and tendencies, diversity within the Latino community, and contemporary political issues affecting Latinos. Special emphasis on the growing political and economic impact of Latinos on the local, state, national, and international levels.

32 Law and Society (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of English 1A.
Analysis of law, its functions, cultural variations, legal theories of justice, and law as a tool of social change. A comparative analysis of Western and Third World legal systems will also be made.

92A-H Special Topics: Political Science (.5-6)
(CSU; UC credit limitations)
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Special-interest course of varying length for students who wish further exploration in specific areas of political science. Topics will be determined by the individual instructor. This course may be taken only four times regardless of the unit combination. However, no single-subject, special-interest class may be repeated. May require corequisites and/or prerequisites based on the content of the course.

PSYCHOLOGY (PSYCH)

1 Introduction to Psychology (3) [Cx]
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Guidance 2.
Survey of psychology, including research methods, history and systems, lifespan, perception, learning and memory, cognition, psychological disorders and treatment, social behavior, and brain mechanisms in behavior and consciousness. May be offered as an Honors course.

5 Personal and Social Awareness (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Psychology 1.
Factors affecting personal and social awareness and formal and informal means of assessing them. Sessions are interactive, incorporating perspectives drawn from the various schools of psychological thought and the experiences of individuals in the class.

20 Developmental Psychology: Childhood and Adolescence (3)
(CSU; UC credit limitations)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Psychology 1.
Study of human development from conception through adolescence. The physical, social and cognitive development of the growing child and adolescent are examined in light of contemporary research and theory.

21 Developmental Psychology: Adulthood and Aging (3)
(CSU; UC credit limitations)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Psychology 1.
Study of the psychology of human development in adulthood with particular emphasis on biological and social influences. Environmental, cognitive, social, and physical changes are examined in light of contemporary research and theory. Designed to help persons of all ages understand the aging process from a biopsychosocial perspective.

25 Developmental Psychology: Lifespan Development (3)
(CSU; UC credit limitations)
Hours: 48-54 lecture.
Grading: Letter grade only.
An overview of human development from conception through aging with particular emphasis on biological and environmental influences. Social, cognitive and physical changes in the growing child, adolescent and adult are examined in light of contemporary research and theory.
41 Biological Psychology (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Psychology 1.  
Study of the biological basis of behavior. Topics include: basic neuroanatomy and neurophysiology; neurophysiological mechanisms in movement, sensation, perception, learning, memory, emotion, psychological disorders, language, and consciousness; scientific method as applied in the brain sciences; brain evolution; and the effects of discoveries in the neurosciences on modern views of human nature and theories of mind.  
2001.00

45 Psychoactive Drugs: The Chemistry of Consciousness (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Psychology 1.  
The major classes of psychoactive drugs, their subjective effects, and the mechanisms of their actions on the brain. Basic concepts in nerve cell physiology and brain structure and function, requisite for an understanding of drug actions.  
2001.00

55 Abnormal Psychology (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Psychology 1.  
Introduction to psychopathology. Disorders of sensation, perception, emotions, and thinking, and their nature, causes, and effects on life. Analysis of attempts at alleviation, helping therapies, and problem intervention.  
2001.00

65 Social Psychology (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Psychology 1.  
Study of human behavior from the perspective of interaction and socialization. Introduction to methods and content of social psychology with emphasis on social behavior in small and large groups, interpersonal relations, attitudes and beliefs, persuasion, and social influence.  
2001.00

80 Research Methods in Psychology (4)  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Psychology 1 and Social Science 10.  
Survey of research methods currently used in psychology: archival, naturalistic observation, case study, survey, and field and laboratory experiments. Designed for the psychology major and others who require familiarity with such research techniques. Emphasis on student participation in conducting research and analyzing data.  
2001.00

90A Psychology Honors Seminar (1)  
(CSU; UC credit limitations)  
Hours: 16-18 lecture.  
Grading: Letter grade only.  
Honors component for Psychology. Topics of interest are chosen by the instructor and students, and are presented in a seminar format. Prerequisites and/or corequisites are required. May be taken four times with change in topic emphasis.  
2001.00

92A-H Special Topics: Psychology (.5-6)  
(CSU; UC credit limitations)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
For those students who would like to explore certain special areas of psychology in greater depth. Wide variety of topics offered, with the particular emphasis left up to the instructor. May be taken twice, however, the emphasis must be different each time.  
2001.00

98A,B,C Independent Study: Psychology (1, 2, 3)  
(CSU and UC credit limitations)  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration. Special project course designed for the capable, well-motivated student. Each student explores and develops a project or a paper on an area of personal interest in Psychology. Nature and extent of the project must be decided by student and instructor before the student may sign up for the course. Type and extent of the project determines the number of units allowed. May be taken only four times, regardless of the unit combination.  
2001.00

430 Health Psychology (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Health psychology, including historical and contemporary research and practice. Understanding of behaviors affecting health, including risks for cardiovascular disease, cancer, and other diseases. Psychological management of pain and chronic illness. Strategies for increasing adherence to healthy lifestyle behaviors.  
2001.00

---

**Radiologic Technology (RADTEC)**

**Students must apply for admission to the Radiologic Technology program and must pay for a physical examination.**

10 Anatomy and Radiographic Positioning I (3)  
(CSU)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission to the Radiologic Technology program. Corequisite: Radiologic Technology 10L.  
Comprehensive study of radiographic positioning of the chest, upper extremity, lower extremity, shoulder girdle, pelvic girdles, abdomen, and urinary system. Emphasis on associated anatomy, radiographic image evaluation, communication, patient care and safety. Provides the knowledge base necessary to perform standard radiographic procedures. Consideration is given to radiation protection and the production of images of optimal diagnostic quality. Laboratory experience complements the didactic portion.  
2011.00

10L Laboratory for Anatomy and Radiographic Positioning I (1)  
(CSU)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Discussion, application, demonstration, role-play and timed simulated procedure evaluations for positioning of the chest, upper extremity, lower extremity, shoulder girdle, pelvic girdles, abdomen, and urinary system. Emphasis on associated anatomy, radiation protection, patient communication and effective interaction and communication with patient/family. Radiographic images are evaluated for appropriate anatomy, image quality and radiation protection according to standard criteria.  
2011.00

16 Medical Procedures for Radiologic Technologists (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission to the Radiologic Technology program. Corequisite: Radiologic Technology 16L.  
Overview of radiography’s foundations and the practitioner’s role in the health care delivery system, to include radiology’s history, legal terminology, concepts, principles, professional responsibilities, and safety. Topics include ethical issues and dilemmas found in clinical practice, role of the radiographer in patient education; attitudes and communication in patient care; professional standards and the ASRT scope of practice; patient care of pediatric, geriatric, and patients with tubes, catheters and lines; routine, unique situations, and trauma care patient procedures; infection control procedures (medical and surgical asepsis) using standard precautions; skills theory including the acquired of vital signs, enema administration, and urinary catheterization; and the recognition and treatment of adverse reactions to contrast agents. Patient and radiographer safety protocols, including body mechanics, patient transfer and movement, immobilization, environmental safety and accident and incident reporting are emphasized. Laboratory experiences complement the didactic portion.  
2011.00

---

**CATALOG 2011-2012**

162
16L Laboratory for Medical Procedures for Radiologic Technologists (1) (CSU)
Hours: 48-54 laboratory.
Grading: Letter grade only.
Limitation on Enrollment: Admission to the Radiologic Technology program.
Corequisite: Radiologic Technology 25.
Discussion, application, role-play and timed simulated procedure evaluations of the medical procedures and techniques commonly used in radiology departments. Emphasis on associated anatomy, patient communication and effective interaction and communication with patient/family. Infection control procedures using standard precautions including the use of portable equipment. Emphasis on patient status for vital signs and blood pressure. Focus on patient care, safety, effective communication, and proper body mechanics for wheelchair/stretcher transfer along with the importance of documentation and informed consent is emphasized. Medical and surgical aseptic technique is studied in depth. 1225.00

20 Radiologic Science and Protection (3) (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Admission to the Radiologic Technology program.
Corequisite: Radiologic Technology 20L.
Course establishes the fundamental properties of radiation, x-ray production and interaction with matter. The content covers the operation of radiographic equipment and digital imaging systems. The prime technical factors required to produce a radiographic image and influence the production and recording of radiologic images are introduced. Imaging receptors for film/screen, computed radiography and direct-digital radiography systems are compared for methods of image acquisition, processing, delivery, storage, image display, archiving and retrieval. Radiation interaction effects on living systems and the factors affecting biological responses are studied. Emphasis is placed on attenuation and absorption of radiation within the human body, basic radiation measurement and the associated health effects. Principles of radiologic protection and safety for the patient and technologist are reviewed and correlated to state and federal radiation control laws. The use of accessories in radiography is explored. Laboratory experiments are performed to complement the didactic instruction. 1225.00

20L Laboratory for Radiologic Science and Protection (1) (CSU)
Hours: 48-54 laboratory.
Grading: Letter grade only.
Limitation on Enrollment: Admission to the Radiologic Technology program.
Corequisite: Radiologic Technology 20L.
Experiments are performed in on-campus radiographic laboratories to illustrate the theories presented in lecture. Through a process of discussion, demonstration, return demonstration, group sharing and demonstration evaluation, students correlate concepts with the actual making of a radiographic image. Laboratory experiments demonstrate the actual production of radiation, facilitating student acquisition of competency and skill in the handling of radiographic equipment. Calculations of exposure factors needed to produce radiographic images are performed for both film-based and digital radiography systems. Focus is placed on equipment manipulation (to include mobile units), image receptors, ionization and exposure, beam intensity and radiation protection. Radiographic image evaluation and critiques are performed to assist students to bridge between film-based and digital imaging systems. 1225.00

25 Anatomy and Radiographic Positioning II (3) (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Successful completion of the first semester of the Radiologic Technology program.
Prerequisite: Radiologic Technology 10.
Corequisite: Radiologic Technology 25L.
Comprehensive study of radiographic positioning of the vertebral column, bony thorax, gastrointestinal tract, and biliary system. Imaging considerations for trauma, mobile/portable, surgical and age specific approaches for pediatric and geriatric patients. Emphasis on associated anatomy, related introductory pathology, radiographic image evaluation, communication, and patient care and safety. Radiation protection and the evaluation of optimal diagnostic images are stressed. Course provides the knowledge base and cognitive skills necessary to perform standard radiographic procedures. 1225.00

25L Laboratory for Anatomy and Radiographic Positioning II (1) (CSU)
Hours: 48-54 laboratory.
Grading: Letter grade only.
Limitation on Enrollment: Successful completion of the first semester of the Radiologic Technology program.
Prerequisite: Radiologic Technology 10L.
Corequisite: Radiologic Technology 25.
Discussion, application, demonstration, role-play and timed simulated procedure evaluations for positioning of the vertebral column, bony thorax, gastrointestinal and biliary systems, trauma, mobile/surgical, pediatric and geriatric radiography. Emphasis on associated anatomy, radiation protection, patient communication and effective interaction and communication with patient/family. Radiographic images are evaluated for appropriate anatomy, image quality and radiation protection measures according to standard criteria. 1225.00

31 Radiographic Clinical Education I (2) (CSU)
Hours: 96-108 laboratory.
Grading: Letter grade only.
Limitation on Enrollment: Admission to the Radiologic Technology Program.
First semester of clinical practice experiences designed for sequential development, application, critical analysis, and integration of the concepts and theories presented in the on-campus courses. Using competency-based assignments, the student first observes and then performs - under direct supervision - patient care and radiographic procedures. Course emphasis on familiarizing the student with the clinical educational setting, patient-centered clinical practice, professional development, and working relationships with other health care professionals. 1225.00

34 Radiographic Imaging (3) (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Admission to the Radiologic Technology program.
Corequisite: Radiologic Technology 34L.
Comprehensive study of the similarities and differences between film-based and digital imaging systems, including design, image acquisition, display, processing, delivery, and storage. Review of diagnostic radiology equipment components, function, and operation, to include x-ray tube circuitry, tomography, and radiographic grids. Radiographic film, intensifying screens, and film/screen cassette speeds are compared for technique differences and patient dose adjustments. Differences between detectors for cassette-based and cassette-less digital systems response to radiation are explored. In-depth study of radiation protection, health physics, cell radiosensitivity, and radiobiologic effects on humans. 1225.00

34L Laboratory for Radiographic Imaging (1) (CSU)
Hours: 48-54 laboratory.
Grading: Letter grade only.
Limitation on Enrollment: Admission to the Radiologic Technology program.
Prerequisite: Radiologic Technology 20L.
Corequisite: Radiologic Technology 34.
Theoretical concepts are correlated with laboratory results in a series of experiments conducted in on-campus laboratories. Through a process of discussion, demonstration, return demonstration, group sharing, and evaluation, students apply radiation theory to the production of quality images in both film-based and digital (computed radiography) systems. Digital imaging using computed radiography cassettes demonstrate the range of possible exposure latitude and association with patient dose considerations. Film/screen combinations, the use and misuse of grids, automatic processing, and quality control tests are performed and evaluated. Beam restriction (collimation), centering sensitivity, acquisition errors, and post-processing capabilities of digital imaging are also explored. Image evaluation and critiques assist students to bridge between film-based and digital imaging systems. 1225.00
40 Radiographic Clinical Education II (8)  
(CSU)  
Hours: 384-432 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Successful completion of the first semester of the Radiologic Technology program.  
Prerequisite: Radiologic Technology 31.  
Clinical practice experiences designed for sequential development, application, critical analysis, integration, synthesis, and evaluation of concepts and theories in the performance of radiologic procedures. Using structured competency-based assignments concepts of team practice, patient-centered clinical practice and professional development are discussed, examined, evaluated, and reinforced. Course emphasis on patient assessment, competent performance of radiologic images, and well-being of the patient pre-, during, and post-procedure. Students perform under direct or indirect supervision as appropriate following the procedures in the Radiology Technology Student Handbook.  
1225.00

50 Radiographic Clinical Education III (6)  
(CSU)  
Hours: 288-324 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission to the Radiologic Technology program.  
Continued clinical practice experiences designed for sequential development, application, critical analysis, integration, synthesis and evaluation of concepts and theories in the performance of radiographic procedures. Through structured sequential, competency-based assignments in clinical setting, concepts of team practice, patient-centered clinical practice and professional development are discussed, examined, evaluated, and reinforced. Emphasis is on patient care and assessment, competent performance of radiologic imaging, and total quality management.  
1225.00

55 Radiographic Equipment and Clinical Application (2)  
(CSU)  
Hours: 32-36 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission to the Radiologic Technology program.  
Course establishes a knowledge base in fluoroscopic equipment requirements, design, and operation, and isoeXposure curves and related radiation protection. Study of the radiation health and safety requirements of federal and state regulatory agencies, accreditation agencies, and health care organizations. Class demonstrations/labs provide opportunity for application and reinforcement of theory.  
1225.00

61 Radiographic Clinical Education IV (8)  
(CSU)  
Hours: 384-432 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Must be a 2nd year Radiologic Technology student in good standing.  
Continued clinical practice experiences designed for sequential development, application, critical analysis, integration, synthesis and evaluation of concepts and theories in the performance of radiographic procedures. Through structured, competency-based assignments in the clinical setting, concepts of team practice, patient-centered clinical practice and professional development are discussed, examined, evaluated, and reinforced. Emphasis is on patient care and assessment, competent performance of radiologic imaging, and total quality management.  
1225.00

66 Anatomy and Radiographic Positioning III (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Must be a 2nd year Radiologic Technology student in good standing.  
Corequisite: Radiologic Technology 66L.  
Comprehensive study of radiographic positioning of the calvarium, facial area, sinuses, and temporal bone provides the knowledge base necessary to perform standard imaging procedures. An introduction to CT and other modalities is also included. Laboratory experience complements the didactic portion.  
1225.00

66L Laboratory for Anatomy and Radiographic Positioning III (1)  
(CSU)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Must be a 2nd year Radiologic Technology student in good standing.  
Corequisite: Radiologic Technology 66.  
Laboratory practice in the production of radiographic images of the calvarium, facial area, sinuses, and temporal bone on simulated patients. Emphasis on relevant anatomy, radiation protection, and effective patient interaction in the production of quality radiographic images and their evaluation.  
1225.00

70 Radiographic Clinical Education V (11)  
(CSU)  
Hours: 528-594 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Must be a 2nd year Radiologic Technology student in good standing.  
Guided practice in the application of radiologic technology to patients in a hospital environment, with increasingly independent performance by the student practitioner. Clinical experiences reinforce theory, perfect skills, and strengthen student-patient interactions, providing for the production of quality diagnostic images and patient well-being prior to, during, and following the procedure. Students move between clinical sites to experience different equipment and procedures. Evening shifts are required.  
1225.00

76 Radiographic Pathology (4)  
(CSU)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Must be a 2nd year Radiologic Technology student in good standing.  
Introduction to theories of disease causation and the pathophysiologic disorders that compromise healthy systems. Analysis of alterations in body systems' anatomy and physiology occurring in response to disease, emphasizing the impact on related radiographic procedures. Definitions and classifications, etiology, pathophysiologic responses, complications, clinical manifestations, radiographic appearance, and procedural and technique considerations are studied in depth.  
1225.00

81 Radiographic Clinical Education VI (5)  
(CSU)  
Hours: 240-270 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission to the Radiologic Technology program.  
Final course in the series of guided practicums applying radiologic technology to patients in a hospital environment. Advanced clinical practice experiences designed to provide patient assessment and care, competent performance of radiologic imaging, and assure total quality management. Sequential development, critical analysis, integration, synthesis, application, and evaluation of concepts and theories in the performance of radiologic procedures. Students perform independently with appropriate supervision to assess their skills for employability.  
1225.00

85 Radiographic Review and Exam Preparation (2)  
(CSU)  
Hours: 32-36 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission to the Radiologic Technology program.  
Review of the entire radiologic technology curriculum, following the ARRT examination outline, to prepare the student for the written certifying examinations at the state and national levels.  
1225.00

460 Venipuncture for Imaging Professionals (1.5)  
(Degree-applicable)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Student must be a 2nd year radiography student or a graduate of a JRCERT-approved radiography program, and possess a current health care provider CPR card.  
Corequisite: Radiologic Technology 460L.  
Basic concepts of the pharmacology associated with venipuncture. Procedural techniques, anatomy and physiology of venipuncture sites; use of instruments and related equipment, and administration of diagnostic contrast agents and/or intravenous medication. Emphasis on appropriate delivery of patient care during the procedure and documentation requirements.  
1225.00
470 Venipuncture for Imaging Professionals (1.0)
(Degree-applicable)
Hours: 24-27 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Student must be a 2nd year radiography student or a graduate of a JRCERT-approved radiography program, and possess a current health care provider CPR card.
Corequisite: Radiologic Technology 470L.
Basic concepts of the pharmacology associated with venipuncture. Procedural techniques, anatomy and physiology of venipuncture sites; use of instruments and related equipment, and administration of diagnostic contrast agents and/or intravenous medication. Emphasis on appropriate delivery of patient care during the procedure and documentation requirements. 1225.00

470L Venipuncture Laboratory for Imaging Professionals (.5)
(formerly Radiologic 460L)
(Degree-applicable)
Hours: 24-27 laboratory.
Grading: Letter grade only.
Limitation on Enrollment: Student must be a 2nd year radiography student or a graduate of a JRCERT-approved radiography program, and possess a current health care provider CPR card.
Corequisite: Radiologic Technology 470.
Application of skills and reinforcement of theory in the basic concepts of pharmacology and venipuncture. Demonstration of the anatomy and physiology of venipuncture sites, venipuncture instrumentation, I.V. solutions, and use of related equipment. Students first execute simulated demonstrations, then perform a minimum of 10 successful venipuncture sticks on individuals. Patient care aspects of venipuncture are emphasized. 1225.00

READING (READ)

1 Advanced Reading (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for Reading 1 as determined by the Chaffey assessment process, or completion of Reading 550.
Systematic program to enrich vocabulary, increase reading speed, and develop college-level skills in literal and critical comprehension and analysis. Ten hours of supplemental learning in a Success Center that supports this course is required. 1520.00

500 Beginning Reading (3)
(Non-degree-applicable)
Hours: 48-54 lecture.
Grading: Pass/No Pass grade only.
Prerequisite: Eligibility for Reading 500 as determined by the Chaffey assessment process.
Beginning reading class for students from a variety of backgrounds and learning skill levels, who are having extreme difficulty with reading. Emphasis on phonics, basic sight vocabulary, comprehension, and following directions. Ten hours of supplemental learning in a Success Center that supports this course is required. 1520.00

510 Introduction to Reading (3)
(Non-degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for Reading 510 as determined by the Chaffey assessment process, or completion of Reading 500.
Beginning reading class for students with a variety of backgrounds and learning skills. Emphasis on locating the main idea, making inferences, vocabulary improvement, and understanding paragraphs. Ten hours of supplemental learning in a Success Center that supports this course is required. 1520.00

520 Intermediate Reading (3)
(Non-degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for Reading 520 as determined by the Chaffey assessment process, or completion of Reading 510.
Introduction reading and text-based study skills class for students with a variety of backgrounds and learning skills. Focus is on improvement of reading and study skills abilities, with emphasis on reading comprehension, vocabulary development, and study techniques. Ten hours of supplemental learning in a Success Center that supports this course is required. 1520.00

530 Interactive Reading (3)
(Non-degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for Reading 530 as determined by the Chaffey assessment process, or completion of Reading 520.
Focus on reading comprehension, literary terminology, and vocabulary development, using literature as a basis. Ten hours of supplemental learning in a Success Center that supports this course is required. 1520.00

550 Critical Reading (3)
(Non-degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for Reading 550 as determined by the Chaffey assessment process, or completion of Reading 530.
Using predominantly non-fiction texts, students gain the critical reading skills required for textual analysis. Topics include developing comprehension, expanding vocabulary, and acquiring critical reading skills. Ten hours of supplemental learning in a Success Center that supports this course is required. 1520.00

REAL ESTATE (RE)

10 Real Estate Principles (3) [Cx]
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Fundamentals of real estate, covering basic laws and principles of California real estate. Gives understanding, background, and terminology necessary for advanced study in the specialized courses. 0511.00

15 Real Estate Practice (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Real Estate 10.
Office procedures and practices of the broker and sales person in the real estate business, including listing, prospecting, advertising, financing, exchanges, and sales techniques. Course is applicable toward the educational requirements for broker’s license and real estate salesperson’s license. 0511.00

50 Legal Aspects of Real Estate I (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Real Estate 10.
Introductory course to acquaint students with current California real estate law, with emphasis on its application in real estate brokerage and related fields. Course is applicable toward the educational requirements for broker’s license and real estate salesperson’s license. 0511.00

60 Real Estate Finance (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Real Estate 10.
Analysis of real property financing. Topics include primary and secondary sources of real estate loans, mathematics and legal aspects of finance, role of government agencies, mortgage insurance and interest rates, credit reporting, real estate appraisal, and taxation. Course is applicable toward the educational requirements for broker’s license and real estate salesperson’s license. 0511.00
70 Real Estate Appraisal (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Real Estate 10.
Advisory: Current real estate license may substitute for Real Estate 10.
Introductory course covering the purposes of appraisals, the appraisal process and approaches, and the methods and techniques used to determine the value of various types of property, with emphasis on the single-family residence. Course is applicable toward the educational requirements for broker’s license and real estate salesperson’s license.

