Course Description in the Class Schedule

Update: The concern has been heard and efforts are being made to address the concerns. Fall 2021 Schedule - 100% online? 50%, will it vary by department?

Laura's office is meeting with coordinators & administrative staff in each area to talk about fall planning.

1. Not yet been given any targets or percentages
2. Still sorting through principles of scheduling at this stage.
3. Will probably still have a very heavy online presence in the fall but will not be exclusive
4. More variability than fully online.
5. Ask people what makes sense to do a consider fully online, hybrid, as well as 14 week & fast track courses
6. We are hopeful that we are going to offer more face to face instruction in the fall but leaning toward some themes
 - a. Making sure we are attentive to programmatic planning not just class planning
 - b. Diversifying what we offer to include more 14 week and fast track
 - c. Leaning into territory in the use of hybrids
 - d. Look at classes that have an essential face to face component that is essential and consider offering hybrid instruction
 - e. Take areas that were cancelled and may be able to go back to hybrid instruction, and what does that mean in terms of how we schedule.

Syllabus Statement of Resources

Angela shared that conversations are being had about where to put the syllabus resources content: portal, webpage, or within Canvas. More updates to come.
