

Chromebook Setup Process

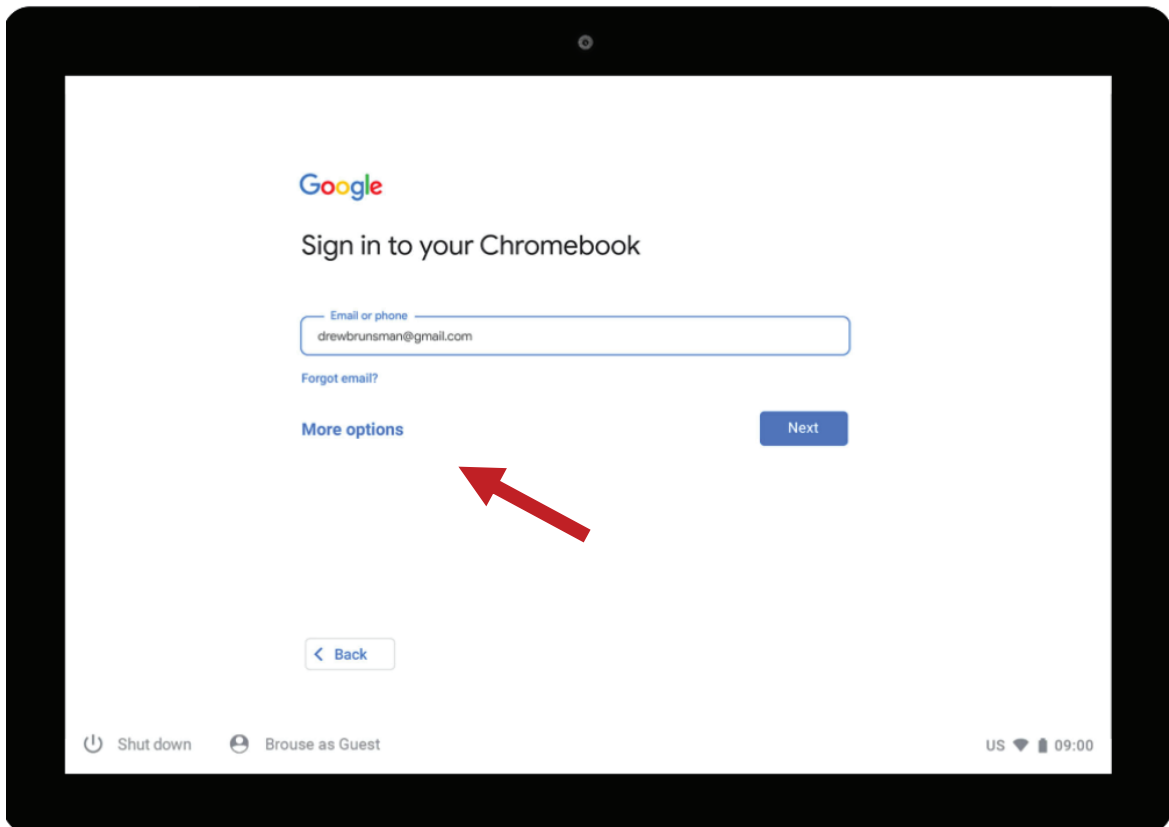

Press the power button to turn on your Chromebook. Choose language and keyboard settings, and then click the **Let's Go** button.