86 Real Estate Property Management (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Real Estate 10.
Introduction to management of real estate property. Identification and analysis of functions, responsibilities, legal rights, liabilities, and leasing instruments of property management. Course is elective for the California sales or broker’s license.

92A-H Special Topics: Real Estate ( .5-6)
(CSU)
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Special-interest lecture course for students who wish further exploration in specific areas of real estate. Topics vary and are determined by the individual instructor; see schedule of classes for current term emphases. May be taken four times, regardless of the unit combination, however, no single-subject, special-interest class may be repeated. May require corequisites and/or prerequisites based on the content of the course.

472 Advanced Real Estate Appraisal (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Real Estate 70.
Appraisal of residential apartment buildings, small office buildings, shopping centers, and industrial buildings. Course meets California real estate broker license requirements, and is accepted as 54 hours toward Office of Real Estate Appraisers (OREA) certificate-residential/certificate-general appraisal requirements.

475 Real Estate Escrow I (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Real Estate 10.
Case method study of escrow procedures, including the actual processing of sale escrow. Topics include: encumbrances, interest adjustments, reconveyance, mortgages, insurance, taxes, fees, unique vocabulary, title policy types, drawing of documents, and other processing details pertinent to the handling of an escrow from inception to closing. Course applies towards the education requirements for broker’s and real estate salesperson’s licenses.

500 Introduction to Science (1)
(Non-degree-applicable)
Hours: 48-54 laboratory.
Grading: Pass/No Pass grade only.
Introduction to some fundamental scientific concepts. Designed to improve performance in science courses. Eight hour field trip required in addition to normal class meetings.

Social Science (SCSCI)
(Also see Anthropology, Gerontology, History, Philosophy, Political Science, Psychology and Sociology)

10 Statistics for Social Science (4)
(CSU; UC credit limitations)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Eligibility for Mathematics 25 or higher as determined by the Chaffey assessment process, or completion of Mathematics 425.
Survey of methods used to analyze and interpret data generated by scientific investigation. Purpose and application of statistics, frequency distributions and graphing, central tendency, variability, percentiles, standard scores, the normal distribution, regression, correlation, probability, hypothesis testing, simple and two-factor analysis of variance, and non-parametric techniques. Use of computerized statistical packages (e.g. SPSS).

24 Introduction to Ethnic Studies (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of one or more behavioral science courses.
Interdisciplinary introduction to human sexuality, with an emphasis on sexual values, sexual communication, and sexual relationships. Includes physiological, cross-cultural, sociological, and psychological information, as well as an evaluation of sex research. Lectures are supplemented by class discussion, video presentations, and demonstrations.

25 Introduction to Chicano/Latino Studies in the United States (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Survey of the American experience of ethnic and racial relations, and introduction to fundamental theories of racism and ethnocentrism. Exploration of the issues confronted by minority groups in the United States and the interrelationships of those minority groups with each other and the dominant American culture. Emphasis is given to Native, African, Hispanic, and Asian-American cultural experiences.

26 Introduction to Latin American Societies (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Survey of the Latin American societies in Mexico, Central and South America, and the Caribbean. Examination of the patterns of social, economic, political, and cultural change in modern Latin America, and the multidimensional legacies of conquest. Analysis of U.S.-Latin American relations and symbiotic influences. Study of cultural diversity, race, and gender as reflected in religion, art, literature, music, and film. Scrutiny of the influence of race, gender, class division, and social conditions as stimuli for cultural change, social movements, revolutions, civil wars, dictatorships, and democracy. Application of sociological perspectives to the study of Latin American societies.

90 Seminar: Social Science (3)
(CSU; UC credit limitations)
Hours: 48-54 lecture.
Grading: Letter grade only.
Designed to bring together one or more faculty members and a small group of students with a common interest, to pursue study of a selected social science topic through the seminar approach. May be taken twice.
Sociology (SOC)

(Also See Social Science)

10 Introduction to Sociology (3) (CSU; UC)

Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 450 or English as a Second Language 450.
Characteristics of social life, processes of interaction, consequences of group membership, structures of the institutions of modern society, factors that perpetuate social inequality, and conditions affecting social change and globalization. May be offered as an Honors course.

11 Popular Culture (3) (CSU)

Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Sociology 10.
Analyzes the role of popular culture as a site of contemporary social practices and cultural politics. Considers the institutional organization and production of popular culture, its meanings and symbols, and its role in shaping and reflecting social attitudes, interactions, and behaviors.

14 Sociology of Gender (3) (CSU; UC)

Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Sociology 10.
The role and status of women and men in society. Topics include issues of gender equity, recent societal changes that have impacted the family, education, the economy, the law, historical and cross-cultural information, myths about gender differences, and gender inequality.
SPANISH (SPAN)

1 Elementary Spanish (4)
(CSU; UC)

Hours: 64-72 lecture.
Grading: Letter grade only.
A systematic presentation of language patterns and of the underlying cultural ideas that lead to facility in the four basic skills: aural, oral, reading, and writing. Reading selections introduce various aspects of the life and culture of the Spanish-speaking peoples. Materials demonstrating cultural and historic aspects further supplement the textbook and are the basis for additional oral practice. Ten hours of supplemental learning in a Success Center that supports this course is required. This course corresponds to the first year of high school Spanish. Spanish 1 is not recommended for heritage (native) speakers of Spanish.

1105.00

1SS Elementary Spanish for Spanish Speakers (4)
(CSU; UC)

Hours: 64-72 lecture.
Grading: Letter grade only.
Advisory: Ability to speak and comprehend basic Spanish.

1105.00

2 Elementary Spanish (4)
(CSU; UC)

Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Spanish 1 or one year of high school Spanish.
Continued systematic presentation of language patterns and of the underlying cultural ideas that lead to facility in the four basic skills: aural, oral, reading, and writing. Reading selections introduce various aspects of the life and culture of the Spanish-speaking peoples. Materials demonstrating cultural and historic aspects further supplement the textbook and are the basis for additional oral practice. Ten hours of supplemental learning in a Success Center that supports this course is required. Spanish 2 is not recommended for heritage (native) speakers of Spanish.

1105.00

2SS Elementary Spanish for Spanish Speakers (4)
(CSU; UC)

Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Spanish 1SS.
Design to further address the needs and strengths of Spanish-speaking students who have little or no formal language training in Spanish. Continues the development of correct grammar, correction of speech habits, and the expansion of vocabulary skills through reading and writing. Emphasis on Hispanic culture through reading of various texts. Course is conducted in Spanish.

1105.00

3 Intermediate Spanish (4)
(CSU; UC)

Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Spanish 2 or two years of high school Spanish.
Reviews basic grammar and introduces more elaborate structures of syntax and grammar, with emphasis on composition, reading, and discussion in Spanish. Study of texts of moderate difficulty in the culture, history, and literature of the Hispanic world. Ten hours of supplemental learning in a Success Center that supports this course is required.

1105.00

4 Intermediate Spanish (4)
(CSU; UC)

Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Spanish 2SS or 3.

1105.00

8 Survey of Hispanic Literature: 1700-Present (3) [Cx]
(CSU; UC)

Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Spanish 4 or 1SS.
Chronological survey, conducted in Spanish, of the history and development of Spanish and Spanish-American literature, from 1700 to the present. Prepares students for upper-division language courses through a comprehensive study of the Spanish language. Reading selections introduce aspects of the life and culture of the Spanish-speaking peoples.

1105.00

13 Survey of Mexican Literature (3)
(CSU; UC)

Hours: 48-54 lecture.
Grading: Letter grade only.
Survey of Mexican literature (in translation) of the twentieth and twenty-first centuries, with a background in earlier works providing insight into these great works of literature. Close reading - with particular attention to culturally influenced writing styles and literary techniques - guides the inexperienced reader toward greater understanding and appreciation of the literature of Mexico.

1105.00

14 Latin American Literature in Translation (3)
(CSU; UC)

Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of English 1A.

1105.00

15 Elementary Spanish Conversation (2)
(CSU)

Hours: 32-36 lecture.
Grading: Letter grade only.
Prerequisite: Spanish 1.
Practice in oral and aural Spanish through monologs and dialogs, stressing correct speech patterns and idiomatic expressions. Subjects for extemporaneous conversations based on everyday situations and cultural events. Spanish 15 is not recommended for heritage (native) speakers of Spanish.

1105.00

16 Spanish Composition (3)
(CSU; UC)

Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Spanish 2SS or 3.
Introduction to the basics of expository writing in the Spanish language. Focus on paragraph development using appropriate grammar, punctuation, tense, style, and complex sentences, with ultimate goal of writing an essay in Spanish using sources.

1105.00

92A-H Special Topics: Spanish (.5-6)
(CSU; UC credit limitations)

Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Special interest lecture class for students who seek further development in specific areas of Spanish literature and extended knowledge of the language and culture. Variety of topics offered with particular emphasis determined by the instructor; see schedule of classes for current term emphases. May be taken four times, however no single-subject, special-interest, course may be repeated. May require corequisites and/or prerequisites based on the content of the course.

1105.00

98A, B, C Independent Study: Spanish Literature (1, 2, or 3)
(CSU and UC credit limitations)
Grading: Letter grade only.
Limitation on Enrollment: Instructor signature is required for registration.
Designed for the capable, well-motivated student. Student explores and develops a literary project. Student-instructor agreement as to the nature and extent of the project must be reached before the student enrolls. May be taken three times, regardless of the unit combination.

1105.00
460 Spanish for the Professions (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Spanish 1.
Introduction to Spanish for people working with the Spanish-speaking public in the health, business, law enforcement, and education fields. Each term the course will target the language of a specific profession; consult the schedule of classes for current focus. Emphasis on field-specific situations, vocabulary, and the unique speaking and listening skills inherent in that workplace environment. 1007.00

10 Elementary Statistics (STAT)
(CSU; UC credit limitations)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for Mathematics 25 or higher as determined by the Chaffey assessment process, or completion of Mathematics 425.
Introduction to descriptive and inferential statistics with problem sets and examples from a variety of disciplines. Topics include frequency distribution; measures of variation and central tendency; elementary probability theory; discrete and continuous random variables; binomial, normal, and t-distribution; interval estimations of population parameters; hypotheses testing; analysis of variance; chi square analysis; and linear regression and correlation. A specific graphing utility is required; see instructor before acquiring. May be offered as an Honors course. 1701.00

Theatre Arts (THEATRE)

1 Introduction to Theatre (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Introduction to the world of theatre with emphasis on the dramatic experience, the types of drama, contemporary theatre, the physical theatre, the roles of the director and the actor, the technical theatre, and criticism and evaluation of theatre. 1007.00

2 Stage Movement (3)
(Also available as Dance 2)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Study of physical movement as it relates to the body on stage. Control and use of parts of the body, movement sequences, and conscious development of movement habits. 1007.00

4 Development of the Theatre I (3) [Cx]
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Study of the Western theatre from its beginning in Greece through Elizabethan drama. Emphasis on historical, philosophical, and sociological influences on development of the theatre. Plays representative of each period studied are read and discussed. 1007.00

5 Development of the Theatre II (3) [Cx]
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Study of the Western theatre from the seventeenth through the twentieth centuries. Emphasis on historical, philosophical, and sociological influences on development of the theatre. Plays representative of each period are read and discussed. 1007.00

10 Beginning Acting (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Theory of acting and acting techniques with emphasis on the ability to express emotion and character through the effective use of voice, movement and script analysis. May be taken twice. 1007.00

12 Intermediate Acting (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Theatre Arts 10 and concurrent enrollment in Theatre Arts 30 or 40.
In depth application of the techniques explored in beginning acting, with emphasis on characterization and scene study. May be taken twice. 1007.00

