

Curriculum Submission Timeline

6-Year Submission Deadlines

Each ACC listed must submit all of their courses/programs in [CurriQunet META](#) for the standard update process required by Title 5.

ALL FACULTY

- ❖ Faculty who do not have standard updates due, but wish to submit curriculum proposals, must launch proposals by the deadline stated for that academic year.
 - ❖ AUGUST 28, 2021: Deadline to submit all curriculum proposal types: new and modified noncredit courses, new and modified credit courses, new and modified programs, course deactivations (credit and noncredit), and program deactivations for the 2022-2023 Catalog.
- ❖ Launching a proposal into [CurriQunet META](#) does not guarantee its approval. Coordination with discipline/department and technical issues all impact how quickly proposals are considered and approved.
- ❖ Faculty are encouraged to launch proposals earlier than the deadline listed.
