Welcome to Chaffey College! We are pleased that you have selected Chaffey College as your college. Our institution offers endless opportunities and programs including over 100 degree and certificate programs. Chaffey College provides affordable, accessible, high quality, and workforce training programs which meet the needs of our community.

Chaffey College has an $80 million annual impact on the economy in the Inland Empire. Many of our students upon completing their college education remain or return to the community and find employment, therefore stimulating the local economy.

Over the past 10 years, Chaffey College facilities have been transformed. The passage of Measure L provided $230 million for new facilities and upgrades to enhance the learning environment for students. For example, in the last six years, over 400,000 square feet of new buildings and facility upgrades have been made.

The Chaffey College faculty and staff take great pride in both their teaching and service. They are experts in their fields of teaching and are passionate about student success. In addition, our academic and support services are world class.

So, whether you are a student at one of our campuses or enrolled in online classes, I encourage you to utilize both the teaching expertise of our faculty and the comprehensive services and support available to you to enhance your academic success.

If you are enrolling this next academic year, we wish you congratulations on becoming one of the scholars who will benefit from the instruction and support that Chaffey College provides. An education, whether you are obtaining an associate’s degree, certificate, transferring to a university, or engaging in work-related development, is the key to a better future.

Chaffey College is so committed to the achievement of individual student goals that we have developed a new initiative called “Completion Counts: Exceeding Expectations.” This initiative emphasizes successful strategies from the first point of entry to the college until students ultimately achieve their goals. You will learn more about these strategies while you are on your educational journey at the college.

Again, welcome to our new Chaffey College students and welcome back to those who are continuing their education. I look forward to seeing you around Chaffey College.

Henry D. Shannon, Ph.D.
Superintendent/President
COMMUNICATION
Students will demonstrate effective communication and comprehension skills. Examples will include, but are not limited to the following:

- Comprehend, analyze, and respond appropriately to oral, written and visual information.
- Effectively communicate/express information through speaking, writing, visual and other appropriate modes of communication/expression.

CRITICAL THINKING AND INFORMATION COMPETENCY
Students will demonstrate critical thinking skills in problem solving across the disciplines and in daily life. Examples will include, but are not limited to the following:

- Identify vital questions, problems, or issues and evaluate the plausibility of a solution.
- Analyze, compose and assess the validity of an argument.
- Compute and analyze multiple representations of quantitative information, including graphical, formulaic, numerical, verbal and visual.
- Compare, contrast and analyze scientific concepts and scientific observation.
- Select, analyze and evaluate the accuracy, credibility, relevance and reasonableness of information and its sources.

COMMUNITY/GLOBAL AWARENESS AND RESPONSIBILITY
Students will demonstrate knowledge of significant social, cultural, environmental and aesthetic perspectives. Examples will include, but are not limited to the following:

- Identify the social and ethical responsibilities of the individual in society.
- Demonstrate commitment to active citizenship by recognizing and evaluating important social, ecological, economical and political issues.
- Demonstrate an understanding and appreciation for individual, social and cultural diversity.

PERSONAL, ACADEMIC AND CAREER DEVELOPMENT
Students will assess their own knowledge, skills and abilities; set personal, educational and career goals; work independently and in group settings; demonstrate computer literacy and cultivate self-reliance, financial literacy, and physical, mental and social health. Examples will include by are not limited to the following:

- Demonstrate professional and ethical responsibilities of the individual.
- Identify personal, academic, psychological, and social needs, determine resources and access appropriate services.
- Develop, implement, and evaluate progress towards achieving personal goals, academic goals, career goals and career resilience.
- Demonstrate the ability to use technology to assess, evaluate, and present information.

CORE VALUES

STUDENT SUCCESS
Chaffey College fosters a climate of inquiry, promotes evidence-based decision making, and provides access to essential learning support.

EDUCATIONAL EXCELLENCE
Chaffey College supports a spirit of innovation and excellence in teaching and learning as reflected in the core competencies.

CLIMATE OF INCLUSION AND RESPECT
Chaffey College honors representative voices and collaboration in a respectful and professional learning environment.

DYNAMIC STUDENT SERVICES
Chaffey College integrates comprehensive support services into a seamless, accessible, and sensitive network.

RESPONSIVENESS TO THE COMMUNITY
Chaffey College develops community partnerships, unique learning opportunities, and outreach programs to meet the needs of the community.

ENVIRONMENTAL RESPONSIBILITY
Chaffey College commits to the preservation, conservation, and responsible use of its resources.

The District

The college district serves the population of the inland empire of western San Bernardino County, where the communities of Chino, Chino Hills, Fontana, Guasti, Montclair, Mt. Baldy, Ontario, Rancho Cucamonga (Alta Loma, Cucamonga, and Etiwanda), and Upland are located. Four districts serving high school students are contained within these communities. They are the Chaffey Joint Union High School District, the Chino Unified School District, the Fontana Unified School District, and the Upland Unified School District.

The College

ACREDITATION

Chaffey College is a two-year public community college and is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges (10 Commercial Blvd., Suite 204, Novato, CA 94949, (415) 506-0234), an institutional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the U.S. Department of Education. Chaffey is a member of the American Association of Community Colleges, the Community College League of California, Service Members Opportunity Colleges (SOC), the Consortium of Southern California Colleges and Universities, and is approved by the Office of Private Post-Secondary Education for Veterans Benefits.

HISTORY

Chaffey College represents the vision of George and William Chaffey, who founded the City of Ontario in the last quarter of the nineteenth century. Recognizing the need for an institution of higher learning, the Chaffey brothers donated land and established an endowment for a private college known as the Chaffey College of Agriculture. On March 17, 1883, the cornerstone of the college was laid at Fourth Street and Euclid Avenue in Ontario. Due to meager financial resources, the college became an extension of the University of Southern California and then closed for a brief period in the early 1900’s. In 1906 the Chaffey endowment was legally separated from the University of Southern California and the reorganized Chaffey Union High School District became the beneficiary of the College Trust.

In 1916 the Chaffey Junior College of Agriculture was added as a postgraduate department to the high school. A separate junior college district was created in 1922 and in 1957 bonds were approved in support of a complete separation of the high school and college facilities. Property was acquired in Alta Loma and a long-anticipated new college opened its doors in the spring of 1960. Passage of Measure L ($230 million) in 2002 is enabling the college to construct and renovate a number of buildings on the Rancho Cucamonga, Chino, and Fontana Campuses.

Student Equity

The District, and each individual who represents the District, commit to actively pursuing equity for Chaffey College students without regard to national origin, religion, age, sex (gender), race, color, medical condition, ancestry, sexual orientation, marital status, physical or mental disability, or because he or she is perceived to have one of the foregoing characteristics through the implementation of the goals and objectives of the Student Equity Plan. Being sensitive to the personal, professional, and aesthetic needs of its diverse populations and cultures, the college will incorporate into its educational process the richness of world cultures, languages, ethnicities, and artistic pluralism that is strongly represented within our community. We commit to respecting, celebrating, and integrating student’s diverse cultures into all phases of campus life. We will provide leadership in creating a climate to ensure that all students, faculty, staff, and administrators share in the implementation of Chaffey College’s equity goals.

Administration and Governing Board

The superintendent/president is the chief administrative officer and is assisted by associate superintendents, a vice president, deans, directors, and members of the faculty in bringing educational excellence to the community. The Governing Board has five members elected by district voters, and a student member elected by the student body.

Schools and Services

The college has six schools which provide an extensive range of the highest quality transfer and occupational courses: Business and Applied Technology; Health Sciences, Language Arts; Mathematics and Science; Social and Behavioral Sciences; and Visual and Performing Arts. Student Services provides additional instruction in physical education, athletics, cooperative education, disability programs, and guidance. The college also provides many excellent student support services including student success centers, transfer counseling, career planning assistance, job placement, financial aid, health care, child care, and help with public transportation.

Curriculum

The College offers lower division courses for students who plan to transfer to a four-year college or university, occupational courses for students who wish to acquire or improve employment skills, and general education courses to provide all students with an awareness of the cultural diversity of our nation and the world.

Transfer programs are designed to meet the lower division requirements of four-year colleges and universities and to develop the skills essential to success in upper division courses. General education courses are articulated with comparable university courses to assist students in meeting transfer requirements.
These courses introduce students to a variety of academic disciplines and acquaint them with the assumptions and theoretical bases fundamental to each discipline.

Occupational programs are continually updated to reflect current industry requirements. Interaction with community leaders, advisory committees, and with business, industry and public service organizations ensures that students are kept apprised of developments in employment trends.

Finally, noncredit courses are provided for students wishing to learn English as a Second Language or to improve basic academic skills in math and English. Tutoring is provided primarily through the five college Success Centers which also serve as the college’s primary resource for supplemental learning and assistance.

DEGREES

Students who successfully complete the requirements for graduation are awarded Associate in Arts and Associate in Science degrees. Students who complete the requirements of selected programs receive Certificates of Achievement.

COLLEGE YEAR

Chaffey College is organized on the semester system. The academic year includes two 17 1/2-week semesters, Fall and Spring, which run from August through May, plus a summer session. Courses offered in the various terms are similar in scope and maintain equivalent standards. The academic calendar for the 2013-2014 college year appears in the back of this catalog.

In addition to the regularly scheduled 17 1/2-week classes, intensive short-term classes are offered. Some open-entry, open-exit classes allow for flexible scheduling, as do the growing number of online sections.

Day and evening classes are available for full-time and part-time students. Daytime classes are scheduled from 6:30 a.m. to 4:30 p.m. Monday through Friday. Evening classes usually begin at 5:30 p.m. Monday through Friday. Field trips are scheduled outside the normal class meeting time and may include weekends.

FACULTY

Student success is the focus of faculty at Chaffey College. The faculty comprises dynamic and committed professionals who have completed the rigorous requirements mandated by the State of California. All faculty must demonstrate subject matter competency, the ability to teach that subject matter, and a commitment to remain current in their discipline. The college recruits faculty who are sensitive to and prepared to work with a diverse student population.

Chaffey faculty reflect the diversity of the student population, representing a wide variety of ethnicities, cultures, and belief systems. They include scientists, writers, technical experts, vocational specialists, and scholars. Faculty are deeply committed to teaching excellence in both the vocational and academic programs. They use their expertise in business, social science, natural science, the humanities, and the arts to prepare students for vocations, university transfer, or associates’ degrees.

FACILITIES

Chaffey College rests at the base of the San Gabriel Mountains rambling over 200 acres of man-made and natural vegetation. It is a college that provides excellent post secondary educational opportunities to a service area in excess of 798,355 residents.

An array of facilities support the academic mission of the college including science, engineering, modern language, and reading laboratories that meet the standards of occupational education. The Wignall Museum of Contemporary Art and the Chaffey College Theatre offer opportunities for both fine and performing arts. The museum and theatre are unique resources for both the college and the community. The college also has facilities for broadcasting, drafting, photography, and graphic arts as well as a gymnasium, swimming pool, fields for competitive and recreational sports, a student center and lounge, cafeteria, bookstore, a network of student success centers, an online assessment center, and a Child Development Center where children of student-parents receive care. The college is also well served by a library/learning resources center.

Other facilities include off-campus centers that support the academic and services functions of the college. One such facility is the Learning Development Center, which provides vocational training and support programs and services for students with physical, developmental, or learning disabilities.

The District offers a strong program of community-based education that is delivered primarily through the Chaffey College Campuses in Chino and Fontana. Using the Chino and Fontana Campuses as a community base, students have access to a myriad of classes that are an extension of the college.

Passage of Measure L ($230 million) in 2002 has enabled the college to construct and renovate a number of buildings on the Rancho Cucamonga, Chino, and Fontana Campuses. Completed projects on the Rancho Cucamonga Campus include the Marie Kane Center for Student Services/Administration, the Don Berz Excellence Building, the Michael Alexander Campus Center, the Science Complex, the Central Plant, the Physical/Life/Health Science renovation, the Math Success Center renovation, the Center for the Arts, the Sports Center, and the gym renovation project. On the Fontana Campus, the Fontana Academic Building opened for the Fall 2011 semester. This building houses classrooms, laboratories, a library and bookstore and a dance studio. The Chino Campus Main Instructional Building opened for the Spring 2008 semester, and the Health Science and Community Center buildings opened in Spring 2009. The Chino Community Center houses the Hotel and Food Services Management program, Interior Design, and Fashion Design and Merchandising programs. Chino is also the home of the Robert Pile Information Technology Center which houses the Computer Information Systems and Industrial Electrical Technology programs.

There are also a number of landscaping projects that have been completed and several currently in progress to beautify all of the campuses. We are especially pleased with the completion of the Agricultural Demonstration Garden which consists of a two acre vineyard and one acre citrus grove located at the southeast corner of Haven and Wilson Avenue. Other projects include the expansion and renovation of our parking lots.
Chaffey College Chino Campus includes five buildings: three of which are at the College Park location and two buildings are at the downtown Chino location. The campus provides a full array of student services including admissions, assessment testing, cashiering, financial aid, academic counseling, limited transfer services, student health services, and a full service bookstore. Students also have access to a multidisciplinary success center to assist them in a variety of subjects. Students are offered instruction in a multitude of general education and occupational courses. Students can complete the following courses uniquely at the Chino Campus: Vocational Nursing, Industrial Electrical Technology, CISCO, Hotel and Food Service Management, Fashion Design/Fashion Merchandising and Interior Design. For additional information, call (909) 652-8000.

The Chino Educational Center opened its doors in Spring 2000 to better serve the residents of the southwestern portion of the district. Currently, the Center currently houses classes for Chaffey College’s Economic and Workforce Development Program which offers short-term, intensive vocational training reflective of current business and industry needs.

CHINO EDUCATIONAL CENTER
13106 Central Avenue, Chino

The Chino Educational Center
13106 Central Avenue, Chino

The Chino Educational Center opened its doors in Spring 2000 to better serve the residents of the southwestern portion of the district. Currently, the Center currently houses classes for Chaffey College’s Economic and Workforce Development Program which offers short-term, intensive vocational training reflective of current business and industry needs.

The Robert Pile Information Technology Center opened in Fall 2011, has classrooms, science labs, a library resource center, a student lounge and a full service bookstore. The Fontana Center building also has classrooms, as well as the multidisciplinary success center where students can receive tutoring and instructional assistance. For additional information call (909) 652-7400.

THE CHAFFEY COLLEGE FOUNDATION

The Chaffey Foundation, a non-profit [501(c) (3)] independent corporation, was organized and established in 1987 by friends and alumni to support the activities and programs of the College. It has become one of the most successful community college foundations in Southern California. The mission of the Chaffey College Foundation is that no individual be denied an education at Chaffey College due to a lack of financial resources. The Foundation coordinates various fundraising activities and receives all donations made to the College and the Foundation. Donations allow the Foundation to award scholarships and continue to fund dreams – one student at a time. Foundation leaders are also instrumental in forging partnerships between the college and the communities it serves. The Foundation has encouraged college and community participation in a variety of intellectual, cultural, recreational, and social activities. Anyone interested in learning how to support the Foundation’s mission and Chaffey College’s students, or any students interested in scholarship opportunities, please call (909) 652-6545.

THE CHAFFEY COLLEGE ALUMNI ASSOCIATION

Chaffey College alumni and former students continue to play a vital role in the campus community. The Chaffey College Alumni Association exists to showcase the successes of alumni and to celebrate Chaffey’s rich history, traditions, and accomplishments in order to ensure Chaffey’s reputation continues to grow. The Association promotes the interests and goals of alumni and former students and offers opportunities for meaningful involvement with the college through Association membership, regular communication, and special events. Alumni and former students are encouraged to get involved with the Alumni Association and show their Panther Pride; please contact the Alumni Office at (909) 652-6541 or via email at alumni@chaffey.edu.
ADMISSION TO THE COLLEGE

All high school graduates, anyone who has a Certificate of Proficiency or a G.E.D., and anyone 18 years of age or older who can benefit from a course of study are eligible for admission.

High school students and residents of other states and foreign countries may apply under special regulations. See sections on High School Concurrent Enrollment or International Students for more information.

APPLICATION

Applications may be submitted online by visiting Chaffey’s website at www.chaffey.edu and clicking on the Application link. International students must contact the International Student Office in CCE-123 on the Rancho Cucamonga campus or check the program’s website at www.chaffey.edu/international prior to beginning the application process.

WHO MUST APPLY

Applicants who will attend Chaffey College for the first time (new students) or former students who have not attended for one or more terms (returning students) must complete an application for admission. Graduating high school seniors who have been enrolled through the High School Partnership Program must submit a new application upon graduation from high school.

Official college transcripts from schools previously attended must be submitted for:

1. Students who plan to graduate or complete a certificate at Chaffey College, and/or transfer to a four-year college
2. Veterans receiving educational benefits
3. Students who plan to apply for the registered nursing and vocational nursing programs
4. Students needing to show completion of course prerequisites
5. Students who have earned an associates degree or higher for exemption from assessment, orientation, and counseling

Official high school transcripts must be submitted for:

1. Students who plan to apply for the registered nursing, and vocational nursing programs (GED or high school proficiency scores may be submitted in lieu of transcripts)
2. All high school students

Release of Transcripts to Other Institutions:
Chaffey College is not permitted to make copies of or release transcripts from high schools or other colleges.

MYCHAFFEY WEB PORTAL

The MyChaffey web portal is a one-stop-shop that provides students with a single point of entry for accessing important resources and information. From within the portal, students have easy access to MyChaffeyVIEW, Moodle, Library services, college announcements and messages, the college events calendar, as well as Chaffey and local news. For more information and login instructions, click on the First Time Users link located on the MyChaffey portal main page at https://my.chaffey.edu.

ORIENTATION, ASSESSMENT, COUNSELING

All new students are required to participate in orientation and assessment prior to registering for classes. These services include, writing, and mathematics testing, and a presentation on college programs and services. Students are encouraged to meet with a counselor within their first six months at Chaffey College. With the assistance of a counselor, students develop an educational plan that includes required classes to achieve their educational and career goals. Students may be exempt from portions of these services or may choose not to participate. Contact the Counseling Department or visit our website at www.chaffey.edu/counseling for appointments and details.

EARLY ASSESSMENT PROGRAM

The California State University, in collaboration with the California Department of Education and California Board of Education, implemented the Early Assessment Program (EAP) in 2004 to assist college-bound high school students in determining their readiness for college-level English and math courses. As a sign of college readiness, the EAP provides high school students with an opportunity to make the most effective use of their senior year to prepare for college if their test results indicate they are not ready for college-level courses. As an incentive to students to take the EAP test and to do their best, students who demonstrate college readiness on the EAP are exempt from taking the college’s assessment and proper placement into college-level English and math courses will be assigned. For more information regarding EAP, please contact the Counseling Department at (909) 652-6200.

SENIOR EARLY ASSESSMENT

The Chaffey College Senior Early Assessment (SEA) Program provides a seamless service delivery to Chaffey College District high school students in the spring semester of their senior year. High school seniors participate in Chaffey College orientation and assessment and meet with a Chaffey College counselor to plan first semester courses. Participating high school seniors are also informed about Chaffey College programs and services, including Admissions & Records, Financial Aid, Counseling, and Extended Opportunities Programs and Services (EOPS). Students who complete the entire SEA sequence (orientation, assessment, and counseling) are eligible for early registration (i.e., are eligible to enroll for Chaffey College courses on the first day of new/returning student registration).

PHOTO I.D. CARD

Chaffey College Photo ID cards are required for use of labs, library, and other services. Students are encouraged to secure their Photo ID card prior to the beginning of the term and must show proof of current enrollment and payment of fees to receive a Photo ID card. Photos must be an unobstructed, front view of the full face that is a representation of the true appearance of the card holder. No facial or hand gestures or foreign objects are to be included in the photo. Hats, sunglasses, and any other clothing that might obstruct the view of the face may not be worn. All headware must be removed, unless worn for valid religious, cultural or medical reasons. No picture retakes are allowed unless the picture is unusable due to closed eyes or other unforeseen problems. Please contact the Admissions & Records Office for further information.

SCHEDULES OF CLASSES

The schedule of classes is available on the Chaffey College website at www.chaffey.edu prior to the registration period. Class offerings are organized by campus and/or by instructional type. The schedule contains detailed instructions concerning enrollment, registration, fees, and related deadlines, along with helpful information about programs and services of the college.

REGISTRATION

The Student Success Act of 2012 (SB 1456), will put into place new state regulatory changes that will affect all California Community College students. Chaffey College will be implementing the following changes regarding student registration:

1. Students who plan to apply for the registered nursing and vocational nursing programs (GED or high school proficiency scores may be submitted in lieu of transcripts)
2. All high school students

Official college transcripts from schools previously attended must be submitted for:

1. Students who plan to graduate or complete a certificate at Chaffey College, and/or transfer to a four-year college
2. Veterans receiving educational benefits
3. Students who plan to apply for the registered nursing and vocational nursing programs
4. Students needing to show completion of course prerequisites
5. Students who have earned an associates degree or higher for exemption from assessment, orientation, and counseling

Official high school transcripts must be submitted for:

1. Students who plan to apply for the registered nursing, and vocational nursing programs (GED or high school proficiency scores may be submitted in lieu of transcripts)
2. All high school students

Release of Transcripts to Other Institutions:
Chaffey College is not permitted to make copies of or release transcripts from high schools or other colleges.

MYCHAFFEY WEB PORTAL

The MyChaffey web portal is a one-stop-shop that provides students with a single point of entry for accessing important resources and information. From within the portal, students have easy access to MyChaffeyVIEW, Moodle, Library services, college announcements and messages, the college events calendar, as well as Chaffey and local news. For more information and login instructions, click on the First Time Users link located on the MyChaffey portal main page at https://my.chaffey.edu.

ORIENTATION, ASSESSMENT, COUNSELING

All new students are required to participate in orientation and assessment prior to registering for classes. These services include, writing, and mathematics testing, and a presentation on college programs and services. Students are encouraged to meet with a counselor within their first six months at Chaffey College. With the assistance of a counselor, students develop an educational plan that includes required classes to achieve their educational and career goals. Students may be exempt from portions of these services or may choose not to participate. Contact the Counseling Department or visit our website at www.chaffey.edu/counseling for appointments and details.

EARLY ASSESSMENT PROGRAM

The California State University, in collaboration with the California Department of Education and California Board of Education, implemented the Early Assessment Program (EAP) in 2004 to assist college-bound high school students in determining their readiness for college-level English and math courses. As a sign of college readiness, the EAP provides high school students with an opportunity to make the most effective use of their senior year to prepare for college if their test results indicate they are not ready for college-level courses. As an incentive to students to take the EAP test and to do their best, students who demonstrate college readiness on the EAP are exempt from taking the college's assessment and proper placement into college-level English and math courses will be assigned. For more information regarding EAP, please contact the Counseling Department at (909) 652-6200.

SENIOR EARLY ASSESSMENT

The Chaffey College Senior Early Assessment (SEA) Program provides a seamless service delivery to Chaffey College District high school students in the spring semester of their senior year. High school seniors participate in Chaffey College orientation and assessment and meet with a Chaffey College counselor to plan first semester courses. Participating high school seniors are also informed about Chaffey College programs and services, including Admissions & Records, Financial Aid, Counseling, and Extended Opportunities Programs and Services (EOPS). Students who complete the entire SEA sequence (orientation, assessment, and counseling) are eligible for early registration (i.e., are eligible to enroll for Chaffey College courses on the first day of new/returning student registration).

PHOTO I.D. CARD

Chaffey College Photo ID cards are required for use of labs, library, and other services. Students are encouraged to secure their Photo ID card prior to the beginning of the term and must show proof of current enrollment and payment of fees to receive a Photo ID card. Photos must be an unobstructed, front view of the full face that is a representation of the true appearance of the card holder. No facial or hand gestures or foreign objects are to be included in the photo. Hats, sunglasses, and any other clothing that might obstruct the view of the face may not be worn. All headware must be removed, unless worn for valid religious, cultural or medical reasons. No picture retakes are allowed unless the picture is unusable due to closed eyes or other unforeseen problems. Please contact the Admissions & Records Office for further information.

SCHEDULES OF CLASSES

The schedule of classes is available on the Chaffey College website at www.chaffey.edu prior to the registration period. Class offerings are organized by campus and/or by instructional type. The schedule contains detailed instructions concerning enrollment, registration, fees, and related deadlines, along with helpful information about programs and services of the college.

REGISTRATION

The Student Success Act of 2012 (SB 1456), will put into place new state regulatory changes that will affect all California Community College students. Chaffey College will be implementing the following changes regarding student registration:
Fall 2013:  
Unit Capacity – Any Chaffey College student who exceeds 100 units (excluding 500 level courses) will lose registration priority status.

Fall 2014:  
Enrollment - All Chaffey College students must have completed the following to retain their registration priority:
- The Chaffey College Assessment process – includes taking the following placement tests:
  - Math  
  - English  
  - Reading  
  - or ESL
- Orientation – completed the college orientation
- Education Plan – approved by a counselor
- Maintain Good Academic Standing (cumulative GPA 2.0 or better)
- Financial Aid Students – Effective Fall 2015 Students’ Board of Governor’s fee waiver eligibility will be impacted if you do not meet academic and progress standards for two consecutive terms.

Registration – Priority registration has been legally mandated in the following ways:
- Eligible veterans and foster youth will be given 1st enrollment priority status
- Active EOPS and DPS student will receive 2nd enrollment priority status
- Some students in unique programs and all students in good academic standing with 100 units or fewer will receive 3rd enrollment priority status.

For more information regarding the California Community College regulations for student success visit the California Community College Chancellor’s website.

www.californiacommunitycolleges.cccco.edu
or the Chaffey College website
www.chaffey.edu/student-success.

An informational video is also available at http://www.youtube.com/watch?v=viujxhze98V

First-time Chaffey students will receive a registration date by email after submitting an online application via CCCApply. Continuing students will receive information about how to access their registration date by email. Students may register online on or after their assigned registration date. Students who do not have access to a personal computer may use the student computers in the Admissions and Records Office on any campus. High school students participating in the High School Partnership Program are required to register in person.

ALTERNATE CHOICE OF CLASSES
It is recommended that students prepare an alternate list of classes to fit their schedule in the event their first choice of classes is not available. Classes are filled on a first-come basis. A list of open classes is available throughout the registration period. The open class list is available on Chaffey’s website at www.chaffey.edu.

CLOSED CLASSES AND WAIT LISTS
If a desired class is closed, a student may register in an alternate class or place himself/herself on the wait list. Wait lists open as soon as a class becomes full. When a seat becomes available, students will be notified and given permission via email to add the class, based on their rank on the wait list. Wait lists are limited to 20 students. A student must attend the first class meeting to be considered for admission to a closed class.

UNITS
Students may register for a maximum of 18 units during fall/spring terms and 7 units during summer term using online registration. Any units exceeding the maximum must be approved by a Counselor and added in person in the Admissions and Records Office.

LATE REGISTRATION
During late registration for the fall/spring terms, students may register for any class with the instructor’s permission. Instructor’s permission is granted by issuing an Add Code. High school students, students with special petitions, financial restrictions, co-requisite waivers and students who are auditing must register in person. The late registration period is published in the schedule of classes. Students are not permitted to add classes after the late registration deadline. Open entry/open exit classes may be added up to the 14th week of the fall/spring term.

MULTIPLE ENROLLMENT
Students may not enroll in more than one section of any course that is not repeatable in the term. Students will not be permitted to register for classes that are scheduled to meet at the same time or at overlapping times; however, students may wait list for a class that overlaps another.

ATTENDANCE AT THE FIRST CLASS MEETING
Students who do not attend the first meeting of each class in which they are registered may be dropped from the class. However, it is each student’s responsibility to officially drop any class they do not attend or stop attending. This includes all instructional formats, including online and hybrid classes.

LIMITATIONS ON ENROLLMENT
Chaffey College offers some courses which place limitations on enrollment. These limitations may include successful completion of courses, preparation scores for math and English, performance criteria or health and safety conditions. Students who do not meet the conditions imposed by these limitations may be unable to register for or may be dropped from class.

PRECOLLEGIATE BASIC SKILLS LIMITATIONS
Chaffey College limits the number of units students can earn for precollege basic skills courses to 30 semester units. Precollege basics courses are defined as those two or more levels below college level English and one or more levels below elementary algebra. English as a Second Language and students with disabilities are exempted from this limitation. The college may approve a waiver of the limitation on foundational course work with respect to any student who shows significant, measurable progress toward the development of skills appropriate to his or her enrollment in college-level courses. Waivers are only given for specified periods of time and for specified numbers of units. Contact the Mathematics, English, English as a Second Language, or Reading Departments or the Disability Programs and Services Office for more information.

PREREQUISITE/COREQUISITE COURSES AND ENFORCEMENT
When a course has a prerequisite, it means that a student must possess a certain body of knowledge to be successful in the course. The preexisting knowledge may be a skill, an ability, a placement preparation score, or successful completion of a course. Completion of a prerequisite course requires a grade of C or better or a grade of CR (credit) or P (pass). A grade of C is not acceptable for completion of a prerequisite/corequisite course.

When a course has a corequisite, it means that a student is required to take a course at the same time as another course. Knowing the information presented in the corequisite is considered necessary for a student to be successful in the course.

The college’s registration process allows for prerequisite checking by computer. Students attempting to enroll in the computer-checked courses will be blocked from registration if they do not meet the specified prerequisites. Students are responsible for meeting prerequisites as stated in the class schedule and college catalog. See a counselor for assistance in determining eligibility for a specific class.

Assessment results from other colleges may not be used to meet prerequisites, so new students must arrange to take Chaffey’s assessment testing prior to registration. Students who have completed prerequisite courses at another college or in high school must have an official
Prerequisite/Corequisite Challenge Process:
1. Complete the Prerequisite/Corequisite Challenge form and attach documentation to establish your right to challenge this prerequisite/corequisite request. Examples of documentation include official or unofficial high school and/or college transcripts, international transcripts, certificates, test scores, etc.
   a) If you are attempting to use high school coursework to meet a course prerequisite, official transcripts must be on file.
   b) To challenge a math course, you must attach a copy of your Chaffey College assessment test results to the challenge form. Official high school transcripts must be on file with the Admissions and Records Office.
2. Meet with a counselor in the Counseling Department to assess whether you will benefit from the challenge process.
3. Register on or after your registration date. (Refer to the schedule of classes for the last day to add.)
4. The department coordinator will approve or deny the challenge within five (5) business days.
   a) If you are attempting to use high school coursework to meet a course prerequisite, your form will be mailed back to you and you will be allowed to remain in the class.
   b) For denied challenge decisions, you will be notified by telephone or email and your form will be returned to you by mail. The Matriculation Office will drop you from the class, and the Cashier’s Office will process your refund.
5. For approved challenge decisions, your form will be mailed back to you and you will be allowed to remain in the class.
6. For denied challenge decisions, you will be notified by telephone or email and your form will be returned to you by mail. The Matriculation Specialist will remove the prerequisite/corequisite course from your record, the Admissions Office will drop you from the class, and the Cashier’s Office will process your refund.
7. If you wish to appeal the denied decision, you may do so by contacting the Dean in the school/department for the course you have challenged.

More information is available through the Counseling Department and the Chaffey College website. Questions regarding the challenge process should be directed to the Counseling Department at (909) 652-6200.

LIMITATION ON ENROLLMENT
A limitation on enrollment, such as a TB test, CPR certification and others, etc., is a non-course requirement for entry into a course or educational program, without which a student will not be permitted to remain in the selected course or program. These requirements are frequently (but not always) driven by health and safety regulations and/or mandates by outside accrediting/licensing agencies.

ADVISORY
An advisory is defined in Title 5, section 55200 as: “A condition of enrollment that a student is advised, but not required, to meet before or in conjunction with enrollment in a course or educational program.” Since an advisory is not required, students will not be blocked from enrolling in a class if they do not meet the conditions of the advisory.

COUNSELING AND MATRICULATION
Students are encouraged to meet with a counselor within their first six months at Chaffey College to develop a Student Educational Plan (SEP). Counselors will recommend appropriate coursework based on assessment results, review of previous college work and other information provided by the student. Appointments for an individual meeting with a counselor can be made by calling the Counseling Department at (909) 652-6200. For information on additional services provided by the Counseling Department, please refer to the Student Support Services section or visit our website at www.chaffey.edu/counseling.

Matriculation services at Chaffey College are intended to assist students in establishing appropriate educational goals and to provide support services to help them achieve these goals. Students will be provided an evaluation of foundation skills, orientation, counseling, an educational plan, and follow-up services.

New students are required to complete orientation and assessment before their registration date. Students must see a counselor for an educational plan within their first six months at Chaffey. High School Concurrent Enrollment students must complete assessment, orientation, and counseling before they may register for classes.

ASSESSMENT OF FOUNDATION SKILLS
Assessment testing is required for placement into English, ESL, and mathematics courses. Placement levels are based on a combination of test scores and other educational background information. Accommodations are available for individuals with disabilities. Chaffey uses multiple measures to place students into English, ESL, and mathematics courses.

Testing facilities are available at all Chaffey campuses; specific dates and times can be obtained from the schedule of classes or by calling the Counseling Department at (909) 652-6200 or by visiting our website at www.chaffey.edu/counseling/assessment.
Students may take the assessment test no more than twice during their enrollment at Chaffey College. Students must wait three months after their initial assessment before re-testing.

ORIENTATION
Orientation is available online and may be completed in the testing center at the conclusion of the assessment test. Orientation introduces students to college services and educational programs and provides information on college policies, enrollment procedures, and important deadlines. Group sessions are arranged for specific groups such as international students and ESL students. Contact the Counseling Department at (909) 652-6200 for more information or check the college website at www.chaffey.edu/counseling. Students interested in a more detailed orientation and/or instruction in college success skills may enroll in a Guidance course.

STUDENT RIGHTS AND RESPONSIBILITIES
Students are entitled to certain rights under matriculation procedures. These rights include: retaking the assessment test; being informed of any District investigations of complaints challenging matriculation regulations; being provided alternative services according to language or disability needs; and filing a complaint of unlawful discrimination if they feel the assessment, orientation, counseling or any other matriculation procedure is being applied in a discriminatory manner.

Matriculation requirements also include certain student responsibilities. Upon admission to the college, students must express a broad educational goal and provide transcripts from previous college work. They are encouraged to complete assessment and orientation prior to registering for classes and must develop a Student Educational Plan (SEP) with a counselor within their first six months at Chaffey College. Students are responsible for attending class, completing their assignments and coursework, and maintaining progress toward their educational goal.

EXEMPTIONS AND REFUSAL
Students may be exempt from matriculation services if they:
• Have earned an associate degree or higher (diploma or transcripts required), or
• Have completed certain coursework at another college (transcripts required), or
• Will enroll in one course only, with no intention of earning a degree at Chaffey, or
• Will enroll in performance/activity courses only.

Students have the right to refuse matriculation services and choose not to participate in assessment, orientation, and/or counseling. A student wishing to be exempt from these services based on one of the above criteria or wishing to decline participation must contact the Counseling Department to complete the necessary documentation. Students concurrently enrolled in high school and participating in the High School Concurrent Enrollment are not eligible for exemptions and cannot refuse matriculation services. Students who have previously chosen to refuse matriculation services may reconsider and participate at any time.

FEES
As a publicly supported community college, Chaffey provides low-cost education; students pay nominal fees at registration. In order for students not to be denied access to a college education, the college offers Financial Aid to assist with financial obligations. Fees are assessed each term. Fees can be paid via MyChaffeyVIEW online system, in person, or by mail. Fees may also be paid via the NBS Tuition Payment Plan. For more information on the payment plan, please visit the website at http://www.mycollegepaymentplan.com/chaffey. All fees are due at the time of registration. These include Enrollment fees, Health fees, College Services fee (optional), Materials fees, Transportation fees, and if applicable, Non-Resident fees. Fees may be paid via cash, check, money order, VISA, MasterCard, American Express, or Discover. Stopping payment on a check, account entry error or insufficient funds does not constitute a withdrawal from classes and will result in a $25.00 charge.

Fees are subject to change. Consult the schedule of classes for the most current information.

AUDIT FEE
The cost to audit a course is $15.00 per unit. See page 26 for more information.

ENROLLMENT FEE (Tuition)
$46.00 per unit for California residents.

NON-RESIDENT ENROLLMENT FEE
Non-resident tuition will be charged to students who have not established residency in the State of California for a period of one year prior to the day before classes begin. Non-Resident Enrollment Fee (U.S. Citizen and Non-U.S. Citizen) is $254 per unit ($192 per unit, plus $16 capital outlay charge, plus $46 per unit enrollment fee).

HEALTH SERVICES FEE
$17.00 Fall and Spring; $14.00 Summer (Non BOG Waiver students). This fee funds the Student Health Services Program. Certain laboratory tests and medications may require an additional fee. Usual clinic hours are 8:00 a.m. to 4:00 p.m., Monday through Thursday, 8:00 a.m. to 2:30 p.m. Friday. Evening appointments may be available. Services of physicians, nurse practitioners, and counselors are available by appointment by calling (909) 652-6331. Pursuant to section 76355 of the Education Code, students who can provide documentation of active membership in a religious organization that relies exclusively on prayer for healing may request to have the Health Fee waived. Applications for waiver are available in the Student Health Services office. BOGW (Board of Governor’s Fee Waiver) eligible students will be responsible for all or a portion of the Student Health fees. Please refer to the payment chart at http://www.chaffey.edu/cashier/fees.shtml.

COLLEGE SERVICES FEE (Optional)
$8.00 Fall and Spring; $5.00 Summer. This fee funds Associated Students of Chaffey College (ASCC) programs and activities throughout the academic term, including (but not limited to):
• Annual scholarships (applications are available in the Office of Student Activities at the beginning of Spring semester)
• Lectures, special cultural events, and a variety of service projects for students and the community.
• Textbook rental program that is administered in the Chaffey College Bookstore
• Opportunity drawings and giveaways
• Emergency book grants
• Campus improvements
• Departmental grants

PARKING (required on the Rancho Cucamonga, Chino, and Fontana Campuses)
• Auto Parking: $50.00 Fall and Spring Non BOG Waiver
• $30.00 Fall and Spring BOG Waiver
• $25.00 Summer
• Motorcycle Parking: $20.00
• Daily Permits: $4.00

TRANSPORTATION FEE
The transportation fee allows all students to ride any of Omnitrans’ fixed route bus services at no charge during the semester by using their student ID card. The fee is $7.50 per student registered in six (6) or more units registered in the Fall and Spring semesters; $7.00 per student registered in less than six (6) units registered in the Fall and Spring semesters.
SUPPLEMENTAL
(This is not a complete list of fees; complete list is available from the Budgeting Services Office)
• Library materials replacement: $25.00; library materials rebinding: $15.00
• Replacement of diploma or certificate: $10.00
• Returned check fee and/or stop payment fee: $25.00

MATERIALS FEES
Most courses require a material/instructional usage fee. Charges vary and are subject to change. Students should consult the current Schedule of Classes for fee amounts, which are noted under the appropriate class description. Material fees are due at the time of registration and are not subject to waiver.

REFUND POLICY
Automatic Refund Process
Refunds will be processed automatically for the following:
• Credit amounts of $20 or more
• Classes canceled by the college
• BOG Waiver reimbursements
(No refund request required).

Automatic refunds will be processed after the last day to add full term classes and will be received within 45 business days. Students will receive a refund check by mail for payments made by cash, check or money order. To ensure prompt delivery, the student must verify that his/her address is correct on MyChaffeyVIEW. If payment was made with a credit card, the refund will appear as a credit on the student’s statement.

Eligibility Requirement for Refunds
A student is eligible for a refund if he/she drops the class by the published refund deadline. The refund deadline date can be found on the registration receipt available on MyChaffeyVIEW. A student must officially drop or withdraw from a class before ten percent (10%) of the class length has passed. The following fees are subject to refund: enrollment, health, materials, college service, and non-resident tuition.

(California Code of Regulations, Title 5, Section 58508). Students must review the Registration Receipt for specific refund dates. The Registration Receipt is available on MyChaffeyVIEW.

Refund for Parking Permits
The parking permit must be returned to the Cashier’s Office on or before the appropriate refund deadline date for the current semester.

Refund for Canceled Classes
If the college cancels a class, students will receive a refund automatically. (No refund request required.)

Financial Aid
Chaffey College School Code required on the FAFSA (Free Application for Federal Student Aid): 001163

The Financial Aid Office administers a number of programs funded by the federal, state and private sources designed to help students with limited resources meet their educational expenses. Awards may come from one or more or any combination of grants, scholarships or federal work study. All Chaffey College students may be eligible for some form of assistance based on their financial need and may apply for aid by filing a Free Application for Federal Student Aid (FAFSA).

How & When to Apply
A FAFSA (Free Application for Federal Student Aid) must be completed for each academic year and one FAFSA serves throughout that entire academic year (summer, fall & spring). The ideal time to apply is between January 1 and March 2 to assure your application is processed in timely manner in preparation for fall and spring terms. The priority deadline to apply is March 2nd; however, you can still apply after this date.

Late Applicants
If you miss the Financial Aid Priority Deadline for the term in which you wish to enroll, you still are strongly encouraged to apply for financial aid. Your application will be accepted and processed; however, it may not be processed in time for you to use your financial aid to pay for your fees and books. If this is the case, you may need to pay your fees and purchase your books; then if it is determined that you qualify for financial aid, you will be reimbursed later in the term.

Process of Determining Financial Aid Eligibility
After completing the FAFSA, you will receive a “Student Aid Report” (SAR) within 24-48 hours by email or four weeks by mail from the federal processor. The Financial Aid Office will also receive a copy of your FAFSA results electronically. Carefully review your Student Aid Report (SAR). It may include an Expected Family Contribution (EFC), estimated aid amounts or indicate if additional documentation is required through a processed called verification.

Verification
Verification is a process where the federal government requires that some applications be reviewed for accuracy through a process called “verification.” If you are selected for this process, you will be required to provide additional documentation to our office for review. This a mandatory process required by the federal government and students must comply in order to receive financial aid. You will receive an email notification indicating if awards are available or if additional documentation is needed. You may check this information through MyChaffeyVIEW at www.chaffey.edu/chaffeyview and use the “My Documents” section to view if further information is needed. Be sure to update your admissions records with a valid email address.

Basic Financial Aid Eligibility
• must be enrolled in a degree, certificate, or transfer program
• be a U.S. citizen or an eligible non-citizen, such as a permanent resident
• Not be in default on a prior student loan
• Not owe a repayment or overpayment of a federal grant
• have a valid SSN
• have a high school diploma, GED or equivalent
• demonstrate financial need
• maintain Satisfactory Academic Progress (SAP)
• Be registered for Selective Service if required
• Maintain Satisfactory Academic Progress Policy requirements as defined by the Chaffey College financial aid office

Payment of Financial Aid
Financial Aid payments will be made to eligible students with complete financial aid files, who have accepted their offer awards by the acceptance date on MyChaffeyView, are enrolled in courses that apply toward a degree, certificate or transfer program and meet Satisfactory Academic Progress per criteria established by the Chaffey College Financial Aid Office.

Payment is based on the number of full-term units at the time of calculation (calculations are made approximately 5-8 days before disbursement). Late start classes must begin for units to be included in the first disbursement; otherwise they will be included on subsequent disbursements. Payment will be adjusted according to enrollment status.

Awards are based on full-time enrollment status; however, students are not necessarily required to enroll in full-time units to receive aid. If students are enrolled in less than full-time for the semester, disbursement will be adjusted in accordance with the enrollment status.

The maximum financial aid amount is allocated for enrollment as a full-time student (12 or more credits) and there are specific payment allocations for enrollment as a part-time student: three-fourths of the maximum financial aid amount for nine through 11.5 credits; one-half of the maximum amount for six through 8.5 credits; and less than half time for 0.5 to 5.5 credits; amount will be prorated; not all students are eligible at less than half-time enrollment. Your financial aid award amount may be adjusted based on your enrollment status.

*All Disbursements are contingent upon funding. Cal Grant disbursements are contingent upon funding from the State. Cal Grant and FSEOG funds will be released in one payment per semester. All financial aid Grant funds are disbursed electronically through our new service provided by Higher One. Eligible students will be issued a My Chaffey Debit Card and will need the card to choose a refund preference. If you choose the EasyRefund method when activating your card, funds will be posted to your MyChaffey card on the scheduled disbursement date, or if you choose ACH transfer, your funds will be delayed 2-3 business days from the scheduled disbursement date. Please visit www.mychaffeycard.com for more information.

Funding Sources

BOG Fee Waiver
The Board of Governors Fee Waiver (BOGW) program is available for qualified California residents. The BOGW waives mandatory enrollment cost per unit and a portion of the parking fee. Fee waivers do not apply to class material fees or the College Services fee. Students are responsible for making sure all fees have been paid.

This is financial aid that does not have to be repaid. Students may be eligible for a fee waiver, even when not eligible for other types of financial aid. BOGW applicants do not have to be enrolled in a minimum number of courses. Whether students enroll in 1 unit or 21 units, the enrollment fees may be waived. Applicants need only apply once to have fees waived for the entire academic year. To apply, fill out the FAFSA online. The Financial Aid Office will receive the results of the FAFSA and award the waiver automatically to eligible students. Awards may be viewed via MyChaffeyView at www.chaffey.edu/chaffeyview. Students who are currently receiving benefits from TANF/CalWorks, SSI/SSP, General Relief, or a certified veteran dependent by California Department of Veterans Affairs are eligible for a BOGW. Just bring in current proof of benefits (dated with the past 60 days) to the Financial Aid Office and our staff will provide you with a short BOGW application to complete, but again, we strongly suggest you complete the FAFSA so that we can determine if you are eligible for other types of aid.

Federal Pell Grants
Federal Pell Grants are need-based and awarded to every undergraduate student who qualifies. In most cases, these grants DO NOT need to be repaid. These grants may be used for tuition, fees, books, transportation, and living expenses. Initial awards are estimated based on the results of the FAFSA. The estimated amount of the Pell Grant disbursed is based upon your Expected Family Contribution and enrollment status. You may even receive a Pell Grant if you attend school less than half-time provided you are otherwise eligible. Pell Grant awards can range from $555 to $5,645 a year. You will automatically be considered for the Pell Grant when you apply and file your FAFSA.

Federal Supplemental Educational Opportunity Grant (FSEOG)
Federal Supplemental Educational Opportunity Grant is a need-based federal grant available to undergraduate students with the highest need. Priority is given to Pell Grant recipients with a zero Expected Family Contribution (EFC) who meet the priority filing deadline (March 2nd). Funding for this program is limited with a maximum amount of $1000 for the academic year.

Federal Work Study (FWS)
Federal Work Study is a need-based federally funded part-time employment program which allows eligible students to earn money to help pay for educational expenses. Students may work up to 20 hours per week and earn a monthly paycheck. Federal Work Study awards are determined by financial need and are available to students enrolled in six (6) units or more per semester. FWS job listings are posted online onChaffey Connect (www.chaffey.edu/chaffeyconnect) and are filled on a first-come, first-served basis.

Cal Grants
Cal Grants are state funds awarded in addition to the Federal Pell Grant. Cal Grant recipients are selected by the California Student Aid Commission (CSAC). To apply for the Cal Grant program, you must meet the requirements for the federal Pell Grants, submit the FAFSA and a Cal Grant GPA Verification form to CSAC by March 2nd (priority deadline). If you do not meet the March 2nd priority filing deadline, you may have a second chance to compete for a Cal Grant by filing the FAFSA and GPA Verification form by September 2nd. There are three (3) types of Cal Grants: Cal Grant A, B and C.

Cal Grant B assists low-income students attending community colleges with living expenses and books. The award is $1,473 for the year and may be used for books, living expenses and transportation.

Cal Grant C assists students with tuition and training costs for technical, occupational, vocational or career training programs. The award includes up to $547 for books, tools and equipment. Funding is available for up to two years, depending upon the length of the program. To qualify, you must enroll in an occupational, technical or vocational program that is at least four months long at a California Community College. To find out more information visit www.csac.ca.gov
Chaffey Grant
The California Chaffey Grant Program awards up to $5000 annually to eligible foster youth and former foster youth between the ages of 16 and 22 years to use for college courses or vocational school training. The Financial Aid Office disburses Chaffey Grant in accordance with the regulatory statutes of this program. For more information visit www.chaffey.csac.ca.gov.

Scholarships
Scholarships are usually, but not always, based on a combination of need and merit. Some scholarships are based on your major, community service, educational goals or other criteria. It is free money that does not need to be paid back. Available scholarships are listed year-round on the website at www.chaffey.edu/scholarships. Students may also contact Student Activities and the Chaffey College Foundation office for other available scholarship opportunities.

Satisfactory Academic Progress
Students who receive financial aid at Chaffey College must maintain the standards for Satisfactory Academic Progress. All students receiving any form of financial aid must meet the standards of progress outlined below.

Satisfactory progress requirements are:
• Students are required to complete at least 67% of the number of units that they have attempted at Chaffey College, and
• Students must maintain at least a cumulative 2.0 Grade point average (GPA) or higher and
• Students are allowed a maximum of 72 total units attempted when receiving financial aid.

Federal regulations set the maximum time frame in which students must complete their educational program as 150% of the published program length at Chaffey College. (i.e. If the published length of a program is 60 units, then the student must complete his or her program by the time he or she reaches 90 attempted units transfer credits are included.)

Become familiar with Chaffey College Satisfactory Academic Progress Policy by visiting: www.chaffey.edu/finaid/sap_policy.pdf

Return of Title IV (R2T4)
In the event that a financial aid applicant at Chaffey College enrolls in coursework and then completely withdraws from all coursework prior to completing 60% of the term, a pro-rated portion of your financial aid may need to be repaid. In this case, a student will be billed for the amount of aid that must be repaid, and holds will be placed on your record until the overpayment is resolved.

Federal regulations require that Financial Aid Office performs a calculation to determine how much financial aid a student has earned. This calculation is called a “Return to Title IV” calculation. (Title IV refers to Federal Financial Aid programs) The Financial Aid office uses a federal formula to determine how much aid a student earned based on his/her last day of attendance.

High School Concurrent Enrollment
High school students may enroll at Chaffey College through concurrent enrollment to pursue advanced scholastic or vocational education (Education Code 48800(a)). Eligible students must have completed the 10th grade and have a minimum cumulative GPA of 2.5. High school students attending Chaffey for the first time must complete an online application, and submit official transcripts, the High School Certification Form, the Parental Advisory Form, and the Emergency Contact/Internet Usage and Waiver of Liability Forms. Continuing high school students do not need to reapply online each semester, but must submit the required documentation from the high school registration packet. The earlier the student submits the required forms, the earlier registration date s/he will be assigned.

Home schooled students must have a signature of a school affiliate on their High School Certification Form. Home schooled students who are not able to obtain a school affiliate signature must achieve a placement recommendation in English 475 or higher or Math 410 or higher on the Chaffey College assessment test. If the preceding scores are not achieved, the student may not retake the test until the following semester.

The student’s registration date student ID number, and a link to the High School Registration Packet will be included in their registration letter which is sent by e-mail. Students may not register until they have completed all the steps in the registration process including returning all required documents and completing assessment, orientation, and counseling.

The High School Certification Form must be completed by the high school principal or designee. Only this person may complete the area of the form listing the recommended courses, which cannot be remedial in nature (courses numbered 500-599). Enrollment in P.E. Activity courses are restricted to adult students who are no longer enrolled in high school. However, high school students may continue to enroll in P.E. Lecture courses such as PELEC 15 – “Diet and Fitness” with the permission of the high school counselor or designee. Selected seniors may be eligible to enroll in PETEAM courses. All high school students participating in the High School Partnership Program must attend the first day of class. Both the principal or designee and the student must sign the Certification Form.

The Parental Advisory Form must be completed and signed by the parent or legal guardian. The Emergency Contact/Internet Usage and Waiver of Liability Forms must be completed and signed by the parent or legal guardian and the student. All of the above required documents must be returned to the Admissions Office, along with official high school transcripts. Students should fulfill all the High School Partnership requirements at least two weeks prior to the student’s assigned registration date to avoid registration delays.

High school students must register in person in the Admissions and Records Office at any Chaffey College campus on or after their assigned registration date. Up to eight units may be taken in fall/spring term and five units in summer, selected from the recommended courses on the High School Certification Form.

Enrollment, health, and college service fees are waived for high school students who reside in and/or attend a high school within the Chaffey College District. Other costs (e.g. materials fees, books, parking, transportation fee) must be paid by the student.

High school students who reside in California but outside of the Chaffey College District must pay all fees including resident enrollment, health, transportation and college service fees. High school students classified as non-residents of California (for tuition purposes) and/or the United States must also pay out-of-state tuition fees.

All high school students participating in concurrent enrollment must attend the first day of class. For more information on high school concurrent enrollment, visit our Web site at www.chaffey.edu and select the High School Partnership link. For information on assessment, orientation and counseling, contact the Counseling Department at (909) 652-6200 or visit our website at www.chaffey.edu/counseling.

High School Appeals Process
The appeals process applies to high school students who do not meet the high school admissions criteria, but have strong potential for academic success in a college setting. For more information on the appeals process, visit our Web site at www.chaffey.edu/admissions and select the High School Partnership link.
HIGH SCHOOL CAREER TECHNICAL EDUCATION (CTE) ARTICULATION
High School/ROP students who attend CTE courses articulated with Chaffey College may be able to earn advanced placement or college credit. For additional information contact your counselor or career technician or call Laura Myers at Chaffey College at (909) 652-6829.

STUDENT CLASSIFICATIONS AND PROGRAMS

AIR FORCE RESERVE OFFICER TRAINING CORPS
Air Force Reserve Officer Training Corps (AFROTC) is offered through an agreement with the University of Southern California (USC). The program is open to most students pursuing an undergraduate or graduate degree with at least 2.5 years of school remaining. Competitive one- to four-year scholarships valued at up to 100% of tuition and fees are available to qualified applicants. Additionally, students may be eligible to receive money to cover the cost of books as well as a monthly tax-free stipend of up to $500 per month. Classes are offered on the USC and Harvey Mudd College campuses and include one hour of academics for freshman and sophomores and three hours of academics for juniors and seniors. All students will also participate in two hours of leadership laboratory and undergo practical leadership training and development as Air Force officer candidates. Students who successfully complete the program will commission as an officer into the United States Air Force upon graduation. Students who qualify and are selected to enter competitive programs including Air Force pilot, navigator, air battle manager, medical, and nursing career fields will be given specialized training following entry into the Air Force. For more information contact the USC Department of Aerospace Studies at (213) 740-2670 or visit www.usc.edu/afrotc.

AMAN/AWOMAN
“Connect to Succeed” is the philosophy of the AMAN/AWOMAN Project. This project is a culturally responsive approach to reaching students and providing an environment to survive and thrive. Participants receive a variety of tools and resources that will assist them in navigating the Chaffey College campus and completing their goals. Through mentoring and counseling, students from a wide variety of backgrounds are connected to strategies and activities that promote achievement and self-esteem. Although the program is specifically designed to assist African-American students, all students are welcome to join. For more information, contact Donna Colondres at (909) 652-6226.

CALIFORNIA INSTITUTION FOR WOMEN (CIW)
The college has partnered with the California Institution for Women in Chino (a state correctional facility) to provide education to a select cohort. The students follow an educational plan which leads to an Associate of Arts degree in Liberal Arts and prepare them for transfer to four-year institutions. All courses are taught through distance education by Chaffey faculty (e.g., taped lectures on campus and written correspondence) because of state restrictions on face-to-face instruction in a facility closed to the public. By working through the Extended Opportunities for Students (EOPS) program, the college ensures that the CIW students receive the same services traditional students enjoy. The prison has a Success Center, tutors and a small computer lab available to increase academic success.

COOPERATIVE EDUCATION (WORK EXPERIENCE)
Cooperative Education/Work Experience provides students with the opportunity to use their part-time, full-time, or internship position to earn elective credit. On-campus work-study positions also qualify. Students obtain practical on-the-job experience and knowledge related to their career or educational goals. Students gain an understanding of the relationship between classroom theory and the world of work and improve their career development skills and their employment opportunities while enrolled in Cooperative Education. Under the supervision of college faculty and the job supervisor, students prepare a job-related learning agreement which serves as a guide to their Cooperative Education experience.

The Cooperative Education Office is located on the Rancho Cucamonga Campus within the Career Center. Students may contact the Cooperative Education Office at (909) 652-6190 to schedule an appointment.

EARLY ADVANTAGE
Chaffey College uses an alert system that allows an instructor to notify students if their success in a course appears to be in jeopardy. This system is designed to provide students with individualized attention while there is still time to successfully complete their course. The Early Advantage Office may send a letter or email, followed up with a telephone call, to discuss classroom performance and on-campus resources. For more information please visit our website at www.chaffey.edu/counseling.

HONORS PROGRAM
The Honors Program improves the quality of education, provides challenges, and motivates academically talented students who strive for advanced academic achievement toward established long-range educational goals. Students are offered courses with particular rigor and subject enrichment, along with opportunities for involvement in service activities. Additionally, these students may be given guaranteed transfer priority to those colleges with articulated agreements with Chaffey. Transcripts of graduating honors students document that students have earned honors credits - records are highly regarded by any accredited college or university. Chaffey College has articulated Honors Program agreements with certain UCs, CSUs and private colleges and universities. A complete list is available in the Honors Office in SSA-145.

Affiliation
Chaffey is a member of the National Collegiate Honors Council, the Western Regional Honors Council, and the Honors Transfer Council.

Criteria for Enrollment
• High school GPA of 3.2 or college GPA of 3.2 after the minimum of 12 units of transferable courses.

Plus one of the following:
• Two letters of reference from high school or college faculty members which address a student’s academic abilities and motivation.
• Combined SAT score of 1000 or above, or ACT score of 26.
• Successful completion of two Chaffey honors courses with grades of A or B, or completion of three advanced placement classes in high school.
• Evidence of special competence or creativity.
• Nomination by a Chaffey faculty member.

Criteria for Fulfillment of Honors Program
• GPA of 3.2 in transferable courses.
• GPA of 3.2 in honors courses.
• Completion of 18 semester units in Chaffey Honors Program (up to 6 units may be accepted from another institution).
• Completion of Associate Degree, or fulfillment of admissions requirements to a 4-year institution.
• Submission of “Intent to Complete Honors Transfer Program” form.
• Community service and enrichment activities.

Student Honor Society
Phi Theta Kappa is the national student honor society. Honor students with a 3.50 cumulative GPA may become members of Phi Theta Kappa and may graduate with honors.
INTERNATIONAL STUDENTS
Chaffey College welcomes students from all over the world. Approximately 200 students from 40 countries are enrolled at Chaffey College and provide cultural enrichment to the college community. An international student is defined as a student who has entered the United States temporarily and solely for the purpose of study, and has a permanent residence in another country that he/she has no intention of abandoning. These individuals must contact the International Student Center in CCE, Room 123, on the Rancho Cucamonga Campus or check the program’s website at www.chaffey.edu/international before starting the registration process. Individuals on a B1/B2 Visitor’s Visa may not enroll in classes at Chaffey College, however, prospective students holding any type of Visa may obtain information from the International Student Center or the Admissions and Records Office at (909) 652-6600.

Office hours are: Monday through Friday 8:00am-4:30pm.

For appointments and information regarding the program, students may call the International Student Center at (909) 652-6195 or e-mail the center at intlstudents@chaffey.edu.

A variety of services are provided to international students, including early registration, guidance and assistance to maintain F-1 (student visa) status, information and assistance regarding change of status processes, academic guidance, career development, housing/homestay referrals, social and cultural activities and many other services geared to meet the specific needs of international students attending Chaffey College.

A mandatory medical insurance program requires all international students to purchase a medical plan. Medical insurance is included as a mandatory fee, requiring payment prior to registering for classes. Failure to obtain insurance will result in delays or holds for registration and the release of official records.

Transcript Evaluation for International Transcripts:
Chaffey College accepts the following Transcript Evaluation Services of international transcripts:
• Academic and Professional International Evaluations, Inc.
• Academic Credentials Evaluation Institute
• American Education Research Corporation (AERC)
• Educational Credential Evaluators, Inc.
• Educational Records Evaluation Service
• Institute for International Credentials Evaluation at CSU Fresno
• International Education Research Foundation, Inc. (IERF)
• World Education Services, Inc. (WES)

Note: Credits from an evaluation service are counted as earned credits only. Grade point averages from foreign institutions are not included on the Chaffey academic transcript. For specific information, contact the Admissions and Records Office.

MATH AND ENGLISH FIRST
The Math and English First Program promotes academic scholarship and readiness early in the students’ academic career. Supported by the philosophy and practice that students who enroll in their mathematics and English requirements in their first few semesters are better able to succeed in all of their college courses, the ME 1st program gives students the opportunity to receive privileged registration opportunities for 3 semesters. To participate in this program, students must have an eligible assessment/placement recommendation for English 475 and Math 410, must agree to take math and English for 3 semesters, and must maintain a full-time load. Additional information regarding this program is at www.chaffey.edu/1st.

ONLINE TO COLLEGE
Chaffey College’s Online to College program is a collaboration among the Montclair Community Collaborative, City of Montclair, Ontario-Montclair School District, Chaffey College Foundation, Montclair businesses, and participating schools.

The program is designed to prepare and educate the community that attending college is a viable option for their youth. Beginning in 5th grade, students from Lehigh, Kingsley, and Monte Vista elementary schools are introduced to college through classroom presentations and Chaffey College campus tours. As students enter Vernon or Serrano Middle schools, age-appropriate curriculum is introduced to students and their parents to enhance their knowledge about college. When students enter Montclair High School, the Chaffey College Online to College team is ready to assist them with the transition into college through workshops, assessment testing, educational planning, after-school college courses and weekend workshops.

More information and application forms are available in Counseling and online at www.chaffey.edu/puente or contact Monica Padilla at (909) 652-6208.

OPENING DOORS TO EXCELLENCE
Chaffey College offers a comprehensive program to assist students experiencing academic difficulty. Opening Doors assists students on second level probation.

Opening Doors offers specialized counseling, orientation and information sessions, guidance courses and directed learning activities at the Success Centers. For more information, contact the Opening Doors to Excellence program at (909) 652-6201 or visit www.chaffey.edu/counseling/opening-doors.

PUENTE PROJECT
An outgrowth of the Puente Project founded in 1981 at Chabot College in Hayward, the Puente Project is designed to provide individual assistance to students interested in transferring to four-year colleges and universities. Puente students are provided with intensive English instruction, focused personal counseling, introductory tours of UC and Cal State campuses, and helpful personal mentoring.

Prospective students must be eligible for English 450 at the time of application, and must write an essay describing their academic and career goals, and how participation in Puente would assist in their success. Applications and essays are evaluated by the Puente Program faculty, who select 30 students each year for participation in the program.

More information and application forms are available in Counseling and online at www.chaffey.edu/puente or contact Monica Padilla at (909) 652-6208.
the student has shown marked improvement upon completion of the probationary term as defined in the Conditions for Improvement. If after the second probationary term the student’s cumulative grade point average does not meet the graduation requirement of 2.0, the student will not be certified until the Conditions of Re-entry for Students Receiving VA Educational Benefits have been met.

Conditions for Improvement: If the student’s probationary term grade point average is 2.0 or above, the student may be certified for an additional probationary term, even if the cumulative grade point average does not yet meet the graduation requirement of 2.0.

Conditions of Re-entry for Students Receiving VA Educational Benefits: The student will be granted re-entry for the purposes of VA educational benefits after the student has restored his or her grade point average to the graduation requirement of 2.0.

Elective credit toward graduation from Chaffey College for service schools completed while serving in the Armed Forces, Armed Forces Reserve, or National Guard may also be requested. A separate request for evaluation must be submitted for each school completed and exact information must be provided to complete a proper evaluation and verify completion of service school training. A maximum of 15 semester units for basic training plus service schools completed may be granted to a veteran toward graduation from Chaffey College.

### Program Changes
Veterans and eligible dependents are considered the same as all other students in regard to attendance and academic requirements by Chaffey College.

### Military Credit
A veteran may request credit for military science and tactics. If approved, the student may be granted 2 semester units of elective credit towards graduation for every 180 days of active service (including basic training), to a maximum of 8 semester units (E.C. 78230). A copy of the DD214 or other official documents must be submitted to the Admissions and Records Office to verify length of service and honorable discharge. The DD214 is also used to clear Area E on the CSU-GE pattern (per CSU Executive Order 1035).
**Academic Information**

**Definitions**

**Catalog Rights/Matriculation**
Requirements shown in this catalog apply to any student entering (matriculating) Chaffey College during the Fall 2013, Spring 2014, or Summer 2014 terms. Catalog rights apply only to the courses comprising the General Education requirements. Other requirements such as minimum grade point average for admission to a program, course prerequisites and corequisites, textbooks, course content, software, etc., may change over time at the discretion of the college.

**Unit of Credit**
The California State Education Code defines a college unit of credit as approximately one hour of class plus two hours of study per week, or three hours of laboratory per week, carried through the term.

**Hours and Units of Credit**

**Unit Load**
The number of units a student enrolls in each semester. An average of 15 units each semester is necessary for a student to progress at a rate which may lead to graduation in four semesters (two years).

To be considered a full-time student, a student must carry a minimum of 12 units per semester.

**Attendance and Participation**

**General**
Ideally, students are expected to attend every meeting of every class for which they are enrolled.

Instructors may develop specific policies and procedures related to attendance and participation for their individual classes. These policies and procedures are distributed to students, in writing, at the beginning of the term, and it is expected that students will adhere to the standards set forth.

**First Class Meeting**
Students are required to attend the first meeting of each class in which they are registered or they may be dropped from the class. Students taking online classes are required to log in on their required day and time to satisfy the first class meeting requirement.

**Note:** Please remember, it is a student’s responsibility to drop or withdraw from classes in which they are registered but cannot attend.

**Absence from Class**
The student is responsible for completion of the required assignments. Should a student find it necessary to be absent from class, he or she should make arrangements with the instructor before the absence to complete all assignments for the class missed. It is an instructor’s option to provide makeup quizzes, examinations, lectures, or lab work missed due to absence.

**Academic Information**

**Accelerated Learning (Fast Track Classes)**
Chaffey’s multi-pronged Fast-Track initiative is designed to shorten the time needed by students to complete requirements for graduation and/or transfer. Some accelerated offerings consist of two sequential courses packaged together in a single semester, with both the first and second class taught by the same instructor in the same time/day slot. Students are either able to enroll in both classes at the same time, or are given priority registration into the second class upon successful completion of the first.

Another unique Fast Track pairing is a four-pack of math and science classes targeted to non-math/science majors. These classes meet CSU-GE (area B) and/or IGETC (areas 2 and 5) requirements for students intending to transfer.

Other non-paired Fast Track classes provide students the ability to complete two general education and/or program applicable courses in a single term.

**Distance Education**
Chaffey College has an extensive course listing in several different distance education modalities and offers several certificates that can be obtained via distance education. Distance education courses are taught by distinguished Chaffey faculty and fulfill general education, elective and/or major requirements. They are academically equivalent to on-campus courses, with some classes transferable to four-year institutions. Chaffey offers two basic types of distance education classes: online and hybrids. In online classes, students attend classes via the Internet. While these classes have due dates and times for assignments, students can attend class anytime or anywhere a computer with Internet capabilities is accessible. Hybrid courses are a combination of face-to-face and online instruction. Students meet on campus on the designated days and times, as well as receive instruction online.

For more information about Distance Education and to determine if you, as a student, are ready for Distance Education class contact the Chaffey College Distance Education office at (909) 652-6975; via e-mail at OnlineEd@chaffey.edu; or visit the Chaffey College website at www.chaffey.edu/onlineed.

**Final Examinations**
Final examination hours and dates are published in the schedule of classes. Final examinations for short-term classes are given during the last class meeting or during finals week as published in the schedule of classes. The established final examination schedule cannot be changed without approval from the Vice President of Instruction.

Students may petition to take a final examination at a non-scheduled time due to exceptional circumstances. Petition forms are available in each school office and must include the instructor’s approval and signature.

**Scholastic Achievement**

**Recognition**
Scholastic achievement, leadership, and community service are recognized by Chaffey College through a variety of honors and awards. The majority of these are sponsored by college and campus organizations; however, a number are made possible by community organizations.
Honor Lists
Two scholastic honor lists are prepared each fall and spring semester. Achievements are recorded on students’ official transcript.

Exemplary Achievement List:
Students who complete a standard semester with a 4.00 GPA in 12 or more degree applicable units.

Dean’s Honor List:
Students who complete a standard semester with a 3.50 GPA in 12 or more degree applicable units.

HONORS AT GRADUATION
Students who have earned an associates degree and have a 3.50 GPA or above in degree applicable units will graduate with honors. GPA for Honors at Graduation (listed in commencement ceremony booklet) is computed after the Fall semester grades are recorded on the transcript for spring commencement.

VALEDICTORIAN FOR SPRING COMMENCEMENT CEREMONIES
To be eligible for selection as valedictorian for Spring commencement ceremonies, students must have earned an associate degree and a cumulative 4.00 GPA in degree applicable units, and have completed a minimum of 12 degree applicable units at Chaffey College each consecutive term, except the first term in college may be fewer than 12 units.

PARTICIPATION IN COMMENCEMENT CEREMONIES
Students may participate in the Spring commencement ceremonies only during the academic year that they have completed all required coursework.

Credit by Examination

Chaffey College Internal Testing
Registered students who have substantial prior experience in the content of college-level courses and who can present evidence may petition to receive credit for courses listed in the college catalog which are approved for Credit by Examination. Any course listed in the course description section of the Chaffey College catalog bearing the designation [Cx] after the course title may be challenged for credit by examination with the consent of the instructor in the appropriate administrative unit and after admissions eligibility criteria are met. A department (discipline area) may establish a limit on the number of courses that may be challenged for credit by examination. Contact the subject area Dean’s office for more information. Credit by examination is subject to the following regulations:

a) The Chaffey Community College District will grant credit to any student who satisfactorily passes an examination in accordance with the credit by examination policy and procedure. Such credit will be granted only to a student who is registered in the Chaffey Community College District; who has earned at least 12* units of credit from Chaffey College; who is in good standing (cumulative GPA ≥2.0); who has met all course prerequisites; who has not previously received a grade for the course; who is not currently enrolled in the course; and only for a course listed in the college catalog that specifies it may be challenged through the credit by examination policy.

b) Units earned through credit by examination shall not be counted toward the 12-unit residency requirement for graduation.

c) There is a $25 fee for credit by examination testing.

*The credit by examination [Cx] twelve unit course credit requirement is waived for high school students enrolled in articulated tech prep courses.

d) Applications for credit by examination are available in the Admissions and Records Office at any of our three campus locations.

Applications for credit by examination are evaluated by the discipline faculty. Consult with a counselor before enrolling in any course for which AP, IB or CLEP credit has been granted. Total units awarded may differ from units recognized in a GE category.

Students who would like to use an external examination to meet a prerequisite or receive recognition of course equivalency may file a Prerequisite/Corequisite Validation form to be evaluated by the discipline faculty. Consult with a counselor to determine if equivalency has already been established.

Advanced Placement (AP) Examinations
The General Education AP Examination Table on pages 20-21 provides the title of the AP Examination, minimum required score of “3”, the area in which the AP examination is used in general education requirements for Chaffey College, the CSU-GE Breadth and IGETC, and the number of units awarded for each GE area.

At the time of printing, the listed AP examinations are equated with courses at Chaffey College. This equation is internal to Chaffey College only and does not extend to transfer institutions.

International Baccalaureate (IB)
The International Baccalaureate Organization awards either a diploma or a certificate for individual IB exams. Students who receive IB certificates with a score of 5, 6, or 7 on higher level exams may earn unit credit towards Chaffey College general education, CSU-GE Breadth and IGETC areas. Chaffey College and the CSU recognize some scores of 4 in general education categories.

The International Baccalaureate (IB) Table on page 22 provides the IB examination title, minimum score for Chaffey/CSU and IGETC, 3 semester units awarded for Chaffey, CSU and IGETC general education areas. There are no standard equated courses.
Students may earn credit for College Entrance Examination Board (CEEB) Advanced Placement (AP) Tests with scores of 3, 4, or 5. AP credit can be used to meet IGETC, CSU-GE and Chaffey College general education (GE) requirements. Course credit and units granted at Chaffey College may differ from course credit and units granted by a transfer institution.

¹AP Calculus Exam Limitations: Only one exam may be used for transfer/unit credit.
²AP Computer Science Exam limitations: Only one exam applies to transfer/unit credit.
### CHAFFEY COLLEGE GE/CSU-GE/IGETC CREDIT FOR ADVANCED PLACEMENT (AP) TESTS

Students may earn credit for College Entrance Examination Board (CEEB) Advanced Placement (AP) Tests with scores of 3, 4, or 5. AP credit can be used to meet IGETC, CSU-GE and Chaffey College general education (GE) requirements. Course credit and units granted at Chaffey College may differ from course credit and units granted by a transfer institution.

## CHAFFEY COLLEGE GENERAL EDUCATION/CSU-GE/IGETC CREDIT FOR IB TESTS

Students may earn credit for International Baccalaureate (IB) tests. IB credit can be used to meet CSU-GE, IGETC and A.A. general education requirements (GE). Minimum test scores may be different for CSUGE and IGETC. Chaffey accepts the IB test score and awards unit credit in accordance with the CSU. Students must have the College Board send IB exam results to the Admissions Office for use on GE patterns. Course credit and units granted at Chaffey College may differ from course credit and units granted by another college or transfer institution.

CHAFFEY COLLEGE GE: This chart represents IB test scores that can be applied to clear general education areas. This chart does not represent course-to-course articulation. Chaffey course credit may be granted at the discretion of the Chaffey College discipline faculty. CSU-GE: The IB examinations may be incorporated into the certification of CSU General Education-Breadth requirements by any certifying institution. All CSU campuses will accept the minimum units shown and apply them toward fulfillment of the designated General Education-Breadth area if the examination is included as part of a full or subject-area certification. Code: AA-2010-09 CSU System wide Credit for External Examinations. 5/10/2010

IGETC: IB exams must be used in area indicated regardless of where the certifying CCC’s discipline is located. IGETC Standards V 1.2, 7.0 Credit by External Examinations, 6/9/10

\(^1\)Language (any language) A-HL or B-HL are recognized in IGETC Area 3B. IGETC recognizes any language EXCEPT English to clear LOTE, 6A.
Students may earn credit for College-Level Examination Program (CLEP) tests. CLEP credit can be used to meet CSU GE and Chaffey College A.A. general education (GE). UC does not award units for CLEP credit. Students must have the College Board send CLEP results to the Admissions Office for use on the A.A. or CSU-GE patterns. Course credit and units granted at Chaffey College may differ from course credit and units granted by another college or transfer institution.

*If a student passes more than one CLEP test in the same language other than English, then only one examination may be applied to the baccalaureate.

CHAFFEY COLLEGE GE: This chart represents CLEP test scores that can be applied to clear general education areas. There is no course-to-course articulation, no course equivalency granted based on CLEP or AP test scores. Chaffey course credit may be granted at the discretion of the Chaffey College discipline faculty.

CSU-GE: The CLEP examinations may be incorporated into the certification of CSU General Education-Breath requirements by any certifying institution. All CSU campuses will accept the minimum units shown and apply them toward fulfillment of the designated General Education-Breath area if the examination is included as part of a full or subject-area certification. Please note that individual CSU campuses may choose to grant more units than those specified toward completion of General Education-Breath requirements.

College Level Examination Program (CLEP)
Students who successfully complete CLEP examinations are awarded units by Chaffey College and the California State University. The University of California does not award credit for CLEP examinations. CLEP credit awarded can be applied to the Chaffey College general education and CSU-GE breadth areas. The College Level Examination Program (CLEP) Table on pages 23-25 indicates the CLEP minimum score, course (varies between 50 and 63) and 3 semester units awarded for Chaffey General Education categories and CSU-GE breadth areas.

DANTES/DSST
The military’s Defense Activity for Non-Traditional Education Support (DANTES) provides a Credit by Exam Program that includes Dantes Subject Standardized Test (DSST) examinations. Recognition of DSST examinations is determined by each California Community College and CSU campus. The University of California does not award credit for DSST examinations.

Chaffey College will review DSST examinations by student petition. The decision to award credit is based on the following factors: ACE recommendation as a baccalaureate level course and minimum score, and faculty review. When approved, 3 units of elective credit will be granted. Discipline faculty will determine if a DSST examination can be substituted in lieu of a specific course for the Associate Degree general education area, major, certificate or prerequisite. DSST examinations cannot be used for CSUGE and/or IGETC certification.

Credit for Transfer Work
GRANTING OF CREDIT
Credit for college-level courses completed at other accredited education institutions will be evaluated for content and quality upon receipt of an official transcript from the Admissions and Records Office. Full unit credit normally will be granted. Further information regarding the following may be obtained from the Admissions and Records Office:
1. Any University of California
2. Any California State University
3. Other California community colleges
4. United States Armed Forces Institute (USAFI)
5. University of California Extension
6. Out-of-state colleges and universities
7. Nursing schools
8. Foreign colleges and universities (see page 16)
9. Correspondence courses
10. Military experience
11. Private colleges

OFFICIAL EVALUATION OF CREDIT
Students who have completed course work at other institutions and wish to obtain a degree or certificate from Chaffey College or transfer to a CSU or UC, may request an official evaluation through the Counseling Department. The official evaluation will be completed once all official transcripts are received. Note: Chaffey College will only accept units from colleges/universities from Regional Institutional Accrediting Organizations. For specific information, please contact the Admissions and Records Office.

AUDITING
Pursuant to Education Code 76370, it is the policy of the district to provide students who are otherwise qualified to enroll in credit courses an opportunity to audit specific credit courses. An auditing fee of $15.00 per unit is charged. Auditing may be requested once the semester has begun. Students cannot elect to audit after the last day to drop with a “W”. Not all classes are auditable, and there are specific requirements that must be met in order to audit a course. Additional information is available from the Admissions and Records Office.

DROPS OR WITHDRAWAL
Drops or withdrawals must be done online via My ChaffeyVIEW. A student may drop or withdraw, or be dropped by an instructor, only before 61% completion of a class. Students may not drop or be dropped by an instructor after 61% completion of a class, and the instructor must issue a grade beyond this point.

A student who drops a class or is dropped by an instructor on or prior to 22% of the course or the fourth week (whichever is less), will receive no entry on the student’s permanent record for that class. However, the student is still responsible for payment of fees.

Grades and Grade Point Averages
The cumulative grade point average (GPA) is computed by dividing the total number of units a student has attempted into the total number of grade points the student has earned:

\[
\text{Grade Point Average (GPA)} = \frac{\text{Total grade points earned}}{\text{Total units attempted}}
\]

<table>
<thead>
<tr>
<th>Attempted</th>
<th>Completed</th>
<th>Grade</th>
<th>Multiply</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>5 Units</td>
<td>5 Units</td>
<td>A+/A (4 points)</td>
<td>5 x 4 =</td>
<td>20.0</td>
</tr>
<tr>
<td></td>
<td></td>
<td>A- (3.7 points)</td>
<td>5 x 3.7 =</td>
<td>18.5</td>
</tr>
<tr>
<td>4 Units</td>
<td>4 Units</td>
<td>B+ (3.3 points)</td>
<td>4 x 3.3 =</td>
<td>13.2</td>
</tr>
<tr>
<td></td>
<td></td>
<td>B (3 points)</td>
<td>4 x 3 =</td>
<td>12.0</td>
</tr>
<tr>
<td>3 Units</td>
<td>3 Units</td>
<td>B- (2.7 points)</td>
<td>4 x 2.7 =</td>

<td>1.4</td>
</tr>
<tr>
<td>1 Unit</td>
<td>1 Unit</td>
<td>F (0 points)</td>
<td>0 x 0 =</td>
<td>0.0</td>
</tr>
</tbody>
</table>

Example: 40 grade points earned

\[
\frac{40 \text{ grade points earned}}{15 \text{ units attempted}} = 2.66 \text{ GPA}
\]

Grades earned in non-degree credit courses (numbered 500-599) are not included in the students’ degree applicable grade point average.
### MEANING OF GRADE SYMBOLS

Grades are based upon the quality of a student’s work in credit classes within the framework of the college’s philosophy, academic standards, and state regulations.

