

December 17, 2021

Dear Parents,

Hope all is well with you, the children, and your families. I am writing to inform you that the Chaffey College Community College District has made the difficult decision to temporarily close our childcare facility through July 2022 at this time. The District has been closely following the advice of CDC and public health authorities, and the time has come for us to take this step.

In the meantime, to protect the health and safety of the children, staff, and families, the Child Development Center will be working on the implementation of all new safety regulations and obtaining necessary safety equipment and supplies to provide safe child care services to be prepared for a possible reopening in Fall 2022.

As individuals slowly return to work and public schools, I understand that this decision will have a big impact in your daily routine. I would like you to know that Chaffey College is committed to the well-being and learning of your child.

As noted above, due to the ongoing pandemic, the Chaffey College Child Development Center will remain closed during the spring and summer semester through July 2022. Should you need subsidized or low-cost child-care services, please contact the Resource and Referral for San Bernardino County:
