Student Basic Need Insecurities (BNI) - 2025

Overview: In the fall 2024 semester Chaffey College participated in the 2025 Real College California Survey, a statewide survey conducted by the Research & Planning (RP) Group on behalf of the Community College League of California (CCLC) Real College California Coalition. The survey was disseminated to all students who were actively enrolled in the fall 2024 semester. Chaffey College received 2,075 responses. The number of responses recorded affords the college the opportunity to generalize findings to the entire fall 2024 student population (23,095 students) with a 99% confidence level and margin of error of approximately 2.5%.The full report is available on the [Chaffey College Institutional Research webpage](#).