*Grades, grade points awarded, and symbols used by Chaffey College are as follows:*

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+, A</td>
<td>4.00</td>
<td>Excellent</td>
</tr>
<tr>

<td>Failing</td>
</tr>
<tr>
<td>FW</td>
<td>0</td>
<td>Student has both ceased participating in the course some time after the last day to officially withdraw from the course without having achieved a final passing grade, and the student has not received district authorization to withdraw from the course under extenuating circumstances.</td>
</tr>
<tr>
<td>CR</td>
<td>N/A</td>
<td>Credit. At least satisfactory. CR grades are not used in calculating GPA. <em>(Only assigned for courses with CR/NC designation and credit by exam.)</em></td>
</tr>
<tr>
<td>*P</td>
<td>N/A</td>
<td>Passing; At least satisfactory. P grades are not used in calculating GPA. <em>(Only assigned for course with P/NP designation and credit by exam.)</em></td>
</tr>
<tr>
<td>NC</td>
<td>N/A</td>
<td>No credit. Student did not fulfill academic requirements of course. NC grades are not used in calculating GPA. <em>(Only assigned for courses with CR/NC designation.)</em></td>
</tr>
<tr>
<td>*NP</td>
<td>N/A</td>
<td>No Pass; Less than satisfactory or failing. <em>(Only assigned for course with P/NP designation.)</em></td>
</tr>
<tr>
<td>W</td>
<td>N/A</td>
<td>Withdrawal. Assigned for students who officially withdraw from a class after 22% and before 61% of the course has elapsed. “W” grades are not used in calculating GPA, but are used as factors in probation and dismissal procedures.</td>
</tr>
<tr>
<td>I</td>
<td>N/A</td>
<td>Incomplete academic work due to unforeseeable emergency and justifiable reason at the end of the term. Students do not re-enroll in the class but make arrangements with the instructor to complete coursework and receive a final grade. Coursework must be completed within one year or the I grade will default to an alternate grade indicated by the instructor (usually substandard). I grades are not used in calculating GPA or units attempted.</td>
</tr>
<tr>
<td>IP</td>
<td>N/A</td>
<td>In progress. Grade awaits completion of course work which extends beyond the end of the term. Students must re-enroll in the class the following semester. The IP may be assigned only one time for each class. Coursework must be completed the following semester or the IP grade will default to an alternate grade indicated by the instructor (usually substandard). IP grades are not use in calculating GPA.</td>
</tr>
<tr>
<td>RD</td>

<td>MW</td>
<td>N/A</td>
<td>Military withdrawal. Students who receive military orders compelling withdrawal from classes may be permitted to withdraw at any time during a term with no adverse impact on academic records or enrollment status. Upon verification of such orders, the MW symbol shall be assigned, and upon request, enrollment fees will be refunded.</td>
</tr>
</tbody>
</table>

*Chaffey College began using the P/NP (Pass/No Pass) grading symbol in Fall 2008.*
A student who drops a class or is dropped by an instructor after 22% of the course, and on or before 61% of the course, will receive a W grade for that class.

Students may be dropped for lack of attendance or for “good cause” as defined in the Education Code, Article 3, Section 76033.

STUDENTS SHOULD NOT RELY ON INSTRUCTORS TO DROP OR WITHDRAW THEM. Failure to officially drop or withdraw by the drop deadline may result in the assignment of an F (Failing) or FW (Unofficial Withdrawal) grade. Drops or withdrawals cannot be processed by mail.

Grading

Final Grades

Grades given for any course are determined by the instructor, and in the absence of mistake, fraud, bad faith, error, or incompetency, are final. The student has two years, following the semester in which the grade was recorded to request a change of grade. After the two-year limit, the grade is no longer subject to change. Requests to change a grade should be directed to the instructor. To change an F to W, or to request a removal of a W, a petition must be filed through the Admissions and Records Office.

If a grade has been incorrectly entered on a student’s permanent record prior to the release of the transcript. No grade point average computation is associated with the W grade.

Pass/No Pass Grading

Courses offered on a Pass/No Pass only basis and courses where Pass/No Pass grading is an option are clearly identified in the college catalog and schedule of classes. In courses with a letter grade or Pass/No Pass option, it is the student’s responsibility to request the Pass/No Pass option through an application process. Students who elect this option must pick up the appropriate application forms from the Admissions and Records Office. A student may reverse his/her enrollment from Pass/No Pass status to receive an evaluative grade provided the reversal is completed prior to the deadline to add classes for the section number in question. See the schedule of classes for deadline information. Students may enroll in a maximum of eight optional Pass/No Pass units per semester; however, courses offered only on a Pass/No Pass basis are exempt from the eight unit maximum. A maximum of 16 units of credit for optional Pass/No Pass courses may apply toward graduation requirements; this does not apply to courses offered only on a Pass/No Pass basis.

Important Notice to Transfer Students

Transfer institutions may consider No Pass grades to be equivalent to “F” grades. Additionally, they may not accept course work for which a Pass grade has been issued. Students planning to transfer to a four-year institution should review the Pass/No Pass acceptance policy of the transfer institution before applying for the Pass/No Pass option.

Course Repetition

Course Repetition in a Non-repealable Course

1. Students who received a satisfactory grade (“A”, “B”, “C”, “CR”, or “P”) may not normally repeat the course. Exceptions exist for significant lapse of time, extenuating circumstances, and legally-mandated training requirements as a condition of continued paid or volunteer employment or changes in industry or licensing standards (see exceptions below for details). Such exceptions require a petition, available from the Admissions and Records Office.

2. Students who have received an incomplete grade (“I”) may not repeat the course. Required coursework must be completed within one year, or the “I” grade will default to an alternate grade indicated by the instructor (usually substandard).

3. Students who have received an In-Progress grade (“IP”) must repeat the course by enrolling in it in the next subsequent term (excluding summer). Coursework must be completed in that semester or the “IP” grade will default to an alternate grade indicated by the instructor (usually substandard).

4. Students who have received an unsatisfactory grade (“D”, “F”, “FW”, “NC”, and “NP”) or have withdrawn from the course (“W”) may repeat the course once. If unsuccessful in the second attempt, the student must file a petition to be considered for a third attempt at the course. Petitions are obtained from the Admissions and Records Office. The academic dean over the subject area being petitioned evaluates and approves/denies each petition on a case-by-case basis.

5. Students who have withdrawn for verified military service (“MW”) may repeat course(s) from which they have withdrawn. The “MW” grade does not affect GPA, nor does it count toward the permitted number of repetitions.

Course Repetition in a Repeatable Course

Only courses involving Intercollegiate Academic or Athletic competition are repeatable. (Title 5, section 55041) These courses are identified as repeatable in their description and may be taken a maximum of four times (repeated three times).

1. All attempts at a repeatable course count in the limitation on repeats, including any that result in an unsatisfactory grade (“D”, “F”, “FW”, “NC”, and “NP”) or a withdrawal annotation (“W”) on the student’s permanent record.

2. When a repeatable course is taken and a substandard grade(s) are removed but are flagged with an “R” coding on the student’s permanent record. The “R” coded grade and grade points are then disregarded in the computation of the student’s grade point average.

Effect of Course Repetition for Substandard Grade on Permanent Record

To ensure a true and complete academic history, the course identification, title, units attempted and earned, and substandard grade(s) are not removed but are flagged with an “R” coding on the student’s permanent record. The “R” coded grade and grade points are then disregarded in the computation of the student’s grade point average.

Exceptions to Repetition Restrictions

Significant Lapse of Time: A student may petition to repeat a course that is not designated as repeatable and in which he or she has received a satisfactory grade (“A”, “B”, “C”, “CR”, or “P”) when that student’s level of competency in the course material has diminished over a period of time of no less than 36 months. If approved, the grade from the subsequent attempt will be calculated in the student’s GPA.

Extenuating circumstance: A student may petition to repeat a course in which the previous grade is, at least in part, the result of extenuating circumstances (verified cases of accidents, illness, or other circumstances beyond the control of the student). Supporting documentation is required.
Probation and Dismissal

Academic Probation
A student who has attempted at least 12 semester units as shown by the official academic record shall be placed on academic probation if the student has earned a cumulative grade point average below 2.00 in all units.

Progress Probation
A student who has enrolled in a total of at least 12 semester units as shown by the official academic record shall be placed on progress probation when the percentage of W, I, NC, and/or NP grades reaches or exceeds fifty percent (50%) of all units in which the student has enrolled.

Students placed on either academic or progress probation may be subject to a block from registration.

Removal from Probation
A student on probation for a grade point deficiency shall be removed from probation when the student's accumulated grade point average is 2.00 or higher.

A student on progress probation because of an excess of units for which W, I, NC, and/or NP grades are recorded will be removed from probation when the percentage of units in this category drops below 50%.

Appeal
A student who wishes to appeal probationary status may do so through the Coordinator of the Opening Doors to Excellence program at (909) 652-6201.

Students placed on academic or progress probation will be notified by mail.

Academic Dismissal
A student who is on academic probation shall be subject to academic dismissal if the student earns a cumulative grade point average of less than 2.00 in all units attempted in each of three consecutive semesters, excluding summer session.

A student who has been placed on progress probation shall be subject to probation dismissal upon receipt of recorded grades of W, I, NC, or NP in 50% or more of all enrolled units during three consecutive semesters, excluding summer session.

Note to Veterans:
Rules regarding academic probation and dismissal apply to VA students.

Reinstatement
A student who has been dismissed may apply for readmission after one semester following the date of dismissal. A student may appeal a dismissal or apply for readmission by filing a Petition for Readmission. The petition, along with instructions on how to complete the process, is mailed to students upon notification of their dismissed standing. Petitions are also available at the Opening Doors to Excellence program office in the Counseling Department on the Rancho Cucamonga Campus.

A student readmitted after academic dismissal will remain on academic probation until the student's grade point average reaches 2.00, or the percentage of units for which grades of W, I, or NC, or NP drops below 50%.

Special Probation
A student readmitted on Special Probation after academic dismissal will remain on academic probation until the student's grade point average reaches 2.00 or the percentage of units for which grades of W, I, or NC, or NP drops below 50%.

Regulations for Dismissed Students
A student applying for admission to Chaffey College who is under academic dismissal from another community college, college, or university is subject to the same reinstatement policies and procedures as a student who is under academic dismissal from Chaffey College. If it is determined that the student is subject to dismissal under Chaffey College standards, the student will not be eligible for admission for a period of one semester.

Academic Renewal Without Course Repetition
The purpose of Academic Renewal (Title 5 - 55046) is to disregard students' previously recorded substandard academic performance, when such work does not reflect current demonstrated ability. As a consequence, Academic Renewal allows students the benefits of their current level of ability and performance and does not permanently penalize them for poor performance in the past.

Criteria
Approval of the request for Academic Renewal is subject to the following criteria:

A) A time period of at least two (2) years must have elapsed since the end of the term of substandard work to be disregarded. Only those requested courses with substandard grades of D, F, FW, NP, and NC will be disregarded.
PROCEDURES

The following procedures are to be followed to Petition for Academic Renewal:

1) The student completes an Academic Renewal Petition. Forms are available in the Counseling Department.
   a. The student makes an appointment to meet with a counselor.
   b. The counselor will review the petition for compliance with policy and procedures.
   c. If petitioning for an Associate degree or vocational certificate, the student must adhere to graduation/certification application deadlines as stated in the class schedule.

2) The student will submit the completed Academic Renewal Petition to the Admissions and Records Office for processing.
   a. The Admissions and Records Office will notify the student of the approval or denial of the request. Notification will be sent to the email address provided by the student on the Academic Renewal Petition.
   b. If approved, the permanent academic record shall be annotated in such a manner that all work remains legible, ensuring the true and complete academic history.

FURTHER INFORMATION REGARDING ACADEMIC RENEWAL

A) Academic renewal granted by Chaffey College does not guarantee that other institutions will approve such action. This determination will be made by the respective transfer institution.

B) Student’s permanent records from other institutions will not be altered.

B) A maximum of twenty-four (24) semester units may be alleviated, within a maximum of two (2) semesters or three (3) quarters and a summer session, which need not be consecutive.

C) Since completion of the work to be disregarded, the student’s cumulative grade point average for all units completed at the time of adjustment must be one of the following:

• 16 semester units with a minimum of 3.0 GPA
• 20 semester units with a minimum of 2.5 GPA
• 24 semester units with a minimum of 2.0 GPA

D) Academic Renewal will only be granted ONCE from Chaffey College and Academic Renewal actions are irreversible.
PHILOSOPHY AND CRITERIA FOR ASSOCIATE DEGREE AND GENERAL EDUCATION

The philosophy and criteria for the Associate Degree and general education should address the considerations contained in Title 5, Section 55061 and Accreditation Standard II.A.3. These include, but are not limited to:

- The programs of the District are consistent with the institutional mission, purposes, demographics and economics of its community.
- The philosophy and criteria regarding the Associate Degree references the policy of the Board of Governors that the Associate Degree symbolizes a successful student’s journey through patterns of learning experiences designed to develop certain competences and insights, including:
  - integrating critical thinking skills with effective written and oral exposition and argument;
  - employing practical applications for problem solving using mathematical principles;
  - investigating various modes of scientific research and methodology;
  - developing an awareness of the role of arts in contemporary society;
  - developing a sensitivity to diversity and a respect for differences among individuals;
  - gaining perspective of various view points relative to historical developments;
  - developing ethical and moral frameworks to interpret contemporary society;
  - developing self-understanding.
- The philosophy and criteria regarding general education references the policy of the Board of Governors that general education should lead to better self-understanding, including:
  - introducing students to the variety of means through which people comprehend the modern world;
  - introducing the content and methodology of the major areas of knowledge and provides an opportunity for students to develop intellectual skills, information technology facility, affective and creative capabilities, social attitudes, and an appreciation for cultural diversity.

— The Chaffey College Faculty Senate
GRADUATION REQUIREMENTS

The minimum requirements for graduation with the degree of Associate in Arts or Associate in Science are specified by the Board of Governors of the California Community Colleges and the Chaffey College Governing Board. The Associate Degree will be granted upon completion of 60 semester units of work and the fulfillment of the specific requirements listed below.

“All degree requirements including General Education must be completed with an overall grade point average of 2.0 (C) or better. In addition, all courses that count toward the Associate Degree major or area of emphasis must be satisfactorily completed with grades of A, B, C, or P.” (Title 5, 55063)

UNIT AND SUBJECT REQUIREMENTS FOR THE ASSOCIATE DEGREE

I. GENERAL EDUCATION (minimum 18 units from the following:)
Students who are qualified to be certified for the CSU General Education pattern of classes or the IGETC pattern of classes also fulfill the Associate Degree General Education for Chaffey College.

A. LANGUAGE AND RATIONALITY (minimum of 2 courses)

A1 ENGLISH COMPOSITION (one course)
English 1A

A2 COMMUNICATION AND ANALYTICAL THINKING (one course)
Communication Studies 2, 4, 6, 8, 72
Computer Information Systems 1
Computer Science 1, 2
English 1B
Mathematics 2, 4, 25, 31, 61, 65A, 65B, 75, 81, 85, 425
Philosophy 75, 76
Social Science 10
Statistics 10

B. NATURAL SCIENCES (one laboratory science course)
Anthropology 1 & 1L
Astronomy 35
Biology 1, 2, 3, 20, 22, 23 & 23L, 61, 424 & 424L
Chemistry 7, 9, 10, 24A
Earth Science 1 & 1L, 5 & 5L
Geography 4 & 5
Geology 1, 2
Physical Science 10
Physics 5 & 6, 20A, 30A, 44, 45

C. HUMANITIES (minimum 4 units)
At least two courses required, one from each of the following categories

C1 ARTS (one course)
Art 1, 3, 5, 6, 7, 8, 9, 10, 11, 12, 14, 16, 18, 20, 44, 62A, 63, 82
Broadcasting 3
Cinema 25, 26
Communication Studies 14
Dance 1
Fashion Design 20, 45
Interior Design 11, 12
Music 1, 2A, 2B, 3A, 4, 12, 21, 22, 26, 32, 33, 60, 62A, 62B, 67
Photography 1, 7, 9, 10, 13
Theatre Arts 1, 4, 5, 10, 12

C2 HUMANITIES (one course)
American Sign Language 18
Arabic 1, 2, 3, 4
Chinese 1, 2, 3, 4, 18
Economics 8
English 1C, 7A, 7B, 7C, 7D, 7E, 32, 33, 68, 70A, 70B, 71, 74, 75A, 75B, 76, 77, 79, 80A, 80B, 81
French 1, 2
History 1, 2, 5, 6, 7, 9, 10, 12
Humanities 5, 6, 20
Philosophy 70, 72, 77, 78, 80, 81, 82
Spanish 1, 1SS, 2, 2SS, 3, 4, 8, 13, 14, 16

D. SOCIAL AND BEHAVIORAL SCIENCES (minimum 4 units)
At least two courses required, one from each of the following categories

D1 AMERICAN INSTITUTIONS (one course)
Economics 1, 2, 4
Geography 10
History 12, 16, 17, 18, 25, 50, 51, 70, 71
Political Science 1, 2, 3, 7, 10, 21, 25, 32

D2. BEHAVIORAL SCIENCES (one course)
American Sign Language 18
Anthropology 2, 3
Child Development and Education 2, 4
Communication Studies 12, 74, 76, 78
Correctional Science 8
Geography 1, 3, 11
Gerontology 11, 18, 23
History 4, 19
Political Science 4
Psychology 1, 21, 25, 41, 65
Sociology 10, 15, 18, 25, 26

II. MAJOR REQUIREMENTS (minimum 18 units)
- Complete an associate degree program as described under “Programs of Study” area in the Chaffey College catalog.

III. ELECTIVES
(any additional units necessary to meet minimum degree unit requirement)

MINIMUM TOTAL UNITS REQUIRED FOR DEGREE — 60 UNITS
GRADUATION REQUIREMENTS (cont’d)

BASIC SKILLS COMPETENCY REQUIREMENTS FOR GRADUATION

I. WRITING and READING
Successful completion of the composition course English 1A.

II. MATHEMATICS
Placement into Mathematics 25 or higher as determined by the Chaffey assessment process, or successful completion of one of the intermediate algebra or higher level math or statistics courses listed below:
Mathematics 2, 4, 25, 31, 60, 61, 65A, 65B, 75, 81, 85, 425
Social Science 10
Statistics 10

OTHER REQUIREMENTS FOR GRADUATION

I. SCHOLARSHIP REQUIREMENTS FOR GRADUATION
A minimum grade point average (GPA) of 2.00 (C average) in degree applicable units attempted.

II. RESIDENCE REQUIREMENTS FOR GRADUATION
A minimum of 12 units must be earned at Chaffey College.

III. APPLICATION FOR GRADUATION
Students must file a formal application for graduation in the College Counseling Center. Students may graduate at the end of any semester or Summer session. Refer to the schedule of classes for application deadline dates.

IV. CONTINUOUS ATTENDANCE
The preceding graduation requirements apply to students during the 2013-2014 school year. Students who enrolled at Chaffey prior to Fall 2013 and who have maintained continuous attendance (attendance in at least one semester or two quarters, excluding Summer sessions, each calendar year - January 1 through December 31 - as indicated on a permanent record) at any accredited college, have the option of meeting the current requirements or those in effect at the time continuous attendance at Chaffey began. In the event that required courses have been discontinued, students may petition for course substitution by making an appointment with a counselor in the Counseling Center.
FOUR-YEAR UNIVERSITIES AND COLLEGES

Chaffey College offers courses that parallel the first two years (lower division) at four-year colleges and universities. Because requirements vary among these institutions, students are encouraged to choose the college or university to which they plan to transfer as early in their educational career as possible. Students should concentrate on meeting admission requirements for their major and general education courses while attending Chaffey College.

Prospective transfer students are invited to visit the Transfer Center located in SSA 120 on the Rancho Campus or contact the Transfer Center representative at Chino or Fontana for more information about transfer options, details on the transfer process and assistance in filing applications. Information about specific colleges and universities can also be found on the institution’s website. Additional helpful online resources include:

- [www.csumentor.edu](http://www.csumentor.edu) for California State Universities
- [www.universityofcalifornia.edu/admissions](http://www.universityofcalifornia.edu/admissions) for UC campuses
- [www.assist.org](http://www.assist.org) for articulation/major requirements for CSU and UC
- [www.california_colleges.org](http://www.california_colleges.org) college/major search tool
- [www.aiccu.org](http://www.aiccu.org) for information on private/independent institutions
- [www.chaffey.edu/transfer](http://www.chaffey.edu/transfer) for Transfer Center activities and resources

Cross Enrollment - California residents currently enrolled at a California community college may enroll in one undergraduate course per academic term at CSU or UC campus provided the student has met course prerequisites and space is available. Students are responsible for a nominal enrollment fee, books and parking. Cross enrollment does not constitute regular admission.

Eligible students must have completed one term at their home campus, have a 2.0 GPA, be enrolled in at least six units at their community college and have paid fees for the term. More information and application forms are available through the Transfer Center.

California State University

There are 23 CSU campuses in California. In addition to checking the university’s website, students can obtain more information about CSU campuses via the Transfer Center’s services and resources.

GRADUATION AND TRANSFER
All the campuses of the California State University welcome applications from community college transfer students. Students who complete any college units after high school are considered transfer students. The number of units a student has completed at the time he/she enters the CSU determines the admission standards that will apply to the application. The majority of transfer students enter as upper-division transfers with 60 semester or 90 quarter units completed. Not all CSU campuses accept lower division transfers, so students who want to transfer with fewer units should check with their intended campus before applying.

Admission offices at all 23 campuses use a common set of factors to make admissions decisions. All campuses have higher standards for out-of-state and international students, some campuses have higher standards for certain majors and some highly impacted campuses have higher standards for all applicants.

**Upper Division Transfer Admission Requirements**

Minimum requirements for upper division transfer include: 2.00 GPA in all transferable coursework (2.40 for non-California residents) and 60 transferable units that must include 30 units of general education work and completion of general education courses in written communication, oral communication, critical thinking and mathematics.

For most students planning to transfer to the CSU, completing general education classes should be a priority along with major preparation courses. The CSU provides California Community College transfers with two system-wide options for fulfilling CSU lower division general education requirements: CSU General Education (GE) and the Intersegmental General Education Transfer Curriculum (IGETC). See pages 37-38 of this catalog. Within either pattern, the highest priority classes are the three courses in the English language-English composition, oral communication, and critical thinking and a college-level mathematics course. Completion of general education courses prior to transfer is usually the most efficient and cost-effective path for community college transfer students. However, students pursuing high-unit majors in science, engineering and math need to work closely with a counselor to plan their transfer courses to be sure they meet all the admission and major prep requirements and complete as much general education as possible.

**Lower Division Transfer Admission Requirements**

CSU campuses admitting lower-division students will make admissions decisions based on the courses completed in high school, high school grades and test scores and any college work completed after high school. More details on lower-division transfer requirements can be found at www.csumentor.edu.

**Courses Transferable to the California State University**

Chaffey College courses numbered from 1-99 are transferable for baccalaureate degree credit at the California State University and marked (CSU) in the “Course Descriptions” section of this catalog.
Each candidate for the bachelor’s degree from a CSU institution shall complete a pattern of general education courses which total a minimum of 48 semester units. Chaffey may certify a maximum of 39 semester units toward meeting this requirement; the remaining 9 semester units must be completed at the CSU at the upper-division level. Full general education certification from Chaffey College requires a minimum of 39 units distributed as follows:

**AREA A**
- **ENGLISH LANGUAGE COMMUNICATION AND CRITICAL THINKING** *(Minimum 9 units)*
  - **A1** Oral Communication *(one course)*
    - Communication Studies 2, 4, 6, 8
  - **A2** Written Communication *(required)*
    - English 1A
  - **A3** Critical Thinking *(one course)*
    - Communication Studies 72
    - English 1B
    - Philosophy 75

**AREA C**
- **ARTS AND HUMANITIES** *(Minimum 9 units—choose at least one course from each area.)*
  - **C1** Arts
    - Art 1, 3, 5, 6, 7, 8, 9, 10, 11, 12, 14, 16, 18, 20, 44
    - Cinema 25, 26
    - Communication Studies 14
    - Dance 1
    - Fashion Design 20, 45
    - Interior Design 11, 12
    - Music 1, 2A, 2B, 3A, 3B, 4, 21, 22X, 26
    - Photography 1, 10
    - Theatre Arts 1, 4, 5, 10, 12
  - **C2** Humanities
    - American Sign Language 1, 2, 3, 4
    - Arabic 1, 2, 3
    - Chinese 1, 2, 3

**AREA D**
- **SOCIAL SCIENCES** *(Minimum 9 units—choose courses from two different categories)*
  - **D0** Child Development 4
    - Communication Studies 12
    - Correctional Science 8
    - Gerontology 18
    - Sociology 10, 14, 15, 16*, 18, 70
  - **D1** Anthropology 2, 3
  - **D2** Economics 1, 2, 4
  - **D3** Child Development 6
    - Communication Studies 74
    - Correctional Science 8
    - History 4*, 12, 16, 19, 50, 51, 70, 71
    - Political Science 25
    - Sociology 15, 25
  - **D4** Communication Studies 76
  - **D5** Geography 1, 3, 10, 11X
  - **D6** Economics 8
    - History 1, 2, 4*, 5, 6, 7, 9, 10, 12, 16, 17, 18, 20, 21*, 40X, 50, 51, 70, 71
  - **D7** American Sign Language 18
    - Communication Studies 78
    - Gerontology 11
    - Political Science 3
    - Sociology 26
  - **D8** Administration of Justice 1#
    - Correctional Science 8
    - History 1, 2, 3, 4, 7, 10, 12, 14, 16, 21
    - Political Science 1, 21, 25
  - **D9** Child Development 2
    - Gerontology 24, 23
    - Psychology 1, 20, 21, 25, 65

**AREA E**
- **LIFELONG LEARNING AND SELF-DEVELOPMENT 1** *(Minimum 3 units)*
  - **Biology 14**
    - Child Development and Education 2º
    - Gerontology 22
    - Guidance 3
    - Nutrition and Food 5, 15, 22
    - Physical Education Lecture 15
    - Psychology 5, 25
    - Social Science 17
    - Sociology 16

---

**CSU REQUIREMENT** - The State Requirement in U.S. HISTORY, CONSTITUTION AND AMERICAN IDEALS may be met by completion of History 17 or 18, and Political Science 1.

# = Course must be completed Fall 2003 or later.
#º = Course must be completed Spring 2005 or later.
#* = Course must be completed Fall 2005 or later.
#*X = Course must be completed Spring 2006 or later.
* = Course must be completed Spring 2007 or later.
^ = Course must be completed Fall 2010 or later.
< = Course must be completed Fall 2011 or later.
* = Course must be completed Fall 2012 or later.
1 = Veterans may meet Area E requirements via DD-214.

**COURSES COUNT IN ONE AREA ONLY.**
Completion of the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from Chaffey College to a campus in either the California State University (CSU) or University of California (UC) system without the need, after transfer, to take additional lower-division general education courses to satisfy campus general education requirements. Depending on the major/field of interest, the student may find it advantageous to take courses fulfilling either the CSU’s general education requirements or those of the UC campus or college to which the student plans to transfer.

Courses used for certification must be completed with grades “C” or better (C- grades are not acceptable), and be a minimum of 3 semesters. A course can not be certified unless it was on to which the student plans to transfer.

Depending on the major/field of interest, the student may find it advantageous to take courses fulfilling either the CSU’s general education requirements or those of the UC campus or college (CSU) or University of California (UC) system without the need, after transfer, to take additional lower-division general education courses to satisfy campus general education requirements.

Partial IGETC certification is allowed with a maximum of two courses missing, which have to be completed after transfer. Students need Areas 1 and 2 of the transfer curriculum completed to which the student plans to transfer.

Partial certification acknowledging a deficiency in Area 1 and/or Area 2 may also indicate a student does not meet the minimum transfer admission requirements. Partial certification acknowledging a deficiency in Area 1 and/or Area 2 may also indicate a student does not meet the minimum transfer admission requirements.

Area 1: English Communication

Group A: English Composition (Required CSU/UC)
  English 1A

Group B: Critical Thinking-English Composition (Required CSU/UC)
  English 1B

Group C: Oral Communication (CSU Requirement Only - 1 course)
  Communication Studies 2, 6, 8

Area 2: Mathematical Concepts and Quantitative Reasoning (Required CSU/UC - 1 course)

Mathematics 25*, 60, 61*, 65A, 65B, 75, 81, 85
Social Science 10#*
Statistics 10

Area 3: Arts and Humanities (Required CSU/UC - 3 courses minimum, with at least one course from Arts and one from Humanities)

Arts:
  Art 1, 3, 5, 6, 7, 9, 11
  Cinema 25, 26
  Dance 1
  Music 2A, 2B, 3A, 3B, 4, 21*, 22X, 26*
  Theatre Arts 1, 4, 5

Humanities:
  American Sign Language 3, 4
  Arabic 3, 4
  Chinese 3, 4
  English 1C, 32, 33, 68, 70A, 70B, 71, 74#, 75A, 75B, 76, 77, 79, 80A, 80B, 81
  History 1, 2, 4#, 5, 6, 7, 9, 10, 12, 16#, 20, 25, 40X, 50, 51, 70, 71
  Humanities 5, 6, 20
  Philosophy 70, 72, 73, 77, 78, 80, 81, 82
  Spanish 3, 4, 8, 13, 14

Area 4: Social and Behavioral Sciences (Required CSU/UC - 3 courses minimum, from at least two different disciplines)

American Sign Language 18
Anthropology 2, 3
Child Development and Education 2*, 4
Communication Studies 12, 74
Economics 1*, 2, 4, 8
Geography 1*, 3, 10, 11X, 46*
Gerontology 18*
History 4#, 5, 6, 7, 9, 10, 12, 16#, 17, 18, 19, 20, 40X, 50, 51, 70, 71
Political Science 1, 2, 4, 7, 10, 21*, 25, 32*
Psychology 1, 20*, 25*, 65
Sociology 10, 14, 15, 16*, 18*, 25, 26, 70

Area 5: Physical and Biological Sciences (Required CSU/UC - 2 courses minimum, with at least one Physical Science course and one Biological Science course, one of which must include a laboratory. Lab courses are underlined.)

Physical Sciences:
  Astronomy 26*, 35
  Chemistry 8*, 9*, 10*, 12*, 24A*, 24B*, 70, 75A, 75B
  Earth Science 1, 1 & 1L, 5*, 5 & 5L*
  Geography 4, 4 & 5, 6
  Geology 1, 2
  Physical Science 10
  Physics 5*, 6*, 20A*, 20B*, 30A*, 30B*, 44**, 45*, 46*, 47*

Biological Sciences:
  Anthropology 1, 1 & 1L
  Biology 1*, 2, 10*, 12, 20, 22, 23, 23 & 23L, 61, 62, 63

Language other than English (UC Requirement Only)

Complete 2 years of the same foreign language of high school level work with a grade of C or better; OR complete one of the following courses:

  American Sign Language 2
  Arabic 2
  Chinese 2
  French 2*
  Spanish 2*, 2SS*

(American Sign Language 3 or 4, or Arabic 3 or 4, or Chinese 3 or 4, or Spanish 3, 4 or 8 may be used to validate this requirement.

Other methods for verifying language competency exist. See the college catalog or contact counseling.

# = Course must be completed Fall 2003 or later.
** = Course must be completed Spring 2005 or later.
* = Course must be completed Fall 2005 or later.
# = Course must be completed Spring 2006 or later.
∞ = Transfer credit may be limited by either UC or CSU, or both.

Courses may count in only one area

Graduation Requirement in U.S. History, Constitution, and American Ideals (CSU requirement only. Not part of IGETC; may be completed prior to transfer)

CSU requires 2 courses
  Political Science 1 and either
  History 17 or 18

Courses used to meet this requirement may not be used to satisfy requirements for IGETC. Please consult with a counselor for additional information.
University of California

The University of California includes nine undergraduate campuses throughout the state and a tenth campus in San Francisco that offers graduate and professional programs in the health sciences. Students interested in learning more about the undergraduate campuses are encouraged to visit Chaffey’s Transfer Center at the Rancho campus or contact the Transfer Center representative at Chino or Fontana. The Transfer Center offers a variety of services to help potential transfer students identify options, choose a transfer destination and complete required applications. Helpful information is also available online at www.universityofcalifornia.edu/admissions and on each campus’ website.

9 University of California, Merced
   www.ucmerced.edu

Upper Division Transfer Requirements

Most transfer students enter UC at the junior level. This means they have completed 60 semester units, general education and most, if not all, of their lower-division major prerequisites. To be considered for admission as a junior, students must fulfill the following:

1. Complete 60 semester or 90 quarter units of transferable college credit with a GPA of at least 2.4 (2.8 for nonresidents of California).

2. Complete the following course pattern requirements, earning a grade of C or better in each course:
   - Two transferable college courses in English composition (English 1A and English 1B)
   - One transferable college course in mathematical concepts and quantitative reasoning (typically Math 25)
   - Four transferable college courses chosen from at least two of the following subject areas: arts and humanities, social and behavioral sciences, physical and biological sciences. Each course must be at least 3 semester units.

Applications from prospective transfer students undergo a comprehensive review process involving specific criteria:
   - Completion of a specified pattern or number of courses that provide continuity with upper division courses in the student’s major
   - GPA in all transferable courses
   - Participation in academically selective honors courses or programs
   - Special talents, achievements and awards in a particular field such as visual and performing arts or athletics; special skills such as demonstrated written and oral proficiency in other languages; special interests such as intensive study of other cultures; experiences that demonstrate unusual promise for leadership; or other significant experiences or achievements that demonstrate promise for contributing to the intellectual vitality of a campus.
Transfer Admission Guarantee - Seven UC campuses (Berkeley and Los Angeles do not participate) offer guaranteed admission to California community college students who meet specific requirements. By participating in a Transfer Admission Guarantee (TAG) program, students will receive an early review of their academic records, early admission notification and specific guidance about major preparation and general education coursework. To pursue a TAG, students should meet with a Chaffey counselor to review/update a plan to address remaining UC requirements and then complete an online TAG application. When the TAG is approved, fulfill all remaining coursework and GPA requirements in the TAG agreement and then apply for admission to UC during the appropriate filing period.

Interested students can find more information about eligibility criteria for each participating campus online under the “Transfer” heading at www.universityofcalifornia.edu/admissions or by contacting the Transfer Center. TAG details will also be posted on the Transfer Center’s website at www.chaffey.edu/transfer.

Lower Division Transfer Requirements
While all UC campuses welcome a large pool of junior-level transfers, most admit only a limited number of lower-division transfers. However, it can happen. Here’s how:

- Students who were eligible for admission to UC when they graduated from high school - meaning they satisfied the subject, examination and scholarship requirements or were identified by UC during their senior year as Eligible in the Local Context (ELC) and completed the subject and examination requirements in the senior year - are eligible for transfer if they have a 2.0 GPA in their transferable college coursework (2.8 GPA for non-residents).

- Students who met the scholarship requirement in high school, but did not satisfy the 15-course subject requirement, must take transferable college courses in the missing subjects, earn a C or better in each required course and have an overall 2.0 GPA in all transferable coursework to be eligible to transfer (a 2.8 GPA is required for non-residents).

Courses Transferable to the University of California
Chaffey College courses numbered from 1-99 are transfer-level courses; those accepted for baccalaureate degree credit at the University of California are marked (UC) in the “Course Descriptions” section of this catalog.

PRIVATE/INDEPENDENT COLLEGES AND UNIVERSITIES

Admission requirements to private and out-of-state colleges and universities vary with each institution. Specific information regarding eligibility requirements and applications procedures is generally published in the institution's catalog and on their website. Students may also visit the Transfer Center for assistance.

CHAFSEY COLLEGE TRANSFER CENTER

Students are encouraged to utilize the resources and services available through the Transfer Center. Transfer fairs, specific contact information, individual appointments with university representatives and trips to visit local campuses will help students select a transfer campus. Students are also urged to work closely with their counselors to develop and maintain an educational plan to support their transfer goals.

The Transfer Center is located on the Rancho campus in room SSA-120; limited services are also available at Chino and Fontana. (909) 652-6233 or www.chaffey.edu/transfer.
ASSOCIATE DEGREES FOR TRANSFER

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degree traditionally offered at a California community college.

The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that accepts the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is a designated “high-unit” major).

This degree may not be the best option for students intending to transfer to a particular CSU campus or a college or university that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

At press date, Chaffey has twelve (12) approved transfer degrees: Administration of Justice, Business Administration, Communication Studies, Early Childhood Education, English, Geology, History, Mathematics, Political Science, Psychology, Sociology, and Theatre Arts. Additional transfer degree majors are being developed. Please see a counselor for more information.

The following is required for all AA-T or AS-T degrees:

1. Minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. Students should keep in mind that while a minimum of 2.0 is required for admission, some majors may require a higher GPA. Consult with a counselor for more information.
3. Completion of a minimum of 18 semester units in an “AA-T” or “AS-T” major as detailed in the Programs of Study section of the catalog. All courses in the major must be completed with a grade of C or better or a “P” if the course is taken on a “pass-no pass” basis (title 5 § 55063).
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE, on page 37) OR the Intersegmental General Education Transfer Curriculum pattern (IGETC, on page 38).

ASSOCIATE DEGREES

Chaffey offers both Associate in Arts (AA) and Associate in Science (AS) degrees. Associate in Arts degrees are two-year degrees in Liberal Studies disciplines that provide a broad exploration of a specific area of emphasis. Associate in Science degrees typically are two-year occupational degrees that prepare students for career and technical fields. Most AA degree and many AS degrees provide a solid foundation for further academic study for students wishing to transfer.

CERTIFICATES

Certificate programs focus on a specific vocational topic/subject area, and are designed to provide students with knowledge and skills immediately applicable to employment. Certificate programs typically do not require or include general education type courses, and most can be completed in less than two years – sometimes within a single term. Certificates are awarded to students who have successfully completed the required sequence of courses in an occupational field. A minimum grade of “C” or “P” is required for every course required for the certificate. All certificates have been approved by the Chaffey Curriculum Committee, and are listed – along with their constituent courses – elsewhere in this catalog. Chaffey offers two types of certificates:

STATE APPROVED Certificates of Achievement are state-approved certificate programs consisting of 18 or more units of degree-applicable coursework. These certificates appear by name on student’s transcripts.

LOCALLY APPROVED Certificates of Career Preparation are locally-approved certificate programs consisting of fewer than 18 units of degree-applicable coursework. These certificates do not appear on student’s transcripts.
These are the Associate Degree majors/areas of emphasis and Certificates currently available at Chaffey. The courses to fulfill the requirements for each listed program are detailed in the following pages. All courses used to fulfill Associate Degree majors and state- or locally-approved Certificates must be completed with a minimum grade of C. All programs are subject to change; students should consult with a counselor for further information.

*Locally approved certificates do not appear on a transcript.
ACCOUNTING

The Accounting program is designed to: (1) prepare non-transfer accounting students for entry level positions by making the accounting certificate and/or the two-year degree in accounting available to them; (2) prepare transfer accounting students with appropriate background for upper division courses; and (3) provide non-accounting majors with sufficient expertise to enable them to make intelligent use of accounting information.

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Apply the conceptual framework of financial and managerial accounting to business reporting.
2. Demonstrate the ability to work effectively as a member of a team.
3. Apply the conceptual framework of managerial accounting.
4. Apply the conceptual frameworks of individual taxation to make appropriate decisions.
5. Demonstrate the ability to conduct business research, analyze, and interpret the findings.
6. Demonstrate an understanding of the legal and ethical environment of business appropriate decisions.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

ACCOUNTING AND FINANCIAL PLANNING CERTIFICATE PROGRAMS

The Accounting/Financial Planning certificate programs are designed to prepare non-transfer accounting students for entry level positions and provide non-accounting majors with sufficient expertise to enable them to make intelligent use of accounting information.

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Apply the conceptual framework of financial and managerial accounting to business reporting.
2. Demonstrate the ability to work effectively as a member of a team.
3. Apply the conceptual framework of managerial accounting.
4. Apply the conceptual framework of financial and managerial accounting and reporting in business.
5. Demonstrate the ability to conduct business research, analyze, and interpret the findings.
6. Apply the conceptual frameworks of individual taxation to make appropriate decisions.
7. Apply the conceptual frameworks of financial planning to make appropriate decisions.
8. Demonstrate an understanding of the legal and ethical environment of business appropriate decisions.

Accounting for Government and Not-For-Profit Organizations

This program is intended for individuals desiring employment in government or not-for-profit organizations. Upon the successful completion of this certificate, candidates will be proficient in fund and not-for-profit accounting and possess the ability to perform basic accounting functions.

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Apply the conceptual framework of financial and managerial accounting to business reporting.
2. Apply the conceptual framework of financial and managerial accounting and reporting in business.

Bookkeeping

This program is intended for individuals desiring to enter the accounting profession with a minimum of course requirements. Upon successful completion of this Chaffey certificate, candidates will possess the knowledge and analytical tools necessary to manage and use accounting data effectively.

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Apply the conceptual framework of financial and managerial accounting to business reporting.
2. Apply the conceptual framework of financial and managerial accounting and reporting in business.
3. Demonstrate the ability to conduct business research, analyze, and interpret the findings.

Financial Planning

The Financial Planning certificate provides students with basic accounting skills combined with training in financial planning. Students completing this certificate can assist individuals and companies within the areas of budgeting, taxes, and financial planning. This certificate also serves as an excellent foundation for students wishing to take the National Association of Securities Dealers series 6 and 7 examinations.

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Apply the conceptual frameworks of financial planning to make appropriate decisions.
2. Demonstrate the ability to conduct business research, analyze, and interpret the findings.
3. Apply the conceptual frameworks of individual taxation to make appropriate decisions.
4. Apply the conceptual framework of business taxation to make appropriate decisions.
5. Apply the conceptual frameworks of financial planning and accounting to make appropriate decisions.
6. Apply the conceptual framework of financial and managerial accounting and reporting in business.
7. Demonstrate an understanding of the legal and ethical environment of business appropriate decisions.

Payroll and Income Tax Preparer

This program is intended for individuals desiring to enter the tax preparation and/or payroll field with a minimum of course requirements. Upon successful completion of this Chaffey certificate, candidates will possess the knowledge and analytical tools necessary to use financial data effectively in preparing a variety of tax returns. Additionally, this certificate fulfills the preliminary requirements to become a Registered Tax Preparer in the state of California.

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Apply the conceptual framework of financial and managerial accounting for business reporting.
2. Apply the conceptual frameworks of individual taxation to make appropriate decisions.
3. Complete all the major requirements listed below with grades of C or better.
4. Demonstrate the ability to conduct business research, analyze, and interpret the findings.
5. Demonstrate an understanding of the legal and ethical environment of business appropriate decisions.
6. Complete either the California State University General Education Breadth pattern (CSU-GE) or the Intersegmental General Education Transfer Curriculum (IGETC).

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. List the most common and frequently occurring crimes in California, citing the appropriate and corresponding California Penal Code sections. This will prepare them for entry-level and career positions in the CJS.
2. Develop the ability to identify and then analyze the basic elements of a crime, as defined by the California Penal Code or the Model Penal Code, in order to prepare them for entry-level and career positions in the Criminal Justice System (CJS), and to prepare them for transfer to a four-year college or university majoring in Criminal Justice or related field.
3. Complete the certificate requirements.
4. Define the three major classifications of crimes, in order to prepare them for entry-level and career positions in the CJS, and to prepare them for transfer to a four-year college or university majoring in Criminal Justice or related field.
5. Demonstrate skills that foster capacities of analysis, critical reflection, problem solving, communication, career development, and global and community awareness.

Administration of Justice
Associate in Science for Transfer

The Associate in Science in Administration of Justice for Transfer degree prepares students for a variety of careers in the criminal justice system. Courses within the program acquaint students with the American Justice system, crimes' causes, the role of law enforcement, roles of administration of justice practitioners, procedural and constitutional rights of defendants, legal defenses, criminal courtroom procedures, evidence procedures, juvenile procedures, and misdemeanor and felony violations of criminal law.

The program is suited to the needs of students who will complete their education at Chaffey College with an A.S. degree, as well as those students who will complete their Chaffey A.S. degree and transfer to a four year institution to complete their bachelor's degree. Successful completion of the transfer degree in Administration of Justice guarantees the student acceptance to a California State University (but does not guarantee acceptance to a particular campus or major) to pursue a baccalaureate degree, in preparation to pursue a career in the field of public law enforcement agencies such as municipal police, probation officers, county deputy sheriffs, correctional officers, game wardens, state parks officials, and private security.

To obtain the Associate in Science in Administration of Justice for Transfer degree, students must:
• Complete either the California State University General Education Breadth pattern (CSU-GE) or the Intersegmental General Education Transfer Curriculum (IGETC).
• Complete the program with a grade point average (GPA) of 2.0 or better.

Anthropology

Anthropology is the study of people, ranging from the origin and biological evolution of our species to tracing the prehistory and history of cultures to defining group behavior in non-western and western cultures. Thus, anthropology is considered to be the most holistic of the social sciences. The goal of anthropology is to answer the question, “What is humankind?” from a biological, prehistoric, and behavioral perspective. The integrative approach to the discipline links anthropology with the life and social sciences, and has strong ties with disciplines ranging from biology and psychology to political science, history, and the arts, providing a humanistic perspective. Anthropology is particularly suited to persons with a wide range of interests as well as offering specific insights to others in more specialized disciplines. The study of anthropology offers preparation for careers in teaching, law enforcement, medicine and health care, and museums, to name just a few. Increasingly, business and industry leaders are employing anthropologists in key positions because their holistic perspective and broad cultural understanding prepare them to address modern-day challenges.

Student Learning Outcomes:

Upon the successful completion of this program, students should be able to:

1. Demonstrate an understanding of humans in an evolutionary context using a scientific approach.
2. Demonstrate an appreciation for biological and cultural diversity.
3. Demonstrate an understanding of “culture” and its role in everyday life.
4. Demonstrate an understanding of the integrative or holistic nature of anthropology.
5. Develop critical thinking skills to apply key anthropological concepts to relevant current events.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

ART

The Art program provides preparation for university and college transfer and/or careers in fine arts, visual communications, and graphic communications/digital media, with an emphasis on individual creativity and development.

To transfer, students should consult with the intended transfer institution to obtain a list of appropriate courses to complete at Chaffey College. For the Associate in Arts degree, students follow the program listed for one of the following areas of emphasis.

Student Learning Outcomes:

Upon the successful completion of these programs, students should be able to:

1. Communicate in speech and in writing about the history, theories, disciplines, and practices of the visual arts.
2. Engage creativity and original thinking in the study of visual art.
3. Know and apply technical skills, concepts, research practices, and technologies in the creation of written and/or visual products.
4. Know and apply critical thinking and technical skills in the creation, analysis, and interpretation of visual art in written, verbal or visual format.
5. Recognize and respect diverse individuals, social forces, and ideologies of the world’s cultures through the study of visual art.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

PROGRAMS OF STUDY

Plus completion of one of the following emphases:

Art Emphasis
[A020/04776/1002.00] Units
Core requirements, plus:
ART 16 Introduction to Painting 3
ART 18 Introduction to Ceramics 3
PHOTO 10 Beginning Photography 4
(or PHOTO 7, Introduction to Digital Photography)

Plus one course from the following:
ART 1 Contemporary Art: 1945-Present 3
ART 3 Survey of Western Art from Prehistory through the Middle Ages 3
ART 5 Survey of Western Art from the Renaissance through Contemporary 3
ART 6 Women Artists in History 3
ART 8 Contemporary Media, Art and Visual Language 3
ART 11 Survey of Asian Arts 3
ART 407 History of Design 3

Total units for the major 31-32

Recommended Courses: ART 3 & 5 (above), ART 44

Ceramics Studio Emphasis
[A025/04777/1002.30] Units
Core requirements, plus:
ART 1 Contemporary Art: 1945-Present 3
ART 18 Introduction to Ceramics 3
ART 20 Ceramic Sculpture 4
ART 35 Intermediate Ceramics 3
ART 44 Mixed-Media Studio and Theory 3

Total units for the major 31

Note: Approved special topics (ART 92A-H) with emphasis in ceramics may be substituted for one ceramics course with prior approval from the school dean or designee.

Recommended Courses: ART 9, 16, 40, 410, 412

Drawing/Painting Studio Emphasis
[A030/10366/1002.10] Units
Core requirements, plus:
ART 1 Contemporary Art: 1945-Present 3
(or ART 6, Women Artists in History)
ART 16 Introduction to Painting 3
ART 30 Figure Drawing 3
ART 32 Intermediate Drawing 4
ART 34 Intermediate Painting 4

Total units for the major 32

Recommended Courses: ART 8, 44, 62A; PHOTO 7, 9, 10

New Media Emphasis
[A040/10367/1002.00] Units
The New Media Emphasis demonstrates the diverse experiences and theories of the new genres associated with mixed media, multimedia, mass media, performance, and installation. Courses in this emphasis advance inquiry into contemporary uses of photography, video, film, and computer-oriented digital media. Students are encouraged to create and develop expressive and critical abilities within the interrelated disciplines.

Core requirements, plus:
ART 1 Contemporary Art: 1945-Present 3
ART 8 Contemporary Media, Art and Visual Language 3
ART 44 Mixed-Media Studio and Theory 3
ART 63 Introduction to Graphic Design 4

Total units for the major 28

Recommended Courses: ART 6, 82; BROCAST 3; CINEMA 25; COMSTD 12; MUSIC 4; PHOTO 1, 7, 9, 10; THEATRE 1, 10

ART/DIGITAL MEDIA

The Digital Media program is a cross-discipline program designed to prepare students for employment in the fields of Web Design, Graphic Design, Motion Graphics, Sound Design, and Interactive Multimedia. Both degrees and certificates are offered in three separate digital media career field emphases.

Student Learning Outcomes:
Upon the successful completion of these programs, students should be able to:
1. Communicate in speech and in writing about the history, theories, disciplines, and practices of the visual arts.
2. Engage creativity and original thinking in the study of visual art.
3. Know and apply technical skills, concepts, research practices, and technologies in the creation of written and/or visual products.
4. Know and apply critical thinking and technical skills in the creation, analysis, and interpretation of visual art in written, verbal or visual format.
5. Recognize and respect diverse individuals, social forces, and ideologies of the world’s cultures through the study of visual art.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

Major requirements for the Associate in Arts Degree:

Core requirements:
ART 10 Fundamentals of Design in Two Dimensions 4
ART 63 Introduction to Graphic Design 4
ART 82 Introduction to Multimedia 4
ART 488 Portfolio and Presentation 4
(Take ART 488 near the end of program.)

ART/Visual Communication: Illustration  
The Illustration program develops student’s ability to express concepts and ideas in varied visual forms. Primary emphasis is on concepts and skill development to facilitate student preparation of a portfolio for use in conjunction with employment interviews and/or transfer to a four-year institution.

Student Learning Outcomes:  

Upon the successful completion of this program, students should be able to:  
1. Communicate in speech and in writing about the history, theories, disciplines, and practices of the visual arts.  
2. Engage creativity and original thinking in the study of visual art.

ART HISTORY

The Art History program prepares students for transfer to four-year colleges and universities and for careers in education, museums, research, and related fields. Students learn the major theories and artistic movements in Art and Architecture from the ancient to the modern world, and evaluate the influences that social, political, and religious institutions have in the creation of art. The program addresses the dynamic fields of both Western and Non-Western Art and Architecture, as well as the critical roles that Photography, Contemporary Art, and Graphic Design have in shaping our society. Students should consult with the intended transfer institution to determine the appropriate courses to complete at Chaffey.

Student Learning Outcomes:

Upon the successful completion of this program, students should be able to:
1. Apply critical thinking skills in the creation, analysis, and interpretation of visual art.
2. Communicate in speech and in writing about the history, theories, disciplines, and practices of the visual arts.
3. Recognize and respect diverse individuals, social forces, and ideologies of the world's cultures through the study of visual art.
4. State that their learning environment was safe, clean and comfortable, and that they had adequate access to the equipment, tools, and materials needed to meet course objectives.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

* Courses may not be counted twice.

AUTOMOTIVE TECHNOLOGY

The Automotive Technology curriculum is designed to provide students with the skills and knowledge necessary to succeed as technicians in the automotive service industry. The Automotive Technology program at Chaffey College provides instruction pursuant to the standards defined by the National Automotive Technician Education Foundation (NATEF).

Student Learning Outcomes:

Upon the successful completion of this program, students should be able to:
1. Complete the tasks required for employment and certification as an automotive technician.
2. Master the information required for ASE certification.
3. Comply with personal and environmental safety practices associated with clothing, eye protection, hand tools, power equipment, proper ventilation, and the handling, storage and disposal of chemicals/materials in accordance with local, state and federal safety and environmental regulation.
4. State that their learning environment was safe, clean and comfortable, and that they had adequate access to the equipment, tools, and materials needed to meet course objectives.

General Automotive Service Technician

The General Automotive Technician curriculum is designed to provide students with the skills and knowledge necessary to obtain entry-level employment as automotive service and repair technicians. Students who successfully complete the requirements for the General Automotive Technician Associate of Science Degree will be able to perform basic automotive maintenance and service operations and be immediately productive on the job.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

PROGRAMS OF STUDY

Chaffey College
High Performance Engines Building and Blueprinting

The High Performance Engines Building and Blueprinting Certificate signifies that the student has developed skills in advanced engine machining and modification for improved performance. Students build on the skills developed in engine rebuilding courses to learn how to build and blueprint engines that exceed the manufacturer’s original horsepower and torque ratings.

AVIATION MAINTENANCE TECHNOLOGY

This program provides the training needed to become an Aviation Maintenance Technician. Students who successfully complete the program will have the experience required by the Federal Aviation Administration for certification as an Airframe or Powerplant Mechanic. Airframe and Powerplant technicians are in demand by airlines and aviation maintenance providers. The Aviation Maintenance Technology program at Chaffey College is fully approved by the Federal Aviation Administration (FAA) to provide the 1900 hours of experience required to become an Airframe or Powerplant technician. Students may earn an Associate degree and/or separate college certificates in Airframe or Powerplant.

Student Learning Outcomes:

Students completing the Aviation Maintenance Technology Airframe and/or Powerplant programs will be able to demonstrate skills that foster capacities of analysis, critical reflection, problem solving, communication, career development, and global and community awareness.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

### Biology

The Biological Sciences Major is designed for students who plan to earn a Bachelor’s Degree in Biology. The program includes courses that explore life at the molecular, cellular, organismal and ecological levels, providing a foundation for further study in the life sciences and related fields of study (e.g., medicine, dentistry, veterinary science, agriculture, botany, microbiology, zoology, entomology, ecology).

**Student Learning Outcomes:**

Upon the successful completion of this program, students should be able to:

1. Achieve a level of comprehension of human biology, health and disease that prepares them for success in allied health programs.
2. Demonstrate an ability to effectively use and interpret scientific literature.
3. Distinguish questions that can be addressed scientifically from those that cannot, and identify basic components of the scientific method.
4. Recognize unifying theories and concepts in biology.
5. Acquire a mechanistic understanding of biological processes.
6. Demonstrate skill in scientific thinking, communication, problem solving, and experimental methodology.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

**Major requirements for the Associate in Science Degree:**

**Total units for the major** | 31 |

### Broadcasting and Cinema

The Broadcasting and Cinema degree program is a challenging and technology driven learning environment designed for students who want to enhance, refine, and polish their storytelling creations. Courses of study follow the traditional modes of the production process while providing students with a dynamic and innovative learning environment. Students may arrange their own program of courses in broadcasting and cinema production, including cinema studies, producing, broadcast audio, television and radio announcing, radio production, scriptwriting, post-production editing, TV production, cinema, and HDTV production.

**Student Learning Outcomes:**

Upon the successful completion of this program, students should be able to:

1. Synthesize a basic overview of the historical practices and personnel involved in the three production phases of the motion picture and broadcasting process.
2. Conceptualize and arrange subject matter (such as script, film and/or radio content, storyboarding) in aspects of broadcasting and cinema.
3. Complete a production of his/her own announcing voice and/or film/TV production reel.
4. Operate industry standard equipment and computer software programs.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

**Major requirements for the Associate in Science Degree:**

## Business Administration

### Associate in Science for Transfer

The Associate in Science for Business Administration for Transfer (AS-T) degree provides students with sufficient understanding of basic concepts, skills, and applications to attain upper-division status in Business Administration in the CSU system, and is intended for students who plan to complete a bachelor’s degree in Business Administration at a California State University (CSU) campus. Typical Business Administration concentrations at CSU campuses may include – but are not limited to – Accounting, Management, Marketing, Finance, Human Resources, International Business, Entrepreneurship, Risk Management, Operations Management, Real Estate, and Information Management.

Successful completion of the transfer degree in Business Administration guarantees the student acceptance to a California State University, but does not guarantee acceptance to a particular campus or major. Students having a Business Administration AS-T and who are accepted at a particular CSU campus are required to complete no more than 60 additional units after transfer to earn a bachelor’s degree.

This degree may not be the best option for students intending to transfer to a particular CSU campus, or to a college or university that is not part of the CSU system. It is also not targeted to students who intend to use their Associate's degree to immediately seek employment or advancement in a business or other organization. Students who do not intend to transfer to a CSU business administration program should review other Business degrees and/or certificates in the catalog and consult with a counselor.

To obtain the Business Administration Associate in Science for Transfer (AS-T) degree, students must:
1. Complete the major requirements listed below with grades of C or better.
2. Complete a minimum of 60 semester CSU transferable units with a minimum grade point average (GPA) of 2.0.
3. Complete either the California State University General Education Breadth pattern (CSU-GE), or the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

### Student Learning Outcomes:

Upon the successful completion of these programs, students should be able to:
1. Examine and consider the social and/or ethical responsibilities of businesses and business persons.
2. Demonstrate a working knowledge of the functional areas of business encompassed under their degree or certificate program.
3. Demonstrate a working knowledge of the functional areas of international business.
4. Demonstrate the ability to work effectively as a member of a team.

### Major requirements for the Associate in Science Degree:

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

### Business: Applied

The Business: Applied Associate in Science Degree is designed for the student seeking a career in business upon completion of the Associate Degree and/or Certificate of Achievement. It may also be appropriate for students planning to transfer to a four-year institution other than a California State University.

### Student Learning Outcomes:

Upon the successful completion of these programs, students should be able to:
1. Examine and consider the social and/or ethical responsibilities of businesses and business persons.
2. Demonstrate a working knowledge of the functional areas of business encompassed under their degree or certificate program.
3. Demonstrate a working knowledge of the functional areas of international business.
4. Demonstrate the ability to work effectively as a member of a team.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

---

**Chaffey College CATALOG 2013-2014 54**
According to a Dun and Bradstreet report of small businesses, inadequate management is a major contributor to business failures. The purpose of this curriculum is to enhance the success rate of entrepreneurs by providing managerial techniques and information that will be useful to anyone who wants to start a business or improve conditions in an established business.

**Student Learning Outcomes:**
Upon the successful completion of these programs, students should be able to:
1. Examine and consider the social and/or ethical responsibilities of businesses and business persons.
2. Demonstrate a working knowledge of the functional areas of business encompassed under their degree or certificate program.
3. Demonstrate a working knowledge of the functional areas of international business.
4. Demonstrate the ability to work effectively as a member of a team.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

### Major requirements for the Associate in Science Degree:

BUSINESS: MANAGEMENT

Management is the process of adapting to change and visualizing today and the future as it applies to the individual organization’s use of current and proposed limited or scarce resources (i.e., money, machines, manpower, and materials). This curriculum introduces basic elements of management practiced in today’s organizations.

Student Learning Outcomes:

Upon the successful completion of these programs, students should be able to:

1. Examine and consider the social and/or ethical responsibilities of businesses and business persons.
2. Demonstrate a working knowledge of the functional areas of business encompassed under their degree or certificate program.
3. Demonstrate a working knowledge of the functional areas of international business.
4. Demonstrate the ability to work effectively as a member of a team.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

**BUSINESS: PARALEGAL STUDIES**

The Paralegal Studies certificate program is intended to prepare students for employment as paralegals in various legal sectors. The American Bar Association (ABA) By-Laws, Section 21.12 uses the terms 'paralegal' and 'legal assistant' interchangeably referring to persons who, although not members of the legal profession, are qualified through education, training, or work experience, and are employed or retained by a lawyer, law office, governmental agency, or other entity in a capacity or function which involves the performance under the direction and supervision of an attorney, of specifically delegated substantive legal work.

The Paralegal Studies certificate program emphasizes practical application and the development of up-to-date paralegal related job skills in addition to teaching legal theory. The program is designed to enhance the ability of students to reason, understand and apply correct principles of law by teaching analytical and critical thinking skills. Graduates of the program will possess skills to enter the paralegal profession. It also allows those already in the paralegal line of work to improve their understanding of the paralegal profession.

California State statute requires all paralegals to be certified by an accredited educational institution. Chaffey College's Paralegal Studies certificate program meets and exceeds such mandates because Chaffey College is approved by the California Department of Education and the Western Association for Schools and Colleges, and the certificate is awarded to students who have successfully completed 27 semester units in law-related courses. Chaffey College's Paralegal Studies certificate program also exceeds the American Bar Association’s guideline for paralegal educational requirement.

**Student Learning Outcomes:**

Upon the successful completion of this program, students should be able to:

1. Produce professional quality documents of the type used in the legal profession.
2. Demonstrate competence and understanding of basic job skills to enter the paralegal profession.
3. Have a basic understanding of different career opportunities available in the business and legal sectors.
4. Demonstrate legal problem-solving skills, supported by appropriate analytical and critical thinking techniques.
5. Demonstrate effective interpersonal communication and teamwork skills in a collaborative setting.

**BUSINESS AND OFFICE TECHNOLOGIES**

The Business and Office Technologies program (1) prepares students for employment as office support personnel, administrative assistants, and office managers; (2) develops computer competencies for the workplace, educational advancement, and personal use; and (3) provides a foundation for developing workplace and lifelong learning, skills, and knowledge. The program offers Associate in Science Degrees, state-approved Certificates of Achievement, locally-approved Certificates of Career Preparation, and Proficiency Certificates.

**Microsoft Excel**

The Microsoft Excel Certificate of Career Preparation offers in-depth competency in utilizing current business spreadsheet software to organize, manipulate, and graph numeric data. This program will prepare students for positions requiring expertise in the use of Microsoft Excel.

**Student Learning Outcomes:**

Upon the successful completion of this program, students should be able to:

1. Apply effective work procedures and practices for maintaining a productive work environment.
2. Integrate imported and exported data into charts, graphs, web pages, pivot tables and pivot charts, and objects.
3. Interpret data to create formulas for business calculations used in spreadsheets.

**Requirements for the Microsoft Excel Certificate:**

**Microsoft Office**

The Microsoft Office Certificate of Achievement program is designed to provide students with competencies in commonly-used business software application programs in the current electronic workplace, including word processing, spreadsheet applications, database management, presentations, contract management, and desktop publishing programs.

**Student Learning Outcomes:**

Upon the successful completion of this program, students should be able to:

1. Apply effective work procedures and practices for maintaining a productive work environment.
2. Use the fundamental features of spreadsheet, word processing, desktop publishing, and presentation software.
3. Supply appropriate job application documents and demonstrate appropriate interviewing techniques.

BUSOT 496ABCD Internships in Business and Office Technologies 1-4

Plus a minimum keyboarding speed of 35 wpm for five minutes with five or fewer errors, as verified by the Business and Office Technologies Department Proficiency Certificate.

Microsoft Word

The Microsoft Word Certificate of Career Preparation offers in-depth competency in utilizing current business word processing software. This certificate prepares students for employment in positions requiring expertise in Microsoft Word.

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Apply effective work procedures and practices for maintaining a productive work environment.
2. Use the fundamental features of spreadsheet, word processing, desktop publishing, and presentation software.
3. Analyze and compile effective, credible, and relevant oral and written business communications.

Professional Administrative Assistant

The Professional Administrative Assistant Associate Degree and Certificate of Achievement programs prepare students for careers with a full range of office and administrative duties. Administrative Assistants have opportunities for promotions to positions of greater responsibility and management. Emphasis on developing professional skills for today’s workplace: computer applications competencies and office technologies, records management, communication skills, and interpersonal skills.

Student Learning Outcomes:
Upon the successful completion of these programs, students should be able to:
1. Analyze and compile effective, credible, and relevant oral and written business communications.
2. Produce final business documents from rough-draft, hand-written, and/or dictated material.
3. Utilize speedwriting to take office messages and instructions using speedwriting forms.
4. Apply effective work procedures and practices for maintaining a productive work environment.
5. Integrate word processing, spreadsheet, database, and electronic information management.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

California State University - General Education (CSU-GE)

The CSU-GE Certificate of Achievement is designed for students who plan to transfer to one of the campuses of the California State University. Completion of courses for this certificate will assist students to transfer without the need to take additional lower-division general education courses to satisfy university general education requirements.

Each candidate for the bachelor’s degree from a CSU institution shall complete a pattern of general education courses which total a minimum of 48 semester units. Chaffey may certify a maximum of 39 semester units toward meeting this requirement; the remaining 9 semester units must be completed at the CSU at the upper-division level. Full general education certification from Chaffey College requires a minimum of 39 units distributed as follows:

| AREA A | 9 units required |
| AREA B, C, & D | A minimum of 9 units is required in each area |
| AREA E | 3 units required |

To meet the CSU-GE Breadth Certification requirements, courses in Areas A1, A2, A3, and B4 must be completed with a grade of C or better. To earn this Chaffey CSU-GE certificate, all courses must be completed with a C or better.

Student Learning Outcomes:
Upon the successful completion of these programs, students should be able to:
1. Demonstrate effective communication and comprehension skills.
2. Demonstrate critical thinking skills in problem solving across the disciplines and in daily life.
3. Demonstrate knowledge of significant social, cultural, environmental and aesthetic perspectives.
4. Assess their knowledge, skills and abilities; set personal, educational and career goals; work independently and in group settings; demonstrate computer literacy; and cultivate self-reliance, financial literacy and physical, mental and social health.

CSU REQUIREMENT - The State Requirement in U.S. HISTORY, CONSTITUTION AND AMERICAN IDEALS may be met by completion of History 17 or 18, and Political Science 1.

# = Course must be completed Fall 2003 or later.
^ = Course must be completed Fall 2005 or later.
º = Course must be completed Fall 2006 or later.
* = Course must be completed Spring 2007 or later.
◊ = Course must be completed Fall 2010 or later.
∞ = Course must be completed Fall 2011 or later.
• = Course must be completed Fall 2012 or later.
1 = Veterans may meet Area E requirements via DD-214.

COURSES COUNT IN ONE AREA ONLY.

CHEMISTRY

Chemistry is the science of matter, its characterization, composition, and its transformations. It is a vital, growing enterprise as opposed to a mere accumulation of knowledge. An understanding of chemistry is basic to the physical and biological sciences and fundamental in a variety of occupations. Specialized fields of chemistry are inorganic, organic, physical, nuclear, biochemistry, and chemical engineering. Chaffey College offers the first two years of the baccalaureate degree chemistry curriculum.

Student Learning Outcomes:
Upon the successful completion of these programs, students should be able to:
1. Apply chemical and physical concepts, symbolism, language, atomic structure and use of periodic table to describe the changes that matter undergoes and the application of chemistry.
2. Apply experimental techniques to the laboratory environment as demonstrated by safe handling and disposal of chemicals, obtaining accurate and precise data, evaluating and validating scientific results.
3. Provide technical information in a clear and concise manner to demonstrate effective written and oral communication skills for chemical and physical concepts.
4. Apply critical thinking and hypothesis driven methods of scientific inquiry to chemical and physical principles.
5. Know important chemical and physical concepts, symbolism and language used in chemistry, and apply the needed mathematical skills to apply to chemical events and processes.
6. Know the scientific approach to effective written and oral communication skills; apply those skills to chemical and physical concepts, results of laboratory experiments, and articles in the scientific literature.
7. Apply and appreciate how chemical advances have positively and negatively impacted their personal lives through applying the chemical concepts to our world and everyday life.
8. Approach, evaluate options and decide on the correct course of action to resolve problems that have ethical dilemmas.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

**Child Development - Early Childhood Education Associate in Science for Transfer**

The Associate in Science for Early Childhood Education for Transfer (AS-T) degree is designed to prepare students for transfer into the California State University (CSU) system to complete a baccalaureate in Early Childhood Education or similar major. The Early Childhood Education degree is in alignment with Chaffey College’s mission, goals and objectives, is directed towards the appropriate level for community colleges, adheres to the academic rigor expected of the first two years of college, and reflects systematic instruction as guided by student learning outcomes that gauge mastery in the relevant knowledge, skills and abilities expected within the field of Early Childhood Education.

The goals and outcomes for the Early Childhood Education major include the following:
1. Prepare students for seamless transfer to a CSU to complete a baccalaureate degree.
2. Prepare students for advanced studies within the field of Early Childhood Education.

The AS-T in Early Childhood Development is a degree suited to the needs of students who will complete their education at Chaffey College with an A.S. degree, as well as those students who will complete their Chaffey A.S. degree and transfer to a four-year institution to complete their bachelor’s degree. Successful completion of the transfer degree in Early Childhood Education guarantees the student acceptance to a California State University (but does not guarantee acceptance to a particular campus or major) to pursue a baccalaureate degree in Child Development, Child and Adolescent Development, Human Development, and Education.

To obtain the Early Childhood Education AS-T degree, students must:
1. Complete all major requirements listed below with grades of C or better in each course.
2. Complete a minimum grade point average (GPA) of at least 2.0 in all CSU transferable coursework.
3. Complete 60 semester CSU-transferable units using the California State University-General Education Breadth (CSU-GE) OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern. No more than 60 semester units are required.

**Student Learning Outcomes:**

Upon the successful completion of this program, students should be able to:
1. Design and demonstrate developmentally-appropriate early childhood curriculum that supports children's cognitive, language, creative, physical, social, and emotional growth.
2. List, describe, and interpret NAEYC quality standards for early childhood programming.
3. Describe the importance of play.

**Child Development and Education**

The Child Development and Education A.S. degree prepares students to be competent, effective teachers and caregivers in settings for young children. Included are courses on child growth and development, child/family systems, current practices in brain research and its application to classroom teaching, working with children with special needs, and the importance of play in learning and curriculum development. Additionally, the Math/Science and Creative Arts courses offer “hands on” knowledge and skills in curriculum/lesson plan implementation, and a student teaching practicum connects discipline theory to practical application. This program’s component courses satisfy the State Commission on Teacher Credentialing for the Child Development Associate Teacher and Teacher permits required for employment in both the private and public sector in California.

This degree is primarily targeted to students who will meet their educational and career goals with an associate degree. Students planning to transfer to the California State University (CSU) system in pursuit of a bachelor’s degree are advised to follow the Early Childhood Education Associate in Science for Transfer (AS-T) degree program.

**Student Learning Outcomes:**

Upon the successful completion of these programs, students should be able to:
1. Design and demonstrate developmentally appropriate early childhood curriculum that supports children’s cognitive, language, creative, physical, social, and emotional growth.
2. List, describe, and interpret NAEYC’s quality standards for early childhood programming.
3. Describe the importance of play.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

CHINESE STUDIES

The Chinese Studies program offers students a strong foundation in communicative skills and provides students with the opportunity to transfer to a variety of liberal arts, language arts, and linguistics bachelor degree programs. In addition, majoring in Chinese Studies provides students with the language skills necessary for various professions in healthcare, law enforcement, public safety, education, government, translation/interpretation, business, international relations, and hotel and food services. Chinese study also affords new perspective on the world and one's mother tongue.

Student Learning Outcomes:
Upon the successful completion of these programs, students should:
1. Be familiar with the geography of the countries and regions where Chinese is spoken.
2. Be familiar with important cultural issues related to the Chinese-speaking world.
3. Be able to successfully engage in basic conversation strategies in Chinese.
4. Be able to recognize and write frequently-used simplified Chinese characters.
5. Be able to spell in Chinese using pinyin.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

COMMUNICATION STUDIES

ASSOCIATE IN ARTS FOR TRANSFER

The Communication Studies Associate in Arts for Transfer degree is an interdisciplinary area of inquiry with a foundation in tradition rhetoric and contemporary social-scientific theories of human communication. A series of core courses is designed to provide students with the background needed to explore any of several fields in depth. Currently, these areas are public communication, leadership and group communication, and interpersonal/organizational communication. The curriculum is intended for students who wish to develop a fundamental understanding and knowledge of the functions of communication in their daily life and in the fabric of society.

The program is suited to the needs of students who will complete their education at Chaffey College with an A.A. degree, as well as those students who will complete their Chaffey A.A. degree and transfer to a four year institution to complete their bachelor’s degree. Successful completion of the transfer degree in Communication Studies guarantees the student acceptance to a California State University (but does not guarantee acceptance to a particular campus or major) to pursue a baccalaureate degree, in preparation to pursue a career in the field of business, industry, government, social service, and/or education in such areas as teaching, public speaking, consulting, law, announcing and public relations.

To obtain the Communication Studies Associate in Arts for Transfer degree, students must:
• Complete all the major requirements listed below with grades of C or better
• Complete a minimum of 60 CSU-transferable units with a grade point average (GPA) of 2.0 or better.
• Complete either the California State University General Education Breadth pattern (CSU-GE) or the Intersegmental General Education Transfer Curriculum (IGETC).

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Conceive, develop and deliver a focused, cogent, and clear oral presentation.
2. Demonstrate the ability to think critically through problem solving and decision making.
3. Identify the transactional and transformative nature of human communication.

Units for the major 18-19

plus CSU General Education or IGETC Pattern 39-42

plus transfer-level course electives (as needed) 0-3

Total Units 60
**Computer Information Systems**

The Computer Information Systems program is designed to (1) prepare students for the employment market at the entry level in computer and information technology in all sizes and types of organizations, (2) provide a foundation for those students who plan to complete a four-year program in computer information systems or related fields of study, and (3) upgrade current skills to facilitate assumption of greater responsibility in a current employment position. This major prepares students for Information Technology careers in networking, hardware support, programming, Internet and Web development, game development, or other emerging technologies depending on the courses selected.

**Student Learning Outcomes:**

Upon the successful completion of these programs, students should be able to:

1. Demonstrate the use, synthesis, and application of computer and information technology skills required to assume an entry-level position in all sizes and types of organizations.

2. Demonstrate the use, synthesis, and application of computer and information technology skills required to upgrade current skills to assume greater responsibility in a current or new employment position.

3. Demonstrate the use, synthesis, and application of computer and information technology skills required to transfer to a four-year college or university program in Computer Information Systems or a related major.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

**Major requirements for the Associate in Science Degree:**

**Computer Information Systems Cisco Certificate Programs**

**Cisco CCNA Examination Preparation, Levels I-IV**

The Cisco CCNA Examination Preparation Certificates, Levels I-IV, confirm that the student possesses the industry-recognized knowledge and skills required for completion of each level in a four-course sequence. In completing the sequence, the student is qualified to take the Cisco CCNA examination, which is administered by an outside agency.

**Student Learning Outcomes:**

Upon the successful completion of this program, students should be able to:

1. Exhibit apprentice analysis and apprentice knowledge of Cisco Internetworking.
2. Demonstrate skills that foster capacities of analysis, critical reflection, problem solving, communication, career development, and global and community awareness.

**Requirements for the Cisco CCNA Examination Preparation Level I Certificate (Non-transcribed):**

CORRECTIONAL SCIENCE

This major offers the following: (1) pre-employment education for positions in the correctional sciences field; (2) upgrading for in-service personnel; (3) a certificate program; (4) an Associate in Science Degree; and (5) a transfer program for those who wish to obtain a four-year degree in the major, or allied fields, such as criminology, corrections, social services, behavioral science, or criminal justice.

Student Learning Outcomes:
Upon the successful completion of these programs, students should be able to:
1. Recognize and be able to compare and contrast the Five Correctional Philosophies.
2. Explain the impact of crime on victims as well as society.
3. Have the ability to analyze complex situations, employ a reasonable plan for resolution and devise methods for appraisal of desired outcomes.
4. Relate their understanding of the Criminal Justice system components by their ability to differentiate between the roles and responsibilities of each.
5. Explain the significance of gender, race, ethnicity and socio-economic as they relate to past and present as well as future trends within the Criminal Justice system in America.
6. Identify and define the three main crime causation theories.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

CULINARY ARTS
(See also Hospitality Management)

The Culinary Arts Certificate is an entry-level program that prepares students for employment opportunities in the food service industry. The program emphasizes basic preparation, production, and sanitation standards involved in food production.

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Demonstrate the ability to work effectively as a member of a team.
2. Describe safe food preparation, preservation, serving, and storage techniques.
3. Manage the professional preparation, presentation and service of quality food.
4. Communicate accurately and effectively, both verbally and in writing.
5. Develop, examine, question and explore perspectives or alternatives to problems in hospitality operations.

DANCE

The Chaffey College Dance program provides a two-year program of academic study and training in dance for students pursuing an Associate of Arts degree in Dance and/or transferring to a four-year university or other institution, as well as preparation for careers in the commercial dance field or related fields. The wide-ranged curricula, providing a practical and theoretical dance foundation, offers professional technical training, choreographic inquiry and study, performance/production opportunities, and historical and cultural studies of dance. The series of core courses and electives, including dance history and appreciation, ballet, modern, jazz, and tap techniques, ballroom dance forms, hip hop/commercial dance, as well as movement for the stage, provides foundational training and skills for further study of dance and preparation for careers in dance or dance-related fields. For students emphasizing choreography and/or performance, the program also provides artistic development and training through improvisational and compositional studies, and dance performance and repertory studies. The main stage dance concerts and musicals, informal performances, and technical coursework provide opportunities for students to experience the creative process as part of their course of study. Critical thinking, problem solving, and expressive communication competencies through dance study, and the conceptual and physical application of dance training will enable the dance student to extend knowledge and skills to numerous subject areas and fields of study. These areas include teaching careers for those desiring to be instructors in public schools (K-12), private studios, health and fitness gyms and spas, special and adult education programs, day care centers, and recreation programs; performance-related careers in theatrical, television, and film production as performers and choreographers; dance administration, public relations, and arts council; dance therapy; dance critic, historian, and researcher; stage manager; events coordinator; and designer.

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Differentiate between dance as a theatrical art and social form throughout history through technical skills development in the studio and theoretical analysis.
2. Develop and exhibit dance technical skills and styles within a wide spectrum of dance forms, while applying embodied knowledge of the mechanical principles of physical movement in performance for an expressive, communicative purpose.
3. Exhibit improved poise, self-confidence, strength, flexibility, coordination, body awareness and control, and rhythmic awareness, as well as collaborative problem-solving and diversity awareness through technical skills, acquired style, and performance/choreographic skills.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

DENTAL ASSISTING

The Dental Assisting Program is accredited by the Commission on Dental Accreditation and Dental Board of the State of California. The program features full-time, part-time, and fast-track schedules. The full-time schedule is completed in one year. The part-time schedule must be completed within three years of continuous enrollment. The fast-track schedule is completed in a shorter time depending on student and clinical availability.

Students receive a comprehensive education including dental sciences, hands-on practice laboratory, dental radiation safety certification, coronal polishing and sealant certificates, clinical experience in a community dental practice, state-of-the-art technology, dental business management preparation, and familiarity with dental specialty practices.

Students completing the program are eligible to take the Dental Assisting National Board Examination Certified Dental Assistant (CDA) as well as the Registered Dental Assistant Examination (RDA).

Graduates are eligible for employment in private dental practices, clinics, and hospitals as assistants, technicians, and dental practice management positions.

Notes:
1. High school graduation, pass the GED test, or pass the High School Proficiency examination, or have associates degree or higher. International transcripts must have AERG, IERF or approved agency evaluation.
2. All courses required for the degree major or certificate must be completed with a minimum grade of C.
3. Before entering the preclinical portion of the Dental Assisting Program, students must pass a health examination as evidence of good mental and physical health, and must have a current cardiopulmonary resuscitation (CPR) card.
4. The college does not provide transportation to clinical facilities.
5. Courses taken to meet Dental Hygiene transfer program prerequisites or other accredited Dental Assisting program courses may satisfy certain Dental Assisting course work. Consult with your counselor or the Dental Assisting Program Coordinator.
6. Part-time Dental Assisting program may be taken while meeting Dental Hygiene transfer program prerequisites.
7. Some courses may be taken during the student’s senior year in high school. Consult with your counselor or the Dental Assisting Program Coordinator.
8. The Dental Assisting Program must be completed within a three year period.
9. Applicants with a record of any felony are subject to review by the Dental Assisting Program Coordinator.

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Demonstrate the ability to achieve a level of success by being able to demonstrate the skills necessary for employment in the dental assisting profession.
2. Demonstrate the ability to achieve a level of success to master current methods, materials, supplies and equipment to occupational requirements in the dental assisting profession.
3. Demonstrate the ability to achieve a level of success in being able to give back to the community as a representative of the dental profession.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

DIETETIC SERVICE SUPERVISOR

(See also Hospitality Management)

This program, approved by the California State Department of Health, prepares students for entry level management in a food service department in health care, community care, or school food service organizations, including entry levels of supervision. The program fulfills the federal and state training regulations for positions in general acute-care hospitals, acute psychiatric hospitals, skilled nursing facilities, and intermediate/residential-care facilities.