14 Stylized Acting (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Theatre Arts 10.
Advanced acting techniques necessary for drama of various types: stylized, classic and modern. Some work on dialects as needed for specific scenes. 1007.00

16 Principles of Costume Design and Production (3)
(Also available as Fashion Design 16)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Business and technical aspects of the theatrical costume design process. Topics include: research, design, sourcing of materials, budgets, and working relationships between the designer, director, and the entire production team. 1006.00

18 Seminar in Television Production: Acting Techniques (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Theatre Arts 10 and 12, and/or considerable theatre or film background.
Techniques needed to work before a camera, either motion-picture or television. May be taken four times. 1007.00

20 Directing for the Stage I (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Theatre Arts 10 and 12, and Theatre Arts 30, 40, 50, 51 or 56.
For advanced students who wish to study acting from a directing standpoint. Prepares the student to begin directing. 1007.00

21 Directing for the Stage II (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Theatre Arts 20, and Theatre Arts 30, 40, 50, 51 or 56.
For advanced students who wish to study acting from a directing standpoint. Student directs a production for public presentation. 1007.00

30 Technical Theatre (3)
(CSU; UC)
Hours: 32-36 lecture; 48-54 laboratory.
Grading: Letter grade only.
The theory and practice of stagecraft including construction techniques, painting properties, rigging and lighting, sound, knowledge of tools and equipment, shop safety, and computer assisted set-lighting and sound design. May be taken four times. 1006.00

32 Theatre Design - Lighting (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Theatre Arts 30.
Processes for theatrical lighting design, including script analysis, research, sketches, and critical analysis of class projects. Development of basic lighting design skills through practical projects that stress collaboration, light and color manipulation, craft skills, and computer lighting CADD competency. Artistic quality and creativity are emphasized. May be taken twice. 1006.00
34 Theatre Design - Scenography (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Theatre Arts 30.
Processes for theatrical scenic design, including script analysis, research, sketches, simple hand drafting, scale models, and critical analysis of class projects. Development of basic scenic design skills through practical projects that stress collaboration, composition, mood, color manipulation, and computer-assisted drawing and drafting (CADD) competency. Artistic quality and creativity are emphasized. May be taken twice. 1006.00

56 Children's Theatre (4) (Ccx)
(CSU)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Selection and presentation of a play for children at the elementary or junior high level. May be taken four times. 1006.00

60 Seminar: Acting (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Consent of instructor is required prior to registration.
Seminar for actors who have completed several acting courses or who have had extensive stage training through participation in public performances. Offers the actor an opportunity to examine and perform plays not normally offered in the regular program. May be taken four times. 1007.00

64 History of Costume (3) [Cx]
(Also available as Art 64)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Origin and evolution of costume from primitive society to the twenty-first century. Evaluation of aesthetic, technical, sociological, and psychological factors of costume and their relation to modern dress. Student may not receive credit for both Theatre 64 and Art 64. 1007.00

92A-H Special Topics: Theatre Arts (.5-6)
(CSU; UC credit limitations)
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Special interest lecture course for students who wish further exploration in specific areas of theatre, radio, television, film, or dance. Topics vary and are determined by the instructor; see the schedule of classes for current term emphases. May be taken four times regardless of the unit combination, however, no single-subject, special interest class may be repeated. May require prerequisites and/or corequisites based upon the content of the course. 1007.00

ZOOLOGY

(SEE BIOLOGY)
ATHLETICS

Playing under the name of The Panthers, the men’s and women’s teams compete in the Foothill Athletic Conference, the South Coast Conference (aquatics), and the Central West Conference (football). The men’s athletic program offers competition in football, basketball, baseball, track & field, swimming, soccer, and water polo. The women’s athletic program includes competition in basketball, softball, track & field, swimming, water polo, soccer, and volleyball.

ATHLETIC ELIGIBILITY

Chaffey College is a member of the Foothill Conference, the South Coast Conference (aquatics), and the Central West Conference (football). Intercollegiate athletic competition is governed by the California Community College Athletic Association (CCCAA).

To be eligible for competition, student-athletes must be enrolled in a minimum of 12 units during the season of sport (9 of those units must be degree/certificate applicable). Between seasons, student-athletes are required to complete 24 units, and maintain a minimum 2.00 GPA. Consult the athletic counselor or coach to determine athletic eligibility and to complete a student educational plan.

ATHLETIC FACILITIES

The recently renovated Earl Sicosky Gymnasium has a seating capacity of 715. The upper level provides bleachers, a yoga/aerobics room and the George Colbath Fitness Lab. The student locker rooms are located on the west side of the building; team locker rooms are located on the east side. The Sports Center is located directly north of the current gymnasium. This facility seats 1,693 and provides competition-level courts for basketball and volleyball. The plaza area may also be used for campus events. Other athletic facilities on campus include:

- Tennis courts
- Grigsby Field (a 4,200 seat stadium with football field and track)
- Lowder Field (baseball)
- Handball courts
- State-of-the-art softball facility
- Strength and conditioning lab
- Two additional fields for physical education and athletic activities
- Swimming pool (located immediately south of the gymnasium)

ECONOMIC DEVELOPMENT

WORKFORCE PREPARATION PROGRAM

The Workforce Preparation Program provides short-term training programs that lead to employment. Supportive services offered through this program include: career and educational counseling, CalWORKs work study, job development, job placement, mentoring and internship opportunities for students who are receiving CalWORKs. This program is specifically designed to assist students in developing the skills necessary to obtain employment at self-sufficient wages. This program is also the campus contact for specially funded training programs including WIA (Workforce Investment Act), TRA (Trade Readjustment Act) and WIB (Workforce Investment Board) grants. Please call (909) 652-6049 for additional information.

COMMUNITY EDUCATION AND PROFESSIONAL DEVELOPMENT

Chaffey College endeavors to serve our community by providing continuing education opportunities as well as personal and professional development classes through our Community Education and Professional Development Program. These fee-based classes are designed to respond to community interests and to assist our region’s economic development by strengthening work-related skills. Current Community Education and Professional Development Schedule of Classes are available on the college’s website at www.chaffey.edu. For further information, please call (909) 652-6043.

CONTRACT EDUCATION

Chaffey College is pleased to offer customized training to meet the needs of business and industry within the community. Contract Education services are in line with the California Community Colleges’ mission to advance economic growth, enhance employee performance and increase the return on investment for area business and industry from large corporations to the small business entrepreneur. Trainers have business and industry experience and excellent credentials. The customized training and development programs are low cost and in many instances, funded by the California Employment Training Panel contract awarded to Chaffey College’s Economic and Workforce Development Department. Training typically takes place at the business site and can be arranged around business schedules (all shifts; all days). Consulting services and needs assessments are also available. Please call (909) 652-7642 for further information.

HOUSING

Since the college has no dormitory facilities, students not living at home must make their own arrangements for housing. Chaffey College assumes no responsibility for the inspection or approval of student housing.

PUBLICATIONS

The Breeze is the official student publication on campus. Published twice a month, the newspaper is written and edited by students enrolled in Newspaper Production, Journalism 61ABC.

The Student Handbook, available at no charge, and other publications including information about the programs and services of the college are also available in the Office of Student Activities or accessed online at www.chaffey.edu/stuactiv/student_handbook.pdf.

STUDENT ACTIVITIES

The Office of Student Activities promotes events and coordinates programs that provide students with an opportunity for educational and social growth outside the classroom. Services for students include the publication of a Student Handbook, the Dean’s Honor List, graduation, annual spring scholarships, numerous cultural events, emergency book grants, lecture series, information on student organizations, student government, community service projects, and a housing bulletin board.

The Office of Student Activities is located in Campus Center East (CCE) on the Rancho Cucamonga Campus. Office hours for fall/spring semesters are Monday - Thursday 8:00 a.m. to 5:00 p.m.; Friday: 8:00 a.m. to 1:00 p.m. Students may contact the Office of Student Activities at (909) 652-6589.

ASSOCIATED STUDENTS

Every currently enrolled credit-class student belongs to the Associated Students of Chaffey College (ASCC), which is governed by the Campus Council. With a membership composed of seventeen representative Chaffey students, the Campus Council is comprised of two bodies: an Executive body and the Senate. The President of the ASCC serves in the dual role of Student Trustee who serves as liaison between the Chaffey College Governing Board and the student population. The Campus Council holds weekly
meetings throughout the academic year. The ASCC campus-wide activities and the Inter-Club Council are supported through the College Services Fee.

CLUBS AND ORGANIZATIONS
The Office of Student Activities and the Inter-Club Council oversee the activities of all clubs and organizations which have renewed their charters for the current school year, via the submission of annually required forms. Organizations are professional or vocational while others are recreational, cultural, religious, or service-oriented. All student organizations are administered by students for the benefit of students with the assistance of the Office of Student Activities. Each organization is required to have a full-time faculty/staff advisor to be chartered by the Chaffey College District. Clubs and organizations that have been chartered are:

- AMAN/AWOMAN
- Anime Club
- Associated Press Club
- Associated Students of Chaffey College (A.S.C.C.)
- (The) Avid Zoologists Club
- Ceramics Club
- Chaffey Art Organization
- Chaffey College Car Club
- Chaffey College Veterans Club
- Chaffey Paralegal Society
- Changing the Globe
- Chemistry Club
- Child Development Club
- Christians at Chaffey College
- Future Teachers Club
- Gay Straight Alliance
- International Students
- Kappa Sigma Nu
- Latin Jazz Club
- Mariachi Club
- Muslim Student Association (MSA)
- Philosophy & Religious Studies
- Practical Applications for Gaming in Education (P.A.G.E.)
- Pre-Med Society
- Puente Club
- Spanish Club
- Student Vocational Nurse Club
- Students and Alumni Gerontology Association (S.A.G.A.)

The Admissions and Records Office maintains grade reports, student academic records, courses taken, units attempted, units earned, grades, grade points, graduation dates, military credit, non-credit enrollment and other data, and prepares class roll sheets, diplomas, and certificates. Community services academic history is only maintained from Fall 1999 forward. The Admissions and Records Office provides photo ID services during specific business hours. Veterans Services is also located in the Admissions and Records Office.

BOOKSTORES
With locations on the Rancho, Chino and Fontana Campuses, the bookstore offers several programs and services to lower the cost of textbooks for students. Each location has new and used textbooks, electronic books (e-books), textbook rentals, as well as a large selection of snacks, drinks, prepackaged lunch items, apparel, gift items, and office and art supplies. The bookstore offers online textbook ordering and year round buyback of textbooks. Some of the other services available at the bookstore include Omnitrans bus passes, incoming and outgoing fax services, postage stamps, discounted movie and amusement park tickets, laptop repair, ink and e-waste recycling, international student ID cards (ISIC), gift cards and cash back on debit card. Additional details are provided at books.chaffey.edu. The Chaffey College Bookstore is the #1 employer of Chaffey students and a primary scholarship sponsor. All residual proceeds benefit Chaffey College students.

CHILD DEVELOPMENT CENTER
The Chaffey College Child Development Center located at the Rancho Cucamonga Campus provides low cost, high quality child care services for children.

The Center is licensed by the State of California, Title 22, and provides subsidized childcare services through the State Department of Education, Child Development Divisions, Title V funding. Parents who are eligible for free or reduced child care services will pay fees according to a sliding fee scale provided by the State Department of Education. The maximum group size in the preschool program is 24 children and the adult/child ratio is 1:8. The maximum group size in the toddler program is 12 children. The adult/child ratio is 1:4. The Center has an open door policy which encourages all parents to participate in the Center classrooms.

