### SCIENCE, TECHNOLOGY, ENGINEERING & MATHEMATICS (STEM)

- Math
- Statistics
- Biology
- Chemistry
- Engineering
- Physics

# Activities

## FREE One-on-One Tutoring

- We offer tutoring in many subjects.
- Students are allowed to meet with a tutor for 30 mins per subject per day.
- Students can sign up for appointments in advance or attempt drop-in tutoring, if a tutor is available for their subject area.
- Students must be enrolled in at least one credit course with Chaffey to receive free tutoring.

## Directed Learning Activity (DLA)

- A DLA is an activity that students complete independently that complements and extends classroom instruction.
- Some courses require students to complete DLAs.
- After completing a DLA, students must review it with a tutor in order to receive verification.
- The DLA process, from start to review, takes approximately 45-60 minutes.

## Workshops and Learning Groups

- Workshops and learning/conversation groups are small group activities led by an instructor or tutor.
- They are approximately 1-hour in length and are scheduled at specific times during the week.
- These groups complement and reinforce classroom instruction.
- At the end of the session, students who participated will receive verification for attending the group, which they can submit to their instructor as proof of completion.

### Hours of Operation:

Monday - Thursday: 8am - 8pm

Friday: 10am - 4pm

Saturday & Sunday: 10am - 3pm