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Assess the impact of age, culture and gender on diet and nutrition.
2. Describe food preparation, preservation, serving, and storage techniques that prevent food poisoning.
3. Design a meal plan based on the food guide pyramid including divisions, recommended serving and serving sizes.
4. Identify and describe the effect of nutrition on health and body mass.
5. Operate effectively as part of a health care team.

DRAFTING

The drafting program degrees and certificates provide the basic knowledge and skills in drafting, mathematics, art, and related scientific and engineering areas to prepare students for employment in the manufacturing and architectural industries. Each program focuses on the skills necessary to be successful and gain employment in related fields. Computer aided drafting (CAD) will be used to complete the required work in most of the classes.

Courses designed to fulfill major requirements for an Associate in Science Degree from Chaffey College are not the same as those required for completing the major at a transfer institution offering a baccalaureate degree. Students who intend to transfer to a four-year college or university in any major should consult the catalog of the appropriate transfer institution and a Chaffey College counselor to develop a preferred plan of study.

Drafting Technician: Architectural

The architectural drafting technician curriculum prepares students for employment as entry level architectural drafting aids, building designer of residences, detailer, designer, and CAD operators. Graduates of the program may find work in offices of architects, structural engineers, mechanical engineers, and other related industries.

continued on next page
PROGRAMS OF STUDY

Student Learning Outcomes:
Upon the successful completion of these programs, students should be able to:
1. Effectively express information regarding drafting/design activities and topics through speaking, writing, producing drawings and diagrams, and using digital media and other appropriate modes of communication or expression.
2. Demonstrate knowledge and technical competency in applied drafting practice in their chosen discipline.
3. Demonstrate mastery of the application of modern CAD software tools in the production of technical documents.
4. Produce technical documents that comply with current industry accepted drafting standards and practices.
5. Address professional and ethical responsibilities including a respect for diversity.
6. Engage in self-directed life-long learning, especially concerning maintenance and improvement of technical skills.
7. Work effectively in teams.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

Major requirements for the Associate in Science Degree:

Total units for the certificate: 38

Drafting Technician: Mechanical

The mechanical drafting technician program provides the fundamental knowledge and skills in drafting. The curriculum is designed for students seeking employment in the following fields: aerospace, civil, electronics, mechanical, structural steel, technical illustration, tool design, piping, sheet metal layout, and other related industries.

Student Learning Outcomes:
Upon the successful completion of these programs, students should be able to:
1. Effectively express information regarding drafting/design activities and topics through speaking, writing, producing drawings and diagrams, and using digital media and other appropriate modes of communication or expression.
2. Demonstrate knowledge and technical competency in applied drafting practice in their chosen discipline.
3. Demonstrate mastery of the application of modern CAD software tools in the production of technical documents.
4. Produce technical documents that comply with current industry accepted drafting standards and practices.
EARTH SCIENCE

(See also Geology)

Earth Science is the application of many sciences to the understanding of the Earth. While it is often used as a synonym for geology, traditionally Earth Science encompasses a wider range of scientific inquiry including oceanography, meteorology, planeteriology, and soil sciences. Today’s Earth Science has expanded to include environmental studies as applied to the physical world.

The curriculum is designed to provide the fundamental knowledge and skills to prepare students for transfer to a university as a junior. This is a two-year program leading to an Associate in Science Degree. Students following this program will be well suited to pursue an advance degree in Earth Science, Environmental Science, or any related science. This program is equally intended to assist those who wish to teach Earth Science in elementary or secondary schools, those interested in understanding environmental issues, or those who desire an understanding of the Earth.

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Distinguish between scientific arguments and those generated by other ways of knowing.
2. Demonstrate the ability to follow current events in the discipline, as reported in the lay media.
3. Apply key ideas in astronomy to relevant personal and societal issues.
4. Effectively communicate unifying concepts.
5. Use laboratory equipment and procedures to experience previously unfamiliar aspects of the physical world.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

Major requirements for the Associate in Science Degree: Units
[140/07392/1930.00]
ASTRON 35 Planets and the Solar System with Lab (4)
CHEM 9 Health Science Chemistry (5)
ESC 5 Oceanography (3)
ESC 5L Oceanography Laboratory (5)
GEOL 1 Physical Geology (4)
GEOL 2 Historical Geology (4)

Plus one course from the following:
BIOL 1 General Biology (4)
BIOL 3 California Natural History (4)
BIOL 61 Introduction to Cell and Molecular Biology (5)
BIOL 62 Biology of Organisms (5)

Total units for the major 24-26

Required General Education courses:
ENGL 1A Composition (3)
ESC 1 Earth Science (3)
MATH 31 Plane Trigonometry (or higher-level math) (4)

ECONOMICS

This discipline enables students to understand the world in a much better way, particularly clarifying the process of decision making. Whenever people, business, or their representatives make a choice between alternative activities — for example, a business decision to hire more workers or, instead, buy a new machine — there will be an impact. Each alternative has associated costs and benefits. Economics teaches us how to analyze the costs and benefits so that we can make more intelligent choices. Economics also addresses the impact of decisions upon equity (fairness), particularly as measured by the distribution of wealth and income.

Studying economics is an excellent preparation for a career in law, industry, banking, accounting, private consulting, teaching, and government service. Because we encounter economic problems in all areas of our lives and throughout society, economics provides useful intellectual training for individuals who simply wish to become better educated prior to making a lifelong career decision.

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Identify the three macroeconomic goals and determine economic policies to achieve them.
2. Apply marginal benefit marginal opportunity cost analysis to economic decisions made by individuals, households, businesses, and/or governments.
3. Explain how deviations from the optimal output level might occur including an analysis of the impact of taxes, externalities, and price controls by correctly applying these issues to the demand and supply model.
4. Determine the type of industrial organization/market structure by analyzing the characteristics of an industry to determine its degree of competition.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

Major requirements for the Associate in Art Degree: Units
[145/04815/2204.00]
ECON 2 Principles of Macroeconomics (3)
ECON 4 Principles of Microeconomics (3)

Plus four units from the following:
BUS 61* Introduction to Global Business (3)
ECON 8* History of Economic Ideas (3)
ECON 90A* Economics Honors Seminar (1)

Plus a minimum of 15 units from the following, including courses from at least three different disciplines:
Accounting 1A
Accounting and Financial Services 465
Anthropology 3
Business 10, 28A, 49, 61*, 410
Communication Studies 72
Computer Information Systems 1
Computer Science 1
Economics 1, 8*, 90A*
Geography 10
History 2, 6, 17, 18, 20
Mathematics 65A
Philosophy 70
Political Science 1, 2, 7, 10
Psychology 65
Real Estate 60
Social Science 10 (or Statistics 10)
Sociology 10

Total units for the major 25

* course may be counted only once.
**Education Paraprofessional**

The Education Paraprofessional program prepares students for employment as instructional aides/paraprofessionals in grades K – 12. The degree certifies that an individual is “highly qualified” in this field, as required by current federal legislation, and provides a venue for currently employed aides to achieve “highly qualified” status in response to the legislative deadline of 2006. It also prepares students to continue their studies in preparation for transfer to four-year colleges and universities by incorporating articulated and/or recommended courses.

**Student Learning Outcomes:**
Upon the successful completion of these programs, students should be able to:
1. Communicate effectively within a classroom environment as a learning facilitator.
2. Demonstrate teaching and learning strategies sensitive to the needs of diverse K-12 learners.
3. Demonstrate their preparation and qualifications for employment in the education field.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

**Electricity**

(See Industrial Electrical Technology)

**Engineering**

This curriculum provides students with sufficient understanding of engineering concepts and skills for attainment of upper-division status in engineering in a four-year college or university. For the non-transfer student, this curriculum should be of value in attaining employment at the level of technician.

The California Engineering Liaison Committee urges transfer students to remain in the community college until completion of lower-division requirements in mathematics, chemistry, physics, and engineering, insofar as those courses are offered.

**Student Learning Outcomes:**
Upon the successful completion of this program, students should be able to:
1. Examine and study the various engineering fields.
2. Understand graphics as a fundamental means of thought process in drawing and design in engineering.
3. Write a program.
4. Increase problem solving skills in engineering.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

**Engineering Technology**

The Engineering Technology Associate Degree program prepares students for employment in technical fields or to transfer to university engineering technology programs. By completing the degree or certificate requirements, students acquire a foundation in the principles of engineering, engineering design, computer-aided design, electronics, manufacturing processes, manufacturing automation, and the application of math and science in technical fields.

Careers in engineering technology involve high level technical work in the creation, manufacture, production, utilization, and distribution of industrial materials, products and processes. Engineering technicians/technologists serve as members of the engineering team and engage in the management, design, production, assembly, quality control and sales activities in their respective fields.

Graduates accept jobs with titles such as CAD and design technicians, engineering aides, plant maintenance personnel, designers/draftspersons, production assistants, project managers, sales engineers, consultants, design/production assistant, manufacturing support and lab technicians/technologists within many disciplines of engineering technology. With additional experience, promotion to positions such as industrial supervisors, machine and tool designers, technical buyers, production expeditors, and cost estimators is possible.

The Engineering Technology Certificate of Achievement provides students the fundamental skills needed for employment in technical positions in the design and manufacturing workplace. By completing the certificate requirements, students acquire a foundation in math, chemistry, physics, drafting, computer-aided design (CAD), engineering principles and design, manufacturing processes, and electronics, and can apply the associated concepts and tools in technical fields. Engineering technicians can expect to find employment as key members of an engineering/production team and be involved in the product development/production cycle at virtually any stage from research and development to quality assurance to customer support or technical sales.

**Student Learning Outcomes:**

Upon the successful completion of this program, students should be able to:

1. Demonstrate skills that foster capacities of analysis, critical reflection, problem solving, communication, career development, and global and community awareness.

2. Demonstrate understanding of core engineering design, engineering technology, electronics, and computer integrated manufacturing concepts, and build an educational foundation such that they are prepared to obtain entry-level employment in the field of engineering technology or transfer to a 4-year university to pursue a bachelor’s degree in Engineering Technology.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

**English Associate in Arts for Transfer**

The Associate in Arts for English for Transfer degree will prepare students for baccalaureate degrees in English.

The goals and outcomes for the English major include the following:

1. Prepare students to read, write, and think critically through the study and application of rhetorical methods, literary devices, literary history, and creative expression

2. Prepare students for transfer to a CSU to complete an English baccalaureate degree.

3. Prepare students for advanced studies within the fields of English, literature, creative writing, linguistics, or journalism.

4. Prepare students for careers in English, education, publishing, law, or business.

The Associate in Arts in English for Transfer degree gives students an appreciation of literature and increased skills in written communication. The Associate for Transfer in English degree will provide seamless transfer opportunities to California State Universities for those students desiring to transfer to the CSU system. This degree is flexible enough to meet transfer requirements at four year institutions. Through the study of language and literature, students are better able to communicate, to persuade, and to understand human nature. More specifically, superior ability to understand and use English is necessary for success in most careers, particularly those in education, writing, business, journalism, and law.

The program is suited to the needs of students who will complete their education at Chaffey College with an A.A. degree, as well as those students who will complete their Chaffey A.A. degree and transfer to a four year institution to complete their bachelor’s degree. Successful completion of the transfer degree in English guarantees the student acceptance to a California State University (but does not guarantee acceptance to a particular campus or major) to pursue a baccalaureate degree.

To obtain the English Associate in Arts for Transfer (AA-T) degree, students must:

- Complete the major requirements listed below with grades of C or better.
- Complete a minimum of 60 semester CSU transferable units with a minimum grade point average (GPA) of 2.0.
- Complete either the California State University General Education Breadth pattern (CSU-GE), or the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

continued on next page
**Student Learning Outcomes:**
Upon the successful completion of this program, students should be able to:
1. Understand the difference between purpose and audience in a text.
2. Apply the elements of the reading process (pre-reading, active reading, reviewing, responding, etc.) to any reading assignment in the academic and professional spheres.
3. Apply the elements of the writing process (inventing, drafting, revising, editing, proofreading, etc.) to any writing assignment in both the academic and professional spheres.
4. Respond critically to reading assignments using reflection, analysis, and synthesis.
5. Reflect on and evaluate one's own progress as a reader, writer, and critical thinker.

**FASHION DESIGN**

Fashion Design prepares students for entry-level positions in design, pattern making, couture studio work, production management, private label merchandising, and other related positions.

**Student Learning Outcomes:**
Upon the successful completion of these programs, students should be able to:
1. Interpret contemporary designs manufactured in today’s apparel industry with their classic style counterparts of past centuries.
2. Recognize global economic and cultural impacts on fashion design, and synthesize those influences into fashion design concepts and organizational decision-making.
3. Develop the tools, contacts and skills necessary to compete for employment in the fashion design field.
4. Apply knowledge of design trends, manufacturing methods, market research and forecasting, and quality control and distribution to help guide organizational decision-making.
5. Identify and select the technical skills and technology necessary for fashion design, production and retailing, and effectively communicate that knowledge to clients and other professionals.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

BUSBIST 45; FASHD 42, 72; plus AMM 410 & 410A, which are Cal Poly Pomona courses available through cross-enrollment. See counselor.
Costume Design

Costume Design prepares the student to seek professional work as a costumer or assistant designer within the motion picture and television industries and live theatre, as well as freelance design and construction at the local level for community theatre and performing arts.

Student Learning Outcomes:
Upon the successful completion of these programs, students should be able to:
1. Recognize global economic and cultural impacts on fashion design, and synthesize those influences into fashion design concepts and organizational decision-making.
2. Identify and select the technical skills and technology necessary for fashion design, production and retailing, and effectively communicate that knowledge to clients and other professionals.
3. Apply knowledge of design trends, manufacturing methods, market research and forecasting, and quality control and distribution to help guide organizational decision-making.
4. Develop the tools, contacts and skills necessary to compete for employment in the fashion design field.
5. Interpret contemporary designs manufactured in today’s apparel industry with their classic style counterparts of past centuries.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

FASHD 42 and 72

Custom Dressmaking

The Custom Dressmaking certificate prepares the student for small business ownership in couture and custom work, as well as the highly demanded alterations field. Skills acquired also enable the student to apply for sample making in the apparel manufacturing field and costume construction in theatre and performing arts.

Requirements for the Custom Dressmaking Certificate:

<table>

</tr>
<tr>
<td>FASHM 10 Introduction to the Fashion Industry</td>
</tr>
<tr>
<td>FASHM 60 Textiles</td>
</tr>
</tbody>
</table>

Total units for the certificate: 27

Recommended Courses: BUSMGT 45, plus AMM 410 & 410A which are Cal Poly Pomona courses available through cross-enrollment. See counselor.
**Fashion Merchandising**

Fashion Merchandising prepares students for employment in all aspects of retailing related to apparel and accessory merchandise buying and management. Other career avenues are sales representatives for manufacturers, visual display, distribution, importing and exporting, and sales promotions.

**Student Learning Outcomes:**

Upon the successful completion of these programs, students should be able to:

1. Develop the tools, contacts and skills necessary to compete for employment in the fashion design field.
2. Recognize global economic and cultural impacts on fashion design and production, and synthesize those influences into fashion design concepts and organizational decision-making.
3. Apply knowledge of design trends, manufacturing methods, market research and forecasting, and quality control and distribution to help guide organizational decision-making.
4. Identify and select the technical skills and technology necessary for fashion merchandising and effectively communicate that knowledge to clients and other professionals.
5. Communicate and justify, through written and oral presentations and portfolio development, the details, inspiration, problems, solutions, and the vision of their designs.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

**Fire Technology: Professional Firefighter**

The Fire Technology degree and certificate programs are designed to (1) prepare interested students for careers in public or private fire service, (2) provide existing fire service personnel with continuing in-service training in skills applicable to their present position, (3) provide existing fire service personnel with upgraded skills needed to avail themselves of promotional opportunities, and (4) for college transfer students pursuing a higher education degree in Fire Protection Administration and Technology.

**Student Learning Outcomes:**

Upon the successful completion of these programs, students should be able to:

1. Enter careers in fire technology within California communities.
2. Differentiate between fire detection and fire suppression systems.
3. Analyze the elements of firefighter safety and survival; differentiate fire prevention, firefighting and the types of fire apparatus.
4. Calculate flow requirements for fire apparatus, and apply mathematical formulae to hydraulics problems.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

PROGRAMS OF STUDY

**GEOGRAPHY**

Geographers integrate time, space, and demographics into maps which have both academic and applied values. Geography is an interdisciplinary area of study that interfaces with earth sciences, life sciences, business, and teaching. The field of geography requires that students be broadly-based in two major areas: cultural geography and physical geography. These areas form the core of the curriculum. Students may then pursue other areas of concentration.

Geography specialists may focus on meteorology, economic geography, urban geography, political geography, historical geography, geomorphology, environmental geography, or biogeography. Geographical knowledge has specific application to urban planning, environmental studies, business, defense, satellite mapping, demographics, history, and economics. Geography is also a core area of study for elementary or high school teachers. Students interested in a teaching career can focus on the General Studies requirements for the target school along with cultural geography and physical geography with a lab.

**Student Learning Outcomes:**

Upon the successful completion of these programs, students should be able to:

1. Identify places/locations/countries on a blank regional or world map.
2. Identify geographic landforms in the field.
3. Identify major continents, rivers, islands, and other features on a world map.
4. Recognize various geographic features on a map of North America including major biomes, vegetative regions, rivers, lakes, and islands.

**Major requirements for the Associate in Science Degree:**

</tr>
</tbody>
</table>

**Total units for the major**

**Note:** Computer literacy is basic to geography. Students would be well advised to acquire knowledge of word processing, database, graphing, and graphics programs.

---

**GEOLOGY ASSOCIATE IN SCIENCE FOR TRANSFER**

The Geology Associate in Science for Transfer is unique among the sciences; Geology is the study of the earth, its environments, and its history. It is an interdisciplinary science that combines geological observations and concepts with those of biology, chemistry, physics and mathematics. Its goals are to study rocks, minerals, fossils, and energy and water resources, and to understand geological principles and processes that shape the earth and its environments.

Specialized geological studies apply information and techniques from other sciences and engineering to solve problems of the physical environment. Examples of geological specialties include the following: paleontology, the study of prehistoric biology; mineralogy, the application of chemistry and physics to understanding the origin and history of rocks; engineering geology, the application of geological and engineering information to construction of roads, dams, tunnels, landslide stabilization, etc.; and hydrology, the study of surface and underground water supplies.

The program is suited to the needs of students who will complete their education at Chaffey College with an Associate in Science degree, as well as those students who will complete their Chaffey Associate in Science degree and transfer to a four year institution to complete their bachelor’s degree. Successful completion of the transfer degree in Geology guarantees the student acceptance to a California State University (but does not guarantee acceptance to a particular campus or major) to pursue a baccalaureate degree, in preparation to pursue a career in the fields of civil engineering, drafting, engineering management, geography education, petrology, physical geology, environmental geology, invertebrate paleontology, oceanography, geophysics, hydrology and seismology. Geology majors continue to find employment searching for new oil and gas reserves and mineral deposits but they also work with federal, state, and local agencies to develop ecologically sound environmental policies. Many geologists are involved in estimating the extent of land, water and mineral resources as well as determining potential hazards from earthquakes, landslides, floods, and volcanoes.

To obtain the Geology Associate in Science for Transfer (AS-T) degree, students must:

- Complete all the major requirements listed below with grades of C or better.
- Complete a minimum of 60 CSU-transferable units listed with a grade point average (GPA) of 2.0 or better.
- Complete either the California State University General Education Breadth pattern (CSU GE), or the Intersegmental General Education Transfer Curriculum (IGETC).

**Student Learning Outcomes:**

Upon the successful completion of this program, students should be able to:

1. Effectively communicate unifying concepts in the discipline, for example: plate tectonics is the driving force behind most mountain building, volcanoes and earthquakes.
2. Apply key ideas in the discipline to relevant personal and societal issues.
3. Use laboratory equipment and procedures to experience previously unfamiliar aspects of the physical world.

**Major requirements for the Associate in Science Transfer (AS-T) Degree:**

**Units for the major**

| Total Units Required for Degree | 60 |
| **plus CSU-GE or IGETC-CSU Units** | 34 |
| **Total** | 26 |

**Note:** Computer literacy is basic to geography. Students would be well advised to acquire knowledge of word processing, database, graphing, and graphics programs.
Gerontology

Gerontology prepares students for new careers resulting from the increasing population of older people. This is an interdisciplinary field incorporating research on aging in psychology, physiology, and sociology as well as public policy and social ethics.

Gerontology courses provide short-term training for immediate employment and may also lead to a Community Caregiver certificate, a certificate in Gerontology, or an Associate in Science degree in Gerontology. Nurses, social workers, and administrators of care facilities may earn Continuing Education units.

Gerontology is increasingly important in professions such as medicine, law, architecture, mental health, and social work. Transfer students will find Gerontology courses at more than 15 California universities. Other employment opportunities are found in residential communities, recreation, marketing, nutrition, counseling and referral, paralegal services, and businesses and agencies serving older adults, including persons with dementia.

Student Learning Outcomes:
Upon the successful completion of these programs, students should be able to:
1. Describe the importance of planning for later years.
2. Explain how cultural, ethnic, racial, gender and social class diversity, as well as disability and dementia, affect aging.
3. Explain how aging is changing, with recent cohorts such as the Baby Boomers “aging” less or later, and healthier.
4. Evaluate policy debates (e.g. public programs and the costs associated with an aging population).
5. Identify new professions and careers for an aging society, in addition to “direct care” services.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

Note: A mandatory orientation and verification of fingerprinting are required prior to enrollment. Conviction of a crime other than a minor traffic offense may preclude enrollment in these courses. Contact Gerontology at 909/652-6675/6672 for dates and locales of orientations, and for additional information on other courses pertinent to community caregiving.
**History Associate in Arts for Transfer**

The Associate in Arts for History for Transfer (AA-T in History) degree is designed to prepare students for transfer into the California State University (CSU) system to complete a baccalaureate in History or similar major. The History AA-T is in alignment with Chaffey College’s mission, goals and objectives, is directed towards the appropriate level for community colleges, adheres to the academic rigor expected of the first two years of college, and reflects systematic instruction as guided by student learning outcomes that gauge mastery in the relevant knowledge, skills and abilities expected within the field of History.

The goals and outcomes for the History major include the following:
1. Prepare students for seamless transfer to a CSU to complete an History baccalaureate degree.
2. Prepare students for advanced studies within the field of History.
3. Deepen students’ awareness of the world – past and present – and cultivate appreciation for beneficial community participation.

The AA-T in History is a degree suited to the needs of students who will complete their education at Chaffey College with an A.A. degree, as well as those students who will complete their Chaffey A.A. degree and transfer to a four year institution to complete their bachelor’s degree. Successful completion of the transfer degree in History guarantees the student acceptance to a California State University (but does not guarantee acceptance to a particular campus or major) to pursue a baccalaureate degree in preparation for careers in the fields of law, public administration, foreign service, journalism, business, and teaching.

To obtain the AA-T in History, students must:
- Complete a minimum of 18 semester units in the major listed below with grades of C or better in each course.
- Maintain a minimum grade point average (GPA) of at least 2.0 in all CSU transferable coursework.
- Complete 60 semester CSU-transferable units using the California State University-General Education Breadth (CSU-GE) OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern. No more than 60 semester units are required.

**Student Learning Outcomes:**
Upon the successful completion of this program, students should be able to:
1. Demonstrate the connections between events and how events influence the course of history.
2. Appraise the factors that shape history.
3. Analyze competing historical interpretations.
4. Distinguish between primary and secondary sources.
5. Organize historical events according to chronology.

---

**HOSPITALITY MANAGEMENT**

**Food Service Management**

Students who receive the Associate in Food Service Management program are prepared for management positions in the rapidly growing food service industry. Graduates may assume management responsibilities in restaurants, resorts, commercial food services, institutional and owner-operated businesses, food production, and related commercial food sales and services.

Students who receive the Certificate of Achievement in the Food Service Management program are prepared to work in entry-level management positions in the hospitality industry. Included among the employment opportunities are restaurants, hotels, institutional kitchens, catering operations, bed and breakfast operations, and owner-operated businesses.

**Note:** A current negative tuberculosis test is required for participation in this program.

**Student Learning Outcomes:**
Upon the successful completion of these programs, students should be able to:
1. Demonstrate the ability to work effectively as a member of a team.
2. Manage the professional preparation, presentation and service of quality food.
3. Communicate accurately and effectively, both verbally and in writing.
4. Demonstrate the ability to develop, examine, question, and explore perspectives or alternatives to problems in hospitality operations.

**To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.**

Hotel Management

Students who receive the Associate in Science degree or Certificate of Achievement in the Hotel Management program will be prepared to work in entry-level management positions in the hospitality industry. Included among the employment opportunities are restaurants, hotels, institutional kitchens, catering operations, bed and breakfast operations, and owner-operated businesses.

Student Learning Outcomes:

Upon the successful completion of these programs, students should be able to:

1. Demonstrate the ability to work effectively as a member of a team.
2. Manage the professional preparation, presentation and service of quality food.
3. Communicate accurately and effectively, both verbally and in writing.
4. Demonstrate the ability to develop, examine, question, and explore perspectives or alternatives to problems in hospitality operations.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

Major requirements for the Associate in Science Degree:

Requirements for the Hotel Management Certificate:

Same as the major requirements for the A.S. Degree, plus:
HOTFS 482 Industry Internship: Hotel and Food Service Management 1

Total units for the certificate 30

Humanities

The Humanities major offers students a sound liberal arts background in literature, philosophy, art, music, and theatre for students going on into business, politics, law, personnel relations, and education.

Student Learning Outcomes:

Upon the successful completion of this program, students should be able to:

1. Identify and evaluate types of sources of information in the literature of the arts and humanities.
2. Identify and evaluate major historic texts, works of art, and architecture.
3. Examine and evaluate major historical events from several ethical perspectives.
4. Demonstrate the connections between events and how events influence the course of history.
5. Analyze competing historical interpretations.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

Major requirements for the Associate in Arts Degree:

Units
HUMAN 5 Arts and Ideas: Antiquity to Renaissance 3
HUMAN 6 Arts and Ideas: Renaissance to Modern 3

Plus six units from the following:
History 1, 2, 4, 5, 6, 9, 10, 17, 18

Plus six units from the following:
English 32, 33, 70A, 70B, 75A, 75B, 80A, 80B, 81

Humanties 20

Plus three units from the following:
Art 3, 5
Broadcasting 3
Film 25, 26
Music 2A, 2B, 4
Photography 1
Theatre 1, 4, 5

Plus three units from the following:
Economics 1, 8
Philosophy 70, 72, 73, 76, 80, 81, 82

Total units for the major 24

Note: Courses included in major cannot be used to fulfill General Education requirements.
**Industrial Electrical Technology**

The Industrial Electrical Technology program provides a broad working base from which to handle the many facets of industrial electricity as it relates to light and heavy industry, construction, and utility companies that provide electrical power. The programs meet the needs of those entering the trade for the first time, and allow those already in the trade to improve their understanding of the craft.

Program curriculum covers electricity, magnets, solid-state devices, electrical machinery, micro processing, programmable logic controllers (PLC), DC and AC variable speed drives, and automation, including modern sophisticated concepts and practical applications.

**Student Learning Outcomes:**

Upon the successful completion of these programs, students should be able to:

1. Calculate and apply electrical quantities using different formulas of Ohm’s Law.
2. Define magnetic induction and use measuring instruments to check resistive and inductive circuits.
3. Calculate values of voltage, current, apparent power, true power, reactive power, impedance and power factor.
4. Use applications of motor controls pertaining to industry.
5. Interpret the National Electrical Code (NEC) and use its application in the field.
6. Interpret and read basic ladder diagrams pertaining to electrical and electromechanical systems.
7. Understand basic static devices and other solid state components used in the industry.
8. Understand basic computer terms and be familiar with ladder diagrams and the operation of a programmable logic controller (PLC).
9. Program, verify, and communicate with a PLC, and troubleshoot faults related to PLCs.
10. Demonstrate proficiency in troubleshooting skills.
11. Connect and operate a general purpose AC drive.
12. Describe OSHA safety work practices for employers in their respective work place.
13. Analyze the characteristics and application of twisted pair cables.
14. Describe the five elements of a typical fiber optic system and briefly explain the function of each element.
15. Demonstrate and connect DC and AC theory.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

INTERIOR DESIGN

The Interior Design curriculum is planned both as professional preparation for those entering the interior design field and as a transfer program for students planning to transfer to a four-year college. Students receive a strong background in color, design principles, furniture construction and design, architectural materials, furniture layout, space planning, business principles, computer aided design, and the historical development of furniture, architecture, art, and decorative arts.

Student Learning Outcomes:
Upon the successful completion of these programs, students should be able to:
1. Demonstrate an understanding of business practices, work ethics, professionalism and consumer marketing principles related to the field’s products and services.
2. Demonstrate knowledge of historical styles and associated design principles of architecture, interiors and decorative arts of Western and non-Western cultures and their impact on current trends and issues.
3. Communicate and justify, through written and oral presentations and portfolio development, the details, inspiration, problems, solutions, and the vision of their designs.
4. Apply knowledge of design theory to manipulate and organize interiors and solve interior design problems.
5. Develop functional and creative solutions for clients’ design needs for residential and commercial projects.
6. Demonstrate skills that foster capacities of analysis, critical reflection, problem solving, communication, career development, and global and community awareness.
7. Develop creativity through an understanding and application of major art principles and elements (such as line, shape, color, balance, etc.).
8. Generate design drawings (by hand and computer) and color boards (showing styles, materials) in a professional manner.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

INTERSEGMENタル GENERAL EDUCATION

TRANSFER CURRICULUM (IGETC): UC OR CSU

The IGETC Certificate of Achievement is designed for students intending to transfer to either the California State University or the University of California. Completion of courses for this certificate allows students to transfer without the need, after transfer, to take additional lower-division general education courses to satisfy university general education requirements. Depending on the major/field of interest, students may find it advantageous to take courses fulfilling either the CSU’s general education requirements or those of the UC campus or college to which they plan to transfer.

- IGETC-CSU certification requires successful completion of a course in Area 1, Group C – Oral Communication.
- Verified competency in a Language Other than English (LOTE) is required only for IGETC-UC certification. Upon successful completion of the required courses/competencies, the certificate will be awarded for IGETC-CSU and/or IGETC-UC.

All courses must be completed with grades of “C” or better (C- grades are not acceptable), be a minimum of 3 semester units, and be on the IGETC list during the year in which the student takes the course. (i.e. students entering in Fall 2013 must follow the 2013-2014 or later IGETC requirements.)

Student Learning Outcomes:
Upon the successful completion of these programs, students should be able to:
1. Demonstrate effective communication and comprehension skills.
2. Demonstrate critical thinking skills in problem solving across the disciplines and in daily life.
3. Demonstrate knowledge of significant social, cultural, environmental and aesthetic perspectives.
4. Assess their knowledge, skills and abilities; set personal, educational and career goals; work independently and in group settings; demonstrate computer literacy; and cultivate self-reliance, financial literacy and physical, mental and social health.

Requirements for the IGETC: CSU or CU Certificate: [T002/30502/4901.10]

**AREA 1  ENGLISH COMMUNICATION  6-9**

**Group A: English Composition (Required CSU/UC)**
English 1A

**Group B: Critical Thinking-English Composition (Required CSU/UC)**

**Group C: Oral Communication (Required CSU only - 1 course)**
Communication Studies 2, 6, 8

**AREA 2  MATHEMATICAL CONCEPTS AND QUANTITATIVE REASONING (Required CSU/UC - 1 course)  4-5**
Mathematics 25, 60, 61, 65A, 65B, 75, 81, 85
Social Science 10
Statistics 10

**AREA 3  ARTS AND HUMANITIES  9-12**
(Required CSU/UC - 3 courses minimum, with at least one course from Arts and one from Humanities)

ARTS:
Art 1, 3, 5, 6, 7, 9, 11

**BIOLOGICAL SCIENCES:**
Anthropology 1, 1L, 1L
Biology 1*, 2, 10*, 12, 20, 22, 23, 23 & 23L, 61, 62, 63

**LANGUAGE OTHER THAN ENGLISH** (Required UC only)
0-4 Students transferring to the UC are required to demonstrate competency (proficiency) in a language other than English equal to two years of high school study. Competency may be demonstrated through one of the following mechanisms:
1. Satisfactory completion of two years of high school coursework (U.S. high school or high school where the language of instruction is English) in a language other than English, with a grade of “C-” or better in each course. The two years must be in the same language.
2. Satisfactory completion of a course (or courses) at a college or university with a grade of “C” (2.0) or better in each course.
3. Satisfactory completion, with “C” (2.0) grades or better, of two years of formal schooling at the sixth grade level or higher in an institution where the language of instruction is not English. Appropriate documentation must be presented to substantiate the required coursework was completed.
4. Satisfactory score on the SATII: Subject Test in languages other than English.
5. Satisfactory score, 3 or higher, on the College Board Advanced Placement examinations in languages other than English.
6. Satisfactory score, 5 or higher, on the International Baccalaureate Higher Level Examinations in language other than English.
7. Satisfactory completion of an achievement test administered by a community college, university, or other college in a language other than English.
8. If an achievement test is not available, a faculty member associated with a U.S. regionally accredited institution of higher education can verify a student’s competency.
9. Language other than English “O” Level exam with a grade of “A”, “B”, or “C”.
10. Language other than English International “A” Level exam with a score of 5, 6, or 7.
11. A Defense Language Institute language other than English course which is indicated as passed with a “C” or higher on the official transcript.

**CHALLENGE COURSES that meet this requirement are:**
ASL 2 Elementary American Sign Language 4
ARABIC 2 Elementary Modern Standard Arabic 4
CHIN 2 Elementary Mandarin Chinese 4
FR 2 Elementary French 4
SPAN 2 Elementary Spanish 4
* (or SPAN 2SS, Spanish for Heritage Speakers II)

“ASL 3 or 4, or ARABIC 3 or 4, or CHIN 3 or 4, or SPAN 3, 4, or 8 may be used to validate this requirement.”

**Total units for the certificate**
35-49

* = Transfer credit may be limited by either CSU or UC, or both.
# = Course must be completed Fall 2005 or later.
∞ = Course must be completed Fall 2005 or later.
X = Course must be completed Spring 2006 or later.
* = Course must be completed Spring 2007 or later.
* = Course must be completed Fall 2012 or later

**COURSES MAY COUNT IN ONLY ONE AREA**

**JOURNALISM**

The Journalism certificate is designed to provide students an opportunity to sample the cross-curricular course offerings at the college in preparation for a career in the mass media. The program is well suited for 2-year students planning to enter the fields of writing, photography, and design for publication directly, as well as for those planning to transfer to a 4-year degree program in journalism or mass communications.

**Student Learning Outcomes:**
Upon the successful completion of these programs, students should be able to:
1. Understand the legal and ethical concerns of journalism.
2. Demonstrate objectivity, accuracy, completeness, clarity, balance, and fairness in journalism.
3. Apply the elements of the writing process (inventing, research, drafting, revising, editing, proofreading) to any given writing assignment both in the academic and professional spheres.
4. Convey a message using words, pictures, and graphics.

**Programs of Study**

**Management, Marketing, and Merchandising**

(See Business Management)

**Mathematics Associate in Science for Transfer**

The Mathematics Associate of Science for Transfer degree provides students with sufficient understanding of mathematical concepts, skills, and applications to attain upper division status in mathematics at a four-year college or university, majoring in Mathematics, Physics, Engineering, or Computer Science.

The program is suited to the needs of students who will complete their education at Chaffey College with an A.A. degree, as well as those students who will complete their Chaffey A.A. degree and transfer to a four year institution to complete their bachelor's degree. Successful completion of the transfer degree in Mathematics guarantees the student acceptance to a California State University (but does not guarantee acceptance to a particular campus or major) to pursue a baccalaureate degree, in preparation to pursue a career in the field of mathematics, engineering, statistics, actuarial science, business and management, law enforcement, government, and education.

To obtain the Mathematics Associate of Science for Transfer degree, students must:

1. Acquire skills that are prerequisite for subsequent studies in mathematics.
2. Develop the ability to reason mathematically.
3. Apply mathematical models.
4. Develop greater confidence in their mathematical abilities.
5. Gain an appreciation for the usefulness of mathematics.

**Student Learning Outcomes:**

Upon the successful completion of this program, students should be able to:

1. Acquire skills that are prerequisite for subsequent studies in mathematics.
2. Develop the ability to reason mathematically.
3. Apply mathematical models.
4. Develop greater confidence in their mathematical abilities.
5. Gain an appreciation for the usefulness of mathematics.

**Modern Languages**

(See Chinese, Sign Language and Spanish)

**Multimedia**

(See Art)

**Music**

The Music curriculum provides participation in musical performance activities as well as courses of interest to the general college student who seeks music for personal satisfaction or who wishes to expand knowledge and appreciation of the arts. A full program of courses is available to the prospective major who wishes to make music the subject of concentration leading to a degree and transfer to a university.

**Student Learning Outcomes:**

Upon the successful completion of this program, students should be able to:

1. Know and apply technical skills, concepts and technologies in the creation of musical projects.
2. Engage creativity and develop original thinking in the study of music.
3. Communicate in speech and writing about the history, theories, disciplines and practices (including business practices) of music.
4. Recognize diverse individuals, social forces, and musical styles of the world’s cultures through the study of music.
5. Apply critical thinking in the creation, analysis, and interpretation of music.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

**Total units for the major**

**Notes:**

1. All students wishing to major in music are advised to begin the major in the first semester of enrollment. It is otherwise impossible to complete the program in two years. Enrollment in MUSIC 3A, 51A and a performance class should commence the first semester.
2. All music majors are expected to be enrolled in a public performance course each semester (MUSIC 32, 33, 60, 62A, 62B, 62C, or 67). Part-time students must enroll in a performance class four semesters (not necessarily consecutive) for a minimum of six units.
Commercial Music

The commercial music major is designed to give students a two-year background in professional and commercial music concepts and practices with an emphasis on theory and vocational performance potential. Successful completion of the program as shown, along with the General Education requirements, may also enable students to transfer as music majors to a California State University.

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Know and apply technical skills, concepts and technologies in the creation of musical projects.
2. Engage creativity and develop original thinking in the study of music.
3. Communicate in speech and writing about the history, theories, disciplines and practices (including business practices) of music.
4. Recognize diverse individuals, social forces, and musical styles of the world’s cultures through the study of music.
5. Apply critical thinking in the creation, analysis, and interpretation of music.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

Chaffey College offers a career ladder path in Nursing where students can start with the Nursing Assistant program, follow the ladder to earn their Vocational Nursing Certificate, and then may choose to proceed to the Associates Degree in Nursing program. Students may also choose not to follow the career ladder, but meet the program requirements for the Vocational Nursing or Associate Degree Nursing programs. While students are not required to follow the ladder format, they must meet the entrance requirements for each program before applying to that program.

NURSING

The Nursing Assistant (NA) program prepares students for entry-level employment in health care facilities. Nursing Assistants are important members of the health care team, providing direct care to patients in long-term care settings. All Nursing Assistants function under the supervision of a Licensed Nurse. Programs are approved by the California Department of Health Services. Upon completion of the Nursing Assistant program, the student is eligible to take the state examination for Certified Nurse Assistant (CNA) for a fee. The CNA may then complete courses for certification in Home Health Aide (HHA) and/or Acute Care Technician (ACT).

The application process for the NA program is as follows:
1. Attend a mandatory information meeting to obtain the application packet.
2. Submit application to Chaffey College and to the Nursing Assistant Program.
3. Submit background check verification to the Department of Health Services and the Health Sciences Office.

Enrollment in the NA program is subject to completion of the following requirements:
1. Admission to Chaffey College.
2. Criminal background screening (details provided at mandatory information meeting).
3. Evidence of satisfactory physical and emotional health as determined by health examination.
4. Current cardiopulmonary resuscitation (CPR) certification as an American Heart Association Healthcare Provider. The CPR card must be updated annually. Details about times and locations of CPR classes are provided at mandatory information meetings.
5. Submission of health form, laboratory results, and appropriate CPR card at the mandatory orientation meeting. Details provided at the information meeting.
6. The student must be at least 16 years of age.

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Demonstrate the knowledge and skills needed to pass the California state nursing assistant certification examination.
2. List and discuss various career opportunities available to them through professional development.

Requirements for the Chaffey College NA Certificate (Non-transcripted):

</tr>
</tbody>
</table>

Total units for the Chaffey College certificate: 7

Notes:
1. All courses must be completed with a minimum grade of “C”.
2. The college does not provide transportation to clinical facilities.
HOME HEALTH AIDE

To enter the Home Health Aide (HHA) program, the student must have an active California State Certified Nursing Assistant (CNA) certificate. The Home Health Aide program is a state certified add-on certificate to the CNA certificate that prepares students for entry level positions with home health agencies. The Home Health Aide courses prepare the CNA to provide care independently in the patient’s home or in assisted living, independent living, and hospice environments.

The application process for the HHA program is as follows:
1. Attend a mandatory information meeting to obtain the application packet.
2. Submit application to Chaffey College and to the Nursing Assistant Program.
3. Submit application to the Department of Health Services and verification to the Health Sciences Office.

Enrollment in the HHA program is subject to completion of the following requirements:
1. Admission to Chaffey College.
2. Evidence of satisfactory physical and emotional health as determined by health examination.
3. Current cardiopulmonary resuscitation (CPR) certification as an American Heart Association Healthcare Provider. The CPR card must be updated annually. Details about times and locations of classes provided at mandatory information meetings.
4. Submission of health form and appropriate CPR card before the first day of class.
5. Submit a copy of the state CNA certification prior to enrolling in NURAST 420/420L (Home Health Aide courses).

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Demonstrate the knowledge and skills necessary to assist the licensed nurse in providing safe and effective nursing care.
2. Identify actual and potential patient care problems and effectively collaborate with other members of the health care team in addressing the problems.
3. Current and pass state CNA certification test or provide proof of a current California State Certified Nursing Assistant Certificate.

</table>

Total units for the Chaffey College certificate: 2.5-9.5

*Students must take these four NURAST classes and pass the California State Certified Nursing Assistant certification test or provide proof of a current California State Certified Nursing Assistant Certificate.

Strongly Recommended:
BIOL 30 Beginning Medical Terminology  3
ENGL 475 Fundamentals of College Reading and Writing  4

Notes:
1. All courses must be completed with a minimum grade of “C”.
2. The college does not provide transportation to clinical facilities.

ACUTE CARE TECHNICIAN

To enter the Acute Care Technician (ACT) program a student must have an active California State Certified Nursing Assistant (CNA) certificate or equivalent. The Acute Care Technician program prepares the nursing assistant to function in acute care settings including hospitals and sub-acute facilities. The Acute Care Technician gain skills for the Vocational Nursing Program at Chaffey College.

The application process for the ACT program is as follows:
1. Attend a mandatory information meeting to obtain the application packet.
2. Submit application to Chaffey College and to the Acute Care Technician Program.
3. Submit active California CNA certificate or equivalent documentation to the Health Sciences Office.

Enrollment in the ACT program is subject to completion of the following requirements:
1. Admission to Chaffey College.
2. Evidence of satisfactory physical and emotional health as determined by health examination.
3. Current cardiopulmonary resuscitation (CPR) certification as an American Heart Association Healthcare Provider. The CPR card must be updated annually. Details about times and locations of classes provided at mandatory information meetings.
4. Submission of health form and appropriate CPR card at the mandatory orientation meeting, the time and date of which is provided at the information meeting.
5. Submit a copy of the state CNA certification or equivalent documentation prior to enrolling in NURACT 420/420L (Acute Care Technician courses).
6. Be a high school graduate, or have passed the GED, or have passed the High School Proficiency Examination, or have an associates degree or higher.
7. Provide official transcripts from other colleges attended. International transcripts (high school and college) require AERC, IERF, or other approved agency evaluation.
8. Complete a criminal background screening (details provided at mandatory meeting).

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Demonstrate the knowledge and skills necessary to assist the licensed nurse in providing safe and effective nursing care.
2. Identify actual and potential patient care problems and effectively collaborate with other members of the health care team in addressing the problems.

Total units for the Chaffey College certificate: 7-14

*Students must take these four NURAST classes or equivalent, or provide proof of a current California State Nursing Assistant Certificate.

Notes:
1. All courses must be completed with a minimum grade of “C”.
2. The college does not provide transportation to clinical facilities.
NURSING: VOCATIONAL

The Vocational Nurse is a caregiver in acute and extended care facilities. LVNs are also employed in home health care, emergency clinics, and as reviewers of health care utilization.

The Vocational Nursing (VN) program is accredited by the State of California Board of Vocational Nursing and Psychiatric Technician Examiners (BVNPT). Upon completion of the program, students are eligible to apply to take the Board of Vocational Nursing and Psychiatric Technicians’ licensing examination to practice in the State of California as a Licensed Vocational Nurse.

The VN program is three semesters in length and begins each fall and spring semester. The program consists of lecture and laboratory instruction in actual nursing situations.

Applicants with a record of any felony are subject to review by the Board of Vocational Nurse and Psychiatric Technician Examiners (BVNPT) before a license can be granted. Contact the BVNPT prior to submitting an application to the VN program to clarify eligibility for licensure upon completing the program for a fee.

Enrollment in the VN program is subject to completion of the following requirements:

1. Admission to Chaffey College.
2. Be a high school graduate, or have passed the GED, or have passed the High School Proficiency Examination, or have an associates degree or higher.
3. Provide official transcripts from other colleges attended. International transcripts (high school and college) require AERC, IERF, or other approved agency evaluation.
4. Physical and emotional health as evidenced by a satisfactory health examination, proof of immunizations, and by passing both a criminal background check and a drug screening test.
5. Completion of Nursing: Vocational 401 with a minimum grade of C.
6. Completion of Mathematics 401 or equivalent with a minimum grade of C.
7. Completion of Biology 424 (or Biology 20 and 22) or equivalent with a minimum grade of C. Biology course(s) may not be over 5 years old at the time of application to the VN Program.
8. Current cardiopulmonary resuscitation (CPR) certification as an American Heart Association Healthcare Provider.
9. Current status as a California Certified Nursing Assistant, or completion of Nursing Assistant 400, 400L, 405, and 450 with minimum grades of C or P.

The application process for the VN program is as follows:

1. View the informational video available on the VN website at www.chaffey.edu/healthsciences/nursing/nursingvn/.
2. Make an appointment with a counselor in the Counseling Center.
3. Verify high school graduation or equivalent or higher as indicated above.
4. Demonstrate eligibility for English 475 via the Chaffey assessment process, or completion of English 575 or equivalent with a minimum grade of C.
5. Provide official copies of all previous college transcripts (must be on file).
6. Complete the VN application and submit. Applications for the VN program beginning in the Spring semester will be available the October prior and must be completed and submitted by the last business day in October. Applications for the VN program beginning in the Fall semester will be available the March prior and must be completed and submitted by the last business day in March.
7. Attend a mandatory orientation session, if selected.

Notes:
1. The selection process is based on completion of prerequisite courses and available space.
2. In order to continue in the program, students must earn a minimum grade of C in all program courses.
3. All required VN courses must be completed within five years. For students transferring to the VN program from another program, transferred VN courses may not be over five years old. (Subject competency may be demonstrated by an examination.)
4. The college does not provide transportation to clinical facilities.

Student Learning Outcomes:
Upon the successful completion of these programs, students should be able to:
1. Identify vital questions, problems or issues and communicate effectively with other members of the health care team.
2. Demonstrate the knowledge and skills necessary to provide safe and effective nursing care.
3. Pass the NCLEX State Board Examination.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

* Must be taken within the previous 5 years.
** Students must take the four NURAST classes above or provide proof of a current California State Nursing Assistant Certificate.

Requirements for the Nursing: Vocational (VN) Certificate: [T315/20722/1230.20]
Same as the major requirements for the A.S. Degree and required prerequisite courses above.

Total units for the certificate: 53-65

Vocational Nursing Advanced Placement
Contact the VN program coordinator for evaluation of nursing course work. Transfer students must meet all prerequisites for the VN program.
NURSING: ASSOCIATE DEGREE

This program, leading to an Associate in Science Degree with a major in Nursing, is approved by the California Board of Registered Nursing and accredited by the Accrediting Commission for Education in Nursing (3343 Peachtree Road N.E., Suite 500, Atlanta Georgia 30326; phone: 404/975-5000; fax: 404/975-5020, or website: www.acenursing.org). The graduate is eligible to take the National Council for Licensure Examination (NCLEX) and, upon successful completion, become licensed as a Registered Nurse in the state of California. There are fees for obtaining licensure by examination or endorsement, interim permit, and biennial renewal. California law allows for the denial of registered nursing licensure on the basis of any prior convictions substantially related to nursing practice. See the California Board of Registered Nursing website at www.rn.ca.gov/applicants/lic-exam for further information.

The curriculum is based upon the humanistic philosophy of Abraham Maslow, as well as major concepts of Erik Erikson's Developmental Theory, the Nursing Process and Therapeutic Communication. Nursing assists the individual and family in preventing or coping with threats to the individual's basic needs throughout the life cycle. Faculty believe learning is facilitated when students are actively involved in the learning process and assume responsibility for their own learning.

Information about the program prerequisites—those requirements that must be completed prior to applying to the ADN program—can be obtained from our website, the Counseling Department, the ADN Office, or from attending an ADN information session offered the first Friday of every month. To access the ADN website, go to www.chaffey.edu, click on Academic Programs – School of Health Sciences - Nursing: ADN. The listed criteria is subject to change.

Once a student is ready to apply, he or she must pick up the ADN Application Instructions for Beginning or Advanced Placement Students from the Counseling Department, ADN Office, or download it from the website. Six to eight weeks should be allowed for obtaining the information needed in these instructions, prior to the application period. Application forms for admission to the ADN program are available online at www.chaffey.edu and must be submitted from September 1-30 (for program start the following Spring) or March 1-31 (for program start the following Fall). Should there be more qualified applicants than spaces available, general education coursework completed prior to application to the ADN program will be considered in the selection process.

Applicants to the ADN program must meet the following requirements:

1. Be a high school graduate, or have passed the GED, or have passed the high school proficiency exam, or have an Associates Degree or higher.
2. Provide official transcripts from other colleges attended. International transcripts (high school and college) require AERC, IERF, or other approved agency evaluation.
3. Complete related nursing or biological science (physiology and microbiology) courses, which the student is applying toward the ADN course requirements, within the last five years.
4. Anatomy, Physiology, Composition, Microbiology, and Microbiology Lab must be completed at the time of application.
5. Prerequisite GPA must be 2.8 or higher. Cumulative GPA must be 3.0 or higher.

Notes:
1. Prior to enrollment in the Nursing: A.D.N. program classes, students must evidence physical and emotional health as determined by a satisfactory health examination, and by passing both a criminal background check and a drug screening test. A pre-enrollment assessment of English, reading, math, and science must also be passed. Details about these requirements will be provided once students are accepted into the program.
2. In order to continue in the ADN program, students must earn a minimum grade of C in all nursing and other required courses.
3. The college does not provide transportation to clinical facilities.
4. Students with prior nursing education should refer to the Advanced Placement Program.
5. The nursing program must be completed within five (5) years of admission.
6. Current cardiopulmonary resuscitation card (CPR) is required prior to entering any clinical nursing class. This must be the “Health Care Provider” from the American Heart Association.
7. Medication calculation proficiency must be demonstrated by written examination prior to registration in each semester.

Student Learning Outcomes:

Upon the successful completion of these programs, students should be able to:

1. Demonstrate the components of delivery of care: coordination, delegation and prioritization to meet the needs of clients and their families.
2. Communicate with clients, family members, and healthcare team to cope with and resolve problems.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

* Prerequisite Courses
** Must be admitted to the ADN program before taking course. Courses are taken in numerical sequence.

ADN Advanced Placement

Prospective students who have prior nursing education or experience in health care may request advanced placement, which will be honored depending on available space in the nursing program. Students in this category include Licensed Vocational Nurses or those transferring from another nursing program. In order to continue in the ADN program, advanced placement students must earn a minimum grade of C in all nursing and other required courses.
VN to RN: Degree Option
Acceptance into this program is based on the following criteria:
1. Graduation from a Vocational Nursing Program with an active vocational nursing license.
2. Completion of NURADN 3 and NURADN 3L with a minimum grade of C.
3. Fulfillment of application requirements under Nursing: ADN in this section of the catalog. See “Applicants to the ADN program must meet the following requirements.”

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

Major requirements for the VN to RN Associate in Science Degree option: Units
[S312/07384/1230.10]

- NURADN 3 Transition in Nursing 1.5
- NURADN 3L Transition in Nursing Laboratory 0.5
- NURADN 13 Mental Health and Psychiatric Nursing 2
- NURADN 13L Mental Health and Psychiatric Nursing Laboratory 1
- NURADN 34 Nursing Process III 4
- NURADN 34L Nursing Process III Laboratory 3
- NURADN 44 Nursing Process IV 4.5
- NURADN 44L Nursing Process IV Laboratory 5
- NURADN 50 Professional Issues in Nursing 1

Total units for the major: 22.5

See also required General Education and additional courses listed for Nursing: ADN.

VN to RN: Non-Degree Option
Students completing this program are eligible to apply to take the NCLEX for licensure as a Registered Nurse. The student who elects to take this program is not recognized as a graduate of an accredited ADN program, and may not qualify for licensure by endorsement in another state.

Acceptance into this program is based on the following criteria:
1. Graduation from a Vocational Nursing Program with an active vocational nursing license.
2. Completion of NURADN 3 and NURADN 3L with a minimum grade of C.
3. Fulfillment of application requirements 1 and 2 under Nursing: ADN in this section of the catalog.

Registered Nurse Ladder Program
The holder of a current California Registered Nurse License may receive the Associate in Science Degree in Nursing by:
1. Submitting official copies of transcripts from the diploma school and all other colleges attended to the Office of Admissions and Records, Chaffey College, 5885 Haven Avenue, Rancho Cucamonga, CA 91737–3002.
2. Making an appointment with a college counselor to review transcripts and to plan a program of study. Appointments may be made by calling (909) 652-6200.
3. Satisfying the following Chaffey College general education and graduation requirements for the Associate in Science Degree in Nursing, and in which a minimum grade of C in each is required:

Requirements for Registered Nurse Ladder Program: Units

- BIOL 20 Human Anatomy 4
- BIOL 22 Human Physiology 4
- BIOL 23 General Microbiology 3
- BIOL 23L General Microbiology Laboratory 2
- COMSTD 8 Fundamentals of Speech Communication 3
  (or COMSTD 2, Fundamentals of Effective Speaking, or COMSTD 4, Fundamentals of Interpersonal Communication, or COMSTD 6, Fundamentals of Small Group Communication)
- ENGL 1A Composition 3
- PSYCH 25 Developmental Psychology: Lifespan Development 3
- SOC 10 Introduction to Sociology 3
- Humanities General Education 4

Total units: 29

Note: Some CSU campuses with B.S. in Nursing programs require college courses in chemistry, and in college algebra or statistics. See counselor for additional graduation requirements.

NUTRITION AND FOOD
The Nutrition and Food major is designed for students training in the field of health and wellness based on nutrition and fitness as a lifestyle. The certificate qualifies students for entry-level positions in health spas, retirement and convalescent homes, counseling centers, and youth daycare/camps.

Student Learning Outcomes:
Upon the successful completion of these programs, students should be able to:
1. Design a meal plan based on the food guide pyramid including divisions, recommended serving and serving sizes.
2. Explain the processes of food buying, menu planning, nutritional analysis, and other food financial related areas.
3. Identify and describe the effect of nutrition on health and body mass.
4. Operate effectively as part of the health care team.
5. Utilize behavior modification techniques to improve their nutritional wellness.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

Major requirements for the Associate in Science Degree: Units
[S241/07399/1306.00]

- BIOL 22 Human Physiology 4
- BIOL 23 General Microbiology 3
- BIOL 424 Anatomy and Physiology 3
- GERO 404 Health and Wellness for Older Adults 3
- NF 5 Nutrition for Life 3
  (or NF 15, Nutrition I: The Science of Nutrition)
- NF 22 Nutrition and the Active Person 3
- NF 27 Healthy Cooking 2
- PELEC 17 First Aid and Emergency Response to Community Disasters 3

Total units for the major: 20

continued on next page
PHARMACY TECHNICIAN

This occupational program prepares students for work as Pharmacy Technicians. The program provides both the technical and practical training that enables the technician, upon licensure, to function as a competent entry-level assistant to the pharmacist. Pharmacy Technicians may be employed in hospitals, community pharmacies, home-health care settings, and government agencies. Program curriculum consists of lecture and laboratory instruction in both simulated and supervised clinical environments.

Upon successful completion of the Pharmacy Technician program, students are qualified to apply to the California State Board of Pharmacy for registration; registration is a legal requirement for work in California as a pharmacy technician. California law also allows for the denial of certification on the basis of any prior criminal convictions substantially related to pharmaceutical practice.

Enrollment in the Pharmacy Technician program is subject to completion of the following requirements:

1. Admission to Chaffey College.
2. High school graduation, pass the GED test, or pass the High School Proficiency examination, or have associates degree or higher. International transcripts must have AERQ, IERQ or approved agency evaluation.
3. Eligibility for MATH-410 as determined by the Chaffey assessment process, or successful completion of MATH 520.

Notes:
A. The college does not provide transportation to clinical facilities.
B. Students must demonstrate satisfactory physical and emotional health, as determined by health examination and proof of immunizations.
C. Students must possess current cardiopulmonary resuscitation (CPR) certificate prior to clinical internship (PHARMT 482). Certificate may be the American Heart Association “Healthcare Provider with AED” or the American Red Cross “Professional Rescuer with AED”. The CPR card must be updated annually. Details about times and locations of CPR classes provided at information meetings.
D. To continue in the Pharmacy Technician program, students must earn satisfactory grades (minimum of “C” in graded courses; “CR” in pass/fail courses) in all Pharmacy Technician and other required courses.
E. Students with prior pharmacy technician education should contact the college Counseling Department to schedule a course evaluation.
F. Students are strongly advised to be able to accurately keyboard at a rate of 35 wpm or higher.

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Explain the importance of the pharmacy’s compliance with federal, state, and local laws; regulations and professional standards as it applies to the pharmacy training program in the specified state the program operates.
2. Identify the use and side effects of prescriptions medications, OTC products, and alternative therapies commonly used to treat diseases affecting the body systems including, but not limited to cardiovascular, gastrointestinal, endocrine, musculoskeletal, respiratory, renal, nervous, integumentary, and immune systems.
3. Demonstrate appropriate techniques and use of equipment and devices in compounding sterile products, and will be able to explain the uses of laminar air flow hoods.
4. Use the metric, household, apothecary, and avoirdupois systems, converting within those systems to calculate dosages and volumes specified by the prescription/medication order.
5. Accurately prepare medications for distribution in accordance with state laws and regulations including, but not limited to, creating a patient profile (manual or electronic), follow an electronic procedure to generate prescription labels, filling and labeling prescriptions and patient cassettes, and accurately count or measure finished dosage forms as specified by the prescription/medication order.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

Major requirements for the Associate in Science Degree:

- PHARMT 401 Pharmacology of the Body Systems I: 3 units
- PHARMT 402 Pharmacology of the Body Systems II: 3 units
- PHARMT 403 Principles of Community Pharmacy Practice: 1.5 units
- PHARMT 404 Principles of Institutional Pharmacy Practice: 1.5 units
- PHARMT 405 Sterile Products: 2 units
- PHARMT 410 Over-the-Counter Products: 2 units
- PHARMT 415 Pharmaceutical Calculations: 2 units
- PHARMT 421 Community Pharmacy Operations: 3 units
- PHARMT 421L Community Pharmacy Operations Laboratory: 1 unit
- PHARMT 431 Institutional Pharmacy Operations: 3 units
- PHARMT 431L Institutional Pharmacy Operations Laboratory: 1 unit
- PHARMT 482 Clinical Externship: 4 units

Total units for the major: 27

Requirements for the Pharmacy Technician Certificate:

- Same as the major requirements for the A.S. Degree
- Total units for the certificate: 27

PHILOSOPHY

Philosophy is thinking critically and rationally about human problems of knowledge, existence, conduct, art, and religion. Students explore the great ideas of Western and Eastern heritage and encounter fundamentals of almost all other disciplines. The philosophy curriculum contributes toward a broad, general education in the liberal arts, the goal of which means a liberating of one’s mind, to free oneself from conventional opinions of one’s time and place.

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Understand and evaluate a variety of philosophical texts.
2. Identify the major themes in historical philosophy and place theories and perspectives within their historical context.
3. Articulate and critique major philosophical theories and perspectives.
4. Utilize the tools of logic in critiquing and developing philosophical positions.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

Major requirements for the Associate in Arts Degree:

- PHIL 72 Seminar in Ethics: 3 units
- PHIL 76 Critical Thinking: 3 units
- PHIL 77 History of Philosophy: Ancient to Medieval: 3 units
- PHIL 78 History of Philosophy: Modern: 3 units

Plus two courses from the following or from approved special topics:

- HUMAN 20 The Holocaust: History and Philosophy: 3 units
- PHIL 70 Introduction to Philosophy: 3 units
- PHIL 75 Symbolic Logic: 3 units
- PHIL 80 Introduction to Religion: 3 units
- PHIL 81 Introduction to Eastern Philosophy: 3 units
- PHIL 82 Introduction to Monotheistic Religions: Judaism/Christianity/Islam: 3 units

continued next page
PHILOSOPHY: RELIGIOUS STUDIES

Religious Studies encompass the personal, cultural, and ultimate dimensions in life. Students are introduced to theistic and non-theistic religions and philosophies, East and West, and their distinctive world views through cognitive and social emphases. Religion courses aim to enable students to discover basic structures or essential characteristics of human religious experience through critical observation and thought.

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Understand and evaluate a variety of philosophical texts.
2. Identify the major themes in historical philosophy and place theories and perspectives within their historical context.
3. Articulate and critique major philosophical theories and perspectives.
4. Utilize the tools of logic in critiquing and developing philosophical positions.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

PHOTOGRAPHY

The Photography program emphasizes using photography as a creative medium for communicating through visual images. Students may take photography courses as electives, as part of an occupational certificate, or for an A.A. degree in photography.

Student Learning Outcomes:
Upon the successful completion of these programs, students should be able to:
1. Demonstrate analytical knowledge of both historical and contemporary photographic issues through written and oral presentations.
2. Recognize and respect diverse individuals, social forces and ideologies of the world’s cultures through the study of visual images.
3. Analyze the influence of photographic imagery on both historical and contemporary cultural and aesthetic trends.
4. Demonstrate knowledge of appropriate photographic equipment and software.
5. Articulate and express themselves and their ideas/concepts through the use of the appropriate photographic technologies.
6. Apply the critical thinking skills required to remain competitive in the job market and to transfer.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

**PHYSICAL EDUCATION**

Physical Education provides basic courses to prepare students for continued study; consideration has been given to transfer requirements of local colleges and universities.

**Student Learning Outcomes:**

Upon the successful completion of these programs, students should be able to:

1. Utilize various social and communication skills in a variety of competitive and non-competitive environments.
2. Recognize various career opportunities in the field of human movement.
3. Identify risk factors of communicable and hypokinetic diseases and make sound nutritional choices in order to fuel the body with the necessary nutrients.
4. Define the many health related and skill related fitness components in an exercise program that will be geared toward specific fitness goals.
5. Employ different self-management skills such as goal setting, self-planning, self-monitoring, and or self-assessment to increase overall health.
6. Demonstrate knowledge of rules, strategies, techniques, and etiquette of various activities to promote lifelong fitness.
7. Implement appropriate aerobic and anaerobic exercises and the metabolic needs for particular activities.

To obtain an Associate's Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

**PHYSICAL SCIENCE**

Physical Science is the study of the natural sciences encompassing non-living systems although aspects of living systems are also studied. Scientific issues are presented and discussed in the physical science courses enabling a deeper understanding of societal issues that require thoughtful decisions and interaction. Physical Science courses enrich the general education program and fundamentally support further education to prepare for scientific, technological, and engineering careers. The selection of courses will assist in the selection of an upper-division science major. For non-transfer students, this area of emphasis will assist in the preparation for employment at the level of technician.

**Student Learning Outcomes:**

Upon the successful completion of these programs, students should be able to:

1. Demonstrate effective communication and comprehension skills.
2. Demonstrate critical thinking skills in problem solving across the disciplines and in daily life.
3. Demonstrate knowledge of significant social, cultural, environmental and aesthetic perspectives.
4. Assess their knowledge, skills and abilities; set personal, educational and career goals; work independently and in group settings; demonstrate computer literacy; and cultivate self-reliance, financial literacy and physical, mental and social health.

### C. Electives

Elective units may be necessary to reach the total of 60 overall units required for the Associate Degree. If you are planning to transfer, elective units must be transferable to CSU and/or UC.

**Total units for the degree**: 60

**Note**: Courses included in the area of emphasis cannot be used to fulfill General Education requirements.

---

### PHYSICS

The Physics curriculum provides students a basis for understanding the physical concepts and skills required for attainment of upper division status in a four-year college or university. It also provides many of the prerequisite courses for engineering majors.

**Student Learning Outcomes**:

Upon the successful completion of these programs, students should be able to:

1. Apply critical thinking and hypothesis-driven methods of scientific inquiry to principles of physics.
2. Students in physics learn the physics concepts, the symbolism and language used in physics, and apply the mathematical skills needed to learn and practice problem solving for success in subsequent courses, transfer and future employment.
3. Students in physics learn experimental techniques as applied to the laboratory environment to obtain accurate and precise data, to evaluate and validate scientific data, to correctly use scientific instruments, and to use proper laboratory etiquette to be successful in subsequent courses, research, transfer and future employment.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

### POLITICAL SCIENCE

**Associate in Arts for Transfer**

Political Science, the study of politics and government, examines ways and means by which societies identify and solve problems. The exercise of power in decision-making processes and its effect on societal resources is explored and weighted. Political values and beliefs are determined and evaluated for further depth of understanding. Political science courses enrich the general education program.

The Political Science Associate in Arts for Transfer (AA-T) is suited to the needs of students who will complete their education at Chaffey College with an Associate in Arts degree, as well as those students who will complete their Chaffey Associate in Arts degree and transfer to a four-year institution to complete their bachelor’s degree. Successful completion of the transfer degree in Political Science guarantees the student acceptance to a California State University (but does not guarantee acceptance to a particular campus or major) to pursue a baccalaureate degree, in preparation to pursue a career in the field of law, government service, city management, public administration, foreign service, journalism, business and teaching.

To obtain the Political Science Associate in Arts for Transfer degree, students must:

- Complete all the major requirements listed below with grades of C or better
- Complete a minimum of 60 CSU-transferable units with a grade point average (GPA) of 2.0 or better.
- Complete either the California State University General Education Breadth pattern (CSU GE), or the Intersegmental General Education Transfer Curriculum (IGETC).

**Student Learning Outcomes**:

Upon the successful completion of this program, students should be able to:

1. Distinguish between individual and citizen, and identify the impacts a citizen has on public policy.
2. Critically analyze a pro/con argument.
3. Identify the competing motivations behind the political behaviors of individuals and groups, and the constraints to those behaviors.
4. Identify the fundamental principles of a republican government, and compare and contrast with other forms of government (e.g. dictatorships, monarchies, theocracies.)
5. Identify social, political, and economic forces necessary to achieve a constitutional order.

**Major requirements for the Associate in Arts Transfer (AA-T) Degree**: 60 units

PSYCHOLOGY ASSOCIATE IN ARTS FOR TRANSFER

The Associate in Arts in Psychology for Transfer (AA-T) is for students who wish to major in psychology or related fields. Courses are designed to provide students with greater understanding of the behavior of living organisms as individuals and groups. Goals for the Psychology major include student preparation for:

1. Transfer to complete a baccalaureate degree.
2. Advanced studies within the field of Psychology.
3. Careers both within and outside the field of Psychology.
4. Thinking scientifically about the mind and behavior, including their own.

The program is suited to the needs of students who will complete their education at Chaffey College with an Associate in Arts degree, as well as those students who will complete their Chaffey Associate in Arts degree and transfer to a four year institution to complete their bachelor's degree. Successful completion of the transfer degree in Psychology guarantees the student acceptance to a California State University (but does not guarantee acceptance to a particular campus or major) to pursue a baccalaureate degree, in preparation to pursue a career in the fields of psychology, social service, education, social science research, biopsychology, clinical psychology, educational psychology, industrial psychology, organizational psychology, social psychology, school psychology, experimental psychology and counseling psychology.

To obtain the Psychology Associate in Arts for Transfer degree, students must:

- Complete the major requirements listed below with grades of C or better
- Complete a minimum of 60 CSU-transferable units with a grade point average (GPA) of 2.0 or better.
- Complete either the California State University General Education Breadth pattern (CSU GE), or the Intersegmental General Education Transfer Curriculum (IGETC).

Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:

1. Demonstrate familiarity with major concepts, theoretical perspectives, empirical findings, and historical trends.
2. Understand and apply basic research methods including research design, data analysis and interpretation.
3. Show insight into one’s own and others’ behavior and mental processes and apply effective strategies for self-management and self-improvement.
4. Recognize, understand and respect the complexity of socio-cultural and international diversity.
5. Respect and use critical and creative thinking, skeptical inquiry and the scientific approach.

RADIOLOGIC TECHNOLOGY

The Radiologic Technology program leads to an Associate in Science degree and certification. Training includes operation of digital and conventional x-ray equipment, exposing and processing images, utilizing radiation protection practices, positioning patients, and patient care. Concurrent clinical training is conducted in hospitals affiliated with Chaffey College. The Radiologic Technology program is accredited by the State of California and the Joint Review Committee on Education in Radiologic Technology, (JRCERT; www.jrcert.org). Upon successful completion, graduates earn Diagnostic Radiologic Technology and Radiologic Technologist Fluoroscopy Permit certificates and are eligible to become licensed as Radiologic Technologists. There are fees for obtaining licensure by examination and certification. The national certification examination and the State of California Certified Radiologic Technologist and Fluoroscopy Permit examinations are administered by the American Registry of Radiologic Technologists (ARRT; www.arrt.org). There are application fees for certification with the State of California (CRT). The program articulates with the California State University Northridge and the Loma Linda University Radiologic Technology programs for the bachelor’s degree.

The special application form for admission to the RT program is available online at www.chaffey.edu/radtec and must be submitted during the month of February for classes beginning the following August. Information about the requirements that must be completed prior to applying to the Radiologic Technology program is available at the RT website or from the Counseling Department. Go to www.chaffey.edu/radtec and click on the application form checklist and Information Packet for the Prospective Radiologic Technology Student. Application criteria is subject to change.

Applicants to the Radiologic Technology program must meet the following criteria:

1. Eligibility for admission to Chaffey College.
2. International students’ transcripts must have AERC, IERF or approved agency evaluation.
4. Completion of the following courses with a cumulative GPA of 2.8, or courses in progress at the time of application:
   a. MATH 425 or higher level math, or STAT 10, or SCSCI 10, or as required for graduation.*
   b. CHEM 9; 10; or 24A; or PHYS 5 or higher; or one year of high school chemistry or physics. If high school courses are used to meet this requirement, high school transcripts must be submitted for evaluation.
   c. BIOL 20 (or BIOL 424 and 424L)
   d. BIOL 30

Notes:

1. Students are admitted to the Radiologic Technology program on a point system.
2. Required courses listed under number four above and general education courses are assigned points. Only courses completed prior to the application period will be included for full point calculation.
3. A minimum cumulative GPA of 2.8 is required to apply to the Radiologic Technology program. In addition, all general education and required prerequisite courses must be completed with a minimum grade of C or higher, or in progress at the time of application.
4. Applicants will be notified by the end of May if they are accepted into the program.
5. Prior to admission to the RT program, evidence of satisfactory physical and emotional health is required as determined by a health examination. A background clearance and drug screening are also required. Applicants with a record of any felony are subject to review by the ARRT before an examination or license will be granted. Contact the ARRT at www.arrt.org, and submit a pre-application to determine eligibility for ARRT licensing. Applicants must obtain and submit a satisfactory background check certificate from www.mybackgroundcheck.com using a shared password. Refer to the RT website at www.chaffey.edu/radtec for details.
6. In order to continue in the RT program, students must earn a minimum grade of C (78%) in all Radiologic Technology courses.
Student Learning Outcomes:
Upon the successful completion of this program, students should be able to:
1. Properly identify the patient, interpret examine requests, and determine the proper procedure to successfully complete the exam.
2. Demonstrate ethics, professionalism, effective communication and critical thinking (problem solving).

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

Total units for the major: 72.5

“*All applicants to the Radiologic Technology program are required to have successfully completed or be enrolled in Intermediate Algebra (MATH-425). Successful completion of English Composition (ENGL-1A) and MATH-425 are required to earn an Associate Degree in Radiologic Technology. All general education coursework for the associate degree must be in progress or have been completed at the time of the RT application submission.

REAL ESTATE

The real estate professional in California is concerned with the transfer of title to real property and those activities supporting this vital function. Ranging in scope from the sale of single family residence to the management of a multi-unit residential complex, the real estate industry requires extensive education and practical experience of its licensees. The California Real Estate Commission has established stringent regulations, and the National Association of Realtors has an equally stringent Code of Ethics to insure a high level of individual professionalism.

Student Learning Outcomes:
Upon the successful completion of these programs, students should be able to:
1. Conduct business research, analyze, and interpret the findings.
2. Apply the conceptual framework of real estate transactions in business situations.
3. Demonstrate an understanding of the legal and ethical environment of real estate and make appropriate decisions.
4. Demonstrate ethics, professionalism and lifelong learning.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

Note: As of July 1, 2003, all applicants for a real estate salesperson license for the state of California are required to complete a course in Real Estate Practices in addition to the other required courses. Real Estate Practices must be taken prior to the license examination or for conditional licenses, within eighteen months after issuance of the license.
SIGN LANGUAGE STUDIES

Sign Language Studies prepares students for careers relating to the Deaf community and/or American Sign Language (ASL). Students will gain skills in communicating through ASL and translating English to ASL/ASL to English. Sign Language Studies may lead students to careers in Deaf Education, Interpreting, Sign Language Instruction, linguistic research, and many other areas. Additionally, students will have greater employment opportunities with their ability to communicate with deaf and hard-of-hearing population, especially in the legal, education, public safety, and health care fields.

Student Learning Outcomes:

Upon the successful completion of these programs, students should be able to:
1. Successfully engage in conversation strategies in ASL using advanced level receptive and expressive skills, including knowledge of linguistic structures and vocabulary.
2. Understand important cultural issues and behaviors related to American Deaf culture through personal interactions.
3. Be familiar with the history of American Deaf culture.

To obtain an Associate’s Degree, students must complete both the major requirements below and the graduation requirements listed on pages 33-34.

SOCIOLGY ASSOCIATE IN ARTS FOR TRANSFER

The Associate in Arts in Sociology for Transfer (AA-T) is a study of society, the social construction of reality and social interaction. Emphasis is placed on how social structure creates inequality based on group membership such as ethnicity, class and gender. The development and transformation of societies are explored, focusing on social forces such as social conflict, collective behavior, social movements, and organizational and institutional influences. Goals and outcomes for the Sociology major include student preparation for:

1. Transfer to complete a baccalaureate degree.
2. Advanced studies within the field of sociology.
3. Careers both within and outside the field of sociology.
4. Seamless transfer to a California State University pursuant to the requirements of SB-1440.

The program is suited to the needs of students who will complete their education at Chaffey College with an Associate in Arts degree, as well as those students who will complete their Chaffey Associate in Arts degree and transfer to a four year institution to complete their bachelor’s degree. Successful completion of the transfer degree in Sociology guarantees the student acceptance to a California State University (but does not guarantee acceptance to a particular campus or major) to pursue a baccalaureate degree, in preparation to pursue a career in the fields of sociology, social service, education, social science research, demographer/planner, political research, counseling, journalism and business.

To obtain the Sociology Associate in Arts for Transfer degree, students must:
• Complete all the major requirements listed below with grades of C or better
• Complete a minimum of 60 CSU-transferable units with a grade point average (GPA) of 2.0 or better.
• Complete either the California State University General Education Breadth pattern (CSU GE), or the Intersegmental General Education Transfer Curriculum (IGETC).

Student Learning Outcomes:

Upon the successful completion of this program, students should be able to:
1. Recognize the connections between social structure and the individual in society.
2. Identify how ideas about what is “real” and “true” are constructed in a social context and shaped by those who have power and influence.
3. Understand and demonstrate the impact of social action on the social structures of society.
4. Identify and explain the significance of social class, gender, age, and racial and ethnic inequality in the distribution of life chances, such as education, health, employment and career opportunities.
5. Identify the difference between research and opinion, evaluate different types of evidence and knowledge (ways of knowing), and explain how research reveals socially structured patterns.

Units for the Major 19-20

plus CSU General Education or IGETC Pattern 39-40

plus transfer-level course electives (as needed) 0-2

Total Units 60
**Spanish**

The Spanish program offers students a strong foundation in communicative skills and provides students with the opportunity to transfer to a variety of liberal arts, language arts, and linguistics bachelor degree programs. In addition, majoring in Spanish provides adults with the language skills necessary for various professions in healthcare, law enforcement, public safety, education, government, translation/interpretation, business, international relations, and hotel and food services. Spanish language study includes a strong cultural emphasis which also affords new perspectives on the world and on the language of one’s heritage.

**Student Learning Outcomes:**

Upon the successful completion of this program, students should be able to:

1. Recognize and use grammatical structures in Spanish.
2. Identify specific music, art, literature, and/or cultural traditions of Spain and Latin America.
4. Identify important cultural and/or historical figures of the Hispanic world.
5. Be familiar with the geography of the countries and regions where the target Spanish is spoken.

*Courses may count only once, either as core or as elective units.*

Note: Students entering either Spanish track with advanced standing will need to take additional units from the elective courses list to meet the major’s 25 unit requirement.

**Theatre Arts Associate in Arts for Transfer**

The Associate in Arts in Theatre Arts for Transfer (AA-T) prepares students to transfer into the CSU system to complete a baccalaureate degree in Theatre Arts or a similar major. Various productions are offered to provide students with a broad range of practical training.

The program is suited to the needs of students who will complete their education at Chaffey College with an Associate in Arts degree, as well as those students who will complete their Chaffey Associate in Arts degree and transfer to a four year institution to complete their bachelor’s degree. Successful completion of the transfer degree in Theatre Arts guarantees student acceptance to a California State University (but does not guarantee acceptance to a particular campus or major) to pursue a baccalaureate degree.

**Goals and outcomes for the Theatre Arts major include:**

1. Continued improvement and maintenance of a learner-centered environment for Theatre education that includes a dynamic and accessible performance program respectful of each student through varied delivery strategies.
2. Introduction of general education, transfer and vocational students to the history of theatre, classical stage acting techniques, musical theatre techniques, acting for the camera techniques, stylized acting, stage movement, directing for the stage and main stage production, as well as instruction that integrates the appreciation of theatre as an academic endeavor, comprehensive art and social form.
3. Provision of safe, current and effective facilities and equipment that are up to professional industry standards for varied technical theatre fields so that our students can create and enhance innovative projects/products.
4. Preparation of students for seamless transfer to a California State University to pursue a Theatre Arts baccalaureate degree pursuant the requirements of SB-1440.

To obtain the Theatre Arts Associate in Arts for Transfer degree, students must:

- Complete either the California State University General Education Breadth pattern (IGETC), or the Intersegmental General Education Transfer Curriculum (IGETC).
- Be familiar with the geography of the countries and regions where the target Spanish is spoken.
- Successfully engage in conversational strategies in Spanish.
- Identify important cultural and/or historical figures of the Hispanic world.
- Be familiar with the geography of the countries and regions where the target Spanish is spoken.

**Student Learning Outcomes:**

Upon the successful completion of this program, students should be able to:

1. Develop a fundamental knowledge of the origins of theatre.
2. Recognize the aesthetics of design.
3. Critically analyze and appraise a theatrical performance and technical aspects of the production.

Technical Theatre

The Technical Theatre Certificate of Career Preparation is designed to prepare students for occupational competency as a theatre technician; theatre manager in educational, community, and resident theatre venues; theme parks, television, and motion picture studios. Technical theatre technicians may work on set construction, theatrical carpentry, sound systems, lighting design, light board operation, stage lighting, scenery costumes, props, and special effects.

Student Learning Outcomes:

Upon the successful completion of this program, students should be able to:

1. Demonstrate skills that foster capacities of analysis, critical reflection, problem solving, communication, career development, and global and community awareness.
2. Develop a fundamental knowledge of the origins of theatre.
3. Recognize the aesthetics of design.
4. Critically analyze and appraise a theatrical performance and technical aspects of the production.

**University Studies**

The Associate in University Studies is designed for students who wish to pursue a broad education in liberal arts and sciences. This program is ideal for students planning to transfer to the California State University (CSU) or University of California (UC) as the student can satisfy their general education requirements, plus focus on transferring course work that relates to majors at these institutions. Please consult with a counselor for specific information regarding your intended major at the specific college/university of your choice.