The Child Development Center welcomes all children regardless of sex, race, religion, ethnicity, national origin or ability. The curriculum is based on interest and individual needs of the children and provides a flexible framework to support the growth of each child. Child care services are offered to students, staff, faculty and community families. The Center is opened Monday through Friday 7:00am to 5:00pm.

The Child Development Center’s mission is:

- To provide high quality, developmentally-appropriate child care and educational experiences to children
- To support Chaffey College students in their educational and vocational goals
- To provide training and employment to individuals seeking careers working with children and families

Through the apprentice program, the Chaffey College Child Development Center offers employment opportunities to students enrolled in child development classes. The purpose of the apprentice program is to help students gain work experience and obtain a child development permit required for employment in state and federally funded programs. Employment applications are available online at www.chaffey.edu/childctr/index.shtm or at the Child Development Center. Employment applications are accepted throughout the semester.

Students enrolled in various child development courses may complete their assignments in the Child Development Center program. Pediatric Nursing, Psychology, and Food Service Management courses utilize the Child Development Center as a field of placement site. For information on fees, enrollment procedures, or job openings please call (909) 652-6865.

COUNSELING DEPARTMENT
The Counseling Department offers students information on all academic and vocational programs at Chaffey College. Counseling services include assessment and orientation for new students, how and when to prepare for transfer to a four-year college or university, evaluation of course work taken at other colleges, applications for graduation and for certificates, pro-
cessing of waivers and petitions and referrals to other agencies on campus and in the community. The Counseling Department offers valuable resources for students’ questions and concerns.

For information regarding services available relating to career planning, see the heading “Global Career Center.”

The Chaffey College Chino and Fontana Campuses are also staffed with counselors who provide educational, career, and personal counseling. For more information contact the Chino Campus at (909) 652-7750 or the Fontana Campus at (909) 652-7400.

DISABILITY PROGRAMS AND SERVICES (DPS)
Chaffey College maintains a strong commitment to serving people with all types of disabilities who desire postsecondary education. The goal of DPS is to provide equal access to education for those students. DPS emphasizes independence and self reliance, while encouraging the students to become active members of the college community; this active role will foster successful integration into four year colleges/universities and career employment. Participation in DPS is voluntary, and conducted with strict confidentiality. Students are expected to make measurable progress toward their educational goals in order to remain in the program. The array of support services includes, but is not limited to:

- Individual educational planning
- Assistive Technology Center
- Academic/vocational counseling
- On-campus transportation
- Adapted parking spaces
- Campus orientation
- Priority registration
- Course substitution assistance
- Adaptive equipment
- Print enlargement
- Alternative media
- Test-taking facilitation
- Reader and note taking services
- Liaison and referral services
- Counseling
- Testing for possible inclusion in Learning Disabilities Program

DPS makes alternate formats of instructional text and video available to qualified students. Formats available are Braille, Electronic Text (E-Text), and Closed Captioning. Students needing an alternate format text or video that is required for a course in which they are or will be enrolled should contact the DPS Office as soon as the need is known, as specific requirements and lengthy acquisition timelines apply. Students are strongly encouraged to also meet with their instructors to determine accessibility of the course material.

In accordance with Section 508 of the Rehabilitation Act of 1973, as amended 29 U.S.C § 792(d), closed captioning of DVDs/videos is available whenever a student has a need and a captioned version cannot be purchased through the publisher. After permission has been granted by the publisher, one captioned copy of the video will be made in accordance with the appropriate protocols for video captioning and made available to the instructor of the course. The closed captioned instructional videotapes in the Chaffey College Library video collection have been identified with closed captioning labels on the slipcase. There is a closed captioning note in the bibliographic record for every title; these records appear in the library catalog and the catalog is accessible online at www.chaffey.edu.

DPS also offers specialized classes to meet the specific needs of students with disabilities. Courses are based on individual student need and may include the following:

- Cognitive retraining
- Guidance
- Self-Advocacy
- Basic Academic Skills
- Assistive Technology
- Study Skills

The DPS Office is currently located in Campus Center West (CCE -14) at the Rancho Cucamonga Campus. The hours are:

Monday through Friday
7:30 a.m. - 4:30 p.m.

DPS counselors also are available at the Chino and Fontana campuses. Appointments can be made at any location by calling (909) 652-6379. The toll free number for the California Relay Service is 1-800-735-2929. For more information, visit the DPS website at www.chaffey.edu/dps.

In addition to the above facilities and services, Chaffey College offers a program for students with disabilities located off-campus at the Learning Development Center. The goal of this program is to provide an academic and transitional work program for students leading to competitive employment. The academic component focuses on, but is not limited to, the following subjects:

- Vocational skills training
- Career exploration and preparation
- Job-seeking skills
- Employment applications
- Resumé writing

DPS also offers an instructional program in basic life skills for individuals with developmentally disabled who are employed at Diversified Industries, a supported work environment located in Montclair. For further information regarding this program, please contact the DPS Office at (909) 652-6379 or Diversified Industries at (909) 982-4090, ext. 21.

EXTENDED OPPORTUNITY PROGRAMS AND SERVICES (EOPS)
The Extended Opportunity Programs and Services (EOPS) office is located in the north side of the AD Building (AD-151). EOPS is a state-funded program intended to provide support services to financially and educationally disadvantaged students. Program participants are eligible for priority registration, academic and personal counseling, peer advisement, and assistance buying books. Bilingual staff members are available to assist students who speak limited English. Additional benefits and services are available through the CARE program to EOPS students who are single parents with children under fourteen years of age and receiving public assistance.

Further information and eligibility requirements may be obtained by calling the EOPS office at (909) 652-6349.

FOOD SERVICES
The new Chaffey Dining Commons on the Rancho campus in the MACC Building is scheduled to open early fall 2011. This top notch operation offers a variety of high quality menu options, name brands, and a welcoming environment. Additionally, the bookstore on each Chaffey campus offers a variety of snacks, beverages, sandwiches, hot and healthy food items, as well as coffee and/or smoothies. Food services are also available on the Rancho campus at the Panther Express (located near the HS Building) and the Panther Cub Café (located in the Sports Center). Food Service gift cards are available for purchase at any of these locations.
GLOBAL CAREER CENTER (GCC)
It is extremely important for students to make educated and informed career decisions in this global economy. Professional career counselors are available in the Global Career Center (GCC), located on the Rancho campus to assist Chaffey College students and members of the community in formulating their career goals by assessing their interests, aptitudes, values and personality type to help them make their career choices. The GCC also provides workshops regarding interview techniques, resume writing, career networking opportunities and a career resource library. Several career and personality assessments are available online through the Global Career Center website at www.chaffey.edu/gcc. The Myers-Briggs Type Indicator personality assessment is also available for a fee. To make a comprehensive career counseling appointment, contact the Global Career Center at (909) 652-6511.

LEARNING AND EDUCATIONAL DEVELOPMENT
The Learning and Educational Development (LED) program assists non-credit students transitioning into credit courses. The purpose of this academic support is to encourage students to complete a certificate program, an associate degree, and/or transfer to a four-year university. LED is a student support service working in conjunction with the Chaffey College Success Centers.

Students may contact the program office at (909) 652-7407 for further information, locations, hours of operation, and appointments.

LIBRARY/CYBRARY
The Library on the Rancho Cucamonga Campus and the Cybrary on the Chino and Fontana Campuses provide services and resources to maintain effective learning programs and to empower the diverse student population to persist toward successful goal achievement. We provide reference assistance and navigation to information location and retrieval through book, periodical, video, and electronic resources; these resources are carefully chosen to meet the educational and cultural needs of the Chaffey College student. The goal of the program is for student learners to leave the library with the information literacy and critical thinking skills they will use as they transfer to upper division university programs or to the pursuit of careers throughout their working lives.

The Library and Cybraries provide the following resources and services to students, faculty, and staff:
• An information access/instruction center for bibliographic instruction and workshops
• Assistance from reference librarians in the use of library resources in all formats
• An interactive learning center with study tables
• A quiet study/reading room with individual carrels and group study rooms
• A print collection of books, magazines, and journals (at the Rancho Library only)
• A book request service whereby students can request items in the circulating collections at the Rancho Library to be sent to either Cybrary for pickup
• An instructional video collection (at the Rancho Library only) that has been digitized and is accessible at Chaffey networked terminals in Rancho Cucamonga, Chino, and Fontana.
• A reserve book collection
• An online reserve collection
• Photocopiers
• Access 24 hours a day, 7 days a week to online databases

Also located in the Library is an interdisciplinary writing center for tutoring and mini-classes in writing skills.

You may contact the Library on the Rancho Cucamonga campus at (909) 652-6800, the Chino Campus Cybrary at (909) 652-8115 and the Fontana Campus Cybrary at (909) 652-7450. You may also check the website at www.chaffey.edu/library for current hours.

STUDENT EMPLOYMENT OFFICE
The Student Employment Office provides job referral, cooperative education referral, and personnel services to current and former Chaffey College students.

1. Job Referral Services
This office cultivates and maintains extensive on-campus and local job listings. To further assist Chaffey students, this office arranges for recruiters from various companies, organizations, and institutions to hold open recruiting sessions on-campus. The Global Career Center is also available to assist with resume preparation and interviewing techniques.

2. Cooperative Education
The Cooperative Education program makes it possible for existing jobs and/or internships to work for the student by earning elective units. This is the best way to bridge the gap between the classroom and the workplace. For more information, contact (909) 652-6190.

3. Personnel Services
Student Employment is the personnel office for all on-campus student positions. All new student employees must complete their personnel documents and submit them to this office prior to their first day of work. This office will also assist in providing employment verifications and in addressing any personnel concerns that might arise.

The Student Employment Office is located on the Rancho Cucamonga Campus in the Global Career Center. Students may contact the Student Employment Office at (909) 652-6511 to schedule an appointment or to confirm office hours.

STUDENT HEALTH SERVICES
Student Health Services is dedicated to assisting students achieve and maintain optimum physical, mental, and emotional health. We are committed to providing quality health care at a reasonable cost.

The Student Health Services team is made up of medical doctors, nurse practitioners, registered nurses, counselors, secretaries, student educators, and student assistants who are trained to assist you with medical information and problems in a professional and confidential manner. Services include first aid, treatment for minor illnesses, health examinations, birth control, family planning, T.B. testing, laboratory testing, consultation regarding health problems, individual and group psychological counseling, and video cassettes and handouts on numerous topics.

Student Health Services is supported by the health fee paid at the time of registration. There is no charge to consult/visit the office staff including the medical doctors and nurse practitioners. There are, however, minimal fees for additional services, such as lab tests, immunizations, and prescription medications.

Pursuant to section 76355 of the Education Code, students who can provide documentation of active membership in a religious organization that relies exclusively on prayer for healing may request to have the Health Fee waived. Applications for waiver are available in the Student Health Services office. Students may have their health fee waived if they are approved for a Board of Governors Fee Waiver. Your medical records and all discussions with the student health services staff are completely confidential. Records are only released with written consent of the student, unless required by law.
Students are encouraged to visit the office, located in the AD-180 at the Rancho Cucamonga Campus. The clinic will be relocated during the Fall 2011 semester to MACC-103. Usual clinic hours are:

**Monday - Friday**
7:30 a.m. to 4:30 p.m.

For more information or to schedule appointments, call (909) 652-6331.

**STUDENT SUCCESS CENTERS**
As part of the Basic Skills Transformation Initiative, Chaffey College created Student Success Centers. The Centers offer tutorials, workshops, learning groups, and computer access to assist students in their academic development and success.

Discipline-specific centers are designed to help students with particular subject area courses and skills. Multidisciplinary Centers are set up to serve students in all subject disciplines. Hours for each Success Center are listed in the schedule of classes. Students may also contact the Success Centers by visiting or calling. The location and telephone number for the Success Centers are listed below.

**LANGUAGE SUCCESS CENTER**
BEB Building, 1st Floor • (909) 652-6906

**MATH SUCCESS CENTER**
Math Building, Room 121 • (909) 652-6452

**MULTIDISCIPLINARY/READING SUCCESS CENTER**
BEB Building, 1st Floor • (909) 652-6932

**WRITING SUCCESS CENTER**
Library • (909) 652-6820

**CHINO SUCCESS CENTER**
CHMB-145
(909) 652-8150

**FONTANA SUCCESS CENTER**
FNFC-122
(909) 652-7408

**TRANSFER CENTER**
The Transfer Center provides information and resources to help students continue their education after Chaffey College. The center maintains a library of college catalogs and reference material, provides access to the Internet and specialized software programs for college research and applications, hosts college representatives for individual appointments with students, sponsors transfer-related workshops, and schedules campus visits and college fairs. All services are free and available to any Chaffey student.

The Transfer Center staff welcomes the opportunity to assist students considering transfer to four-year colleges. The center is located in the Student Services/Administration Building, Room 120 on the Rancho Cucamonga Campus. Usual office hours are Mondays and Thursdays 7:30am-7:00pm, Tuesdays and Wednesdays, 7:30am-4:30pm and Fridays 7:30am-2:00pm. More information can be obtained by calling (909) 652-6233 or visiting the Transfer Center on Chaffey’s website [www.chaffey.edu](http://www.chaffey.edu).

**VETERANS RESOURCE CENTER**
Chaffey College is grateful for the contributions made by members of the United States armed services, both at home and abroad. The Veterans Resource Center provides information on programs and services like Veterans Education Benefits, the local VA office, degree and certificate requirements, transfer options, linkage to community resources, a veterans club and more. The center is focused on camaraderie, academic success, and health and well being.

The center is staffed by veterans serving other veterans. The atmosphere is welcoming and offers a relaxing environment for veterans and their families. The center is located in the AD Building Room 125 on the Rancho Cucamonga campus. More information can be obtained by calling (909) 652-6235 or visiting us on the web at [www.chaffey.edu/vets](http://www.chaffey.edu/vets).
ACADEMIC FREEDOM

The District is committed to academic freedom, but recognizes that academic freedom does not allow sexual harassment or any other form of unlawful harassment or discrimination. The lecture, content, and discourse that are an intrinsic part of the course content shall, in no event, constitute sexual harassment or other form of unlawful harassment or discrimination. It is recognized that an essential function of education is a probing of received opinions and an exploration of ideas that may cause some students discomfort. It is further recognized that academic freedom ensures the faculty’s right to teach and the student’s right to learn. Finally, nothing in this policy shall be interpreted to prohibit bona fide academic requirements for a specific program, course or activity.

ACADEMIC INTEGRITY (CHEATING)

Integrity is an essential component of the student academic experience. The academic evaluation a student receives for a course becomes a permanent college record and it is critical that such records be accurate and consistent. The integrity students learn and exhibit at the college will be a model for the professional integrity they practice when they complete the college work. Accordingly, Chaffey College has classified academic dishonesty into the following categories:

Cheating
Plagiarism
Unauthorized Collaboration
Facilitating Academic Dishonesty
Interference or Sabotage
Fabrication
Retaliation

The entire policy is available in the Student Handbook and can be obtained in the Student Activities Office in Campus Center East (CCE) on the Rancho Campus or can be accessed online at www.chaffey.edu/student_handbook.

BEHAVIOR CODE

All members of the Chaffey College community are expected to behave in an ethical and moral fashion, respecting the human dignity of all members of our community and resisting behavior that may cause danger or harm to others which shall include, but not limited to, violence, theft, or bigamy. All members of the Chaffey College community are expected to observe established standards of scholarship and academic freedom by respecting the intellectual property of others and by honoring the right of all students to pursue their education in an environment free from harassment and intimidation. The entire policy is printed in the Student Handbook and can be obtained in the Student Activities Office in Campus Center East (CCE) on the Rancho or by visiting our website at www.chaffey.edu/student_handbook.

COMPUTER USE

Chaffey College owns and operates a network and a variety of computer systems for use by its faculty, students, and staff. Chaffey College encourages the use of its network and computer systems for education, academic development, and other approved purposes. When using Chaffey College network and computer systems, all users are required to abide by the policy established by the Governing Board and the associate procedures and to use the system in an ethical and lawful manner.

Chaffey College does not currently block access to the Internet to students without a student ID card. Chaffey College reserves the right to employ filters and/or software to limit access to undesirable sites and/or unsolicited materials.

DECLARACIÓN DE OPORTUNIDAD EQUITATIVA

No-discriminación y Prohibición de Acoso

El distrito escolar del colegio comunitario Chaffey está afirmativamente comprometido a proporcionar igualdad de oportunidades educativas y laborales. Este compromiso se encuentra en nuestras políticas educativas, en políticas y prácticas de personal y en el trato de empleados, estudiantes y público en general. El Distrito y toda persona que represente al Distrito deberá proporcionar igualdad de oportunidades de empleo y oportunidades educativas independientemente de raza, color, nacionalidad, ascendencia, religión, credo, sexo, edad (más de 40), discapacidad física (incluyendo el VIH y el SIDA) o discapacidad mental, estado civil, condición médica (incluyendo el cáncer y características genéticas), orientación sexual, o rango militar como veteranos de la época de Vietnam, o la percepción de que una persona tenga una o más de las características anteriores.

De conformidad con los Reglamentos del Título IX, el distrito ofrece igualdad de oportunidades académicas, profesionales y extracurriculares independientemente de sexo/ género de la persona. El Coordinador del Título IX, Frank Pinkerton, puede ser contactado al teléfono (909) 652-6242, correo electrónico frank.pinkerton@chaffey.edu o en la siguiente dirección: 5885 Haven Avenue, Rancho Cucamonga, CA 91737. El distrito, autorizado bajo la ley federal para inscribir a estudiantes extranjeros e inmigrantes y, de conformidad con los reglamentos del título 5, afirma que la falta de conocimientos del idioma Inglés no será un obstáculo para la admisión y participación en los programas de este distrito escolar.

Las personas en busca de información y/o respuestas a presuntos actos de discriminación ilícita, represalias o acoso deben ponerse en contacto con nuestra oficial encargada de supervisar la implementación de estas regulaciones, Lisa Bailey, directora ejecutiva de recursos humanos del colegio Chaffey, al teléfono (909) 652-6532, correo electrónico lisa.bailey@chaffey.edu, o en la siguiente dirección: 5885 Haven Avenue, Rancho Cucamonga, CA 91737.

Política de Prevención de Acoso Sexual

Es política del distrito escolar del colegio comunitario Chaffey proveer para todos, los estudiantes y empleados, una educación, empleo y medio ambiente libre de todas las formas de explotación, acoso, intimidación o asedio sexuales no deseados, solicitudes de favores sexuales, o otra conducta física, verbal, visual o comunicaciones de carácter sexual prohibidas por el Acuerdo para Empleos y Vivienda Justa de California, el Código de Educación de California y las reglas, normas, estatutos y leyes federales y estatales que prohíben el acoso sexual y represalias.

Este distrito escolar se opone enérgicamente al acoso sexual y expresamente prohíbe el acoso sexual de sus estudiantes y empleados por catedráticos, directivos, personal, estudiantes o
miembros del público en general. El colegio Chaffey tomará las medidas apropiadas para prevenir, corregir y, si es necesario, disciplinar cualquier comportamiento inadecuado.

Cualquier acoso sexual debe ser inmediatamente comunicado a nuestro oficial encargado de supervisar la implementación de estas regulaciones. Lisa Bailey, directora ejecutiva de recursos humanos del colegio Chaffey, al teléfono (909) 652-6532, correo electrónico lisa.bailey@chaffey.edu, o en la siguiente dirección: 5885 Haven Avenue, Rancho Cucamonga, CA 91737, o a cualquier decano, director o gerente quien de forma inmediata deberá referirlo al oficial encargado o designado. Deben tomarse todas las medidas necesarias para asegurar la confidencialidad.

**Libertad Académica**
Este distrito escolar está comprometido a fomentar la libertad académica, pero reconoce que la libertad académica no permite acoso sexual o cualquier otra forma de discriminación o acoso ilegal. La cátedra, su contenido y su discurso, que son que una parte intrínseca del contenido del curso, no podrán en ningún caso promover acoso sexual u otra forma de discriminación o acoso ilegal. Se reconoce que una función esencial de la educación promueve la libertad de opiniones y la exploración de ideas que pueden causar molestia a algunos estudiantes. Se reconoce también que la libertad académica garantiza el derecho de enseñar de la catedra y el derecho de aprender del estudiante. Por último, nada en esta póliza será interpretado para prohibir la buena fe de requisitos académicos para un programa específico, curso o actividad.

**Acuerdo Americano para Discapacitados de 1990**
El Acuerdo Americano para Discapacitados (ADA) de 1990 prohíbe la discriminación contra la gente con discapacidades en el empleo, servicios públicos e incluso transporte público y privado, alojamientos públicos, y servicios de telecomunicaciones.

Los servicios de apoyo para estudiantes con discapacidades son proporcionados por el departamento de Programas de Discapacidad y Servicios. Si necesita información sobre servicios para estudiantes con discapacidades póngase en contacto con nuestra oficina al teléfono (909) 652-8379 o TDD/TTY (909) 466-2829. También puede llamar gratuitamente al Servicio de Relevo de California a los números 1-800-735-2929 o 1-877-735-2929 para usuarios TDD/TTY. Los empleados (catedráticos, no-catedráticos, o asistente de estudiantes) que requieren de alojamientos deberán ponerse en contacto con la Directora Ejecutiva de Recursos Humanos, Lisa Bailey, al teléfono (909) 652-6532, o al correo electrónico lisa.bailey@chaffey.edu.

**Sección 504: Ley de Rehabilitación**
De acuerdo con la Sección 504 de la Ley de Rehabilitación, el colegio Chaffey cumple con la regulación que protege que “ninguna persona con discapacidad” será excluida de la participación en programas y servicios ofrecidos por el Colegio “únicamente por razones de discapacidad.” La doctora Lori Waite y Guillermo Miller sirven como coordinadores de la ADA 504/508 y pueden proporcionar información y contestar preguntas en cuanto al acceso para estudiantes con discapacidades. Ellos pueden ser contactados en la siguiente dirección: 5885 Haven Avenue, Rancho Cucamonga, CA 91737; o por teléfono: Lori Waite (909) 652-6020, por correo electrónico lori.waite@chaffey.edu, o Guillermo Miller al teléfono (909) 652-6390, o al correo electrónico william.miller@chaffey.edu.

**Sección 504/508: Procedimiento de Queja**
Si un estudiante tiene una queja bajo las provisiones de la Sección 504 del la Ley de Rehabilitación, el estudiante deberá primero contactar al coordinador de Chaffey del ADA 504/508 al teléfono (909) 652-6379, o al correo electrónico dps.staff@chaffey.edu. El coordinador de la ADA 504/508 se pondrá en contacto con todas las personas/partidos implicados e intentará encontrar una solución. Si la queja no puede ser resuelta dentro de los siguientes diez días laborables, el reclamante puede entonces presentar una demanda formal con Lisa Bailey, directora ejecutiva, en la Oficina de Recursos Humanos al teléfono (909) 652-6532, o al correo electrónico lisa.bailey@chaffey.edu.

**DISCIPLINARY AND GRIEVANCE APPEAL PROCEDURES**
The student grievance policy and procedure guidelines and appeal hearings information are found in the Chaffey College Student Handbook which is available in the Student Activities Office in Campus Center East (CCE) on the Rancho campus or by visiting our website at www.chaffey.edu/student_handbook.

