ADN Enrollment Criteria for 1st semester students Worksheet: Effective Fall 2019

In accordance with legislation and Education Code, admission criteria to the ADN program follows a multi-criteria screening and ranking, approved by the California Chancellors Office. Applicants must meet all eligibility requirements (GPA of at least 2.8 in the prerequisite science courses, GPA of 3.0 for combined general education courses, and a TEAS score of 62% or higher) before being considered for the program. Students are ranked using the following multi-criteria screening:

### Following completion of Phase 1 and Phase 2, admission to the ADN program is determined by the following formula:

- 80% of available seats will be offered to the top scoring applicants
- 20% of available seats will be determined by random draw from the remaining pool of applicants.
- The ADN program does not have a wait list. New applications are required each application period.