- Select either the California State University General Education (CSU-GE) or Intersegmental General Education Transfer Curriculum (IGETC) for the general education pattern related to your educational goal.
- Complete 18 units in one ‘Area of Emphasis’ from those outlined below. (Note: where appropriate, courses in the ‘Area of Emphasis’ may also be counted for a general education area)
- For ALL OPTIONS: complete necessary Chaffey College Graduation and Proficiency requirements.
- All classes listed below transfer to CSU and courses in BOLD print also transfer to UC. Please refer to www.assist.org for articulation agreements and transfer details.

**Student Learning Outcomes:**

Upon the successful completion of these programs, students should be able to:

1. Demonstrate effective communication and comprehension skills.
2. Demonstrate critical thinking skills in problem solving across the disciplines and in daily life.
3. Demonstrate knowledge of significant social, cultural, environmental and aesthetic perspectives.
4. Assess their knowledge, skills and abilities; set personal, educational and career goals; work independently and in group settings; demonstrate computer literacy; and cultivate self-reliance, financial literacy and physical, mental and social health.

**Areas of Emphasis**

1. **Arts and Humanities:**

   
   | **[A301/18041/4903.10]** |
   | These courses emphasize the study of cultural, literary, humanistic activities and artistic expression of human beings. Students will evaluate and interpret the ways in which people through the ages in different cultures have responded to themselves and the world around them in artistic and cultural creation. Students will also learn to value aesthetic understanding and incorporate these concepts when constructing value judgments. At least one course must be completed in Arts and one in Humanities. This requirement will be met through the completion of CSUGE or IGETC; students pursuing transfer majors in these areas will be required to take additional courses in Arts and/or Humanities. |

   | **American Sign Language** | 1, 2, 3, 4 |
   | **Arabic** | 1, 2, 3, 4 |

2. **Social & Behavioral Sciences:**

   
   | **[A302/18042/4903.30]** |
   | These courses emphasize the perspectives, concepts, theories and methodologies typically found in the vast variety of disciplines that comprise study in the Social and Behavioral Sciences. Students will study about themselves and others as members of a larger society. Topics and discussion to stimulate critical thinking about ways people have acted in response to their societies will allow students to evaluate how societies and social subgroups operate. |

3. MATHEMATICS & SCIENCE:
[A303/18043/4902.00]
These courses emphasize the natural sciences which examine the physical universe, its life forms and its natural phenomena. Courses in Math emphasize the development of mathematical and quantitative reasoning skills beyond the level of intermediate algebra. Students will be able to demonstrate an understanding of the methodologies of science as investigative tools. Students will also examine the influence that the acquisition of scientific knowledge has on the development of the world’s civilizations. At least one course must be completed in Math and one in Science. This requirement will be met through the completion of CSUGE or IGETC; students pursuing transfer majors in these areas will be required to take additional courses in Math and/or Science.

4. BUSINESS & TECHNOLOGY
[A304/18044/4999.00]
These courses emphasize the integration of theory and practice within the fields of business and technology. Students will develop the ability to effectively manage and lead organizations. Students will demonstrate an understanding of the place of business and technology within the global economy. Students will critically apply ethical standards to business practices and decisions. Technology represents the sum of a society’s practical knowledge and is integrated throughout all aspects of business in our modern world. In this area of emphasis, technology courses are those that apply technical knowledge or tools in a discipline, such as Hotel and Food Service Management, Fashion, and Accounting; business courses would be those pertinent to all areas such as Business, Economics, Statistics, and Management. Students choosing this area of emphasis are required to take at least one course in business and one in technology.

HOW TO READ THE COURSE ENTRIES

Courses listed in this catalog apply to the Fall 2013, Spring 2014, and Summer 2014 terms. Courses are ordered numerically within alphabetically arranged subject areas.

- The bolded first line(s) indicate the official course number, a descriptive title, the number of units, and credit-by-exam authority (if applicable). Alpha-suffixes to course numbers indicate either (a) modularized courses where “A” precedes “B”, or (b) courses with variable units.
- The following line identifies the applicability of the course to college credit. All courses listed in this catalog are degree-applicable, non-degree-applicable, or non-credit. A subset of degree-applicable courses are also transferable to the CSU and/or the UC systems and are designated as such.
- The next line identifies the type of instructional delivery and the required range of hours for each delivery method per term.
- The next line identifies the grading schema for the course, which may be letter grade only, pass/no-pass grade only, letter grade with option for pass/no pass grading, or not graded.
- Next are italicized lines indicating limitations on enrollment, prerequisites, corequisites, and advisories (as applicable).
- The course description paragraph follows, with the C-ID number (if applicable) and TOP code assigned to the course appended at the end.

COURSE NUMBERING

1-99
Lower-division transfer and baccalaureate degree level courses. These courses are comparable to those offered in the first two years of a four-year college or university. Courses transferable to the California State University are marked (CSU); courses transferable to the University of California are marked (UC). Some transferable courses have credit limitations at either CSU or UC (or both); students should consult a counselor for details on these limitations.

400-499
Associate degree level courses may be applied to the Associate in Arts and Associate in Science degrees, as well as to vocational certificates.

500-599
Non degree applicable foundational and college preparatory courses are not part of the associate degrees nor vocational certificates, although they may be prerequisites to required courses. College credit is assigned and courses may be included in the student educational plan. These courses may be letter grade or pass/no-pass. If graded, the grades are not included in students' degree applicable grade point average computation.

600-699
Non-credit courses provide foundational, developmental, occupational, and general education opportunities. They do not earn unit credit, are not considered part of collegiate-level study, and are either not graded or have a pass/no-pass grading schema.

OTHER INFORMATION

Course Identification Number (C-ID)
The C-ID Numbering System is a statewide common number identifying specific courses that participating California colleges and universities have determined are comparable in scope and content to courses offered by other California community colleges, regardless of each college’s unique numbering system. Because courses may be modified and qualified for or deleted from the C-ID database throughout the year, students should consult www.assist.org and an academic counselor to confirm how C-ID qualified courses apply to the four-year college or university to which they plan to transfer.

Credit by Examination (Cx)
Courses designated (Cx) may be challenged for credit by examination.

Independent Study
Independent study courses provide individual students challenging and in-depth study on approved topics within any subject area. Independent study proposals must have the approval of the instructor and appropriate administrator. It is expected that the study will not duplicate existing curriculum; rather, it will be of an advanced nature and extend approved courses or series of courses. Interested students should contact discipline faculty for more information.

Requisites and Advisories
Some courses place limitations on enrollment. These limitations may require successful completion of other courses, concurrent enrollment in other courses, specified assessment scores for English, math, and/or reading skills, performance criteria, or health and safety conditions. Students not meeting the conditions imposed by these requirements may be unable to register for or may be dropped from any class requiring same. See the “Limitations on Enrollment” section elsewhere in this catalog for more information.

Advisories are recommendations for courses or competencies that students are encouraged - but not required - to meet before or in conjunction with the course to which they are attached.

Special Topics
Special topics courses offer in-depth study of topics not currently covered in the existing curriculum. Courses may be lecture, lab, or studio. Topics and unit value are determined by the department at the time of offering. Consult each term’s Schedule of Classes for specifics.

Taxonomy of Program Numbers (TOP)
The TOP number, as assigned by the 6th edition of the Taxonomy of Programs, is listed at the end of each course description. This number is included for Systems Office reference and program planning/budgeting purposes, and is not intended for student use.
ACCOUNTING (ACCTG)

1A Financial Accounting (4)
(CSU: UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Advisory: Completion of Computer Information Systems 1 or Business and Office Technologies 63.
Development and communication of financial information that is useful for decision-making. Course material covered includes the accounting environment; basic financial statements; accounting cycle; and operating, investing, and financing activities. 0502.00

1B Managerial Accounting (4)
(CSU: UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Accounting 1A.
Advisory: Completion of Computer Information Systems 1 or experience using spreadsheets.
Managerial accounting meets the information needs of internal users by developing and communicating information that is useful for management decision-making. Course material covered includes cost terms and concepts, cost behavior, cost control, cost-volume-profit analysis, profit planning and performance analysis in manufacturing and service environments. May be offered as an Honors course.
(C-ID ACCT 120) 0502.00

70 Cost Accounting (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Accounting 1B.
Fundamentals of cost accounting including theoretical concepts, terminology, planning, controlling, and costing for products, services, and customers. Using cost accounting theoretical concepts, students perform comparative analyses related to product costing for manufacturing, merchandising, and service companies. Students also evaluate both quantitative and qualitative data to assist management with strategic decision-making, planning, and control. 0502.00

430 Accounting for Governmental and Not-for-Profit Organizations (4)
(Degree-applicable)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Accounting 1A.
Introduction to the fundamentals of governmental and not-for-profit accounting. Emphasis on accounting for the various fund types and restrictions relevant to government and not-for-profit agencies, with both theoretical and practical aspects explored. 0502.00

435 Payroll Accounting (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Accounting 1A, 480, or 481.
Comprehensive overview of federal and state payroll laws and their effect on payroll records and required government reports. Course may be taken every three years as needed to maintain currency with payroll laws. 0502.00

460 Commercial Accounting Software (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Accounting 1A and completion of or concurrent enrollment in Computer Information Systems 1.
Basic concepts and techniques for using commercial accounting software designed for microcomputers in businesses grossing less than $500,000 annually. How to enter and process data, create reports and interpret the information. 0502.00

ACCOUNTING AND FINANCIAL SERVICES (ACCTGFS)

440 Introduction to Financial Planning (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Introduction to the concepts of the personal financial planning process, including budgeting, cash flow, debt considerations, the economic environment, wealth accumulation, and retirement concerns. Examination of regulation and licensing of investment advisors within the financial planning profession. 0504.00

442 Fundamentals of Finance and Investing (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Introduction to finance theory and its application to investment decisions involving stocks, bonds, mutual funds, government securities, options, and real estate. Topics include asset allocation principles, modern portfolio theory, investment tools and strategies, diversification, and tax implications of investments. 0504.00

450 Tax Preparation for Small Business (1.5)
(Degree-applicable)
Hours: 24-27 lecture.
Grading: Letter grade only.
Tax consequences of business decisions from the small business owners’ perspective. Topics include applicable U.S. and California tax laws, deductions, depreciation, medical and insurance plans, withholding, payroll and income tax liabilities, and retirement plan options. 0502.10

451 Volunteer Income Tax Assistance Program I (1)
(Degree-applicable)
Hours: 16-18 lecture.
Grading: Letter grade with option for pass/no-pass grade.
Advisory: Completion of Accounting and Financial Services 453.
Combining both theory and practical application, this course allows the student to research and analyze current federal and state tax issues and to assist lower income and elderly citizens in the preparation of their tax returns under the supervision of a CPA or certified tax preparer. 0502.10
452 Volunteer Income Tax Assistance Program II (0.5)
(Degree-applicable)
Hours: 24-27 laboratory.
Grading: Letter grade with option for pass/no-pass grade.
Prerequisite: Accounting and Financial Services 451, or a passing grade on the VITA Intermediate IRS exam.
A continuation of ACCTGFS 451 (VITA I), this course allows the student to research and analyze current tax issues, to interview real taxpayers, and to prepare and electronically file real tax returns under the supervision of a CPA or certified tax preparer. Note: VITA I & II must be taken consecutively in the same academic year.
0502.10

453 U.S. and California Income Tax Preparation (4)
(Degree-applicable)
Hours: 64-72 lecture.
Grading: Letter grade only.
U.S. and California income tax principles and tax return preparation as it relates to individuals, sole proprietors, and other business entities. This course is certified by the California Tax Education Council as fulfilling the 60-hour qualifying education requirement imposed by the State of California for becoming a Registered Tax Preparer.
0502.10

454 Introduction to the Taxation of Corporations and Partnerships (4)
(Degree-applicable)
Hours: 64-72 lecture.
Grading: Letter grade only.
Advisory: Completion of Accounting and Financial Services 453, basic computer skills, and some experience with spreadsheets.
Introduction to the tax issues pertinent to corporations, partnerships, estates, and trusts. Emphasis on the tax code and relevant regulations, as well as the transactions common to these types of entities. Helps prepare students for the Enrolled Agents exam.
0502.10

465 Financial Accounting for the Non-Accounting Major (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Creation, use, and interpretation of accounting data by the non-accounting business major, from an entrepreneurial perspective. Topics include business structure and financial statement analyses; forecasted financial statements; cash management and budgeting, including capital and operating budgets; management of receivables and payables; and an overview of financing options, banking relations, and credit management.
0502.00

472 International Trade Finance (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Business 61 or equivalent business experience.
Survey of the fundamentals of international financial management. Topics include the international financial environment, exchange rates, arbitrage, sources of finance for international trade (including commercial banks, government agencies, and non-bank lenders), risk analysis, budgeting, international cash management, and currency investment. Students analyze a variety of international financial management issues and problems through case studies and other techniques.
0508.00

**Administration of Justice (AJ)**

While many of the Administration of Justice courses may be challenged for Credit-by-Examination, a limitation to the number of challenges may apply. Contact the office of the Dean of Social and Behavioral Sciences for more information.

1 Introduction to the Criminal Justice System (3) [Cx]
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
This course introduces students to the characteristics of the criminal justice system in the United States. Focus is placed on examining crime measurement, theoretical explanations of crime, responses to crime, components of the system, and current challenges to the system. The course examines the evolution of the principles and approaches utilized by the justice system and the evolving forces which have shaped those principles and approaches. Although justice structure and process is examined in a cross-cultural context, emphasis is placed on the US justice system, particularly the structure and function of US police, courts, and corrections. Students are introduced to the origins and development of criminal law, legal process, and sentencing and incarceration policies.
(C-ID AJ 110) 2105.00

2 Concepts of Criminal Law (3) [Cx]
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Administration of Justice 1.
Historical development of criminal law, philosophy of law and constitutional provisions, definitions, classification of crime and the application to the system of administration of justice. Legal research, study of case law, methodology, and concepts of law as a social force.
(C-ID AJ 120) 2105.00

3 Criminal Court Process (3) [Cx]
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Administration of Justice 1.
Step-by-step examination of the criminal prosecution process from arrest through final disposition, and the associated court actions taken by the defense and prosecution. Roles and responsibilities of law enforcement, the judiciary, and corrections, viewed as both independent and collectively operating segments within the criminal justice system. Review of past and current criminal justice procedures as they relate to individual Constitutional and procedural rights.
(C-ID AJ 122) 2105.00

4 Community and the Justice System (3) [Cx]
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Course examines the complex, dynamic relationship between communities and the justice system in addressing crime and conflict with an emphasis on the challenges and prospects of administering justice within a diverse multicultural population. Topics may include the consensus and conflicting values between culture, religion and law. Roles of justice system agencies and practitioners, focusing on the interrelationships between the various agencies and their interaction with a diverse multicultural population. Analysis of the differences between community-oriented and problem-solving policing, with emphasis on the resultant public perception and effectiveness of law enforcement actions.
2105.00

5 Legal Aspects of Evidence (3) [Cx]
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Administration of Justice 1.
Origin, development, philosophy, and the constitutional basis of evidence; constitutional and procedural considerations affecting arrest, search, and seizure; kinds and degrees of evidence and the rules governing admissibility; judicial decisions interpreting individual rights; and case studies.
(C-ID AJ 124) 2105.00

6 Juvenile Procedures (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Administration of Justice 1.
Examination of the origin, development, and organization of the Juvenile Justice System as it evolved within the American Justice System. Course explores the theories that focus on juvenile law, courts and processes; and the constitutional protections extended to juveniles administered in the American Justice System. Course also includes evaluation of factors that contribute to delinquency, as well as those that aid in its prevention/repression.
(C-ID AJ 220) 2105.00

7 Criminal Investigation (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Administration of Justice 1.
Course addresses the techniques, procedures, and ethical issues in the investigation of crime, including organization of the investigative process, crime scene searches, interviewing and interrogating, surveillance, sources of information, utility of evidence, scientific analysis of evidence and the role of the investigator in the trial process. Course also includes fundamentals of investigation, collection and preservation of physical evidence, scientific aids, modus operandi, fingerprints, polygraphs, follow-up, and case preparation.
(C-ID AJ 140) 2105.00
8 Criminology (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Administration of Justice 1.  
Sociological analysis of crime, criminal behavior, and the criminal justice system.  
Explores the history and social construction of crime and criminality and examines  
the definition of crime and its violations as well as the laws and methods used to  
control criminal behavior. Discusses the measurement of crime and basic theoreti-

cal explanations of criminal behavior.  
(C-ID SOCI 160)  
2105.00  

9 Crime Scene Management and Forensic Evidence (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Administration of Justice 1.  
An introduction to the role of forensics in criminal investigations including methods  
utilized in the forensic analysis of crime scenes, pattern evidence, instruments,  
firearms, questioned documents and controlled substances.  
2105.40  

407 California Substantive Law (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Administration of Justice 1.  
Study of the substantive laws commonly encountered by municipal and state police  
oficers, investigators, prosecutors, defense attorneys, and criminal justice employ-
etes. Crime identification and classification, including elements of specific and gen-
eral intent crimes per the California Penal Code and other California-specific bodies  
of law. Scope of course includes misdemeanor and felony violations of the law, stat-
tus offenses, and strict liability offenses.  
2105.00  

408 Patrol Operations (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Administration of Justice 1.  
Responsibilities, techniques, and methods of police patrol. Topics include purpose  
and types of patrol, communications, observations, tactics, recording, courtroom  
testimony, and community relations.  
2105.00  

410 Narcotics and Vice Investigation (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Administration of Justice 1.  
Studies the substantive laws pertaining to narcotics and other contraband. Topics  
include narcotic use, possession, cultivation, sales, and penalties; legal definitions  
of illegal drug offenses; and methods for identifying narcotics.  
2105.00  

412 Writing for Criminal Justice Professionals (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 455, or eligibility for  
English 475 or completion of English 575, or eligibility for English as a Second Lan-
guage 475 or completion of English as a Second Language 558.  
Different types of written reports prepared by criminal justice professionals.  
Topics include: police reports, court testimony, search warrant, and legal mem-
orianda.  
2105.00  

413 Police Supervision, Leadership, and Management (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Administration of Justice 408.  
Role, function, and duties of the law enforcement supervisors and managers. Topics  
include defining the mission of law enforcement agencies; organizational structure;  
patrol operations, scheduling and deployment; department policies and procedures,  
personnel training; performance evaluations, selection, promotion of personnel;  
oral and written communications, including response to complaints and community  
concerns.  
2105.00  

AERONAUTICS  
(SEE AVIATION MAINTENANCE TECHNOLOGY)  

AMERICAN SIGN LANGUAGE (ASL)  

1 Elementary American Sign Language (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Study of American Sign Language (ASL) including an introduction to current and  
historical aspects of deaf culture. Skills focus on the basic principles of phrasing,  
vocabulary, sentence patterns, manual counting and spelling, semantics, and the  
development of expressive and receptive abilities. Ten hours of supplemental learn-
ing in a Success Center that supports this course is required. This course corre-
sponds to the first year of high school ASL.  
0850.00  

2 Elementary American Sign Language (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: American Sign Language 1 or one year of high school American Sign  
Language.  
Continued systematic study of the structure, vocabulary, and conversational strate-
gies of American Sign Language (ASL). Skills focus on the basic principles of phras-
ing, sentence patterns, manual counting and spelling, semantics, and the  
development of expressive and receptive abilities. Continued study of the American  
Deaf Culture history, community and language. Ten hours of supplemental learning  
in a Success Center that supports this course is required.  
0850.00  

3 Intermediate American Sign Language (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: American Sign Language 2 or two years of high school American Sign  
Language.  
Continued study and review of the structure, vocabulary, and conversational strate-
gies of American Sign Language (ASL). Review of ASL grammar, with special  
emphasis on idiomatic constructions. Continued study of the American Deaf  
culture history, community and language, thereby promoting an understanding of the wide  
variety of cultural issues concerning the Deaf community. Ten hours of supplemental learning  
in a Success Center that supports this course is required.  
0850.00  

4 Intermediate American Sign Language (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: American Sign Language 3.  
Continued study and review of the structure, vocabulary, grammar, and conversa-
tional strategies of American Sign Language (ASL). Further development and refine-
ment of ASL fluency in both productive and receptive skills, including mastery of  
ASL sentence structures. Appreciation and application of Deaf cultural norms, val-
ues, and behaviors. Ten hours of supplemental learning in a Success Center that  
supports this course is required.  
0850.00  

18 Introduction to Deaf Studies (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: American Sign Language 1.  
Overview of Deaf history and the origins of American Sign Language. Introduction  
to the basic issues of Deaf culture and communication. Students will gain an  
overview of historical and contemporary issues and people in the Deaf community.  
This course introduces students to the wide variety of issues involved in Deaf Stud-
ies, including linguistics, education, sociology, psychology, and interpreting.  
0850.00
ANTHROPOLOGY (ANTHRO)

1 Introduction to Physical Anthropology (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Study of the biological features of humankind, utilizing scientific and comparative methods to help understand variation and adaptation among humans, through the exploration of genetics, primatology, and the human fossil record.  

ARCHITECTURE (SEE DRAFTING)

ART (ART)

1 Contemporary Art: 1945 - Present (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Historical study of the diverse artistic movements from the end of WWII to the present, tracing the discourse of late modernism to postmodernism. Visual language, art terminology, philosophical issues and evolving art theories are used to examine works from a wide assortment of contexts. Course is an essential introduction to contemporary art for studio art, graphic design, photography, and art history majors. May be offered as an Honors course.  

2 Survey of Western Art from Prehistory through the Middle Ages (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Survey of the architecture, sculpture, and art of past cultures of the ancient beginnings of art of the Western World through the Medieval Period. Analysis of how symbolism and artistic style reflect the daily life, philosophy, religion, values, and concerns of each culture and historical period.  

3 Survey of Western Art from Renaissance to Contemporary (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Survey of the architecture, sculpture, and art of past cultures of the Western World from the Renaissance through the Modern period. Analysis of how symbolism, visual concepts, and artistic style reflect the philosophy, religion, values, and concerns of each culture and historical period.  

4 Women Artists in History (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Comprehensive study of the contributions of women artists to the Western art tradition from prehistory to the present day. Use of visual language and art terminology to examine artworks from a broad range of historic, social, political, and personal contexts. Critical analysis of arguments used to restrict women from artistic practices, institutions, movements, and histories. May be offered as an Honors course.  

5 Arts of Africa, Oceania, and Indigenous North America (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Survey of visual and material culture within the historical context of selected civilizations of the South Pacific islands, sub-Saharan Africa, and indigenous North America from ancient to modern times.  

Prerequisite: Arabic 2 or two years of high school Arabic.  
Review of basic Arabic grammar. Introduction to more complex sentence structures and verb tenses. Students use Modern Standard Arabic at an intermediate level in speaking, listening, reading, and writing. Includes intermediate uses of Modern Arabic alphabet, conversation strategies, and cultural interactions. Arabic cultural norms, values, and customs are explored and serve as a basis for additional skill-building practice. Ten hours of supplemental learning in a Success Center that supports this course is required.  

1 Intermediate Modern Standard Arabic (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Continued study of Modern Standard Arabic leading to a more accurate understanding and use of the language through placing emphasis on advanced-level speaking, reading, writing, and listening skills. Sophisticated vocabulary and complex grammatical structures are applied to speaking and writing assignments. Reading comprehension in Arabic is developed in the context of cultural texts and themes. Ten hours of supplemental learning in a Success Center that supports this course is required.  

2 Elementary Modern Standard Arabic (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Introduction to the four basic language skills in functional modern Arabic – aural, oral, reading, and writing. Students learn the basics of Arabic script and pronunciation while building a foundational vocabulary. Arabic cultural norms, values, and customs are explored and serve as a basis for additional skill-building practice. Ten hours of supplemental learning in a Success Center that supports this course is required. Corresponds to the first year of high school Arabic.  

3 Intermediate Modern Standard Arabic (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Review of basic Arabic grammar. Introduction to more complex sentence structures and verb tenses. Students use Modern Standard Arabic at an intermediate level in speaking, listening, reading, and writing. Includes intermediate uses of Modern Arabic alphabet, conversation strategies, and cultural interactions. Arabic cultural norms, values, and customs are explored and serve as a basis for additional skill-building practice. Ten hours of supplemental learning in a Success Center that supports this course is required.  

1L Laboratory for Physical Anthropology (1)  
(CSU; UC)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Corequisite: Anthropology 1 (may be taken previously).  
Optional laboratory experience coordinated with Anthropology 1. Comparative study of both human and non-human primates, human variation, evolution, genetics, forensic anthropology, and the primate fossil record.  

2 Introduction to Archaeology (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Survey of archaeology, including the use of basic methods of investigation, prehistoric and historic records, and related materials to help reconstruct past behaviors. Major cultural developments are explored, including the development of stone tools, fire use, shelters, agriculture, and the formation of cities and states.  

3 Introduction to Social and Cultural Anthropology (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
The nature of culture and the range of cultural phenomena, including material culture, social organization, religion, language, and other topics. The course emphasizes the ways of living that different societies have developed to adapt to their environment. The comparative method is stressed. May be offered as an Honors course.  

3L Laboratory for Physical Anthropology (1)  
(SEE DRAFTING)  
COURSE DESCRIPTIONS
8 Contemporary Media, Art and Visual Language (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Introduction to contemporary media, artists, and visual languages. Explores impact of new media, new concepts, and movements on art, artists and society. Theories and vocabulary of contemporary visual communication will be studied as a means to develop an understanding of artistic and societal trends, and as a way to investigate the process of creating and analyzing visual artwork. 1001.00

9 Art of the Ancient Americas (3) (Cx)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Survey of visual and material culture within the historical context of selected ancient American civilizations in Mexico, Central America, and South America up to European contact. 1001.00

10 Fundamentals of Design in Two Dimensions (4)  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
In depth introduction to the visual elements of two-dimensional design including color theory and practice. Techniques of visual thinking and creative manipulation of media applied to two-dimensional projects.  
(C-ID ARTS 100)  
1002.00

11 Survey of Asian Arts (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Survey of the art, architecture, religion, and history of India, south and southeast Asia, China, Korea, and Japan from prehistory to modern times. Art styles and characteristics unique to each culture and their function within the ideology of that society are considered. Problems involved in viewing art outside of its original cultural context are discussed at length. 1001.00

12 Fundamentals of Design in Three Dimensions (4)  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Art 10.  
Introduction to the fundamentals of design in three-dimensions with applications in a variety of sculptural media such as paper, plaster, wire, and mixed-media. Emphasis on the basic elements and principles of design, analysis of form, as well as the implications of space and time. This is a problem-solving course that encourages ideas/concepts, creative techniques, and manipulation of media in the development of three-dimensional projects. 1001.00

14 Introduction to Drawing (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Art 10.  
Introduction to freehand drawing with an emphasis on drawing from direct observation. Focuses on the development of perceptual skills and the fundamentals of composition. Exploration of traditional and experimental approaches using a variety of black-and-white and color media. 1002.00

16 Introduction to Painting (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Art 10 or 14.  
Introduction to painting in acrylic media. Exploration of traditional and contemporary approaches and techniques. Development of painting as a means of self-expression. Includes fundamentals of color theory and composition as applied to painting. 1002.10

18 Introduction to Ceramics (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Introduction to materials, tools, and processes used in making pottery and other ceramic art. Student learns use of potter's wheel, hand building, and traditional ceramics terminology as well as contemporary concepts of fired clay as art. 1002.20

20 Ceramic Sculpture (4)  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Introduction to three-dimensional (3D) design, sculptural processes, concepts, and materials with the emphasis on clay. 1002.30

30 Figure Drawing (3)  
(CSU; UC)  
Hours: 24-27 lecture; 72-81 laboratory.  
Grading: Letter grade only.  
Drawing the human form from the model with a focus on structure, anatomy, and its expressive design with particular emphasis on contemporary approaches and conceptual strategies. Includes exploration of various methods, techniques, and media in life drawing. 1002.10

32 Intermediate Drawing (4)  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Art 14.  
Advisory: Completion of Art 10.  
Continued study of freehand drawing. Emphasis placed on solving complex formal and conceptual problems. Individual research in contemporary drawing practices. Students are encouraged to develop work for a portfolio. 1002.10

34 Intermediate Painting (4)  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Art 16.  
Advisory: Completion of Art 10.  
Continued study of painting in acrylic media. Emphasis placed on solving complex formal and conceptual problems. Individual research in contemporary painting practices. Students are encouraged to develop work for a portfolio. 1002.10

35 Intermediate Ceramics (3)  
(CSU; UC)  
Hours: 24-27 lecture; 72-81 laboratory.  
Grading: Letter grade only.  
Prerequisite: Art 18.  
Advanced use of the potter's wheel and off-wheel construction methods. Attention is given towards the development of a personal aesthetic and conceptual focus. Designed to prepare students to continue working with clay and glazes. 1002.30

44 Mixed-Media Studio and Theory (3)  
(CSU; UC)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Art 12.  
Designed to explore experimental uses of materials and concepts through techniques such as collage, assemblage, installation and site-specific works, as well as contemporary art and craft. Development of both 2D and 3D mixed-media projects may include fiber, metal, wood, plastic, and found objects. Emphasis on technical processes, conceptual strategies, and personal expression. 0614.10

62A Illustration I (3) (Cx)  
(CSU)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Art 10 or 14.  
Advisory: Completion of Art 16, 44, or 63.  
Study of significant works of art in the field of illustration and graphic design to increase awareness in the visual expression of social and individual concepts and ideas. Emphasis on the development of basic skills in visual communication. 1002.30
62B Illustration II (3)  
(CSU)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Art 62A.  
Illustration techniques and concepts with extensive emphasis on creating visual solutions to applied problems, stylistic and conceptual innovation, and portfolio development.  
1013.00

63 Introduction to Graphic Design (4) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Introduction to the essential principles of digital imaging and design. Overview including historical aspects of the fields of art and design in relation to the rise of digital media and principles of portfolio development. Project-based experience, with current hardware and software used for design and printing of contemporary visual communications.  
0614.60

73 Typography and Layout (4)  
(CSU)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Art 63.  
Corequisite: Art 68B, 68C, 468B, 468C, or access to a Macintosh computer (G4 or higher, equipped with course appropriate software).  
Introduction to the practice, theory, history, and analysis of layout and typography, and the study of formal elements of typographic composition. Projects are directed toward both print media (poster, package, and magazine design) and computer screen-based projects (web design, motion graphics for TV, business presentations, interactive kiosks, type and layout for CD-ROM).  
1030.00

82 Introduction to Multimedia (4) [Cx]  
(CSU)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Art 10 and basic keyboarding skills are recommended.  
0614.16

83 Internet and Web Design (4)  
(CSU)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Art 63.  
Advisory: Completion of Art 82.  
Principles of website production and design using HTML and streaming video software tools, such as Dreamweaver and Flash. Topics include: visual content design, movie basics, streaming audio and video, text/titles, animation, toolbar functions, libraries, buttons, tweening, masks, sound publishing, editing, interface design, and integration of Web software tools.  
1002.30

89 Student Invitational Exhibition (4)  
(CSU)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Student must pass faculty review of creative project proposal and portfolio in November for the following Spring term course and exhibition.  
Interested students should contact an art or photography faculty member no later than September 1. Portfolios and applications are due in early November.  
Honors course for highly motivated studio art, digital media, and photography students who meet portfolio requirements. This course will involve in-depth independent research involving critical evaluation of concepts and ideas in the context of contemporary artistic expression, as well as rigorous exploration of media and techniques. In conjunction with the Wagnall Museum of Contemporary Art Director/Curator and discipline faculty, selected students cooperatively undertake all phases of mounting a professional quality exhibition of their artworks.  
1001.00

90A, B, C Art Honors Seminar (1)  
(CSU; UC credit limitations)  
Hours: 16-18 lecture.  
Grading: Letter grade only.  
Honors component for Art. Topics of interest are chosen by the instructor and students, and are presented in a seminar format. Prerequisites and/or corequisites are required.  
1001.00

92A-H Special Topics: Art (.5-6)  
(CSU; UC credit limitations)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special-interest course of varying length for students who wish further exploration in specific areas of art. Topics will be determined by the individual instructor and may cover the range of arts research in all forms of creative endeavor. May require corequisites and/or prerequisites based on the content of the course.  
1001.00

92LA-H Special Topics Laboratory: Studio Art (.5-6)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Special-interest course of varying length for students who wish further exploration in specific areas of studio art. Topics will be determined by the instructor and may cover the range of arts research in all forms of creative endeavor. May require corequisites and/or prerequisites based on the content of the course.  
1001.00

98A, B, C Independent Study: Art (1, 2, 3)  
(CSU and UC credit limitations)  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration.  
Special project course designed for the capable, well-motivated student. Each student explores and develops a project or a paper on a creative area of personal interest. Nature and extent of the project must be decided by student and instructor before the student may sign up for the course. Type and extent of the project determines the number of units allowed.  
1001.00

407 History of Design (3)  
(Degree-applicable)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Art 18.  
Introduction to materials, equipment, and processes used in the creation and firing of ceramic glazes.  
1002.30

410 Ceramic Glazes (3)  
(Degree-applicable)  
Hours: 24-27 lecture; 72-81 laboratory.  
Grading: Letter grade only.  
Prerequisite: Art 18.  
Investigation of concepts and technologies related to firing of raku, low fire, salt, and high fire. Personal growth through individual experimentation is encouraged.  
1002.30

421 Intermediate Ceramic Sculpture (4)  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Art 20.  
Intermediate investigations of three-dimensional (3D) design, sculptural processes, concepts, and materials with the emphasis on clay.  
1002.20

474 Identity System Design (4)  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Art 63.  
Corequisite: Art 68B, 68C, 468B, 468C, or access to a Macintosh computer (G4 or higher, equipped with course appropriate software).  
A visual identity program provides an integrated typographic and graphic system for identifying an organization in all print and motion graphic media. Explores the formal and conceptual attributes that distinguish effective visual identity systems. Study of the steps involved in the development of a business’s visual identity, from the initial meetings with the client, through research methodology, visual concept generation, final presentations, and identity applications.  
1030.00
478 Illustration on the Computer (3)  
(Degree-applicable)  
Hours: 32-36 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Prerequisite: Art 63 or 82.  
Introduction to commercial illustration using the computer. Applying understanding of the design features of software into the problem solving process of commercial assignments, ranging from editorial and promotional expression, to informational and children’s book illustration.  
0948.00

482 Editing Digital Media (4)  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Prerequisite: Art 63 or 82.  
Principles of editing for film, video and multimedia. Use of theory, history, process, and techniques to digitally create and edit a film or video production.  
0614.00

484 2-D Motion Graphic Animation (4)  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Prerequisite: Art 63 or 82.  
Introduction to the art and design of 2-D animation, motion graphics, visual effects, and compositing. Projects include: digital image manipulation, animation principles, editing basics, green screen compositing, animated effects, digital input and output, compression, and an historical and theoretical overview.  
0614.60

488 Portfolio and Presentation (4)  
(replaces Art 480)  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration into this course. 
Advisory: Completion of a substantial number of required courses in an art, graphic communication, or visual communications major or certificate.  
Preparation and presentation of portfolio in a professional manner. Emphasis on appropriate selection of work, concept improvement, and methods of presentation.  
Awarding of certificate is dependent upon successful completion of this course.  
1001.00

Astronomy (astron)

26 Stars and Galaxies (3)  
(CSU: UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Math 410.  
Overview of the universe beyond our solar system. Understand stars and galaxies by understanding the processes that shape them. Use observations from telescopes and spacecraft, the scientific method, and basic physical concepts. Briefly consider relativity, spacetime, and the history and fate of the universe.  
1911.00

35 Planets and the Solar System with Lab (4)  
(CSU: UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Math 410.  
Study of planets, moons, and other bodies within solar systems. Using observations from telescopes and spacecraft, the scientific method and basic concepts from physics, geology, and other sciences to identify and explain formative processes and unique characteristics. Laboratory activities include formulating a scientific investigation; selecting the appropriate tools and methods of planetary science to image, measure, and/or observe phenomena; analyzing data; identifying error; and reporting results.  
1911.00

Automotive Technology (autotec)

10 Service and Repair (4)  
(CSU)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Introduction to the automotive service industry. Basic principles of the operation of engines, transmissions, driveline, steering, suspension and braking systems, and heating and air conditioning systems. Scheduled and preventative automotive maintenance and minor services are performed. Students also develop a written career plan, outlining their educational, certification, and licensing goals.  
0948.00

15 Automotive Electricity and Electronics (2)  
(CSU)  
Hours: 24-27 lecture; 24-27 laboratory.  
Grading: Letter grade only. 
Basic automotive electricity and electronics. Diagnosis of typical automotive electrical concerns using wiring diagrams/schematics and various testers. Emphasis on the use of digital multimeters for troubleshooting. Foundation course for electricity and electronics subject matter found in other automotive technology courses.  
0948.40

407 Introduction to Hybrid Vehicles (2.5)  
(Degree-applicable)  
Hours: 24-27 lecture; 48-54 laboratory.  
Grading: Letter grade only. 
An introduction to the operational theory, maintenance, and other service requirements for gasoline-electric hybrid vehicles. Safety requirements specific to hybrid vehicles are stressed.  
0948.00

416 Basic Automotive Air Conditioning Systems (2)  
(Csx-applicable)  
Hours: 24-27 lecture; 24-27 laboratory.  
Grading: Letter grade only. 
Operation, service, and repair of automotive heating, ventilation, and air conditioning systems, with emphasis on environmental protection, including refrigerant recycling. Course provides the information necessary to qualify for refrigerant recovery, recycling, and handling certification by the United States Environmental Protection Agency (EPA), and prepares students to take the Automotive Service Excellence (ASE) A5 Technician Certification exam.  
0948.00

417 Brakes (4)  
(Csx-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only. 
Advisory: Completion of Automotive Technology 10 and 15. 
Diagnosis, service, and repair of disc and drum brake systems and related hydraulic, mechanical, and electrical systems. Anti-lock brake operation is introduced. Course supports the Student Learning Outcomes of the Automotive Technology program by preparing students to take the Automotive Service Excellence (ASE) A5 Technician Certification exam.  
0948.00

418 Suspension and Steering Systems (4)  
(Csx-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only. 
Advisory: Completion of Automotive Technology 10 and 15. 
Operation, diagnosis, and repair of steering and suspension systems, including wheel and tire service, and two- and four-wheel alignments. Course supports the Student Learning Outcomes of the Automotive Technology program by preparing students to take the Automotive Service Excellence (ASE) A4 Technician Certification exam.  
0948.00

422 Fuel, Ignition, and Emission Control Systems (5)  
(Csx-applicable)  
Hours: 48-54 lecture; 96-108 laboratory.  
Grading: Letter grade only. 
Prerequisite: Automotive Technology 10 or 450, and Automotive Technology 15, 429 or 455. 
Introduction to the operational theory, maintenance, and minor services performed. Emphasis on the diagnosis of engine performance and related emissions. This course – together with Automotive Technology 423 - supports the Student Learning Outcomes of the Automotive Technology program by preparing students to take the Automotive Service Excellence (ASE) A8 Technician Certification exam, or the BAR California A8 Equivalent exam.  
0948.00
423 Engine Management Systems and Drivability (4) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Automotive Technology 422.  
Computer control of the ignition, fuel, and emissions systems. Emphasis on diagnosis and correction of conditions affecting engine performance. This course—together with Automotive Technology 422—supports the Student Learning Outcomes of the Automotive Technology program by preparing students to take the Automotive Service Excellence (ASE) A1 Technician Certification exam, or the BAR California A6 Equivalent exam. 0948.00

427 Engine Operation and Service (5) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Prerequisite: Automotive Technology 427 or 455.  
Operation and service of automotive electrical systems. Emphasis on reading wiring diagrams and using test equipment to diagnose and troubleshoot electrical/electronic systems. Preparers students to take the Automotive Service Excellence (ASE) A6 Technician Certification exam or the BAR California A6 Equivalent exam. 0948.00

429 Advanced Automotive Electrical Systems (4) [Cx]  
(Degree-applicable)  
Hours: 40-45 lecture; 72-81 laboratory.  
Grading: Letter grade only.  
Prerequisite: Automotive Technology 15 or 455.  
Advanced operation and service of automotive electrical systems. Emphasis on reading wiring diagrams and using test equipment to diagnose and troubleshoot electrical/electronic systems. Preparers students to take the Automotive Service Excellence (ASE) A6 Technician Certification exam or the BAR California A6 Equivalent exam. 0948.00

430 Engine Rebuilding - Upper Engine (5)  
(Degree-applicable)  
Hours: 48-54 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Provides the knowledge and skills needed by automotive machinists. Reconditioning of automotive gasoline and diesel engines, including inspection, measuring, and machining of valve train components and construction of cylinder head assemblies. 0948.00

431 Engine Rebuilding - Lower Engine (5)  
(Degree-applicable)  
Hours: 48-54 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Provides the knowledge and skills needed by automotive machinists. Reconditioning of automotive gasoline and diesel engines, including inspection, measuring, and machining of lower engine components and the reassembly of cylinder blocks. 0948.00

432 Manual and Automatic Transmissions, Transaxles and Drive Trains (5) [Cx]  
(Degree Applicable)  
Hours: 48-54 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Prerequisite: Automotive Technology 10 or 450, and Automotive Technology 15, 429 or 455.  
Diagnosis, maintenance, repair and overhaul of automatic and manual transmissions, transaxles and drive trains, to include four-wheel and all-wheel drive systems. Special emphasis on the use of diagnostic equipment and methods for accurately determining transmission and transaxle conditions. Preparers students to take the Automotive Service Excellence (ASE) A2 and A3 Technician Certification exams. 0948.00

435 High Performance Engine Building and Blueprinting (5)  
(Degree-applicable)  
Hours: 48-54 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Automotive Technology 430 and 431.  
Students develop advanced skills in automotive machining operations, use of precision measuring tools, and high performance engine modification and assembly techniques. Upon completion of this course, students will be able to “blueprint” an engine to industry standards. 0948.00

443 Engine and Emission Control Training Level I (4)  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Automotive Technology 423.  
Engine and Emission Control Training is intended to provide students with fundamental knowledge of engine and emission control theory, design, and operation. Students who successfully complete this training will have met the first step of the Bureau of Automotive Repair’s (BAR) training requirements for inexperienced or minimally experienced candidates for the Smog Check Inspector License. Candidates for the Smog Check Inspector license who do not meet BAR specified requirements must complete this training before proceeding to Level 2 Smog Check Training. Candidates who meet the BAR specified requirements are not required to complete this training. BAR specified requirements: Possess ASE A6, A8, and L1 certification; or possess an AA/AAS degree or Certificate in automotive technology and have 1 year experience; or have 2 years of experience and have completed BAR specified training. 0948.00

450 General Automotive Technician A (12)  
(Degree-applicable)  
Hours: 144-162 lecture; 144-162 laboratory  
Grading: Letter grade only.  
Designed for students who want the occupational training required for employment as an automotive service technician. Content is similar to other courses offered individually—such as Brakes; and Steering and Suspension—with more emphasis placed on development of marketable skills. 0948.00

455 General Automotive Technician B (12)  
(Degree-applicable)  
Hours: 144-162 lecture; 144-162 laboratory  
Grading: Letter grade only.  
Designed for students who want the occupational training required for employment as an automotive service technician. Content is similar to other courses offered individually—such as Automotive Electrical Systems A; Fuel, Ignition and Emission Control Systems; and Basic Automotive Air Conditioning Systems—with more emphasis placed on developing marketable skills. 0948.00

492A-H Special Topics: Automotive Technology (.5-6)  
(Degree-applicable)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special interest lecture course in specific automotive technology areas. Topics vary and are determined by the instructor. See the schedule of classes for current term emphasis. May require prerequisites and/or corequisites based upon the content of the course. 0948.00

492LA-H Special Topics Laboratory: Automotive Technology (.5-6)  
(Degree-applicable)  
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Special interest laboratory course in specific automotive technology areas. Topics vary and are determined by the instructor. See the schedule of classes for current term emphasis. May require prerequisites and/or corequisites based upon the content of the course. 0948.00

AVIATION MAINTENANCE TECHNOLOGY (AMT)

12 Aviation Science, Materials, Processes, Inspections & Regulations (12)  
(CSU)  
Hours: 144-162 lecture; 144-162 laboratory.  
Grading: Letter grade only.  
Aerospace materials, hardware, manufacturing practices and safety, blueprint reading, inspection techniques, aircraft servicing, cleaning and corrosion control and FAA regulations as required for an FAA Airframe and/or Powerplant Technician’s License. Includes aircraft mathematics, physics, aerodynamics and flight controls, weight and balance calculations and basic AC and DC electricity required for an FAA Airframe and/or Powerplant Technician’s License. This course includes General Aeronautics laboratory hours to fulfill FAA practical aeronautical applications in aerodynamics, physics, weight and balance, FAA and manufacturer’s publications, aircraft materials and processes, blueprint reading, aircraft servicing, electricity and mathematics. 0950.00

14A, B, C, D General Aeronautics Laboratory (1-1-1-1)  
(CSU)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Corequisite: Aviation Maintenance Technology 12 (may be taken previously).  
General aeronautics laboratory course to fulfill FAA practical aeronautical applications in aerodynamics, physics, weight and balance, FAA and manufacturer’s publications, aircraft materials and processes, blueprint reading, aircraft servicing, electricity and mathematics. 0950.00
30 Airframe Structures (4.5) [Cx]  
(CSU)  
Hours: 72-81 lecture.  
Grading: Letter grade only.  
Prerequisite: Aviation Maintenance Technology 12.  
Corequisite: Aviation Maintenance Technology 33ABC or 34ABCDEF.  
Aircraft metallic and nonmetallic structural fabrication, inspection, and repair methods. Related training for FAA airframe maintenance technician’s license.  
0950.20

31 Airframe Primary Systems (4.5) [Cx]  
(CSU)  
Hours: 72-81 lecture.  
Grading: Letter grade only.  
Prerequisite: Aviation Maintenance Technology 12.  
Corequisite: Aviation Maintenance Technology 33ABC or 34ABCDEF.  
Aircraft landing gear, hydraulic, pneumatic, fuel, and electrical system inspection and repair methods. Related training for FAA airframe maintenance technician’s license.  
0950.10

32 Airframe Auxiliary Systems (4.5) [Cx]  
(CSU)  
Hours: 72-81 lecture.  
Grading: Letter grade only.  
Prerequisite: Aviation Maintenance Technology 12.  
Corequisite: Aviation Maintenance Technology 33ABC or 34ABCDEF.  
Aircraft cabin atmosphere, instrument, communication, navigation, avionics, position, warning, ice and rain control, and fire protection systems. Related training for FAA airframe maintenance technician’s license.  
0950.10

33A, B, C Airframe Laboratory (1.5-1.5-1.5)  
(CSU)  
Hours: 72-81 laboratory.  
Grading: Letter grade only.  
Prerequisite: Aviation Maintenance Technology 12.  
Corequisite: Aviation Maintenance Technology 30, 31, or 32 (may be taken previously).  
Airframe laboratory course to fulfill FAA requirements for practical airframe experience. Subjects are metallic and nonmetallic structural fabrication, inspection, and repair; welding, rigging, and assembly; and airworthiness inspection.  
0950.10

34A, B, C, D, E, F Airframe Laboratory (1-1-1-1-1-1)  
(CSU)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Aviation Maintenance Technology 12.  
Corequisite: Aviation Maintenance Technology 30, 31, or 32 (may be taken previously).  
Airframe laboratory course to fulfill FAA requirements for practical airframe experience. Subjects are aircraft electrical, hydraulic, pneumatic, instruments, landing gear, fuel, cabin atmosphere, ice and rain, fire protection, navigation, communication, and position and warning systems.  
0950.10

33  Airframe Primary Systems (4.5) [Cx]  
(CSU)  
Hours: 72-81 lecture.  
Grading: Letter grade only.  
Prerequisite: Aviation Maintenance Technology 12.  
Theory, fundamentals, construction, maintenance, inspection, overhaul and operation of reciprocating and turbojet aircraft engines. Powerplant systems and components inspection and overhaul. Related training for the FAA powerplant maintenance technician's license.  
0950.20

22  Powerplant Systems and Components II (4.5) [Cx]  
(CSU)  
Hours: 72-81 lecture.  
Grading: Letter grade only.  
Prerequisite: Aviation Maintenance Technology 20, 21, or 22 (may be taken previously).  
Theory, fundamentals, construction, maintenance, inspection, overhaul and operation of reciprocating and turbojet aircraft engines. Powerplant systems and components inspection and overhaul. Related training for the FAA powerplant maintenance technician's license.  
0950.20

21  Powerplant Systems and Components I (4.5) [Cx]  
(CSU)  
Hours: 72-81 lecture.  
Grading: Letter grade only.  
Prerequisite: Aviation Maintenance Technology 20, 21, or 22 (may be taken previously).  
Reciprocating and turbine aircraft engine instrument, electrical, lubrication, and ignition systems and components. Related training for the FAA powerplant maintenance technician's license.  
0950.20

20  Powerplant Theory and Maintenance (4.5) [Cx]  
(CSU)  
Hours: 72-81 lecture.  
Grading: Letter grade only.  
Prerequisite: Aviation Maintenance Technology 12.  
Theory, fundamentals, construction, maintenance, and operation of reciprocating and turbojet aircraft engines. Related training for the FAA powerplant maintenance technician’s license.  
0950.10

BIOLOGY (BIOL)

1  General Biology (4)  
(CSU; UC credit limitations)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Introduction to the major themes and principles in biology through lecture, laboratory, and field experiences. Students investigate topics ranging from molecules to the ecosystem. Meets general education requirements.  
0401.00

2  Environmental Biology (4)  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
An overview of ecosystem structure and function, with critical evaluation of human-caused ecological problems. Topics include overpopulation, resource depletion, pollution, climate change, habitat fragmentation, and loss of biodiversity. Course includes a weekend field trip.  
0301.00

3  California Natural History (4)  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
An ecological introduction to California’s natural communities. Lecture topics include energetics, materials cycling, succession, and characteristics of natural communities. Laboratory stresses interrelationships among flora and fauna, geology, and climate, with emphasis on field recognition. Course includes an overnight field trip.  
0408.00

10  Concepts in Biology (3)  
(CSU; UC credit limitations)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Introduction to the major themes and principles of biology including energy flow and metabolism, structure/function relationships, inheritance patterns, ecology, evolution, and diversity of biological organisms. Students investigate these themes through topics at various levels of organization ranging from molecules to ecosystems.  
0401.00

12  Introduction to Human Genetics (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
General introduction to the fundamentals of human heredity. Topics include patterns of inheritance, DNA structure and function, the role of mutation in genetic diseases and cancer, the interaction between genes and the environment, and recent advances in biotechnology and its impact on society.  
0401.00
14 Health Science (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Human health and wellness. Topics include mental health; nutrition; abuse of drugs, alcohol and tobacco; sexually transmitted diseases and other communicable and non-communicable diseases; physical fitness; and many other aspects of positive health. May satisfy the health education unit requirement for a teaching credential in the state of California. 0837.00

20 Human Anatomy (4)
(CSU; UC)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or satisfactory completion of English 475 or English as a Second Language 475.
A systematic study of the microscopic and macroscopic structures of the human body. Emphasis on cell structures, integumentary, skeletal, muscular, respiratory, cardiovascular, nervous, digestive, urinary, endocrine, and reproductive systems. Includes considerations of pathologies and disorders of these systems. 0410.00

22 Human Physiology (4)
(CSU; UC)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Biology 20, and Chemistry 9 or 10 or 1 year of high school chemistry.
The dynamic nature of life processes in the human body, including the physiology of the cell and the functions and interrelations of the organ systems. Lab emphasizes experimentation and scientific reasoning. 0410.00

23 General Microbiology (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Biology 22, or Biology 61, or Biology 50 and Chemistry 9 or 10 or high school chemistry.
Introduction to microbiology, with strong emphasis on microorganisms pathogenic to humans. Topics include microbial morphology, genetics, taxonomy, metabolism, the infectious disease process, mechanisms of controlling microbes, and immunology. 0403.00

23L General Microbiology Laboratory (2)
(CSU; UC)
Hours: 96-108 laboratory.
Grading: Letter grade only.
Corequisite: Biology 23 (may be taken previously).
Introduction to microbiology laboratory techniques. Methods of culturing, staining, biochemically analyzing, and classifying microorganisms. 0403.00

30 Beginning Medical Terminology (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Applied medical etymology including the origin, correct spelling, pronunciation, meaning, and current usage of common medical terms, disorders, and medical treatments in the context of body systems. Application of relevant vocabulary to clinical records and reports, emphasizing roots, prefixes, infixes, suffixes, medical abbreviations, symbols, and terms common in patients' records and laboratory reports. 0401.00

61 Introduction to Cell and Molecular Biology (5)
(CSU; UC)
Hours: 64-72 lecture, 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Chemistry 10 or 1 year of high school chemistry, and eligibility for Mathematics 25 or higher level math as determined by the Chaffey assessment process or completion of Mathematics 425.
Advisory: Completion of ENGL-1A.
An intensive course designed to prepare students for upper division courses in cell and molecular biology. Topics include biochemical, structural, metabolic, and genetic aspects of cells. Laboratory will include experimental design, a variety of techniques (e.g. microscopy, spectrophotometry, electrophoresis), and data analysis. 0401.00

62 Biology of Organisms (5)
(CSU; UC)
Hours: 48-54 lecture, 96-108 laboratory.
Grading: Letter grade only.
Prerequisite: Biology 50 or 61.
An introduction to the origin and evolution of life on earth, emphasizing systematics, anatomy, physiology, development and ecology. Lab includes an evolutionary survey of prokaryotes, protists, fungi, plants, and animals. 0401.00

63 Evolutionary Ecology (4)
(CSU; UC)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Biology 50 or 61.
Introduction to the principles, theories and methods of evolutionary ecology, including evolutionary theory, speciation, physiological ecology, population dynamics, demographics and life history strategies, niche theory, community interactions and community structure, succession, biogeography, ecosystem ecology, biodiversity, and conservation biology. Course includes one or more overnight field trips. 0401.00

92A-H Special Topics: Biology (.5-6)
(CSU; UC credit limitations)
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Specializations in the biological sciences. Prerequisites and/or corequisites may be required for topics that call for specific knowledge or preparation. Topics vary; see class schedule for current term focus. 0401.00

92A-H Special Topics Laboratory: Biology (.5-6)
(CSU; UC credit limitations)
Hours: 48-54 laboratory hours per unit of credit.
Grading: Letter grade only.
Laboratory activities associated with specializations in the biological sciences. Prerequisites and/or corequisites may be required for topics that call for specific knowledge or preparation. Topics vary; see class schedule for current term focus. 0401.00

98A, B.C Independent Study: Biology (1, 2 or 3)
(CSU and UC credit limitations)
Grading: Letter grade only.
Limitation on Enrollment: Instructor signature is required for registration.
Advisory: Students should have successfully completed a transfer-level biology course.
Course is designed for the capable biology student who wishes to explore and develop an independent project in the biological sciences. Individual inquiry, special techniques, and selected readings are expected. Student and instructor must reach agreement concerning the topic and scope of the project prior to student's registration. Course may be repeated, however project must differ with each enrollment. 0401.00

424 Anatomy and Physiology (3) [Cx]
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Biology 30 or one year of high school biology.
Human anatomy and physiology with emphasis on the structures and functions of the organ systems. Course is primarily intended for students entering related vocational programs. 0410.00

424L Anatomy and Physiology Laboratory (1)
(Degree-applicable)
Hours: 48-54 laboratory.
Grading: Letter grade only.
Corequisite: Biology 424 (may be taken previously).
Advisory: Completion of Biology 30 or one year of high school biology.
Laboratory investigation of anatomy and physiology of organ systems from cell through system levels. Course is primarily intended for students entering related vocational programs. 0410.00

Botany
(SEE BIOLOGY)
55 Broadcast Audio and Announcing (3) (CSU)

Hours: 32-36 lecture; 48-54 laboratory.
Grading: Letter grade only.
Introduction to the theory and practice of audio production for radio, television, film, and digital recording applications. Principles of digital audio production, digital recording, microphone use and placement, sound effects, and audio mixing, and sound design and aesthetics. Practical experience with microphones, multi-track digital/audio recording and mixing, editing, mastering, and control-board cueing. Digitizing and mixing compact disc, DVD, audio/video, and analog sources with music, spoken word, voice-over narration, and sound effects. Integration of sound design in motion pictures, television and the media arts. General FCC rules and regulations pertinent to the broadcast industry. Upon completion, students will have basic knowledge of applied audio concepts, production workflow, equipment functions, and audio editing software. 0604.00

60 Television Production (3) (Cx)

Hours: 32-36 lecture; 48-54 laboratory.
Grading: Letter grade only.
Advisory: Knowledge of Macintosh computer keyboarding is recommended.
Principles of single-camera high definition videography, television screenwriting, audio and video flash card recording, and computer editing. Operation and placement of video cameras, microphones and lighting equipment. Overview of crew positions and production protocols for Electronic Field Production (EFP), Electronic News Gathering (ENG), commercial, public service announcement, and dramatic stories. Development of the fundamental and comprehensive skills required to create standard and alternative programming for television broadcast. 0604.20

62 Multi-Camera Television Production (3) (CSU)

Hours: 32-36 lecture; 48-54 laboratory.
Grading: Letter grade only.
Advisory: Possession of basic computer skills.
Multi-camera studio and event production, including television production concepts, directing, scriptwriting, and studio and master control operations. Additional topics include studio lighting equipment placement, lighting board operation, video signal engineering, multi-camera angle editing, multi-camera line switching techniques for live broadcasts, and critical and applied aspects of studio configured camera operations. Students coordinate cameras and on-screen performers, and collaborate with production crew members and master control-room personnel to produce, direct, and edit multi-camera studio productions. 0604.20

65 Radio Production (2) (CSU)

Hours: 16-18 lecture; 48-54 laboratory.
Grading: Letter grade only.
Advisory: Possession of basic computer skills.
Production of various broadcast and automated media programming. Application of advanced techniques in the operation of streaming audio, digital multi-track recording, editing, and mixing. Study of current FCC rules and regulations. Students examine and explore advanced concepts, focusing on aesthetics, announcing, creativity, psychoacoustics, and sound design. 0604.10

67 Beginning Radio Production (3) (replaces Broadcasting 65) (CSU)

Hours: 32-36 lecture; 48-54 laboratory.
Grading: Letter grade only.
Introductory course in theory and application of audio production techniques for radio. Students gain a basic understanding of audio equipment in both live and pre-recorded broadcasting. Includes recording equipment, mixers, digital audio production, radio program formats, broadcast writing, and announcing skills. Production of various live radio broadcasts on Chaffey College radio and automated media programming. Application of radio production techniques in audio board operation, production of Internet audio/radio streaming audio, digital multi-track recording, mixing, and editing. Study of current FCC rules and regulations. Students examine and explore radio programming concepts, focusing on aesthetics, content, and weekly radio broadcast production. 0604.10

68 Postproduction for Broadcasting and Cinema (3) (CSU)

Hours: 32-36 lecture; 48-54 laboratory.
Grading: Letter grade only.
Advisory: Knowledge of Macintosh computer keyboarding is recommended.
Principles of single-camera high definition videography, television screenwriting, audio and video flash card recording, and computer editing. Operation and placement of video cameras, microphones and lighting equipment. Overview of crew positions and production protocols for Electronic Field Production (EFP), Electronic News Gathering (ENG), commercial, public service announcement, and dramatic stories. Development of the fundamental and comprehensive skills required to create standard and alternative programming for television broadcast. 0604.20

70 Postproduction for Broadcasting and Cinema (3)

Formerly Broadcasting 474 (CSU)

Hours: 32-36 lecture; 48-54 laboratory.
Grading: Letter grade only.
Advisory: Possession of basic computer skills is recommended.
Visual theory, techniques, and methodology of high-definition cinematography applied to the production of dynamic television stories. Integration of Advanced Television Systems Committee (ATSC) broadcast technologies with widescreen videography. Emphasis on aesthetic enhancements in the writing, production, and editing of single-camera-produced stories. Students collaboratively produce and/or edit a high-definition video project. 0604.20

72A-H Special Topics: Broadcasting (.5-6) (CSU)

Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Special interest lecture course for students who wish further exploration in the field of broadcasting. Topics will vary and will be determined by the instructor. See the schedule of classes for current term emphasis. May require prerequisites and/or corequisites based upon the content of the course. 0604.00

72A-H Special Topics Laboratory: Broadcasting (.5-6) (CSU)

Hours: 48-54 laboratory hours per unit of credit.
Grading: Letter grade only.
Special interest laboratory course for students who wish further exploration in the field of broadcasting. Topics will vary and will be determined by the instructor. See the schedule of classes for current term emphasis. May require prerequisites and/or corequisites based upon the content of the course. 0604.00

88A, B, C Independent Study: Broadcasting (1, 2, or 3) (CSU credit limitations)

Grading: Letter grade only.
Limitation on Enrollment: Instructor signature is required for registration.
Designed for the capable and well-motivated student who wishes to pursue a special area of broadcasting, or a more advanced project in broadcasting than is offered in the regular program. Students who participate in this program must have completed introductory courses or have shown a skill greater than that necessary for completion of established curriculum offerings. The nature and extent of the project must be determined by the student and the instructor before the student registers, since the extent of the project determines the number of units allowed. 0604.00
BUSINESS (BUS)
(ALSO SEE BUSINESS: MANAGEMENT, BUSINESS: MARKETING, AND BUSINESS: PARALEGAL STUDIES)

10 Introduction to Business (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Survey in business providing a multidisciplinary examination of how culture, society, economic systems, legal, international, political, financial institutions, and human behavior interact to affect a business organization’s policy and practices within the U.S. and a global society. Demonstrates how these influences impact the primary areas of business including: organizational structure and design; leadership, human resource management, organized labor practices; marketing; organizational communication; technology; entrepreneurship; legal, accounting, financial practices; the stock and securities market; and therefore affect a business’ ability to achieve its organizational goals. 0501.00

28A Business Law I (3)
(CSU; UC credit limitations)
Hours: 48-54 lecture.
Grading: Letter grade only.
Fundamental legal principles pertaining to business transactions. Introduction to the legal process and dispute resolution. Coverage of federal and state court systems. Comprehensive study of contracts under the common law and the Uniform Commercial Code. Other topics include sources of law, business ethics, constitutional law, tort law, agency, business organizations, and criminal law as applied to business. 0505.00

28B Business Law II (3)
(CSU; UC credit limitations)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Business 28A.
Special applications of law in business. Comprehensive study of commercial paper, creditors’ rights, secured transactions, agency and employment, partnerships, corporations, personal and real property, and governmental regulation of business. Students analyze laws and rules, then apply appropriate concepts to factual scenarios in written and oral arguments. 0506.00

49 Business Decisions Using Basic Quantitative Tools (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Business and management decision-making using basic quantitative tools. Managerial decisions in the areas of marketing, finance, accounting, real estate, insurance, transportation, and logistics. Examples include markups, markdowns, discounts, simple interest, depreciation, financial ratios, compound interest, investment decisions, inventory decisions, and payroll. Instruction in the use of the electronic business calculator is an integral part of the coursework. Students must supply their own business calculator. 0507.00

60 Business Ethics (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Exploration of various theories and commonly occurring business ethics issues. Systems approaches for making business decisions that are responsible, practical, and defendable. Benefits of implementing value-based business strategies to achieve competitive advantage and profits. Course focus is on systemic implementation of ethical and socially responsible tools, and the integration of ethics into workplace operations. 0508.00

61 Introduction to Global Business (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Overview of global business concepts and decision-making, with an emphasis on cultural differences. Analyze the social, cultural, legal, environmental, political, technological, and competitive trends within international business and examine the operation and performance of multinational corporations. 0509.00

410 International Business Law (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Business 28A and 61.
Legal aspects and ramifications of international trade. Multinational enterprises, sovereignty, technology transfer, arbitration, negotiation and diplomacy. 0508.00

430 Business Plan Preparation (1.5)
(Degree-applicable)
Hours: 24-27 lecture.
Grading: Letter grade only.
Advisory: Completion of Accounting and Financial Services 465 and Business 45.
Overview of entrepreneurship. Emphasis on the practical aspects of developing a business plan and applying the necessary methods, techniques, and skills for starting and owning an enterprise. Topics include: identification of trends and opportunities, market analysis, promotional and sales tactics, evaluating business locations and e-commerce potential, and financial strategies. 0506.40

435 The Law of Marketing and Business Competition (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Business 28A.
Introduction to legal principles relevant to the marketing of goods and services. Examination of the impact of the United States Constitution, antitrust, unfair competition, business torts, trademark, copyright, patents, consumer protection, and franchising laws on products, pricing, promotion, and distribution. 0509.00

492A-H Special Topics: Business (0.5-6)
(Degree-applicable)
HOURS: 16-18 lecture hours per unit of credit. Grading: Letter grade only. Specializations in business. See class schedule for current topics. May require corequisites and/or prerequisites based on the content of the course. 0509.00

496A, B, C, D Internships in Business (1, 2, 3, or 4)
(Degree-applicable)
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience for each unit of credit.
Grading: Letter grade only.
Limitation on Enrollment: Consent of Business program coordinator is required for registration. Corequisite: Concurrent enrollment in any Chaffey College course.
Supervised internship in cooperation with private, public, and/or non-profit sector employers. Designed to apply knowledge and learn new skills, directly related to the student’s program of study, outside of the normal classroom environment. Placement is arranged through the instructor. Participation requirements may vary with the job setting. 0501.00

BUSINESS: MANAGEMENT (BUSMGT)
(ALSO SEE BUSINESS: MANAGEMENT, BUSINESS: MARKETING, AND BUSINESS: PARALEGAL STUDIES)

11 Retail Merchandising and Management (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Role of retailing in serving the needs of the community. Analysis of consumer needs, store location, financial requirements, and legal process of starting a retail operation. Planning for store layout, merchandise mix, vendor negotiation, pricing, displaying, advertising, selling, and controlling of merchandise. 0506.50

13 Supply Chain Management (3) [Cx]
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Tools and techniques for design and improvement of any supply chain through the optimal use of information, materials, and technology to improve efficiency and reduce costs. Integration of outside suppliers and customers into an organization’s supply chain. Overview of career opportunities within the field. 0510.00
14 Transportation Management (3) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Traffic management principles and techniques that facilitate distribution of the world's commerce. Analysis of the major forms of transportation — motor, rail, air, water, pipeline, inter-modal, and international — and their integration into a distribution system. Carrier management and selection, including rate structures, scheduling, outsourcing, private fleet operations, and transportation customers. Governmental regulations on tariffs and transportation of hazardous materials. 0510.00

40 Introduction to Management (3)  
(CSU: UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
A survey of management concepts, basic functions, and skills as they apply at all levels within the contemporary work environment. Application of management theory to managerial practices to improve organizational effectiveness and efficiency, and enhance national and international competitiveness. 0506.00

42 Human Resource Management (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business Management 40.  
Formulation and implementation of human resource policy concerned with the major aspects of how an organization deals with its people - how it acquires them, utilizes them, rewards them, and separates them. Examines how the personnel functions integrate with the overall strategy of the firm in determining the success of the firm. 0506.30

44 Introduction to Human Relations (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business Management 40.  
Assists the individual in the business organization in understanding group and individual dynamics, perception, conflict, motivation, leadership, influence, authority relationships, and causation of behavior. 0506.30

45 Small Business Ownership and Management (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Business concepts and skills tailored to creating and maintaining a sustainable competitive advantage in a small business. Fundamentals of owning and operating a small business including finance, employment law, and marketing strategies. 0506.40

430 Warehouse Management and Material Handling (3) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business Management 40.  
Essential skills for warehouse managers, with emphasis on the planning, protection, productivity, and quality control functions in warehouse and distribution operations. Topics include: warehouse design and layout, effective communications, industry terminology, technology, distribution systems, inventory management and protection, accountability, auditing, and safety rules and regulations. 0506.40

436 Introduction to Logistics Management (3) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Fundamental concepts of logistics with an emphasis on outbound goods movement. Techniques of organizing, analyzing and controlling logistics systems. Topics include supply chain, packaging, customer service, transportation, warehouse and distribution center site selection, and procurement functions. 0510.00

440 Principles of Leadership (2) [Cx]  
(Degree-applicable)  
Hours: 32-36 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business Management 40.  
Leadership principles in business. Topics include differentiation between management and leadership; traits and characteristics of natural, charismatic, and situational leaders; styles and tactics used by effective leaders to enhance individual and team performance; problem-solving, coaching, and conflict-resolution skills; and leadership's effects on organizational communication. Students use industry tools to assess their own leadership style and capabilities. 0506.30

460 Quality Management Principles (3) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business Management 40.  
For individuals who want to understand and improve existing processes. Implementation of continuous improvement and the understanding of various quality philosophies and tools. Basic principles, objectives, and policies of a Quality Management program. 0506.00

480 Principles of Supervision (3) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business Management 40.  
Management functions and techniques of supervising and motivating personnel. Topics include employee and management relations, systematic approach to problem solving, supervisor as leader, decision making, strategic planning, employee counseling and discipline, organizing and authority delegation, supervising diversity, conflict management, supervision laws, and case studies in functional supervision. 0506.30

481 Principles of Marketing (3) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business Management 40.  
Marketing and sales management, including products, pricing, promotion, and distribution. Topics include marketing strategies, market analysis, market segmentation, target market selection, product development, price determination, distribution channels, material handling, advertising, personal selling, and Internet marketing. 0509.00

55 Advertising (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business Management 40.  
Strategic advertising planning and placement, concept development, copywriting, media selection, and campaign analysis. 0509.10

402 Introduction to Import/Export (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business Management 40.  
Fundamentals of importing and exporting goods including essential terms, strategies, organizations, regulations, terms of access, documentation, shipment, and financing involved with the international movement of merchandise. 0508.00

405 International Marketing (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business Management 40.  
Theory and practices of international marketing to include market entry strategies, analysis of foreign markets, culture and marketing, product design, pricing, distribution, promotion and sales. 0508.00
BUSINESS: PARALEGAL STUDIES (BUSPL)

(Also see Business, Business: Management, and Business: Marketing)

400 Introduction to Paralegal Studies (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Introduction to the roles and duties of a paralegal within the American legal system and the relationships between paralegals, attorneys, and clients. Topics include: paralegal career options, ethical codes, law office investigations, litigation assistantship, legal research and writing, computer use, and general law office administration.

401 Legal Research and Writing (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Business: Paralegal Studies 400, and Business and Office Technologies 8B or English 1A.
Fundamentals of legal research, writing, and analysis for the paralegal. Topics include: reading and analysis of statutes; research using primary authorities, secondary sources, and computer-assisted research tools; law office writings, including transmittal and client opinion letters, pleadings, law office memorandums, case briefs, and memorandums of law; and legal citation rules.

402 Civil Litigation (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Business: Paralegal Studies 400 and Business 28A.
Fundamental aspects of civil procedure, with emphasis on the roles of the paralegal in civil litigation. Topics include evidence gathering and investigation, jurisdiction, venue, initiation of civil proceedings, pleadings (including complaints and answers), filing a lawsuit, discovery procedures, trial preparation and trial assistance, post-trial practice, and alternative dispute resolution.

403 Evidence (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Business: Paralegal Studies 400.
Study of the California Evidence Code, the Federal Rules of Evidence, and a paralegal's role in the analysis and application of the rules of civil and criminal evidence. Topics include: evidence gathering and investigation, admissibility of relevant evidence, methods of proving character, modern competency rules, impeachment, testimony by lay and expert opinions, hearsay and hearsay exceptions, constitutional constraints on the admissibility of evidence, the impact of California's 1982 Proposition 8 (Victim's Bill of Rights), and privileges.

404 Law Office Operations (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Business and Office Technologies 60B and Business: Paralegal Studies 400.
Introductory course for students pursuing careers as legal office professionals or individuals currently working in a law office wishing to improve their skills. State and federal court systems, legal terminology, preparation of court documents, and the concepts of civil procedures in various areas of the law operative in California are explored. Topics include: structure of the courts, practices and procedures of the law, terminology and vocabulary, preparation of court documents, an introduction to legal research, legal calendaring, and client contact. Hands-on projects include using Microsoft Word or Corel WordPerfect to prepare simulated legal writings and complete legal forms.

BUSINESS AND OFFICE TECHNOLOGIES (BUSOT)

40A Beginning Computer Keyboarding (3) [Cx]
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Beginning course in computer keyboarding with mastery of the alphabetic and numeric keyboard and correct touch-typing techniques. Introduction to the personal computer, word processing, disk management, and formatting of basic business correspondence.

40B Computer Keyboarding: Speed and Accuracy Development (3) [Cx]
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Business and Office Technologies 40A.
Develop computer literacy. Analyze, evaluate, and improve keyboarding speed and accuracy using correct touch-typing techniques and Windows applications. Intense review of letters, numbers, symbols, 10-key, and the production of basic reports, business letters, and memora. Proficiency certificate issued after successful completion of course.

50 Filing and Records Management (3) [Cx]
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Instruction and simulated work applications using basic filing principles, procedures, and systems defined by ARMA International. Emphasis is placed on information storage of multiple record types and retrieval systems. Also discussed are management aspects of records retention, disposition, and the operation of a records management program.

60A Microsoft Office Word - Specialist (3) [Cx]
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Business and Office Technologies 40A.
This module prepares students to use the current word processing application of business software. Students develop job skills while building a foundation for other software applications. Students will be able to create, edit, format and customize, save, print, and retrieve documents. Course helps prepare students for certification testing. Computer assignments are a required part of this course.

60B Microsoft Office Word - Expert (3) [Cx]
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Business and Office Technologies 40A and 60A.
A hands-on approach to advanced features of Microsoft Word: macros, bookmarks, forms, table of contents, indexes, hyperlinks, tables and charts, sorts, tracking in shared documents, customized document formatting using advanced features, autotext and quick parts, templates, citations and bibliographies, and document protection. Computer lab assignments are a required part of this course.

61 Microsoft Office PowerPoint (1.5)
(CSU)
Hours: 24-27 lecture.
Grading: Letter grade only.
Advisory: Completion of Business and Office Technologies 40A and 60A.
A hands-on introduction to concepts, terminology, and features of a presentation software program to create electronic presentations for support personnel and business managers. Topics include formatting and animating slide texts, charts, tables, and graphics as utilized in business presentations and integration with other software programs.

62 Microsoft Office Outlook (1.5) [Cx]
(CSU)
Hours: 24-27 lecture.
Grading: Letter grade only.
Advisory: Completion of Business and Office Technologies 40A, or a minimum keyboarding speed of 20 words per minute.
Hands-on introduction to the Outlook functions within the Microsoft Office Suite. Topics include email, electronic calendars, multiple-user conference scheduling, integration of MS Office files including Internet, interface with other programs, and task work flow management. Computer lab assignments are a required part of this course.
63 Microsoft Office Excel - Comprehensive (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 40A and 60A.  
This module integrates the spreadsheet application (MS Excel) into the MS Office suite, and is a full-featured spreadsheet application software offering core and advanced concepts. Emphasis is on creating formulas, using relative and absolute references, editing and formatting, working with templates and chart wizards, using IF functions, sorting and filtering records, creating pivot tables, and integrating with MS Office Suite programs (MS Word). Topics covered help prepare students for Microsoft Office Application Certification Testing. Computer lab assignments are a required part of this course.  
0514.00

64A Microsoft Office Access - Specialist (1.5)  
(CSU)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 60A.  
Hands-on introduction to the concepts and terminology used to create, use, and manage information contained in databases. Students design tables, queries, forms, and reports using the features of the current database software. Computer assignments are a required part of this course.  
0514.00

64B Microsoft Office Access - Expert (1.5)  
(CSU)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 64A.  
Mastery of core features and introduction of advanced features of the current Microsoft Office Access database software application for working with databases, tables, reports, forms, and queries. Integration of Access data objects with the other Microsoft Office software.  
0514.00

88 Written Communication for Business (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Business and Office Technologies 455.  
Study and application of basic principles for producing clear, correct, and logically organized written business communication. Punctuation, capitalization, use of numbers, formats, and pronoun cases will be reviewed. Stress on developing writing fluency and professional tone in handling routine business communications including letters, memoranda, business reports (both written and oral), and business e-mail as well as developing a personal resume.  
0514.00

98A,B,C Independent Study: Business and Office Technologies (1, 2, 3)  
(CSU credit limitations)  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration.  
Special project course designed for the capable, well-motivated student. Each student explores and develops a project or a paper on an area of personal interest. Nature and extent of the project must be decided upon by both student and instructor before the student may sign up for the course. Type and extent of the project determines the number of units allowed.  
0514.00

400 Job Search and Interviewing Techniques (1.5)  
(Degree-applicable)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 30.  
Strategies to organize a job search, prepare a marketable resume and cover, create a career portfolio, respond to frequently asked interview questions, and practice successful interviewing techniques.  
0514.00

410A Microsoft Office Publisher - Specialist (1.5)  
(Degree-applicable)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 60A.  
This hands-on module introduces concepts, terminology, software, hardware, and uses of desktop publishing for business. Emphasis on creating, editing, and printing text, tables, and graphics.  
0614.50

410B Microsoft Office Publisher - Expert (1.5)  
(Degree-applicable)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 410A.  
This module continues the study of a full-featured desktop publishing software, offering core and advanced concepts. Emphasis is on creating style sheets and master pages, special effects, templates, scanned images, and formatting and managing long documents.  
0614.50

452 Office Financial Recordkeeping (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Recordkeeping procedures used to broaden the skills of the office professional handling business financial records and other supporting documents relevant to the operation of a small business. Includes mastery of the business financial features of the 10-key display calculator with speed and proficiency.  
0514.00

455 Fundamentals of English for Business (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of or concurrent enrollment in Business and Office Technologies 60A and 455.  
Development of the essential skills needed to perform proofreading and text-editing functions for the automated office. Emphasis on formatting and accuracy of input using word processing software and office reference manuals.  
0514.00

460 Proofreading: Text-Editing Skills (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 40A or 40B, and completion of or concurrent enrollment in Business and Office Technologies 60A and 460.  
Development of a marketable skill in machine transcription using word processing skills and voice recognition software. Emphasis on increasing transcription skills in punctuation, spelling, vocabulary, and production of marketable business correspondence and reports from dictated, realistic materials from various professions.  
0514.00

465 Speedwriting and Notetaking (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 40A or 40B, and completion of or concurrent enrollment in Business and Office Technologies 60A and 465.  
Theory and principles of speedwriting, an abbreviated writing system based on the letters of the alphabet. Vocabulary development and practice taking accurate notes at a rapid rate in offices and other professional settings.  
0514.00

470 Office Systems and Procedures (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Business and Office Technologies 60A and 88.  
Coordination and refinement of the duties and responsibilities of the office professional, including the organization of those duties, the personal qualifications of the office professional, and business office ethics and etiquette in a diverse and global business environment. Emphasis on work procedures, technology in the office, stress- and time-management techniques, team work, customer service, event planning, and business travel arrangements.  
0514.00
471 Administrative Office Management (3) (Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Introduction to the study and application of basic principles for managing a business office. Strategies to maintain a sound, flexible, and dynamic office organization whose objectives correspond to those of the business. Principles of management that pertain to objectives of the organization, scope and assignment of responsibilities, unity of functions, use of specialization, delegation of authority and responsibility, unity of command, span of control, centralization or decentralization of managerial authority, staffing, and work ethics. 0514.40

475 Medical Office Procedures (3) (Cx) (Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Biology 20, Business and Office Technologies 470, and Business and Office Technologies 40A or 40B.
Focus on the career of a medical front office assistant. Topics include meeting the patient, scheduling appointments, EHR (electronic healthcare records), storage, management, healthcare coding, billing, telemedicine, collection, financial records, reimbursement medical law, and ethics, HIPAA, (Privacy & Security), data entry using flow sheets, anatomical drawings, accreditation regulation, and quality improvement.

492A-H Special Topics: Business and Office Technologies (.5-6) (Degree-applicable)
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Special topic course in specific office technology areas. Topics identified by the instructor. May require corequisites and/or prerequisites based on the content of the course.

492LA-H Special Topics Laboratory: Business and Office Technologies (.5-6) (Degree-applicable)
Hours: 48-54 laboratory hours per unit of credit.
Grading: Letter grade only.
Special projects designed to allow capable, well-motivated students in the major to develop a project in, or make a report on, a facet of office technology. Student-instructor agreement as to the nature and extent of the project must be reached before the student enrolls. May require corequisites and/or prerequisites based on the content of the course.

