You can limit what you see on the calendar by filtering the location. Just click the pop-up button under location.

The image shows a 'Filters' panel with three input fields: 'Title', 'Session ID', and 'Location'. The 'Location' field is currently set to 'All'. A red circle highlights a small square button with a magnifying glass icon located to the right of the 'Location' dropdown menu, which is used to open a search window for location filtering.

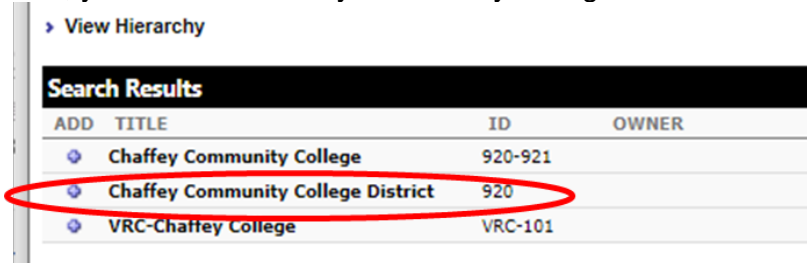

In the window that opens you'll search for Chaffey.

Select Facility

The 'Select Facility' window has a search bar with the following fields: 'Name: chaffey', 'ID:', and 'Owner:'. The 'Name' field contains the text 'chaffey' and is circled in red. Below the search bar, there is a 'Top Node' label and a '(1)' indicator. A 'Hierarchy' section is visible below, showing a table with columns 'ADD' and 'TITLE'. The first row shows a plus icon in the 'ADD' column and '28B-204' in the 'TITLE' column.

Next, you'll select "Chaffey Community College District".

The search results are displayed in a table with columns 'ADD', 'TITLE', 'ID', and 'OWNER'. The 'Chaffey Community College District' row is circled in red.