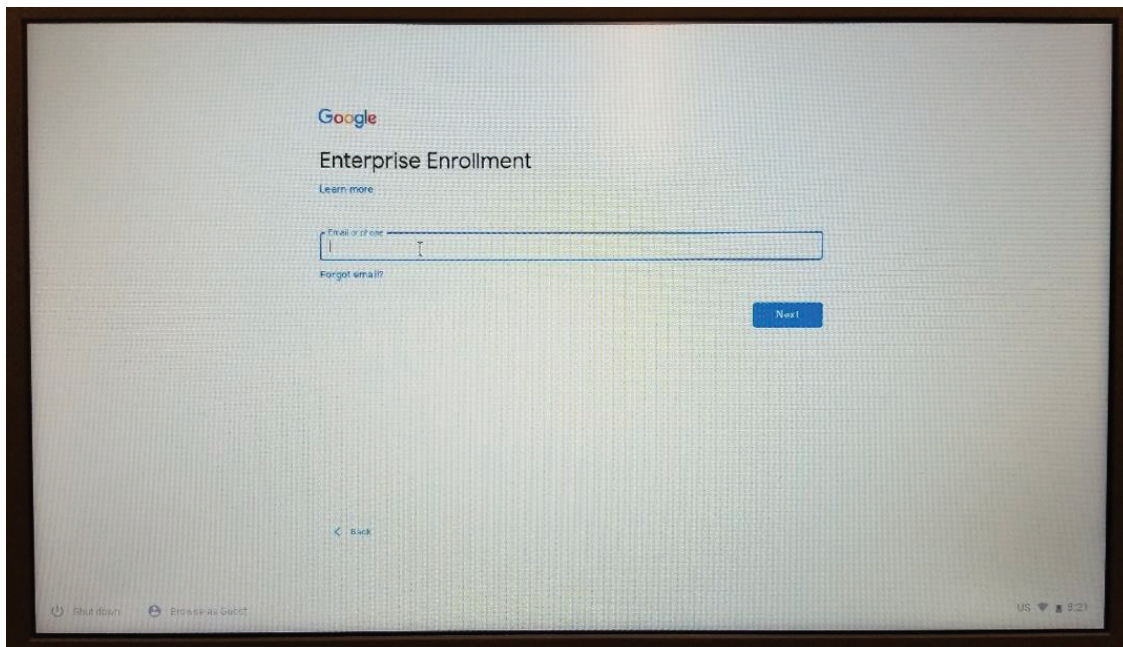

Choose your network and click **Next**.

Review the OS Terms and then select **Accept and Continue**.

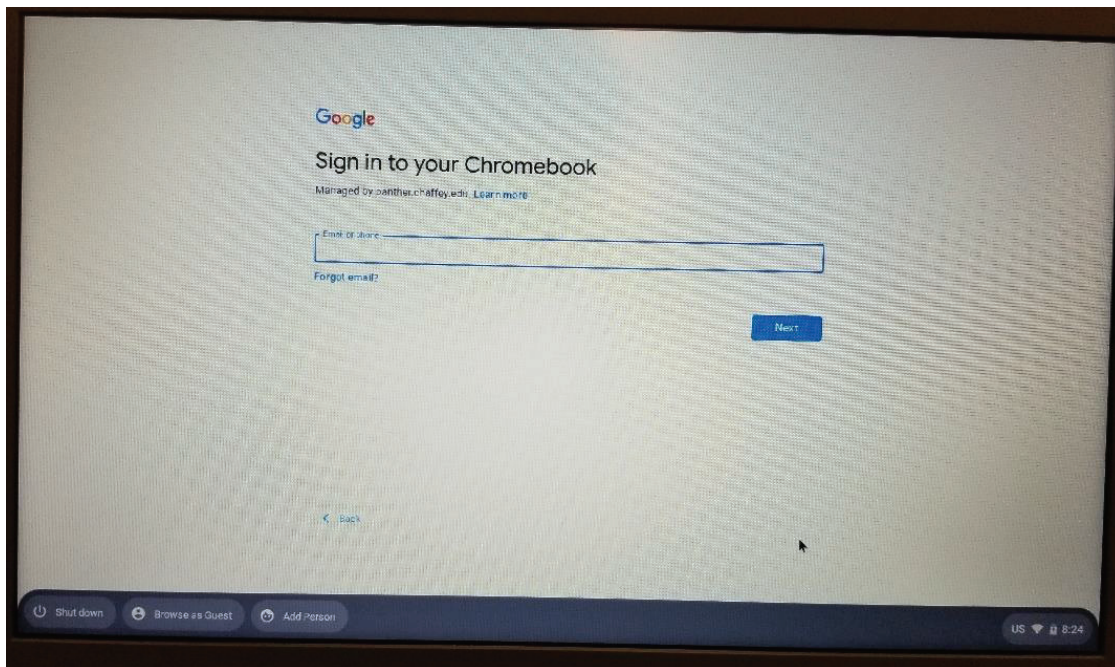

When you get to this screen, make sure you select **More Options**, and then select **Enterprise Enrollment**.

Login with your **@panther.chaffey.edu** email address.

Once you log in you should see a screen that shows that they have enrolled successfully.

Now they can login again to their **@panther.chaffey.edu** email to setup the computer.

This should complete the process and now the device is ready to be used.