496A,B,C,D Internships in Business and Office Technologies (1, 2, 3, or 4) (Degree-applicable)
Hours: 64-72 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Eligibility for Mathematics 425 as determined by the Chaffey assessment process, or completion of Mathematics 410 or 401.
Introduction to the principles of chemistry, including inorganic chemistry, organic chemistry, and biochemistry. Topics covered include measurements, properties and classification of matter, atomic structure, bonding and nomenclature, chemical equations, stoichiometry, gas laws, solutions, acids and pH, equilibrium, nuclear chemistry, and organic and biochemical structure and reactions. Laboratory work provides hands-on activities to teach laboratory skills and support the concepts presented in the lecture. Course is intended for students completing a certificate or degree program in health science, including Vocational Nursing, Radiologic Technology, and Associate Degree Nursing. Course is not intended for science majors.

8 Chemistry in Society (3) (CSU; UC credit limitations)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Mathematics 410.
Advisory: Completion of English 475.
General Education science course designed for non-science major students who are seeking a science course without a lab. The course is an introduction to chemistry providing a basic understanding of how scientific measurements are taken and presented, the scientific method, and how chemical principles are applied to everyday life and used to address scientific issues in society.

9 Health Science Chemistry (5) (CSU; UC credit limitations)
Hours: 64-72 lecture; 48-54 laboratory.
Grading: Letter grade only.
Advisory: Eligibility for Mathematics 425 as determined by the Chaffey assessment process, or completion of Mathematics 410 or 401.
Introduction to the principles of chemistry, including inorganic chemistry, organic chemistry, and biochemistry. Topics covered include measurements, properties and classification of matter, atomic structure, bonding and nomenclature, chemical equations, stoichiometry, gas laws, solutions, acids and pH, equilibrium, nuclear chemistry, and organic and biochemical structure and reactions. Laboratory work provides hands-on activities to teach laboratory skills and support the concepts presented in the lecture. Course is intended for students completing a certificate or degree program in health science, including Vocational Nursing, Radiologic Technology, and Associate Degree Nursing. Course is not intended for science majors.

10 Introductory Chemistry (4) (CSU; UC credit limitations)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Eligibility for Mathematics 425 as determined by the Chaffey assessment process, or completion of Mathematics 410, or one year of high school algebra.
Introduction to the principles of chemistry with an emphasis on measurements, atomic and molecular structure, classification of matter, nomenclature, stoichiometry, chemical equations, solutions and acid-base chemistry. Laboratory activities emphasize proper techniques, safety procedures, and experimental exercises in support of lecture content.

12 Elementary Organic and Biochemistry (4) (CSU; UC credit limitations)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Chemistry 10.
Survey of organic chemistry and biochemistry with a focus on biological applications and an emphasis on cellular and organism chemistry. Topics covered include organic functional groups, nomenclature, structure and reactions of organic compounds, structure and biological importance of carbohydrates, lipids, amino acids, proteins, nucleic acids, DNA, and RNA. Laboratory work provides hands-on activities to teach laboratory skills and support the concepts presented in the lecture. Course is primarily intended for transfer students pursing degrees in health science areas such as bachelor degrees in Nursing, Dental Hygiene, Dietitian, and other health science related degrees. Course is not intended for science majors.

24A General Chemistry I (5) (CSU; UC)
Hours: 48-54 lecture; 96-108 laboratory.
Grading: Letter grade only.
Prerequisite: Chemistry 10 or completion of 1 year of high school chemistry, and eligibility for Mathematics 25 as determined by the Chaffey assessment process or completion of Mathematics 425.
Advisory: Completion of or concurrent enrollment in Mathematics 25.
First semester General Chemistry for Science and Engineering students. Topics include: atomic structure and periodic properties; types and structure of matter; thermochemistry; chemical reactions; stoichiometry; nomenclature; bonding models and theories; gas, liquid, solid, and solution properties. Laboratory with hands-on activities to reinforce lecture concepts, develop chemical laboratory techniques, and use the scientific methods of inquiry.
(C-ID CHEM 110 and CHEM 120S) 1905.00
24B General Chemistry II (5)  
(CSU; UC)  
Hours: 48-54 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Prerequisite: Chemistry 24A.  
Advisory: Completion of or concurrent enrollment in Mathematics 25.  
Second semester General Chemistry for Science and Engineering students. Topics include kinetics, equilibrium, acid/base buffers, thermodynamics, electrochemistry, nuclear chemistry, descriptive chemistry, and organic chemistry. Laboratory provides hands-on activities to reinforce lecture concepts, develop chemical laboratory techniques, and use the scientific method of inquiry.  
(C-ID CHEM 120S)  
1905.00

70 Quantitative Analysis (4)  
(CSU; UC)  
Hours: 32-36 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Prerequisite: Chemistry 24B, or Chemistry 22 and 22L1 and 22L2.  
Introduction to the methods of gravimetric, volumetric, electrochemical techniques, separation techniques, and instrumental analysis. Course is for science majors, and meets the requirements for chemistry majors, pre-med students, and pre-dentistry students. Parallels the quantitative analysis usually offered in the sophomore year in most four-year colleges and universities.  
1905.00

75A Organic Chemistry I (5)  
(CSU; UC)  
Hours: 64-72 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Chemistry 24B, or Chemistry 22 and 22L1 and 22L2.  
First semester in a year-long course in organic chemistry designed for students majoring in science and engineering. Topics cover major classes of organic compounds (aliphatic hydrocarbons, alkyl halides, alcohols, and ethers), and includes nomenclature, structure and stereochemistry, properties, reactions, mechanisms, and spectroscopy. Laboratory provides hands-on activities on the basic techniques of organic chemistry including synthesis, separation, purification, and analysis by using various spectroscopic methods.  
(C-ID CHEM 150 and 160S)  
1905.00

75B Organic Chemistry II (5)  
(CSU; UC)  
Hours: 64-72 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Chemistry 75A.  
Continuation of Chemistry 75A, expanding the study of organic chemistry to include aromatic compounds, introduction to organometallic compounds, aldehydes and ketones, carboxylic acids and their derivatives, enolates, amines, and introduction to biochemistry. Topics include nomenclature, structure and stereochemistry, properties, reactions, mechanisms. Laboratory work emphasizes the techniques of organic synthesis, purification, qualitative analysis, and analysis by using various spectroscopic methods.  
(C-ID CHEM 160S)  
1905.00

CHILD DEVELOPMENT AND EDUCATION (CDE)

Students enrolled in two corequisite-linked courses consisting of one lecture and one work experience course (i.e. CDE-24 and CDE-24W) must achieve a minimum grade of “C” in both courses to meet course and program requirements.

1 Principles & Practices in Early Childhood Education (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.  
Developmentally-appropriate practices applied to programs, environments, emphasizing the key role of relationships, constructive adult-child interactions, and teaching strategies in supporting physical, social creative, and intellectual development for all children. Course includes a review of the historical roots of early childhood programs and the evolution of the professional practices promoting advocacy, ethics, and professional identity.  
70 Quantitative Analysis (4)  
(CSU; UC)  
Hours: 32-36 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Prerequisite: Chemistry 24B, or Chemistry 22 and 22L1 and 22L2.  
Introduction to the methods of gravimetric, volumetric, electrochemical techniques, separation techniques, and instrumental analysis. Course is for science majors, and meets the requirements for chemistry majors, pre-med students, and pre-dentistry students. Parallels the quantitative analysis usually offered in the sophomore year in most four-year colleges and universities.  
1905.00

2 Child Growth and Development (3) [Cx]  
(CSU; UC credit limitations)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.  
Introductory course examining the major physical, psychosocial, and cognitive/linguage developmental milestones for children – both typical and atypical – from conception to adolescence. Emphasis on interactions between maturational processes and environmental factors. While studying developmental theory and investigative research methodologies, students observe children, evaluate individual differences, and analyze the characteristics of development of various stages.  
1305.00

3 Observation and Assessment (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.  
Course focuses on the appropriate use of assessment and observation strategies to document development, growth, play, and learning to join with families and professionals in promoting children’s success. Recording strategies, rating systems, portfolios, and multiple assessment tools are explored.  
(C-ID ECE 200)  
1305.00

4 Child, Family, and Community (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.  
An examination of the developing child in a societal context, focusing on the interrelationship of family, school and community and emphasizing historical and social-cultural factors. Processes of socialization and identity development are highlighted, showing the importance of respectful, reciprocal relationships that support and empower families.  
1305.00

5 Health, Safety and Nutrition (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Cardio-Pulmonary Resuscitation (CPR) and first aid training is recommended. Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.  
Introduction to the laws, regulations, standards, policies and procedures, and early childhood curriculum related to child health, safety and nutrition. The key components that ensure physical health, mental health, and safety for both children and staff will be identified along with the importance of collaboration with families and health professionals. Focus on integrating the concepts into everyday planning and program development for all children.  
(C-ID ECE 220)  
1305.40

6 Teaching in a Diverse Society (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.  
Examination of the development of social identities in diverse societies, including theoretical and practical implications of oppression and privilege as they apply to young children, families, programs, classrooms, and teaching. Various classroom strategies will be explored emphasizing culturally and linguistically appropriate anti-bias approaches supporting all children in becoming competent members of a diverse society. Course includes self-examination and reflection on issues related to social identity, stereotypes and bias, social and educational access, media and schooling.  
1305.00

7 Curriculum Development: The Creative Arts (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.  
Introduction to the creative arts for young children. Storytelling, language, visual arts, drama, music, and dance are examined as an integral part of the child’s world. Theories and techniques to develop children’s creative abilities are explored. Emphasis on creative processes through appreciation of diversity in art and culture. Perspectives on values and problem solving that engage children’s participation at all levels.  
1305.00
8 Curriculum Development: Math and Sciences (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.
Introduction to how children learn and develop concepts of math and science. Examination of young children's problem-solving abilities in regard to math and the sciences. Examination of theories that reinforce activities designed to practice skills in math and science domains. Introduction of learning strategies and styles are also explored.
1305.00

23 Introduction to Children with Special Needs (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Child Development and Education 2.
Corequisite: Child Development and Education 24W.
Advisory: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.
Presentation of different types of physical and behavioral difficulties that interfere with normal cognitive, social, and emotional growth. Recognition of these difficulties, where to seek appropriate professional help, and how to work with children with special needs in the home and in the school.
1305.20

24 Introduction to Curriculum Theory (2)
(CSU)
Hours: 32-36 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Proof of a negative tuberculosis test within the past 12 months is required.
Prerequisite: Child Development and Education 1, 2, 3, and 4.
Corequisite: Child Development and Education 24W.
Principles of early childhood growth and development as they apply to appropriate curriculum design. Curriculum planning of cognitive, physical, social, emotional, cultural, creative, and language arts lesson plans for developmentally appropriate environments.
(C-ID ECE 130, when combined with CDE-24W) 1305.80

24W Practicum I: Supervised Occupational Work Experience (1)
(CSU)
Hours: 60 hours supervised practicum in various community child development programs.
Grading: Letter grade only. Limitation on Enrollment: Proof of a negative tuberculosis test within the past 12 months is required.
Corequisite: Child Development and Education 24.
Supervised occupational work experience practicum demonstrating principles of early childhood growth and development to teaching. Curriculum planning and implementation of cognitive, physical, social, emotional, cultural, creative, and language arts lesson plans in developmentally appropriate environments.
(C-ID ECE 130, when combined with CDE-24) 1305.80

25 Advanced Curriculum Theory (2)
(CSU)
Hours: 32-36 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Proof of a negative tuberculosis test within the past 12 months is required.
Prerequisite: Child Development and Education 1, 2, 4, 24 and 24W.
Corequisite: Child Development and Education 25W.
Advanced principles and practices of curriculum theory of early childhood growth and development and their application through student teaching. Emphasis on health and safety, language capability, cognitive development, and physical needs in the learning environment, as well as development of effective communication skills for teachers. Advanced curriculum planning and implementation of cognitive, physical, social, emotional, cultural, and creative and language arts lesson plans in developmentally appropriate environments, with focus on the creation of an unbiased curriculum and learning environment.
1305.80

25W Practicum II: Supervised Occupational Work Experience (1)
(CSU)
Hours: 60 hours supervised practicum in various community child development programs.
Grading: Letter grade only.
Limitation on Enrollment: Proof of a negative tuberculosis test within the past 12 months is required.
Prerequisite: Child Development and Education 1, 2, 4, 24 and 24W.
Corequisite: Child Development and Education 25.
Advanced, supervised application of the principles of early childhood growth and development to student teaching. Emphasis on health and safety, language capability, cognitive development, and physical needs in the learning environment, as well as development of effective communication skills for teachers. Advanced curriculum planning and implementation of cognitive, physical, social, emotional, cultural, and creative and language arts lesson plans in developmentally appropriate environments, with focus on the creation of an unbiased curriculum and learning environment.
1305.80

26 Community Internship Seminar: Child Development and Education (2)
(CSU)
Hours: 32-36 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.
Corequisite: Child Development and Education 25 and 25W.
Discussion and evaluation of professional issues as applied to a variety of child development professions.
1305.80

415 Dynamics of Play (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.
Analysis of the ways that play affects the social, emotional, and physical development of young children. Methods of analyzing play activities, designing play environments, and facilitating enhanced play experiences are examined.
1305.00

416 Brain Research and the Implications for Classroom Teaching (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Child Development and Education 2. Proof of a negative tuberculosis test within the past 12 months may be required for some site visits.
Introduction to a child's brain physiology and functioning. Current brain research and its relevance to educational practices and the guidance of young children. Current brain research findings in the areas of learning and memory, effects of stress and drugs, emotional and intellectual functioning, and gender differences in brain function and behavior for the developing child. Implications of brain research on communicating and interacting with young children in ways that elicit positive behaviors.
1305.00

Chinese (CHIN)

1 Elementary Mandarin Chinese (4)
(CSU; UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Introduction to Mandarin Chinese taught within the context of Chinese culture. Introduction to the customs, cultural practices, and geography of China through lectures, films, web activities, and reading assignments. Focus on the four major skills of language learning - listening comprehension, speaking, reading, and writing - and the grammar and vocabulary necessary to acquire these skills. Ten hours of supplemental learning in a Success Center that supports this course is required. This course corresponds to the first year of high school Chinese.
1107.00

2 Elementary Mandarin Chinese (4)
(CSU; UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Chinese 1 or one year of high school Chinese.
Continuing study of Mandarin Chinese taught within the context of Chinese culture. Customs, cultural practices, and geography of China are explored through lectures, films, web activities, and reading assignments. Focus on the further development of conversation, reading, and writing skills. Review of basic structures and expanded knowledge of verbs, grammar, and vocabulary. Emphasis on the communicative approach to language acquisition with emphasis on the appreciation of the culture. Ten hours of supplemental learning in a Success Center that supports this course is required. This course corresponds to the second year of high school Chinese.
1107.00
3 Intermediate Mandarin Chinese I (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Chinese 2 or two years of high school Chinese.  
A general introduction to the basic components of Chinese culture as it has developed over the last five thousand years. Topics to be addressed will include the major philosophical thoughts of Taoism, Confucianism, and Buddhism; practices to promote health such as the Martial Arts, Kong Fu, herbal medicine, and acupuncture; customs and festivals like the Chinese Lunar New Year’s Day and the Mid-Autumn Moon holiday; their varying and diverse culinary habits, and their rich and illustrious customs and festivals. Both historical developments and contemporary tribulations will be examined, through selected readings, movies, video clippings, field trips, as well as class discussions in different formats. This course does not presume prior knowledge of China or the Chinese language.  
1107.00

4 Intermediate Mandarin Chinese II (4)  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Chinese 3.  
Fourth semester of Mandarin Chinese taught within the context of Chinese culture. Students employ writing theory and critical analysis of classical literature to formulate story ideas, develop storytelling techniques, enhance narrative structure, and write polished scripts. Various screenwriting software applications are utilized to format, chart, outline, storyboard, and write dynamic stories for motion pictures and cinematic formats.  
1107.00

18 Chinese Civilization and Culture (3)  
(CSU; UC pending)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
A general introduction to the basic components of Chinese culture as it has developed over the last five thousand years. Topics to be addressed will include the major philosophical thoughts of Taoism, Confucianism, and Buddhism; practices to promote health such as the Martial Arts, Kong Fu, herbal medicine, and acupuncture; customs and festivals like the Chinese Lunar New Year’s Day and the Mid-Autumn Moon holiday; their varying and diverse culinary habits, and their rich and illustrious art forms of poetry, painting, and calligraphy. Both historical developments and contemporary tribulations will be examined, through selected readings, movies, video clippings, field trips, as well as class discussions in different formats. This course does not presume prior knowledge of China or the Chinese language.  
1107.00

CINEMA (CINEMA)

20 Screenwriting - Cinema (3)  
(CSU)  
Hours: 32-36 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Comprehensive overview of screenwriting for motion picture and cinematic formats. Students employ writing theory and critical analysis of classical literature to formulate story ideas, develop storytelling techniques, enhance narrative structure, and write polished scripts. Various screenwriting software applications are utilized to format, chart, outline, storyboard, and write dynamic stories for motion pictures and cinematic formats.  
0601.00

25 Survey of World Cinemas (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
A general introduction to the basic components of Chinese culture as it has developed over the last five thousand years. Topics to be addressed will include the major philosophical thoughts of Taoism, Confucianism, and Buddhism; practices to promote health such as the Martial Arts, Kong Fu, herbal medicine, and acupuncture; customs and festivals like the Chinese Lunar New Year’s Day and the Mid-Autumn Moon holiday; their varying and diverse culinary habits, and their rich and illustrious art forms of poetry, painting, and calligraphy. Both historical developments and contemporary tribulations will be examined, through selected readings, movies, video clippings, field trips, as well as class discussions in different formats. This course does not presume prior knowledge of China or the Chinese language.  
0612.10

26 Survey of American Cinema (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Methodology, theory, and aesthetics of cinematography for motion pictures, television, and digital media. Classic movie-making techniques are combined with modern and/or Pro 8mm cameras and other technologies to achieve a “cinematic look” to assigned projects. Focus on the traditional phases of the production process, including the hiring of personnel, selection and use of tools and techniques, and the directorial decisions involved to complete various types of cinematic productions. Students write, produce, direct, and edit basic projects.  
0612.20

30 Cinema Production (3)  
(CSU)  
Hours: 32-36 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Methodology, theory, and aesthetics of cinematography for motion pictures, television, and digital media. Classic movie-making techniques are combined with modern and/or Pro 8mm cameras and other technologies to achieve a “cinematic look” to assigned projects. Focus on the traditional phases of the production process, including the hiring of personnel, selection and use of tools and techniques, and the directorial decisions involved to complete various types of cinematic productions. Students write, produce, direct, and edit basic projects.  
0612.20

80 Producing for Broadcast and Cinema (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Broadcasting 3.  
An in-depth exploration and discussion on producing content for the broadcast and cinema industries. Topics include various programming in the broadcasting, motion picture, corporate, and entertainment industry. Prepares students to plan and achieve educational and career goals in broadcasting, motion picture, corporate and entertainment industries.  
0604.20

92A-H Special Topics: Cinema (.5-6)  
(CSU; UC credit limitations)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special interest lecture course for students who wish further exploration in the field of cinema. Topics will vary and will be determined by the instructor. See the schedule of classes for current term emphases. May require prerequisites and/or corequisites based upon the content of the course.  
0612.00

92LA-H Special Topics Laboratory: Cinema (.5-6)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Special interest laboratory course for students who wish further exploration in the field of cinema. Topics will vary and will be determined by the instructor. See the schedule of classes for current term emphases. May require prerequisites and/or corequisites based upon the content of the course.  
0612.00

96A, B, C,D Internships in Cinema or Broadcasting (1, 2, 3, or 4)  
(CSU)  
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience for each unit of credit.  
Grading: Letter grade only.  
Prerequisite: Completion of one Cinema or Broadcasting course listed in the Cinema or Broadcasting programs of study.  
Advisory: Considerable cinema/broadcasting background and consent of instructor may substitute for prerequisite course, however completion of cinema or broadcasting coursework in the relevant area of internship is recommended. Supervised field experience in motion pictures, television, radio, cable station, or other business related to the field of broadcasting and/or cinema. Course is designed to apply knowledge and learn new skills outside of the normal classroom environment. Placement is arranged through the instructor. Participation requirements may vary with the setting.  
0604.00

98A,B,C Independent Study: Cinema (1, 2, or 3)  
(CSU and UC credit limitations)  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration.  
Designed for the capable and well-motivated student who wishes to pursue study of a specific cinema topic, or a more advanced project in cinema than is offered in the regular program. Students who participate in this program must have completed introductory courses or have shown a skill greater than that necessary for completion of the class offerings. The nature and extent of the project must be determined by the student and instructor before the student registers for the class, since the extent of the project determines the number of units allowed.  
0612.00
**COMMUNICATION STUDIES (COMSTD)**

2  Fundamentals of Effective Speaking (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.  
Principles of communication in a variety of group contexts. Theory, application, and evaluation of group communication processes including problem solving, conflict management, decision-making, and leadership.  
In-depth exploration of the variables of the interpersonal communication processes as they occur in day-to-day, face-to-face human interaction. Current theories of interpersonal communication are analyzed and applied.  
(C-ID JOUR 110)  1506.00

4  Fundamentals of Interpersonal Communication (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of English 1A.  
In-depth exploration of the variables of the interpersonal communication processes as they occur in day-to-day, face-to-face human interaction. Current theories of interpersonal communication are analyzed and applied.  
1506.00

6  Fundamentals of Small Group Communication (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.  
Principles of communication in a variety of group contexts. Theory, application, and evaluation of group communication processes including problem solving, conflict management, decision-making, and leadership.  
Develop competence and confidence as a group member and leader through a combination of theoretical and practical application of small group principles in everyday life. Study and practice in various group activities. May be offered as an Honors course.  
1506.00

8  Fundamentals of Speech Communication (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.  
Survey of the discipline of communication studies with emphasis on multiple epistemological, theoretical, and methodological issues relevant to the systematic inquiry and pursuit of knowledge about human communication. Course includes theories of rhetoric and communication for the development of skills and understanding of verbal and nonverbal communications.  
1506.00

12  Mass Communication and Society (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.  
A critical examination of the form, content, and influence of the processes of mass communication. Historical overview and examination of mass-mediated reality using theories of rhetoric and symbolic interaction. Special attention given to the impact of both media technology and message content on how we live and what we believe as individuals and as a society. May be offered as an Honors course.  
(C-ID JOUR 100)  0610.00

14  Oral Interpretation of Literature (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Theoretical and practical experience in the oral interpretation of prose, poetry, and dramatic literature. In-depth study of the oral and analytical skills required to perform literature and of the critical skills required to evaluate oral interpretation performance. Recommended for students of speech communication studies, theatre, English, and the teaching professions.  
(C-ID COMM 170)  1506.00

72  Logic and Argumentation (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
The study of argumentation as an oral and written skill with an emphasis on the principles of critical thinking and sound reasoning. Examination of the quality and types of evidence, identification of faulty and misleading arguments, and the development of techniques for defending and refuting arguments. Social and political issues are the basis for research, analysis, and evaluation.  
(C-ID COMM 120)  1506.00

74  Intercultural Communication (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.  
Identification and analysis of processes and problems of communication between people of different cultures. Effects of differences in attitudes, social organization, role expectations, language and nonverbal behavior and their interrelationships. Principles of communication theory as applied to an intercultural setting. May be offered as an Honors course.  
(C-ID COMM 150)  1506.00

76  Gender and Communication (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Communication Studies 8, and eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.  
Examination of communication patterns existing between males and females. Designed to integrate theory and practice, and to heighten students’ awareness of the importance of gender as a communication variable. Emphasis on perception, verbal and nonverbal communication in interpersonal, small group and public settings. Communication problems relating to gender are addressed along with listening, assertiveness, negotiation and other conflict management strategies.  
1506.00

78  Family Communication (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.  
Introduction to communication in the family setting. Analysis of how communication-related behavior affects the development, maintenance, enhancement, and deterioration of family relationships. Through group and class discussion, students develop insights about speech variables and communication processes which affect familial interaction.  
1506.00

90A  Communications Honors Seminar (1)  
(CSU; UC credit limitations)  
Hours: 16-18 lecture.  
Grading: Letter grade only.  
Honors component for Communication Studies. Topics of interest are chosen by the instructor and students, and are presented in a seminar format. Prerequisites and/or corequisites are required.  
1506.00

**COMPUTER INFORMATION SYSTEMS: CORE (CIS)**

1  Introduction to Computer Information Systems (3) [Cx]  
(CSU; UC credit limitations)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Principles and applications of computers, including their role in business and society. Designed to provide computer competency for both Computer Information Systems majors and non-majors. Fundamentals of information systems, database management systems, networking, e-commerce, ethics and security, and computer systems hardware and software components.  
(C-ID ITIS 120)  0702.00
4 Fundamentals of Microsoft Windows (1.5) [Cx]
(CSU) Hours: 24-27 lecture.
Grading: Letter grade only.
Introduction to the terminology, application, and use of the graphical operating system. Topics include installation and setup, file management, security, networking, Internet access and communication, hardware and software maintenance, administrative tools, and others.

15 Microsoft Access Database Design and Development (3) [Cx]
(CSU) Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Computer Information Systems 1.
Microsoft Access database design and development for database administrators responsible for company-wide database access and control.

50 Introduction to Computer Networks (3) [Cx]
(CSU) Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Computer Information Systems 1.
Introduction to networking fundamentals. Topics include theory, terminology, Network Operating Systems, the OSI model, protocols, and security. Hands-on instruction in the installation, configuration, administration, diagnostics, and troubleshooting of computer networks.

68 Using the Internet (1.5) [Cx]
(CSU) Hours: 24-27 lecture.
Grading: Letter grade only.
Introduction to and use of the Internet. Topics include access, hardware, software, protocols, security, communication, file transfer, search tools, e-commerce, and other current Internet and Web technologies.

98A,B,C, D Independent Study: Computer Information Systems (1, 2, 3, or 4)
(CSU credit limitations) Grading: Letter grade only.
Limitation on Enrollment: Instructor signature and prior Computer Information Systems coursework is required for registration.
Special project course designed for the capable, well-motivated student with previous coursework in the discipline. Student explores and develops a project or paper on an area of personal interest in Computer Information Systems. Nature and extent of the project must be determined by both the student and the instructor before the student registers, since the scope of the project determines the number of units awarded.

420 Computer Security Basics (1.5) (Degree-applicable)
Hours: 24-27 lecture.
Grading: Letter grade only.
Introduction to security issues affecting individual computers and Internet access. Protection strategies from viruses, Trojan-Horse programs, e-mail attacks, and other forms of intrusion. Selection, installation, and use of anti-virus software.

431 Project Management for Information Technology (3)
(Degree-applicable) Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Computer Information Systems 1.
Fundamentals of project management applied to the field of information technology using current project management software. Topics include creating task lists; setting up resources; developing, formatting, and printing the project plan; organizing and formatting project details; tracking progress; measuring performance; and reporting project status.

435 Fundamentals of Microsoft Visio (1.5)
(Degree-applicable) Hours: 24-27 lecture.
Grading: Letter grade only.
Advisory: Completion of Computer Information Systems 1.
Fundamentals of the popular diagramming software used for business and information technology. Plan, create, and customize flowcharts, project schedules, organization charts, office layouts, network and other IT diagrams, and templates.

Computer Information Systems:
Cisco Internetworking (Cisco)

1 Cisco Internetworking I (4) (CSU) Hours: 64-72 lecture.
Grading: Letter grade only.
Advisory: Completion of Computer Information Systems 1 or equivalent experience.
First in a four-course sequence that qualifies students to take the Cisco Certified Entry Networking Technician (CCENT) and the more advanced Cisco Certified Network Associate (CCNA) examinations. Topics include: PC hardware/software review, Local Area and Wide Area Networks (LANs and WAN’s), network devices, the Open System Interconnect (OSI) model, media, cable installation, network design, routing, switching, addressing, security, documentation, and basic wireless.

2 Cisco Internetworking II (4) (CSU) Hours: 64-72 lecture.
Grading: Letter grade only.
Advisory: Completion of Computer Information Systems: Cisco Internetworking 1 or equivalent experience.
Second in a four-course sequence that qualifies students to take the Cisco CCENT and CCNA examinations. Topics include: implementing basic LAN and WAN connectivity using routers and switches, TCP/IP addressing, network protocols, and troubleshooting. Students gain hands-on skills through configuring Cisco devices and managing the software. Comprehensive review of all topics covered in Cisco I and II in preparation for the CCENT certification exam.

3 Cisco Internetworking III (4) (CSU) Hours: 64-72 lecture.
Grading: Letter grade only.
Advisory: Completion of Computer Information Systems: Cisco Internetworking 2 or equivalent experience.
Third in a four-course sequence that qualifies students to take the Cisco CCNA examination. Topics include: switching basics and intermediate routing; command line interface and configuration of routers and switches for wired and wireless networks; Virtual LANs (VLANs), Virtual Trunking Protocol (VTP), and Spanning Tree Protocol (STP); advanced IP addressing techniques; Variable Length Subnet Masking (VLSM); intermediate routing protocols such as RIPv2, EIGRP, and OSPF; and network security issues, troubleshooting, and management.

4 Cisco Internetworking IV (4) (CSU) Hours: 64-72 lecture.
Grading: Letter grade only.
Advisory: Completion of Computer Information Systems: Cisco Internetworking 3 or equivalent experience.
Final course in a four-course sequence that qualifies students to take the Cisco CCNA examination. Topics include: network design and security policies; more advanced LAN/WAN technologies; terminology and IP addressing techniques; IPv6, NAT, PAT and DHCP; Frame relay, Cable, DSL, PPP, VPN, VoIP, and Wireless. Comprehensive review of all topics covered in Cisco I, II, III, and IV courses in preparation for the CCNA certification exam.

415 Cisco Internetworking V (4) (Degree-applicable) Hours: 64-72 lecture
Grading: Letter grade with option for pass/no-pass grade.
Advisory: Completion of Computer Information Systems: Cisco Internetworking 4 or current CCNA certification or equivalent experience.
CCNP ROUTE, Implementing Cisco IP Routing. Topics include overview of converged and scalable routed internetworks. Advanced routing principles and protocols, EIGRP, OSPF in multiple areas, IS-IS, and BGP for enterprise ISP connectivity. Route optimization and routing features, manipulating routing updates; redistribution, filtering, and multicasting. Advanced IP address management: IPv4 and IPv6. Qualifies students to take the Cisco Level 5 examination, including the new CCNP Route Exam (642-902).
416 Cisco Internetworking VI (4)  
(Degree-applicable)  
Hours: 64-72 lecture  
Grading: Letter grade with option for pass/no-pass grade.  
Advisory: Completion of Computer Information Systems: Cisco Internetworking 4 or current CCNA certification or equivalent experience.  
Implementing Secure Converged Wide-Area Networks (ISCW). Topics include secure teleworker access and configuration; data over cable; DSL; Frame-mode MPLS; site-site IPSec VPN; GRE tunneling, Cisco EZVPN; authentication, authorization, accounting (AAA), device hardening; IOS firewall and threat defense features; intrusion detection systems (IDA); and intrusion prevention systems (IPS). Qualifies students to take the Cisco Level 6 examination.  
0708.00

417 Cisco Internetworking VII (4)  
(Degree-applicable)  
Hours: 64-72 lecture  
Grading: Letter grade with option for pass/no-pass grade.  
Advisory: Completion of Computer Information Systems: Cisco Internetworking 4 or current CCNA certification or equivalent experience.  
CCNP SWITCH. Implementing Cisco Switched Networks. Topics include use of routing and switching technologies together, virtual LANs (VLANs), inter VLAN routing, virtual transport protocol (VTP), spanning tree protocol (STP), and redundancy technologies such as HSRP and VRRP. Access control and security issues, port security, root guard, mac flooding, rogue devices, and spoofing. Implement support for wireless and voice over IP (VOIP). Qualifies students to take the Cisco Level 7 examination, including the new CCNP Switch Exam (642-813).  
0708.00

418 Cisco Internetworking VIII (4)  
(Degree-applicable)  
Hours: 64-72 lecture  
Grading: Letter grade with option for pass/no-pass grade.  
Advisory: Completion of Computer Information Systems: Cisco Internetworking 4 or current CCNA certification or equivalent experience.  
Optimizing Converged Networks (ONT). Topics include optimizing quality of service (QoS), converged networks supporting voice over IP (VOIP), wireless and security applications, voice network implementation, Network Based Applicable Recognition (NBAR), traffic classification, marking, congestion management, link efficiency mechanisms, policing, shaping, and AutoQos. Implement, configure, and manage a Wireless (WLAN) network, security, encryption, authentication, QoS, and management. Qualifies students to take the Cisco Level 8 examination.  
0708.00

419 Cisco Internetworking IX (4)  
(Degree-applicable)  
Hours: 64-72 lecture  
Grading: Letter grade with option for pass/no-pass grade.  
Advisory: Completion of Computer Information Systems: Cisco Internetworking 415 and 417, or equivalent experience.  
Monitoring and maintain complex, enterprise routed and switched IP networks. Skills include planning and execution of regular network maintenance, as well as support and troubleshooting using technology-based processes and best practices, following systematic and industry recognized approaches. Labs emphasize hands-on learning and practice to reinforce troubleshooting techniques. Prepares student for the externally administered Cisco CCNP TSHOOT 642-832 exam.  
0708.10

492A-H Special Topics: CIS Cisco Internetworking (.5-6)  
(Degree-applicable)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special interest lecture course for students who wish further exploration in specific areas of Cisco Internetworking. Topics vary and are determined by the instructor. See the schedule of classes for current term emphases. May require prerequisites and/or corequisites based upon the content of the course.  
0708.00

**COMPUTER INFORMATION SYSTEMS: GAME DEVELOPMENT (CISGAME)**

401 Fundamentals of Game Development I (1.5)  
(Degree-applicable)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems 1.  
Introduction to game development. Topics include: history, hardware, graphics, sound, game genres, design elements, game generation software, game programming, and available careers in game development.  
0707.10

402 Fundamentals of Game Development II (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems: Game Development 401.  
Game development using creation software and development tools. Topics include: game design methods; content development, including graphics and sound; game logic; programming concepts such as objects, properties, methods, and events; basic concepts of movement and collision; beta testing; and identifying and fixing bugs.  
0707.10

403 Fundamentals of Game Programming (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems: Game Development 401.  
Introduction to game programming using a popular computer game programming language. Fundamentals of planning, syntax, logic, testing, debugging, and documentation in the development of computer games.  
0707.10

420 Mobile/Web Game Development (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Computer Information Systems: Game Development 401.  
Programming and design for mobile and web games. Topics include fundamentals of games and logic, game development, positioning and movement of elements, development and comparison of Web tools and mobile emulators, collision detection and reaction, graphics, sound, animations, and testing and debugging projects.  
0707.10

**TECHNOLOGY DEPARTMENTS**

**401 Microcomputer Hardware (3) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Computer Information Systems 1.  
Provides current and relevant computer technical skills required for entry level PC technician positions and/or preparation for computer industry certification. Topics include basic analysis of microcomputers and related equipment including computer hardware installations, configuring (upgrading) computers, troubleshooting techniques and the interaction between computer hardware and software.  
0708.20

405 A+ Certification Preparation (1.5)  
(Degree-applicable)  
Hours: 24-27 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems: Hardware and Support 401.  
A practical course designed to prepare students for the A+ Certification exams. Subject matter includes computer hardware installation, configuration, diagnosing issues, operating system basics, safety, customer relations, security and basic networking. The A+ Certification exams are administered by independent testing organizations.  
0708.20

492A-H Special Topics: CIS Hardware and Support (.5-6)  
(Degree-applicable)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special interest lecture course for students who wish further exploration in specific areas of computer hardware and support. Topics vary and are determined by the instructor. See the schedule of classes for current term emphases. May require prerequisites and/or corequisites based upon the content of the course.  
0708.20
Computer Information Systems: Internet and Web Development (CISIWEB)

423 Web Development: Dreamweaver (3) (Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Computer Information Systems: Internet and Web Development 70.
Principles of Web development using Macromedia Dreamweaver. Topics include the Dreamweaver interface, the object panel and other tools, HTML integration and editing, images, text, linking, lists, tables, tracing images, layers, frames, rollovers, Cascading Style Sheets (CSS), Dynamic HTML, forms, publishing Fireworks, and Flash files.
0709.00

436 Web Development: PHP/MySQL (3) (Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Computer Information Systems: Internet and Web Development 70.
Building Web-based applications using PHP in conjunction with MySQL to create database-driven Web sites. Topics include an introduction to PHP and syntax, configuring a Web server for use with PHP, programming in PHP using basic scripting, data types, looping, conditional constructs, functions, operators, lists and arrays, databases and data files, e-mail, forms, and cookies.
0709.00

Computer Information Systems: Networking (CISNTWK)

11 Microsoft Network Server (3) (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Computer Information Systems 50.
In-depth study of Microsoft network server software and the administration of a network. Topics include: installation and configuration, active directory, file system management, and security. Helps prepare students for the Microsoft Certified Professional (MCP) and Microsoft Certified Systems Engineer (MCSE) exams.
0708.10

92A-H Special Topics: CIS Networking (.5-6) (CSU)
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Special interest lecture course for students who wish further exploration in specific areas of Internet and Web development. Topics vary and are determined by the instructor. See the schedule of classes for current term emphases.
0709.00

438 Web Development: Ruby on Rails (1.5) (Degree-applicable)
Hours: 24-27 lecture.
Grading: Letter grade only.
Advisory: Completion of Computer Information Systems: Internet and Web Development 70.
Development and implementation of Web sites using MySQL database technology and Ruby on Rails, an open source web application framework for the Ruby programming language. Topics include Ruby basics and installation, Ruby syntax and application development, the Model-View Controller (MVC), creating dynamic Web pages with Rails, simple model validation, data validation, storage, retrieval, and application prototyping.
0709.00
1 Introduction to Computer Programming (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Computer Information Systems 1.  
Introduction to the principles of computer programming. Topics include the program development life cycle, control structures, syntax and object-oriented programming development. A popular object-oriented programming language will be used.  
0707.10

3 Fundamentals of Visual Basic Programming (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Computer Information Systems 1.  
Beginning Visual Basic programming for business applications. Emphasis on problem analysis, solution planning, and object oriented programming solutions.  
0707.10

92A-H Special Topics: CIS Programming (.5-6)  
(CSU)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special interest lecture course for students who wish further exploration in specific areas of computer networking. Topics vary and are determined by the instructor. See the schedule of classes for current term emphases. May require prerequisites and/or corequisites based upon the content of the course.  
0708.10

403 Advanced Visual Basic Programming (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Computer Information Systems: Programming 3.  
Advanced Visual Basic programming for business applications. Emphasis on report generation, database interface, and project design.  
0707.10

1 Programming Concepts and Methodology I (3) [Cx]  
(CSU; UC credit limitations)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Introduces the discipline of computer science using a high level language, utilizing programming and practical hands-on problem solving. Topics include hardware software, computer architecture, memory and registers, input-output data operations, storage, information control, problem solving, and Object Oriented Programming. First course in a sequence of courses that is compliant with the standards of the Association for Computing Machinery (ACM).  
0706.00

2 Programming Concepts and Methodology II (3)  
(CSU; UC pending)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Computer Science 1.  
Application of software engineering techniques to the design and development of large programs: data abstraction and structures and associated algorithms.  
(C-ID COMP 132)  
0706.00

3 Computer Architecture and Organization (3)  
(CSU; UC pending)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Computer Science 1.  
Organization and behavior of real computer systems at the assembly-language level. Mapping of statements and constructs in a high-level language onto sequences of machine instructions is studied, as well as the internal representation of simple data types and structures. Numerical computation is examined, noting the various data representation errors and potential procedural errors.  
0706.00

21 Fundamentals of C++ Programming (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Computer Science 1 or Computer Information Systems: Programming 1.  
Introduction to the concepts, terminology, syntax, and uses of the C++ programming language.  
0707.10

492A-H Special Topics: Computer Science (.5-6)  
(Degree-applicable)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Specializations in computer science. See class schedule for current topic. May require corequisites and/or prerequisites based on the content of the course.  
0706.00

Cooperative Education (COOPED)  
(WORK EXPERIENCE COURSES MAY ALSO BE FOUND WITHIN SOME DISCIPLINES.)

98 Independent Study: Cooperative Education (1)  
(CSU credit limitations)  
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience for each unit of credit.  
Grading: Letter grade only.  
Limitation on Enrollment: 2.0 GPA and instructor signature is required for registration.  
A series of instructional activities including special assignments providing opportunities to develop self, career and job related assessment and development skills. Career development related projects, seminars and other individualized activities may be required.  
4932.00

497A-D Cooperative Education: General Work Experience (1, 2, 3, or 4)  
(Degree-applicable)  
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience for each unit of credit.  
Grading: Letter grade only.  
Limitation on Enrollment: Student must be employed or participating in an internship.  
Supervised employment which is intended to assist students in acquiring desirable work habits, attitudes and career awareness. The work experience need not be related to the students’ educational goals. Career and professional development seminars include study of knowledge, judgments, skills and attitudes essential for success in the world of work.  
4932.00
1 Introduction to Corrections (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Philosophical and practical overview of the history, evolution and current practices of the field of corrections, including extensive examination of the roles and responsibilities of the three prongs of the United States criminal justice system. Critical analysis of five correctional philosophies and their impact on correctional systems, processes, case law and client’s rights. Includes a critical examination of the types of correctional institutions and community-based programs, and an examination of contemporary correctional issues. Exploration of the diverse career opportunities available at the city, county, state, and federal levels.  
(C-ID AJ 200)  
2105.10

2 Control and Supervision of Inmates (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Correctional Science 1.  
Inmate supervision in correctional institutions, including security procedures, contraband control, treatment programs, and prison dynamics. Prison staff responsibilities and the effect of their application on inmate culture and institutional characteristics. Current and historical methods of controlling inmates.  
2105.10

3 Correctional Law (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Correctional Science 1.  
Legal aspects of corrections from conviction/commitment to release. Discussion of laws addressing processes of the correctional system and facilities, including county jails, juvenile halls, state prisons, probation, parole, executions, clemency, commutations, and terms of imprisonment. Policy, procedure, and regulations governing escapes, treatment, and prison records. Survey of correctional programs at the various levels of government from a legal perspective. Legal and due process rights of offenders. The balance of protecting the rights of offenders individuals versus the need to protect society.  
2105.10

4 Public Relations and Corrections (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Correctional Science 1.  
Various aspects of public relations and methods of communication with the public concerning correctional goals and concepts. Survey of problems and methods of improving attitudes toward correctional programs. Relations with criminal justice agencies including law enforcement and other government organizations, prison prevention groups, and job-placement services. Designed for both pre-service and in-service personnel.  
2105.10

5 Crime and Delinquency (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Correctional Science 1.  
An analysis of the causation theories attributed to crime, delinquency and deviance, and the implications for the offender, the victim and the justice system. An examination of the history and progression of our country’s attempts to control its crime problem. Classification of crimes, criminals and statutory laws are explored.  
2105.10

6 Correctional Interviewing and Counseling (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Powerful and appropriate interviewing and counseling techniques for use with correctional clients, who may include perpetrators, victims, family members, and witnesses. Strategies for dealing with sidetracking, aversion, and defensive responses. Effective use of encouragement, silence, redirection, non-verbal communication, and rapport in interviews. Intervention, counseling, and appropriate referrals in crisis situations. Ethics, boundary, and confidentiality issues encountered by counselors and caseworkers.  
2105.10

7 Probation and Parole (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Correctional Science 1.  
Overview of the history and philosophical foundations of probation and parole in the United States. Organization and operations of probation and parole agencies as particular segments of the criminal justice system. Probation as part of the judicial process, and parole as part of the corrections system. Theoretical concerns exemplified in probation and parole supervision, as well as the practical aspects of probation and parole services. Review and evaluation of community-based corrections and the programs included in response to criminal behavior. Issues and problems relating to the pre-sentence investigation report, determinate versus indeterminate sentencing, the vast and diverse roles of the probation officer and parole agent, and case law decisions affecting probation and parole practice.  
2105.20

8 Ethnic Group Relations (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Survey of minority roles, problems, and relationships within the criminal justice system. Explanation of the impact and effect of stereotypes and prejudice within the system and how it affects its decision-makers. Examination of our society’s stratification and perspectives based on race, ethnicity, class, and gender as they relate to crime and justice in America. Identification of cultural traditions that may affect the rehabilitation process of the correctional client.  
2105.10

10 Violence in America (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
An exploration of victimization theories, classification of violent crimes, and perpetrator identification. Crime and its impact on victims and society as a whole. Primary, secondary and tertiary victimization, intimate violence, workplace violence, school violence and terrorism are explored.  
2105.10

409 Women and the Criminal Justice System (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
A historical study of women involved in the criminal justice system as victims, offenders, and criminal justice professionals. Causative factors for women’s increased propensity for crime are reviewed, as well as the female professionals’ rise to prominence and effectiveness in a male-dominated career.  
2105.10

410 Street Gangs and Subcultures (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Introductory course exploring the history and development of gangs, current gang activity, and trends affecting the evolution of established gangs and the development of future gangs. Efforts by police, probation, and parole agencies in the prevention, intervention, and suppression of gangs. Motivational theories on why young people join gangs and the relationship between street and prison gangs.  
2105.10

411 Juvenile Corrections (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Impact of juvenile delinquency on offenders, family, community and society. Responsibilities of the various components of the juvenile justice system involved in arrest, investigation, reporting, court procedures, probation, detention, and residential treatment of juvenile offenders. Programs and policies of the Juvenile Justice Division of the California Department of Corrections and Rehabilitation.  
2105.10

450 Correctional Report Writing (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Essential elements of report writing. Emphasis on correct sentence structure, grammar, technical writing style, and accuracy in reporting the facts relating to a crime, behavioral incident, institutional board report, annual review, discharge, pre-sentence investigation, violation of conditions, and case summary review. Actual reports are examined and analyzed to help demonstrate relevance and purpose of this correctional process.  
2105.10
DANCE (DANCE)

1 Survey of Dance (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or ESL-475.  
A conceptual and historical study of dance from antiquity to the present, emphasizing the cultural and historical development of dance as a theatrical and social form. This non-studio course includes lectures, readings, and films.  
Limitation on Enrollment: Level placement pending instructor approval.  
Grading: Letter grade only.  
Hours: 32-36 laboratory.  
(CSU; UC)  
Limitation on Enrollment: Student must be 18 years of age or older.  
Limitation on Enrollment: Level placement pending instructor approval.  
Advisory: Completion of Dance 10A.  
Further development of jazz dance skills and vocabulary at the advanced beginning level emphasizing technique and style, and adding more complexity to warm-ups; center-floor strength, flexibility, body control techniques; travelling techniques; and choreographed combinations.  
1008.00

2 Theatrical Dance (3)  
(Also available as Theatre 2)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Study of physical movement as it relates to the body on the stage, including movements commonly used in musical theatre, jazz, and modern dance techniques. This course is for the theatre and/or dance major, or any performer or student interested in developing awareness and understanding importance of control, coordination, balance, strength, and conscious development of movement habits.  
Limitation on Enrollment: Level placement pending instructor approval.  
Grading: Letter grade only.  
Hours: 32-36 studio.  
(CSU; UC)  
Limitation on Enrollment: Level placement pending instructor approval.  
Advisory: Completion of Dance 20A.  
Further development of modern dance skills and vocabulary at the intermediate level emphasizing technique and creativity, and drawing upon classical, post-modern, and contemporary styles. Continued application of skills through more complex warm-ups; center-floor strength, flexibility, body control techniques; and travelling techniques progressing to choreographed combinations.  
1008.00

4A Ballet IA (1.5)  
(CSU; UC)  
Hours: 48-54 studio.  
Grading: Letter grade only.  
Skill acquisition and practice of fundamental classical ballet barré and center technique at the beginning level. Study of ballet theory, history, and vocabulary.  
Limitation on Enrollment: Level placement pending instructor approval.  
Grading: Letter grade only.  
Hours: 32-36 studio.  
(CSU; UC)  
Limitation on Enrollment: Level placement pending instructor approval.  
Advisory: Completion of Dance 4A.  
Skill improvement in fundamental classical ballet barré and center technique at the advanced beginning level. Continued study of ballet theory, history, and vocabulary.  
1008.00

4B Ballet IB (1.5)  
(CSU; UC)  
Hours: 48-54 studio.  
Grading: Letter grade only.  
Advisory: Completion of Dance 4B.  
Limitation on Enrollment: Level placement pending instructor approval.  
Grading: Letter grade only.  
Hours: 32-36 studio.  
(CSU; UC)  
Limitation on Enrollment: Level placement pending instructor approval.  
Advisory: Completion of Dance 6A.  
Further development and practice of intermediate/advanced skill level combinations with modifications and complications. Continued study of theory, history, and vocabulary.  
1008.00

6A Ballet IIA (1.5)  
(CSU; UC)  
Hours: 48-54 studio.  
Grading: Letter grade only.  
Advisory: Completion of Dance 6A.  
Skill improvement in increasingly complex classical ballet barré and center technique. Further development and practice of intermediate/advanced skill level combinations with modifications and complications. Continued study of theory, history, and vocabulary.  
Limitation on Enrollment: Level placement pending instructor approval.  
Grading: Letter grade only.  
Hours: 32-36 studio.  
(CSU; UC)  
Limitation on Enrollment: Level placement pending instructor approval.  
Advisory: Completion of Dance 10B.  
Further development of jazz dance skills and vocabulary at the intermediate level, emphasizing technique and style. Increasing technical and artistic range through more complex warm-ups; center-floor strength, flexibility, and body techniques; travelling techniques; and choreographed combinations.  
1008.00

10A Jazz Dance IA (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Introduction of basic jazz dance skills and vocabulary emphasizing technique and style through warm-ups; center-floor strength, flexibility, body control techniques; and travelling techniques progressing to choreographed combinations.  
1008.00

20A Modern Dance IA (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Introduction of basic modern dance skills and vocabulary emphasizing technique and creativity, and drawing upon classical, post-modern, and contemporary styles. Continued application of skills through more complex warm-ups; center-floor strength, flexibility, body control techniques; and travelling techniques progressing to choreographed combinations.  
1008.00

20B Modern Dance IB (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Introduction of basic modern dance skills and vocabulary emphasizing technique and creativity, and drawing upon classical, post-modern, and contemporary styles. Continued application of skills through more complex warm-ups; center-floor strength, flexibility, body control techniques; and travelling techniques progressing to choreographed combinations.  
1008.00

30A Tap Dance IA (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Introduction of basic tap dance skills and vocabulary, emphasizing technique, styles, and rhythms through warm-ups, travelling techniques, and choreographed combinations.  
1008.00

30B Tap Dance IB (1)  
(CSU; UC)  
Hours: 32-36 studio.  
Grading: Letter grade only.  
Introduction of basic tap dance skills and vocabulary, emphasizing technique, styles, and rhythms through warm-ups, travelling techniques, and choreographed combinations.  
1008.00

42 Dance Production (3)  
(CSU; UC)  
Hours: 144-162 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Level placement pending instructor approval.  
Advisory: Completion of Dance 30A.  
Further development of tap dance skills and vocabulary at the advanced beginning level, emphasizing technique, styles, and rhythms adding more complexity to warm-ups, travelling techniques, and choreographed combinations.  
1008.00
400 Dental Assisting Core Sciences (6) [Cx]
(Degree-applicable)
Hours: 64-72 lecture; 96-108 laboratory
Grading: Letter grade only.
Core competencies and foundational skills. Topics include an overview of applicable biomedical terms and functions, dental anatomy, infection prevention and control, medical and dental emergencies, ethics and professionalism, patient interaction, dental charting, community health and diversity, and basic laboratory skills.

430 Clinical Practice (6) [Cx]
(Degree-applicable)
Hours: 288-324 laboratory.
Grading: Letter grade only.
Advisory: Dental Assisting 410.
Prerequisite: Dental Assisting 420.
In-depth study of dental radiography. Topics include evolution of standard and digital radiography; basic principles, characteristics and terminology; oral physics and biological effects; sterilization and infection control; film types and exposures; safety procedures in the use and maintenance of equipment; placement and processing techniques; film mounting; error identification and correction; and the use of radiographs in diagnoses and treatment planning. Evaluation and documenting of pathological intraoral findings during mouth inspections are also covered. Students master skills in pre-clinical and clinical assignments.

505 Assessment of Learning Abilities and Limitations (.5)
(Non-degree-applicable)
Hours: 24-27 self-paced, open-entry/exit laboratory.
Grading: Pass/No Pass grade only.
An assessment of learning strengths and limitations designed for students having difficulties in courses, or desiring assessment for possible inclusion in the learning disabilities portion of Disability Programs and Services. Perceptual, cognitive, and achievement testing is provided as a part of the course.

522A, B Basic Skills for Job Readiness (1, 2)
(Non-degree-applicable)
Hours: 48-54 hours/term self-paced laboratory for each unit of credit.
Grading: Pass/No Pass grade only.
Basic skills in reading, writing and mathematics concepts applied to job training and independent living. Student must not be injurious to self or others.

523 Beginning Job Readiness Skills (1.5)
(Non-degree-applicable)
Hours: 72-81 open-entry laboratory.
Grading: Pass/No Pass grade only.
Limitation on Enrollment: Orientation and instructor signature is required for registration.
Corequisite: Disability Programs and Services 576.
First in a series of open-entry/exit self-paced courses for students with disabilities. This course introduces the basic job readiness skills which prepare students for competitive employment.
524 Intermediate Job Readiness Skills (1.5)  
(Non-degree-applicable)  
Hours: 72-81 open-entry laboratory.  
Grading: Pass/No Pass grade only.  
Limitation on Enrollment: Orientation and instructor signature is required for registration.  
Corequisite: Disability Programs and Services 577.  
Second course in a series of open-entry/open-exit self-paced courses for students with disabilities. This course focuses on intermediate job readiness skills to further prepare students for competitive employment.  
4930.30

525 Advanced Job Readiness Skills (1.5)  
(Non-degree-applicable)  
Hours: 72-81 open-entry laboratory.  
Grading: Pass/No Pass grade only.  
Limitation on Enrollment: Orientation and instructor signature is required for registration.  
Corequisite: Disability Programs and Services 526.  
Corequisite: Disability Programs and Services 578.  
Third course in a series of open-entry/open-exit self-paced courses for students with disabilities. This course focuses on the advanced job readiness skills needed for competitive employment.  
4930.30

526 Mastery of Job Readiness Skills (1.5)  
(Non-degree-applicable)  
Hours: 72-81 open-entry laboratory.  
Grading: Pass/No Pass grade only.  
Limitation on Enrollment: Orientation and instructor signature is required for registration.  
Corequisite: Disability Programs and Services 525.  
Corequisite: Disability Programs and Services 579.  
Final course in a series of open-entry/open-exit self-paced courses for students with disabilities. This course focuses on job placement skills for obtaining competitive employment.  
4930.30

530 Basic Computer Skills for Students with Disabilities (1)  
(Non-degree-applicable)  
Hours: 8-9 lecture; 24-27 laboratory.  
Grading: Pass/No Pass grade only.  
Limitation on Enrollment: Instructor consent is required for registration.  
Individualized prescriptive course providing students with disabilities the knowledge of computer software, hardware and assistive devices needed to promote individual success and independence. Students create effective documents, utilize adaptive software and hardware, and develop transferable skills for use in college instructional courses and/or the work force.  
4930.30

575 Problem Solving for Job Readiness (1)  
(Non-degree-applicable)  
Hours: 48-54 self-paced laboratory.  
Grading: Pass/No Pass grade only.  
Open-entry/open-exit, self-paced laboratory course for job training and independent living. Students apply basic skills of reading, writing, and mathematical concepts to interpret and respond to specific vocational and/or practical living situations. Hands-on learning experiences aid in the development of appropriate work behaviors, social skills, and entry-level job skills.  
4930.30

576 Beginning Job Skills Practicum Lab (1.5)  
(Non-degree-applicable)  
Hours: 72-81 open-entry laboratory.  
Grading: Pass/No Pass grade only.  
Limitation on Enrollment: Orientation and instructor signature is required for registration.  
Corequisite: Disability Programs and Services 523.  
Open-entry/exit self-paced course for students with disabilities, focused on the introduction of basic hands-on job skills to prepare students for competitive employment.  
4930.30

577 Intermediate Job Skills Practicum Lab (1.5)  
(Non-degree-applicable)  
Hours: 72-81 open-entry laboratory.  
Grading: Pass/No Pass grade only.  
Limitation on Enrollment: Orientation and instructor signature is required for registration.  
Corequisite: Disability Programs and Services 524.  
Corequisite: Disability Programs and Services 577.  
Open-entry/exit self-paced course for students with disabilities, focused on intermediate hands-on job skills to further prepare students for competitive employment.  
4930.30

578 Advanced Job Skills Practicum Lab (1.5)  
(Non-degree-applicable)  
Hours: 72-81 open-entry laboratory.  
Grading: Pass/No Pass grade only.  
Limitation on Enrollment: Orientation and instructor signature is required for registration.  
Corequisite: Disability Programs and Services 525.  
Open-entry/exit self-paced course for students with disabilities, focused on advanced hands-on job skills needed for competitive employment.  
4930.30

651 Job Placement Practicum for Students with Disabilities (0)  
(Non-credit)  
Hours: Variable arranged  
Grading: Not graded.  
Self-paced, open-entry/open-exit course offering individualized instruction in job development, job search techniques, job holding skills, and disability payments, and the utilization of community rehabilitation resources for students with developmental, learning, and/or physical disabilities. Work experience, supported employment, and/or job placement and follow-up services are provided as a practicum for applying learned skills in a real work environment. May be repeated.  
4930.31

657 Vocational Skills for Students with Disabilities (0)  
(Non-credit)  
Hours: 48-54 open-entry laboratory.  
Grading: Not graded.  
Self-paced, open-entry/open-exit course for students with disabilities teaching work skills that increase their earning potential and level of independence. Students learn skills necessary to progress in vocational and independent living environments to achieve their vocational goals. In order to insure equal access, classes are held in the community, providing underrepresented students the opportunity for quality educational programming. Students learn the basic academics that support vocational development and increase their level of independence. Curriculum may include entry-level work skills, job retention skills, and interpersonal skill development. May be repeated.  
4930.31

DRAFTING (DRAFT)

20 Computer-Aided Drafting and Design (4) [Cx]  
(CSU)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Computer Information Systems 4 or Windows experience.  
Introduction to Computer Aided Drafting and Design (CADD) technology, terminology, and application, using an industry-standard program. Topics include drawing creation, detailing and dimensioning, management of drawing files, management of the user environment, producing hardcopy output of drawings, and introduction to parametric sketching. Emphasis on two-dimensional working drawings.  
0953.00

21 Mechanical Design I (3) [Cx]  
(CSU)  
Hours: 16-18 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Prerequisite: Drafting 20 or one year of high school drafting using AutoCAD, and Engineering Technology 10 or one year of high school drafting using SolidWorks or a similar feature-based modeling software.  
Production of engineering drawings using primary orthographic views, section views, detail views and auxiliary views. Detailing of drawing views including dimension, notes/labels and drawing formats. Assignments are completed on the CAD system.  
0953.40
41 Computer-Aided Drafting and Design: Mechanical (4)  
(CSU)  
Hours: 32-36 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Prerequisite: Drafting 20.  
Advanced drawing techniques using the computer, with focus on mechanical applications. Emphasis on the creation of symbol libraries, bills of material, customizing menus, and other advanced topics. Use of paper and model space, referencing other drawings into an existing drawing, sheet sets, and advanced plotting techniques. Introduction to 3-dimensional CAD applications, and to other CAD software programs and applications. 0953.00

43 Advanced CAD Modeling and Applications (3)  
(CSU)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Engineering Technology 10.  
Advanced concepts and development of three-dimensional visualization skills. Techniques for part and assembly modeling using a feature-based parametric CAD solid modeler. Technique for producing industry standard orthographic projection drawings from three-dimensional solid models. 0953.40

50 Architectural Design I (3) [Cx]  
(CSU)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Drafting 20 or one year of high school drafting.  
Theory and methods of architectural drawings, incorporating the fundamentals of good residential design. Topics include: line conventions, projection representations, dimensions, layout and traffic pattern accommodation, and the impact of building codes and UBC and FHA regulations. Student drawings will reflect the integration of topics concepts and the various plans needed for a complete set of working drawings, including a plot plan, foundation plan, floor plan, sections, details, and stairs. 0953.10

51 Architectural Design II (3) [Cx]  
(CSU)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Drafting 50.  
Design issues associated with more complex buildings and settings, including the impact of zoning, local codes, and challenging sites. Topics include: multiple story buildings, complicated roof and foundation design, exterior embellishments, Title 24 and AHDA compliance issues, heat loss and gain, energy costs calculation, and environmental impact. Students' projects include presentation elevation perspectives and model construction for design study, presentation, and promotion. 0953.10

53 Architectural Applications of CAD (4)  
(CSU)  
Hours: 32-36 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Prerequisite: Drafting 20 and 51.  
The use of computer-aided drafting software for architectural plans, including site plans, floor plans, elevations, construction details and other drawings as needed. Techniques in creative symbol libraries will be explored. 0953.10

78 Advanced Design Applications (4) [Cx]  
(CSU)  
Hours: 32-36 lecture; 96-108 laboratory.  
Grading: Letter grade only.  
Prerequisite: Engineering Technology 10, or 1 year experience using SolidWorks or a similar feature-based modeling software.  
Advanced modeling/drawing of machine parts in the various stages of manufacturing with required back-up items such as jigs, fixtures, weldments, tooling, molds, and dies. Assignments may be done using a CAD system. 0953.10

92A-H Special Topics: Drafting (.5-6)  
(CSU)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Selected topics for students who wish to gain in-depth knowledge in specific areas of drafting. Topics will be determined after consultation with an instructor. 0953.00

92LA-H Special Topics Laboratory: Drafting (.5-6)  
(CSU)  
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Selected laboratory topics for students who wish to gain in-depth knowledge in specific areas of drafting. Topics will be determined after consultation with an instructor. 0953.00

98A,B,C Independent Study: Drafting (1, 2, 3)  
(CSU credit limitations)  
Grading: Letter grade only.  
Limitation on Enrolment: Instructor signature is required for registration.  
Special project course designed for the capable, well-motivated student. Each student explores and develops a project or a paper in an area of personal interest. Nature and extent of the project must be decided by student and instructor before the student may sign up for the course. Type and extent of the project determines the number of units allowed. 0953.00

452 Light Commercial Construction Design (3)  
(Degree-applicable)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Drafting 51. Design and detailing of small business and manufacturing buildings. Emphasis on building codes, materials, layout, and functional equipment. Particular attention will be paid to environmental design. 0953.10

DRAMA  
(SEE THEATRE ARTS)

EARTH SCIENCE (ESC)  
(SEE ALSO GEOLOGY)

1 Earth Science (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Geology, oceanography, meteorology, and planetology aspects of the physical environment; designed for general education and earth science majors.  
(C-ID GEOL 120) 1930.00

1L Earth Science Laboratory (1)  
(CSU; UC)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Corequisite: Earth Science 1 (may be taken previously).  
Optional laboratory for Earth Science. Use of scientific tools and methods to image, measure and observe phenomenon in geology, oceanography, astronomy and meteorology.  
(C-ID GEOL 120L) 1930.00

5 Oceanography (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Introduction to the marine sciences. Properties of water, air-sea interaction, ocean currents, waves, tides, beaches, marine life, marine resources, ocean pollution, and the nature and origin of the sea floor. 1919.00

5L Oceanography Laboratory (1)  
(CSU; UC)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Corequisite: Earth Science 5 (may be taken previously).  
Use of the tools and methods of science to image, measure and observe phenomenon in oceanography. 1919.00
ECONOMICS (ECON)

1 Introduction to Economics (3) (Cx) (CSU; UC credit limitations)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for Mathematics 25 as determined by the Chaffey assessment process, or completion of Mathematics 425.
Study of the principles of microeconomics. Origins of the market institutions that form the basis of our national economy. How households decide what and how much to consume. Topics include: competition; monopoly and near-monopoly markets; price discrimination and regulation; microeconomic foundations of the economy; labor markets; pricing policies and practices; effects of taxes on individuals and businesses; income distribution and poverty, poverty reduction programs, environmental economics; economics of race, gender, and culture; trade policies; and benefits derived from international trade. May be offered as an Honors course. 2204.00

2 Principles of Macroeconomics (3) (CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for Mathematics 25 as determined by the Chaffey assessment process, or completion of Mathematics 425.
Study of the principles of macroeconomics. Emphasis on the U.S. economic system and institutions. Origins of the U.S. economic system and institutions. Brief survey of economic systems, including capitalism and socialism. Theories and policies concerning economic growth and development, business cycles, unemployment, full employment, inflation, taxation, deficits, the national debt, and public choice. Discussion of money, banking, interest rates, and international finance. Survey of competing economic views, including Classical, New Classical, Keynesian, post-Keynesian, and monetarist. May be offered as an Honors course. 2204.00

4 Principles of Microeconomics (3) (Cx)
Grading: Letter grade only.
Prerequisite: Eligibility for Mathematics 25 as determined by the Chaffey assessment process, or completion of Mathematics 425.
Study of the principles of microeconomics. Origins of the market institutions that form the basis of our national economy. How households decide what and how much to consume. Topics include: competition; monopoly and near-monopoly markets; price discrimination and regulation; microeconomic foundations of the economy; labor markets; pricing policies and practices; effects of taxes on individuals and businesses; income distribution and poverty, poverty reduction programs, environmental economics; economics of race, gender, and culture; trade policies; and benefits derived from international trade. May be offered as an Honors course. 2204.00

8 History of Economic Ideas (3) (CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of English 1A.
Historical development of the institutions and ideas related to our present economic system emphasizing the writings of the “great economists”, including Smith, Ricardo, Marx, Veblen, Marshall, Keynes, Friedman, and Galbraith. The U.S. economic system and economic issues of domestic and international importance, including unemployment, economic growth, globalization, the environment, regulation, deregulation, inflation, interest rates, price discrimination, corporations, and labor unions. May be offered as an Honors course. 2204.00

90A Economics Honors Seminar (1) (CSU; UC credit limitations)
Hours: 16-18 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Students must be concurrently enrolled in one of the corequisite courses or have completed one of the corequisite courses with an A or B grade in the immediately preceding term, and must also meet Honor’s eligibility criteria delineated in the schedule of classes.
Corequisite: Economics 1, 2, 4, or 8 (may have been taken previously)
Honors component for Economics 1, 2, 4, and 8. Topics of interest vary, are chosen by the instructor and students, and are presented in a seminar format with change in topic emphasis each term. 2204.00

10 Elementary Classroom Fieldwork (3) (CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Proof of a negative TB test within past 12 months and legal fingerprint clearance through Chaffey College Human Resources Department are required for fieldwork placement.
Prerequisite: Education 400, and eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.
Course explores concepts and issues related to teaching diverse learners in today’s schools. Kindergarten through grade twelve (K-12). Topics include teaching as a profession, historical and philosophical foundations of the United States education system, contemporary educational issues, and California’s standards for both student curriculum and teacher performance. In addition to a weekly lecture, the course requires 45 hours of structured fieldwork with a certified teacher in a diverse public elementary classroom. Fieldwork placement will be carefully selected by the course instructor at schools within the district boundaries of the Chaffey College Rancho campus. 0801.00

400 Introduction to Education and Teaching I (3) (Cx) (Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of English 475 or English as a Second Language 475.
Introduction to careers in education, exploring professional responsibilities, career pathways, and job search strategies for tutors, para-educators, activity supervisors, and credentialed teachers. Entry-level training in classroom student diversity, child guidance and discipline, teaching and learning strategies, and effective communication skills. 0802.00

492A-H Special Topics: Education (.5-6) (Degree-applicable)
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Selected special lecture topics in the field of education, designed to augment the program curriculum or serve as useful preparation for students within the discipline. Topics vary and are determined by the instructor. Prerequisites and/or corequisites may be required, based on the scope and content of individual offerings. See the schedule of classes for current term emphases. 801.00

EDUCATION (ED)

ELECTRICITY
(SEE INDUSTRIAL ELECTRICAL TECHNOLOGY)

EMERGENCY MEDICAL TECHNICIAN (EMT)

405 First Responder for Emergency Medical Services (3) (Degree-applicable)
Hours: 40-45 lecture; 24-27 laboratory.
Grading: Letter grade only.
Limitation on Enrollment: Student must be 18 years or older at the start of the course.
Advisory: Students should possess good dexterity and physical condition, have the ability to lift and carry up to 150 pounds, and be able to work in confined spaces and different positions (e.g. on the ground or floor).
Emergency Responder and CPR training for the professional rescuer, fulfilling California Code of Regulations Title 22 requirements. Emergency care knowledge and skills required for Emergency Medical Technicians, Professional and Volunteer Firefighters, and Peace Officers. Course meets the American Heart Association CPR prerequisite and recommended preparation for admission to the EMT program, and is approved by the Inland County Emergency Medical Agency (ICEMA). 1250.00
410 Emergency Medical Technician (6.5) [Cx]  
(Degree-applicable)  
Hours: 80-90 lecture; 72-81 laboratory  
Grading: Letter grade only.  
Limitations on Enrollment: Student must be 18 years or older at the start of the course and possess a current American Heart Association Health Care Provider CPR card.  
Prerequisite: Emergency Medical Technician 405.  
Advisory: Students should possess good dexterity and have good physical condition with the ability to lift 150 pounds, and work in confined areas and in different positions (i.e. on the ground or floor).  
Students develop basic rescue skills needed for assessment, immediate treatment, and transport of urgently ill or injured clients, by identifying and addressing traumatic injuries, medical emergencies, and environmental hazards using rescue techniques and equipment. Emphasis on accurate evaluation and treatment of life-threatening conditions and development of appropriate client care strategies. This course prepares the student for National Registry and the Inland Counties Emergency Medical Agency (ICEMA) requirements and certifying exam. Twelve hours of an ambulance ride-along and twelve hours of observation in a hospital emergency room are required components of the course. 0901.00

ENGINEERING (ENGIN)

11 Introduction to Engineering (2)  
(CSU; UC)  
Hours: 32-36 lecture  
Grading: Letter grade only.  
Introduction to the engineering profession. Exploration of the educational requirements for engineers and engineering programs available at four-year schools. Students examine the various engineering fields, along with the design standards, creativity, and professional ethics unique to the profession. Guest speakers and industry exposure provide first-hand accounts of the profession’s scope and responsibilities. 0901.00

26 Engineering Graphics and CAD (3)  
(CSU; UC)  
Hours: 32-36 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Principles of orthographic projection, pictorial views, sections and auxiliary views, dimensioning, and the four fundamental views of description geometry. Emphasis on graphic communication used for manufacturing, construction, and product design for parts and assemblies. The use of CAD is incorporated to assist in the solving of industry-related problems. 0901.00

30 Engineering Application of Digital Computation (3)  
(CSU; UC)  
Hours: 32-36 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Prerequisite: Mathematics 65A.  
Structured programming concepts applied to engineering problem types, such as center of mass, ballistics, column buckling, design, and reduction of experimental data. Structured approach used, with applications to flow charts and computer programming. Mathematical techniques include iterative solution, bisection, Raphson-Newton, statistics, and matrix operations. Computer techniques include formatted input and output, selection, loops, functions, pointers, arrays, and characters. 0901.00

50 Engineering Statics (3)  
(CSU; UC)  
Hours: 48-54 lecture  
Grading: Letter grade only.  
Prerequisite: Physics 45 and Mathematics 65A.  
Vector treatment of statics of Particles and Rigid Bodies. Free body diagrams application to problems of Equilibrium (two and three dimensions) with systems of forces in trusses, frames and machines. Principles of Friction, Distributed Forces, Centroid and Centers of Gravity, Moments of Inertia for area and mass, and Shear and Bending Moment. 0901.00

52 Engineering Dynamics (3)  
(CSU; UC)  
Hours: 48-54 lecture  
Grading: Letter grade only.  
Prerequisite: Engineering 50 and Mathematics 65B.  
Kinematics and kinetics of particles, systems of particles, and rigid bodies from a Newtonian viewpoint. Force-acceleration, work-energy, and impulse-momentum principles. Planar kinematics and kinetics of rigid bodies. Introduction to mechanical vibration. Vector mathematics where appropriate. 0901.00

60 Materials of Engineering (3)  
(CSU; UC)  
Hours: 48-54 lecture  
Grading: Letter grade only.  
Prerequisite: Chemistry 24A.  
Properties of materials as they relate to atomic and crystal structure. Topics include atomic structure and bonding; crystalline structures; phases and phase diagrams; metals, polymers, ceramics, and composites; mechanical deformation and fracture; electrical, magnetic, and optical properties; corrosion; and process methods. 0901.00

ENGINEERING TECHNOLOGY (EGTECH)

10 Introduction to Engineering Design (4) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Survey of the design process as applied to engineering and related fields, with emphasis on 3-D computer modeling software used in industry. Additional topics include design sketching, visualization, geometric relationships, assembly modeling, and model documentation. 0924.00

12 Principles of Engineering (4) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Prerequisite: Mathematics 425.  
Examination of technology systems and engineering processes that demonstrate the benefits of math, science, and technology. Topics include the design process, communication and documentation, engineering systems, statics, properties of materials, quality assurance, materials testing, and engineering for reliability. 0924.00

14 Electronics for Engineering Technologists I (3)  
(CSU)  
Hours: 32-36 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Prerequisite: Mathematics 425.  
Advisory: Completion of Engineering Technology 12  
Introduction to the application of electronics in engineering technology. Course covers DC circuit theory, including system of units, resistive circuits, inductors, capacitors, impedance, and Ohm’s Law. Emphasis is on the application of Kirchhoff’s Laws and Thevenin’s and Norton’s Theorems to DC circuits, Mesh and Nodal analysis, RL and RC transients, and Maximum Power Transfer. 0924.00

16 Computer Integrated Manufacturing – CNC Material Removal (3)  
(CSU)  
Hours: 32-36 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Prerequisite: Engineering Technology 10, or Drafting 43, or one year of high school CAD/Engineering courses using feature-based modeling software such as AutoDesk Inventor or Solidworks, or demonstrated performance with feature-based modeling software.  
An overview of automated manufacturing concepts using designs created with industry standard modeling software, material removal manufacturing processes, machine tool operations, industrial practices, tool motion, CNC programming, simulations, and prototyping. Physical examples of designs using computer-based numerically controlled (CNC) machine tools are produced. 0924.00
ENGLISH (ENGL)

1A Composition (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.
Careful study and practice of expository and argumentative writing techniques and the frequent writing of compositions with the ultimate goal of a research project. A minimum of 6,000 written words is expected over the course of the term. Three hours of supplemental learning in a Success Center that supports this course is required. Designed to prepare the student for satisfactory college writing. May be offered as an Honors course.
(C-ID ENGL 100) 1501.00

1B Advanced Composition and Critical Thinking (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: English 1A.
Using primarily non-fiction reading models, students emulate and incorporate various rhetorical strategies in the development of written analysis and researched argumentation. Focus on logical analysis and effective reasoning (e.g., inductive and deductive), establishing credibility, and emotional appeals to develop persuasive arguments. Course is writing intensive with a minimum production requirement of 6,000 words. May be offered as an Honors course.
(C-ID ENGL 105) 1501.00

1C Introduction to Literature (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: English 1A.
Introduces representative works from major genres, develops students’ close reading and analytical writing skills, and promotes appreciation and critical understanding of the cultural, historical, and aesthetic qualities of literature. Introduces the central literary genres: novel, short story, poem, and play. Close reading of the literature guides inexperienced readers toward greater understanding and appreciation of imaginative literature, and provides more experienced readers with new perspectives through the analysis of the techniques and purposes of specific writers. Students are taught how to organize and compose the literary essay. May be offered as an Honors course.
1501.00

7A Creative Writing: Short Fiction (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.
Seminar in short fiction writing. Students study the underlying principles of this form of literature, write short stories, and analyze each other’s work.
7B Creative Writing: Fiction (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.
Seminar in fiction writing, focused on longer works. Students study the underlying principles of this form of literature; write longer and more developed short stories, novellas, or several chapters of a novel; analyze and critique each other’s work; edit/revise/rewrite to ready for publication; and research potential markets for submission.
7D Creative Writing: Poetry (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.
Writing seminar focusing on analysis of methods, forms, and meanings of poetry with emphasis on the elements of figurative language, sound, rhythm, and tone. Students develop critical standards for judging the worth of a poem, give their critical estimates of professional and student work, and write their own poetry.
1507.00

7E Creative Writing: Nonfiction (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: English 1A.
Course in creative nonfiction writing. Review of the principles employed in writing creative nonfiction such as memoirs, personal essays, review, profiles, nature articles, and reportage. Students create essays, analyze and respond to student and professional writing, craft works intended for publication, and research potential markets for submission.
1507.00

32 Introduction to the Novel (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of English 1A.
Survey of the novel, using selections drawn from multiple cultures and influences of the last three centuries, including translated novels of established merit.
1503.00

33 Introduction to Poetry (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of English 1A.
Survey of poetry written in English from the Middle Ages through the present day. Increases students’ knowledge of poetry and its history and acquaints them with techniques of analysis. Special attention is given to poetic voice, syntax, figures of speech, sonics, and form. NOTE: English 33 is not a creative writing course for poetry.
1503.00

35 Literary Magazine Production (4)
(CSU; UC)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475. Advisory: Strong word processing skills.
Concepts and practices of magazine production, including the design and maintenance of a web version. Acting as editors and assistants for The Chaffey Review, students master the fundamentals of editorial evaluation and selection, copyediting, proofreading, layout and design, production, promotion, and distribution.
1507.00

68 Mythology (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475. Advisory: Completion of English 1A.
Major myths, especially in relation to the culture in which they arose, with a special emphasis on Greek myths. Broad comparison of the myths of many cultures and their influence on subsequent literature.
1503.00

70A World Literature (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: English 1A.
Chronological survey of significant authors and texts of world literature from earliest times through the mid-1600’s. Selected works derive from Europe, the Middle East, Asia, and other areas. Extensive reading and discussion of works reflecting the diversity of thought in the world. Examination of the relationship between historical events and literary works, and the impact of works on their age and ensuing eras. Strong writing component with emphasis on textual analysis.
1503.00

70B World Literature (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: English 1A.
Chronological survey of significant authors and texts of world literature – including Europe, the Middle East, Asia, and other areas – from the mid-17th century to the present. Extensive reading and discussion of works reflecting diverse cultural viewpoints. Examination of the relationship between historical events and literary works, and the impact of works upon their age and ensuing eras. Strong writing component with emphasis on textual analysis.
1503.00
71 Folklore (3)  
(CEID ENGL 130)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
Introductory study of the nature and purpose of folklore, and the investigation of oral traditions. Students work on a project throughout the semester and present a final paper.  
Advisory: Completion of English 1A.  
1503.00

74 Asian-American Literature (3)  
(CEID ENGL 475)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.  
Introductory analysis of Asian-American literatures. Investigation of literary modes including drama, poetry, essays, short stories, and the novel. Identification and analysis of recurrent themes, gender portrayals, writing styles, and topics associated with Asian-American authors. Examination of the relationship between historical events and literary works. Strong writing component with emphasis on textual analysis.  
1503.00

75A American Literature (3)  
(CEID ENGL 130)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
Chronological survey of significant authors and texts of American literature from its beginnings in the colonial period to the 1860s. Extensive reading and discussion of works reflecting the diversity of the United States. Examination of the relationship between historical events and literary works. Strong writing component with emphasis on textual analysis.  
1503.00

75B American Literature (3)  
(CEID ENGL 130)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
Chronological survey of significant authors and texts of American literature from the 1860s to the present. Extensive reading and discussion of works reflecting the diversity of the United States. Examination of the relationship between historical events and literary works. Strong writing component with emphasis on textual analysis.  
1503.00

76 African-American Literature (3)  
(CEID ENGL 130)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Completion of English 1A.  
1503.00

77 Latino Literature (3)  
(CEID ENGL 130)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Completion of English 1A.  
Introductory analysis of Latino literature written in English. Investigation of literary modes including drama, poetry, essays, short stories, and the novel. Identification and analysis of recurring themes, gender portrayals, writing styles, and topics associated with Latino authors. Examination of the relationship between historical events and literary works. Strong writing component with emphasis on textual analysis.  
1503.00

79 Native American Literatures (3)  
(CEID ENGL 475)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of English 1A.  
Introductory analysis of the literary, social, and cultural aspects of novels, short stories, essays, and poetry reflecting Native American societies. Contributions of Native Americans to literature and how they use the various literary forms to express their worldviews and cultures. Relationship to Western culture, including cultural norms and the changing view of the Indians of yesteryear and today.  
1503.00

80A Survey of British Literature (3)  
(CEID ENGL 130)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
Chronological survey of major authors and texts of British literature from the Old English to the Neoclassic period (up to the last quarter of the 18th century). Extensive reading and discussion of works. Examination of the relationship between historical events and literary works. Strong writing component with emphasis on textual analysis.  
1503.00

