WORLD OF STEM

WooSTEM is looking for members and student officers

All students are welcome. Whether you already love STEM or are just beginning to explore it, WooSTEM offers a supportive place to connect, learn, participate, and grow.

Why join WooSTEM?

- Connect with students who share an interest in STEM.
- Explore STEM fields, careers, and real-world applications.
- Participate in education, collaboration, outreach, and campus projects.
- Build skills through professional experiences, mentorship, and networking.
- Meet guest speakers and STEM professionals.
- Help create a welcoming and inclusive STEM community.

Interested in becoming an officer?

We are recruiting **student officers** who want to help shape WooSTEM's activities and future. Officer roles provide valuable experience in leadership, communication, teamwork, organization, event planning, and service to the STEM community.

Our purpose

WooSTEM promotes and supports students in STEM by creating a supportive and inclusive community, helping students develop their skills, providing professional experiences, mentorship and networking opportunities, exploring STEM fields, and engaging in education, collaboration, and outreach.

WooSTEM faculty advisors