**OPEN COURSES**
It is the policy of this district that, unless specifically exempted by statute, every course, course section or class, the average daily attendance of which is to be reported for state aid, wherever offered and maintained by the district, shall be fully opened to enrollment and participation by any person who has been admitted to the College and who meets such prerequisites as may be established (Title 5, section 55003).

Courses and/or course sections designated for firefighters, law enforcement, prisoners, and students participating in cohort instruction may have restricted enrollment (Title 5, section 58051).

**REGULATIONS AND STUDENT COMPLIANCE**
Civil law and district policies give the college student a number of rights on campus that non-students do not enjoy. Similarly, the body of people who work and go to classes at Chaffey do so in the spirit of community, a fact which imposes responsibilities of college citizenship. The Governing Board of Chaffey College has established rules and regulations governing the behavior of students and penalties for violations thereof, as required by the California Education Code Section 22635 of every community college. Students are responsible for compliance with the regulations published in this catalog, in the Schedule of Classes, in the Student Handbook, and departmental rules and regulations. Student clubs are responsible for compliance with the Club Handbook.

**SMOKING POLICY**
Smoking of any form of tobacco or non-tobacco products is prohibited inside of any building, including restrooms and corridors; within 20 feet of a main exit, entrance, or operable window of any college-owned, leased, or operated buildings; and in any college-owned, leased, or operated vehicles.

**STATEMENT OF EQUAL OPPORTUNITY**
Non-Discrimination and Prohibition of Harassment Policy
Chaffey Community College District is committed to providing affirmatively, equal educational opportunity and equal employment opportunity. This commitment extends to educational policies, personnel policies and practices, and to the treatment of employees, students, and the
Students shall be immediately report-
ed to the District's Compliance Officer, Lisa Ba-
iley, Executive Director of Human Resources, 
Chaffey College, 5885 Haven Avenue, Rancho 
Cucamonga, CA 91737-3002; telephone (909) 
652-6532, email lisa.bailey@chaffey.edu or to 
any dean, director, or manager for immediate 
reporting to the District's Compliance Officer, or 
designee. Every effort will be made to ensure 
that confidentiality is maintained.

Americans with Disabilities Act of 1990
The Americans with Disabilities Act (ADA) of 
1990 prohibits discrimination against people 
with disabilities in employment, public services 
including public and private transportation, 
public accommodations, and telecommunications 
services.

Support services for students with disabilities 
are provided through Disability Programs and 
Services. Anyone needing information about 
services for students with disabilities should 
contact this office at (909) 652-6379 or 
TDD/TTY (909) 466-2829. The toll free num-
bers for the California Relay Service are 1-800-
735-2929 or 1-877-735-2929 for TDD/TTY 
users. Employees (faculty, non-faculty, or stu-
dent worker) requiring accommodations should 
contact the Executive Director of Human 
Resources, Lisa Bailey, at (909) 652-6532, 
email lisa.bailey@chaffey.edu.

Section 504—Rehabilitation Act
In accordance with Section 504 of the Rehabili-
tation Act, Chaffey College abides by the regu-
lation that “no otherwise handicapped individual” 
shall be excluded from participation in pro-
grams and services offered by the College 
“solely by reason of the handicap.” Dr. Lori 
Waite and William Miller serve as 504/508/ADA 
Coordinators and can provide information and 
answer questions regarding access for students 
with disabilities. They may be reached at Chaf-
fey College, 5885 Haven Avenue, Rancho Cucam-
onga, CA 91737-3002. Contact Lori Waite at 
lori.waite@chaffey.edu or (909) 652-6020, or 
William Miller at bill.miller@chaffey.edu. or 
(909) 652-6390.

Section 504/508 Complaint Procedure
If a student has a complaint under the provi-
sions of Section 504 of the Rehabilitation Act, 
the complaining party should first discuss the 
complaint with the individual(s) involved or 
with the Chaffey College 504/508 and/or the 
ADA Coordinator. The 504/508, ADA Coordin-
ators will contact all parties concerned, if appro-
priate, and attempt to reach resolution. Contact: (909) 652-6379, or dps.staff@chaffey.
edu. If the complaint cannot be resolved 
within ten working days, the complainant may 
then proceed to file a formal complaint with the 
Office of Human Resources, Lisa Bailey, Execu-
tive Director at (909) 652-6532, email 
lisa.bailey@chaffey.edu.

In accordance with the Family Educational 
Rights and Privacy Act (FERPA), Chaffey Col-
lege does not release student record informa-
tion without the written consent of the student 
or under judicial order, except:
A. To officials and employees of the District 
who have a legitimate educational need to 
inspect the record.
B. To a member of the college's Governing 
Board.
C. To a person employed by, or under contract 
to, the District to perform a special task, 
such as an attorney or auditor.

Chaffey College designates the following as 
directory information: name, address, phone 
number, dates of attendance, major field of 
study, awards and degrees received, most 
recent institution attended, participation in offi-
cial college activities and sports, weight and 
height (for members of athletic teams), and 
part-time and/or full-time enrollment status. 
Students must specifically request non-release 
of their directory information by submitting a 
Student Update Form. Student Update Forms 
are available on the Chaffey website at www.chaffey.edu or in the Admissions and Records Office. Requested actions will be effec-
tive within 5 working days.

SUBJECT TO CHANGE
All Chaffey College policies, regulations and 
courses are subject to change without notice at 
the discretion of the Governing Board.

In accordance with the Code of Federal Regu-
lations, Title 34, Part 668, Sections 668.41 
through 668.46 (the “Student Right to Know” 
Act), institutions participating in any Title IV, 
HEA program shall make available to current 
and prospective students, and high school 
counselors, the completion and transfer-out 
rates of first-time, full-time, degree-seeking 
students who entered the institution on or after 
July 1, 1996. This information will be posted in
TRAFFIC AND PARKING REGULATIONS

Any motor vehicle classified as such under California State law and parked on the Rancho Cucamonga, Chino, or Fontana Campuses between the hours of 7 a.m. to 11 p.m. Monday through Friday and 7 a.m. to 3 p.m. on Saturday must display a valid parking decal or parking permit. Permits are not required on Sunday. Parking decals may be purchased at the Rancho Cucamonga, Chino, or Fontana Campuses. Daily parking permits are purchased at dispensers located in parking lots throughout the campus. Vehicles not displaying a valid parking decal or daily parking permit are subject to citation for violation of the Chaffey College District policy, Chapter 7, Paragraph 7.8.17.

No person who has been issued a parking permit shall give, lend or allow any person to use such permit to obtain parking privileges to which he or she is not entitled.

In compliance with California State law, each owner/operator of vehicles operated or parked on Chaffey College property is required to possess a current valid driver's license and current proof of insurance. Each such owner/operator shall furnish this license and proof of insurance to any peace officer/Campus Police Officer/representative upon request.

All persons driving vehicles on the campus are required to comply with the traffic laws of the State of California (Reference: Vehicle Code, Section 670, 21113). Maximum speed limit on campus is 25 miles per hour, and the maximum speed limit in the parking lots is 15 miles per hour.

No vehicles will be driven on sidewalks, footpaths, lawn, patio or court areas except by special permission of the Chaffey College Department of Public Safety (Reference: Vehicle Code, Section 21113).

Barriers, fences, or posts may be placed at any point deemed necessary for safety or convenience. Removal of these barriers, fences, or posts is grounds for issuance of a citation.

Parking is permitted only in spaces specifically marked, and is prohibited in loading zones, posted areas, or along red curbs. Areas that are not clearly marked for parking are designated as “No Parking” areas.

Backling into parking stalls or taking up more than one parking stall is prohibited. Reserved parking spaces may be used only by vehicles displaying a reserved parking permit. Citations will be issued to those in violation.

Students with physical disabilities must purchase and display a campus parking decal for their vehicle. They may park in specially marked locations, identified by blue ground markings and/or a blue sign. If parked in these locations, they must also display either the DMV handicapped placard, or a permit obtained from the Disability Programs and Services Office. Visitor parking spaces may be used by those who secure a guest parking pass from the Campus Police Office, or the department in which they are visiting. Neither registered students nor staff members may park in a visitor’s space. A citation will result. Limited time parking spaces are strictly monitored and are marked with a green curb. Metered stalls are $0.25 for every 15 minutes with a limit of one hour. Any person parked in a metered stall must pay the correct fee, even with a valid parking decal.

Violators of the above regulations with regard to traffic and parking are subject to a citation payable at the Campus Police Office. Continued violations of the above traffic regulations are subject to severe disciplinary action by the College administration.

For more detailed information, consult the Parking and Traffic Regulations brochure available in the Campus Police Office.

USE OF CAMPUS FACILITIES

RENTAL OF CAMPUS FACILITIES

Rental of campus facilities provides for the maximum use of the college facilities by students, employees, other educational entities, citizens and citizen groups. The use of district facilities may not interfere with the normal educational activities of the college.

Facility rental procedures and fees may be obtained from the Facility Rentals Office at (909) 652-6182.

POLICY OF FREE SPEECH: TIME, PLACE, AND MANNER

The purpose of Chaffey College's policy of Free Speech: Time, Place, and Manner is to support the freedom of assembly and freedom of expression as guaranteed by the Constitution of the United States. Fundamental to these guarantees are the rights of free speech and peaceful assembly. It is also a core education value. Students and other members of the college community shall be free to express their views or to support causes by orderly means that do not disrupt the regular and essential operations of the college. In addition, the college requires members of the community to conduct their expressive activities in a manner that promotes and maintains freedom from intimidation, exploitation, or harassment and does not threaten health or safety. (Education Code Section 76120. Chaffey Procedure 5.6 Speech: Time, Place, and Manner.)

DISTRIBUTION OF LITERATURE

Permission for distribution of literature on campus is obtained from the Student Activities Office. The following kinds of literature may not be distributed or displayed without the consent of the Student Activities Director: literature advertising off-campus activities sponsored by an individual or group not connected with the college; literature for which there is a charge or donation required or requested, either explicitly or implicitly; literature whose legality is in question. No literature may be displayed or distributed which solicits funds except with the approval of the Student Activities Office. Soliciting is not encouraged. Advertisements by non-student parties are directed to the student newspaper, The Breeze.

Literature which is not in conflict with the above stipulations may be posted and otherwise displayed in the Campus Center complex, and the bulletin boards immediately adjacent to them in the patio area and the Campus Center Student Free Speech Area. Students or student groups wishing to post in other areas of the campus should confer with the Student Activities Office for the policies and procedures governing the areas. No literature may be taped or otherwise affixed to a painted or glass surface. Some bulletin boards in the Campus Center complex have been designated to serve specific functions. When in doubt, the student should contact the Student Activities Office. No flyers may be posted on cars!

COLLECTION AND RAISING OF FUNDS

Students or faculty members may not be solicited to contribute funds to any organization which is not directly under the jurisdiction of Chaffey College without the express permission of the college administration.

Likewise, no non-student group or individual may collect funds on campus or have campus groups collect for them on campus without prior approval of the college administration.
If you asked Joy Haerens to write a description of herself, she would pen something like this:

“I have been a college teacher/professor for 36 years and taught at Chaffey for 22 years. I am fortunate to have a wonderful job which allows me to work with students daily. There is not a week during the school session that I do not learn something splendid and helpful from my students. I never lose sight of that superb gift! I view education as a creator of options and security. When you know more, you can choose more, and you sometimes become more indispensable. I also consider our relationship as student and teacher to be collaborative.”

This does tell us something about Joy. But it is just a quick view, one that tells us much about her priorities and attitudes about higher education, but just ask her Chaffey colleagues what they think of her, and we learn so much more.

Joy seems to have the ability to inspire co-workers to burst into poetry! Recently, when asked to comment on working with Joy, a colleague wrote this haiku in response:

“Joy Joy Joy oh Joy
She brings me joy night and day
A perfect name match!”