80B Survey of British Literature (3)  
(CEID ENGL 130)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
Chronological survey of major authors and texts of British literature from the late 18th century to the present. Includes contemporary British and post-colonial texts. Extensive reading and discussion of works. Examination of the relationship between historical events and literary works. Strong writing component with emphasis on textual analysis.  
1503.00

81 Shakespeare (3)  
(CEID ENGL 130)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
Chronological survey of major authors and texts of Shakespearean plays. Intensive reading, along with oral and written discussion, of a selected group of Shakespearean plays.  
1503.00

92A-H Special Topics: Literature (.5-6)  
(CEID ENGL 130)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration.  
Special interest class of varying length for students who seek further development in specific areas of literature and criticism. Wide variety of topics offered, with particular emphasis left up to the instructor. See class schedule for emphasis.  
1503.00

98A,B,C Independent Study: Literature (1, 2, or 3)  
(CEID ENGL 130)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration.  
Designated for the capable, well-motivated student. Each student explores and develops a literary project. Student-instructor agreement as to the nature and extent of the project must be reached before the student may enroll in the course.  
1503.00

475 Fundamentals of College Reading and Writing (4)  
(Degree-applicable)  
Replaces English 450 and Reading 550  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for English 475 as determined by the Chaffey assessment process, or satisfactory completion of English 575.  
Careful study and practice of critical thinking, reading, and expository writing techniques, using primarily nonfiction texts, and the frequent writing of compositions with the ultimate goal of writing an essay using sources. Prepares the student for English 1A and a variety of academic disciplines. Five hours of supplemental learning in a Success Center that supports this course are required.  
1501.00
575 Introduction to College Reading and Writing (4)  
(Degree-applicable)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for English 575 as determined by the Chaffey assessment process.  
An introduction to the academic reading, writing, critical thinking, and study skills expected at the college level with the ultimate goal of producing clear, competent essays. Emphasizes the connections between reading and writing, and students read and write extensively. Seven hours of supplemental learning in a Success Center that supports this course are required.  
1501.00

675 Preparation for College Reading and Writing (0)  
(Non-credit)  
Hours: 64-72 lecture.  
Grading: Pass/No Pass grade only.  
Prerequisite: Eligibility for English 675 as determined by the Chaffey assessment process.  
Introduces the inexperienced reader and writer to a variety of pre-college and college-level texts and writing situations. Prepares students for the thinking, reading, and writing skills necessary to succeed at the college level. Ten hours of supplemental learning in a Success Center that supports this course are required. Upon successful completion of the course student may re-assess for possible placement into the credit curriculum. May be taken three times.  
1501.00

ENGLISH AS A SECOND LANGUAGE (ESL)

450 Fundamentals of Composition for ESL Students (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Placement recommendation by the ESL assessment test, or satisfactory completion of English as a Second Language 556 or 558. Corequisite: English as a Second Language 452 with the same instructor.  
Careful study and practice of expository writing techniques and the frequent writing of compositions, with the ultimate goal of writing the total essay. Prepares the student for English 1A and other degree-applicable coursework. NOTE: Students who have successfully completed English 450 may not take English as a Second Language 450.  
4930.87

452 Fundamentals of Composition Lab for ESL Students - Level 7 (.75)  
(Degree-applicable)  
Hours: 32-36 laboratory.  
Grading: Pass/No Pass grade only.  
Corequisite: English as a Second Language 450 with the same instructor.  
Required laboratory providing additional scheduled hours of instructor assistance with English as a Second Language writing assignments. Focus is on practicing and reinforcing lecture material as well as self-editing and revision exercises.  
4930.87

475 Fundamentals of College Reading and Writing for ESL Students (4)  
(replaces English 540 and 545 and 452)  
(Degree-applicable)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for ESL-475 as determined by the Chaffey assessment process, or satisfactory completion of English as a Second Language 556 and 558.  
Careful study and practice of critical thinking, reading, and expository writing techniques for non-native speakers of English. Uses primarily nonfiction texts to facilitate composition writing, with the ultimate goal of writing an essay uses sources. Prepares the student for English 1A and a variety of academic disciplines. Five hours of supplemental learning in a Success Center that supports this course are required.  
4930.87

506 Computer-Based Multiple Skills English (3)  
(Non-degree-applicable)  
Hours: 48-54 lecture.  
Grading: Pass/No Pass grade only.  
Prerequisite: Placement recommendation into English as a Second Language 534, 536, or 538 or higher level course by the ESL assessment test, or satisfactory completion English as a Second Language 641.  
A multimedia-enriched computer course designed to improve reading, listening comprehension, speaking, and writing production. The course provides students with the basic computer literacy needed for success in English as a Second Language and English writing courses, or beginning Computer Information Systems courses. Designed for the non-native speaker of English.  
4930.87

508 Pronunciation of American English (3)  
(Non-degree-applicable)  
Hours: 48-54 lecture.  
Grading: Pass/No Pass grade only.  
Prerequisite: Placement recommendation into English as a Second Language 544, 546, or 548 or higher level course by the ESL assessment test, or satisfactory completion of English as a Second Language 534, 536, or 538.  
Intensive instruction in the oral production of American English, targeted to intermediate and advanced ESL students. Focus on speaking and pronunciation skills to improve fluency and minimize accent impact imparted by the speaker’s native language. Topics include: sound systems of consonants and vowels, pitch and intonation patterns, rhythm and phrasing, and sound reductions. Eight hours of supplemental learning in a Success Center that supports this course is required.  
4930.86

534 Intermediate Oral Communication (3)  
(Non-degree-applicable)  
Hours: 48-54 lecture.  
Grading: Pass/No Pass grade only.  
Prerequisite: Placement recommendation by the ESL assessment test, or satisfactory completion of ESL-641.  
A conversational approach to learning English. Conversation skills and language used in reading, listening, writing, and grammar form. Course builds fluency and comprehension. Eight hours of supplemental learning in a Success Center that supports this course is required.  
4930.86

536 Intermediate Reading Skills (3)  
(Non-degree-applicable)  
Hours: 48-54 lecture.  
Grading: Pass/No Pass grade only.  
Prerequisite: Placement recommendation by the ESL assessment test, or satisfactory completion of ESL-641.  
An intermediate level reading course. Emphasis is on reading in class, vocabulary development, general comprehension, reading for details, fact versus opinion, and reading speed.  
4930.85

538 Intermediate Writing and Grammar (3)  
(Non-degree-applicable)  
Hours: 48-54 lecture.  
Grading: Pass/No Pass grade only.  
Prerequisite: Placement recommendation by the ESL assessment test, or satisfactory completion of ESL-641.  
An intermediate level writing and grammar course. Focus is on improving written grammar and fluency. Skills emphasis: tenses, mechanics, sentence structures, transitions, and basic paragraph structure. Eight hours of supplemental learning in a Success Center that supports this course is required.  
4930.84

544 High-Intermediate Oral Communication (3)  
(Non-degree-applicable)  
Hours: 48-54 lecture.  
Grading: Pass/No Pass grade only.  
Prerequisite: Placement recommendation by the ESL assessment test, or satisfactory completion of ESL-534.  
A communicative approach to learning English. Conversation strategies, pronunciation work, and directed listening activities help build strong fluency and comprehension. Eight hours of supplemental learning in a Success Center that supports this course is required.  
4930.86

546 High-Intermediate Reading Skills (3)  
(Non-degree-applicable)  
Hours: 48-54 lecture.  
Grading: Pass/No Pass grade only.  
Prerequisite: Placement recommendation by the ESL assessment test, or satisfactory completion of ESL-536.  
A high-intermediate reading course. Emphasis is on independent reading, vocabulary enrichment and development, morphology, comprehension, reading for details, and critical thinking.  
4930.85
548 High-Intermediate Writing and Grammar (3)
(Non-degree-applicable)
Hours: 48-54 lecture.
Grading: Pass/No Pass grade only.
Prerequisite: Placement recommendation by the ESL assessment test, or satisfac-
ty completion of ESL-538.
A high-intermediate writing and grammar course. Focus moves the writer away
from personal to academic writing. Emphasis: syntax, mechanics, usage, sentence
types, paragraphs, purpose, and audience. Eight hours of supplemental learning in a
Success Center that supports this course is required. 4930.87

554 Advanced Oral Communication (3)
(Non-degree-applicable)
Hours: 48-54 lecture.
Grading: Pass/No Pass grade only.
Prerequisite: Placement recommendation by the ESL assessment test, or satisfac-
ty completion of ESL-544.
A communicative approach to advanced spoken English. Conversational tactics,
presentation strategies, and debating skills help build strong fluency and compre-
hension of academic topics. Prepares students for degree-applicable courses. Eight
hours of supplemental learning in a Success Center that supports this course is
required. 4930.86

558 Advanced Writing and Grammar (3)
(Non-degree-applicable)
Hours: 48-54 lecture.
Grading: Pass/No Pass grade only.
Prerequisite: Placement recommendation by the ESL assessment test, or satisfac-
ty completion of ESL-548.
An advanced writing course. Focus: improve reading efficiency by expanding
vocabulary, comprehension, critical thinking, and study skills. Students practice and
develop whole language and critical thinking skills. Prepares students for degree-
applicable courses. 4930.85

560 English and Citizenship (0)
(Non-credit)
Hours: 48-54 lecture.
Grading: Pass/No Pass grade only.
Prerequisite: Placement recommendation at English as a Second Language 534,
536 or 538 or higher by the ESL assessment test, or satisfactory completion of Eng-
ish as a Second Language 641.
A beginning course for non-native speakers of English who wish to become citizens
of the United States. Topics: basic English, basic U.S. history and government, and
American culture and civics. May be repeated. 4930.90

16 Principles of Costume Design and Production (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Business and technical aspects of the theatrical costume design process. Topics
include: research, design, sourcing of materials, budgets, and working relationships
between the designer, director, and the entire production team. 1303.00

40 Beginning Clothing Construction (2) [Cx]
(CSU)
Hours: 16-18 lecture; 48-54 laboratory.
Grading: Letter grade only.
Principles and techniques for developing fundamental skills in clothing construction
using woven fabrics. 1303.10

42 Advanced Clothing Construction (2)
(CSU)
Hours: 16-18 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Fashion Design 40.
Techniques of couture sewing, tailoring, and the handling of specialty fabrics.
1303.10

45 Design Fundamentals for Fashion and Interiors (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Identification and utilization of the elements and principles of design common to
fashion and interior design, while encompassing all arts including painting, sculp-
ture, and architecture. Emphasis on creative expression through utilization of good
design principles and elements. 1303.10

61 Pattern Drafting I (3) [Cx]
(CSU)
Hours: 32-36 lecture; 48-54 laboratory.
Grading: Letter grade only.
Corequisite: Fashion Design 40 (may be taken previously).
Theory and practice in developing flat patterns for apparel utilizing industry stan-
dards and full-scale blocks. Garments, photos and illustrations are analyzed for
design and translated to paper patterns, then sewn in muslin to test for design repli-
cation, garment fit and pattern accuracy. 1303.10

65 Fashion Illustration (2) [Cx]
(CSU)
Hours: 16-18 lecture; 48-54 laboratory.
Grading: Letter grade only.
Introductory fashion sketching, leading to more advanced fashion figure drawing
and descriptive rendering for fashion designers, illustrators, and merchandisers.
Development of original designs and the uses of techniques of drawing for retail
fashion advertising. 1303.00

72 Fashion Draping (2)
(CSU)
Hours: 16-18 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Fashion Design 40.
Advisory: Completion of Fashion Design 61.
Three dimensional draping in muslin and other textile and non-textile materials, and
translation of the drape to a hard pattern. 1303.10
428 Computer-Aided Design (2)  
(Degree-applicable)  
Hours: 16-18 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Basic computer skills are recommended.  
Introductory course using CAD software to create flat sketches, colorize designs, and scan images. Effective use of program features to create and alter shapes, and manipulate text.  
1303.10

442 Industrial Sewing (2)  
(Degree-applicable)  
Hours: 16-18 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Fashion Design 40.  
Industrial construction techniques and assembly of apparel utilizing industrial sewing machines, with a special emphasis on stretch fabrics.  
1303.30

445 Fitting and Alterations of Patterns and Apparel (2)  
(Degree-applicable)  
Hours: 16-18 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Corequisite: Fashion Design 61.  
Analysis of personal figure variations and application of pattern adjustments for customized dimensions and proper fit. Topics include ready-to-wear and commercial pattern alterations, and the development of custom patterns. Students will examine how pricing, skills and equipment requirements, and client management issues affecting small alterations businesses.  
1303.30

470 Apparel Production (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Corequisite: Fashion Merchandising 10 (may be taken previously).  
Advisory: Completion of Fashion Design 40.  
The design, development, pricing, sourcing, sample making, manufacturing, and marketing of a line of clothing.  
1303.30

471 Advanced Patternmaking (3)  
(Degree-applicable)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Fashion Design 61.  
Theory and practice in developing flat patterns for sportswear, suits, linings and knitwear. Research of design details in more complicated garments and interpretation of this detail in full-scale patterns. Patterns are cut and corrected first in muslin, then in designer fabric, with the final pattern ready for the production process.  
1303.30

472 Computer-Aided Patternmaking (2)  
(Degree-applicable)  
Hours: 16-18 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Fashion Design 61.  
Advisory: Basic computer skills are recommended.  
Beginning study of computer applications in patternmaking, including terminology and operation of the software programs. Topics include pattern creation, manipulation, grading, file storage, and reports to apparel contractors and managers. Use of pattern technologies current to the industry to produce preproduction and production documents.  
1303.30

480 Design Collection (2)  
(Degree-applicable)  
Hours: 16-18 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Fashion Design 42 and 61.  
Preparation of a collection of garments for use in a runway show. Students must sketch, design, draft or drape patterns, select fabrics, and construct garments for a collection.  
1303.30

482 Industry Internship: Fashion Design (1)  
(Degree-applicable)  
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience.  
Grading: Letter grade only.  
Limitation on Enrollment: Consent of instructor is required prior to registration.  
Prerequisite: Fashion Design 61 and Fashion Merchandising 10.  
Corequisite: Fashion Design 42 (may be taken previously) and Fashion Merchandising 60 (may be taken previously)  
Industry internship in cooperation with area private and public sector employers providing new or expanded learning opportunities directly related to fashion design and production, and readying the student for employment.  
1303.00

498A,B,C Independent Study: Fashion Design (1, 2, or 3)  
(Degree-applicable)  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration.  
Specialized study in fashion design, through research and documentation or applications in design and production. Independent work and study will be supervised by appointed instructor.  
1303.00

**Fashion Merchandising (FASHM)**

10 Introduction to the Fashion Industry (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Basic study of the fashion design and merchandising industry including leading designers and geographical centers, distribution, textile and apparel production, fashion cycles, retail outlets, merchandising techniques, and employment opportunities.  
1303.20

11 Retail Merchandising and Management (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Fashion Merchandising 10.  
Role of retailing in serving the needs of the community. Analysis of consumer needs, store location, financial requirements, and legal process of starting a retail operation. Planning for store layout, merchandise mix, vendor negotiation, pricing, displaying, advertising, selling, and controlling of merchandise.  
1303.20

12 Visual Merchandising (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Clothing choices for the professional workplace and California lifestyles. Analysis of body composition and proportions, individual coloring, and personality in the selection of a trendy, sophisticated, comfortable, and budget-appropriate wardrobe.  
1303.20

60 Textiles (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Study of the textile fibers, yarns, weaves, and finishes which give the consumer and designer a background for intelligent selection, use, and care of modern fabrics. Special emphasis on man-made fibers, their manufacture, properties, and use.  
1303.20

482 Industry Internship: Fashion Merchandising (1)  
(Degree-applicable)  
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience.  
Grading: Letter grade only.  
Limitation on Enrollment: Consent of instructor is required prior to registration.  
Prerequisite: Fashion Merchandising 10, 11 and 60.  
Industry internship in cooperation with area private and public sector employers providing new or expanded learning opportunities directly related to fashion design merchandising and readying the student for employment.  
1303.20

498A,B,C Independent Study: Fashion Merchandising (1, 2, or 3)  
(Degree-applicable)  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration.  
Specialized study in fashion merchandising, through research and documentation or applications in design and production. Independent work and study will be supervised by appointed instructor.  
1303.20
FIRE TECHNOLOGY (FIRETEC)

1 Principles of Emergency Services (3) [Cx]
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Overview of fire protection and emergency services. Topics include career opportunities in fire protection and related fields; culture and history of emergency services; fire loss analysis; organization and function of public and private fire protection services; fire departments as part of local government; laws and regulations affecting the fire service; fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire protection systems; introduction to fire strategy and tactics; and life safety initiatives. 2133.00

2 Fire Behavior and Combustion (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Course explores the theories and fundamentals of fire causation, spread, and control. In-depth study of fire chemistry and physics, characteristics of combustible and flammable substances, unique dangers of hazardous materials, types of extinguishing agents, and fire control techniques. 2133.00

3 Fire Protection Systems (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Course provides information relating to the design features and operation of fire detection and alarm systems, heat and smoke control systems, special protection and sprinkler systems, water supply for fire protection, and portable fire extinguishers. 2133.00

4 Building Construction for Fire Protection (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Components of building construction relating to fire safety. Effects of construction and structural design as key factors in building inspection, fire operations planning, and fire site operations. Evolution of building and fire codes, developed in response to historical fires, in residential, commercial, and industrial occupancies. 2133.00

5 Fire Prevention (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
History and philosophy of fire prevention, organization and operation of a fire prevention bureau, use of fire codes, and the identification and correction of fire hazards. The relationship of fire prevention with built-in fire protection systems, fire investigation, and fire and life-safety education. 2133.00

6 Fire Apparatus and Equipment (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Introduction to the mechanized equipment operated by fire service personnel and the regulations pertaining to its use. Topics include: driving laws and techniques, construction and operation of pumping engines, ladder trucks, aerial platforms, specialized equipment, and apparatus maintenance. 2133.00

7 Strategies and Tactics (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Fire Technology 1.
Principles of fire control, through utilization of manpower, equipment, extinguishing agents, and fire command and control procedures. Use of information on building construction types in fire control. Pre-fire planning and the organized approach to decision making on the fire ground. 2133.00

8 Fire Ground Hydraulics (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Principles of hydraulics, hydraulic measurements, engine and hose appliance calculations, discharge and velocity flow calculations, and engine and nozzle pressure determination in field situations. 2133.00

FOOD SERVICE
(SEE HOTEL AND FOOD SERVICE, AND NUTRITION AND FOOD)

FRENCH (FR)

1 Elementary French (4)
(CSU; UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: French 1 or one year of high school French.
A systematic presentation of language patterns and of the underlying cultural ideas necessary for communicating in the four basic skills of listening, speaking, reading, and writing. Students are introduced to the life, culture, and language of the French-speaking populations. Ten hours of supplemental learning in a Success Center that supports this course is required. This course corresponds to the first year of high school French 1102.00

2 Elementary French (4)
(CSU; UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: French 1 or one year of high school French.
Provides current and potential public safety managers/supervisors with the knowledge necessary to perform in a management/supervisory capacity at an incident or event being managed within the organizational guidelines, defined terminology, and common responsibilities and roles of the Incident Command System. 2133.50

3 Intermediate Incident Command Systems – ICS-300 (1.5)
(Degree-applicable)
Hours: 24-27 lecture.
Grading: Letter grade only.
Prerequisite: Fire Technology 402.
Provides a working knowledge of the Incident Command System (ICS) function, organization, features, facilities, resources, and responsibilities. 2133.50

4 Principles of Fire and Emergency Services Safety and Survival (3)
(Degree-applicable)
Hours: 48-54 lecture.
This course introduces the basic principles and history related to the national firefighter life safety initiatives, focusing on the need for cultural and behavior change throughout the emergency services. 2133.00
**GEOGRAPHY (GEOG)**

1 World Regional Geography (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Survey of the world’s culture regions and nations as interpreted by geographers, including physical, cultural, and economic features. Emphasis on spatial and historical influences on population growth, transportation networks, and natural environments, identification and importance of the significant features of regions. Use of maps and regional analysis to interpret world patterns of demography, economies, resources, religions, and languages in relationship to landforms and climate. Current world events discussed in an international framework.  
(C-ID GEOG 125)  
2206.00

2 Physical Geology (4)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Introduction to the principles of geology with emphasis on Earth processes. Course focuses on the internal structure and origin of the Earth and the processes that shape it. The laboratory component focuses on the identification of rocks and minerals, topographic and geologic map exercises demonstrating the work of water, wind, ice and gravity and the effects of tectonic activity.  
1914.00

3 Geography of California (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
A thematic approach to the state’s issues, processes and topics relevant to geography including climate, landforms, natural vegetation, water resources, cultural landscape, ethnic diversity, urban and agricultural regions, and the economy. This course explores the physical, and human landscapes that have evolved as a result of the human-environment interface.  
2206.00

4 Physical Geography Laboratory (1)  
(CSU; UC)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Corequisite: Geography 4 (may be taken previously).  
Course is designed to provide supplemental exercises in topics covered in Physical Geography lecture. Lab experience includes map analysis and interpretation, weather forecasting, landform processes and evolution, tectonics, biogeography, and habitat analysis. Field trips provide the opportunity for on-site field interpretation of climate, soils, landforms, plants, and animal distribution. Field trips provide the opportunity for on-site interpretation of climate, soils, landforms, plants, and animal distribution.  
2206.10

5 Environmental Geography (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Global perspectives on environmental geography. Geographical approach to the biosphere: environmental principles, economics and environment, human impact, extinction and biodiversity, food/population crises, the social environment, global tampering, global climate change and contemporary values in global environmental issues.  
2206.00

6 Introduction to Geographic Information Systems (3)  
(CSU; UC)  
Hours: 32-36 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Interdisciplinary course to explore the fundamentals and introduce the Geographic Information System (GIS) used for management, analysis, and communication of spatial data. Includes a brief introduction to basic cartographic principles, including maps, scales, coordinate systems, and map projections. Various applications of GIS technology used in environmental science, business, and government. Specific topics include GIS terminology, working with spatial data, and spatial analysis. Laboratory work reinforces lecture topics with hands-on experience using the ArcView software.  
2206.10

7 Geology of North America (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Geological history of the world and the continents. Evolution of life as reflected in the fossil record.  
1914.00

8 Intermediate Geographic Information Systems (3)  
(CSU)  
Hours: 32-36 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Prerequisite: Geography 7.  
Intermediate level course providing further study in ArcView, and an introduction to using its discipline-specific applications in a GIS. Mapping and spatial analysis capabilities of ArcView and other GIS software. Introduction to Global Positioning Systems (GPS), including terminology, technology, data structures, use of metadata, and hands-on training using GPS remote sensing hardware and software. Use of GIS and geostatistical methods to establish criteria for multi-disciplinary applications analysis.  
2206.10

9 Cultural Geography of North America (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Study of diverse human populations, their cultural origins, diffusion, and contemporary spatial expressions. Topics include demography, languages and religions, urbanization and landscape modification, political units and nationalism, and economic systems and development.  
2206.00

10 Human Geography (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Geography of North America in time and space. The dynamics and ethnicity of North American culture is traced through discovery, exploration, settlement patterns, aboriginal patterns, national interests, economic exploitation, agriculture, commerce, ethnicity, demography, and changing attitudes. Emphasis on the origin and diffusion of North American cultural traditions.  
2206.00

11 Independent Study: Physical/Cultural Geography (1, 2, or 3)  
(CSU and UC credit limitations)  
Prerequisite: Geography 7.  
Hours: 32-36 lecture; 48-54 laboratory  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration. For the student who is capable and has the desire to explore and develop a problem in physical geography. Before registering, the student must sign an agreement with the instructor concerning subject and intended limits of the project. Individual inquiry, special techniques, and selected reading.  
2206.00

**GEOLOGY (GEOG)**  
(SEE ALSO EARTH SCIENCE)

1 Physical Geology (4)  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Introduction to the principles of geology with emphasis on Earth processes. Course focuses on the internal structure and origin of the Earth and the processes that shape it. The laboratory component focuses on the identification of rocks and minerals, topographic and geologic map exercises demonstrating the work of water, wind, ice and gravity and the effects of tectonic activity.  
1914.00

2 Historical Geology (4)  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Geology 1.  
History of the earth and the evolution of life forms including dinosaurs. Formation of the earth, plate tectonics, ancient environments recorded in sedimentary rocks, and evolution of life as reflected in the fossil record.  
1914.00
11 Introduction to Gerontology (3) (CSU)

Hours: 48-54 lecture.
Grading: Letter grade only.
Interdisciplinary overview of the diverse characteristics, strengths, and needs of the increasing number of older persons. Topics include aging services and community resources, occupations and career preparation in gerontology, information on aging and old age, laws and regulations governing work with the elderly, and ethical and policy issues.

18 Aging and the Life Course (3) (CSU; UC credit limitations)

Hours: 48-54 lecture.
Grading: Letter grade only.
Study of the social, cultural, and policy issues for an aging society from a gerontological perspective. Diversity in the experience of aging: cultural, economic, gender, and ethnic differences. Age and aging as social constructs. Life-long age status and role expectations. Society’s response to an increasingly aged population. May be offered as an Honors course.

22 Dying and Death (3) (CSU; UC)

Hours: 48-54 lecture.
Grading: Letter grade only.
Study of death from a gerontological perspective, including historical views, societal practices, cross-cultural influences, biomedical issues including active and passive euthanasia, suicide, death rites, and the grieving process. Overview of the legal aspects of organ donation, autopsies, advanced directives, and living wills.

23 Aging and Older Adulthood (3) (CSU; UC credit limitations)

Hours: 48-54 lecture.
Grading: Letter grade only.
Study of the aging process from a gerontological perspective with emphasis on major theories of aging, stereotypes about aging and older adults, changes in physical health, cognition, and social relationships during later life.

404 Health and Wellness for Older Adults (3) (Degree-applicable)

Hours: 48-54 lecture.
Grading: Letter grade only.
Understanding healthy aging as well as chronic conditions of later life. Health behaviors and lifestyle factors that contribute to good health in later life. Wellness practices that contribute to disease prevention.

405 Resources and Services for Older Adults (2) (Degree-applicable)

Hours: 16-18 lecture; 48-54 laboratory.
Grading: Letter grade only.
Provides students with skills needed to access community resources and services for older adults. An introduction to resources, services, eligibility requirements, and funding. An overview of strategies to locate resources through direct contact as well as Internet research. Students acquire a basic understanding of applications pertinent to gerontological service settings, and learn to locate resources, programs, and services for older adults.

406 Gerontology Career Practicum (1) (Degree-applicable)

Hours: 60 hours/term unpaid on-site work experience.
Grading: Letter grade only.
Corequisite: Gerontology 11 (may be taken previously)
Supervised work experience in public or private agencies, facilities, or organizations. Designed to apply gerontological knowledge, learn new skills, and provide career-related work experience in community situations. Placement is arranged through the instructor.

422 Dementia Care: Understanding Dementing Illnesses (3) (Degree-applicable)

Hours: 48-54 lecture.
Grading: Letter grade only.
The study of dementing illness from a gerontological perspective, including normal aging versus dementia, Alzheimer’s Disease and other dementias, and the assessment and treatment of dementing illnesses. Overview of medical and social models of care, the influence of environmental design, ethical issues, cultural differences that affect the experience of dementing illness and care, and the availability of community resources for those with dementia.

462 Activity Coordinator Training (4) (Degree-applicable)

Hours: 64-72 lecture.
Grading: Letter grade only.
Functions and responsibilities of the social work designee charged with meeting the medically-related social and emotional needs of residents in long-term care facilities. Topics include assessment, care plans, patient advocacy, interventions, problem solving, behavioral modifications, family dynamics, elder care and abuse, bioethics, spiritual needs, and community resource development.

463 Social Work Designee Training (3) (Degree-applicable)

Hours: 48-54 lecture.
Grading: Letter grade only.
Functions and responsibilities of the social work designee charged with meeting the medically-related social and emotional needs of residents in long-term care facilities. Topics include assessment, care plans, patient advocacy, interventions, problem solving, behavioral modifications, family dynamics, elder care and abuse, bioethics, spiritual needs, and community resource development.

482 Internships in Gerontology (1) (Degree-applicable)

Hours: 60 hours/term unpaid on-site work experience.
Grading: Letter grade only.
Limitation on Enrollment: In the Fall and Spring terms, students must be enrolled in a total of seven units or more, including this course. In the Summer term, students must be enrolled in at least one other course in addition to this one. Coursework at any accredited high school or college may be used to meet this requirement. Additional participation requirements may be required - including verification of fingerprinting - prior to working at some agencies.
Corequisite: Concurrent enrollment in any Chaffey Gerontology course
Supervised work experience in public and private agencies, facilities, and organizations. Designed to apply gerontological knowledge, learn new skills, and provide career-related work experience in community situations. Placement is arranged through the instructor.

2 Essentials of Student Success (2) (Degree-applicable)

Grading: Letter grade only.
Designed to increase student proficiency and retention in college. Topics include: learning styles, study and time management techniques, motivation, library research methods, critical thinking, memory and reading strategies, and exploration of college services. Helps students develop the personal and interpersonal communication skills critical to becoming responsible learners. Introduces students to the various segments of higher education in California.

3 Career Exploration and Life Planning (3) (Degree-applicable)

Grading: Letter grade only.
Career and life planning for students seeking direction in setting life, academic and career goals. Use of a psychological-social perspective highlights the person environment dynamics influential in the preparation for a fulfilling career and personal development. Topics include problem-solving approaches; evaluation of values, interests, skills, and personality characteristics; intensive career investigation; self-marketing skills development; psychological and social issues that impact career and life choices; academic learning strategies; college and life skills; diversity; and assessment of personal characteristics related to educational success.
### 503 Orientation to College (2)
**Non-degree-applicable**

Hours: 32-36 lecture.

Grading: Letter grade only.

Designed to increase student proficiency and retention in college and develop the student's learning style, study techniques, motivation, and library usage skills. In-depth exploration of available college services. Introduces students to the multiple segments of higher education in California.

4930.10

### 507 Opening Doors to Student Effectiveness (3)
**Non-degree-applicable**

Hours: 48-54 lecture.

Grading: Letter grade only.

Designed for returning and continuing students to address the academic and personal challenges of student effectiveness. Various assessment tools are employed to identify and evaluate student preparation and attitude for a successful college experience. Positive growth and self-motivation strategies are explored, with a special focus on developing an educational plan and life goals. Students address previously employed learning skills and methods to evaluate their effectiveness. New and improved methods of study, time management, and the utilization of college support programs are mastered and applied. Five hours of supplemental learning in a Success Center that supports this course is required.

4930.14

### 508 Bridging to College Success (3)
**Non-degree-applicable**

Hours: 48-54 lecture.

Grading: Letter grade with option for pass/no-pass grade. Advisory: Completion of the Chaffey assessment process.

Designed to increase new student proficiency and retention in college through the development of study techniques, improved strategies for learning associated with learning styles theory, and in depth exploration of college programs and services. Targeting at-risk students, this course addresses effective personal habits, emotional and social intelligence, self-esteem and confidence building, educational planning, and goal setting. Five hours of supplemental learning in a Success Center that supports this course is required.

4930.14

### 592A-H Special Topics: Guidance (.5-6)
**Non-degree-applicable**

Hours: 16-18 lecture hours per unit of credit.

Grading: Letter grade only.

Opportunity to explore guidance-related topics in greater depth. Emphasis selected by the instructor from a variety of topics. See class schedule for emphasis. 4930.10

### 650 Supervised Tutoring (0)
**Non-credit**

Hours: Variable and arranged; based on student need as determined by assessment, diagnostic instruments, and/or instructor recommendation.

Grading: Not graded.

Limitation on Enrollment: Referral by course instructor or academic counselor is required.

Open-entry/open-exit supervised tutoring course that facilitates study skills development and provides students assistance in understanding college course assignments. Individualized tutoring is conducted outside of class time in a learning assistance center, and is structured to help students achieve specific course objectives or improve learning and study skills in specific subject matter. The content of this course varies according to the course for which tutoring is sought. May be repeated.

4930.09

## History (HIST)

### 1 World History: Pre-Civilization to 1500 (3)
**CSU; UC**

Hours: 48-54 lecture.

Grading: Letter grade only.

Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or satisfactory completion of English 475 or English as a Second Language 475.

Comparative, integrative study of the world's major civilizations, from pre-history to 1500, including those in Eurasia (Mesopotamia, Egypt, Hebrews, Greece and Rome, India and China), Africa, and the Americas. Emphasis on the similarities and differences between these civilizations, and on their influences on the unfolding of human history. May be offered as an Honors course.

2205.00

### 2 World History: 1500 to Present (3)
**CSU; UC**

Hours: 48-54 lecture.

Grading: Letter grade only.

Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or satisfactory completion of English 475 or English as a Second Language 475.

Cross-cultural study of all the major civilizations of the world since 1500. The unifying theme is understanding the causes of the rise of the West, the reaction of the non-Western world to it, and the ongoing dynamics of the “West versus the Rest” dialectic. May be offered as an Honors course.

2205.00

### 3 History of Slavery (3)
**CSU; UC**

Hours: 48-54 lecture.

Grading: Letter grade only.

Prerequisite: Completion of English 1A.

Survey of slavery from ancient times to the present. The origins of slavery in human societies, development as an institution, and the impact on the course of world history.

2205.00

### 5 Early Western Civilizations (3)
**CSU; UC**

Hours: 48-54 lecture.

Grading: Letter grade only.

Development of the cultural foundations of Western peoples from prehistoric times, through the rise and diffusion of civilization in the era of Middle Eastern dominance and the Middle Ages, and culminating with the Renaissance period in Western Europe.

2205.00

### 6 Modern Western Civilizations (3)
**CSU; UC**

Hours: 48-54 lecture.

Grading: Letter grade only.

Development of the cultural foundations of Western peoples from the Commercial Revolution and the development of the nation-state in Europe through the French Revolution, and the Industrial Revolution. Changes created in Western society by mass politics, world wars and their aftermath, as seen in the modern world.

2205.00

### 7 History of the Middle East (3)
**CSU; UC**

Hours: 48-54 lecture.

Grading: Letter grade only.

Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or satisfactory completion of English 475 or English as a Second Language 475.

Survey of the history of the Middle East from earliest times to the present, focusing on the period from the birth of the Prophet Mohammad in 570 and the Treaty of Versailles in 1920.

2205.00

### 9 History of Asian Civilizations I (3)
**CSU; UC**

Hours: 48-54 lecture.

Grading: Letter grade only.

Developmental and social history of Asian peoples from prehistoric times to the sixteenth century A.D., with emphasis on the religion and philosophy as well as early social and political institutions in China, India, Japan, and Korea.

2205.00

### 10 History of Asian Civilizations II (3)
**CSU; UC**

Hours: 48-54 lecture.

Grading: Letter grade only.

Cultural development of Asian peoples and nations from the sixteenth century A.D. to the present, with emphasis on the tension created by the impact of the West on traditional Asian institutions in China, Japan, India, and Southeast Asia. Focuses particularly on the response of these cultures in terms of socioeconomic and political developments.

2205.00

### 12 Asian American History (3)
**CSU; UC**

Hours: 48-54 lecture.

Grading: Letter grade only.

Historical experience of the Asian-American community in the United States from the mid-nineteenth century to today. Overview of specific issues confronted by Asian groups, and their cultural roots, immigration experiences, and settlement patterns.

2205.00
16 Westward Movement and the Indian Wars 1840-90 (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Survey of the westward movement of the American frontier and the Indian Wars of 1840-1890. Historical significance of the people and events that comprise this crucial period in the formation of the American identity are studied from the perspectives of Native Americans and other ethnic groups, as well as Anglo-Americans.  
2205.00

17 United States History through 1877 (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or satisfactory completion of English 475 or English as a Second Language 475.  
Survey of United States history from its colonial foundations through Reconstruction. Satisfies the California State University requirement in American History. May be offered as an Honors course.  
2206.00

18 United States History from 1865 (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or satisfactory completion of English 475 or English as a Second Language 475.  
Development of the United States from the Reconstruction Era through the present. Satisfies the California State University requirement in American History. May be offered as an Honors course.  
2206.00

19 History of Ethnic Relations in the United States (3)  
(formerly Social Science 24)  
(CSU; UC pending)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Survey of the American historical experience of ethnic, gender, and racial relations, as well as introducing fundamental theories of identity, racism and ethnocentrism. Examines the cultural, political and economic practices and institutions that support or challenge racism, racial and ethnic inequalities. Emphasis is given to Native, African, Hispanic, and Asian-American cultural experiences as well as the interrelationships of those minority groups with each other and with the dominant American culture.  
(C-ID SOCI 150)  
2205.00

20 Contemporary History of the United States from 1945-Present (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of English 475 or English as a Second Language 475.  
Careful analysis of recent events in U.S. history from 1945 to the present, including an in-depth analysis of current events, movements and trends.  
2205.00

21 The Sixties in American History (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Issues and events of the 1960’s - one of the most turbulent decades in American history - including Civil Rights and the Vietnam War. May be taught in lecture or seminar format.  
2205.00

25 Women in United States History (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Survey of the history of women in America from the colonial period to the present with emphasis on relevant political, economic, and social factors.  
2205.00

40 Retrospective of World War II (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
World War II from the perspective of various viewpoints relative to the war’s impact on but not limited to the following: history, sociology, philosophy, literature, the arts, business/technology, psychology, science, political science, religion, economics, and sports.  
2205.00

50 African-American History I (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Study of the historical relationship between Mexico and the United States from their common Native American roots to present-day. Examination of pivotal events and their outcomes, such as the Spanish and British colonial systems, processes of independence and nation-building, the Mexican-American War, the 1910 Mexican Revolution, the Oil Crisis of the 1970’s, NAFTA, and present border conflicts.  
2203.00

51 African-American History II (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Study of the historical relationship between Mexico and the United States from their common Native American roots to present-day. Examination of pivotal events and their outcomes, such as the Spanish and British colonial systems, processes of independence and nation-building, the Mexican-American War, the 1910 Mexican Revolution, the Oil Crisis of the 1970’s, NAFTA, and present border conflicts.  
2203.00

70 Chicanos: The Common History of Mexico and the United States (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Historical development of a Mexican-American community and the emergence of a Chicano cultural identity. Social, cultural, political, and economic issues and conflicts affecting the Chicano minority from the nineteenth century to the present.  
2203.00

71 Chicanos: The Chicano Minority in the United States (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Historical development of a Mexican-American community and the emergence of a Chicano cultural identity. Social, cultural, political, and economic issues and conflicts affecting the Chicano minority from the nineteenth century to the present.  
2203.00

98A, B, C Independent Study: History (1, 2, or 3)  
(CSU and UC credit limitations)  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration. Special project course designed for the capable, well-motivated student. Student explores and develops a project or paper on an area of personal interest within the discipline area. The nature and extent of the project must be decided by both the student and instructor before the student may sign up for the course. Type and extent of the project determines the number of units allowed.  
2205.00

Homeland National Security (HNS)

400 Introduction to Homeland Security (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
This course introduces and explores the fundamentals of national security, global security and terrorism. Aspects of U.S. federal, state and local inter-agency cooperation to combat domestic and foreign threats will be discussed. Additional issues of discussion will include Narco-terrorism, terrorist groups and motivation of terrorists.  
2105.30

401 Intelligence Analysis and Security Management (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
This course introduces the concept of intelligence analysis and its relationship to the security management of terrorist attacks, man-made disasters and natural disasters. Vulnerabilities of U.S. national defense and the private sector, as well as the threats posed to these institutions, will be analyzed. Course examines intelligence community operations and associated intelligence support of homeland security measures implemented by the U.S..  
2105.30
14 Quantity Food Production Management (3) (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Concurrent enrollment in Hotel and Food Service Management 18.
Management methods for quantity food production in institutional settings. Prepares students for entry-level positions in institutional food service. 1307.00

16 Principles of Food Preparation (2) [Cx] (CSU)
Hours: 32-36 lecture.
Grading: Letter grade only.
Corequisite: Hotel and Food Service Management 16L.
Advisory: Concurrent enrollment in Hotel and Food Service Management 18.
Principles and techniques in professional food preparation, including professional demeanor, science and lore of the kitchen, food service safety and sanitation policies and procedures, recipe specifications, food cost calculations, and kitchen equipment use and maintenance. Basic culinary concepts – including mise en place, dry and moist cookery, and appropriate use of produce, dairy and dry goods – are examined. 1306.30

16L Principles of Food Preparation Laboratory (1) [Cx] (CSU)
Hours: 48-54 laboratory.
Grading: Letter grade only.
Corequisite: Hotel and Food Service Management 16.
Hands-on application of professional food preparation techniques. Students plan, prepare, and produce food items following basic or converted recipes that employ moist and dry heat cooking methods. Collaboration, teamwork, and proper kitchen safety and sanitation procedures are emphasized. 1306.30

17 Principles of Food Preparation (3) (replaces Hotel and Food Service 16 and 16L) (CSU)
Hours: 32-36 lecture; 48-54 laboratory.
Grading: Letter grade only.
Advisory: Completion of Hotel and Food Service Management 18.
Principles and techniques in professional food preparation, including science and technology of the kitchen, food service safety and sanitation policies and procedures, recipe specifications, and kitchen equipment use and maintenance. Course covers basic culinary concepts such as mise en place, dry and moist cookery, appropriate use of produce, dairy and dry goods, and sustainability using local sourcing. Includes hands-on professional food preparation techniques with an emphasis on collaboration and teamwork. 1306.30

18 Sanitation, Safety and Equipment Management (2) [Cx] (CSU)
Hours: 32-36 lecture.
Grading: Letter grade only.
Safety, sanitation, and proper equipment management issues in the food service industry. In-depth coverage of industry-based sanitation and safety standards that prevent contamination and food-borne illness, forestall on-the-job accidents and injuries, and preclude equipment misuse and damage. Disaster planning fire prevention, and basic first aid procedures are highlighted. Special emphasis on the local, state, and federal agencies and programs – such as OSHA, HACCP, and ServSafe – having regulatory oversight in food service workplaces. 1307.10

21 Purchasing, Cost Controls, and Menu Planning (3) (replaces Hotel and Food Services 20) (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Principles, policies, and procedures associated with the procurement and conveyance of food and beverages in the food service industry. Deals with markets, federal and trade grades, government regulations, packaging, comparative versions of price buying, yields, and quality control. Focus on systems for selecting product, appropriate receipt and storage, inventory controls, menu item specification development, commercial menu costing strategies, and descriptive menu design and marketing. Fundamentals of menu writing, types of menus, layout, design, and food merchandising. Analysis of menu effectiveness. 1307.10

22 Restaurant and Catering Operations (3) (replaces Hotel and Food Services 424 and 434) (CSU)
Hours: 16-18 lecture; 96-108 laboratory.
Grading: Letter grade only.
Limitation on Enrollment: Proof of a current negative tuberculosis test is required. Prerequisite: Hotel and Food Services 10 and 17.
Planning, marketing, organization, execution and food preparation for a restaurant or catered banquet facility. Acting as managers and crew, students will produce menus and meals for a variety of functions. Students will utilize the professional and technical presentation methods used for plated meals, buffet luncheons and cocktail party catering. 1307.10

32 Hospitality Law (3) (formerly Hotel and Food Services 432) (CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Study of the legal aspects of hospitality law, both historically and as they exist today. Topics include torts and contracts, real and personal property rights, duties of innkeepers, food and beverage liability, and proper documentation. 1307.00

422 Hotel Operations (3) (Degree-applicable) (formerly Hotel and Food Services 424)
Hours: 48-54 lecture.
Grading: Letter grade only.
Principles and techniques of professional food preparation, including professional demeanor, science and lore of the kitchen, food service safety and sanitation policies and procedures, recipe specifications, and kitchen equipment use and maintenance. Course covers basic culinary concepts such as mise en place, dry and moist cookery, appropriate use of produce, dairy and dry goods, and sustainability using local sourcing. Includes hands-on professional food preparation techniques with an emphasis on collaboration and teamwork. 1306.30

428 Human Resource Management (3) (Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Hotel and Food Service Management 10.
Management of human resources and techniques applicable to the hospitality industry. Topics include: recruitment, selection, hiring, coaching, employee development and motivation, benefits, performance management, counseling and discipline. 1307.20

430 Hospitality Marketing Management (2) (Degree-applicable)
Hours: 32-36 lecture.
Grading: Letter grade only.
Principles and techniques of professional food preparation, including professional demeanor, science and technology of the kitchen, food service safety and sanitation policies and procedures, recipe specifications, and kitchen equipment use and maintenance. Course covers basic culinary concepts such as mise en place, dry and moist cookery, appropriate use of produce, dairy and dry goods, and sustainability using local sourcing. Includes hands-on professional food preparation techniques with an emphasis on collaboration and teamwork. 1306.30

200  Food and Beverage Management (3)
Degree-applicable.
Prerequisite: Hotel and Food Service Management 18.
Overview of post 9/11/2001 border and transportation security challenges and strategies used to address them, along with discussion of related security threats from previous periods of history. Investigation of the agencies and allied infrastructure associated with U.S. border security. Assessment of the vulnerabilities inherent to seaports, ships, aircraft, airports, trains, rail lines, trucking, public buses, and pipelines. Impact of technology in security threats and countermeasures. 2105.30
431 Hospitality Marketing Management (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Hotel and Food Services 430.  
Prerequisite: Hotel and Food Service Management 436A.  
Prerequisite: Hotel and Food Service Management 16 and 18.  
Introduction to the culinary arts, including a historical and contemporary exploration of culinary cuisines. Practical application of culinary technique and theory that provides students with a realistic experience of professional cooking and kitchen culture. Focus on basic and intermediate knife skills; the production of stocks, soups and sauces; vegetable and starch identification, fabrication, and cookery; egg and breakfast comestibles; and the cold kitchen, including salad, cold sauce, and sandwich preparation. Kitchen safety and sanitation rules are reviewed and practiced.  
Grading: Letter grade only.  
Limitation on Enrollment: Proof of a current negative tuberculosis test is required.  
Prerequisite: Hotel and Food Service Management 436A.  
Prerequisite: Hotel and Food Service Management 16 and 18.  
Advisory: Completion of Mathematics 510.  

436A Culinary Arts I (2)  
(Degree-applicable)  
Hours: 16-18 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Proof of a current negative tuberculosis test is required.  
Prerequisite: Hotel and Food Service Management 436A.  
Prerequisite: Hotel and Food Service Management 16 and 18.  
Advisory: Completion of Mathematics 510.  

436B Culinary Arts II (2)  
(Degree-applicable)  
Hours: 16-18 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Proof of a current negative tuberculosis test is required.  
Prerequisite: Hotel and Food Service Management 436A.  
Prerequisite: Hotel and Food Service Management 16 and 18.  
Advisory: Completion of Mathematics 510.  

437 Principles of Baking (2)  
(formerly Hotel and Food Services 436C)  
(Degree-applicable)  
Hours: 16-18 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Proof of a current negative tuberculosis test is required.  
Prerequisite: Hotel and Food Service Management 436A.  
Prerequisite: Hotel and Food Service Management 16 and 18.  
Advisory: Completion of Mathematics 510.  

482 Industry Internship: Hotel and Food Service Management (1)  
(Degree-applicable)  
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience.  
Grading: Letter grade only.  
Limitation on Enrollment: Consent of instructor is required prior to registration.  
Prerequisite: Hotel and Food Service 422 or 436A.  
Supervised work experience in the operation of a hotel, motel, or food service operation. Includes front office, night audit, and marketing experience. Students spend a minimum of 60 hours on the work site.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 401A, or one year or more of professional work experience in a related field.  
Principles of motor controls. Topics include: direct current motors, basic trigonometry, alternating current, inductance in alternating current circuits, resistive-inductive series circuits, capacitors, and resistive-inductive-capacitive parallel circuits.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 401A, or one year or more of professional work experience in a related field.  

0401A Introduction to Electricity (2.5) [Cx]  
(Degree-applicable)  
Hours: 32-36 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 401A, or one year or more of professional work experience in a related field.  
Study of batteries and other sources of electricity, magnetism, magnetic induction, direct current generators, measuring instruments, resistive and capacitive circuits.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 401A, or one year or more of professional work experience in a related field.  

0403A Electrical Motors and Controls I (2.5)  
(Degree-applicable)  
Hours: 32-36 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 401A, or one year or more of professional work experience in a related field.  
Principles of motor controls. Topics include: direct current motors, basic trigonometry, alternating current, inductance in alternating current circuits, resistive-inductive series circuits, capacitors, and resistive-inductive-capacitive parallel circuits.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 401A, or one year or more of professional work experience in a related field.  

0403B Electrical Motors and Controls II (2.5)  
(Degree-applicable)  
Hours: 32-36 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 401A, or one year or more of professional work experience in a related field.  
Applications of motor controls. Topics include: resistive-inductive parallel circuits, resistive-inductive-capacitive parallel circuits, three-phase circuits, single- and three-phase transformers, single-phase motors, and three-phase alternators.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 401A, or two years or more of professional work experience in a related field.  
Interpretation and application of the National Electric Code (NEC), with emphasis on wire size, conduit, motor load protection, classified areas, grounding, and the latest NEC updates.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 401A, or two years or more of professional work experience in a related field.  

6 Arts and Ideas: Antiquity to Renaissance (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
An interdisciplinary study of the movements in art, music, literature, and philosophy of Ancient Western Civilization, within a cultural and historical perspective.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 401A, or two years or more of professional work experience in a related field.  

20 The Holocaust: History and Philosophy (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Examination of the philosophical underpinnings and historical developments leading to the rise of Nazi Germany and the implementation of a policy of destruction for European Jewry.
407 Electrical Blueprints (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 403A, or one year or more of professional work experience in a related field.  
Interpretation of basic ladder diagrams, one line diagrams, electrical symbols, schematics, hydraulic symbols, and diagrams including pictorials. 0934.40

409 Static Devices (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 403B, or one year or more of professional work experience in a related field.  
Basic static devices, diodes, transistors, field effect transistors, silicon controlled rectifiers, and other solid state devices used in industry. 0934.40

411 Programmable Logic Controllers (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 403B and 407, or two years or more of professional work experience that includes basic computer skills.  
Ladder diagrams, common computer terms, and operation of the programmer. Verifying and programming of timers and counters. 0934.40

413 Intermediate Programmable Logic Controllers (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 411, or two years or more of professional work experience that includes basic knowledge of PLC’s.  
PLC advanced ladder diagrams; operations of the programmer; verifying, editing, and programming of timers, counters, master control relays, and jump instructions, using a computer. 0934.40

415 Advanced Electricity Laboratory (2)  
(Degree-applicable)  
Hours: 16-18 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 405, 407, 409, and 411, or two years or more of professional work experience that includes knowledge of PLC’s and static devices.  
Application and integration of concepts and skills covered in the prerequisite lecture courses. Topics include: designing motor control systems, translating information from blueprint to ladder diagrams and employing it into the PLC program, and applying assignments into a hardware system. 0934.40

417 Electrical Troubleshooting (3)  
(Degree-applicable)  
Hours: 40-45 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 403A, 409, and 411, or two years or more of professional work experience that includes knowledge of static devices.  
Applying the knowledge learned on DC/AC motor controls, blueprint reading, and developing troubleshooting skills. 0934.40

419 DC Variable Speed Drive (1.5)  
(Degree-applicable)  
Hours: 16-18 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 403A, or two or more years of professional work experience in a related field.  
Function and controls of a DC variable speed drive and its application on the field, including adjustments, settings, tuning, and configuration. 0934.40

421 AC Variable Frequency Speed Drive (1.5)  
(Degree-applicable)  
Hours: 16-18 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 419, or two years or more of professional work experience in a related field.  
Function and controls of an AC variable frequency drive and its application on the field, including parameter, setting, tuning, and configuration. 0934.40

422 OSHA Construction Safety Training (2)  
(Degree-applicable)  
Hours: 52-56 lecture.  
Grading: Letter grade only.  
Construction industry safety and health standards, taught in accordance with Occupational Safety and Health Administration (OSHA) requirements. Course is targeted to entry-level workers. Upon successful completion, students receive the OSHA (30-hour) card. 0956.70

458 Fundamentals of Cable Networking: The Physical Layer (3) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Tools and construction techniques used in cabling, along with study of applicable industry standards. Mastery of troubleshooting and repair skills used by entry-level technicians in the network cabling industry. A certificate is issued by C-Tech Associates (recognized for industry standards) upon successful completion of this course. 0934.40

459 Fundamentals of Fiber Optic Cabling: The Physical Layer (3) [Cx]  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Industrial Electrical Technology 458, or one year or more of professional work experience in a related field.  
Tools and construction techniques used in fiber optic cabling, along with study of fiber optic theory and the characteristics of various fiber optic components. Mastery of the troubleshooting and repair skills used by entry-level technicians in the network cabling industry, focusing on fiber optics. A certificate is issued by C-Tech Associates upon successful completion of this course. 0934.40

460 Introduction to Photovoltaic Installation (4)  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Industrial Electrical Technology 401A.  
Introduction to solar energy, equipment installation and controls. Topics include electricity fundamentals, system components, electrical and mechanical design considerations, performance standards, troubleshooting basics, system checks and inspections, and industry safety requirements. 0946.10

482 Internship in Industrial Electricity (1)  
(Degree-applicable)  
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience.  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required prior to enrollment.  
Prerequisite: Industrial Electrical Technology 401A.  
Corequisite: Enrollment in any industrial electricity course.  
Supervised industry internship in cooperation with private or public sector employers. Provides students expanded, hands-on learning opportunities to apply knowledge and learn new skills directly related to their industrial electricity systems program of study, outside of the classroom environment. Placement is arranged by/approved by the instructor. Participation requirements may vary with the job setting. 0946.40

INTERIOR DESIGN (ID)

10 Introduction to Interior Design (3) [Cx]  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Overview of the residential interior design field. Examination of floor plans, furniture arrangement, design elements and principles, furniture styles, lighting, flooring, and wall and window treatments. 1302.00

11 History of Western Architecture and Interiors I (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Furniture, interior and architectural styles of ancient Egypt, Greece, and Rome; and the European Middle Ages, Renaissance, and French periods to 1820. 1302.00
12 History of Western Architecture and Interiors II (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Furniture, interior and architectural styles of the English, Anglo-American, and late 19th and 20th century Western periods.  
1302.00

16 Quick Sketching for Interior Designers (2.5)  
(CSU)  
Hours: 32-36 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Freehand sketching techniques for illustrating interiors in 3D. Includes perspective, shading, textures, and use of a variety of techniques and materials. Emphasis on quick presentation of ideas for designer or client.  
1302.00

17 Introduction to Lighting (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Basic principles of lighting and their application. Visual perception, properties of light and color, sources and luminaires, lighting design elements and techniques, and elementary calculations. Energy efficient lighting practices and applicable codes and regulations. Written and graphic design documents.  
1302.00

21 Space Planning (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Furniture layouts and space planning for residential and commercial interiors.  
1302.00

22 Interior Design Materials (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Materials and treatments used in interior design for commercial and residential installations, including new “green” resources.  
1302.00

25 Interior Design Management (2)  
(CSU)  
Hours: 32-36 lecture.  
Grading: Letter grade only.  
Practical course in the special problems encountered in the interior design profession, including measuring and estimating materials, purchasing, client relationships, ethics, methods of compensation, contracts and business documents.  
1302.00

30 Advanced Design Studio (3.5)  
(CSU)  
Hours: 48-54 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Prerequisite: Interior Design 16, 21, and 22.  
Advanced course integrating knowledge, problem solving, and visual and oral communication concerning furniture layouts, space planning, elevations, reflected ceilings, lighting, electrical plans and renderings, selection of interior components and materials, and estimates and scheduling for a residential and commercial project.  
1302.00

427 CAD for Set and Interior Design (3)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Interior Design 16, 21, and 22.  
Computer aided design using professional software, such as AutoCAD, Revit, Architectural Desktop, and ArchiCAD. Floor plans, furniture layouts, elevations, lighting plans, 3-D perspectives, and renderings. Use of various printers and plotters.  
1302.00

482 Industry Internship: Interior Design (1)  
(Degree-applicable)  
Hours: 60 hours/term (unpaid) or 75 hours/term (paid) on-site work experience.  
Grading: Letter grade only.  
Prerequisite: Interior Design 30.  
Supervised industry internship in cooperation with private sector design, architectural, and product distribution firms. Provides students expanded, hands-on learning opportunities to apply knowledge and learn new skills, directly related to their program of study, outside of the classroom environment. Placement is arranged by/approved by the instructor. Participation requirements may vary with the job setting.  
1302.00

JOURNALISM (JOUR)

10 Newswriting (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.  
Introduction to multimedia storytelling with a journalism emphasis. Explored techniques include use of video, photos, audio, animation, and text to convey interactive news and feature stories through the Internet and other electronic media. Course also covers techniques in digital research, critical thinking, and synthesis. Principles of writing news stories with emphasis on selecting and organizing information in a clear, accurate, coherent, and concise manner. Fundamentals of correct grammar and spelling are stressed, as well as news copy preparation and format. Examination of the legal and ethical issues facing journalists. Students will report and write based on their original interviews and research to provide news content. Experiences may include covering speeches, meetings and other events, writing under deadline, and use of AP style.  
(C-ID JOUR 10)  
0602.00

11 Advanced Newswriting and Editing (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
Advisory: Completion of Journalism 10.  
Principles and practice in multimedia storytelling with a journalism emphasis. Using digital research, critical thinking, and synthesis students explore video, photos, audio, animation, and text to convey interactive news and feature stories through the Internet and other electronic media.  
(C-ID JOUR 120)  
0602.00

61A,B,C Newspaper Production (1, 2, or 3)  
(CSU)  
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Advisory: Typing and/or computer skills, and ability to take black-and-white photos.  
Experience in planning, editing, and producing a weekly or bi-weekly newspaper. Students cover campus and community events; write news and feature stories, editorials, reviews, and headlines; edit copy using the departments’ computer for typesetting; typeset copy; take, print, and edit photos; paste up page flats or printing; and distribute finished paper on campus.  
(C-ID JOUR 110)  
0602.00

92A-H Special Topics: Journalism (.5-6)  
(CSU)  
Hours: 16-18 lecture hours per unit of credit.  
Grading: Letter grade only.  
Special interest class of varying length for students who seek further development in specific areas of journalism. Wide variety of topics with particular emphasis left to the instructor.  
0602.00

98A-H Independent Study: Journalism (1, 2, 3)  
(CSU credit limitations)  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration.  
Advisory: Prior journalism coursework is recommended.  
Special project course designed for the capable, well-motivated student with previous coursework in the discipline. Student explores and develops a project or paper on an area of personal interest in journalism. Nature and extent of the project must be decided by both the student and instructor before the student registers, since the scope of the project determines the number of units awarded.  
0602.00

MANAGEMENT (MGMT)

(SEE BUSINESS AND BUSINESS: MANAGEMENT)
**MATHEMATICS (MATH)**

2 **Discrete Mathematics (4)**  
(CSU; UC pending)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Mathematics 61, and CS-1 or consent of instructor.  
Fundamental topics for computer science including logic, proof techniques, set theory, an introduction to computer programming, basic counting rules, relations, functions and recursion, graphs, and probability trees.  
1701.00

4 **Mathematical Concepts for Elementary School Teachers (4)**  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for Mathematics 25 as determined by the Chaffey assessment process, or completion of Mathematics 425.  
Study of mathematical concepts, targeted primarily to students preparing to teach elementary school mathematics. For such students, this course fulfills the same transfer requirement as MATH-25. Topics include: real number systems and subsystems, patterns and sequences, basic set theory, logic, and mathematical induction. Emphasis is on comprehension of concepts and application of logical reasoning and critical analysis in problem-solving.  
1701.00

25 **College Algebra (4)**  
(CSU; UC credit limitations)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for Mathematics 25 as determined by the Chaffey assessment process, or completion of Mathematics 425.  
Coordinate geometry and graphing techniques; conic sections; solutions to higher degree polynomial equations; functions; polynomial, rational, inverse, exponential and logarithmic functions; systems of nonlinear equations and inequalities; matrices and determinants; sequences and series; binomial expansion; mathematical induction; and introduction to mathematical proof.  
1701.00

31 **Plane Trigonometry (4)**  
(CSU)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Mathematics 25.  
Advisory: Completion of 1 year of high school geometry.  
Trigonometric functions including definitions of the circular functions. Radian measure, graphs, inverse trigonometric functions, trigonometric equations and identities, solution of right and oblique triangles, applications, vectors, complex numbers, polar coordinates and graphs, equation of conics, and rotation of axes. Students may be required to obtain a graphing utility calculator for the course.  
1701.00

60 **Calculus for Business (4) (Cx)**  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for Mathematics 31 as determined by the Chaffey assessment process, or completion of Mathematics 25.  
Techniques of calculus as applied to problem solving in business and economics. Topics include: limits, continuity, differentiation and integration in one and several dimensions, optimization, and transcendental functions.  
1701.00

61 **Pre-Calculus (4) (Cx)**  
(CSU; UC credit limitations)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for Mathematics 61 as determined by the Chaffey assessment process, or completion of Mathematics 25 and 31.  
Further studies in algebra and trigonometry for students intending to take calculus. Polynomial equations, functions and inverses; factoring techniques, nonlinear inequalities including absolute values, partial fractions, introduction to limits, graphing polynomial and rational functions, conic sections, trigonometric functions and their inverses, parametric equations, exponential and logarithmic functions, polar coordinates, and vectors. Trigonometric concepts emphasized as needed for calculus, including identities, equations, and applications. A graphing calculator is required; students should see instructor for specifics, since CAS-based calculators may be prohibited.  
1701.00

65A **Calculus I (4) (Cx)**  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Mathematics 61.  
Functions, limits, and continuity; differentiation of algebraic, trigonometric, logarithmic, and exponential functions with applications; integration of algebraic, trigonometric, logarithmic, and exponential functions; and the definite integral and some applications, including rectilinear motion and average value. Students may be required to obtain a graphing utility for the course.  
1701.00

65B **Calculus II (4) (Cx)**  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Mathematics 65A.  
Applications of the definite integral including area, volume, arc length, surfaces of revolution, work, and centroids of planar regions; differentiation and integration involving hyperbolic, inverse trigonometric and inverse hyperbolic functions; techniques of integration; indeterminate forms and improper integrals; infinite series; conic sections; polar coordinates and parametric equations. Students may be required to obtain a graphing utility for the course.  
1701.00

75 **Calculus III (5) (Cx)**  
(CSU; UC)  
Hours: 80-90 lecture.  
Grading: Letter grade only.  
Prerequisite: Mathematics 65B.  
Topics include: vectors; lines planes and surfaces in space; cylindrical and spherical coordinates; vector-valued functions; functions of several variables; differential calculus, including partial derivatives, chain rule, directional derivatives, gradients, implicit differentiation and extreme values; multiple integration; line integrals; surface integrals; Jacobians; vector theory; and theorems of Gauss, Green, and Stokes. Students may be required to obtain a graphing utility for the course.  
(C-ID MATH 230)  
1701.00

81 **Linear Algebra (4) (Cx)**  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Mathematics 75.  
Course develops the techniques and theory needed to solve and classify systems of linear equations. Solution techniques include row operations, Gaussian elimination, and matrix algebra. Investigates the properties of vectors in two and three dimensions, leading to the notion of an abstract vector space. Vector space and matrix theory are presented including topics such as inner products, norms, orthogonality, eigenvalues, eigenspaces, and linear transformations. Selected applications of linear algebra are included.  
1701.00

85 **Differential Equations (4) (Cx)**  
(CSU; UC)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Mathematics 75.  
Advisory: Prior experience with a graphing calculator is needed.  
Methods of solving ordinary differential equations including existence of solution, series solutions and singular points. Applications primarily in the physical sciences. A graphing utility is required; see instructor for specifics, since CAS-based calculators may be prohibited.  
1701.00

401 **Mathematics for Health Science (1)**  
(Degree-applicable)  
Hours: 16-18 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for Mathematics 410 as determined by the Chaffey assessment process, or completion of Mathematics 520.  
Course is targeted to students applying for the Nursing A.D.N. program. Topics include: metric, apothecary, and household systems of measurement; system conversions; adult and child dosages; and calculations involving oral, intravenous, and intramuscular medication administrations.  
1701.00
410 Elementary Algebra (4)  
(Degree-applicable)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for Mathematics 410 as determined by the Chaffey assessment process, or completion of Mathematics 520.  
Fundamental algebraic operations of addition, subtraction, multiplication, and division. Special products and factoring, rational expressions and their operations, solution and application of linear and fractional equations, graphing of linear and quadratic equations in two variables, introduction to radicals and quadratic equations, function notation, and introduction to linear systems of equations. 1701.00

425 Intermediate Algebra (4)  
(Degree-applicable)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for Mathematics 425 as determined by the Chaffey assessment process, or completion of Mathematics 410.  
More advanced study of the following topics introduced in elementary algebra: factoring, algebraic fractions, equations and inequalities with rational expressions, exponents and radicals, quadratic equations, and equations with radicals. New topics include: absolute value equations and inequalities, quadratic inequalities, applications, graphing of elementary nonlinear functions and conic sections, determining the equation of a line, solving nonlinear one-variable inequalities, complex numbers, composition and inverse of functions, solving linear systems by matrices and determinants, logarithmic and exponential expressions and equations, binomial theorem, summation notation, probability, and sequences and series. 1701.00

510 Arithmetic (4)  
(Non-degree-applicable)  
Hours: 56-63 lecture and 24-27 laboratory.  
Grading: Letter grade only.  
Prerequisite: Eligibility for Mathematics 510 as determined by the Chaffey assessment process.  
Complete study of arithmetic, including operations and applications involving whole numbers, fractions, decimals, ratios, proportions, measurement, percents, and signed numbers. Four hours of supplemental learning in a Success Center that supports this course is required. 1701.00

520 Pre-Algebra (4)  
(Non-degree-applicable)  
Hours: 56-63 lecture and 24-27 laboratory.  
Grading: Letter grade only.  
Prerequisite: Eligibility for Mathematics 520 as determined by the Chaffey assessment process, or completion of Mathematics 510.  
For students preparing for elementary algebra, who are competent in the basic operations of arithmetic, but need review of fractions, decimals, percents, and a preview of the elementary concepts of algebra. Topics include rational number arithmetic, order of operations, Pythagorean theorem, variable expressions, solving linear equations, application problems, graphing linear equations, polynomial operations, and factoring using the Greatest Common Factor. 1701.00

610 Preparation for the Study of Algebra (0)  
(Non-credit)  
Hours: 25-29 lecture.  
Grading: Pass/No Pass grade only.  
Mathematics review for students whose assessment results indicate placement into Arithmetic or PreAlgebra, and who wish to re-acquire the skills needed to re-assess into a higher level mathematics course. Course focuses on mastery of basic mathematical competencies, including addition/subtraction/multiplication/division/division, rounding, order of operations, fractions, decimals, ratios, percent, graphing and solving linear equations, exponents and polynomials, roots and radicals. 1702.00

625 Preparation for the Study of College Algebra (0)  
(Non-credit)  
Hours: 25-29 lecture.  
Grading: Pass/No Pass grade only.  
Mathematics review for students whose assessment results indicate placement into Elementary Algebra and Intermediate Algebra, and who wish to re-acquire the skills needed to re-assess into a higher level mathematics course. Course focuses on mastery of algebra competencies, including: linear equations, inequalities and systems; absolute value expressions and inequalities; factoring; rational expressions; radical expressions; quadratic equations and inequalities; graphing of functions; composition and inverse of functions; complex numbers; and logarithmic and exponential expressions and equations. 1701.00
12 Electronic Music (3)
(CSU; UC)
Hours: 96-108 studio.
Grading: Letter grade only.
Advisory: Some keyboard skill and/or experience with electronic components.
Electronic sound production. Topics include: sound types, sound manipulation, sequencing, Musical Instrument Digital Interface (MIDI), and editing. 1004.00

40 Beginning Guitar (1) [Cx]
(CSU; UC)
Hours: 32-36 studio.
Grading: Letter grade only.
Basic fundamentals which prepare the student for most styles of guitar playing. Emphasis on chording, right-hand technique, and melodic playing, as well as basic music reading. Student must provide own guitar for use in class. 1004.00

14 Introduction to the Music Business (2) [Cx]
(CSU)
Hours: 32-36 lecture.
Grading: Letter grade only.
Survey of the music industry, with emphasis on individual career options, roles, and responsibilities. Contracts, relationships, and interaction of song writing, publishing, copyright law, recording, broadcasting, managing, booking, licensing, and merchandising. 1005.00

41 Intermediate Guitar (1)
(CSU; UC)
Hours: 32-36 studio.
Grading: Letter grade only.
Further exploration of guitar literature and the capabilities of the solo guitar. Student must provide own guitar for use in class. 1004.00

21 History of Jazz (3) [Cx]
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Survey of the development of jazz from its origins in the Afro-American society, through the developmental periods of the various metropolitan areas, to the present-day eclectic style. Includes correlation with sociological influence. 1004.00

51A,B Beginning Class Piano (1-1)
(CSU; UC)
Hours: 32-36 studio.
Grading: Letter grade only.
Advisory: Completion of Music 51B. Piano literature of second and third levels focusing on differences in historical styles. Extensive sight reading, performance of all major and minor scales, chords, and arpeggios. Some analysis and melodic harmonization. 1004.00

22 History and Survey of Rock Music (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Survey of rock music styles covering their origins, development, and cultural impact. Designed to make students aware of the role of rock music in shaping our society. 1004.00

52 Intermediate Piano (1)
(CSU; UC)
Hours: 32-36 studio.
Grading: Letter grade only.
Advisory: Completion of Music 51B. Basic contemporary harmony and chording techniques. Performance of popular music in a variety of styles. Reading from lead sheets and construction of song arrangements. Approach to improvisation. 1004.00

60 Jazz Band (1.5)
(CSU; UC)
Hours: 48-54 studio.
Grading: Letter grade only.
Limitation on Enrollment: Intermediate to advanced proficiency on one’s musical instrument, together with the ability to read music is required. Audition on the first day of class on the following instruments: trumpet, trombone, saxophone, bass and bass guitar, keyboards, drums, guitar, and auxiliary percussion. Instrumental studio/performing group, emphasizing reading, improvisation and stylistic concepts as they apply to the intermediate/advanced player. In most instances, student is expected to supply his/her own instrument. Attendance at public performances is required. 1004.00

62A Beginning Community Concert Band (1.5)
(CSU; UC)
Hours: 48-54 studio.
Grading: Letter grade only.
Limitation on Enrollment: Audition on the first day of class on any one of the standard band instruments. Basic beginning proficiency required. Chamber ensemble for the advanced choral music major who is dedicated to high-level performances of the finest vocal chamber literature. Attendance at all public performances is required. 1004.00

62B Intermediate Community Concert Band (1.5)
(CSU; UC)
Hours: 48-54 studio.
Grading: Letter grade only.
Limitation on Enrollment: Performance tryout for chair placement. Community Concert Band course designed for student musicians with a minimum of one year of experience. Open to band students of flute, clarinet, trumpet, trombone, baritone, tuba, saxophone, oboe, bassoon, and percussion. Attendance at on-campus end of semester concert in the theater is required. Students must provide their own instruments, although some larger instruments may be available through the Music Department. 1004.00
62C Advanced Community Concert Band (1.5)  
(CSU; UC)  
Hours: 48-54 studio.  
Grading: Letter grade only.  
Limitation on Enrollment: Performance tryout for chair placement.  
Community Concert Band course designed for the advanced band student with a high level of instrumental ability. Open to students of flute, clarinet, saxophone, trumpet, trombone, baritone, tuba, oboe, bassoon, and percussion. Attendance at on-campus end of semester concert in the theater is required. Students must provide their own instruments, although some larger instruments may be available through the Music Department.  
1004.00

67 Latin Jazz Band (1.5)  
(CSU; UC)  
Hours: 48-54 studio.  
Grading: Letter grade only.  
Limitation on Enrollment: Nominal proficiency on one’s musical instrument and the ability to read some music is required. Audition at the first class meeting.  
Latin, Afro-Cuban, and Latin-Jazz ensemble music with an emphasis on performance. Open to instrumentalists, percussionists, and vocalists. Public performance may be required.  
1004.00

70A Harmony and Intermediate Musicianship (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Corequisite: Music 52 or satisfactory completion of keyboard skill proficiency examination.  
Advisory: Completion of Music 3B and 51B.  
Principles of voice leading in diatonic harmony of the common practice period of classical music of the eighteenth and nineteenth centuries. Emphasis on diatonic harmony for voicing root position triads and all inversion. Includes study of cadences, non-chord tones, and diatonic seventh chords.  
1004.00

70B Harmony and Intermediate Musicianship (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Corequisite: Music 52.  
Advisory: Completion of Music 70A.  
Further study of the principles of voice leading in diatonic and chromatic harmony, in classical music of the eighteenth and nineteenth centuries. Begins with part-writing of diatonic seventh chords, and progresses to chromatic harmony for voicing secondary function chords. Emphasis on changing keys using diatonic common chords, sequence, common tone, monophonic, and direct modulation. Includes study of binary and ternary forms, and 12-bar blues.  
1004.00

98A, B, C Independent Study: Music (1, 2, 3)  
(CSU and UC credit limitations)  
Grading: Letter grade only.  
Limitation on Enrollment: Instructor signature is required for registration.  
Special project course designed for the capable, well-motivated student. Each student explores and develops a project or a paper on an area of personal interest in music. Nature and extent of the project must be decided by student and instructor before the student may sign up for the course. Type and extent of the project determines the number of units allowed.  
1004.00

NURSING: ACUTE CARE TECHNICIAN (NURACT)

Students must apply for admission into the Acute Care Technician program.  
See Programs of Study area for requirements.  
Students enrolled in two corequisite-linked courses (i.e. Acute Care Technician 420 and 420L) will have the lower of the two grades earned assigned to both courses when either course grade is less than “C” or “CR”.

420 Acute Care Technician (4) [Cx]  
(Degree-applicable)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission into the Nursing: Acute Care Technician program, and possession of an active California Certified Nursing Assistant (CNA) certificate or coordinator approval of advanced placement status.  
Corequisite: Nursing: Acute Care Technician 420L.  
1230.30

420L Acute Care Technician Laboratory (2) [Cx]  
(Degree-applicable)  
Hours: 96-108 laboratory.  
Grading: Pass/No Pass grade only.  
Corequisite: Nursing: Acute Care Technician 420.  
Clinical application of the knowledge and skills required for the Certified Nursing Assistant (CNA) to function effectively in acute care settings. Under direct supervision student practice their communication techniques, and patient care skills as they relate to the seven bodily systems. Course is designed for CNAs wishing to qualify for work in hospital settings, and is required for students applying to the Chaffey Vocational Nursing program.  
1230.30

450 Professional Development for the Acute Care Technician (1)  
(Degree-applicable)  
Hours: 16-18 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission into the Nursing: Acute Care Technician program, and possession of an active California Certified Nursing Assistant (CNA) certificate or coordinator approval of advanced placement status.  
Advisor: Basic computer skills are recommended.  
Further development of the interpersonal and professional skills needed by entry-level healthcare providers in hospital settings. Topics include: review of the healthcare workforce, career ladder, and employment opportunities; role of the Acute Care Technician in the nursing process; time management and organizational strategies; test anxiety and successful test-taking tactics; critical thinking skills applied to case studies, math exercises and role-play; and career professionalism issues.  
1230.30

NURSING: ASSISTANT (NURAST)

Students must apply for admission into the Nursing Assistant program.  
See Programs of Study area for requirements.  
Students enrolled in two corequisite-linked courses (i.e. Nursing Assistant 400 and 400L) will have the lower of the two grades earned assigned to both courses when either course grade is less than “C” or “CR”.

400 Nursing Assistant (3.5) [Cx]  
(Degree-applicable)  
Hours: 56-63 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission into the Nursing Assistant program.  
Corequisite: Nursing Assistant 400L and 405.  
Fundamental principles of basic nursing care necessary to meet the hygiene, comfort, and safety needs of clients, including the prevention, identification and reporting of suspected patient abuse. Focus on developing communicative skills and effective interpersonal relations with clients, families, and fellow health care team members. Course follows the guidelines established by the California Department of Health Services.  
1230.30

400L Nursing Assistant Laboratory (2) [Cx]  
(Degree-applicable)  
Hours: 96-108 laboratory.  
Grading: Pass/No Pass grade only.  
Corequisite: Nursing Assistant 400 and 405.  
Clinical application of the basic nursing care required to provide the hygiene, comfort, and safety needs of clients in long-term health care settings. Focus on roles and responsibilities, knowledge of and adherence to federal and state regulations, demonstration of nursing skills, and practice in effective communications.  
1230.30
NURSING: ASSOCIATE DEGREE (NURADN)

Students must apply for admission into the Nursing (A.D.N.) program. See the Programs of Study for information on entrance requirements.

Students enrolled in two corequisite-linked courses (i.e., Nursing A.D.N. 3 and 3L) will have the lower of the two grades earned assigned to both courses when either course grade is less than satisfactory. A minimum grade of “C” in the lecture course and “CR” in the lab course is required to advance in the Nursing A.D.N. program.

3L Transition in Nursing Laboratory (.5) [Cx] (CSU)
Hours: 24-27 laboratory.
Grading: Letter grade only.
Limitation on Enrollment: Admission to the Nursing Assistant program.
Corequisite: Nursing A.D.N. 3.
Mental health and psychiatric illness across the life span. Application of client-centered communication and critical thinking skills. Clinical application of psychiatric nursing. Performance of client-centered communication and critical thinking skills at psychiatric and community health facilities. 1230.10
26 Maternal-Newborn Nursing (2) [Cx]  
(cred: 32-36 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission into the Nursing A.D.N. Program.  
Corequisite: Nursing A.D.N. 26L.  
Nursing care of the child-bearing family. Use of the nursing process and critical thinking skills in perinatology and ambulatory settings, and in selected community agencies.  
1230.10

26L Maternal-Newborn Nursing Laboratory (1.5) [Cx]  
(cred: 72-81 laboratory.  
Grading: Pass/No Pass grade only.  
Corequisite: Nursing A.D.N. 26L.  
Clinical application of maternal-newborn concepts in ambulatory, hospital, and home care settings.  
1230.10

34 Nursing Process III (4) (Cx)  
(cred: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Nursing A.D.N. 25 and 25L, or Nursing A.D.N. 3 and 3L.  
Corequisite: Nursing A.D.N. 34L.  
Utilization of the nursing process and management of care for the gerontological, acute, and chronically ill individuals/families.  
1230.10

34L Nursing Process III Laboratory (3) (Cx)  
(cred: 144-162 laboratory.  
Grading: Pass/No Pass grade only.  
Corequisite: Nursing A.D.N. 34.  
Management of care for the gerontological, acute, and chronically ill individuals and their families.  
1230.10

38 Family-Child Nursing (2) [Cx]  
(cred: 32-36 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission into the Nursing A.D.N. Program.  
Corequisite: Nursing A.D.N. 38L.  
Nursing care of infants, children, and adolescents. Use of the nursing process and critical thinking skills in pediatric units and selected community agencies.  
1230.10

38L Family-Child Nursing Laboratory (1.5) (Cx)  
(cred: 72-81 laboratory.  
Grading: Pass/No Pass grade only.  
Corequisite: Nursing A.D.N. 38L.  
Clinical application in the nursing care of infants, children, and adolescents in ambulatory, hospital, and community settings.  
1230.10

44 Nursing Process IV (4.5) [Cx]  
(cred: 72-81 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission into the Nursing A.D.N. Program.  
Corequisite: Nursing A.D.N. 44L.  
Nursing management of critically ill clients, family, and groups of clients in high acuity medical surgical and community health settings.  
1230.10

44L Nursing Process IV Laboratory (5) [Cx]  
(cred: 240-270 laboratory.  
Grading: Pass/No Pass grade only.  
Corequisite: Nursing A.D.N. 44L.  
Clinical application in the nursing management of critically ill clients, family, and groups of clients in high acuity medical surgical and community health settings.  
1230.10

50 Professional Issues in Nursing (1) [Cx]  
(cred: 16-18 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission into the Nursing A.D.N. Program.  
Historical contributions, ethics, current health care delivery systems, quality assurance, expanded role of the nurse, political action, continuing education, and health care reform.  
1230.10

403 Pathophysiology for Nursing (3) [Cx]  
(Degree applicable)  
(cred: 48-54 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission into a nursing (A.D.N. or V.N.) program or equivalent.  
Advisory: Completion of Biology 22.  
Mechanisms of disease processes, the resultant structural and functional changes, and the effects of these dysfunctional changes on the body as they relate to nursing practice. The use of the Nursing Process in prevention, evaluation and treatment of disease outcomes within the scope of nursing practice.  
1230.10

404 Basic ECG and Dysrhythmia Interpretation (2) [Cx]  
(formerly Health Science 401)  
(Degree applicable)  
(cred: 48-54 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Student must be in good standing in the Chaffey A.D.N. or V.N. program, or another California accredited A.D.N. or V.N. program, or be a California licensed health care provider, or student must obtain permission of the nursing program coordinator.  
Basic concepts of pharmacology with emphasis on the role of the nurse in drug administration. Drugs affecting body systems; drugs used in neoplastic disease, infectious diseases and in skin disorders; immunologic agents, diagnostic agents, toxicology, fluids and electrolytes, and vitamins. Principles and factors for managing medication regimen in a home setting. Course is recommended for students enrolled in a nursing program and as Continuing Education credit for RN’s and LVN’s, BRN #00426.  
1230.00

428 Basic Pharmacology (3) [Cx]  
(formerly Health Science 428)  
(Degree applicable)  
(cred: 48-54 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Student must be in good standing in the Chaffey A.D.N. or V.N. program, or another California accredited A.D.N. or V.N. program, or be a California licensed health care provider, or student must obtain permission of the nursing program coordinator.  
Basic concepts of pharmacology with emphasis on the role of the nurse in drug administration. Drugs affecting body systems; drugs used in neoplastic disease, infectious diseases and in skin disorders; immunologic agents, diagnostic agents, toxicology, fluids and electrolytes, and vitamins. Principles and factors for managing medication regimen in a home setting. Course is recommended for students enrolled in a nursing program and as Continuing Education credit for RN’s and LVN’s, BRN #00426.  
1230.00

550 Health Science Skills Development I (1)  
(formerly Health Science 500)  
(Non degree applicable)  
(cred: 48-54 self-paced laboratory.  
Grading: Pass/No Pass grade only.  
Limitation on Enrollment: Students must be enrolled in the Nursing A.D.N. program.  
Application of appropriate health science skills in a simulated laboratory setting. Skills taught correspond to skills levels in current health science program.  
1230.00

551 Health Science Skills Development II (1)  
(formerly Health Science 510)  
(Non degree applicable)  
(cred: 48-54 self-paced laboratory.  
Grading: Pass/No Pass grade only.  
Limitation on Enrollment: Students must be enrolled in the Nursing A.D.N. program.  
Use of computers to improve test taking skills, critical thinking skills, and technical skills in conjunction with current health science courses.  
1230.00

NURSING: VOCATIONAL (NURVN)

Students must apply for admission into the Vocational Nursing program. See the Programs of Study for information on entrance requirements.

