PROGRAM DESCRIPTION:
The Music program of study prepares students for transfer to four-year colleges and universities and for careers in music, music education, and related fields. The program covers technical skills and concepts and technologies involved in the creation of music. Music history, theory disciplines and practices are reviewed. The program emphasizes critical thinking in the creation, analysis and performance of music. Students should consult with the intended transfer institution to determine the appropriate courses to complete at Chaffey. The program is suited to the needs of students who will complete their education at Chaffey College with an AA degree, as well as those students who will complete their bachelor’s degree. Successful completion of the Music degree guarantees the student acceptance to a California State University (but does no guarantee acceptance to a particular campus or major) to pursue a baccalaureate degree in music.