Others responded with pages of heartfelt prose. Here is a sampling of their comments:

“If there ever was a model teacher, Joy is the one.”

“I had re-entered the teaching profession when I started with Chaffey College ten years ago. Joy has been a tremendous leader, mentor, coach and friend.”

“Joy's soothing mannerisms and personality makes it a "joy" to work with her.”

“If Mother Theresa had conceived a child with Sun Tzu, Joy would be their baby girl!”

“If Vito Corleone and Mahatma Gandhi had been cloned into a woman, the result would be Joy!”

“She is a master tactician who can make everyone feel like they walked away a winner.”

“Joy is always there, with an ear for listening, to provide a sounding board, or to kick you when you need kicking, without regard to the other demands on her time.”

“She is the sage friend and mentor who has the uncanny ability to look for the best and remain optimistic while remaining pragmatic.”

“Joy can somehow move into the eye of a storm, enabling those around her to eventually achieve a mental state that enables the group to work collaboratively to emerge from the storm unscathed (or relatively so).”

“Joy cares. Joy is empathetic. Joy is engaged. Joy is a master of her profession. Joy is a pleasure to work with.”

I could go on. But if I did, I would have to answer to Joy, who would not want all of this praise lavished upon her. Rather, she would, I know, prefer to have it rebound to all of her colleagues instead.

So, I will close by paraphrasing some comments by another of Joy’s good friends, who tells us that one of Joy’s favorite books is What Happy People Know, by Dan Baker. Joy’s life is a virtual illustration of the twelve qualities of happiness described in Baker’s book.

Joy lives her life with love for those around her – Her husband Tim, her mother Dorothy, her children and grandchildren, her students, her colleagues, and her friends. She takes on each day with a sense of optimism, forging her own destiny, and creating her own happiness. She is courageous – clearly not afraid to choose who she is, and where she is going. Joy gives a three dimensional meaning to the phrase “live well and thrive.” She has a sense of getting outside of herself, to give to others without thought of receiving anything in exchange. Regardless of the her daily challenges, and we know that there have been plenty of these for all of us this past year, Joy has been able to maintain her perspective, and to turn problems into possibilities, while maintaining her sense of humor all the while. Happy people know their purpose. Joy embraces her purpose. She is doing what she was meant to do, and she does it every day, with passion, with warmth, and with so much class.

For all of these reasons, and many more, we are lucky to have Joy Haerens as a friend and colleague. I won’t keep her from you any longer. Please welcome our 2010-2011 Faculty Lecturer of the Year, Joy Haerens.
GOVERNING BOARD

Associate Professor, Automotive Technology
A.S., A.A., Chaffey College
B.A., California State University, San Bernardino

Osgood, Joanne
Professor, Business and Office Technologies
B.S., University of Pittsburgh
M.A., State University of New York

Padgett, Lisa
Professor, Mathematics
B.A., University of California, Riverside
M.A., California State University, San Bernardino

Paplanus, Susan
Professor, Nursing
B.S.N., University of Texas
M.S.N., California State University, Long Beach

Parker, Cynthia M.
Professor, Economics
B.A., M.B.A., California State University, Fullerton

Pender, Karen L.
Professor, Mathematics
B.A., California State University, Fullerton
M.S., California State Polytechnic University, Pomona

Pennett, Kyle
Professor, English as a Second Language
B.A., M.S., California State University, Fullerton

Phipps, Charmaine
Associate Professor, English as a Second Language
B.A., California State University, Stanslaus
M.A., California State Polytechnic University, Pomona

Piper, Candice
Associate Professor, Vocational Nursing
A.S.N., Chaffey College

Pratt, Laurie
Associate Professor, Communication Studies
B.A., Azusa Pacific University
M.A., California State University, Fullerton

Preble, Kipp
Professor, Communication Studies
B.A., M.A., California State University, Northridge

Rivas, Henry
Professor, Correctional Science
B.A., M.A., California State University, Los Angeles

Roberts, Philip
Associate Professor, Physical Education
B.S., Kansas State University
M.S., NorthWest Missouri State University

Roebuck, Alan
Professor, Mathematics
B.S., M.A., University of California, Los Angeles

Rose, Eva K.
Professor, Communication Studies
B.A., M.A., California State University, Fullerton

Ross, Mary Jane
Professor, Multidisciplinary Center
B.A., M.A., Pepperdine University, Malibu

Rundquist, Robert
Associate Professor, Interdisciplinary Writing Center
B.A., University of California, Berkeley
M.A., University of Southern California

Sadowski, Angela
Professor, Psychology
B.A., M.A., California State University, Los Angeles

Sanchez, Diana
Assistant Professor, Counseling
B.A., University of California, Los Angeles
M.S., California State University, San Bernardino

Seol, Sara
Professor, Nursing Skills Lab
B.S.N., M.S.N., California State University, Dominguez Hills

Serrano, Maria
Professor, Counseling
A.S., Pasadena City College
B.A., M.S., California State University, Los Angeles

Siedschlag, Steven B.
Professor, Computer Information Systems, Networking

Snyder, Paula
Professor, Sociology
B.A., University of California, Riverside
M.A., California State University, San Bernardino
Ph.D., Howard University, Washington D.C.

Song, Julie H.
Assistant Professor, Sociology
B.A., M.A., University of California, Irvine

Spears, Bonnie
Professor, English
B.A., Purdue University
M.A., Western Illinois University

Starr, Susan
Professor, Counseling
B.A., Westminster College
M.A., Azusa Pacific College

Stratton, Sean
Professor, English
B.A., M.A., California State University, Northridge

Syrop, Mitchell
Professor, Multimedia
B.F.A., Pratt Institute
M.F.A., California Institute of the Arts

Ta, Tuyet
Professor, Mathematics
B.A., University of Saigon, Viet Nam
B.S., M.S., California State Polytechnic University, Pomona

Tang, Pak
Associate Professor, Political Science
B.A., University of California, Los Angeles
M.A., University of Southern California

Tardiff, Michelle
Professor, Business and Office Technologies
A.S., Chaffey College

Tavakoli, Mohammad
Professor, Mathematics
M.S., M.A., M.S., California State University, Fullerton

Taylor, Sherman
Associate Professor, Automotive Technology
A.S., Chaffey College

Thomas, Vanessa
Professor, Business Administration
B.A., University of Oregon
M.B.A., University of Phoenix

Thompson, Teresa
Associate Professor, Accounting
B.S., University of California, Riverside

Tirado, Victoria
Professor, Spanish
B.A., M.A., California State University, Sacramento

Tjandra, Sariwan
Professor, Chemistry
B.A., M.S., Southern Illinois University
Ph.D., University of California, Riverside

Utler, Melissa A.
Associate Professor, English
B.A., M.A., California State University, Fullerton

Valdez, Daniel B.
Associate Professor, Mathematics
B.S., M.S., California State Polytechnic University, Pomona

Van Riper, Maggie
Professor, Counseling
M.A., Claremont Graduate School
M.S., California State University, Fullerton
Ph.D., Claremont Graduate School

Vitzelio, Tommie
Associate Professor, Multidisciplinary Center
A.A., Riverside Community College
B.A., M.A., California State University, Fullerton

Vizio, Margaret
Professor, English
B.A., B.S., Pomona College
M.A., California State Polytechnic University, Pomona

Walker, Cindy M.
Professor, Language Success Center
B.A., California State University, Northridge
M.A., California State University, San Bernardino

Wall, Jacqueline
Professor, Computer Information Systems
B.A., DePaul University
M.B.A., University of Phoenix

Wardak, Mohammad
Associate Professor, Mathematics
A.A., Chaffey College
B.A., M.A., California State University, San Bernardino

Warner, Jane
Professor, Geology/Earth Science
B.A., Vassar College
M.A., Columbia University
M.A., State University of New York

Watkins, Neil
Associate Professor, English
B.A., University of California, Irvine
M.A., Ph.D., Claremont Graduate University

Catalogue 2011-2012

Catalogue 2011-2012

Chaffey College
Adjunct Faculty

In addition to the regular full-time contract faculty, there are in each school qualified adjunct instructors who come from industry, business and other educational institutions to give Chaffey College a faculty with many talents to support a diversified program of offerings demanded and expected of a community college.

Faculty Emeritus

Aanstad, Lloyd A.
Aeronautics

Abbott, Anthony
Counselor

Adams, Herbert M., Jr.
Basic Skills, Learning Disabilities

Adkins, Lester
Chemistry

agos, Louise
Dean, Business and Applied Technology

Alexander, Dana S.
Physics, Mathematics

Alexander, J. Michael
Communication Studies

Alfaro, Felix L.
Electronics

Algazer, Sharon A.
Interior Design

Anderson, James
Broadcasting

Arner, Rodney D.
Mathematics

Arouuze, Gary W.
Philosophy

Bajcer, Libby
Industrial Sewing

Barreca, James D.
English

Bartell, Donald E.
History, Social Science

Bartell, Mary N.
Counseling

Beardwood, George B.
Mathematics, Surveying

Beeks, Richard E.
Biology, Botany

Benjamin, Beverly
Child Development

Berger, Gordon N.
Vocal Music

Bixler, David
Biological Science, Geography

Blair, John W.
English

Blakeslee, Florence
Music

Blakeslee, S. Earle
Music

Blanchard, William B.
Mathematics

Boetel, Wilma
Nursing, Biological Sciences

Booth, Charles J.
Director

Boring, Eugene B., Jr.
Biological Sciences

Boul, Mary
Nursing

Bowers, Miriam H.
Librarian

Braxton, David
Computer Information Systems

Briot, Francios
French

Brindell, Kathleen
History

Brookins, Dana L.
English

Brown, Margaret
Biological Sciences

Calhoun, Clarence C.
Dean of Instruction

Calhoun, Kenneth G.
Biological Sciences

Cargill, Charles W.
Anthropology

Carlson, Robert A.
Autobody Repair

Carrick, William G.
Disability Programs & Services

Chapman, Elwood N.
Business Education

Childs, Henry E.
Biology

Clark, Pearl E.
Dean of Students

Clements, Richard J.
English

Colbath, George C.
Physical Education

Geology, Mineralogy

Elber, Sylvia
Music

Eskew, Benjamin E.
English

Exdale, John Gilbert
Business

Felsch, Fred O.
Aeronautics, Student Advisor

Fernandez, Priscilla
Reference Librarian

Fincher, Donald E., Sr.
Radiologic Technology

Finnie, Thomas S.
Electronics

Adjunct Faculty

Weingartner, Judith
Associate Professor, Reading
B.S., Central Connecticut State College
M.A., Virginia Polytechnic Institute and State University

Whitney, Wendy
Associate Professor, Counseling
A.A., College of the Sequoias
B.A., University of California, Berkeley
M.S., University of La Verne

Williams, Charles
Assistant Professor, English
B.A., M.A., California State University, San Bernardino

Williamson, Teresa
Professor, Business and Office Technologies
B.A., American Intercontinental University

Wilson, Katherine M.
Professor, Counseling
A.A., Chaffey College
B.A., University of California, Riverside
M.A., California State University
San Bernardino

Witt, Robin
Associate Professor, Mathematics
B.S., California State Polytechnic University, San Luis Obispo
M.S., California State Polytechnic University, Pomona

Woods, Darcel
Professor, Correctional Science
B.A., California State University, Fullerton
M.A., University of La Verne

Yazigi, Wafa
Professor, Mathematics
B.S., New Mexico State University
M.A., Mankato State University
M.S., University of Washington

Zmudka, Cathy
Professor, Nursing
A.A., A.S., San Bernardino Valley College

Child Development Center

Condon, L’Tanya
A.A., Chaffey College

Gomez, Erin
B.S., University of La Verne

Nevarez-Hernandez, Guadalupe
B.S., California State University, Los Angeles