Students enrolled in two corequisite-linked courses (i.e. Nursing: V.N. 403 and 403L) will have the lower of the two grades earned assigned to both courses when either course grade is less than a satisfactory. A minimum grade of “C” in the lecture course and “CR” in the lab course is required to advance in the Vocational Nursing program.

continued on next page
401 Foundations of Vocational Nursing Practice (2)  
(Degree-applicable)  
Hours: 32-36 lecture.  
Grading: Letter grade only.  
Advisory: Completion of ENGL-1A, and eligibility for MATH-410 as determined by the Chaffey assessment process or completion of Mathematics 520.  
Examination of the health care delivery system and the role of the vocational nurse as a member of the health care team. Discussion of the history of nursing and the ethical and legal responsibilities of the vocational nurse. Introduction of the nursing process as a critical thinking tool. Examination of the impact of cultural diversity on vocational nursing practice. Introduction to the policies and expectations of the vocational nursing program and an exploration of strategies for successful program completion.  
1230.20

403 Fundamentals of Nursing (3) [Cx]  
(Degree-applicable)  
Hours: 57 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Acceptance into the Vocational Nursing program.  
Corequisite: Nursing: Vocational 403L.  
Fundamental principles and techniques necessary for the beginning vocational nursing student to provide basic nursing care to patients. Leadership focus on the VN role, responsibilities, and skills in extended-care clinical and home settings. Students select and use appropriate components of the nursing process and Maslow’s Hierarchy of Needs to promote health, hygiene, nutrition, rest/sleep, safety, relief of pain, and meet the mobility, bowel/bladder, respiratory, sexual, spiritual, psychosocial, and self-esteem needs of adult and geriatric patients. Study of loss/grief concepts, health and disease, stress adaptation, and therapeutic communication styles is included. Includes twelve hours of related pharmacology content.  
1230.20

403L Fundamentals of Nursing Laboratory (2)  
(Degree-applicable)  
Hours: 106 laboratory.  
Grading: Pass/No Pass grade only.  
Corequisite: Nursing: Vocational 403.  
Discussion, demonstration, and application of nursing theory, principles, and effective communication techniques. Using the nursing process and development theories as a framework, students provide care for adult and geriatric patients in home, acute, and extended-care clinical settings. Focus on medication administration and patient status reporting.  
1230.20

405 Beginning Medical-Surgical Nursing (4) [Cx]  
(Degree-applicable)  
Hours: 72 lecture.  
Grading: Letter grade only.  
Prerequisite: Nursing: Vocational 403 and 403L.  
Corequisite: Nursing: Vocational 405L.  
Nursing care of adult patients in the hospital/clinical setting. Utilization of the nursing process as a framework for providing care to patients with musculoskeletal, genitourinary, integumentary, and gastrointestinal disorders. Includes twelve hours of related pharmacology content.  
1230.20

405L Beginning Medical-Surgical Nursing Laboratory (3)  
(Degree-applicable)  
Hours: 158 laboratory.  
Grading: Pass/No Pass grade only.  
Prerequisite: Nursing: Vocational 403 and 403L.  
Corequisite: Nursing: Vocational 405.  
Discussion, demonstration, and application of the nursing process and developmental theory to the care of adult patients with diseases and disorders of the musculoskeletal, integumentary, genitourinary, and gastrointestinal systems in the clinical setting.  
1230.20

407A Beginning Nursing Skills/Clinical Simulation Laboratory (1)  
(Degree-applicable)  
Hours: 48-54 laboratory.  
Grading: Pass/No Pass grade only.  
Limitation on Enrollment: Acceptance into the Vocational Nursing program.  
Application of theoretical concepts to nursing skills performance in a skills laboratory setting. Participation in simulated clinical experiences using high-fidelity patient care simulators. Course focuses on the musculoskeletal, integumentary, gastrointestinal and genitourinary systems.  
1230.20

407B Intermediate Nursing Skills/Clinical Simulation Laboratory (1)  
(Degree-applicable)  
Hours: 48-54 laboratory.  
Grading: Pass/No Pass grade only.  
Limitation on Enrollment: Acceptance into the second semester of the Vocational Nursing program.  
Application of theoretical concepts to nursing skills performance in a skills laboratory setting. Participation in simulated clinical experiences using high-fidelity patient care simulators. Course focuses on maternal/child health nursing and on the cardiac, respiratory and endocrine systems.  
1230.20

407C Advanced Nursing Skills/Clinical Simulation Laboratory (1)  
(Degree-applicable)  
Hours: 48-54 laboratory.  
Grading: Pass/No Pass grade only.  
Limitation on Enrollment: Acceptance into the second semester of the Vocational Nursing program.  
Application of theoretical concepts to nursing skills performance in a skills laboratory setting. Participation in simulated clinical experiences using high-fidelity patient care simulators. Course focuses on maternal/child health nursing and on the cardiac, respiratory and endocrine systems.  
1230.20

409 Intermediate Medical Surgical Nursing (4) [Cx]  
(Degree-applicable)  
Hours: 72 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the first semester VN curriculum or equivalent.  
Prerequisite: Nursing: Vocational 405 and 405L.  
Corequisite: Nursing: Vocational 409L.  
Discussion, demonstration, and application of the nursing process and development theory to the care of adult patients with diseases and disorders of the cardiac, respiratory, and endocrine systems. Includes 12 hours of related pharmacology content.  
1230.20

409L Intermediate Medical Surgical Nursing Laboratory (3)  
(Degree-applicable)  
Hours: 158 laboratory.  
Grading: Pass/No Pass grade only.  
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the first semester VN curriculum or equivalent.  
Prerequisite: Nursing: Vocational 405 and 405L.  
Corequisite: Nursing: Vocational 409.  
Nursing care of adult patients in the hospital/clinical setting. Utilization of the nursing process as a framework for providing care to patients with cardiac, respiratory, and endocrine disorders.  
1230.20

411 Advanced Medical-Surgical Nursing (7) [Cx]  
(Degree-applicable)  
Hours: 126 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the second semester VN curriculum or equivalent.  
Prerequisite: Nursing: Vocational 409 and 409L.  
Corequisite: Nursing: Vocational 411L.  
Discussion, demonstration, and application of the nursing process and development theory to the care of adult patients with diseases and disorders of the reproductive, hematologic and immune systems. Emergency nursing and care of the patient with cancer is also emphasized. Includes 12 hours of related pharmacology content.  
1230.20

411L Advanced Medical-Surgical Nursing Laboratory (3)  
(Degree-applicable)  
Hours: 162 laboratory.  
Grading: Pass/No Pass grade only.  
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the second semester VN curriculum or equivalent.  
Prerequisite: Nursing: Vocational 409 and 409L.  
Corequisite: Nursing: Vocational 411.  
Nursing care of adult patients in the hospital/clinical setting. Utilization of the nursing process as a framework for providing care to patients with reproductive, hematologic and immunologic disorders. Care of the patient with cancer, and of patients with emergency and traumatic disorders is also emphasized.  
1230.20
413 Leadership for the Vocational Nurse (3) [Cx]
(Degree-applicable)
Hours: 54 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the second semester VN curriculum or equivalent.
Corequisite: Nursing: Vocational 413L.
Prerequisite: Nursing: Vocational 413.
Leadership skills, capabilities, and knowledge essential to the vocational nurse including roles and responsibilities, application of the nursing process to problem solving methods, and supervision and evaluation of the effectiveness and quality of care. Managerial styles, traits, roles, and models are explored. 1230.20

415A Growth/Development: Psychology Adult-Geriatric (1) [Cx]
(Degree-applicable)
Hours: 18 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the first semester of the VN curriculum or equivalent.
Prerequisite: Nursing: Vocational 415B.
Lifespan development of the adult and elderly. Influences of and differences between the theories of Freud, Erikson, Piaget, Kohlberg, and Maslow. Theories and perspectives of mental health nursing. 1230.20

415B Growth and Development of the Child (1) [Cx]
(Degree-applicable)
Hours: 18 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the first semester of the VN curriculum or equivalent.
Prerequisite: Nursing: Vocational 415A.
Stages of growth and development, behavior, and characteristics of the adult and elderly. Influences of and differences between the theories of Freud, Erikson, Piaget, Kohlberg, and Maslow. Theories and perspectives of mental health nursing as it relates to the care of children and adolescents. 1230.20

417A Critical Thinking and the Nursing Process I (1) [Cx]
(Degree-applicable)
Hours: 18 lecture.
Grading: Letter grade only.
Advisory: Acceptance into the Vocational Nursing program. Increase effectiveness of everyday health care decision-making. Application of critical thinking skills in the health care setting. Introduction to care planning and utilization of the nursing process in clinical decision-making. 1230.20

417B Critical Thinking and the Nursing Process II (1) [Cx]
(Degree-applicable)
Hours: 18 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the first semester of the VN curriculum or equivalent.
Prerequisite: Nursing: Vocational 417A.
Application of advanced critical thinking skills in the health care setting. Advanced concepts in the development of a plan of care and in clinical decision-making. 1230.20

421 Maternal and Child Health Nursing (4) [Cx]
(Degree-applicable)
Hours: 72 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the first semester of the VN curriculum or equivalent.
Corequisite: Nursing: Vocational 421L.
Nursing care of mothers, newborns, and children in both health and illness, using Maslow's theory of human needs to guide the plan of care. 1230.20

421L Maternal and Child Health Nursing Lab (2)
(Degree-applicable)
Hours: 108 laboratory.
Grading: Pass/No Pass grade only.
Limitation on Enrollment: Acceptance into the Vocational Nursing program, and successful completion of the first semester of the VN curriculum or equivalent.
Corequisite: Nursing: Vocational 421.
Nursing care of mothers, newborns, and children in the clinical setting, in both health and illness, using Maslow's theory of human needs to guide the plan of care. 1230.20

500 NCLEX Review for VN Licensure Examination (2)
(Non-degree-applicable)
Hours: 32-36 lecture.
Grading: Pass/No Pass grade only.
Limitation on Enrollment: Proof of completion of an accredited vocational nursing program within the past 5 years, or completion of licensure application packets and 54 hours of pharmacology, or eligibility for licensure through work experience or education is required.
Overview of common diseases with treatment modalities using the nursing process. Review of over 300 questions with rationale for answers. Test taking techniques and preparation for the computerized NCLEX examination. Taking this course does not guarantee passing of the NCLEX examination. 1230.20

5 Nutrition for Life (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Essentials of nutrition as they relate to diet, health and disease, risk-reduction, stress, and nutritional deficiencies. Topics include: developments and discoveries in the field of nutrition, nutrients essential for human health, disease consequence and prevention, eating disorders, obesity, dieting, nutritional fads and fallacies, vitamins and supplements, and changing nutritional needs across the lifespan. Use of sound consumer nutritional information in the development of an individual health plan. 1301.00

11 Food Service Management Supervision (3) [Cx]
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Nutrition and Food 470. Aspects of food service management supervision. Role of the supervisor/manager in developing personnel programs and establishing workable labor-management relationships. Additional topics include: job descriptions, hiring practices, training procedures, advancement programs, and delegation of responsibility. 1307.10

15 Nutrition I: The Science of Nutrition (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Introduction to the science of nutrition and its implications for human health. Topics include: essential macro- and micro-nutrients, basic dietary guidelines, evaluation of published nutritional information, and changing nutritional needs throughout the lifecycle. 1306.00

19 Nutrition II: Modified Diets (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Nutrition and Food 15. The study of therapeutic diets and the principles of nutrition as related to special physical conditions. Screening and assessment techniques used by health care professionals. 1306.00

22 Nutrition and the Active Person (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Introduction to sports nutrition as related to the nutritional needs of all individuals interested in physical fitness, from the serious athlete to the more leisurely active person. Topics include the study of basic nutrition, disease prevention, methods for increasing cardiovascular endurance, weight control, increasing strength and flexibility, and stress management through the components of diet and fitness. 1301.00
PHARMACY TECHNICIAN (PHARMT)

401 Pharmacology of the Body Systems I (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Students are required to attend a mandatory orientation session and submit a contact application to the program.
Basic anatomy, physiology, and pharmacology related to drugs affecting the endocrine and gastrointestinal systems, neoplastic disorders, infectious diseases, immunological function, vitamin and mineral balance, and the eyes and ears. Emphasis is placed on related medical terms, trade/generic drug names, drug classifications and indications used in each body system.
1221.00

402 Pharmacology of the Body Systems II (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Pharmacy Technician 401.
Basic anatomy, physiology, and pharmacology related to drugs affecting the respiratory, genitourinary, musculoskeletal, integumentary, nervous and cardiovascular systems, and special senses. Emphasis is placed on related medical terms, trade/generic drug names, drug classifications and indications used in each body system.
1221.00

403 Principles of Community Pharmacy Practice (1.5)
(replaces part of Pharmacy Technology 400)
(Degree-applicable)
Hours: 24-27 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Registration is restricted to students who have attended a mandatory orientation session and submitted a contact application to the program.
Course provides students an overview of the community pharmacy setting, to include the role of a pharmacy technician and pharmacist in the community pharmacy practice setting, pharmacy law and ethics, medical and pharmaceutical terminology, pharmaceutical dosage forms, drug development processes, drug classification systems, and an introduction to prescription reading and labeling.
1221.00

404 Principles of Institutional Pharmacy Practice (1.5)
(replaces part of Pharmacy Technology 400)
(Degree-applicable)
Hours: 24-27 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Registration is restricted to students who have attended a mandatory orientation session and submitted a contact application to the program.
Course introduces students to acute care, long-term care, and home-health care facilities, to include the role of a pharmacy technician and pharmacist in the institutional pharmacy practice setting, pharmaceutical care, the patient model, and the drug delivery process as they relate to these health care facilities. An introduction to dosage forms, routes of administration, medication order reading, and patient profiles is emphasized.
1221.00

405 Sterile Products (2)
(Degree-applicable)
Hours: 32-36 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Registration is restricted to students who have attended a mandatory orientation session and submitted a contact application to the program.
Focus on the use of laminar flow hoods and the proper handling and disposal of needles, syringes, and other supplies used in the preparation/compounding of sterile pharmacy products. Properties of antiseptics and antimicrobials used in maintenance of pharmacy equipment. Quality assurance processes and applicable governing laws, regulations, and standards, including <USP797>.
1221.00

410 Over-The-Counter Products (2)
(Degree-applicable)
Hours: 32-36 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Registration is restricted to students who have attended a mandatory orientation session and submitted a contact application to the program.
Corequisite: Pharmacy Technician 421L.
Course enables students to recognize the classifications and uses of the various over-the-counter (OTC) products utilized in modern health care. The drugs’ mechanism of action, major indications, body systems affected, adverse effects, consumer precautions and contraindications are discussed.
1221.00
415 Pharmaceutical Calculations (2)  
(Degree-applicable)  
Hours: 32-36 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Registration is restricted to students who have attended a mandatory orientation session and submitted a contact application to the program.  
Prerequisite: Eligibility for Math 410 as determined by the Chaffey assessment process, or completion of Math 520.  
Basic and advanced calculations used in pharmacies. Practical application of metric, apothecary, avoirdupois, and household systems of measurements, including percent solution, allegations, reduction and enlargement of formulas, and ratio strength. Conversions between systems of pharmacy measurements; calculation of oral dosages for adult and pediatric patients, and calculations unique to intravenous medications. Preparation of outpatient and inpatient prescription orders using appropriate pharmacy calculations.  
1221.00

421 Community Pharmacy Operations (3)  
(formerly Pharmacy Technician 420)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Registration is restricted to students who have attended a mandatory orientation session and submitted a contact application to the program.  
Corequisite: Pharmacy Technician 421L.  
Duties and responsibilities of the pharmacy technician working in an ambulatory setting. Emphasized topics include inventory receipt and control; prescription and medication orders screening; computerized prescription processing; medical insurance payment procedures; patient information confidentiality and relevant regulatory, legal, and ethical issues; extemporaneous compounding principles; over-the-counter drug indications and contraindications, and effective customer relations.  
1221.00

421L Community Pharmacy Operations Laboratory (1)  
(replaces Pharmacy Technician 420L)  
(Degree-applicable)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Registration is restricted to students who have attended a mandatory orientation session and submitted a contact application to the program.  
Corequisite: Pharmacy Technician 421.  
Application and practice of the knowledge, concepts, and skills acquired in the corequisite course that are needed to operate effectively in an ambulatory setting.  
1221.00

431 Institutional Pharmacy Operations (3)  
(formerly Pharmacy Technician 430)  
(Degree-applicable)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Registration is restricted to students who have attended a mandatory orientation session and submitted a contact application to the program.  
Corequisite: Pharmacy Technician 431L.  
Duties and responsibilities of the pharmacy technician working in an institutional setting. Emphasized topics include aseptic technique, use and maintenance of laminar flow hoods, IV admixture and Total Parenteral Nutrition preparation, materials management, inpatient oral medication distribution systems, institutional organization and function, and relevant legal and ethical issues. Students develop the knowledge and skills required to work with pharmacists, other clinical staff, and patients.  
1221.00

431L Institutional Pharmacy Operations Laboratory (1)  
(replaces Pharmacy Technician 430L)  
(Degree-applicable)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Registration is restricted to students who have attended a mandatory orientation session and submitted a contact application to the program.  
Corequisite: Pharmacy Technician 431.  
Application and practice of the knowledge, concepts, and skills acquired in the corequisite course that are needed to operate effectively in an institutional setting.  
1221.00

482 Clinical Externship (4)  
(Degree-applicable)  
Hours: 240 hours unpaid on-site work experience.  
Grading: Letter grade only.  
Limitation on Enrollment: Student must have completed all Pharmacy Technician coursework with “C” or better, pass a background check, and have a recent physical examination prior to placement in a clinical facility.  
Work experience in cooperation with local institutional (hospital, long-term care facility, etc.) and community (retail, chain drugstores, etc.) pharmacies. Students apply knowledge and skills through unpaid employment, solidifying knowledge and expanding capabilities acquired in classroom and clinical experiences. Placement is by the instructor.  
1221.00

PHILOSOPHY (PHIL)

70 Introduction to Philosophy (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.  
Introductory study of questions and ideas pondered by philosophy’s great thinkers. Topics include problems of knowledge (epistemology), the nature of reality (metaphysics), issues of values, aesthetics, religion (axiology), and social/political influences.  
(C-ID PHIL 100)  
1509.00

72 Seminar in Ethics (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.  
Advisory: Completion of Philosophy 70.  
Seminar for the study of ethics with emphasis on personal, social, and political values. May be offered as an Honors course.  
(C-ID PHIL 120)  
1509.00

73 Seminar in Contemporary American Philosophy (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process or completion of English 475 or English as a Second Language 475.  
Advisory: Completion of Philosophy 70.  
Study of the leading American thinkers in the areas of aesthetics, political and social theory, scientific thought, religious philosophy, and ethics.  
1509.00

75 Symbolic Logic (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
Advisory: Completion of Philosophy 76.  
An introduction to symbolic methods of reasoning, covering sentential logic and predicate logic. Students translate ordinary language sentences and arguments into symbolic form and evaluate symbolized arguments using Truth Tables, Truth Trees and Natural Deduction.  
(C-ID PHIL 210)  
1509.00

76 Critical Thinking (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: English 1A.  
Exploration of the underlying structure of argument and the role of sound reasoning in the investigation of claims. Analysis of inductive and deductive argument reasoning, distinction of fact from opinion and belief from knowledge, identification of formal and informal fallacies, and application of learned skills to realistic life problems.  
1509.00
PHOTOGRAPHY (PHOTO)

1 History of Photography (3) [Cx]
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
History and appreciation of photography as a medium of artistic and social communication. May be offered as an Honors course. 1011.00

7 Introduction to Digital Photography (4) [Cx]
(CSU; UC)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Introduction to the principles of digital photography. Topics include the development of technical and aesthetic skills, elements of design and composition, camera technology, materials and equipment, and contemporary trends in photography. Emphasis on issues in photography in the context of art, mass media, and media history, using digital cameras, software such as Photoshop, and digital printing. Students must furnish an adjustable digital camera. 1012.00

9 Digital Imaging (4) [Cx]
(CSU; UC)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Introductory course using computer imaging applications in photography and digital arts that explores the creative potential of imaging software used by visual artists. Students establish familiarity with output devices, hardware, and software such as Adobe Photoshop. The creation of digital art is examined within the framework of current issues in art and culture. 1012.00

10 Beginning Photography (4) [Cx]
(CSU; UC)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Introduction to the principles of traditional photography, emphasizing the role of cameras and photographic images in art, mass media, and media history. Topics include the development of technical and aesthetic skills, elements of design and composition, camera technology, materials and equipment, and contemporary trends in photography. Instruction in the basic principles of black-and-white photography including darkroom experience. Students must furnish an adjustable non-digital camera. 1012.00

11 Intermediate Photography (4) [Cx]
(CSU; UC)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Continuation of the principles learned in Photography 10 with more advanced film-based conceptual and technical approaches to contemporary photography. Students must furnish an adjustable camera. 1012.00

12 Studio Lighting (4) [Cx]
(CSU; UC)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Introduction to the use of studio equipment and lighting techniques. Topics include portrait, still life, advertising, and art photography. Students must furnish an adjustable camera. 1012.00

13 Fine Art Photography (4)
(CSU; UC)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Photography 10.
Continuation of the principles learned in Photography 10 with more advanced film-based conceptual and technical approaches to contemporary photography. Students must furnish an adjustable camera. 1012.00
50 Introduction to Color Photography (4)  
(CSU)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Photography 7.  
Advisory: Completion of Photography 9.  
Basic background in the aesthetics, history, theory, techniques, and materials of color photography. Students must furnish an adjustable digital camera.  
1012.00

422 Wedding Photography (2) [Cx]  
(Degree-applicable)  
Hours: 24-27 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Prerequisite: Photography 7.  
Theory and practice in the basic techniques of wedding photography. Combining artistic vision with the use of light, composition and subject posing to produce creative images. Appropriate selection and use of cameras, lenses, filters, lighting, and special effects are explored, as well as business presentations and sales strategies. Student must furnish an adjustable digital camera.  
1012.00

430 Fine Art Photography Portfolio (4)  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite(s): Photography 7 and 13.  
Designed for photography students interested in furthering their conceptual and technical skills learned in Fine Art Photography. Individually directed work in a supervised studio/lab environment that includes regular group, individual, and written critiques and reviews. Emphasis is on the development of a fine art portfolio.  
1012.00

432 Wedding Photography Portfolio (2)  
(Degree-applicable)  
Hours: 24-27 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Prerequisite(s): Photography 7 and 422.  
Designed for photography students interested in furthering their conceptual and technical skills learned in Wedding Photography. Individually directed work in a supervised studio/lab environment that includes regular group, individual, and written critiques and reviews. Emphasis is on the development of a professional portfolio.  
1012.00

434 Public Relations Photography Portfolio (2)  
(Degree-applicable)  
Hours: 24-27 lecture; 24-27 laboratory.  
Grading: Letter grade only.  
Prerequisite(s): Photography 7 and 21.  
Designed for photography students interested in further honing skills learned in Public Relations Photography. Individually directed work in a supervised studio/lab environment includes regular group, individual, and written critiques and reviews - both written and oral - with an emphasis on the development of work suitable for portfolio review.  
1012.00

436 Studio Lighting Portfolio (4)  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Photography 7 and 12.  
Designed for photography students interested in further honing skills learned in Studio Lighting. Individually directed work in a supervised studio environment includes regular group, individual, and written critiques and reviews with an emphasis on the development of work suitable for portfolio review.  
1012.00

438 Photography for Media Portfolio (4)  
(Degree-applicable)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Photography 7 and 20.  
Designed for photography students interested in further honing skills learned in Photography for Media. Individually directed work in a supervised studio environment includes regular group, individual, and written critiques and reviews with an emphasis on the development of work suitable for portfolio review.  
1012.00

---

**PHYSICAL EDUCATION: ACTIVITY (PEACT)**

1 Beginning Tennis (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Previous tennis experience and knowledge of the rules.  
Course emphasizes rules, strategy, and basic tennis skill development such as court etiquette and safety.  
0835.10

2 Advanced Tennis (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Previous tennis experience and knowledge of the rules.  
Advanced tennis skills with emphasis on strategy, tactics, and complex tennis game situations.  
0835.10

9 Swimming (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Basic skills and safety precautions for swimming. Several different strokes are taught according to skill levels.  
0835.10

16 Volleyball (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Previous volleyball experience.  
Advanced volleyball skills with emphasis on strategy, skills, and complex offensive and defensive schemes.  
0835.10

20 Basketball (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Rules, court etiquette, basic offensive and defensive positions, and basic passing and dribbling techniques of basketball.  
0835.10

22 Soccer (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Previous soccer experience.  
Introduction to the game of soccer, with emphasis on information and practice in the skills of kicking, trapping, shooting, passing, rules, and basic tactics. Class is suitable for both beginners and students who have played soccer.  
0835.10

23 Intermediate Soccer (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Physical Education: Activity 22.  
Designed for players with basic soccer playing skills and understanding of the game, who wish to improve their playing abilities.  
0835.10

24 Low Impact Aerobics (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
High energy aerobic exercises to improve overall cardiovascular fitness including muscle strength and endurance, flexibility, and body composition. The use of step benches, medicine balls, hand weights, and flex bands along with discussions of health related topics.  
0835.10

</table>
17 First Aid and Emergency Response to Community Disasters (3)  
*(CSU; UC)*  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Students should be able to work in confined spaces and in different positions (e.g., on the ground or the floor).  
Prepares the participant to make appropriate decisions in an emergency situation to help sustain life, reduce pain, and minimize the consequence of sudden injury or illness until more advanced medical help can arrive. Course covers triage; professional CPR for adult, child and infant; use of automated external defibrillators; OSHA guidelines for the isolation of blood-borne pathogens in the workplace; open/closed wounds; broken bones; drowning; childbirth; and spinal injuries. Those who successfully complete this course, will be awarded an American Red Cross certificate qualifying the holder to be entered into the National American Red Cross database and be called upon in the case of disasters. Holders of the certificate are also qualified to work at first aid stations at public events such as sporting events, concerts and parades.  
0835.00

18 Introduction to Kinesiology (3)  
*(CSU; UC)*  
Hours: 48-54 lecture.  
Grading: Letter grade only. Survey of the discipline of Kinesiology, including physical activity, pedagogy, motor behavior, sport and exercise psychology, biomechanics, and the physiology of physical activity. Introduces students to various physical activity professions typically pursued by Kinesiology students and assists them in making early career decisions.  
0835.00

19 Practical Applications in Athletic Training I (2)  
*(CSU)*  
Hours: 8-9 lecture; 72-81 laboratory  
Grading: Letter grade only.  
Prerequisite: Physical Education: Lecture 2.  
Course provides first semester students with the opportunity to observe and learn the basic principles and protocols of athletic training during day-to-day sports activities in a supervised lab setting. Basic athletic training room and event observation with an emphasis on prevention, care, evaluation, treatment and rehabilitation for the lower extremities. Helps prepare students for transfer to a Commission on Accreditation of Athletic Training Education (CAATE) accredited athletic training program.  
1228.00

20 Practical Applications in Athletic Training II (2)  
*(CSU)*  
Hours: 8-9 lecture; 72-81 laboratory  
Grading: Letter grade only.  
Prerequisite: Physical Education: Lecture 19.  
Course provides second semester students with the opportunity to observe and learn the basic principles and protocols of athletic training during day-to-day sports activities in a supervised lab setting. Basic athletic training room and event observation with an emphasis on prevention, care, evaluation, treatment, and rehabilitation for the upper extremities. This course will help the student prepare for transfer to a Commission on Accreditation of Athletic Training Education (CAATE) accredited athletic training program. This course is a continuation of PELEC 19.  
1228.00

22 Practical Applications in Athletic Training III (2.5)  
*(CSU)*  
Hours: 8-9 lecture; 96-108 laboratory  
Grading: Letter grade only.  
Prerequisite: Physical Education: Lecture 21.  
Course provides third semester student with the opportunity to observe and learn the advanced principles and protocols of athletic training during day-to-day sports activities in a supervised lab setting. Advanced athletic training room and event observation with an emphasis on prevention, care, evaluation, treatment, rehabilitation for the upper and lower extremities. This course will help the student prepare for transfer to a Commission on Accreditation of Athletic Training Education (CAATE) accredited athletic training program. This course is a continuation of PELEC 21.  
1228.00

24 Biomechanics (3)  
*(CSU; UC)*  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Biology 20.  
An introductory study of anatomical and mechanical analysis of motion as it pertains to exercise and sport. Students will study muscles, joints, bones, nerves and muscle analysis of movement patterns.  
0835.20

32 Outdoor Adventures (2)  
*(CSU; UC credit limitations)*  
Hours: 16-18 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Comfort in an outdoors environment and good physical fitness are recommended for course success.  
Introduces the techniques of environmentally-sensitive backpacking, evaluation and selection of backpacking equipment, group planning, conditioning, back country safety and first aid, and survival information. Team work and leadership skills appropriate for the back country are introduced. Field trips are required.  
0835.10

**PHYSICAL EDUCATION: TEAM (PETEAM)**

All Physical Education Team courses are Open-entry/exit activity.

1 Football Team Activity (1)  
*(CSU; UC credit limitations)*  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Information and practice in the development of football basic skills and techniques. Primarily intended for students who wish to compete in the sport of football. May be taken four times.  
0835.50

2 Volleyball Team Activity, Women (1)  
*(CSU; UC credit limitations)*  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Designed for women interested in learning competitive volleyball and joining the women’s intercollegiate team. May be taken four times.  
0835.50

3 Basketball Team Activity, Women (1)  
*(CSU; UC credit limitations)*  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Focus on history, conditioning, rules, and fundamental and advanced skills needed for competitive women’s basketball. May be taken four times.  
0835.50

3A Basketball Team Activity, Women (0.5)  
*(CSU; UC pending)*  
Hours: 24-27 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Focus on history, conditioning, rules, and fundamental skills needed for competitive women’s basketball. May be taken four times.  
0835.50

4 Softball Team Activity, Women (1)  
*(CSU; UC credit limitations)*  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Overall development of basic skills and knowledge needed for competitive women’s softball play. May be taken four times.  
0835.50

5 Water Polo Team Activity, Men (1)  
*(CSU; UC credit limitations)*  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Rules, etiquette, history, and advanced skills of water polo, designed for the prospective men’s water polo team participant. May be taken four times.  
0835.50
6 Basketball Team Activity, Men (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Designed for men interested in playing competitive men’s basketball. May be taken four times.  
0835.50

6A Basketball Team Activity, Men (0.5)  
(CSU; UC pending)  
Hours: 24-27 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Advisory: Competitive basketball background is recommended.  
Information and practice in the development of football basic skills and techniques.  
May be taken four times.  
0835.50

9 Water Polo Team Activity, Women (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Rules, etiquette, history, and advanced skills of water polo. Course is designed for prospective women’s water polo team participants. May be taken four times.  
0835.50

11 Swimming Team Activity, Men and Women (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Above average swimming ability is required.  
Rules and fundamental skills involved in competitive swimming strokes.  
Designed for students interested in competitive swimming. May be taken four times.  
0835.50

12 Track and Field Team Activity, Men (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Specific experience in track and field. Emphasis on fundamental theory and basic skills. Designed for men interested in competitive track and field events at the college level. May be taken four times.  
0835.50

13 Track and Field Team Activity, Women (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Specific experience in track and field. Emphasis on fundamental theory and advanced skills. Designed for women interested in competitive track and field events at the college level. May be taken four times.  
0835.50

14 Soccer Team Activity, Men (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Competitive soccer background is recommended.  
Information and practice to develop basic soccer skills, techniques, and strategies.  
Designed for men interested in playing competitive soccer at the college level. May be taken four times.  
0835.50

15 Soccer Team Activity, Women (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Competitive soccer background is recommended.  
Information and practice to develop basic soccer skills, techniques, and strategies.  
Designed for women interested in playing competitive soccer at the college level. May be taken four times.  
0835.50

16 Dance/Spirit Team (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission is by audition.  
Advisory: Previous dance training is recommended.  
Development of performance skills, focusing on Hip Hop and Jazz style techniques. Course is for students who will represent the college at football and basketball games, national dance competitions, and community events. Emphasis on competition-level performance skills, as well as dance team protocol and etiquette. 0835.10

18 Beginning Dance/Cheer Team (1)  
(CSU)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission is by audition.  
Advisory: Previous dance training is recommended.  
Development skills in cheer techniques, conditioning, jumping, and dance. Course is for students who will represent the college at football games and community events.  
0835.10

19 Intermediate Dance/Cheer Team (1)  
(CSU)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission is by audition.  
Advisory: Previous dance training is recommended.  
Intermediate skills in cheer techniques, motivation and dance. Course is for students who will represent the college at football games and community events.  
0835.10

27 Baseball Team Class, Men (2)  
(CSU; UC credit limitations)  
Hours: 96-108 laboratory  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Designed for men interested in playing competitive baseball at the college level. Primarily for men who wish to compete in the intercollegiate sport of baseball. May be taken four times.  
0835.50

40A Football Team Activity (0.5)  
(CSU; UC pending)  
Hours: 24-27 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Advisory: Competitive football background is recommended.  
Information and practice in the development of football basic skills and techniques. May be taken four times.  
0835.50

41 Intercollegiate Football (2)  
(CSU; UC credit limitations)  
Hours: 175 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Advanced skills for competing in football contests. Information and daily practice to develop a high level of proficiency in football skills and techniques. May be taken four times.  
0835.50

42 Intercollegiate Volleyball Team, Women (2)  
(CSU; UC credit limitations)  
Hours: 175 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Opportunity for women to compete at the intercollegiate level in volleyball. May be taken four times.  
0835.50

44 Intercollegiate Softball Team, Women (2)  
(CSU; UC credit limitations)  
Hours: 175 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Opportunity for women to compete at the intercollegiate level in softball. May be taken four times.  
0835.50

45 Intercollegiate Water Polo Team, Men (2)  
(CSU; UC credit limitations)  
Hours: 175 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Competitive intercollegiate men’s water polo team involving skills and knowledge of all aspects of competitive play. May be taken four times.  
0835.50
47 Intercollegiate Baseball Team, Men (2)  
(CSU; UC credit limitations)  
Hours: 175 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Opportunity for men to compete at the intercollegiate level in baseball. May be taken four times.  
0835.50

51 Intercollegiate Swimming Team, Men and Women (2)  
(CSU; UC credit limitations)  
Hours: 175 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Opportunity for men and women to compete at the intercollegiate level in swimming. May be taken four times.  
0835.50

52 Intercollegiate Track and Field Team, Men (2)  
(CSU; UC credit limitations)  
Hours: 175 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Opportunity for men to compete at the intercollegiate level in track and field events. May be taken four times.  
0835.50

53 Intercollegiate Track and Field Team, Women (2)  
(CSU; UC credit limitations)  
Hours: 175 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Opportunity for women to compete at the intercollegiate level in track and field events. May be taken four times.  
0835.50

54 Intercollegiate Soccer Team, Men (2)  
(CSU; UC credit limitations)  
Hours: 175 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Opportunity for men to compete at the intercollegiate level in soccer. May be taken four times.  
0835.50

55 Intercollegiate Soccer Team, Women (2)  
(CSU; UC credit limitations)  
Hours: 175 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Opportunity for women to compete at the intercollegiate level in soccer. May be taken four times.  
0835.50

56 Intercollegiate Basketball Team, Women (1)  
(CSU; UC credit limitations)  
Hours: 175 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Opportunity for women to compete at the intercollegiate level in basketball. Information and daily practice to develop a high level of proficiency in basketball skills and techniques. May be taken four times.  
0835.50

57 Intercollegiate Basketball Team, Men (1)  
(CSU; UC credit limitations)  
Hours: 175 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Opportunity for men to compete at the intercollegiate level in basketball. Information and daily practice to develop a high level of proficiency in basketball skills and techniques. May be taken four times.  
0835.50

59 Intercollegiate Water Polo Team, Women (2)  
(CSU; UC credit limitations)  
Hours: 175 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Enrollment is based on a successful tryout.  
Competitive intercollegiate women’s water polo team, involving skills and knowledge of all aspects of competitive play. May be taken four times.  
0835.50

61A Basketball Strength and Conditioning for Athletes (0.5)  
(CSU; UC pending)  
Hours: 24-27 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Concurrent or previous enrollment in any Basketball Physical Education: Team course.  
Advanced sport-specific drills and exercises designed for basketball athletes. Increased volume, intensity, frequency, and duration of specific activities improve strength, speed, flexibility, and overall conditioning to enhance athletic performance. Exercises are prescribed by the instructor and are tailored to the physical demands of the sport and individuals’ capabilities. May be taken four times.  
0835.50

62A Football Strength and Conditioning for Athletes (0.5)  
(CSU; UC pending)  
Hours: 24-27 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Concurrent or previous enrollment in any Football Physical Education: Team course.  
Advanced sport-specific drills and exercises designed for football athletes. Increased volume, intensity, frequency, and duration of specific activities improve strength, speed, flexibility, and overall conditioning to enhance athletic performance. Exercises are prescribed by the instructor and are tailored to the physical demands of the sport and individuals’ capabilities. May be taken four times.  
0835.50

64 Softball Strength and Conditioning for Athletes (1)  
(CSU; UC pending)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Concurrent or previous enrollment in any Softball Physical Education: Team course.  
Advanced sport-specific drills and exercises designed for softball athletes. Increased volume, intensity, frequency, and duration of specific activities improve strength, speed, flexibility, and overall conditioning to enhance athletic performance. Exercises are prescribed by the instructor and are tailored to the physical demands of the sport and individuals’ capabilities. May be taken four times.  
0835.50

65 Water Polo Strength and Conditioning for Athletes (1)  
(CSU; UC pending)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Concurrent or previous enrollment in any Water Polo Physical Education: Team course.  
Advanced sport-specific drills and exercises designed for water polo athletes. Increased volume, intensity, frequency, and duration of specific activities improve strength, speed, flexibility, and overall conditioning to enhance athletic performance. Exercises are prescribed by the instructor and are tailored to the physical demands of the sport and individuals’ capabilities. May be taken four times.  
0835.50

65A Water Polo Strength and Conditioning for Athletes (0.5)  
(CSU; UC pending)  
Hours: 24-27 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Concurrent or previous enrollment in any Water Polo Physical Education: Team course.  
Advanced sport-specific drills and exercises designed for water polo athletes. Increased volume, intensity, frequency, and duration of specific activities improve strength, speed, flexibility, and overall conditioning to enhance athletic performance. Exercises are prescribed by the instructor and are tailored to the physical demands of the sport and individuals’ capabilities. May be taken four times.  
0835.50

66A Baseball Strength and Conditioning for Athletes (0.5)  
(CSU; UC pending)  
Hours: 24-27 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Concurrent or previous enrollment in any Baseball Physical Education: Team course.  
Advanced sport-specific drills and exercises designed for baseball athletes. Increased volume, intensity, frequency, and duration of specific activities improve strength, speed, flexibility, and overall conditioning to enhance athletic performance. Exercises are prescribed by the instructor and are tailored to the physical demands of the sport and individuals’ capabilities. May be taken four times.  
0835.50
67A Swimming Strength and Conditioning for Athletes (0.5)  
(CSU; UC pending)  
Hours: 24-27 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Concurrent or previous enrollment in any Swimming  
Physical Education: Team course.  
Advanced sport-specific drills and exercises designed for swimming athletes.  
Increased volume, intensity, frequency, and duration of specific activities improve  
strength, speed, flexibility, and overall conditioning to enhance athletic perfor- 
manence. Exercises are prescribed by the instructor and are tailored to the physical  
demands of the sport and individuals’ capabilities. May be taken four times.  
0835.50

68 Track/Field Strength and Conditioning for Athletes (1)  
(CSU; UC pending)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Concurrent or previous enrollment in any Track/Field  
Physical Education: Team course.  
Advanced sport-specific drills and exercises designed for track/field athletes.  
Increased volume, intensity, frequency, and duration of specific activities improve  
strength, speed, flexibility, and overall conditioning to enhance athletic perfor- 
manence. Exercises are prescribed by the instructor and are tailored to the physical  
demands of the sport and individuals’ capabilities. May be taken four times.  
0835.50

80 Weights and Conditioning for Athletes (In-Season) (1)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Safety and proper use of weight training equipment. Performing sport-specific drills  
and exercises necessary for proper conditioning for competitive athletes. Designed  
for in-season athletes competing at the intercollegiate level. May be taken four  
times. 0835.50

81 Weights and Conditioning for Athletes (Off-Season) (1)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Safety and proper use of weight training equipment. Performing sport-specific drills  
and exercises necessary for proper conditioning for competitive athletes. Designed  
for off-season athletes competing at the intercollegiate level. May be taken four  
times. 0835.50

82 Weights and Conditioning for Athletes (Out-of-Season) (1)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Safety and proper use of weight training equipment. Performing sport-specific drills  
and exercises necessary for proper conditioning for competitive athletes. Designed  
for out-of-season athletes competing at the intercollegiate level. May be taken four  
times. 0835.50

83 Strength and Conditioning for Athletes (In-Season) (2)  
Hours: 96-108 laboratory.  
Grading: Letter grade only.  
Safety and proper use of weight training equipment. Performing sport-specific drills  
and exercises necessary for proper conditioning for competitive athletes. Designed  
for in-season athletes competing at the intercollegiate level. May be taken two  
times. 0835.50

84 Strength and Conditioning for Athletes (Off-Season) (2)  
Hours: 96-108 laboratory.  
Grading: Letter grade only.  
Safety and proper use of weight training equipment. Performing sport-specific drills  
and exercises necessary for proper conditioning for competitive athletes. Designed  
for off-season athletes competing at the intercollegiate level. May be taken two  
times. 0835.50

Physical Science (PHSCI)

10 Survey of Chemistry and Physics (4)  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Eligibility for Mathematics 425 as determined by the Chaffey assess- 
ment process, or completion of Mathematics 410.  
Advisory: Completion of Mathematics 425.  
Introduction to the principles of physics and chemistry. Topics include motion,  
forms of energy, electricity, magnetism, waves, electromagnetic radiation, atomic  
structure, bonding, phases of matter, pH and nuclear chemistry, acids and bases,  
and solutions. Course is recommended for liberal studies majors and future teach- 
ers.  
1901.00

Physics (PHYS)

5 The Ideas of Physics (3)  
(CSU; UC credit limitations)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for Mathematics 425 as determined by the Chaffey assess- 
ment process, or completion of Mathematics 410.  
Basic concepts of mass, force, and Newton’s Laws of Motion are covered as well as  
conservation laws (momentum and energy). Introduction to physics for students  
requiring a general education science lecture course and for students majoring in  
engineering technology and the life sciences.  
1902.00

6 The Ideas of Physics Laboratory (1)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Corequisite: Physics 5 (may be taken previously)  
Introduction to physics for students requiring a general education science lab  
course and for students majoring in engineering technology and the life sciences.  
Experiments with some of the lecture concepts may include: measurement, free fall,  
vector addition and components, springs, centripetal force, kinetic energy, gravita- 
tional potential energy, conservation of momentum, and Archimedes’ principle.  
1902.00

20A Algebra/Trigonometry College Physics I (4)  
(CSU; UC credit limitations)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Mathematics 31 and Physics 5 or one year of high school physics.  
Course is designed for students majoring in a life or medical science, or engineering  
technology, whose university major does not require calculus-based physics. Posi- 
tion, velocity, and acceleration of objects are described using vectors. The concepts  
of mass, force, Newton’s Laws of Motion, momentum, impulse, work, energy, and  
power are used to describe straight-line motion, projectile motion, circular motion,  
collisions, explosions, and vibration. Rotational motion includes torque, moment of  
inertia, angular momentum, and static equilibrium.  
1902.00

20B Algebra/Trigonometry College Physics II (4)  
(CU; UC credit limitations)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Physics 20A.  
Course is designed for students majoring in a life or medical science, or engineering  
technology, whose university major does not require calculus-based physics. Topics  
include simple harmonic motion, static fluids and fluid flow, zeroth, first and second  
laws of thermodynamics, sound waves, electric force and field, electric potential  
energy, electrical potential, capacitance, resistance, electromotive force, magnetic  
field and field, Faraday’s Law, inductors, light waves, and optics.  
1902.00
30A Physics for the Medical and Life Sciences I (4)  
(CSU; UC credit limitations)  
Hours: 48-54 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Prerequisite: Mathematics 61, and Physics 5 or 44 or one year of high-school physics.  
Corequisite: Mathematics 65A.  
Course is designed for students majoring in a life or medical science, or engineering technology, whose university major requires calculus-based physics. Position, velocity, and acceleration of objects are described using vectors. The concepts of mass, force, Newton’s Laws of Motion, momentum, impulse, work, energy, and power are used to describe straight line motion, projectile motion, circular motion, collisions, and explosions. Rotational motion includes torque, moment of inertia, angular momentum, and static equilibrium. Differential calculus is used to describe velocity and acceleration, and in presenting the laws of conservation of momentum and conservation of angular momentum.  
1902.00

92LA-H Special Topics Laboratory: Physics (.5-6)  
(CSU; UC credit limitations)  
Hours: 48-54 laboratory hours per unit of credit.  
Grading: Letter grade only.  
Special-interest course of varying length for students who wish further exploration in specific areas of physics. Topics will be determined by the instructor. May require corequisites and/or prerequisites based on the content of the course.  
1902.00

POLITICAL SCIENCE (PS)

1 American Politics (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of English 1A.  
Study of the American political process and institutions. Topics include: social and political institutions, major American linkage institutions, the politics of public policy, the struggle of under-represented groups for equality, and other current problems. Analysis of the organization and function of California’s state and local governments. May be offered as an Honors course.  
2207.00

2 Introduction to Political Science (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of English 1A.  
Use of methods and concepts to analyze political institutions, behavior, cultures, and ideologies. Various political systems (American and non-American) and the factors that lead to stability, change, and revolution. May be offered as an Honors course.  
2207.00

3 California Politics and Culture (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of English 1A.  
State, county, and municipal government with an emphasis on California’s unique heritage, culture, people, and politics. Issues such as economic and class conflict, immigration and ethnic-cultural influences, and problems in urban government in the 21st century are examined.  
2207.00

4 Political Theory (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of English 1A.  
Introduction to the philosophical underpinnings of historical and contemporary political systems. Analysis of theoretical concepts including the nature of justice, power, freedom, and democracy. Views of theorists such as Plato, Machiavelli, and Marx are examined.  
2207.00

5 International Relations (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of English 1A.  
Survey of historical and contemporary international relations. Examination of key IR theories and research methodologies, international security, the global economy, international law and organizations (e.g. UN, WTO), and non-traditional issues of human security – global poverty, pandemics, environment and resource management, and NGOs. Emphases on the foreign policies of major states, areas of conflict and tension, and various aspects of globalization.  
2207.00

10 Comparative Politics (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of English 1A.  
Introduction to the study of comparative politics by analyzing the political systems of select industrialized democracies, current/former communist states, and developing states. Focus on each state’s unique ideological, social, economic, and historical factors and an examination of how these factors impact their governments and politics. In addition to surveying democratic and non-democratic systems of governance, emphasis on the process of democratization.  
2207.00
21 Urban Politics (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of English 1A.  
Study of the politics of urban and suburban areas in the United States, other industrialized countries, and the Third World. Important issues such as unemployment, poverty, racism, and the impact of economic change will be examined.  
2001.00

25 Latino Politics (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Prerequisite: Psychology 1.  
Grading: Letter grade only.  
Study of the psychology of human development in adulthood with particular emphasis on biological and social influences. Environmental, cognitive, social, and physical changes are examined in light of contemporary research and theory. Designed to help persons of all ages understand the aging process from a biopsychosocial perspective.  
2001.00

PSYCHOLOGY (PSYCH)

1 Introduction to Psychology (3) [Cx]  
(CSU; UC)  
Hours: 48-54 lecture.  
Prerequisite: Psychology 1.  
Grading: Letter grade only.  
Introductory survey course explores major psychological theories and concepts, core empirical findings, and the methods used in psychological science. Topics include biological basis of behavior, perception, cognition and consciousness, learning, memory, emotion, motivation, developmental psychology, personality, social behavior, lifespan development, psychological disorders and their treatment, and applied psychology. May be offered as an Honors course.  
(C-ID PSY 110)  
2001.00

5 Personal and Social Awareness (3)  
(CSU)  
Hours: 48-54 lecture.  
Prerequisite: Psychology 1.  
Course is designed with an applied focus on factors affecting personal and social awareness. Topics such as culture, gender, ethnicity, historical cohort, and socioeconomic status are examined and viewed through various psychological perspectives and theoretical foundations. A broad understanding of how scientists, clinicians, and practitioners study and apply psychology is emphasized.  
2001.00

20 Developmental Psychology: Childhood and Adolescence (3)  
(CSU; UC credit limitations)  
Hours: 48-54 lecture.  
Prerequisite: Psychology 1.  
Course considers individual human behavior in relation to the social environment. The power of the situation, other individuals, and the social group will be examined. Emphasized topics include aggression, prejudice and stereotypes, interpersonal attraction, attitudes and attitude change, conformity, group phenomena, gender roles, cultural norms, person perception, and social cognition.  
2001.00

80 Research Methods in Psychology (4)  
(CSU; UC)  
Hours: 48-54 lecture; 48-54 laboratory.  
Prerequisite: Psychology 1 and Social Science 10.  
Course considers individual human behavior in relation to the social environment. The power of the situation, other individuals, and the social group will be examined. Emphasized topics include aggression, prejudice and stereotypes, interpersonal attraction, attitudes and attitude change, conformity, group phenomena, gender roles, cultural norms, person perception, and social cognition.  
(C-ID PSY 205B)  
2001.00
10 Anatomical and Radiographic Positioning I (3)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission to the Radiologic Technology program.  
Corequisite: Radiologic Technology 10L.  
Comprehensive study of radiographic positioning of the chest, upper extremity, lower extremity, shoulder and pelvic girdle, abdomen, and urinary system, with emphasis on associated anatomy, radiographic image evaluation, communication, patient care and safety. Provides the knowledge base necessary to perform standard radiographic procedures. Consideration is given to radiation protection and the production of images of optimal diagnostic quality. Laboratory experience complements the didactic portion.  1225.00

10L Laboratory for Anatomical and Radiographic Positioning I (1)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission to the Radiologic Technology program.  
Corequisite: Radiologic Technology 10L.  
Comprehensive study of radiographic positioning of the chest, upper extremity, lower extremity, shoulder girdle, pelvic girdle, abdomen, and urinary system. Emphasis on associated anatomy, radiation protection, patient communication and effective interaction and communication with patient/family. Radiographic images are evaluated for appropriate anatomy, image quality and radiation protection according to standard criteria.  1225.00

16 Medical Procedures for Radiologic Technologists (3)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission to the Radiologic Technology program.  
Corequisite: Radiologic Technology 16L.  
Overview of radiography’s foundations and the practitioner’s role in the health care delivery system, to include radiology’s history, legal terminology, concepts, principles, professional responsibilities, and safety. Topics include ethical issues and dilemmas found in clinical practice, role of the radiographer in patient education, attitudes and communication in patient care; professional standards and the ASRT scope of practice; patient care of pediatric, geriatric, and patents with tubes, catheters and lines; routine, unique situations, and trauma care patient procedures; Infection control procedures (medical and surgical asepsis) using standard precautions; skills theory including the acquired of vital signs, enema administration, and urinary catheterization; and the recognition and treatment of adverse reactions to contrast agents. Patient and radiographer safety protocols, including body mechanics, patient transfer and movement, positioning, immobilization, environmental safety and accident and incident reporting are emphasized. Laboratory experiences complement the didactic portion.  1225.00

16L Laboratory for Medical Procedures for Radiologic Technologists (1)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission to the Radiologic Technology program.  
Corequisite: RADTEC-16L.  
Discussion, application, role-play and timed simulated procedure evaluations of the medical procedures and techniques commonly used in radiology departments. Enema administration, drug administration and urinary catheterization procedure. Infection control procedures using standard precautions including the use of portable equipment. Assessment of patient status for vital signs and blood pressure. Focus on patient care, safety, effective communication, and proper body mechanics for wheelchair/stretcher transfer along with the importance of documentation and informed consent is emphasized. Medical and surgical aseptic technique is studied in depth.  1225.00

20 Radiologic Science and Protection (3)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission to the Radiologic Technology program.  
Corequisite: Radiologic Technology 20L.  
Course establishes a basic knowledge of the fundamental properties of radiation, x-ray production and interaction with matter. The content covers the operation of radiographic equipment and digital imaging systems. The prime technical factors required to produce a radiographic image and influence the production and recording of radiographic images are introduced. Imaging receptors for computed radiography and direct digital radiography systems are compared for methods of image acquisition, processing, delivery, storage, image display, archiving and retrieval. Radiation interaction effects on living systems and the factors affecting biological responses are studied. Emphasis is placed on attenuation and absorption of radiation within the human body, basic radiation measurement and the associated health effects. Principles of radiologic protection and safety for the patient and technologist are reviewed and correlated to state and federal radiation control laws. The use of accessories in radiography is explored. Laboratory experiments are performed to compliment the didactic instruction.  1225.00

20L Laboratory for Radiologic Science and Protection (1)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission to the Radiologic Technology program.  
Corequisite: Radiologic Technology 20L.  
Experiments are performed in on-campus radiographic laboratories to illustrate the theories presented in lecture. Through a process of discussion, demonstration, return demonstration, group sharing and demonstration evaluation, students correlate concepts with the actual making of a radiographic image. Laboratory experiments demonstrate the actual production of radiation, facilitating student acquisition of competency and skill in the handling of radiographic equipment. Calculations of exposure factors needed to produce radiographic images are performed for digital radiography systems. Focus is placed on equipment manipulation (to include mobile units), image receptors, ionization and exposure, beam intensity and radiation protection. Radiographic image evaluation and critiques are performed to assist students utilizing a digital imaging system.  1225.00

25 Anatomy and Radiographic Positioning II (3)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Successful completion of the first semester of the Radiologic Technology program.  
Corequisite: Radiologic Technology 25L.  
Comprehensive study of radiographic positioning of the vertebral column, bony thorax, gastrointestinal tract, and biliary system. Imaging considerations for trauma, mobile/portable, surgical and age specific approaches for pediatric and geriatric patients. Emphasis on associated anatomy, related introductory pathology, radiographic image evaluation, communication, and patient care and safety. Radiation protection and the evaluation of optimal diagnostic images are stressed. Course provides the knowledge base and cognitive skills necessary to perform standard radiographic procedures.  1225.00

25L Laboratory for Anatomy and Radiographic Positioning II (1)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Successful completion of the first semester of the Radiologic Technology Program.  
Corequisite: Radiologic Technology 25L.  
Experiments are performed in on-campus radiographic laboratories to illustrate the theories presented in lecture. Through a process of discussion, demonstration, return demonstration, group sharing and demonstration evaluation, students correlate concepts with the actual making of a radiographic image. Laboratory experiments demonstrate the actual production of radiation, facilitating student acquisition of competency and skill in the handling of radiographic equipment. Calculations of exposure factors needed to produce radiographic images are performed for digital radiography systems. Focus is placed on equipment manipulation (to include mobile units), image receptors, ionization and exposure, beam intensity and radiation protection. Radiographic image evaluation and critiques are performed to assist students utilizing a digital imaging system.  1225.00
31 Radiographic Clinical Education I (2)  
(CSU)  
Hours: 96-108 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission to the Radiologic Technology Program.  
First semester of clinical practice experiences designed for sequential development, application, critical analysis, and integration of the concepts and theories presented in the on-campus courses. Using competency-based assignments, the student first observes and then performs - under direct supervision - patient care and radiographic procedures. Course emphasis on familiarizing the student with the clinical educational setting, patient-centered clinical practice, professional development, and working relationships with other health care professionals.  1225.00

34 Radiographic Imaging (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission to the Radiologic Technology program.  
Prerequisite: Radiologic Technology 20.  
Corequisite: Radiologic Technology 34L.  
Comprehensive study of digital imaging systems, including design, image acquisition, display, processing, delivery, and storage. Review of diagnostic radiology equipment components, function, and operation, to include x-ray tube circuitry and radiographic grids. Differences between detectors for cassette-based and cassette-less digital systems response to radiation are explored. In-depth study of radiation protection, health physics, cell radiosensitivity, and radiobiologic effects on humans.  1225.00

34L Laboratory for Radiographic Imaging (1)  
(CSU)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission to the Radiologic Technology program.  
Prerequisite: Radiologic Technology 20L.  
Corequisite: Radiologic Technology 34L.  
Theoretical concepts are correlated with laboratory results in a series of experiments conducted in on-campus laboratories. Through a process of discussion, demonstration, return demonstration, group sharing, and evaluation, students apply radiation therapy to the production of quality digital images. Digital imaging using computed radiography cassettes demonstrate the range of possible exposure latitude and association with patient dose considerations. The use and misuse of grids and quality control tests are performed and evaluated. Beam restriction (collimation), centering sensitivity, acquisition errors, and post-processing capabilities of digital imaging are also explored. Image evaluation and critiques assist students in developing the required skills when utilizing digital imaging systems.  1225.00

40 Radiographic Clinical Education II (8)  
(CSU)  
Hours: 384-432 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Successful completion of the first semester of the Radiologic Technology program.  
Prerequisite: Radiologic Technology 31.  
Continued clinical practice experiences designed for sequential development, application, critical analysis, integration, synthesis, and evaluation of concepts and theories in the performance of radiologic procedures. Using structured competency-based assignments concepts of team practice, patient-centered clinical practice and professional development are discussed, examined, evaluated, and reinforced. Course emphasis on patient assessment, competent performance of radiologic images, and well-being of the patient pre-, during, and post-procedure. Students perform under direct or indirect supervision as appropriate following the procedures in the Radiologic Technology Student Handbook.  1225.00

50 Radiographic Clinical Education III (6)  
(CSU)  
Hours: 288-324 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission to the Radiologic Technology program.  
Continued clinical practice experiences designed for sequential development, application, critical analysis, integration, synthesis and evaluation of concepts and theories in the performance of radiologic procedures. Through structured sequential, competency-based assignments in clinical setting, concepts of team practice, patient-centered clinical practice and professional development are discussed, examined, evaluated, and reinforced. Emphasis is on patient care and assessment, competent performance of radiologic imaging, and total quality management.  1225.00

55 Radiographic Equipment and Clinical Application (2)  
(CSU)  
Hours: 32-36 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Admission to the Radiologic Technology program.  
Course establishes a knowledge base in fluoroscopic equipment requirements, design, and operation, and isoe xposure curves and related radiation protection. Study of the radiation health and safety requirements of federal and state regulatory agencies, accreditation agencies, and health care organizations. Class demonstrations/labs provide opportunity for application and reinforcement of theory.  1225.00

61 Radiographic Clinical Education IV (8)  
(CSU)  
Hours: 384-432 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Must be a 2nd year Radiologic Technology student in good standing.  
Continued clinical practice experiences designed for sequential development, application, critical analysis, integration, synthesis and evaluation of concepts and theories in the performance of radiologic procedures. Through structured, competency-based assignments in the clinical setting, concepts of team practice, patient-centered clinical practice and professional development are discussed, examined, evaluated, and reinforced. Emphasis is on patient care and assessment, competent performance of radiologic imaging, and total quality management.  1225.00

66 Anatomy and Radiographic Positioning III (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Must be a 2nd year Radiologic Technology student in good standing.  
Corequisite: Radiologic Technology 66L.  
Comprehensive study of diagnostic positioning of the calvarium, facial area, sinuses, and temporal bone provides the knowledge base necessary to perform standard imaging procedures. An introduction to CT and other modalities is also included. Laboratory experience complements the didactic portion.  1225.00

66L Laboratory for Anatomy and Radiographic Positioning III (1)  
(CSU)  
Hours: 48-54 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Must be a 2nd year Radiologic Technology student in good standing.  
Corequisite: Radiologic Technology 66L.  
Laboratory practice in the production of radiographic images of the calvarium, facial area, sinuses, and temporal bone on simulated patients. Emphasis on relevant anatomy, radiation protection, and effective patient interaction in the production of quality radiographic images and their evaluation.  1225.00

70 Radiographic Clinical Education V (11)  
(CSU)  
Hours: 528-594 laboratory.  
Grading: Letter grade only.  
Limitation on Enrollment: Must be a 2nd year Radiologic Technology student in good standing.  
Guided practice in the application of radiologic technology to patients in a hospital environment, with increasingly independent performance by the student practitioner. Clinical experiences reinforce theory, perfect skills, and strengthen student-patient interactions, providing for the production of quality diagnostic images and patient well-being prior to, during, and following the procedure. Students move between clinical sites to experience different equipment and procedures. Evening shifts are required.  1225.00

77 Radiographic Pathology (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Limitation on Enrollment: Must be a 2nd year Radiologic Technology student in good standing.  
Introduction to theories of disease causation and the pathophysiologic disorders that compromise healthy systems. Analysis of alterations in body systems’ anatomy and physiology occurring in response to disease, emphasizing the impact on related radiographic procedures. Definitions and classifications, etiology, pathophysiologic responses, complications, clinical manifestations, radiographic appearance, and procedural and technique considerations are studied in depth.  1225.00
81 Radiographic Clinical Education VI (5)
(CSU)
Hours: 240-270 laboratory.
Grading: Letter grade only.
Limitation on Enrollment: Admission to the Radiologic Technology program.
Prerequisite: Radiologic Technology 70.
Final course in the series of guided practicums applying radiologic technology to patients in a hospital environment. Advanced clinical practice experiences designed to provide patient assessment and care, competent performance of radiologic imaging, and assure total quality management. Sequential development, critical analysis, integration, synthesis, application, and evaluation of concepts and theories in the performance of radiologic procedures. Students perform independently with appropriate supervision to assess their skills for employability. 1225.00

85 Radiographic Review and Exam Preparation (2)
(CSU)
Hours: 32-36 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Admission to the Radiologic Technology program and successful completion of the fifth semester of the Radiologic Technology program.
Review of the entire radiologic technology curriculum, following the ARRT examination outline, to prepare the student for the written certifying examinations at the state and national levels. 1225.00

470 Venipuncture for Imaging Professionals (1.0)
(Degree-applicable)
Hours: 24-27 lecture.
Grading: Letter grade only.
Limitation on Enrollment: Student must be a 2nd year radiography student or a graduate of a JRCERT-approved radiography program, and possess a current health care provider CPR card.
Corequisite: Radiologic Technology 470L.
Basic concepts of the pharmacology associated with venipuncture. Procedural techniques, anatomy and physiology of venipuncture sites; use of instruments and related equipment, and administration of diagnostic contrast agents and/or intravenous medication. Emphasis on appropriate delivery of patient care during the procedure and documentation requirements. 1225.00

470L Venipuncture Laboratory for Imaging Professionals (0.5)
(Degree-applicable)
Hours: 24-27 laboratory.
Grading: Letter grade only.
Limitation on Enrollment: Student must be a 2nd year radiography student or a graduate of a JRCERT-approved radiography program, and possess a current health care provider CPR card.
Corequisite: Radiologic Technology 470.
Application of skills and reinforcement of theory in the basic concepts of pharmacology and venipuncture. Demonstration of the anatomy and physiology of venipuncture sites, venipuncture instrumentation, I.V. solutions, and use of related equipment. Students first execute simulated demonstrations, then perform a minimum of 10 successful venipuncture sticks on simulated mannequins. Patient care aspects of venipuncture are emphasized. 1225.00

50 Legal Aspects of Real Estate I (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Real Estate 10.
Analysis of real property financing. Topics include primary and secondary sources of real estate loans, mathematics and legal aspects of finance, role of government agencies, mortgage insurance and interest rates, credit reporting, real estate appraisal, and taxation. Course is applicable toward the educational requirements for broker’s license and real estate salesperson’s license. 0511.00

60 Real Estate Finance (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Real Estate 10.
Analysis of real property financing. Topics include primary and secondary sources of real estate loans, mathematics and legal aspects of finance, role of government agencies, mortgage insurance and interest rates, credit reporting, real estate appraisal, and taxation. Course is applicable toward the educational requirements for broker’s license and real estate salesperson’s license. 0511.00

70 Real Estate Appraisal (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Real Estate 10.
Introductory course covering the purposes of appraisals, the appraisal process and approaches, and the methods and techniques used to determine the value of various types of property, with emphasis on the single-family residence. Course is applicable toward the educational requirements for broker’s license and real estate salesperson’s license. 0511.00

86 Real Estate Property Management (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Real Estate 10.
Introductory course to acquaint students with current California real estate law, with emphasis on its application in real estate brokerage and related fields. Course is applicable toward the educational requirements for broker’s license and real estate salesperson’s license. 0511.00

472 Advanced Real Estate Appraisal (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Real Estate 10.
Analysis of real property financing. Topics include primary and secondary sources of real estate loans, mathematics and legal aspects of finance, role of government agencies, mortgage insurance and interest rates, credit reporting, real estate appraisal, and taxation. Course is applicable toward the educational requirements for broker’s license and real estate salesperson’s license. 0511.00

475 Real Estate Escrow I (3)
(Degree-applicable)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Real Estate 10.
Case method study of escrow procedures, including the actual processing of sale escrow. Topics include: encumbrances, interest adjustments, reconveyance, mortgages, insurance, taxes, fees, unique vocabulary, title policy types, drafting of documents, and other processing details pertinent to the handling of an escrow from inception to closing. Course applies toward the education requirements for broker’s and real estate salesperson’s licenses. 0511.10
SOCIAL SCIENCE (SCSCI)
(Also see Anthropology, Gerontology, History, Philosophy, Political Science, Psychology and Sociology)

10 Statistics for Social Science (4)
(CSU; UC credit limitations)
Hours: 48-54 lecture; 48-54 laboratory.
Grading: Letter grade only.
Prerequisite: Eligibility for Mathematics 25 or higher as determined by the Chaffey assessment process, or completion of Mathematics 425.
Survey of methods used to analyze and interpret data generated by scientific investigation. Purpose and application of statistics, frequency distributions and graphing, central tendency, variability, percentiles, standard scores, the normal distribution, regression, correlation, probability, hypothesis testing, simple and two-factor analysis of variance, and non-parametric techniques. Use of computerized statistical packages such as SPSS.
(C-ID SOCI 125) 2208.00

11 Interdisciplinary Introduction to Human Sexuality
(CSU; UC)
Hours: 48-54 lecture.
Exposure to human sexuality. Emphasis on perspective from biological, psychological, and sociological viewpoints. Discussion of family, communication, and awareness of implementation of human sexuality in the 21st century. Students will gain knowledge about human sexuality by studying its cultural, religious, and historical influences. Discuss future trends and changes in human sex research. Lectures are supplemented by class discussion, video presentations, and demonstrations.
2201.00

SOCILOGY (SOC)
(Also see Social Science)

10 Introduction to Sociology (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.
Characteristics of social life, processes of interaction, consequences of group membership, structures of the institutions of modern society, factors that perpetuate social inequality, and conditions affecting social change and globalization. May be offered as an Honors course.
(C-ID SOCI 110) 2208.00

14 Sociology of Gender (3)
(CSU; UC)
Hours: 48-54 lecture.
Advisory: Completion of Sociology 10.
Grading: Letter grade only.
Advisory: Completion of Sociology 10.
Roles and status of women and men in society. Topics include historical constructs and practices; sex and gender stratification; cross-cultural variances; impact of political and economic changes on societal expectations; family dynamics, education and laws; socialization processes; media influences; and sex and gender debates.
(C-ID SOCI 140) 2208.00

15 Ethnic and Race Relations: U.S. and Global Perspectives (3)
(CSU; UC)
Hours: 48-54 lecture.
Advisory: Completion of Sociology 10.
Grading: Letter grade only.
Application of major sociological theories and concepts to the examination of ethnic and race relations in the United States and the world, with detailed focus on the four major U.S. ethnic groups: African-American, Latino-American, Asian-American, and Native American. Scrutiny of historical, socioeconomic, and gender influence on inter-group relations. Examination of cultural, political, and economic practices and institutions that support or challenge racism, racial and ethnic inequalities, as well as patterns of interaction between various racial and ethnic groups. Significance of contemporary multiculturalism, and its relation to racism, ethnocentrism, and sexism.
(C-ID SOCI 150) 2208.00

16 Marriage, Family and Relationships (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.
Socio-historical, cross-cultural, social class, and ethnic variation in marriages, families, and relationships. Topics include romantic love, mate selection, gender roles, communication, sexuality, parenting, divorce, single-parent families, remarriage, cohabitation, variation in relationships, changes in the definition of relationships over time, and abusive relationships. Emphasis on the application of theories, research, and social factors.
(C-ID SOCI 130) 2208.00

18 Sociology of Aging (3)
(CSU; UC credit limitations)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Sociology 10.
Social, cultural, and policy issues for an aging society. Diversity in the experience of aging: cultural, economic, gender, and ethnic differences. Age and aging as social constructs. Life-long age status and role expectations. Society’s response to an increasingly aged population. May be offered as an Honors course.
2208.00

25 Introduction to Chicano/Latino Studies in the United States (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Survey of Chicano/Latino people in the United States, examining race, ethnicity, gender and sexuality, social class, history, politics, institutional discrimination, culture, migration and globalization, literature, and the arts.
2203.00

26 Introduction to Latin American Societies (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Survey of the Latin American societies in Mexico, Central and South America, and the Caribbean. Examination of the patterns of social, economic, political, and cultural change in modern Latin America, and the multidimensional legacies of conquest. Analysis of U.S.-Latin American relations and symbiotic influences. Study of cultural diversity, race, and gender as reflected in religion, art, literature, music, and film. Scrutiny of the influence of race, gender, class division, and social conditions as stimuli for cultural change, social movements, revolutions, civil wars, dictatorships, and democracy. Application of sociological perspectives to the study of Latin American societies.
2203.00

70 Social Problems (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Sociology 10.
Social problems in modern industrial societies. Discussion of the techniques of social problems research. Sexual deviance, alcohol and drug abuse, crime, poverty, and sexism.
(C-ID SOCI 115) 2208.00

80 Introduction to Research Methods in Sociology (4)
(CSU; UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Sociology 10.
Advisory: Completion of Social Science 10.
Survey of research methods from a sociological perspective to understand and explain how social forces affect groups within a society. Includes attention to the nature of sociological theory, hypotheses, variables, and ethics of research. Sociological research dealing with quantitative data such as surveys and experiments; qualitative data such as participant observation, in-depth interviews, case studies, and ethnography; secondary analysis such as comparative historical research, census analysis, and content analysis. Designed for the sociology major and others who require familiarity with sociological research techniques. Emphasis on student participation in conducting research and analyzing data from a variety of methodological approaches.
(C-ID SOCI 120) 2208.00
1 Elementary Spanish (4)
(CSU; UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
A systematic presentation of language patterns and of the underlying cultural ideas that lead to facility in the four basic skills: aural, oral, reading, and writing. Reading selections introduce various aspects of the life and culture of the Spanish-speaking peoples. Materials demonstrating cultural and historic aspects further supplement the textbook and are the basis for additional oral practice. Ten hours of supplemental learning in a Success Center that supports this course is required. This course corresponds to the first year of high school Spanish. Spanish 1 is not recommended for heritage (native) speakers of Spanish.

2 Elementary Spanish (4)
(CSU; UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Spanish 1, or Spanish 1A and 1B, or one year of high school Spanish.
Continued systematic presentation of language patterns and of the underlying cultural ideas that lead to facility in the four basic skills: aural, oral, reading, and writing. Reading selections introduce various aspects of the life and culture of the Spanish-speaking peoples. Materials demonstrating cultural and historic aspects further supplement the textbook and are the basis for additional oral practice. Ten hours of supplemental learning in a Success Center that supports this course is required. Spanish 2 is not recommended for heritage (native) speakers of Spanish.

2SS Spanish for Heritage Speakers I (4)
(CSU; UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Advisory: Ability to speak and comprehend Spanish.
Course is designed for heritage speakers of Spanish or other linguistically qualified students. It provides instruction that builds upon the existing reading, writing, speaking and listening skills and the cultural heritage and knowledge of these students. The course will increase awareness of linguistic registers, discuss items beyond the familiar routine and develop an appreciation for Hispanic cultures as manifested in Spanish speaking countries and in the United States. Course is conducted entirely in Spanish.

2SS Spanish for Heritage Speakers II (4)
(CSU; UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Spanish 1S.
Course continues to provide instruction that builds upon the existing reading, writing, speaking and listening skills and the cultural heritage and knowledge of these students. The course will continue to increase awareness of linguistic registers, discuss items beyond the familiar routine and expand upon students appreciation for Hispanic cultures as manifested in Spanish speaking countries and in the United States. Course is conducted entirely in Spanish.

3 Intermediate Spanish (4)
(CSU; UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Spanish 2, or Spanish 2A and 2B, or two years of high school Spanish.
Reviews basic grammar and introduces more elaborate structures of syntax and grammar, with emphasis on composition, reading, and discussion in Spanish. Studying texts of moderate difficulty in the culture, history, and literature of the Hispanic world. Ten hours of supplemental learning in a Success Center that supports this course is required.

4 Intermediate Spanish (4)
(CSU; UC)
Hours: 64-72 lecture.
Grading: Letter grade only.
Prerequisite: Spanish 2S or 3.
Continued review of basic grammar and introduction to more elaborate structures of syntax and grammar, with emphasis on composition, reading, and discussion in Spanish. Studying texts of moderate difficulty in the culture, history, and literature of the Hispanic world. Ten hours of supplemental learning in a Success Center that supports this course is required.

8 Survey of Hispanic Literature: 1700-Present (3) [Cx]
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Spanish 2SS or 3.
Survey of Mexican literature, conducted in Spanish, of the history and development of Spanish and Spanish-American literature, from 1700 to the present. Prepares students for upper-division language courses through a comprehensive study of the Spanish language. Reading selections introduce aspects of the life and culture of the Spanish-speaking peoples.

13 Survey of Hispanic Literature: 1700-Present (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Survey of Mexican literature (in translation) of the twentieth and twenty-first centuries, with a background in earlier works providing insight into these great works of literature. Close reading - with particular attention to culturally influenced writing styles and literary techniques - guides the inexperienced reader toward greater understanding and appreciation of the literature of Mexico.

14 Latin American Literature in Translation (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of English 1A.
Reading and discussion of major works of Latin American literature in translation from different historical periods. Selections will be made from different genres: novel, drama, poetry and the essay. Students will learn to identify literary movements and recognize historical, cultural and artistic influences in each work.

16 Spanish Composition (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Prerequisite: Spanish 2SS or 3.
Introduction to the basics of expository writing in the Spanish language. Focus on paragraph development using appropriate grammar, punctuation, tense, style, and complex sentences, with ultimate goal of writing an essay in Spanish using sources.

92A-H Special Topics: Sociology (.5-6)
(CSU; UC credit limitations)
Hours: 16-18 lecture hours per unit of credit.
Grading: Letter grade only.
Special interest lecture course for students who wish further exploration in specific areas of sociology. Topics are determined by the individual instructor; see the schedule of classes for current term emphases. May require corequisites and/or prerequisites based on the content of the course.

98A, B, C Independent Study: Spanish Literature (1, 2, or 3)
(CSU and UC credit limitations)
Grading: Letter grade only.
Limitation on Enrollment: Instructor signature is required for registration.
Designed for the capable, well-motivated student. Student explores and develops a literary project. Student-instructor agreement as to the nature and extent of the project must be reached before the student enrolls.
**Statistics (STAT)**

10 Elementary Statistics (4)  
(CSU; UC credit limitations)  
Hours: 64-72 lecture.  
Grading: Letter grade only.  
Prerequisite: Eligibility for Mathematics 25 or higher as determined by the Chaffey assessment process, or completion of Mathematics 425.  
Introduction to descriptive and inferential statistics with problem sets and examples from a variety of disciplines. Topics include frequency distribution; measures of variation and central tendency; elementary probability theory; discrete and continuous random variables; binomial, normal, and t-distribution; interval estimations of population parameters; hypotheses testing; analysis of variance; chi square analysis; and linear regression and correlation. A specific graphing utility is required. See instructor before acquiring. May be offered as an Honors course.  
1701.00

12 Intermediate Acting (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Theatre 10.  
In depth application of the techniques explored in beginning acting, with emphasis on characterization and scene study.  
1007.00

14 Stylized Acting (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Theatre Arts 10.  
Advanced acting techniques necessary for drama of various types. Students study Elizabethan, Commedia dell’arte, Comedy of Manners, and contemporary styles of acting. Some work on dialects as needed for specific scenes.  
1007.00

18 Seminar in Television Production: Acting Techniques (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Theatre Arts 10.  
Prepares the student for the particular demands of acting in front of the camera, either motion picture or television. Course examines techniques of blocking, text analysis, cold reading, vocabulary, and various camera shots.  
1007.00

20 Directing for the Stage I (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Completion of Theatre Arts 10.  
Course is designed for theatre students to explore fundamentals of play directing. Through a series of exercises, students demonstrate a knowledge of specific directing techniques and skills necessary to direct a contemporary play.  
1007.00

21 Directing for the Stage II (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Theatre Arts 20.  
Course is designed for advanced theatre students to explore an in-depth study of directing. Through a series of exercises, students demonstrate a knowledge of specific directing techniques and skills necessary to direct a one-act play for a public performance.  
1007.00

30 Technical Theatre (3)  
(CSU; UC)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
The theory and practice of stagecraft including construction techniques, painting properties, rigging and lighting, sound, knowledge of tools and equipment, shop safety, and computer assisted set-lighting and sound design. Course involves participation in all the technical aspects of preparing a scheduled College production.  
(C-ID THTR 171)  
1006.00

32 Theatre Design - Lighting (3)  
(CSU)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Prerequisite: Theatre 30.  
Study and execution of stage lighting with emphasis on equipment, control, and color, and their relationships to design.  
(C-ID THTR 173)  
1006.00

35 Musical Theatre Performance (3)  
(CSU)  
Hours: 32-36 lecture; 48-54 laboratory.  
Grading: Letter grade only.  
Advisory: Completion of Theatre Arts 10.  
Study of performance techniques in musical theatre. Emphasis on the integration of acting, singing, and movement techniques through a combination of group scenes and solo works.  
1006.00

**Theatre Arts (Theatre)**

1 Introduction to Theatre (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.  
This course introduces students to elements of the production process including playwriting, acting, directing, design, and criticism. Students also survey different periods, cultures, styles, and genres of theatre through play reading, discussion, films and viewing and critiquing live theatre, including required attendance of theatre productions.  
(C-ID THTR 111)  
1007.00

2 Theatrical Dance (3)  
(Also available as Dance 2)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Study of physical movement as it relates to the body on stage, including movements commonly used in musical theatre, jazz, and modern dance techniques. This course is for the theatre and/or dance major, or any performer or student interested in developing awareness and understanding the importance of control, coordination, balance, strength, and conscious development of movement habits.  
1007.00

4 Theatre History: Ancient to 1700 (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.  
Study of theatre history from its origins through the 17th century. Emphasis on historical, philosophical, and sociological influences on development of the theatre. Plays are read for analysis of structure, plot, character and historical relevance.  
1007.00

5 Theatre History: 1700-Present (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Advisory: Eligibility for English 1A as determined by the Chaffey assessment process, or completion of English 475 or English as a Second Language 475.  
Study of theatre history from the late 17th century through the present. Emphasis on historical, philosophical, and sociological influences on the development of the theatre. Plays are read for analysis of structure, plot, character and historical relevance.  
1007.00

10 Beginning Acting (3)  
(CSU; UC)  
Hours: 48-54 lecture.  
Grading: Letter grade only.  
Theory of acting and acting techniques with an introduction to Stanislavski’s method of acting. Provides a foundation in acting through a study of improvisation, vocal techniques, historical concepts, and theory through scene and monologue work. Emphasis on character development through the use of voice, movement and script analysis.  
1007.00

169
36 Stage Management (3)
(CSU)
Hours: 48-54 lecture.
Grading: Letter grade only.
Study and practical application of the practices of a stage manager as they pertain to a theatrical production process. Emphasis is placed on the duties, responsibilities and procedures from pre-production to post-production. The course will prepare students interested in stage management positions for the Theatre Arts Department productions.

