

NUTRITION AND DIETETICS FOR TRANSFER (AS-T)

PROGRAM DESCRIPTION:

The Associate in Science in Nutrition and Dietetics for Transfer at Chaffey College is designed for students training in the field of health and wellness based on nutrition and fitness as a lifestyle. The degree is intended for transfer to California State Universities in the major of Nutrition and Dietetics. The program is suited to the needs of students who will complete their education at Chaffey College with an A.S. degree, as well as those students who will complete their Chaffey A.S. degree and transfer to a four-year institution to complete their bachelor's degree. Successful completion of the transfer degree in Nutrition and Dietetics guarantees the student acceptance to a California State University (but does not guarantee acceptance to a particular campus or major) to pursue a baccalaureate degree in related discipline.

CAREER AT A GLANCE:

HOW DO I KNOW IF THIS MAJOR IS FOR ME?

- You enjoy activities that involve assisting others and promoting learning and personal development.
- You enjoy teaching, offering advice, helping, and being of service to people.
- You enjoy helping others learn how to better take care of their nutritional and physical health.
- You are interested in learning about food and nutrition.

Use Focus2Career on your MyChaffey portal to learn more about careers and majors that fit you best.
