

AP 5200 Student Health Services

Student Health Services is staffed by health care professionals who are trained to assist students with medical information/issues in a confidential manner.

Student Health Services is supported by the health fee paid at the time of registration. There is no charge for students to consult/visit the office staff including the medical doctors, nurse practitioners, registered nurses, and psychological counselors. There are, however, minimal fees for additional services, such as lab tests, immunizations, and prescription medications.

Pursuant to Section 76355 of the Education Code, students who can provide documentation of active membership in a religious organization that relies exclusively on prayer for healing may request to have the Health Fee waived. Applications for waiver are available in the Student Health Services Office. Students may have their health fee waived if they are approved for a Board of Governors Fee Waiver.

A student's medical records and all discussions with the student health services staff are completely confidential. Records are only released with written consent of the student, unless required by law.