40 Stage Costuming (3)
(CSU; UC)
Hours: 32-36 lecture; 48-54 laboratory.
Grading: Letter grade only.
Students will study costume history, design, and basic construction techniques as an introduction to basic theatrical costuming. Fabrics and their various uses will be investigated. Students will also participate in the stage production as related to costuming.
(C-ID THTR 174)

42 Theatrical Makeup (3)
(CSU; UC)
Hours: 32-36 lecture; 48-54 laboratory.
Grading: Letter grade only.
Introduction to the theory, design, and application of makeup for the theatre, including corrective, character, and non-realistic. Practical use of theatrical makeup materials for the various theatrical forms.
(C-ID THTR 175)

50 Main Stage Production Workshop I (3)
(CSU; UC)
Hours: 144-162 laboratory.
Grading: Letter grade only.
Supervised practical experience in the preparation and public performance of a faculty-directed theatrical production. Requires participation in either an acting or production role.

51 Main Stage Production Workshop II (3)
(CSU; UC)
Hours: 144-162 laboratory.
Grading: Letter grade only.
Prerequisite: Theatre Arts 50.
A continuation of supervised practical experience in the preparation and public performance of a faculty-directed theatrical production. Requires participation in an acting, design, or production role.

55 Technical Theatre in Production (2)
(CSU; UC pending)
Hours: 96-108 laboratory.
Grading: Letter grade only.
Advisory: Completion of Theatre Arts 30.
Practical experience in the application of production responsibilities in any of the following: stage management, house management, construction, scenery, properties, costume, lighting, sound, and running crews. Practical experience not limited to main stage productions on campus, and may include work at different venues on and off campus.
(C-ID THTR 192)

57 Children's Theatre (3)
(replaces Theatre 56)
(CSU)
Hours: 32-36 lecture; 48-54 laboratory.
Grading: Letter grade only.
Limitation on Enrollment: Enrollment is based upon a successful audition or interview.
Advisory: Completion of Theatre Arts 10.
Course examines the dramatic structure, acting, and directing techniques that are employed in the production of theater for children. Practical and creative applications of scenic design, costumes, make-up, and performance are among the topics studied in the preparation of the final production. Students audition, rehearse, design, and perform a play suitable for elementary and/or junior high students. The production travels to different school sites, allowing the actors to experience a variety of theatre spaces.

60 Seminar: Acting (3)
(CSU; UC)
Hours: 48-54 lecture.
Grading: Letter grade only.
Advisory: Completion of Theatre Arts 10.
Seminar for actors who have completed several acting courses or who have had extensive stage training through participation in public performances. Offers the actor an opportunity to examine and perform plays not normally offered in the regular program. Students pursue specialized study of acting through selected theatrical topics.

98A,B,C Independent Study: Theatre Arts (1, 2, or 3)
(CSU and UC credit limitations)
Grading: Letter grade only.
Limitation on Enrollment: Instructor signature is required for registration.
Designed for the capable and well-motivated student who wishes to pursue a special area of theatre, or a more advanced project in theatre than is offered in the regular program. Students who participate in this program must have completed introductory courses or have shown a skill greater than that necessary for completion of the class offerings. The nature and extent of the project must be determined by the student and a member of the Theatre Arts staff before the student registers for the class, since the extent of the project determines the number of units allowed.

X-RAY

ZOOLOGY
(SEE BIOLOGY)
ATHLETICS
Playing under the name of The Panthers, the men's and women's teams compete in the Foothill Athletic Conference, the South Coast Conference (aquatics), and the Central West Conference (football). The men's athletic program offers competition in football, basketball, baseball, track & field, swimming, soccer, and water polo. The women's athletic program includes competition in basketball, softball, track & field, swimming, water polo, soccer, and volleyball.

ATHLETIC ELIGIBILITY
Chaffey College is a member of the Foothill Conference, the South Coast Conference (aquatics), and the Central West Conference (football). Intercolligate athletic competition is governed by the California Community College Athletic Association (CCCAA).

To be eligible for competition, student-athletes must be enrolled in a minimum of 12 units during the season of sport (9 of those units must be degree/certificate applicable). Between seasons, student-athletes are required to complete 24 units, and maintain a minimum 2.00 GPA. Consult the athletic counselor or coach to determine athletic eligibility and to complete a student educational plan.

ATHLETIC FACILITIES
The recently renovated Earl Sicosky Gymnasium has a seating capacity of 715. The upper level provides bleachers, a yoga/aerobics room and the George Colbath Fitness Lab. The student locker rooms are located on the west side of the building; team locker rooms are located on the east side. The Sports Center is located directly north of the current gymnasium. This facility seats 1,693 and provides competition-level courts for basketball and volleyball. The plaza area may also be used for campus events. Other athletic facilities on campus include:

- Tennis courts
- Grigsby Field (a 4,200 seat stadium with football field and track)
- Lowder Field (baseball)
- Handball courts
- State-of-the-art softball facility
- Strength and conditioning lab
- Two additional fields for physical education and athletic activities
- Swimming pool (located immediately south of the gymnasium)

ECONOMIC DEVELOPMENT
WORKFORCE PREPARATION PROGRAM
The Workforce Preparation Program provides short-term training programs that lead to employment. Supportive services offered through this program include: career and educational counseling, CalWORKs work study, job development, job placement, mentoring and internship opportunities for students who are receiving CalWORKs. This program is specifically designed to assist students in developing the skills necessary to obtain employment at self-sufficient wages. This program is also the campus contact for specially funded training programs including WIA (Workforce Investment Act), TRA (Trade Readjustment Act) and WIB (Workforce Investment Board) grants. Please call (909) 652-6049 for additional information.

COMMUNITY EDUCATION AND PROFESSIONAL DEVELOPMENT
Chaffey College endeavors to serve our community by providing continuing education opportunities as well as personal and professional development classes through our Community Education and Professional Development Program. These fee-based classes are designed to respond to community interests and to assist our region’s economic development by strengthening work-related skills. Current Community Education and Professional Development Schedule of Classes are available on the college’s website at www.chaffey.edu. For further information, please call (909) 652-6043.

CONTRACT EDUCATION
Chaffey College is pleased to offer customized training to meet the needs of business and industry within the community. Contract Education services are in line with the California Community Colleges’ mission to advance economic growth, enhance employee performance and increase the return on investment for area business and industry from large corporations to the small business entrepreneur. Trainers have business and industry experience and excellent credentials. The customized training and development programs are low cost and in many instances, funded by the California Employment Training Panel contract awarded to Chaffey College’s Economic and Workforce Development Department. Training typically takes place at the business site and can be arranged around business schedules (all shifts; all days). Consulting services and needs assessments are also available. Please call (909) 652-7642 for further information.

HOUSING
Since the college has no dormitory facilities, students not living at home must make their own arrangements for housing. Chaffey College assumes no responsibility for the inspection or approval of student housing.

PUBLICATIONS
The Breeze is the official student publication on campus. Published twice a month, the newspaper is written and edited by students enrolled in Newspaper Production, Journalism 61ABC.

The Student Handbook, available at no charge, and other publications including information about the programs and services of the college are also available in the Office of Student Activities or accessed online at www.chaffey.edu/student_handbook.pdf.

STUDENT ACTIVITIES
The Office of Student Activities promotes events and coordinates programs that provide students with an opportunity for educational and social growth outside the classroom. Services for students include the publication of a Student Handbook, graduation, annual spring scholarships, numerous cultural events, emergency book grants, lecture series, information on student organizations, student government, community service projects, and a housing bulletin board.

The Office of Student Activities is located in Campus Center East (CCE) on the Rancho Cucamonga Campus. Office hours for fall/spring semesters are: Monday-Thursday 8:00am-5:00pm; Friday 8:00am-2:00pm. Students may contact the Office of Student Activities at (909) 652-6589.

ASSOCIATED STUDENTS
Every currently enrolled credit-class student belongs to the Associated Students of Chaffey College (ASCC), which is governed by the Campus Council. With a membership composed of seventeen representative Chaffey students, the Campus Council is comprised of two bodies: an Executive body and the Senate. The President of the ASCC serves in the dual role of Student Trustee who serves as liaison between the Chaffey College Governing Board and the student population. The Campus Council holds weekly
meetings throughout the academic year. The ASCC campus-wide activities and the Inter-Club Council are supported through the College Services Fee.

CLUBS AND ORGANIZATIONS
The Office of Student Activities and the Inter-Club Council oversee the activities of all clubs and organizations which have renewed their charters for the current school year, via the submission of annually required forms. Organizations are professional or vocational while others are recreational, cultural, religious, or service-oriented. All student organizations are administered by students for the benefit of students with the assistance of the Office of Student Activities. Each organization is required to have a full-time faculty/staff advisor to be chartered by the Chaffey College District. Clubs and organizations that have been chartered are:

- 909 Breakers
- American Sign Language Club
- Anime Club
- Anthropology Club
- Associated Press Club
- Associated Students of Chaffey College (A.S.C.C.)
- Biology Club
- Ceramics Club
- Chaffey College Car Club
- Chaffey College Engineering Club
- Chaffey College Feminists
- Chaffey Toastmasters
- Chemistry Club
- Christians at Chaffey College
- Cinema & Television
- Civics Club
- Dental Club
- Design Culture
- Divine Favor
- Fun-Raisers
- Future Teachers Club
- Glee Club
- HC-Hotel & Culinary Arts
- I.D.E.A.S @ Chaffey
- Interior Design Club- C2
- Kappa Sigma Nu
- Magic Club
- Men in Nursing
- Multicultural Club
- Muslim Student Association
- Philosophy Club
- Pre-Med Society (PMS)
- Puente Club
- Sociology Club
- Sowers of the Word
- The BAHA’I Club
- The Club of Secure Understanding
- The Gay-Straight Alliance
- The Spanish Club
- Theatre Performance Arts Club
- United We Stand Club
- (U)ntitled (The Wignall Museum Art Organization)
- Video Game Development Club

STUDENT SERVICES

ADMISSIONS AND RECORDS OFFICE
The Admissions and Records Office provides numerous services to students and members of the community. The office provides general information about the college and accepts applications for admission. Students register, add and drop classes, and pay fees through this office. Transcripts, credit by examination, and enrollment verifications are all issued via this office. Transcript requests can be made via Chaffey’s website at www.chaffey.edu. Enrollment verification requests can be made in person or through the Admissions and Records website. For more information on transcript and enrollment verification requests, including fees, please visit our website at www.chaffey.edu or see the schedule of classes. For information on credit by examination, please see “Credit by Examination”.

The Admissions and Records Office maintains student academic records, courses taken, units attempted, units earned, grades, grade points, graduation dates, military credit, non-credit enrollment and other data, and prepares diplomas, and certificates. Community services academic history is only maintained from Fall 1999 forward. The Admissions and Records Office provides photo ID services during specific business hours.

BOOKSTORES
With locations on the Rancho, Chino and Fontana Campuses, the bookstore offers several programs and services to lower the cost of textbooks for students. Each location has new and used textbooks, electronic books (e-books), textbook rentals, as well as a large selection of snacks, drinks, prepackaged lunch items, apparel, gift items, and office and art supplies. The bookstore offers online textbook ordering and year round buyback of textbooks. Some of the other services available at the bookstore include Omnitrans bus passes, incoming and outgoing fax services, postage stamps, discounted movie and amusement park tickets, laptop repair, ink and e-waste recycling, international student ID cards (ISIC), gift cards and cash back on debit card. Additional details are provided at books.chaffey.edu. The Chaffey College Bookstore is the #1 employer of Chaffey students and a primary scholarship sponsor. All residual proceeds benefit Chaffey College students.

CAREER CENTER AND STUDENT EMPLOYMENT OFFICE
The Career Center is located on the Rancho Cucamonga campus in MACC-203. The Career Center offers career counseling, assessments, and other career planning resources. Professional career counseling is available to assist Chaffey College students, alumni, and members of the community in formulating their career goals. The Career Center also provides workshops on a variety of career-related topics (viewable at www.chaffey.edu/careercenter/calendar). For more information, contact the Career Center at (909) 652-6511 or visit www.chaffey.edu/careercenter.

The Student Employment Office manages the Chaffey Connect online career services portal and offers a variety of employer services to local organizations including job announcements and on-campus recruiting opportunities. This office also serves as the personnel office for all on-campus student positions and provides assistance with hiring paperwork, employment verifications, and trainings. All new student employees must complete their personnel documents and submit them to this office prior to their first day of work. The Student Employment Office is located within the Career Center, in MACC-203, and can be contacted during normal business hours at (909) 652-6511.

Student Employment Program Eligibility Requirements
Chaffey College is a learning-centered environment where student success is highly valued, supported, and assessed. As such, the Student Employment Office monitors the academic success of current student employees and enforces the following procedures:

To apply for student employee positions, students must be enrolled in at least 6 units for fall and spring semesters or 3 units for summer sessions. Applicants must also have a cumulative GPA of at least 2.0 at the time of application. Students with no prior college coursework are exempt from the cumulative GPA requirement.

While employed, student employees must maintain enrollment in at least 6 units during fall and spring semesters (summer enrollment is not required) and a cumulative GPA of at least 2.0. Failure to maintain the required enrollment and/or GPA requirement will result in termination of the student employee’s position.

Chaffey Connect – Online Career Services Portal
The Chaffey Connect system is an online career services portal that provides access to dozens of on- and off-campus job postings, employer profiles, a resume and cover letter builder, a career exploration tool, a digital career resource library, and an online career event calendar. Students may register and access the system at www.chaffey.edu/chaffeyconnect.
Cooperative Education – Work Experience
Cooperative Education courses enable students to earn elective units for their job, internship, or volunteer work. Cooperative Education can also help students make effective career choices, expand their learning on the job, and gain lifetime career development skills. For further information, call (909) 652-6190

CHILD DEVELOPMENT CENTER
The Chaffey College Child Development Center located at the Rancho Cucamonga Campus provides low cost, high quality child care services for children.

The Center is licensed by the State of California, Title 22, and provides subsidized childcare services through the State Department of Education, Child Development Divisions, Title V funding. Parents who are eligible for free or reduced child care services will pay fees according to a sliding fee scale provided by the State Department of Education. The center participates in the Child and Adult Care Food Program (CACFP) offered by the U.S. Department of Agriculture (USDA) and serves meals at no separate charge to all enrolled children. The maximum group size in the preschool program is 24 children and the adult/child ratio is 1:8. The maximum group size in the toddler program is 12 children. The adult/child ratio is 1:4. The Center has an open door policy which encourages all parents to participate in the Center classrooms.

The Child Development Center welcomes all children regardless of sex, race, religion, ethnicity, national origin or ability. The curriculum is based on interest and individual needs of the children and provides a flexible framework to support the growth of each child. Child care services are offered to students, staff, faculty and community families. The Center is opened Monday through Friday 7:00am to 5:00pm.

The Child Development Center’s mission is:
• To provide high quality, developmentally-appropriate child care and educational experiences to children
• To support Chaffey College students in their educational and vocational goals
• To provide training and employment to individuals seeking careers working with children and families

Through the apprentice program, the Chaffey College Child Development Center offers employment opportunities to students enrolled in child development classes. The purpose of the apprentice program is to help students gain work experience and obtain a child development permit required for employment in state and federally funded programs. Employment applications are available online at www.chaffey.edu/childctr/index.shtml or at the Child Development Center. Employment applications are accepted throughout the semester.

Students enrolled in various child development courses may complete their assignments in the Child Development Center program. Pediatric Nursing, Psychology, and Food Service Management courses utilize the Child Development Center as a field of placement site. For information on fees, enrollment procedures, or job openings please call (909) 652-6875.

COUNSELING DEPARTMENT
The Counseling Department offers students information on all academic and vocational programs at Chaffey College. Counseling services include assessment and orientation for new students, how and when to prepare for transfer to a four-year college or university, evaluation of course work taken at other colleges, applications for graduation and for certificates, processing of waivers and petitions and referrals to other agencies on campus and in the community. The Counseling Department offers valuable resources for students’ questions and concerns.

For information regarding services available relating to career planning, see the heading “Career Center.”

The Chaffey College Chino and Fontana Campuses are also staffed with counselors who provide educational, career, and personal counseling. For more information contact the Chino Campus at (909) 652-7750 or the Fontana Campus at (909) 652-7400.

DISABILITY PROGRAMS AND SERVICES (DPS)
Chaffey College maintains a strong commitment to serving people with all types of disabilities who desire postsecondary education. The goal of DPS is to provide equal access to education for those students. DPS emphasizes independence and self reliance, while encouraging the students to become active members of the college community; this active role will foster successful integration into four year colleges/universities and career employment. Participation in DPS is voluntary, and conducted with strict confidentiality. Students are expected to make measurable progress toward their educational goals in order to remain in the program. The array of support services includes, but is not limited to:

• Individual educational planning
• Assistive Technology Center
• Academic/vocational counseling
• On-campus transportation
• Adapted parking spaces
• Campus orientation
• Priority registration
• Course substitution assistance
• Adaptive equipment
• Print enlargement
• Alternative media
• Test-taking facilitation
• Reader and note taking services
• Liaison and referral services
• Counseling
• Testing for possible inclusion in Learning Disabilities Program

DPS makes alternate formats of instructional text and video available to qualified students. Formats available are Braille, Electronic Text (E-Text), and Closed Captioning. Students needing an alternate format text or video that is required for a course in which they are or will be enrolled should contact the DPS Office as soon as the need is known, as specific requirements and lengthy acquisition timelines apply. Students are strongly encouraged to also meet with their instructors to determine accessibility of the course material.

In accordance with Section 508 of the Rehabilitation Act of 1973, as amended 29 U.S.C § 792(d), closed captioning of DVDs/videos is available whenever a student has a need and a captioned version cannot be purchased through the publisher. After permission has been granted by the publisher, one captioned copy of the video will be made in accordance with the appropriate protocols for video captioning and made available to the instructor of the course. The closed captioned instructional videocassettes in the Chaffey College Library video collection have been identified with closed captioning labels on the slipcase. There is a closed captioning note in the bibliographic record for every title; these records appear in the library catalog and the catalog is accessible online at www.chaffey.edu.

DPS also offers specialized classes to meet the specific needs of students with disabilities. Courses are based on individual student need and may include the following:

• Cognitive retraining
• Guidance
• Self-Advocacy
• Basic Academic Skills
• Assistive Technology
• Study Skills

The DPS Office is currently located in Campus Center West (CCE -14) at the Rancho Cucamonga Campus. The hours are:

Monday through Friday
7:30 a.m. - 4:30 p.m.
DPS counselors also are available at the Chino and Fontana campuses. Appointments can be made at any location by calling (909) 652-6379. The toll free number for the California Relay Service is 1-800-735-2929. For more information, visit the DPS website at www.chaffey.edu/dps.

In addition to the above facilities and services, Chaffey College offers a program for students with disabilities located off-campus at the Learning Development Center. The goal of this program is to provide an academic and transitional work program for students leading to competitive employment. The academic component focuses on, but is not limited to, the following subjects:

- Vocational skills training
- Career exploration and preparation
- Job-seeking skills
- Employment applications
- Résumé writing
- Interview techniques
- Work attitudes
- Job placement
- Job retention
- Job club

Vocational skills classes are used as a means to teach, observe, and assess appropriate work behaviors, responsibility, speed, accuracy, stamina, and other skills necessary for successful job placement.

Interested persons are invited to phone the Learning Development Center at (909) 652-7675 or visit the facility located at 9375 Ninth Street, Rancho Cucamonga, CA 91730.

DPS also offers an instructional program in basic life skills for individuals with developmental disabilities who are employed at Diversified Industries, a supported work environment located in Montclair. For further information regarding this program, please contact the DPS Office at (909) 652-6379 or Diversified Industries at (909) 982-4090, ext. 21.

EXTENDED OPPORTUNITY PROGRAMS AND SERVICES (EOPS)
The Extended Opportunity Programs and Services (EOPS) office is located in MACC 205. EOPS is a state-funded program intended to provide support services to financially and educationally disadvantaged students. Program participants are eligible for priority registration, academic and personal counseling, peer advisement, and assistance buying books. Bilingual staff members are available to assist students who speak limited English. Additional benefits and services are available through the CARE program to EOPS students who are single parents with children under fourteen years of age and receiving public assistance.

Further information and eligibility requirements may be obtained by calling the EOPS office at (909) 652-6349.

FOOD SERVICES
The Chaffey Dining Commons on the Rancho campus in the MACC Building is a top notch operation offering a variety of high quality menu options, name brands, and a welcoming environment. Additionally, the bookstore on each Chaffey campus offers a variety of snacks, beverages, sandwiches, hot and healthy food items, as well as coffee and/or smoothies. Food services are also available on the Rancho campus at the Panther Express (located near the HS Building) and the Panther Cub Café (located in the Sports Center). Food Service gift cards are available for purchase at any of these locations.

LEARNING AND EDUCATIONAL DEVELOPMENT
The Learning and Educational Development (LED) program assists non-credit students transitioning into credit courses. The purpose of this academic support is to encourage students to complete a certificate program, an associate degree, and/or transfer to a four-year university. LED is a student support service working in conjunction with the Chaffey College Success Centers. Students may contact the program office at (909) 652-7407 for further information, location, hours of operation, and appointments.

LIBRARY/CYBRARY
The Library on the Rancho Cucamonga Campus and the Cybrary on the Chino and Fontana Campuses provide services and resources to maintain effective learning programs and to empower the diverse student population to persist toward successful goal achievement. We provide reference assistance and navigation to information location and retrieval through book, periodical, video, and electronic resources; these resources are carefully chosen to meet the educational and cultural needs of the Chaffey College student. The goal of the program is for student learners to leave the library with the information literacy and critical thinking skills they will use as they transfer into upper division university programs or to the pursuit of careers throughout their working lives.

The Library and Cybraries provide the following resources and services to students, faculty, and staff:
- Research/reference center with access to the Internet, electronic indexes, and full text services
- An information access/instruction center for bibliographic instruction sessions and workshops
- Assistance from reference librarians in the use of library resources in all formats
- An interactive learning center with study tables
- A quiet study/reading room with individual carrels and group study rooms
- A print collection of books, magazines, and journals (at the Rancho Library only)
- A book request service whereby students can request items in the circulating collections at the Rancho Library to be sent to either Cybrary for pickup
- An instructional video collection (at the Rancho Library only) that has been digitized and is accessible at Chaffey networked terminals in Rancho Cucamonga, Chino, and Fontana.
- A reserve book collection
- An online reserve collection
- Photocopiers
- Access 24 hours a day, 7 days a week to online databases

Also located in the Library is an interdisciplinary writing center for tutoring and mini-classes in writing skills.

You may contact the Library on the Rancho Cucamonga campus at (909) 652-6800, the Chino Campus Cybrary at (909)652-8115 and the Fontana Campus Cybrary at (909) 652-7450. You may also check the website at www.chaffey.edu/library for current hours.

STUDENT HEALTH SERVICES
Student Health Services is dedicated to assisting students achieve and maintain optimum physical, mental, and emotional health. We are committed to providing quality health care at a reasonable cost.

The Student Health Services team is made up of medical doctors, nurse practitioners, registered nurses, counselors, secretaries, student educators, and student assistants who are trained to assist you with medical information and problems in a professional and confidential manner. Services include first aid, treatment for minor illnesses, health examinations, birth control, family planning, T.B. testing, laboratory testing, consultation regarding health problems, individual and group psychological counseling, and video cassettes and handouts on numerous topics.

Student Health Services is supported by the health fee paid at the time of registration. There is no charge to consult/visit the office staff including the medical doctors and nurse practitioners. There are, however, minimal fees for additional services, such as lab tests, immunizations, and prescription medications.
Pursuant to section 76355 of the Education Code, students who can provide documentation of active membership in a religious organization that relies exclusively on prayer for healing may request to have the Health Fee waived. Applications for waiver are available in the Student Health Services office. Students may have their health fee waived if they are approved for a Board of Governors Fee Waiver. Your medical records and all discussions with the student health services staff are completely confidential. Records are only released with written consent of the student, unless required by law.

Students are encouraged to visit the office, located in the MACC-202 at the Rancho Cucamonga Campus. Usual clinic hours are:

Monday - Friday
7:30 a.m. to 4:30 p.m.

For more information or to schedule appointments, call (909) 652-6331.

STUDENT SUCCESS CENTERS
As part of the Basic Skills Transformation Initiative, Chaffey College created Student Success Centers. The Centers offer tutorials, workshops, learning groups, and computer access to assist students in their academic development and success.

Discipline-specific centers are designed to help students with particular subject area courses and skills. Multidisciplinary Centers are set up to serve students in all subject disciplines.

Hours for each Success Center are listed in the schedule of classes. Students may also contact the Success Centers by visiting or calling. The location and telephone number for the Success Centers are listed below.

LANGUAGE SUCCESS CENTER
BEB Building, 1st Floor
(909) 652-6907
(ESL and Modern Languages)
(909) 652-6820 (Reading and Writing)

MATH SUCCESS CENTER
Math Building, Room 121• (909) 652-6452

MULTIDISCIPLINARY SUCCESS CENTER
Library • (909) 652-6932

CHINO SUCCESS CENTER
CHMB-145

(909) 652-7408

TRANSFER CENTER
The Transfer Center provides information and resources to help students continue their education after Chaffey College. The center maintains a library of college catalogs and reference material, provides access to the Internet and specialized software programs for college research and applications, hosts college representatives for individual appointments with students, sponsors transfer-related workshops, and schedules campus visits and college fairs. All services are free and available to any Chaffey student.

The Transfer Center staff welcomes the opportunity to assist students considering transfer to four-year colleges. The center is located in the Student Services/Administration Building, Room 120 on the Rancho Cucamonga Campus. Usual office hours are Mondays and Thursdays 7:30am-7:00pm, Tuesdays and Wednesdays, 7:30am-4:30pm and Fridays 7:30am-2:00pm. More information can be obtained by calling (909) 652-6233 or visiting the Transfer Center on Chaffey’s website www.chaffey.edu/transfer.

VETERANS RESOURCE CENTER
Chaffey College is grateful for the contributions made by members of the United States armed services, both at home and abroad. The Veterans Resource Center provides information on programs and services such as; Veterans Education Benefits, the local VA office, degree and certificate requirements, transfer options, linkage to community resources, a veterans club and more. The center is focused on camaraderie, academic success, and health and well being.

The center is staffed by veterans serving other veterans. The atmosphere is welcoming and offers a relaxing environment for veterans and their families. The center is located in the AD Building Room 125 on the Rancho Cucamonga campus. More information can be obtained by calling (909) 652-6235 or visiting us on the web at www.chaffey.edu/vets.
**Policies and Regulations**

**Academic Freedom**

The District is committed to academic freedom, but recognizes that academic freedom does not allow sexual harassment or any other form of unlawful harassment or discrimination. The lecture, content, and discourse that are an intrinsic part of the course content shall, in no event, constitute sexual harassment or other form of unlawful harassment or discrimination. It is recognized that an essential function of education is a probing of received opinions and an exploration of ideas that may cause some students discomfort. It is further recognized that academic freedom ensures the faculty’s right to teach and the student’s right to learn. Finally, nothing in this policy shall be interpreted to prohibit bona fide academic requirements for a specific program, course or activity.

**Academic Integrity (Cheating)**

Integrity is an essential component of the student academic experience. The academic evaluation a student receives for a course becomes a permanent college record and it is critical that such records be accurate and consistent. The integrity students learn and exhibit at the college will be a model for the professional integrity they practice when they complete the college work. Accordingly, Chaffey College has classified academic dishonesty into the following categories:

- Cheating
- Plagiarism
- Unauthorized Collaboration
- Facilitating Academic Dishonesty
- Interference or Sabotage
- Fabrication
- Retaliation

The entire policy is available in the Student Handbook and can be obtained in the Student Activities Office in Campus Center East (CCE) on the Rancho Campus or can be accessed online at www.chaffey.edu/student_handbook.

**Behavior Code**

All members of the Chaffey College community are expected to behave in an ethical and moral fashion, respecting the human dignity of all members of our community and resisting behavior that may cause danger or harm to others which shall include, but not limited to, violence, theft, or bigotry. All members of the Chaffey College community are expected to observe established standards of scholarship and academic freedom by respecting the intellectual property of others and by honoring the right of all students to pursue their education in an environment free from harassment and intimidation. The entire policy is printed in the Student Handbook and can be obtained in the Student Activities Office in Campus Center East (CCE) on the Rancho or by visiting our website at www.chaffey.edu/student_handbook.

**Computer Use**

Chaffey College owns and operates a network and a variety of computer systems for use by its faculty, students, and staff. Chaffey College encourages the use of its network and computer systems for education, academic development, and other approved purposes. When using Chaffey College network and computer systems, all users are required to abide by the policy established by the Governing Board and the associate procedures and to use the system in an ethical and lawful manner.

Chaffey College does not currently block access to the Internet to students without a student ID card. Chaffey College reserves the right to employ filters and/or software to limit access to undesirable sites and/or unsolicited materials.

**DECLARACIÓN DE OPORTUNIDAD EQUITATIVA**

**No-discriminación y Prohibición de Acoso**

El distrito escolar del colegio comunitario Chaffey está afirmativamente comprometido a proporcionar igualdad de oportunidades educativas y laborales. Este compromiso se encuentra en nuestras políticas educativas, en políticas y prácticas de personal y en el trato de empleados, estudiantes y público en general. El Distrito y toda persona que represente al Distrito deberá proporcionar igualdad de oportunidades de empleo y oportunidades educativas independientemente de raza, color, nacionalidad, ascendencia, religión, credo, sexo, edad (más de 40), discapacidad física (incluyendo el VIH y el SIDA) o discapacidad mental, estado civil, condición médica (incluyendo el cáncer y características genéticas), orientación sexual, o rango militar como veteranos de la época de Vietnam, o la percepción de que una persona tenga una o más de las características anteriores.

De conformidad con los Reglamentos del título IX, el distrito ofrece igualdad de oportunidades académicas, profesionales y extracurriculares independientemente de sexo/género de la persona. El Coordinador del Título IX, Eric Bishop, puede ser contactado al teléfono (909) 652-6291, correo electrónico eric.bishop@chaffey.edu o en la siguiente dirección: 5885 Haven Avenue, Rancho Cucamonga, CA 91737. El distrito, autorizado bajo la ley federal para inscribir a estudiantes extranjeros e inmigrantes y, de conformidad con los reglamentos del título 5, afirma que la falta de conocimientos del idioma Inglés no será un obstáculo para la admisión y participación en los programas de este distrito escolar.

Las personas en busca de información y/o respuestas a presuntos actos de discriminación ilegítima, represalias o acoso deben ponerse en contacto con nuestra oficial encargada de supervisar la implementación de estas regulaciones, Lisa Bailey, Vicepresidenta de Servicios Administrativos del colegio Chaffey, al teléfono (909) 652-6532, correo electrónico lisa.bai ley@chaffey.edu, o en la siguiente dirección: 5885 Haven Avenue, Rancho Cucamonga, CA 91737.

**Política de Prevención de Acoso Sexual**

Es política del distrito escolar del colegio comunitario Chaffey proveer para todos, los estudiantes y empleados, una educación, empleo y medio ambiente libre de todas las formas de explotación, acoso, intimidación o asedio sexuales no deseados, solicitudes de favores sexuales, o otra conducta física, verbal, visual o comunicaciones de carácter sexual prohibidas por el Acuerdo para Empleos y Vivienda Justa de California, el Código de Educación de California y las reglas, normas, estatutos y leyes federales y estatales que prohíben el acoso sexual y represalias.

Este distrito escolar se opone enérgicamente al acoso sexual y expresamente prohíbe el acoso sexual de sus estudiantes y empleados por catédraticos, directivos, personal, estudiantes o...
miembros del público en general. El colegio Chaffey tomará las medidas apropiadas para prevenir, corregir y, si es necesario, disciplinar cualquier comportamiento inadecuado.

Cualquier acoso sexual debe ser inmediatamente comunicado a nuestro oficial encargado de supervisar la implementación de estas regulaciones, Lisa Bailey, Vicepresidenta de Servicios Administrativos del colegio Chaffey, al teléfono (909) 652-6532, correo electrónico lisa.bailey@chaffey.edu, o en la siguiente dirección: 5885 Haven Avenue, Rancho Cucamonga, CA 91737, o a cualquier decano, director o gerente quien de forma inmediata deberá referirlo al oficial encargado o designado. Deben tomarse todas las medidas necesarias para asegurar la confidencialidad.

**Libertad Académica**

Este distrito escolar está comprometido a fomentar la libertad académica, pero reconoce que la libertad académica no permite acoso sexual u otra forma de discriminación o acoso ilegal. La cátedra, su contenido y su discurso, que son una parte intrínseca del contenido del curso, no podrán en ningún caso promover acoso sexual u otra forma de discriminación o acoso ilegal. Se reconoce que una función esencial de la educación promueve la libertad de opinión y la exploración de ideas que pueden causar molestia a algunos estudiantes. Se reconoce también que la libertad académica garante el derecho de enseñar de la cátedra y el derecho de aprender del estudiante. Por último, nada en esta póliza será interpretado a prohibir la buena fe de requisitos académicos para un programa específico, curso o actividad.

**Acuerdo Americano para Discapacitados de 1990**

El Acuerdo Americano para Discapacitados (ADA) de 1990 prohíbe la discriminación contra la gente con discapacidades en el empleo, servicios públicos e incluso transporte público y privado, alojamientos públicos, y servicios de telecomunicaciones.

Los servicios de apoyo para estudiantes con discapacidades son proporcionados por el departamento de Programas de Discapacidad y Servicios. Si necesita información sobre servicios para estudiantes con discapacidades póngase en contacto con nuestra oficina al teléfono (909) 652-6379 o TDD/TTY (909) 466-2829. También puede llamar gratuitamente al Servicio de Relevo de California a los números 1-800-735-2929 o 1-877-735-2929 para usuarios TDD/TTY. Los empleados (catedráticos, no-catedráticos, o asistente de estudiantes) que requieren alojamiento deberán ponerse en contacto con la Vicepresidenta de Servicios Administrativos, Lisa Bailey, al teléfono (909) 652-6532, o al correo electrónico lisa.bailey@chaffey.edu.

**Sección 504: Ley de Rehabilitación**

De acuerdo con la Sección 504 de la Ley de Rehabilitación, el colegio Chaffey cumple con la regulación que protege que “ninguna persona con discapacidad” será excluida de la participación en programas y servicios ofrecidos por el Colegio “únicamente por razones de discapacidad.” Amy Nevarez, Decana Interina de Orientación y Matrícula, y Guillermo Miller sirven como coordinadores de la ADA 504/508 y pueden proporcionar información y contestar preguntas en cuanto al acceso para estudiantes con discapacidades. Ellos pueden ser contactados en la siguiente dirección: 5885 Haven Avenue, Rancho Cucamonga, CA 91737; o por teléfono: Amy Nevarez (909) 652-6020, correo electrónico amy.nevarez@chaffey.edu; Guillermo Miller (909) 652-6390, correo electrónico william.miller@chaffey.edu.

**Sección 504/508: Procedimiento de Queja**

Si un estudiante tiene una queja bajo las provisiones de la Sección 504 de la Ley de Rehabilitación, el estudiante deberá primero contactar al coordinador de Chaffey del ADA 504/508 al teléfono (909) 652-6379, o al correo electrónico dps.staff@chaffey.edu. El coordinador de la ADA 504/508 se pondrá en contacto con todas las personas/partidos implicados e intentará encontrar una solución. Si la queja no puede ser resuelta dentro de los siguientes diez días laborables, el reclamante puede entonces presentar una queja formal con Lisa Bailey, Vicepresidenta de Servicios Administrativos. al teléfono (909) 652-6532, o al correo electrónico lisa.bailey@chaffey.edu.

**Disciplinary and Grievance Appeal Procedures**

The student grievance policy and procedure guidelines and appeal hearings information are found in the Chaffey College Student Handbook which is available in the Student Activities Office in Campus Center East (CCE) on the Rancho campus or by visiting our website at www.chaffey.edu/student_handbook.

**Open Courses**

It is the policy of this district that, unless specifically exempted by statute, every course, course section or class, the average daily attendance of which is to be reported for state aid, wherever offered and maintained by the district, shall be fully opened to enrollment and participation by any person who has been admitted to the College and who meets such prerequisites as may be established (Title 5, section 55003).

Courses and/or course sections designated for firefighters, law enforcement, prisoners, and students participating in cohort instruction may have restricted enrollment (Title 5, section 58051).

**Regulations and Student Compliance**

Civil law and district policies give the college student a number of rights on campus that non-students do not enjoy. Similarly, the body of people who work and go to classes at Chaffey do so in the spirit of community, a fact which imposes responsibilities of college citizenship.

The Governing Board of Chaffey College has established rules and regulations governing the behavior of students and penalties for violations thereof, as required by the California Education Code Section 22635 of every community college.

Students are responsible for compliance with the regulations published in this catalog, in the Schedule of Classes, in the Student Handbook, and departmental rules and regulations. Student clubs are responsible for compliance with the Club Handbook.

**Smoking Policy**

Smoking of any form of tobacco or non-tobacco products is prohibited inside of any building, including restrooms and corridors; within 20 feet of a main exit, entrance, or operable window of any college-owned, leased, or operated buildings; and in any college-owned, leased, or operated vehicles.

**Statement of Equal Opportunity**

Non-Discrimination and Prohibition of Harassment Policy

Chaffey Community College District is committed to providing affirmatively, equal educational opportunity and equal employment opportunity. This commitment extends to educational policies, personnel policies and practices, and to the treatment of employees, students, and the general public. The District and each individual
who represents the District shall provide equal access to employment and educational opportunities without regard to race, color, national origin, ancestry, religion, creed, sex, age (over 40), physical disability (including HIV and AIDS) or mental disability, marital status, medical condition (including cancer and genetic characteristics), sexual orientation, or military status as a Vietnam era veteran, or the perception that a person has one or more of the foregoing characteristics.

In accordance with Title IX regulations, the District offers equal academic, occupational, and extracurricular opportunities regardless of the sex/gender of the individual. The Title IX coordinator, Cory Schwartz, may be contacted at (909) 652-6242, email cory.schwartz@chaffey.edu, or 5885 Haven Avenue, Rancho Cucamonga 91737. The District, authorized under federal law to enroll non-immigrant and alien students, and, in accordance with Title 5 regulations, affirms that the lack of English language skills will not be a barrier to admission and participation in the District’s programs.

Persons who seek information and/or resolution of alleged acts of unlawful discrimination, retaliation, or harassment are directed to contact the District’s Compliance Officer, Susan Hardie, Interim Director of Human Resources, Chaffey College, 5885 Haven Avenue, Rancho Cucamonga, CA 91737-3002; telephone (909) 652-6531, email susan.hardie@chaffey.edu.

Sexual Harassment Policy

It is the policy of the Chaffey Community College District to provide for all students and employees, and educational, employment, and business environment free of all forms of harassment, exploitation, intimidation, or unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct or communications of a sexual nature as defined and otherwise prohibited by the California Fair Employment and Housing Act, California Education Code, and State and Federal rules, regulations, statutes and laws prohibiting sexual harassment and retaliation.

The District is strongly opposed to sexual harassment and expressly forbids sexual harassment of its students and employees by faculty, managers, staff, students or members of the general public. The College will take whatever appropriate action to prevent, correct, and, if necessary, discipline inappropriate behavior.

Sexual harassment shall be immediately reported to the District’s Compliance Officer, Susan Hardie, Interim Director of Human Resources, Chaffey College, 5885 Haven Avenue, Rancho Cucamonga, CA 91737-3002; telephone (909) 652-6531, email susan.hardie@chaffey.edu or to any dean, director, or manager for immediate reporting to the District’s Compliance Officer, or designee. Every effort will be made to ensure that confidentiality is maintained.

Americans with Disabilities Act of 1990

The Americans with Disabilities Act (ADA) of 1990 prohibits discrimination against people with disabilities in employment, public services including public and private transportation, public accommodations, and telecommunications services.

Support services for students with disabilities are provided through Disability Programs and Services. Anyone needing information about services for students with disabilities should contact this office at (909) 652-6379 or TDD/TTY (909) 466-2829. The toll free numbers for the California Relay Service are 1-800-735-2929 or 1-877-735-2929 for TDD/TTY users. Employees (faculty, non-faculty, or student worker) requiring accommodations should contact the Interim Director of Human Resources, Susan Hardie, at (909) 652-6531, email susan.hardie@chaffey.edu.

Section 504—Rehabilitation Act

In accordance with Section 504 of the Rehabilitation Act, Chaffey College abides by the regulation that “no otherwise handicapped individual” shall be excluded from participation in programs and services offered by the College “solely by reason of the handicap.” Amy Nevarez, the Interim Dean of Counseling and Matriculation and William Miller serve as 504/508/ADA Coordinators and may provide information and answer questions regarding access for students with disabilities. They may be reached at Chaffey College, 5885 Haven Avenue, Rancho Cucamonga, CA 91737-3002; telephone Amy Nevarez, the Interim Dean of Counseling and Matriculation at (909) 652-6020, email amy.nevarez@chaffey.edu or William Miller at (909) 652-6390, email william.miller@chaffey.edu.

Section 504/508 Complaint Procedure

If a student has a complaint under the provisions of Section 504 of the Rehabilitation Act, the complaining party should first discuss the complaint with the individual(s) involved or with the Chaffey College 504/508 and/or the ADA Coordinator. The 504/508, ADA Coordinators will contact all parties concerned, if appropriate, and attempt to reach resolution. Contact: (909) 652-6379, or dps.staff@chaffey.edu. If the complaint cannot be resolved within ten working days, the complainant may then proceed to file a formal complaint with the

Student Privacy Rights and Access to Records

In accordance with the Family Educational Rights and Privacy Act (FERPA), Chaffey College does not release student record information without the written consent of the student or under judicial order, except:

A. To officials and employees of the District who have a legitimate educational need to inspect the record.
B. To a member of the college’s Governing Board who has a legitimate educational need to inspect the record.
C. To a person employed by, or under contract to, the District to perform a special task, such as an attorney or auditor.

The law allows the College to release student directory information, except when students have specifically requested that directory information be kept confidential. Directory information may be released by exception upon determination of the Superintendent/President, the Associate Superintendent of Instruction and Student Services, or the Director of Admissions and Records that such release is appropriate and not likely to put students at risk.

Chaffey College designates the following as directory information: name, address, phone number, dates of attendance, major field of study, awards and degrees received, most recent institution attended, participation in official college activities and sports, weight and height (for members of athletic teams), and part-time and/or full-time enrollment status. Students must specifically request non-release of their directory information by submitting a Student Update Form. Student Update Forms are available on the Chaffey website at www.chaffey.edu or in the Admissions and Records Office. Requested actions will be effective within 5 working days.

Subject to Change

All Chaffey College policies, regulations and courses are subject to change without notice at the discretion of the Governing Board.

Student Right-to-Know

In accordance with the Code of Federal Regulations, Title 34, Part 668, Sections 668.41 through 668.46 (the “Student Right to Know” Act), institutions participating in any Title IV, HEA program shall make available to current and prospective students, and high school counselors, the completion and transfer-out
Traffic and Parking Regulations

Any motor vehicle classified as such under California State law and parked on the Rancho Cucamonga, Chino, or Fontana Campuses between the hours of 7 a.m. to 11 p.m. Monday through Friday and 7 a.m. to 3 p.m. on Saturday must display a valid parking decal or parking permit. Permits are not required on Sunday. Parking decals may be purchased at the Rancho Cucamonga, Chino, or Fontana Campuses. Daily parking permits are purchased at dispensers located in parking lots throughout the campus. Vehicles not displaying a valid parking decal or daily parking permit are subject to citation for violation of the Chaffey College District policy, Chapter 7, Paragraph 7.8.17.

No person who has been issued a parking permit shall give, lend or allow any person to use such permit to obtain parking privileges to which he or she is not entitled.

In compliance with California State law, each owner/operator of vehicles operated or parked on Chaffey College property is required to possess a current valid driver’s license and current proof of insurance. Each such owner/operator shall furnish this license and proof of insurance to any peace officer/Campus Police Officer/representative upon request.

All persons driving vehicles on the campus are required to comply with the traffic laws of the State of California (Reference: Vehicle Code, Section 670, 21113).

Maximum speed limit on campus is 25 miles per hour, and the maximum speed limit in the parking lots is 15 miles per hour.

No vehicles will be driven on sidewalks, footpaths, lawn, patio or court areas except by special permission of the Chaffey College Department of Public Safety (Reference: Vehicle Code, Section 21113).

Barriers, fences, or posts may be placed at any point deemed necessary for safety or convenience. Removal of these barriers, fences, or posts is grounds for issuance of a citation.

Parking is permitted only in spaces specifically marked, and is prohibited in loading zones, posted areas, or along red curbs. Areas that are not clearly marked for parking are designated as “No Parking” areas.

Backing into parking stalls or taking up more than one parking stall is prohibited. Reserved parking spaces may be used only by vehicles displaying a reserved parking permit. Citations will be issued to those in violation.

Students with physical disabilities must purchase and display a campus parking decal for their vehicle. They may park in specially marked locations, identified by blue ground markings and/or a blue sign. If parked in these locations, they must also display either the DMV handicapped placard, or a permit obtained from the Disability Programs and Services Office.

Visitor parking spaces may be used by those who secure a guest parking pass from the Campus Police Office, or the department in which they are visiting. Neither registered students nor staff members may park in a visitor’s space. A citation will result. Limited time parking spaces are strictly monitored and are marked with a green curb. Metered stalls are $0.25 for every 15 minutes with a limit of one hour. Any person parked in a metered stall must pay the correct fee, even with a valid parking decal.

Violators of the above regulations with regard to traffic and parking are subject to a citation payable at the Campus Police Office. Continued violations of the above traffic regulations are subject to severe disciplinary action by the College administration.

For more detailed information, consult the Parking and Traffic Regulations brochure available in the Campus Police Office.

Use of Campus Facilities

Rental of Campus Facilities

Rental of campus facilities provides for the maximum use of the college facilities by students, employees, other educational entities, citizens and citizen groups. The use of district facilities may not interfere with the normal educational activities of the college.

Facility rental procedures and fees may be obtained from the Facility Rentals Office at (909) 652-6182.

Policy of Free Speech: Time, Place, and Manner

The purpose of Chaffey College’s policy of Free Speech: Time, Place, and Manner is to support the freedom of assembly and freedom of expression as guaranteed by the Constitution of the United States. Fundamental to these guarantees are the rights of free speech and peaceful assembly. It is also a core education value. Students and other members of the college community shall be free to express their views or to support causes by orderly means that do not disrupt the regular and essential operations of the college. In addition, the college requires members of the community to conduct their expressive activities in a manner that promotes and maintains freedom from intimidation, exploitation, or harassment and does not threaten health or safety. (Education Code Section 76120. Chaffey Procedure 5.6 Speech: Time, Place, and Manner.)

Distribution of Literature

Permission for distribution of literature on campus is obtained from the Student Activities Office. The following kinds of literature may not be distributed or displayed without the consent of the Student Activities Director: literature advertising off-campus activities sponsored by an individual or group not connected with the college; literature for which there is a charge or donation required or requested, either explicitly or implicitly; literature whose legality is in question. No literature may be displayed or distributed which solicits funds except with the approval of the Student Activities Office. Soliciting is not encouraged. Advertisements by non-student parties are directed to the student newspaper, The Breeze.

Literature which is not in conflict with the above stipulations may be posted and otherwise displayed in the Campus Center complex, and the bulletin boards immediately adjacent to them in the patio area and the Campus Center Student Free Speech Area. Students or student groups wishing to post in other areas of the campus should confer with the Student Activities Office for the policies and procedures governing the areas. No literature may be taped or otherwise affixed to a painted or glass surface. Some bulletin boards in the Campus Center complex have been designated to serve specific functions. When in doubt, the student should contact the Student Activities Office. No flyers may be posted on cars!

Collection and Raising of Funds

Students or faculty members may not be solicited to contribute funds to any organization which is not directly under the jurisdiction of Chaffey College without the express permission of the college administration.

Likewise, no non-student group or individual may collect funds on campus or have campus groups collect for them on campus without prior approval of the college administration.
Russia in the 21 century: A geographic perspective. Can the past predict the future?

Peter Konovnitzine

As a Geographer, one of my most important goals is to travel and see as much of the world as possible. I first started traveling when I was nine years old. My parents took me on a cross country trip--LA to NYC--with our church group. There were several kids on the trip older than me and one of the first hobbies I started was to run with them to the map section at every gas station we stopped at and get maps of the state and neighboring states. The maps were free back then. I still have a bag full of those maps--although by now they are probably collector's items. I ended up with over twenty maps. From them I learned how to read road maps, and I began to associate maps with learning and with fun.

After that trip, my parents went camping every summer. On those camping trips we went from Yosemite to Yellowstone, Seattle and the Redwood forest. I saw most of the western states, including a large portion of eastern California where I now take my students on field trips.

At age 15 I asked my parents to send me on a church sponsored pilgrimage to Europe and the Holy Land. My parents scrimped the $600 cost and sent me for six weeks that summer to Europe. On that trip we went to Germany, Switzerland and sailed from Italy to Greece and eventually to Israel. I spent most of August in Israel, even walking by myself on the road from Bethany to Jerusalem.

At university I took a Human Geography class from Dr. Gosenfeld at Cal State LA and knew right away that I wanted to do his job. Later, when I earned my MA degree in Geography, I was asked by my professors to teach Human Geography in the same classroom that I took that class as a student.

By 1989 I was hired as an adjunct geography instructor at Chaffey. I was very nervous during the interview. Present were about five people including the Dean-Muriel Zimmermann, David Bixler and others. I brought from home an inflatable globe and a pointer. I was asked to give a short lecture on Plate Tectonics and as I was leaving, Muriel escorted me to the door and whispered quietly to me “We’ll be calling you.” I felt relieved.

Since my first visit to Europe when I was fifteen, I’ve been back to Europe several times and visited more countries. I’ve also been to the Far East--Hong Kong twice, Korea, and went on a long trip with my father in 2000 across all of Russia. We flew into Seoul, S. Korea and then took a flight to Vladivostok, Russia. From there we hopped on the Trans-Siberian train and crossed all of Siberia. On that trip we crossed eleven time zones and over five thousand miles and ended up in St. Petersburg, Russia.

Another very memorable trip I took was to the Galapagos Islands with two of my fellow colleagues from Chaffey, Dr. Carol McClure and Diana Cosand. That was a once in a lifetime trip. All in all, I’ve visited over thirty countries.

My most recent trip was to Russia--just this past year in September. One of my ancestors was General Peter Konovnitzyn who helped defeat Napoleon in 1812 in Russia. Last year was the 200th anniversary of that event and Russia invited descendants to commemorate the event. On Sunday Sept. 2, 2012, I was standing at the famous battlefield of Borodino holding an umbrella against the driving rain with thousands of other guests and fellow Russians. The Russians staged a one hour re-enactment of the battle complete with cannon, cavalry and opposing armies--French and Russian. Borodino is the Russian Gettysburg. You can see some of my video clips on YouTube--just type in “geosputnik.”

As I look ahead, I have several more trips planned: Central and South America, a trip to Egypt, India and the Far East. After all that is what geographers do.
COLLEGE PERSONNEL

GOVERNING BOARD

Kathleen Brugger
President

Lee C. McDougal
Vice President

Paul J. Gomez
Immediate Past President

Gary L. George
Clerk

Katie Roberts
Member

Kevin Coduto
Student Trustee/ASCC President

ADMINISTRATION

Henry D. Shannon
Superintendent/President
B.A., Harris-Stowe State University
M.A., Ph.D., Washington University, St. Louis

Lisa Bailey
Vice President, Administrative Services
B.A., Loyola-Marymount University
M.A., California State University, Los Angeles

Eric Bishop
Dean, Fontana Campus
B.A., M.A., University of La Verne
Ed.D., University of LaVerne

Leonard Crow
Dean, Student Services and Discipline
B.S., California State Polytechnic University, San Louis Obispo
M.S., California State Polytechnic University, Pomona
Ph.D., Argosy University

Michael Dinielli
Dean, Language Arts
Dean, Visual and Performing Arts
B.A., University of Connecticut
M.A., California State University, Long Beach

Sherrie Guerrero
Associate Superintendent, Instruction and Student Services
A.A., San Bernardino Valley College
B.A., California State University, San Bernardino
M.A., California State University, Fullerton
Ed.D., University of Southern California

Joy Haerens
Interim Dean
Business and Applied Technology
A.A., B.A., M.A., Henderson State University, Arkansas

Lauren Hope
Dean, Instructional Support
B.A., M.A., California State University, San Bernardino

Teresa Hull
Dean, Chino Campus
Dean, Health Sciences
B.S., University of Santa Clara
M.Ed., California State University
Ed.D., University of La Verne

Hermelinda “Amy” Nevarez
Dean, Counseling & Matriculation
B.A., California State University, Long Beach
M.S., California State University, San Bernardino

Ciriac o “Cid” Pinedo
Associate Superintendent, Business Services and Economic Development
B.A., St. John’s Seminary College

Cory Schwartz
Dean, Social and Behavioral Sciences
Dean, Kinesiology, Nutrition and Athletics
B.S., University of Nebraska-Lincoln
M.Ed., University of North Dakota
Ed.D., Montana State University

Theodore Younglove
Dean, Mathematics and Science
B.S., University of California, Riverside
M.S., University of California, Riverside

Kathleen Dutton
Director, Employment Development and Community Education
B.A., M.S., California State University, San Bernardino

Kimberly Erickson
Interim Executive Director, Business Services
A.A., Mt. San Antonio College
B.S., University of Redlands

James Fillpot
Interim Dean, Institutional Research and Resource Development
B.A., M.A., California State University, San Bernardino

Michael Fink
Director, Technical Services
B.A., M.B.A., California Baptist University

Susan Hardie
Interim Director, Human Resources and Risk Management

Kim Mascone
Administrator, Payroll
B.S., California State Polytechnic University, Pomona

William Miller
Director, DSP
B.A., M.A., California State University, San Bernardino

Birgit Monks
Director, Child Development Center
B.A., M.A., Pacific Oaks College

Andronik Nazarian
Director, Alumni Relations
B.A., California State University, San Bernardino

Katherine Peek
Director, Student Health Services
B.S.N., Azusa Pacific University
M.S., Ph.D., California Coast University

David Ramirez
Chief of Police/Director, Public Safety
B.S., University of La Verne
J.D., University of La Verne College of Law

Melanie Siddiqi
Executive Director, Administrative Services
A.A., Chaffey College
B.A., M.B.A., University of La Verne

Susan Stewart
Director, Student Activities
B.A., M.A., San Diego State University

Rebecca Trawick
Director, Museum Gallery
B.S., University of Minnesota

Anita Undercoffler
Interim Executive Director, Budgeting and Fiscal Services
A.A., Chaffey College
B.A., M.B.A., California State University, San Bernardino

FACULTY

Agarwal, Mamta
Associate Professor, Chemistry
B.S., Government Raza College, India
M.S., Agra University, India

Alexander, Monica F.
Professor, Child Development
B.A., University of California, Los Angeles
M.A., Claremont Graduate School

Alger, Ardon H.
Professor, Photography
B.A., Chapman College
M.F.A., Claremont Graduate School

Alvarez, Jo Anna
Associate Professor, Communication Studies
A.A., Mt. San Antonio Community College
B.A., M.A., California State University, Fullerton

Alves, Elmano
Professor, Industrial Electricity
A.S., Chaffey College
B.S., M.B.A., University of Phoenix

Araiza, William L.
Assistant Professor, Reference Librarian
A.A., Riverside Community College
B.A., California State University, San Bernardino
M.L.S., San Jose State University

Aranda, Patrick
Professor, Music
B.A., California State University, Los Angeles
M.M., California State University, Fullerton

Arciniega, Rachel
Professor, Nursing
A.S., Chaffey College
B.S.N., M.S.N., California State University, Domiguez Hills

Arner, Timothy D.
Professor, Mathematics
B.A., University of California, Santa Barbara
M.A., California State University, San Bernardino

Ausubel, Jonathan
Professor, English
B.A., M.A., University of Toronto, Canada
Ph.D., University of Delaware

Avila-Teguarden, Emily
Assistant Professor, Biological Science
B.A., New Mexico State University
Ph.D., Michigan State University

Bacus, Catherine
Associate Professor, Gerontology
B.S., M.S., University of LaVerne

Baiz, Robert
Professor, Physical Education
B.A., California State University, Fullerton
M.A., Azusa Pacific University
Baker, Wanda S.
Professor, Computer Information Systems
B.S., University of Redlands
M.S., University of Phoenix

Bartell-Lipsett, Susan
Professor, Dental Assisting
A.A., San Jose City College
B.V.E., California State University, San Bernardino

Bartlett, Angela
Associate Professor, English
B.A., San Francisco State University
M.F.A., Columbia University, New York

Baty, Russell
Professor, Aeronautics
A.A., Chaffey College
B.S., Embry-Riddle Aeronautical University, Florida

Bentum, Daniel
Associate Professor, Hotel and Food Service Management
A.A., Northern Virginia College
B.A., M.A., California State University, San Bernardino

Boboye, Jackie
Professor, Counseling
B.A., M.A., California State University, San Bernardino

Boyd, Marie
Professor, Reference Librarian
B.A., Merrimack College
M.S., University of Southern California
Ph.D., Argosy University

Breeze, Lynn
Professor, Pharmacy Technician
A.S., Citrus Community College
B.A., University of La Verne

Brewer-Calvillo, Judy
Professor, Child Development
B.A., California State University, Los Angeles
M.S., University of La Verne

Brouwer, Jeffrey
Professor, Mathematics
B.A., California State University, San Marcos
M.A., University of California, Santa Barbara

Brown, Baron
Professor, Administration of Justice
B.S., California State University, Dominguez Hills
M.P.A., University of La Verne

Brusselle, Thierry
Professor, Business Administration
B.S., M.B.A., California State Polytechnic University, Pomona

Burk-Herrick, Angela
Professor, Biological Science
B.A., University of California, Santa Cruz
Ph.D., University of California, Riverside

Burkston, Kristen
Associate Professor, Counseling
B.A., M.S., California State University, Fullerton

Burruel, Misty
Associate Professor, Art
A.A., Victor Valley College
B.A., California State University, San Bernardino
M.F.A., Claremont Graduate University

Calebotta, Stephen
Associate Professor, English
B.A., University of California, Los Angeles
M.A., California State University, Los Angeles

Cameron, Kevin
Associate Professor, Political Science
B.A., California State University, San Jose
M.A., San Francisco State University
Ph.D., New York State University, Albany

Carlton, Robert G.
Professor, History
B.A., University of Santa Clara
M.A., Claremont Graduate School

Carter, Monica L.
Professor, Political Science
B.A., California State University, Dominguez Hills
M.A., Claremont Graduate School

Cheatte, Medina
Professor, Physics
B.A., University of California, Los Angeles
M.S., San Jose State University

Chen, Abel
Professor, Business Administration/Business Law
B.A., California State University, Northridge
J.D., Whittier College School of Law

Cianchetti, Marlene
Associate Professor, Nursing
B.S., M.S., California State University, Dominguez Hills

Clay, Sandra
Professor, Nursing
B.S., M.S.N., University of Phoenix

Cobos, Rose A.
Professor, Biological Sciences
A.B., University of California, Santa Barbara
M.S., California State University, Fullerton

Collins, Sandra
Professor, Biological Science
B.S., M.S., California State Polytechnic University, Pomona

Colondres, Donna
Professor, Counseling
A.A., El Camino College
B.A., M.A., California State University, Dominguez Hills
Ph.D., Pepperdine University

Connelly, Sean
Associate Professor, English
B.A., University of California, Santa Barbara
M.A., University of California, Riverside

Cosand, Diana
Professor, Biological Science
B.S., M.S., California State University, Fullerton

Cotton, Sarah
Associate Professor, Biological Science
B.S., University of California, Santa Barbara
M.S., California State Polytechnic University, Pomona

Cox, Beverly
Professor, Health Science
Computer Laboratory
B.S., M.A., California State Polytechnic University, Pomona

Creasy Valdez, Dorothea E.
Professor, Counseling
A.B., M.S., San Diego State University

Creel, Gregory J.
Professor, Language Success Center
B.A., M.A., California State Polytechnic University, Pomona

Cruz, Asiris
Professor, Chicano History
B.A., M.A., Ph.D., University of California, Riverside

Cuevas, Maria
Associate Professor, Counseling, EOPS
B.A., California State Polytechnic University, Pomona
M.S., California State University, San Bernardino

Decker, Catherine
Professor, English
B.A., LaSalle University
M.A., Ph.D., University of Rochester, New York

Delgado, Ruth
Associate Professor, Counseling
B.A., Pitzer College, Claremont
M.A., University of La Verne

DeRose, Nicole
Professor, Biological Science
B.A., M.S., California State University, San Bernardino

Diaz, Ricardo
Professor, Counseling
B.A., California State University, Northridge
M.S., California State University, Los Angeles

Diaz, Sonja
Assistant Professor, Biological Science
B.S., M.S., Ph.D., University of California, Riverside

Dickerson, Carol Y.
Associate Professor, Accounting
B.S., California State Polytechnic University, Pomona
M.A., University of California, Los Angeles
Ph.D., Claremont Graduate University

Dowd, Michelle
Associate Professor, English
B.A., Pitzer College
M.A., University of Colorado

Duna, Douglas
Professor, Spanish
B.A., California State University, Fullerton
M.A., Ph.D., University of California, Riverside

Dunwoody, Verajean
Professor, Psychology
B.A., M.A., California State College, San Bernado

Dutton, Andrea
Professor, Radiologic Technology
Community College Instructor Credential
B.V.E., M.Ed., California State University, San Bernardino
Registered Radiologic Technologist, American Registry
Certified Radiologic Technologist, State of California

Eckvahl, Shelley
Professor, Nursing
A.S., Río Hondo College
B.S.N., University of Phoenix
M.S.N., University of Phoenix

Egl, Stuart
Associate Professor, Engineering Technology/Computer-Aided Drafting and Design (CADD)
B.S., University of California, Irvine

Eisberg, Joann
Professor, Astronomy
A.B., Harvard University
M.Phil., Cambridge University
Ph.D., Harvard University

El-Said, Christa
Associate Professor, Theatre Arts
A.A., Fresno City College
B.A., California State University, Fresno
M.F.A., San Diego State University

Elson, Rodney
Professor, Mathematics
A.A., Napa Valley College
B.A., University of California, Berkeley
M.S., University of California, Davis

Encinas, Karen
Professor, Fashion and Costume Design
M.A., California State University, Long Beach

Erkebaev, E. “Alee”
Professor, Mathematics
B.S., Leningrad Polytechnic Institute
Ph.D., Moscow University of People’s Friendship

Falci, Ryan
Associate Professor, Philosophy
B.A., University of California, Riverside
M.A., Biola University

Farrand, Catherine “Nicole”
Associate Professor, Art
B.A., University of California, Davis
M.F.A., Claremont Graduate University

Fay, John
Professor, Mathematics
B.S., M.S., Ph.D., University of California, Riverside

Fisher, Leona
Associate Professor, English
B.A., M.A., Brigham Young University
Ph.D., University of California, Riverside

Fitzpatrick, Maria
Associate Professor, Psychology
B.A., Claremont McKenna College
M.A., Claremont Graduate University
Fong, Michael R.  
Professor, Anthropology  
B.A., University of California, Berkeley  
M.A., California State University, Hayward

Ford, Kelly  
Assistant Professor, Theatre Arts  
A.A., Fullerton College  
B.A., California State University, Fullerton  
M.F.A., California State University, Long Beach

Fuller, Bonita L.  
Professor, Disability Programs and Services  
B.A., Westmont College, Santa Barbara  
M.S., California State University, Fullerton

Gilbert, Cheryl  
Professor, Vocational Nursing  
B.S.N., University of La Verne

Gomez, Sergio  
Professor, Sociology  
B.A., M.A., California State University, Fullerton  
Ph.D., University of California, Irvine

Greene, Timothy A.  
Professor, History  
B.A., University of California, Irvine  
M.A., California State University, Fullerton  
Ph.D., University of California, Irvine

Hadaway, Robert  
Professor, Physical Education  
B.S., M.Ed., Azusa Pacific University

Haddad, Kathleen  
Professor, Photography  
B.A., California State University, Northridge  
M.F.A., California State University, Fullerton

Hanna, Rachel  
Associate Professor, Spanish  
B.A., Indiana University  
M.A., University of California, Los Angeles

Hardie-Townsend, Sandra  
Professor, Child Development  
B.A., University of California, Irvine  
M.A., California State University, Los Angeles

Harlow, Jeff  
Professor, Physical Education  
B.S., M.Ed., Azusa Pacific University

Hayward, Timi J.  
Associate Professor, Computer Information Systems  
B.S., M.A., California State University, Los Angeles

Henry, Annette  
Professor, Physical Education  
B.A., M.A., California State University, Chico

Herman, Susan  
Professor, Nursing  
B.S.N., Lewis University  
M.S.N., C.N.S., Azusa Pacific University

Hines-Tinsley, Candice  
Professor, Nutrition and Food  
B.S., M.A., California State University, Long Beach

Hodge, Cheryl R.  
Professor, Nursing  
A.S., Riverside Community College  
B.S., University of Phoenix

Hodge, Deckard  
Associate Professor, English  
B.A., University of California, Los Angeles  
M.A., Ph.D., University of California, Riverside

Hultgren, Larry G.  
Professor, Aeronautics  
A.S., Chaffey College  
M.F.A., Embry-Riddle Aeronautical University, Florida

Hunter, Stanton  
Professor, Art/Ceramics  
B.A., Eckerd College, Ft. Lauderdale  
M.A., University of Southern California

Ikeda, Robin  
Professor, Biological Sciences  
B.A., M.A., University of California, Riverside

Jabalera, Karina  
Assistant Professor, Counselor  
B.A., University of California, Santa Cruz  
M.S., University of La Verne

Jacob, Daniel  
Professor, Broadcasting  
B.A., University of California, Riverside  
M.F.A., University of California, Los Angeles

Jacobson, Erik  
Professor, Theatre Arts  
B.A., University of California, Santa Cruz  
M.A., California State University, Los Angeles

Jenkins, Michele  
Professor, Dance  
B.A., Utah State University  
M.A., California State University, San Bernardino

Jenkins, Tamari L.  
Professor, Spanish  
B.A., Pacific Union College, Angwin  
M.A., University of California, Riverside

Jenkins, Theodore A.  
Professor, Mathematics  
B.A., University of Oregon  
M.A., Claremont Graduate School

Karp, David  
Professor, Business Administration/Business Law  
B.S., Illinois State University  
M.S., University of Wisconsin, Madison  
J.D., Loyola Law School

Keener, Daniel  
Assistant Professor, English  
B.A., M.A., California State University, Fullerton

Kenehan, Garrett  
Associate Professor, Math Success Center  
B.A., B.S., University of Southern California  
M.S., Cal Poly State University, San Luis Obispo

Kern, Daniel  
Associate Professor, Philosophy  
B.A., University of Montana  
M.Div., Regent College  
M.A., Indiana University  
Ph.D., Marquette University

Kerr, James J.  
Professor, Computer Information Systems, CISCO  
A.A., San Bernardino Valley College  
B.A., California State University, San Bernardino  
B.S., Chapman College

Ketchum, Renee  
Professor, Nursing  
ADN, R.N., Golden West College  
M.F.N., BSN: MSN, California State University, Long Beach

Khaw-Posthuma, Bonnie  
Professor, English  
B.A., University of Hawaii  
M.A., Ph.D., Claremont Graduate School

Khou, Meng  
Professor, Mathematics  
A.S., Mt. San Antonio College  
B.S., M.S., California State Polytechnic University, Pomona

Kocher, Tracy C.  
Professor, Computer Information Systems  
B.S., M.B.A., California State Polytechnic University, Pomona

Konovnitzine, Peter  
Professor, Geography  
B.A., M.A., California State University, Los Angeles

Kopp, Robert  
Associate Professor, Mathematics  
B.A., University of California, San Diego  
M.Ed., National University  
M.A.J., California State University, San Bernardino

LaMay, Julie  
Professor, English  
B.A., M.A., California State University, San Bernardino  
Ph.D., The Union Institute, Cincinnati

Leontas, Angela  
Associate Professor, Mathematics  
B.S., California State Polytechnic University, Pomona  
M.A., California State University, San Bernardino

Little, Jack  
Professor, Aeronautics  
A.S., Chaffey College  
B.S., Embry-Riddle Aeronautical University

Lively, Christine  
Associate Professor, American Sign Language  
B.A., M.A., Gallaudet University

Loonis, Daniel  
Professor, History  
B.A., California State University, San Bernardino  
M.A., California State University, Fullerton

MacDonald, Heather A.  
Professor, Nursing  
B.S., California State University, Fullerton  
B.S.N., Loma Linda University  
M.S.N., California State University, Long Beach

Machado, John  
Associate Professor, Art History  
B.A., San Diego State University  
M.A., University of Austin, Texas

Marcotte, Linda  
Professor, Child Development  
B.S., M.S., University of La Verne

Marcus, Shelley  
Associate Professor, Reference Librarian  
B.A., University of Rochester  
M.A., Rutgers University  
M.A., Boston University  
M.L.S., San Jose State University

McMurran, Bret  
Professor, Economics  
B.A., University of California, Los Angeles  
M.A., Ph.D., University of California, Riverside

Meyer, Marc  
Assistant Professor, Anthropology  
B.A., The City University of New York, Queens College  
Ph.D., University of Pennsylvania

Miller, Cynde  
Associate Professor, Studio Art  
B.F.A., California Institute of Arts  
M.F.A., University of California, Irvine

Molina, Monica  
Professor, Counseling  
B.A., California State Polytechnic University, Pomona  
M.S., California State University, San Bernardino
Moser, Jeff
Professor, Counseling, Athletics
B.S., California State Polytechnic University, Pomona
M.S., California State University, San Bernardino

Mor, Celeste
Assistant Professor, Counseling
B.S., University of California, Riverside
M.S., University of La Verne

Navarete, D. Lynn
Professor, Sociology
B.A., California State Polytechnic University, Pomona
M.A., California State University, Fullerton

Navarro, Carmen
Associate Professor, Communication Studies
B.A., M.A., California State University, Los Angeles

Nazar, Robert
Professor, English
B.A., M.A., California State University, Fullerton

Noble, Vincent
Professor, History
B.A., California State University, San Bernardino
Ph.D., University of California, Irvine

Oakdale, Joyce
Professor, Chemistry
B.S., New York State University
B.S., Northeastern Illinois University
Ph.D., Loyola University, Illinois

Oduwole, Toks
Professor, Counseling, EOPS
B.A., M.S., University of La Verne

Olivera-LaVallee, Melanie
Professor, Reading
B.A., M.A., University of La Verne

Opulencia, Cherlou
Assistant Professor, Counseling
B.A., California State University, Long Beach
M.S., University of Southern California, Northridge

Osburn, J. “Bruce”
Professor, Automotive Technology
A.S., A.A., Chaffey College
B.A., California State University, San Bernardino

Osgood, Joanne
Professor, Business and Office Technologies
B.S., University of Pittsburgh
M.A., State University of New York

Padgett, Lisa
Professor, Mathematics
B.A., University of California, Riverside
M.A., California State University, San Bernardino

Paplanus, Susan
Professor, Nursing
B.S.N., University of Texas
M.S.N., California State University, Long Beach

Parker, Cynthia M.
Professor, Economics
B.A., M.B.A., California State University, Fullerton

Pennett, Kyle
Professor, English as a Second Language
B.A., M.S., California State University, Fullerton

Phipps, Charmaine
Associate Professor, English as a Second Language
B.A., California State University, Stanslaus
M.A., California State Polytechnic University, Pomona
Ed.D., University of La Verne

Piper, Candice
Associate Professor, Vocational Nursing
A.S.N., Chaffey College

Pratt, Laurie
Associate Professor, Communication Studies
B.A., Azusa Pacific University
M.A., California State University, Fullerton

Preble, Kipp
Professor, Communication Studies
B.A., M.A., California State University, Northridge

Rivas, Henry
Professor, Correctional Science
B.A., M.A., California State University, Los Angeles

Roberts, Philip
Associate Professor, Physical Education
B.S., Kansas State University
M.S., Northwest Missouri State University

Roebuck, Alan
Professor, Mathematics
B.S., M.A., University of California, Los Angeles

Rose, Eva K.
Professor, Communication Studies
B.A., M.A., California State University, Fullerton

Ross, Mary Jane
Professor, Fontana Success Center
B.A., M.A., Pepperdine University, Malibu

Rundquist, Robert
Associate Professor, Multidisciplinary Success Center
B.A., University of California, Berkeley
M.A., University of Southern California

Sadowski, Angela
Professor, Psychology
B.A., M.A., California State University, Los Angeles

Sanchez, Diana
Assistant Professor, Counseling
B.A., University of California, Los Angeles
M.S., California State University, San Bernardino

Seol, Sara
Professor, Nursing Skills Lab
B.S.N., M.S.N., California State University, Dominguez Hills

Serrano, Maria
Professor, Counseling
A.S., Pasadena City College
B.A., M.S., California State University, Los Angeles

Siedschlag, Steven B.
Professor, Computer Information Systems, Networking
B.A., University of California, Riverside

Snyder, Paula
Professor, Sociology
B.A., University of California, Riverside
M.A., California State University, San Bernardino
Ph.D., Howard University, Washington D.C.

Song, Julie H.
Associate Professor, Sociology
B.A., M.A., University of California, Irvine

Spears, Bonnie
Professor, English
B.A., Purdue University
M.A., Western Illinois University

Starr, Susan
Professor, Counseling
B.A., Westmont College
M.A., Azusa Pacific College

Stratton, Sean
Professor, English
B.A., M.A., California State University, Northridge

Syrop, Mitchell
Professor, Multimedia
B.F.A., Pratt Institute
M.F.A., California Institute of the Arts

Ta, Tuyet
Associate Professor, Political Science
B.A., University of California, Los Angeles
M.A., University of Southern California

Tardiff, Michelle
Professor, Business and Office Technology
A.S., Chaffey College

Tavakoli, Mohammad
Professor, Mathematics
M.S., M.A., M.S., California State University, Fullerton

Taylor, Sherman
Professor, Automotive Technology
A.S., Chaffey College

Thomas, Vanessa
Professor, Business Administration
B.A., University of Oregon
M.B.A., University of Phoenix

Thompson, Teresa
Associate Professor, Accounting
B.S., University of California, Riverside

Tirado, Victoria
Professor, Spanish
B.A., M.A., California State University, Sacramento

Tjandra, Sariwan
Professor, Chemistry
B.A., M.S., Southern Illinois University
Ph.D., University of California, Riverside

Tulacro, Victoria E.
Associate Professor, English
B.A., Chaffey College
B.A., California State University, San Bernardino
M.F.A., University of California, Riverside

Utsler, Melissa A.
Associate Professor, English
B.A., M.A., California State University, Fullerton

Valdez, Daniel B.
Professor, Mathematics
B.S., M.S., California State Polytechnic University, Pomona

Vitzelio, Tommie
Associate Professor, Chino Success Center
A.A., Riverside Community College
B.A., M.A., California State University, Fullerton

Walker, Cindy M.
Professor, Language Success Center
B.A., California State University, Northridge
M.A., California State University, San Bernardino

Wall, Jacqueline
Professor, Computer Information Systems
B.A., DePaul University
M.B.A., University of Phoenix

Wardak, Mohammad
Professor, Mathematics
A.A., Chaffey College
B.A., M.A., California State Polytechnic University, Pomona

Warger, Jane
Professor, Geology/Earth Science
B.A., Vassar College
M.A., Columbia University
M.A., State University of New York

Watkins, Neil
Professor, English
B.A., University of California, Irvine
M.A., Ph.D., Claremont Graduate University

Weingartner, Judith
Associate Professor, Reading
B.S., Central Connecticut State College
M.A., Virginia Polytechnic Institute and State University

Whitney, Wendy
Professor, Counseling
A.A., College of the Sequoias
B.A., University of California, Berkeley
M.S., University of La Verne

Williams, Charles
Assistant Professor, English
B.A., M.A., California State University, San Bernardino
Williamson, Teresa  
Professor, Business and Office Technologies  
B.A., American Intercontinental University

Wilson, Katherine M.  
Professor, Counseling  
A.A., Chaffey College  
B.A., University of California, Riverside  
M.A., California State University San Bernardino

Witt, Robin  
Professor, Mathematics  
B.S., California State Polytechnic University, San Luis Obispo  
M.S., California State Polytechnic University, Pomona

Woods, Darcel

### Registration for Fast Track Classes

Refer to the Fast Track section in the Schedule of Classes for the complete list of Fast Track offerings.

**TRACK 1 DATES (8/14/13 – 10/7/13)**
- Registration (Refer to your assigned registration date) 
  July 8 – August 9
- Late Registration 
  August 14 – 16
- Deadline to DROP Track 1 classes without a "W" grade 
  August 22
- Deadline to DROP Track 1 classes with a "W" grade 
  September 12

**TRACK 2 DATES (10/15/13 – 12/11/13)**
- Registration 
  September 23 – October 11
- Late Registration:
  - If the class begins October 15 or October 17, the deadline is October 18
  - If the class begins October 21, the deadline is October 23
- Deadline to DROP Track 2 classes without a "W" grade 
  October 23
- Deadline to DROP Track 2 classes with a "W" grade 
  November 20

### Fall Semester 2013
- August 14 – December 18
- 89 service days

### Schedule of Classes
Available on the website: June 3

### Application Period
- CCCApply (online) 
  Begins April 1

### Registration Notification for Continuing Students
- June 20

### Registration Period
- Priority Registration 
  July 8
- Continuing Students 
  July 9 – 27
- New & Returning Students 
  July 29 – August 9

### Payment Deadline
- (For specific details, refer to the payment table and drop process for non-payment in the Schedule of Classes.)

### Convocation
- August 12

### Institutional Flex Days. No classes held
- August 13

### INSTRUCTION BEGINS
- August 14

### Late Registration
- August 14 – 20

### ADD CODES required throughout the late registration period

### Deadline to ADD full-term classes
- August 20

### Refund Deadline for Full-Term Classes
- August 28

### Labor Day Holiday
- September 2

### Deadline to DROP full-term classes without a "W" grade
- September 3

### Census submission for full-term classes due from faculty
- September 4

### Deadline to DROP full-term classes with a "W" grade
- October 29

### Veterans Day Holiday
- November 11

### Deadline to apply for credit by exam, graduation, certificates
- November 15

### Deadline to ADD open-entry/exit classes
- November 15

### Thanksgiving Holiday
- November 28 – December 1

### FINAL EXAMINATIONS
- December 12 – 18

### INSTRUCTION ENDS
- December 18

### Winter Recess, College Closed
- December 24 – January 1

### Grades available online
- January 6

### LEGEND
- Instruction Begins
- Spring Break
- Holiday
- Institutional Flex Days. No classes held.
- Final Examinations
- Commencement
- Convocation

### NOTE:
Weekend classes meet following Friday holidays and before Monday holidays unless specifically designated as a holiday on this calendar.
