2022-2025 Student Equity Proposal

Albert Rodriguez, EdD.
Equity and Student Engagement, Director

What we have Achieved

Between 2017 and 2022, Black women consistently experienced disproportionate impact on four out of the five metrics.

- Black women saw a slight improvement with 22.7% successfully enrolling in the first year during the 2017-18.
- For attaining the Vision for Success definition of completion within three-years, Black women went from 5.9% in 2017-18 to 6.5% in 2018-19 (a 0.6% improvement).

What we have Achieved Cont.

Women who were current or former foster youth were also identified in the previous plan as being disproportionately impacted.

- For the successful enrollment metric during the 2019-20 and 2020-21 academic years the outcome rate for this metric among current or former foster youth women decreased by 7.9% between 2017-18 (78.6%) and 2020-21 (54.3%).
- Between 2016 to 2019, the College identified approximately 200 individual sections of Zero-Textbook Cost courses. By the fall of 2022 Chaffey College expanded offerings to almost 1,000 sections of Zero-Textbook/Low Textbook Cost classes.

Racial Equity Commitments

- ▶ Chaffey College prioritizes achieving equitable outcomes for our students of color. The college serves one of the most diverse regions in terms of race, ethnicity, and individual socioeconomic capital. The intersection of these identities shapes how our students experience everyday life and how they will experience their education at Chaffey College. We are committed to ensuring our support services and pedagogical approaches to supporting our students continue with their evolving needs.
- ▶ In this equity plan the college will focus on the following overarching points for the cycle of this plan.
- Providing equitable support based on the intersectional experiences of students who have been disproportionately impacted in the past. This focus will occur while addressing racial equity gaps directly and implement solutions that are student focused.
- Chaffey College will be committed to increasing the students' sense of belonging as a means to increase access, retention and completion for our disproportionately-impacted student populations.

Commitments to Address Equity Gaps

- A commitment to providing equitable support based on the intersectional experiences of students who have been disproportionately impacted in the past.
- A commitment to utilize data to provide evidence-based approaches to best serve these specific student populations. Chaffey College is committed to having data to support equity work, and it believes that the intersectionality of students and their identities is critical work that falls under equity's scope.
- Identifying and eliminating barriers to student success among underserved populations and identities.

Equity Advancing Strategies

- **Metric: Successful Enrollment**
 - Create Student Services area to determine challenges/barriers for disproportionately-impacted students directly connected to the College's current user navigation/experience of software and matriculation processes. Set benchmarks for success and track progress.
 - Provide additional professional development opportunities to the Admissions and Records and Outreach Department staff to improve its cultural competency knowledge and practices when working with students from diverse backgrounds.
- **Metric: Completion**
 - A first-year experience program will be developed with goals tied to The Vision for Success goals. The program would provide holistic support in the critical first year of a student's experience.
 - A steadfast commitment to the college's 10 Point plan and the institutionalization of our Black and Brown Minds and Mattering annual conference will support students in developing a sense of belonging at our College and to empower them through their ethnic and intersectional identities.

Equity Advancing Strategies Cont.

Metric: Completion of Transfer Level Math and English

- The College will implement Student Resource Teams to merge Student Services areas by Academic and Career communities; shifting work to a Guided Pathways Model.
- Change practices of counseling department work to provide more accessible appointments, zoom/group counseling and additional comprehensive educational plans.

Metric: Retention from Primary Term to Secondary Term

- Develop an intentional working relationship between the Director of Equity and Student Engagement and the Director of Diversity, Equity, and Inclusion.
- Restructuring the Student Services Department to offer a Student Resources Team for all students.

Metric: Transfer

- The creation of additional programming that is geared to connecting the families of our students to the transfer process.
- The College will work with our Institutional Research department to identify potential institutional barriers to student success; examples include the following: time of course offerings, campus location, online options, full-time or part-time faculty instruction, etc.
